

PERMIT NEEDED TO OBTAIN WHISKY IN CASE OF SICKNESS

Physicians Must Have Permit to Give Prescription and Druggist Too. PHYSICIANS ALLOWED SIX EMERGENCY QUARTS Profiteering Will Not be Tolerated, Commissioner Roper States

Washington, Jan. 30.—Methods by which intoxicating liquors may be obtained for medicinal purposes and detailed regulations governing their sale, were made public tonight by the Bureau of Internal Revenue. Announcement also was made that the bureau had compiled a system of permits, providing a definite and fixed channel through which all intoxicating liquors must move, and by which hereafter the government will know the location of every gallon of distilled liquor within the nation's boundaries, except that stored in private homes.

In setting forth the ways in which liquor may be procured, Commissioner Roper took occasion to issue a warning against profiteering in its sale. The commissioner declared that exorbitant charges for liquor for medicinal purposes in the class with profiteers, and poses "certainly, places the dispensers they will be investigated."

Mr. Roper also announced that all liquor seized under Federal law prior to last October 28, unless claimed under the sixty-day ruling, would be sold by order of the court under the jurisdiction of which it is held. It must be sold, however, to a holder of a permit to use it either for medicinal or non-beverage purposes.

Both the physician who prescribes and the pharmacist who sells liquor, the regulation provides, must have a permit which may be obtained from the Federal prohibition director. Other details of the method by which liquor for medicinal purposes may be purchased follow:

"And physician duly licensed to practice medicine and actively engaged in the practice of such profession may obtain a permit to prescribe intoxicating liquor and may then issue prescriptions for distilled spirits, wines or certain alcoholic medicinal preparations for medicinal purposes for persons upon whom he is in attendance in cases where he believes that the use of liquor as a medicine is necessary. In no case may spirituous liquors be prescribed by one or more physicians in excess of one pint for the same person within any period of ten days.

"All prescriptions for intoxicating liquor are required to be written on prescription blanks provided by the bureau, except that in emergency cases physicians may use their regular prescription blanks.

"Prescriptions for intoxicating liquor may be filled only by registered pharmacists who hold permits authorizing them to do so, or who are employed by retail druggists holding such permits. Pharmacists and druggists holding such permits will prepare their supplies of intoxicating liquors from manufacturers or other persons holding permits authorizing them to sell liquor.

"Persons to whom prescriptions for intoxicating liquor are issued by physicians may procure the liquor prescribed through pharmacists or druggists holding permits without obtaining a permit.

"Physicians may also obtain permits entitling them to procure not more than six quarts of distilled spirits, wines or certain alcoholic preparations during any calendar year for administration to their patients in emergency cases where delay in procuring liquor on a prescription through a pharmacist might have serious consequence to the patient.

UNIVERSITY TAKES IMMEDIATE ACTION IN SNOWBALL CASE

Several Students Are Suspended as Result of Fight With Snow Lately. COLLEGE COUNCIL GIVES OCCURRENCE CLOSE STUDY Action Taken After Investigation Bringing Out Facts in Campus Fight.

Chapel Hill, Jan. 30.—As a result of wholesale snowballing on the campus of the University of North Carolina during the past few days three students have been suspended by the student council, one until March 1, the other two until the end of the college year. A. C. Lineberger, Jr., of Belmont, a Sims, Jr., of Kings Mountain, of the member of the junior class, and A. H. sophomore class, were suspended until March 1, because they entered the room of a freshman and forced him to go out on the campus where a snow fight was in progress. Sims' suspension was later increased to end of the year because after judgment had been rendered against him by the student council he sought a fight with one of the witnesses who had testified against him.

Norman W. Shepard, of Wilmington, president of the freshman class, was suspended until the end of the year because in a snow fight he drew a pistol and threatened upper classmen who were snow-balling freshmen.

A statement of the action of the student council was made this morning by J. P. Washburn, of Lillington, who as president of the senior class is also president of the council which is the head of student government. Other (Continued on page five.)

FEDERAL BOARD IN VOCATIONAL WORK GAINING INTEREST

Fifty Per Cent of Men in Fifth District Come From Three States.

Nearly fifty per cent of all the men actually in training under direction of the Federal Board for Vocational Education in District No. 6, comprising the three states of Alabama, Mississippi and Louisiana, are enrolled in courses in agriculture in the various schools of the district.

This settles the fears expressed by many a year ago that upon their return from the army, the men would desert the farm for city life. In a district where practically eighty per cent of the people come from rural communities, the men are realizing that scientific agriculture offers as great opportunities for success as are to be found in any line.

The largest group of agricultural students in the district is at the Mississippi Agricultural College, where more than three hundred disabled men are enrolled in agricultural courses. As many of the men have a very limited education, special classes have been organized to give them instruction in elementary school subjects in addition to their agricultural work.

The disabled boys not been slow to realize that a year or two at a good agricultural college, with all expenses paid by Uncle Sam, is an offer not to be slightly turned down, and many are taking advantage of this first opportunity they have had in their lives to receive vocational training in scientific agriculture.

When their courses are completed they will not only be able to overcome the handicap they suffered on account of their physical disability, but they will be enabled to carry on successfully in a line of work which constitutes the chief occupation of the people of the district.

