

RIOTING IN STEEL DISTRICT STARTS IN STREET FIGHT

Strikers and Their Sympathizers Clash With Workmen at Braddock Mill

STATE TROOPERS STOP MOB WITH RIOT CLUBS

Score or More Injured During Disorder Which Spreads Over 15 Blocks.

Pittsburg, Pa., Oct. 22. — Rioting, which broke out in the Braddock steel mill district today, was renewed tonight when a crowd of about fifty strikers and their sympathizers clashed with several workmen who had just left one of the plants shortly before 7 o'clock. One man was shot during the melee and many others there were injured.

State troopers attracted by the noise of the fight, rushed to the scene on their mounts, and rode into the mob, using riot clubs freely. When the troopers put in an appearance, the crowd greeted them with a shower of stones, clubs and bottles, and an unidentified man drew a revolver and fired five shots, one of which struck Joseph Dinnock, in the vicinity of whose home the disorder occurred. He was not seriously hurt.

The troopers finally dispersed the mob and arrested two men, who registered at the police station as Joseph O'wener, aged 34, and Von Wash, aged 45, both of Braddock. The two prisoners, according to the police, have sustained severe injuries in the fight.

In the rioting of today and tonight more than a score of workmen were injured it is said and they were rushed to the emergency hospital at the Edgar Thompson steel works.

Authorities of Braddock tonight announced that special policemen would be put on with the regular force immediately to assist State troopers in patrolling the streets in the strike zone.

The disorders today covered an area of fifteen city squares, resulted in injuries to many persons and the arrests of twenty men who are held on charges of carrying concealed weapons, suspicious persons; rioting and disorderly conduct.

The most serious fray today occurred at Braddock, where workmen in the Edgar Thompson plant of the Carnegie Steel Company were permitted to leave the mill for their lunch, the first time since the strike was declared. When they attempted to return they were surrounded by a crowd near the mill gate and almost immediately fighting started.

GOV. HARRISON MAKES STATEMENT ON THE PHILIPPINES

Says That He Isn't Prepared to State Date for Independence.

NATIVE PRESS SILENT ON THE GREAT QUESTION

While the Nacionalista Papers Refrain From Any Statement

Manila, Oct. 22.—Confirmation by Governor Harrison upon his arrival here a few days ago of his recommendations that, in the event that independence is granted to the Philippines, restrictions such as were provided in the case of Cuba by the Platt amendment be embodied in the liberating act and resulting treaty, has, contrary to expectations, aroused practically no hostile comment among the Filipinos.

The native press is remarkably silent on the attitude of the chief executive. The opposition paper, representing the "Partido Democrita," contents itself with pointing out that the attitude of the governor is undoubtedly approved by the Nacionalista party leaders, and, after all, was only to be expected. The Nacionalista papers refrain from any comment whatsoever, favorable or otherwise.

Governor Harrison's statement upon his arrival here as carried by the local press is as follows:

"The recommendation that early independence be given the Philippines under an arrangement similar to the Platt amendment for Cuba was made by me officially as governor-general of the islands and is also my personal recommendation. The recommendation and this point I took pains to make clear to congress, was not presented by me as representing the opinion of the Filipino people nor as representing that of my superiors.

"Naturally I am not in a position to come back with any promises as to a date for the granting of independence."

UNDER ORDERS TO BE SHOWN IN CITY AT AN EARLY DATE

Next Attraction to be Shown in White's Theatre Takes Place Tuesday Oct. 28

MOST EXTRAORDINARY NOVEL WRITTEN IN YEARS

The Play is the Work of the Playwright Bert Thomas It Is Stated.

At White's Theatre on Tuesday, October 28, A. H. Woods will present for an engagement, "Under Orders," the most extraordinary dramatic novelty in the last ten years. "Under Orders" is the famous play which ran for half a year at the Eltinge Theatre, New York, and later scored a phenomenal success in the big cities of the East. The play is the work of the well known English actor and playwright, Bert Thomas and has been revised and elaborated by Roi Cooper Megrue. It is written in four acts. A prominent metropolitan daily described the story of the play as follows: "The story of "Under Orders" is an extraordinary one in that, while depending upon the coincidence of similarity between two mothers and two sons, it is still so ingeniously constructed that one loses sight of its artificiality and is absorbed only by the intense incidents of its development. Nor is the coincidence of the two women and the two men resembling each other so difficult to accept when it is learned that the former are sisters and the latter consins. The first act shows the leave-taking of Arthur Ford and his mother. They are Americans living in England, and the son has joined the army. During these scenes, Mrs. Ford lets drop the hint that she has a sister living in Germany. Several months later, the action switches to the country beyond the Rhine, and reveals the home of Frau Hartmann, one of those unenvied American women who have had the misfortune to marry a German. It is into this house that Arthur Ford, now an escaped prisoner finds his way. What his aunt does for

VIENNA STRIVING FOR AMUSEMENTS BECOMES GAY CITY

Described as Dying to Music the City Becomes a Whirl of Enjoyment.

