CONGRESS STARTS OUT ON ITS 66TH REGULAR SESSION

Number of Momentous Questions Laid Before Senators This Morning.
OPENING MORNING LIKED BUSTLE OF FORMER DAYS
Reading of President's Message is Awaited Expectantly in House.

Washington, Dec. 1.—Many months work on a great variety of important subjects, international and domestic, were before the 66th congress today when it met for its second and "regular" session, which was expected to close only with the presidential campaign next fall.

Members of both Senate and House returned to work with only ten days' rest since the adjournment of the extraordinary session which ended Nov. 13 when the Peace Treaty failed of ratification in the senate. Because of the extra session the opening day lacked much of the usual bustle attending the launching of a new session.

With the congress already "in harness" and with much legislation ready for immediate consideration, little delay in the beginning of work was expected. Calling of Senate and House rolls for quorums, appointment of committees to notify the President and each other that congress again was "on the job" were among the customary opening formalities.

Besides legislative recommendations, President Wilson message was expected to deal with international relations and particularly with the treaty of Versailles. While early ratification of the treaty with compromised reservations was expected by many senators, with hopes of action before the new year, leaders believed the issues involved would be carried into the presidential campaign.

Politics is due to play a large part in the events of the new session, the last before the nominating convention next summer and the final campaign in the fall. Leaders propose to have congress recess for the conventions and work through afterward into October.

CARRANZA TO GET LAST NOTE FROM AMERICANS TODAY

State Department Remains Silent Concerning the Contents of Same.
MAY BE FINAL ONE TO BE SENT ON SUBJECT
Members of Congress Are Expected to Have Something to Say Soon.

Washington, Dec. 1.—Another note to the Mexican government relating to the arrest and imprisonment of William O. Jenkins, consular agent at Puebla, was sent by the State Department today to the embassy at Mexico City for presentation tomorrow to Carranza.

The note, which some officials indicated might be the last on the subject, was in reply to Mexico's answer to a sharp demand by this government for immediate release of Jenkins. No intimation of its character was disclosed, but officials in touch with the situation, believed, it was more emphatic than any sent heretofore.

It was thought here tonight that the note would be delivered by the American representative to the foreign office at Mexico City by noon tomorrow, but there was no statement as to when the text would be made public. State Department officials declined to be questioned concerning the nature of the communication.

There were no advices to the department today from the Mexican capital concerning the Jenkins case or the latest murder of another oil man, Wallace, although the Embassy had been instructed to investigate and report.

Senators and Representatives, back today for the regular session of congress tomorrow, took a live interest in (Continued on page four.)

GREENVILLE RACE HORSES ARE BACK IN STABLES AGAIN

Number of Noted Racers of City Are Returned With Splendid Records
Greenville's race horses have returned home from the North Carolina circuit, and are now in winter quarters in Dr. Zeno Brown's stables. These horses, Lillian T.; Bondale; Khorassan and Little Peter, belong to Messrs. Smith and Dall of this city, and are valued at about \$10,000. They are a beautiful bunch of horses and in all the races never failed to get money.

Lillian T., the queen of the 1-2 mile track has a record of 2:02 1-4; Bondale, a record of 2:17 1-4; Khorassan a record of 2:21 1-4 and Little Peter a record of 2:13 1-4. They entered 26 races winning as follows: First in 17, second in 2, third in 4 and fourth in 3. They raced at all the fairs, which have been held in the State and received compliments from every part of the country. Great admiration was expressed by everyone who was fortunate enough to see them, and they surely deserve it, because a prettier bunch of racers can not be found.

SOCIALIST LEAVE COUNCIL CHAMBER
Rome, Dec. 1.—When the king entered parliament today to deliver a speech from the throne he was received with loud cheers, Premier Nitti requested the audience to be seated, upon this extreme socialists shouted "viva socialism" and left the chamber, their seats being immediately taken by other deputies.