UNITED STATES IS GIVEN THIRD RANK IN PAST CONFLICT

Nations Had Practically 2,000,000 Men in Field at End of the War. FRANCE LED ALL ALLIED POWERS IN NUMBER MEN Great Britain Ranked Second, Having a Grand Total of 8,654,467 Men

London, Jan. 30.—The United States made the third largest contribution in fighting forces during the war, approximately 2,000,000 men, according to figures compiled by British statisticians. France headed the list, while Great Britain came second with a grand total of 8,654,467.

The ration strength of the American Army in France on Armistice Day, that is, the total number of men who were being fed from army stocks, is placed at 1,824,000 while Great Britain's ration strength in this theatre on the same date was 1,731,578. This does not take into account prisoners of war or the negro labor employed by England.

America's combatant strength in France on Armistice Day is set down at 1,100,000 and Great Britain's at 1,164,790. The combatant strength includes all troops whose functions are in the first place, fighting.

The captures of prisoners and guns in France during the victorious offensive against the German army between July 18 and November 11, 1918, are given as follows:

British Armies, 200,000 and 2,540 respectively; French armies, 135,720 and 1,880; American armies, 43,300 and (Continued on page five.)

MEMBERS OF JURY DIPPED IN MUD BY SEVERAL MEMBERS

Member of Jury in Murder Trial Taken Out and Whipped for Disagreeing

Monroe, La., Jan. 30.—When a dissenting juror today refused to agree to the verdict of guilty in the trial of Alvin Calhoun, negro, following the murder of N. H. Arnold January 20 at Tallulah, La., he was publicly whipped and then dipped in a mud hole, according to reports from Tallulah reaching here tonight.

When the jury returned to its quarters in the court house, escorting the downcast, mud-covered, dissenting juror, a verdict of guilty was agreed upon, according to the report. The jury then appeared in the court room, reported its findings, which declared Calhoun to be guilty of murder in the first degree.

It is said that the dissenting juror was later waited upon by a committee and ordered to leave Tallulah.

Calhoun confessed to the murder of Arnold, a young farmer, who had emigrated South from Danville, Ky., several months ago, according to the sheriff of Ouachita Parish. He is said to have stated that he picked up a heavy piece of wood and struck the white man over the head while the latter was milking a cow. According to the sheriff the negro said he then robbed operated a farm at West Point, Miss., Arnold of less than \$100. Arnold before coming to Louisiana.

Spring time is approaching. Are you interested in the erection of a home? If so, now is the time to begin making your plans.

Our offer of last year still holds good. We are prepared to finance without delay the building of houses in Greenville.

HOME BUILDING & LOAN ASS'N. 1p30-Steed

Tomorrow will finish January's score.

CARTER BELIEVES ADJUSTMENT PLAN BEST IN RAILROAD

Director Labor Division Thinks Adjustment Bureaus Are Necessary. LABOR DISPUTES SHOULD BE FULLY INVESTIGATED Arising Controversies Should be Settled by Boards of Arbitration.

Washington, Jan. 30.—Continuance after the end of federal control of railroads of the boards of adjustments set up by the Railroad administration to decide controversies arising under the application of wage orders and in other disputes between the railroads and their employes was recommended in the annual report today of W. S. Carter, director of the division of labor of the Railroad Administration.

"The work of these boards," said Mr. Carter, "demonstrates not only the advisability of the creation of such boards but the necessity of their continuance. The fact that the boards are 'bi-partisan' without 'impre' or 'neutral member,' and all of which members are experts on railroad agreement matters, has led both officials and employes to have confidence not only in the fairness of decision reached, but as to the technical ability of the members of the board to pass intelligently on all controversies submitted for decision."

Outlining labor conditions as he saw them on railroads prior to government control and the railroad labor situation when government control of railroads began, Mr. Carter said:

SIMS THINKS NAVY IS UNPREPARED SO HE TELLS SENATE

Page Takes Up Complaint and Asks Secretary Daniels for Some Facts.

Washington, Jan. 30.—Charges by Rear Admiral William S. Sims that the Navy was not prepared to enter the war in 1917 are to be investigated by the Senate sub-committee already entrusted with inquiry into the navy's conduct of the war, which has been criticized by the same officer. Acting on a written suggestion from Admiral Sims, chairman Page of the Naval committee asked Secretary Daniels today to submit full information as to the condition of the navy just preceding the entrance of the United States into the world war.

After a conference with Senator Hale chairman of the sub-committee Senator Page wrote Mr. Daniels asking that he transmit a detailed statement showing the location of American warships two months and one month prior to the declaration of war and their location upon the actual day this country entered the war. In addition Senator Page asked for the names of the ships ready for distant service when war was declared and the names of those not ready and the reasons for their unpreparedness.

Investigation into the naval awards controversy was to have been resumed tomorrow with Secretary Daniels testifying before the sub-committee but owing to the illness of Senator Trammell, Democrat, of Florida, a sub-committee member, the hearing was postponed until Tuesday, at which time the Secretary will appear. The wider inquiry into Admiral Sims' charges of unpreparedness and failure to co-operate fully with the Allied navies will be made by the sub-committee later.

SAYS RAILROADING OFFERS ADVANTAGE TO YOUNG WOMEN

Pauline Goldmark Says Service Presents Distinct Future to Her Sex. OFFICE WORK PRESENTS SPLENDID OPPORTUNITY Continued Employment of Women Offers Encouragement in the Future

Washington, Jan. 30.—A distinct future for women is offered in railroad work, Miss Pauline Goldmark, manager of the women's service section of the railroad administration said today in her annual report to director General Hines.