Berlin, Oct. 22.—Vienna, ever a gay city, is now more superficially gay than ever, owing to the illicit traders who have profited by the war and now are spending their ill-gotten gains, writes a newspaper correspondent from the Austrian capital. Vienna, says one of these writers, is "dying to music." He describes the people as "starved and morally degenerate." Describing the scenes in the dance hall and pavilions and gambling rooms, the writer says that nearly all the people demonstrate a desperate demand for youth and enjoyment and adds that "this sickly whirl of enjoyment bordering on self-destruction produces a frightful effect on the sober minded people of the city."

Public amusements are provided in the Pleasure Park and Schoenbrunn where are given plays for children, fire works, alpine dances, Tyrolean clog dances by Berchtesgaden peasants, acts from Iphigenie and band concerts.

One writer says that all of this striving for amusement is only a mask for perplexity and inability to return to older and saner life or evidence of heedlessness and indifference.

CONTROVERSY NOT TO STOP MAYNARD ON HOMEWARD TRIP

Sky Pilot Will Fly Down Sampson Fair From Mineola Field November 4-7.

WIRE SAMPSON PAPER THAT HE WILL BE PRESENT

General March Assures Senator Overman that Maynard Will Fly.

Washington, Oct. 22. — Lieutenant Maynard's schedule to visit the Sampson County Fair has brought about a general misunderstanding in the War Department and in the office of the North Carolina Senators. Senator Overman today obtained from Gen. Peyton C. March, chief of staff, assurance that nothing would be done to prevent the "Flying Parson" giving an exhibition in his home county the first week in November and Senator Simmons received a letter from Major General Mencher, chief of the Air Service, in which the director says "he cannot approve of permitting him to give such a flight."

Maynard, however, has wired the Sampson Democrat that he would be there and would fly down in the plane with which he made the cross country flight. Senator Overman has been assured both by Brig-Gen. William Mitchell, chief of the flying corps of the army, and by General March, that Maynard would be permitted to go to Clinton next month and to use whatever plane he chooses. General March substantially told the junior Senator that Maynard could use the plane he made the cross-country flight with or could come down on the train and take a plane from Camp Bragg. The Parson has indicated that he prefers to fly down from Mineola Field.

General Mitchell first assured Hubert Martin, secretary to Senator Overman, that Maynard would be allowed to make the exhibition flight at the Sampson Fair in spite of the department order against exhibitions other than for government business. Senator Simmons was advised to the contrary by

LARGEST DISTRICT FAIR OF THIS STATE WILL BE IN TARBORO

Edgecombe County Fair Will Begin on November 4th and Continue 4 Days

The largest district fair in this state will be held in Tarboro, N. C., beginning November 4th and continuing for four days.

The Tarboro fair is one of the best fairs held in this section. Twelve counties including this county will have exhibits there. One of the features will be Lucille Belmont, a greatest balloonist in this country, who will make three drops from her balloon in three different parachutes. Another will also be there and any one desiring to take a flight can do so by paying for the trip. In addition to the balloon drops and aeroplane flights there will be several government exhibits of war relics which were collected during the war and which have been sent to the United States. They are quite interesting and will give all visitors to the fair, an idea of the different implements of warfare. Ex-soldiers who have government insurance or who are interested in the matter will be given lectures by six non-commissioned officers, who will explain to them exactly what government insurance can do.

Music will be furnished by the Norfolk Navy Band. This is one of the best bands in America, and will give free concerts both night and day. The people of Tarboro are making great preparations for the occasion and it promises to be the most successful fair ever held in Edgecombe county.

RED CROSS MEETING HELD IN PRINCETON HOTEL LAST NIGHT

Held in Interest of Third Red Cross Roll Call Which Begins Nov. 2nd.

AN ELEGANT SUPPER WAS SERVED BY LOCAL CHAP.

Mr. Edwin S. Pound Delivered Address on Work Done by Red Cross.