BERLIN SOCIALIST PARTY IS WITHOUT REGULAR LEADERS

Death of Hugo Haase Brings About Ominous Change in Future Events.
GERMAN BOLSHEVISTS READY ENGULF THEM
Leader of Caibre Cannot be Chosen and Bolsheviki May Take Charge.

Berlin, Dec. 1.—The death of Hugo Haase, president of the Independent Socialist party, leaves that party apparently without a leader of sufficient calibre to prevent it from being engulfed by the German Bolsheviks. Haase died from wounds he received October 8 when he was shot three times by an Austrian as he was entering the Reichstag building.

Recent events have indicated that Haase had been unable to halt the stampede of the followers to the extreme left of radicalism. The authority he once wielded in the Independent party had been undermined by radicals, such as Daenmig, Ledebour, Richard Mueller, Eichhorn, Geyer of Saxony and Henke of Bremen, all respectable opponents to the parliamentary government without, which Haase finally came to believe government in Germany impossible.

It is expected that Haase's death will hasten a split in the Independent Socialist party and a union of its more moderate elements with the Majority Socialists, headed by Philipp Scheidemann. Indications are seen of a complete radicalization of the major portion of the Independent party after the Russian pattern. The Independent now are dominated by a dozen men who are regarded as expert manipulators (Continued on Page 1)

FAMOUS QUARTET TO PLAY HERE ON WEDNESDAY NIGHT

Great Lakes String Quartet to be Here in Redpath Lyceum Course.
QUARTET HAS FAMOUS CAREER IN THE STATES
Entertained President Wilson and Company on Trip to Europe.

The Great Lakes String Quartet, which entertained President and Mrs. Wilson on two voyages across the Atlantic on the U. S. S. George Washington, will appear in the Redpath Lyceum course, given under the auspices of the Woman's Club, on Wednesday, Dec. 3rd.

The quartet was organized at Great Lakes Naval Training Station, Great Lakes, Ill., where all the members of the organization belonged to the same company and regiment. By special permission of the Navy Department the quartet made a coast to coast tour of the United States in behalf of the Relief Society, the entire proceeds going to the relief of families and dependents of sailors and marines.

The organization appeared in the leading universities, educational and musical centers of America and its fame grew rapidly. The tour had progressed well into the Eastern cities when, by special request of the Secretary of the Navy, the quartet was ordered to accompany President Wilson on his first trip to France.

Many programs were given by the members of the quartet on board the President's ship, the U. S. S. George Washington, for the Presidential party, and their art was highly recommended by the President. The members (Continued on page four.)

CHURCH RALLY TO DRAW NUMBERS OF FOLKS TO RALEIGH

Religious Conference of Church Leaders to Open on December 15th.
PROMINENT SPEAKERS TO MAKE ADDRESSES
Industrial Difficulties Will be of Principal Discussion in Meeting.

Raleigh, N. C., Dec. 1.—The great religious conference which is to draw throngs of church leaders from the evangelical churches of North Carolina to Raleigh, will begin on Monday, December 15th, and will continue for three days, considering the vital problems which are facing the church and the nation at this critical juncture.

The list of prominent speakers previously announced has been revised. The new list is headed by Dr. C. A. Kelley, one of the most noted educational leaders in the country. Also appearing will be Dr. Joseph A. Rice, of Sumter, S. C.; widely known pulpit orator and religious author, A. J. Haupt, August Pehlman, Mrs. H. R. Steele, of Nashville, secretary of the Methodist mission board and S. W. Herman.

The gathering will bring together heads of churches and prominent lay leaders from all the counties of North Carolina, including practically all the protestant denominations.

Owing to the vital nature of the subjects under discussion, it is expected that the conference will attract wider attention than any similar religious gathering the history of the state. The problems of the every day man, such as the high cost of living, the industrial difficulties, and similar subjects will be (Continued on Page Six)

DRASTIC MEASURE TAKEN FOR SAVING COAL THRU SOUTH

Regional Coal Committee of Atlanta, Issued Rules Just Effective.
BUSINESS HOUSES ARE AFFECTED BY CHANGES
Business Houses Can Remain Open from 9 A. M. to 4 P. M. in South.