"Testimony from their superiors indicates that women will undoubtedly progress further in all forms of work," said Miss Goldmark. "While in some offices there is hesitation in encouraging the advance into more responsible positions, in other offices there is a distinct effort to put no obstacles in their path."

"The outstanding feature of the year has been the continued employment of women in the service. While the number reached on Oct. 1, 1918, it has decreased 20 per cent since the still remains 2 1/2 times larger than before the entrance of the United States into the war."

Miss Goldmark reported that on January 1, 1917, there were 31,400 women employed on class one railroads in the United States; that this number had increased to 61,162 on January 1, 1918, and to 101,785 on Oct. 1, 1918, and had dropped on Oct. 1, 1919, to 81,803.

ROCKY MOUNT TO PLAY BASKETBALL IN CITY TONIGHT

High School Team to Play Greenville at Forbes & Morton's Warehouse

There will be a game of basket ball tonight. The place is Forbes and Morton's warehouse on Dickinson avenue. The time is 7:30 and the opposing teams will be Rocky Mount and Greenville.

Greenville recently lost to Wilson, but the experience of that defeat has meant everything to Greenville. That game showed Greenville her weak points and every afternoon since that game the team has been at work, strengthening both its offensive and defensive. Especial stress has been put on goal shooting and the team, as now constituted is much stronger in that important department of the game. Also the team is in much better physical shape than it was for the Wilson game.

The local team will line up tonight with either White or West at center. The forward positions will be held by Hadley and Bryan or Brown. The guards will doubtless be Brown M. or Barber and Capt. Gaskins. The other members of the squad are Lewis, Taylor, Parkerson, Whedbee. The game will be refereed by Mr. Tom Kennedy who has given absolute satisfaction to both sides in every game so far.

Skating will commence immediately after the game.

RAPID PROGRESS BEING MADE

IN SELECTION OF JURY

Grand Rapids, Jan. 30.—Rapid progress in the selection of a jury in the trial of Senator Newberry and a hundred and twenty-two others charged with violation of the election laws led to predictions this morning that the jury box will be filled and the way cleared for the introduction of evidence before adjournment.

SAYS LABOR UNION HAS BEEN ISSUING BAD INFORMATION

Small Charges Labor Leaders With Circulating False Propaganda. ORGANIZED BEFORE FOR PLUMB PLAN, HE SAYS Charges That Federation of Labor is Creating Adverse Sentiment.

Washington, D. C., Jan. 30.—In a statement released today Representative John H. Small, of the First North Carolina district, attacks the "deceptive" propaganda of the American Federation of Labor, which he believes is for the purpose of creating sentiment favorable to the Plumb plan of railroad control.

Farmers, according to Mr. Small, are being quoted as favorable to government control of the railroads when "all the evidence I have is to the effect that the farmers' organizations are opposed either to continued operation or government ownership."

Mr. Small has been diligently following the conference over the Cummins and Esch railroad bills with a view of protecting water rates. In his statement today he says:

"One of the most important matters before congress is the enacting of an appropriate law for the restoration of the railroads to their owners. I believe the people of North Carolina and in fact the best informed sentiment of the country believe that the railroads should be returned as early as legislation can be passed. All my information is to the effect that the farmers of the country entertain this view. Certainly it is my opinion that the railroads should be returned and that we should enact legislation which will restore their credit as far as possible and enable them to serve the public."

"At the same time there is an active propaganda by the American Federation of Labor and the organized railroad employes to create public sentiment in favor of the Plumb plan and government ownership. They know that this plan has not been favorably received by the people and they are now seeking to create the impression that the people of the country wish government operation continued for two years or five years longer.

"As a part of their scheme they are trying to make it appear that the farmers' organizations of the country wish government control continued. Only a day or two ago a delegation called at the White House, which was said to be composed of representatives of farmers' organizations and organized labor. I believe this deceptive propaganda should be corrected. All the evidence I have heard is to the effect that farmers' organizations are opposed either to continued operation or government ownership. In this attitude I believe they are representing their best interests.

"I nother, and devious ways a persistent effort is being made to make it appear that farmers' organizations are united with the American Federation of Labor in other socialistic schemes affecting industry. The farmer is not a socialist. He is usually a good citizen who stands upon his rights and he asks no special privileges."

It was learned here today that R. H. Griffin, proprietor of the Yarbrough, and Mrs. Griffin will arrive here in the next day or two to consult with Frank P. Milburn, Washington architect, regarding plans for the new hotel which is to be built in Raleigh.

It is also announced here that plans will be drawn soon for the million-dollar hotel which is to be built at Winston-Salem and for a new hotel at Durham to cost between a half and three-quarters of a million dollars. Including the new Raleigh hotel, plans now under way for new hotels in North Carolina call for the expenditure of between two and a half and three million dollars.

COMMITTEES WILL DIRECT ACTIVITIES OF CHAIRMAN HAYS

Chairman of Republican National Committee Names 171 Men and Women SEVERAL WOMEN CHOSEN TO ASSIST IF ACTIVITY High-Sounding Program Has Been Outlined to Attract Wide Attention.

San Francisco, Cal., Jan. 29.—Will H. Hays, chairman of the Republican National committee tonight made public his appointments to the advisory committee on policies and platform, consisting of 171 members, 19 of whom are women. This committee includes 12 members of the Republican National committee whose appointment had been previously announced by Mr. Hays.

"The purpose of this committee" Mr. Hays said "is to invite the advice and co-operation of the ablest men and women from all groups, sections, industry, business, professions and interest in the nation; to gather pertinent facts and data; to study intensively the larger problems confronting us, and to offer the result of their efforts as suggestions to the resolutions committee.

"This committee itself will be a working body" he added, "and will suggest the line of thought and investigation for a great many others. Many of the committee will give their entire time to the effort. Those giving a substantial amount of time will constitute an executive committee of which Ogden L. Mills, Jr., of New York City, will be chairman and John Callan O'Laughlin, of Washington, D. C., secretary. The organization for the committee's activities will be enlarged and additional members designated as the scope of the work broadens."

"Party programs," Mr. Hays asserted, "must always be subject to amendment and change by the responsible living though expressed within the party by men and women alike. The Republican party's half century of achievement is the best guarantee to the country of future fulfillment but it is only on future fulfillment that its usefulness will depend. The party must continue to be the instrument to apply to new and changing conditions the wisdom of experience and the efficiency of honest, zealous service. It is the party of the future or there is no use for the party."

"In his statement announcing the committee's appointment Mr. Hays says further:

"The potentiality for usefulness to the county and the party of such a committee is very great. The problems which are ahead of us are immeasurable in magnitude and complexity. The majority of the citizenry of the country believe that the Republican party may best be trusted with the solution. The country wants and is entitled not only to this faith in the honesty of intention and fundamental liberty of the Republican party, but to a well defined statement of purpose and party program. It is obvious that the convention can do fuller justice to a platform commensurate with the needs if they have for their consideration the reliable material thus furnished by some of the best brains in the party working for five months in the evolution of the suggestions.

"Underlying the whole plan is the recognition of the crisis on the great fact, which the National Republican party the tremendous responsibility of ascertaining fully the needs of the nation, and frankly, honestly and definitely stating the fundamentals of the party's plan or the solution of the problems in a comprehensive program of constructive measures. Then, recognizing that the platform establishes a contractual relation between the party and the people, it shall be the supreme duty and purposes of the party when entrusted with power to square its performances with its promises."

CERTIFICATE OF DISSOLUTION.

To All to Whom These Presents May Come—Greeting:
Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the J. B. Pierce Company, a corporation of this State, whose principal office is situated at No. — Street, in the town of Ayden, County of Pitt, State of North Carolina (J. B. Pierce being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revisal of 1906, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, Therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 23rd day of December 1919, file in my office a duly executed and attested consent thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as in writing to the dissolution of said corporation; executed by all the stockholders provided by law.

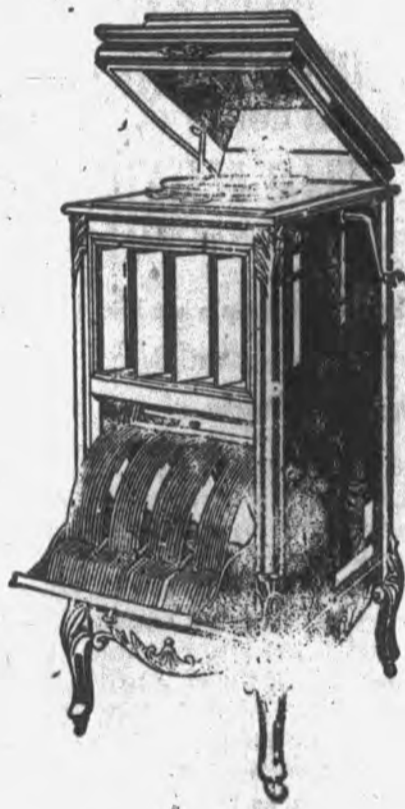

In Testimony Whereof, I have here to set my hand and affixed my official seal at Raleigh, this 23rd day of December, A. D. 1919.

J. BRYAN GRIMES,
6-1tw4wks Secretary.

TREATY DEADLOCK PREDICTED IN ALL PARTS OF SENATE

Committee Will Make Final Efforts to Secure Compromise During Day.

FACTIONS AT WORK TO STOP CAMPAIGN ISSUE

Article Ten and Monroe Doctrine Still Causing Division in Sentiment.

Washington, Jan. 29.—Preponderance of Senate opinion on the eve of another and perhaps final bi-partisan conference of Republican and Democratic leaders was that a deadlock had been reached, making agreement very unlikely at this time on compromise peace treaty reservations.

Reservations to Article Ten and for preservation of the Monroe Doctrine promised to be the center of variance between the leaders of the two factions at tomorrow's meeting and appeared that should a break come it would result from inability to agree on these two points. Should the bi-partisan conferences, which have been in progress for more than two weeks, be abandoned, influences at work in both political parties, it was asserted today in some quarters, undoubtedly would have a strong effect ultimately in the direction of a compromise which would keep the treaty out of the political campaign.

Article Ten and the Monroe Doctrine, it became known today, were the only subjects on which tentative agreement has not been reached by the bi-partisan committee. Much of the language of the Republican reservations adopted last session had been agreed to by the Democrats, it was revealed, while Republicans and two of the reservations had been rewritten entirely.

Among the changes approved by the committee were the following:

Modification of the preamble, so that instead of requiring specific affirmative acceptances of the reservations by three of the four other great powers, such acceptance would be taken for granted unless objection were made before deposition of the ratification by the United States.

Qualification of the reservation on voting strength in the league so the United States would not be bound except in cases where it previously had given its assent, by decisions in which any member had more than one vote. In the Republican reservation this exception was omitted.

Change of the withdrawal reservation to make it provide that notice of withdrawal from membership in the league "shall be given by a joint resolution" of congress instead of may be given by a concurrent resolution. A joint resolution required the signature of the President, while a concurrent resolution ordinarily does not.

Deletion of direct reference to Japan or China by name in the Shantung reservation, so the United States simply would withhold assent to the Shantung articles and reserve liberty of action in any dispute arising under them.

Complete redrafting of two of the reservations so they would require that no representative to the league be appointed without congressional authorization and that no recommendation of the league regarding armaments would be valid until approved by congress.

Numerous modifications of language in others of the fourteen reservations. That providing that the United States would accept no mandatory except by congressional action, was one of these however, remaining intact.

NOTICE.

North Carolina, Pitt County.

By virtue of a power of sale contained in a certain mortgage deed executed by Emily Smith to F. C. Harding dated April 9th, 1919, and recorded in the register's office in Pitt county in Book Z-12, page 248, the undersigned mortgagee will, on Monday, the 2nd day of February, 1920, at 12 o'clock noon, expose to public sale before the court house door in Greenville, to the highest bidder for cash, the following described real property, to-wit:

"That certain lot or parcel of land known as lot No. 8 in Block 'F' of the 'Washington Heights', property situated in and near the Town of Ayden, N. C., as is shown on map of the survey of said Washington Heights property, made by David C. James, surveyor, recorded in the office of the register of deeds of Pitt County."

This sale will be made for the purpose of satisfying the terms of said mortgage deed.

This January 1st, 1920.

F. C. HARDING,

FRIDAY, JANUARY 30, 1920.

QUESTION NO. 34.

What Pitt county newspaper has for thirty-eight years admonished its readers that two things they must do is obey the laws and pay their taxes; and takes occasion now to remind them that every person whose income last year exceeded one thousand dollars must make out an income tax return before March 15th? Ask the income tax man, and get busy about it.

Prohibition never was more than now.

Airing grievances in the senate chamber has become one of the most popular pastimes of the day.

We should worry about the downward trend of foreign currency. It seldom comes in our direction anyway.

Never was there a man so large that some little fellow could not come along and fill his job. That's life, from beginning to end.

Such a thing as disagreement over reservations of the peace treaty has become so ordinary that people no longer expect anything more.

Happy is the man whose experience in the matrimonial field comes about as a sequence to circumstances and not simply through emotion.

There's one particular feature about the peace treaty that has been very evident from the beginning of the controversy—the deadlock.

Holland, so far, remains firm in its declaration concerning the extradition of Kaiser Bill. And the Dutch are stolid enough to maintain former convictions, too.

In many sections of the country, so it is stated, people have about stopped talking about the high cost of living. It is probably that some of the senate investigations eventually will become effectual.

Reservations to Article Ten and the Monroe Doctrine appear to be troubling factions of the senate again. The fight, so far, has progressed admirably, and may continue to do so for some little time.

The conceit of the man who imagines the world could not do without him gets a jolt when he comes out from a week's confinement or returns from a week's absence and finds out that he had not been missed.

Activity of juvenile court officials of this county goes to show that this new feature is going to mean much in putting the child on the road to better things. Delinquencies will be remedied in many cases, and this fact is indicative that the future is unusually bright and promising.

A PERMANENT PROPOSITION.

Director R. G. Cholmese-Jones of the Bureau of War Risk Insurance announced today that misleading and incorrect statements relative to the permanency of government insurance are being circulated by individuals apparently engaged in attempted "twisting" of insurance. A specific and typical report received by the director was to the effect that some of these individuals had boarded a naval vessel at Philadelphia and had told the sailors that government insurance would not be good after five years.

"Government Life Insurance for veterans of the great war is a permanent proposition," said Director Cholmese-Jones. "Misleading statements have been made to the effect that Government Insurance will cease at the end of five years after the war, or that it will be turned over to private companies. Such statements are absolutely false and without foundation. There is however, a requirement that the temporary term insurance hold during the war which increased in cost from year to year, be changed or converted into one of the six permanent forms of government life insurance, (ordinary life, 20-payment life, 30-payment life, 20-year endowment, 30-year endowment, 30-year endowment, or endowment at age 62) within five years after the formal declaration of peace by proclamation of the President, if the insured desires to continue to be protected. This permanent insurance does not increase in premium cost as the insured grows older.

"Improper conduct by the individuals I have referred to is in direct opposition to the attitude of the great life insurance companies, which is embraced in a statement by the secretary of one of the large companies, who recently said:

"Of course, a life insurance company can not grant insurance at less than cost, but the government offers insurance to soldiers and sailors at less than it would cost the government to grant that insurance (that is because the government bears all expenses of management, etc.) The government is justified in this liberality in consideration of the fact that these soldiers and sailors have risked their lives, or have been willing to risk their lives, for the benefit of the Nation. All this being so, it is obviously expedient for soldiers and sailors to take all the insurance offered by the government at the low rate charged."

"The company whose secretary made the above statement has instructed all its agents to refuse to take applications from soldiers and sailors until they have taken the full amount of the new government insurance to which they are entitled."

Suspension of activities on the part of Senator Lodge appears to be very much out of the ordinary for the present. The fact is, Mr. Lodge wants to "bust" up the league of nations and then stop.

If family associations had anything to do with the bad temper of the weather man for the past several days there's every indication now that the old boy can go home without fear of interference from the weather maid.

Other localities throughout the eastern section of North Carolina are bragging about the high prices of real estate. And probably they have a right to, but a visit to Greenville and Pitt county might easily cause a change in opinion about the highest priced land on earth.

Will H. Hayes, chairman of the Republican national convention has appointed committees to gather pertinent facts concerning national problems before the campaign. But these facts, however, will be used in rounding up voters before the day of real issues comes to hand.

Intensive cultivation of all crops must be one of the dominant notes in agriculture for the coming spring and summer, otherwise this country will suffer inexpressibly as a result. The United States must do its part in supplying Europe with necessities for the next several months, and it is up to the American farmer to measure up to what people expect of him.

Argentina too appears to be suffering the result of high cost of living. Strikes have not been infrequent in that territory, and from all reports, it is probable now that the spirit of restlessness will continue, although every effort is being forwarded in bringing about better times.

The "flu" is still causing no little anxiety in many parts of the country, but so far its mild form has detracted from the awful consequences of the epidemic last year. North Carolina, so far, has gotten by lightly, and it is to be hoped precautions will be heeded until danger is past.

Nicholas Murray, one of the numerous Republican aspirants for the presidency of this country, had nothing more to do than attack the federal trade commission at a meeting of the Philadelphia chamber of commerce yesterday. And, as customary upon such occasions, he won liberal applause, but little confidence.

The wool market of the United States, according to authoritative statements just issued, is rapidly approaching a normal pre-war basis, and it is expected that the nation's demand will be met in full in a short while. This fact should be of more than general interest to the public, for when the market is supplied adequately we may naturally expect a decline in the price of materials constantly demanding wool products.

NOTICE TO GENERAL CONTRACTORS.

Sealed proposals will be received by the State Building Commission of the State of North Carolina at their office 700 Commercial Bank Building, Raleigh, N. C., until February 12th, 1920, twelve o'clock noon of said day, for the erection of a dormitory building for the East Carolina Teachers Training School, Greenville, N. C., according to plans and specifications prepared by James A. Salter, State Architect, Raleigh, N. C. Plans and specifications will be on file at the office of Dr. R. H. Wright, President, the East Carolina Teachers Training School, and at the office of the State Building Commission, on and after Jan. 23rd, 1920. Copies of plans and specifications may be obtained by contractors of recognized responsibility upon application to the State Architect, Raleigh, N. C.

Each proposal shall be accompanied by a certified check for One Thousand Dollars (\$1,000.00), made payable to E. C. Brooks, chairman board of trustees, as a guarantee that the bidder will if awarded the contract for any portion, or all of the work, enter into a written contract and execute bond as required by the State for the performance of said work. The right to reject any or all bids is reserved.

Signed E. C. BROOKS,
Chairman Board Trustees,
East Carolina Teachers Training School, Greenville, N. C. 29-2t

BODY OF HAMBY NOTORIOUS

MURDERER BURIED TODAY

Ossining, N. Y., Jan. 29.—The body of Hamby, a notorious murderer and bandit who was electrocuted in Sing Sing prison late last night for the murder of two officials of a Brooklyn bank in December 1918, will be buried in the local cemetery today. No one claimed the body and the mystery surrounding the parentage which he had studiously guarded, still remained unsolved.

After all there is no place like a cozy corner at home, even if everybody does not look at it that way.

WOMEN TO HAVE EQUAL REPRESENTATION IN MISSOURI

Jefferson City, Jan. 30.—State committee has decided that women be per-

mitted to select own delegates and have equal representation with men in Missouri State convention at Joplin, March 21.

Silla Patrick Farm

ADJOINING LANDS OF BOB VAINRIGHT, ON
PLANK ROAD, FIVE MILES FROM GREENVILLE,
NORTH CAROLINA

Into Choice Small Farms AT AUCTION Saturday, Feb. 7th At 2:00 P. M.

Description of the Property to be Offered

The Silla Patrick farm, located on the Plank Road, 5 miles from Greenville, N. C., adjoining the land of Bob Vainright, has been subdivided into several small farms and will be offered at auction in this manner. This property is especially desirable on account of its location. A contract has been recently let to pave the plank road with brick, the contract calling for this work to start within the next thirty days. At present this road is being graded. Think of it—splendid farming and lying as this does on a brick road just 5 miles from Greenville, N. C., which furnishes practically all conveniences, etc., furnished by any city in the state. Unusual advantages for your children. The best of schools in the state. Fine stores to furnish you with your needs. Good banking facilities; tobacco warehouses; other markets for your products as well as railroad connections to all points. This road practically places this property on the edge of Greenville. With a horse the distance can be covered in about forty-five minutes and those who have autos are only about fifteen minutes from this city. The property consists of about 100 acres, of which about one-half is cleared and in a high state of cultivation, the balance in wood. The cleared portion is adapted to the production of tobacco, corn and cotton, being especially fine tobacco and, the soil being of a chocolate loam top soil with a clay subsoil. The entire property is practically level with natural drainage supplied with water from wells. On the woods land is sufficient timber and cord wood for farming purposes. The improvements consist of one tenant dwelling, two tobacco barns and other outbuildings which are in first class condition.

Inspect these small farms today. Our representative in Greenville will be pleased to accompany you over the property for a detailed inspection. One look will convince you that this property is indeed desirable. With the fertility of its soil and the location which it has, it is a splendid opportunity for the investor, homeseeker, or tenant. The purchasers will make their own prices and do the buying on terms of 1-4 cash, balance 1, 2, 3 and 4 years. Meet us at the sale SATURDAY, FEBRUARY 7th, at 2:00 P. M., regardless of weather conditions. The sale will absolutely take place, and in case the weather is extremely bad the sale will be conducted in some suitable building on the property.

MR. FARMER

Before making your plans for this year's crop it will pay you to investigate the good results from the use of Pamlico Fertilizers last year. We are prepared to furnish any material desired, at the right price. Ask G. W. Peed about the results. Place your orders early with Local Agent Pamlico Chemical Co. N. O. Warren

PERSONAL

Mrs. W. B. Wilson left yesterday evening for Baltimore.

Mrs. T. B. Wilkinson, of Durham, is visiting her sister, Mrs. H. W. Wheeler.

ROWLETT-WEMYSS.

Former Greenville Man Marries in Rocky Mount.

Rocky Mount, Jan. 29.—At the home of her sister, Mrs. W. A. Stroud, Miss Margaret Wemyss became the bride of Mr. Joseph Rowlett, of Blackstone, Va., the ceremony being performed by Rev. J. F. E. Bates, pastor of the First Methodist church, in the presence of a few friends and the members of the immediate family. Immediately after the ceremony Mr. and Mrs. Rowlett left on an extended trip to northern cities. Upon their return they will make their permanent home in this city.

Mr. Rowlett is well remembered here. For several years, prior to the war, he was in the employ of Bishop's Laundry, now The Greenville Laundry. While in this city he made a host of friends who wish for him success and happiness.

BILLIE DE RUE COMPANY TO BE HERE FEB. 2ND.

One of the principal features with DeRue Bros. Ideal Minstrels will be the re-appearance of the Lehey Brothers in America, direct from the tour of the principal cities of Europe which included a ten weeks engagement at the Coliseum Hippodrome in London, England, where their act met with great favor and was witnessed by De Rue Bros. European agent, and immediately they were engaged for their first return appearance in America. They have the distinction of being one of the few acrobatic duos which have performed before royalty. Their sensational novelty is without doubt the most marvelous performance which has been seen in America, performing seemingly impossible feats of acrobatic ability. DeRue Bros. guarantee the appearance of this feature act at each and every performance at White's Theatre, Monday, Feb. 2nd.

Billy DeRue ably demonstrates the fallibility of the old saw: "There is nothing new under the sun." His droll jests and merry quips all bear the hall mark of originality. It has been truly said that Billy DeRue and Lew Dockstader solely evolve the roaring absurdities which constitute the stock in trade of the vast army of imitators on the American stage. This season he has a new line of talk for his monologue and a budget of side-splitting parodies of his own writing, which is a sufficient guarantee that they will please.

MAYOR CLARK WARNS PEOPLE TO KEEP THEIR CHICKENS IN

Mayor Clark stated this morning that he was giving a final warning, to people that own chickens, to keep them in. It is time for planting gardens, and chickens are a great trouble at this season if allowed to wander about. This warning has been given before and it is time for the wise to heed it.

RED CROSS DESIRES TO LO-

CATE PARTIES IN THIS COUNTY

PROGRAM FOR LYCEUM COURSE

The Woman's Club announces the remaining numbers of the Lyceum Course as follows: The Louise Stallings Concert Company, Tuesday, February 24th. Judge Ben Lindsay of Denver, in a lecture, Thursday, April 8th. The Lyceum Company, Male Quartet Monday, April 10th. Price for each attraction \$1.00.

TO GENERAL DIAZ

General Diaz with thy flaming sword, Unconquered, and unconquered, go on! You have us with thee, and with the help of God, The greatest of the wars we will have won.

We shall not know, what the surrender means, To no one we shall bow, but shall imitate the vandals must pay for their sins, We'll fight without an instant of repose!

O, glorious warrior, leader of our men, May thy name, throughout the universe doth shine As no others before or after thine.

I wish that it were given to my pen, To celebrate thy deeds indeed divine, Worthy of our greatest, country, Italy. —Alfred Napolitano.

St. Paul's Church.

Friday—Litanies 7:30 P. M.

UNIVERSITY TAKES

IMMEDIATE ACTION IN SNOWBALL CASE

(Continued from page one.) members of the council are other class presidents and student representatives selected by the students. The university authorities have taken no action in the matter and the investigation and action have been altogether in the hands of students.