There was a get-together meeting in the dining room of Princeton Hotel last night looking to plans for the third roll call campaign for members in the Red Cross that begins November 2nd and continues through the 11th. It was under the auspices of the Pitt county Chapter of the Red Cross, by whom an elegant supper was given to their guests and workers, among them being representatives of the various auxiliaries over the county.

Prof. Jene Rose, who is county chairman of the campaign, presided at the gathering and at the conclusion of the supper introduced Mr. Edwin S. Pound, of Atlanta, a member of the National committee, who delivered the address of the occasion. Mr. Pound told of the fine work done by the Red Cross during the late world war and compared this with what the organization can and must do in times of peace when there is yet great need for their ministrations.

The county will be thoroughly organized in readiness for the campaign with the view of enrolling a record membership for the next year.

OSBORNE BABY DOLL COMPANY PRESENTS DAN CUPID IN CITY

Some Features Were Very Good While Others Were Not So Pleasing.

"Dan Cupid" which was presented last night in White's Theatre by the Osborne Baby Doll Co., was played to a capacity house, and several features of the play were very much enjoyed.

The plot of the play was very shallow, and in fact it wasn't drawn out enough to really say that it had a plot, but the leading characters played their parts as well as some of the larger shows which have preceded it on the local stage. Perhaps the most attractive features of the entire entertainment were the male quartette, and the bass soloist. Quite a good bit of humor permeated the entire performance, which brought out a considerable amount of laughter. There was round after round of riotous singing and dancing that while mainly back numbers, were pulled off in a snappy manner.

The costumes were on a whole very pretty and attractive and while the play failed to measure up to the expectations of all present it was as good as the usual run of such entertainments.

MASS MEETING IN COTTON INTEREST HELD IN RALEIGH

Pres. J. S. Wannamaker Gives Some Interesting Facts About Cotton.

VOTE TO POSTPONE THE COTTON CAMPAIGN

Membership Drive for American Association Begins November 10th.

Several hundred farmers and business men of the State attended the cotton mass meeting held in Raleigh yesterday morning, when President J. S. Wannamaker, of the American Cotton Association, made the main address. Governor Bickett called the meeting to order and briefly spoke of the World Cotton Conference at New Orleans, which he attended.

The Governor gave the assembly the benefit of three main impressions he got from the conference: That the cotton farmer is able to take care of himself; that the permanent welfare of the farmer and the manufacturer is identical; that the grower heretofore has not received a fair price for his cotton.

Governor Bickett introduced President Wannamaker as the liveliest wire at the World Cotton Conference. He told the audience that the unrestricted trade in cotton would show more clearly than ever that there is not enough cotton in the world to supply the needs of the human race, and that unrestricted trade would most certainly result in a higher price for cotton.

Organization of the cotton farmer, and the merchants and bankers doing business with the cotton farmer will accomplish for the south what its leaders have dreamed of, Mr. Wannamaker said. It will do away with what has been termed distress cotton, for the organization will result in the construction of warehouses, under state or federal plan, which will prevent the necessity for cotton being rushed to market as soon as it is ginned. The banks will lend money on cotton stored in these protected warehouses. The Association is bringing about an understanding between the cotton manufacturer and the producer. For the first time the manufacturer has suggested that he would be glad to do business with the farmer and cut out the middle man. This is possible only through organization, and selling in large quantities which can come only through warehousing and marketing agencies.

Other speakers of the occasion were Mr. J. B. Cannon, a young banker of Spartanburg, S. C., and Hon. James H. Poy. They both delivered splendid addresses.

It was decided that the campaign for memberships in the American Cotton Association will be postponed from October 27 to November 10th.

The mass meeting was one of the most largely attended meetings ever held in the state. Business men from every section were present and those who couldn't attend sent telegrams, in the interest of the success of the meeting.

Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

WONDER MENAGERIE.

John Robinson's Circus Carries a Remarkable Collection of Rare Wild Beasts, Birds and Reptiles.

Circus patrons usually observe a menagerie with awe and intense interest but few of them give consideration to the tremendous expense involved in the maintenance of rare animals, in these days of high cost of living.