Atlanta, Ga., Nov. 30.—Far-reaching restrictions of coal consumption throughout the Southern region of the United States railroad administration were issued here tonight by the regional coal committee. The orders effective at noon Monday, December 1, provide chiefly that:

Stores and office buildings may use heat, light and power only between nine a. m. and 4 p. m. Drug stores for selling drugs only are excepted. Theatres, moving picture shows and other public amusement places may use heat, light or power only between one p. m. and 10:30 p. m. Industries, except public utilities and plants engaged in continuous processes that cannot be interrupted, may be operated only 48 hours a week.

No ornamental lights, white way or other unnecessary street lights, outline lighting, electric signs or illuminated billboards, are to be operated.

The committee is acting under the legislative clerk of the United States fuel administration and it announced that "in case of refusal to comply with these regulations coal supplies or electric current will be cut off and where it appears that a violation of law is involved Federal District Attorney will be asked to act."

All territory east of the Mississippi and south of the Ohio and Potomac rivers, except Virginia and West Virginia, is affected by the order which committee members said was made imperative because of the continued strike of soft coal miners. The announcement to the public, which shows certain other stores, follows in part:

Immediate and sharp curtailment of the use of fuel consumers in the first five classes of the fuel administration's preference list has become necessary.

"This program becomes effective at noon Monday, December 1st, 1919, throughout the territory under the jurisdiction of this committee (except the State of Virginia, where the fuel situation is administered largely by the Pocahontas Regional Coal committee). In this territory are the States of North Carolina, South Carolina, Tennessee, Kentucky, Georgia, Florida, Alabama, Mississippi and Louisiana east of the Mississippi river.

MEXICAN GOVERNMENT CONDUCT SEVERELY ARRIGNED

Washington, Dec. 1.—Renewing request for the immediate release of consular agent — Jenkins imprisoned at Puebla, the latest American note to Mexico made public today arraigns the Mexican government's conduct in severe terms and characterizes it as a studied attempt to ensnare in American consular agent in intricacies of legal proceedings no ultimatum has been served and no indication given as to what the governments course will be if Jenkins is not immediately released.

INDUSTRIAL CONFERENCE HOLDS FIRST SESSION TODAY

Washington, Dec. 1.—Seventeen men widely known in business and public life representing no particular group as such but acting for the people as a whole assembled here today to confer on the country's industrial situation conference, appointment of which was announced from White House, November 20th. This marks the second effort of President Wilson to bring means for settling the chaotic conditions which have prevailed for months. The opening session will be held this afternoon.

Mr. John J. Treacy will be with us tomorrow with a large selection of furs. Come in and let us show you. CLAUDE TUNSTALL.

BAPTISTS MAKING MARKED PROGRESS IN BIG CAMPAIGNS

Reports of Yesterday Showed Splendid Work in \$75,000 Movement.
The Baptists of North Carolina answered the world call yesterday and in reports which flooded headquarters of the 75 million campaign here until midnight gave assurance of the success of the drive which calls for \$60,000,000 in this state. With only few exceptions, all the reports received indicated an oversubscription on the first day of from ten to forty per cent.

There has never been in the history of the Baptist denomination of North Carolina a day anything like yesterday. From the little weak country churches scattered in the valleys of the Blue Ridge to those small houses of worship along the sandy coast of the ocean there was the presentation of the Baptist program.

In these churches small and inefficient and in the churches of the towns and cities more pretentious and financially stronger, there was a most intense interest in the success of the movement that proposes for the churches of the Baptist denomination in the South a great forward movement along all lines during the next five years. Reports from churches singly and from groups organized into associations came to the office of the State campaign managers throughout the afternoon and night. At the close of the evening service of the churches here in Raleigh, interested and anxious Baptists used their telephones and came in person to headquarters to learn the result of the five months' campaign which closes with this week which has been denominated "Victory Week."

Yesterday was the first day set aside for an every member canvass in every church in North Carolina as well as in every church of all of the other states within the bounds of the Southern Baptist Convention.

FAMILY COACHMAN DIRECTED POLITICS FOR ASTOR PARTY

Developments Brought to Light Following Lady Astor's Recognition.
Plymouth, Eng., Dec. 1.—It was an up-to-date "Man on the Box" who guided the destinies of Lady Astor's campaign to determine whether she would be the first woman Commoner of England.

More than a score of newspaper correspondents, who trailed Lady Astor during her electioneering and junketing about Plymouth, had difficulty for some time in learning in advance where she intended to make her next appeal for votes. The reason developed when it was learned that it was neither Lady Astor nor Lord Astor who was guiding her meanderings, but the ruddy-faced, bulky old coachman Churchwood who had been serving the Astor family through three political battles. He acknowledged that he had been made director-general of Lady Astor's campaign.

Silk-hatted and officious executives of the Unionist party held councils daily and drafted the candidate's strategic moves, but it was Churchwood—also silk-hatted though less officious—who really determined whether these plans should be executed or vetoed.

Lady Astor would enter her carriage in the morning, Churchwood would whip up the elegant pair of sorrels and the candidate would roll away, unmindful of whether she was bound. If Churchwood from his vantage point saw a street-corner gathering or a lowly abode where Lady Astor might get a hearing, he would rein in the horses without asking leave, and let her do the rest.

When the speech and the ensuing when Churchwood sensed a waning in cross-fire of questions had ended, or (Continued on page four.)

OPERA SINGER TO SING IN THIS CITY ON DECEMBER 5TH

Member of the Metropolitan Opera Company Scheduled for One Night Only

Reinold Werrenath's one of the greatest artists now before the public, will visit our city, and on next Friday evening, December 5th, will sing in White's Theatre. When Reinold Werrenath made his debut at the Metropolitan Opera House in "Pagliacci" last February, Mr. — the Sun declared the part of Silvio had "never been better sung here, if indeed as well."

During the past season Reinold Werrenath's appearances in opera, concert, oration and festivals nearly reached a record mark, many of them were in New York. He has been in London with the Chicago and Boston Symphonies, and five times in London with the London Symphony. There are people who convey so effectively the dramatic message of their music and whose diction is so impeccable. He brings joy and happiness to every one with his fine voice. A great treat is in store for the Greenville people.

MONDAY, DEC. 1, 1919.

WHERE PITT COUNTY LEADS.

The correction made a few days ago by the crop reporting bureau of the department of agriculture, sets Greenville straight on tobacco sales and averages for October. The Greenville and Farmville markets together give Pitt county first place in the records.

Not only does Pitt county lead in tobacco production and sales, but there are other matters as well on which we stand at the top. This is victory week among Southern Baptists in their campaign to raise \$75,000,000. Estimated apportionments were suggested to the different churches with the request to assume that much. Memorial Baptist church in Greenville was asked for approximately \$22,000, voluntarily increased the amount to \$25,000, and makes the record of having a pledge from every member of the church. The church in Farmville which has a membership of only thirty, was asked to assume approximately \$5,000, and sent back word that the church wanted to increase the amount to \$6,000, but when the report was made up Sunday it showed that these thirty members at Farmville had pledged \$7,300. It is wonderful what Pitt county folks can do when they start out.

That the towns of Pitt county can go over the top in every undertaking was shown yesterday, when Farmville went over in the \$75,000,000 campaign, by raising \$7,300. This church only has a membership of 30 and their allotted amount was \$5500.

All eyes of the Southern Baptists are turned to next Sunday, when the great \$75,000,000 campaign will close. Reports are being sent in this morning and in every case, it shows that the Baptists are wide awake, and that instead of stopping with the amount allotted that many millions more will be added.

Greenville baseball fans are advocating a baseball team, and why not? Greenville is one of the most prosperous little towns on the globe, it affords every opportunity for the happiness and development of its citizens, and as baseball is a great factor in the development of men, then why shouldn't it have a baseball team? Greenville is filled with baseball fans and they are

able to support a team. Go to it boys, the citizens of Greenville will back you.

Congress goes to Washington today for its regular session, the session that quit a few days ago being an extra one. Probably, unless the President's health has precluded it, some explicit suggestions as to the needs of the nation will be laid before the members, which will give them something to think about. It seems just now that they are needed because the world is now in a position to receive timely suggestions. War was never the purpose of government and the only wise thing for congress to do now is to go ahead and enact wise legislation and appeal to the people with it.

Great things are being predicted as the result of the great religious conference which is to draw throngs of church leaders to Raleigh on Dec. 15, 16 and 17. Vital problems which are facing the church and the nation at this critical juncture will be considered. Owing to the vital nature of the subjects under discussion, it is expected that the conference will attract wider attention than any conference ever held in the history of the south. Several of the most prominent men of our country such as Dr. C. A. Kelley, and Dr. Joseph A. Rice, of Sumter, S. C., will speak and surely with such a list of men as these to speak, great results will be the outcome.

FAMOUS QUARTET TO PLAY HERE ON WEDNESDAY NIGHT

made six transatlantic trips on the George Washington between America and France.

After the President landed in France on his first voyage they made two voyages to America and return. On those voyages they played for the thousands of wounded in the ship's hospitals, performing five to six times daily.

Leaving Paris during the month of February they arrived in America with the President on February 24 and were shortly thereafter mustered out of service.

The concert given by the quartet will be delightful both to those who are adepts of chamber music and those who "just like music." The program includes works of the best modern composers as well as those of the old masters.

The personnel of the quartet is as follows: Herman Feiber, first violin; Carl Fasshauer, second violin; Robert Dolejsl, viola; Walter Brauer, cello; assisting artist, Lawrence Schaudler, piano.

the interest of the auditors, he would jerk a peremptory thumb in the direction of the back seat, saying "Get in." Whereupon Lady Astor would resume her place in the carriage and it would proceed to the next halt.

When Lord Astor ended the previous campaign, Churchwood delivered his felicitations and went back to his regular occupation as stableman with one of the Plymouth coach services. But this time he was ambitious, as he confided to the correspondent of The Associated Press, to journey to London with Lady Astor, should she be successful, and there was no person in Plymouth, not excepting Lady Astor herself, who was more certain of the outcome of the election than Churchwood.

The store windows are taking on the holiday appearance.

Several senators who had expected to discuss the situation said they would await publication of the last note from this government before expressing their views. (Continued from page One)

up for open discussion, both by the speakers and by the delegates from the floor.

The inter-church world movement, under whose auspices the conferences are being held, will also be the subject of extensive investigation. It is the general committee of this movement of which Secretary of State Robert Lansing has just been made chairman. The entire organization, plan and purpose of the movement will be thoroughly explained to the church leaders of North Carolina who will be present.

It is expected that delegates to the number of several hundred will be present. A committee from the local churches is being organized to look after the wants of the visitors and of the various arrangements in connection with the meetings.

BERLIN SOCIALIST PARTY IS WITHOUT REGULAR LEADERS

of the revolutionary proletariat and these men are expected to control the party's council.

Their ascendancy marks the elimination from Independent councils of Karl Kautsky and other moderating influences which once were led by Herr Haase. Political observers say that "saner" elements of the Independent party must find a domicile in the camp of the majority socialists because the "Red" elements of the Independents already virtually have gone over, bag and baggage, to the communists.

SIX HUNDRED AND TWO MARRIAGE LICENSES ISSUED DURING PAST YEAR

Today marks the closing of the year regarding marriage licenses. This morning it was learned that during the year six hundred and two licenses had been issued which is a ncrease of one hundred and sixty over last year, and seven over the year preceding that, the number in 1917 being 595. The office force has been kept busy this year in issuing licenses, but Dan Cupid has been ever busier, which has caused the over work in the office.