Shepard's action in drawing a pistol came toward the end of the snow warfare that the freshmen and sophomores have indulged in during the recent snow. Coming upon a group of upperclassmen who were chasing one of his class-mates, it is stated, Shepard stepped in front of the freshman and drew his pistol from his pocket. The snowballing stopped immediately. No testimony was brought before the student council that indicated that Shepard made any motion to shoot, but the sight of the pistol was enough. The council held, President Washburn said, that drawing the pistol against students when no question of protection against serious injury was involved was serious enough to justify suspension.

The case of Lineberger and Sims verged close on hazing. The council held that entering a freshman's room and forcing him out on the campus where there was much snowballing was an invasion of the freshman's rights and therefore punishable. President Washburn said that further investigations would be conducted to find out other students who were associated with Lineberger and Sims.

UNITED STATES IS GIVEN THIRD RANK IN PAST CONFLICT

(Continued from page one.) and 1,421; Belgian armies, 14,500 and 474. It is pointed out that in addition to the above there were 80,000 British combatant troops in Italy who co-operated in the final defeat of the Austrian army at Vittorio-Veneto, capturing 30,000 prisoners, and that in the Eastern theatres of war, Palestine and Mesopotamia, where about 400,000 British troops on an average throughout 1918 were fighting, the complete defeat and destruction of the Turkish army was effected by the British alone, and a total of 85,000 prisoners taken. The following figures show the number of troops contributed by the various parts of the British Empire during the war: New British Isles, 5,704,416; Canada, 640,886; Australia, 4716,809. New Zealand, 220,000; South Africa, 136,070; India, 1,401,350; other colonies, 134,837. The grand total was 8,654,467.

The casualties of the troops of the British Empire are stated as follows: British Isles, killed, 662,083; missing or prisoners, 140,312; wounded, 1,644,786.

Losses of troops from India, Canada, Australia and other parts of the empire brought the total to killed, 851,117; missing and prisoners 142,057; wounded 2,067,442.

Happy is the man who sees things as they should be instead of as they are.

J. E. NELSON WOOD LAND

SUBDIVIDED

Into Choice Small Farms

ON THE BRANCH ROAD LEADING FROM NEW BERN ROAD TO WINTERVILLE, N. C., TWO MILES FROM WINTERVILLE, N. C., AND EIGHT MILES FROM GREENVILLE, N. C.

AT AUCTION Saturday, Feb. 7th At 10:30 A. M.

Description of the Property to be Offered

The J. E. Nelson wood land tract consisting of about 100 acres is splendidly located, being on the branch road leading from New Bern Road to Winterville, N. C., 2 miles from Winterville, N. C., 8 miles from Greenville, N. C. Stores, schools, churches, etc., near the property. All other conveniences furnished by Greenville, N. C. Good graded schools, high school, stores, markets for your products, banking facilities, warehouses and convenient railroad schedules to all points on the Atlantic Coast Line and Norfolk-Southern Railroads. The Nelson wood land tract consists of about 96 acres of the finest quality of merchantable timber in the entire state. Although this is not an extremely large body of timber, still it is of a very fine quality, which if placed on the market will bring a most excellent price. There are about 4 acres of the farm in cultivation. The entire property has a soil of the same character as these four acres, which consist of some of the best farming land in this section. It produces all crops produced in the neighborhood, produces a fine quality as well as an abundant growth. The entire property is level and well drained. In addition to a very fine body of timber there is cord wood on the property sufficient to last for several years.

These 100 acres has been subdivided in such a manner that practically every tract to be offered at the sale will have a road frontage. The purchasers will make their own prices and their prices will do the buying on terms of 1-4 cash, balance 1, 2, 3 and 4 years. Possession to the purchasers at once. Timber dealers, as well as anyone who desires to place a body of timber on the market which will mean money in their pockets, will do well to look this proposition over immediately from a merchantable timber standpoint. All those tobacco farmers in this section who have been handicapped in curing their tobacco crops for the past few years on account of the lack of wood will protect their future crops by inspecting this property before day of sale and making a purchase at the sale.

Make your arrangements now to be with us. The sale will take place SATURDAY, FEBRUARY 7th, at 10:30 A. M., regardless of weather conditions. In case the weather is extremely severe the sale will take place in some suitable building on the property.

J. F. HARRINGTON,
Clerk Superior Court Pitt County.

NOTICE OF SALE.

North Carolina, Pitt County.
By virtue of power of sale contained in a certain mortgage executed and delivered by Walter Barfield to Hines Bros. Motor Co., dated March 25th, 1919, and duly recorded in the office of the register of deeds of Pitt county in Book L-12 page 447, which mortgage has been duly transferred and assigned to The Eure Motor Co., Inc., the undersigned assignee, will sell at public sale, before the court house door in Greenville, to the highest bidder for cash, on Tuesday, the 24th day of February 1920, at 12 o'clock noon, the following described real property to wit:
Located in what is known as south Ayden and adjoining the lands of Jessie Cannon and others, beginning at a stake on an alley way in Jessie Cannon's line and running an easterly course 310 feet to a stake, thence a northerly

course 200 feet to a big ditch, thence a westerly course with said ditch 310 feet to a stake, thence a southerly course 90 feet to the beginning. Being a portion of the lands deeded to Walter Barfield by Henry Tripp.

This sale will be made for the purpose of complying with the terms of said mortgage, default having been made in the payment of note secured thereby.

This the 22nd day of January 1920.