The John Robinson Circus, which will show in Greenville on Tuesday, October 28th, maintains a menagerie the value of which has been variously estimated at from \$100,000 to \$150,000—and these figures do not include cost and maintenance of cages, transportation nor feeding. To feed the John Robinson menagerie each day involves the expenditure of approximately \$1,000. Many of the animals are sustained on a diet of fresh, clean beef, while others require special cereals, all of which means a liberal outlay of money. Nearly everybody knows well something of the expense when the fact is mentioned that fresh, choice cuts of beef must be used for the majority of the animals. The John Robinson circus management insists upon choice food for menagerie animals regardless of cost, and this is largely responsible for the excellent appearance of the carnivorous animals which have elicited so many compliments from patrons this season. The John Robinson menageries compares favorably with that of any traveling organization and is well worth a visit. Featured are three herds of elephants and "Congo," the only baby Hippopotamus in captivity. This baby will be shown in the monster free street parade, which will leave the circus grounds promptly at ten thirty o'clock. Two performances will be given in the main tent which comfortably seats 10,000 people. The doors will be opened at one and seven o'clock and the performances will start promptly at two and eight.

Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

ATTEMPTS BEING MADE MAKE TWO ORGANIZATIONS ILLEGAL

Dublin, Oct. 20.—The general effect of the government proclamations suppressing the Sinn Fein parliament and Sinn Fein organizations throughout Ireland is to make these organizations illegal. It will be an offense to hold a meeting of these bodies in the proclaimed areas or to publish reports of any such meetings.

As these organizations declare their purpose to be the overthrow of British rule in Ireland and the establishment of an independent Irish Republic, and as that purpose has long been illegal under the ordinary law, the proclamation merely provides a speedier means for the trial of offenders and a greater probability of their conviction. They can now be tried by two resident magistrates instead of by the usual petty sessions bench and there is in every case an appeal from the decision to the county court judge.

The proclamation of Dublin, Tipperary, Limerick, Clare and Cork under the first section of the Crimes Act of 1887 has a different purpose. It is aimed at the discovery of offenders who have escaped detection. It gives power to a resident magistrate to hear a case and take evidence. Witnesses can be examined on oath and bound

over to appear at the future trial of whatever prisoner the evidence implicates.

The inquiries authorized by the new proclamation may, it is apparently expected, facilitate the collection of conclusive evidence and lead to the arrest of offenders who have escaped. The inquiries are to be held in secret, but a shorthand writer will be present and in case any prisoner is apprehended a copy of the depositions taken is to be supplied to him before his trial.

The plan revives what was known in the eighties as the "Star-Chamber Court." It was under this system that the inquiries were held which resulted in the capture and execution of the Phoenix Park murders who on May 6, 1882, assassinated the chief secretary, Lord Frederick Cavendish, and the Under Secretary, Thomas Burke.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
 "From the time I entered into womanhood . . . I looked with dread from one month to the next: I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE CARDUI The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . . It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."
 If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

A Remarkable Showing of Fall Dresses.

Individuality is the outstanding feature of these Gowns—original designs so executed they flatter the natural charms of the wearer. Heavy quality Crepe Meteor or Satin was employed for some of the more dignified models, Tricolette for the straight-line styles, Georgette Crepe for some of the dressy persuasion and Tricotine, Serge, Velvet and Wool Jersey for the tailleurs.

Embroidery, sparkling beads and Braid are used as garnishments.

En Masse, this represents one of the most unusual collections of Gowans we have yet displayed.

NEW BERN MAN PRAISES DR. DUNN

New Bern, N. C., Oct. 16th, 1919.

TO WHOM IT MAY CONCERN:

I wish to say that I am 75 years old, and I have been operated on twice, and have been doctored by other doctors, and Dr. Dunn has done me more good, and I feel better than I have in twenty years. I have taken my truss off, and I find my Rupture cured, and that I am as solid and sound as ever before, and I am a very happy man and I feel very grateful for what has been done for me.

American Cotton Association

Cotton, a human necessity, has blessed everybody who bought it, but has enslaved everybody who produced it. A Southern monopoly in production but a speculator's monopoly in profit.

The American Cotton Association will share the profit with the producer if it is backed by the South's brains and business interest.

This organization should have the support of every farmer, professional and business man, and we need it.

Cotton is selling for one dollar per pound in Italy, while the farmers of Pitt county get thirty-three cents. Cotton is short in Texas, and Fort Worth market is paying thirty-six cents for it. The textile industry and cotton factories of Poland, Bohemia, Germany, Belgium, France and Italy are idle for want of cotton to run on.

With money from other crops to pay our debts and not enough cotton to go around, let the men of the South stand together like our fathers under Washington, Lee and Jackson and our sons under Pershing and Sims, and get justice for our product.

The members of the American Cotton Association for Pitt County who guarantee a three year organization, showing its strength all over the South, are:
