## TREASURY BEGINS DRASTIC CAMPAIGN FOR DEPOSITORIES

Only Four National Banks Expected to Survive After Pruning Process

### CHANGES IN FINANCIAL SITUATION RESPONSIBLE

Inactive Accounts Will be Cut Out and Balances Will be Reduced.

Washington, Feb. 2.—Drastic reduction in the number of the National banks designated as government depositories is being made by the treasury department with the result that less than 400 of the 1,331 such institutions holding Federal funds on June 30, 1919, are expected to survive the pruning knife.

Changes in the government's financial situation, brought about by the year's fiscal operations, it was said officially today, have made it necessary to abolish hundreds of the depositories and revise the plan for distribution of government moneys among banks employed since prior to 1912.

While the treasury is cutting off the inactive accounts, it is also reducing the balances carried by many other banks—in all in fact, where government transactions do not require the use of large sums.

"Scientific apportionment" it is said, will be the basis in the future for disposition of surplus funds. Officials explained the new policy as to depositories would operate so that each bank will be able to realize returns on a basis of business done for the government. Included in the list of National banks struck off are 566 banks which had accounts of \$1,000 and which were designated as government depositories during the administration of Franklin D. Roosevelt as Secretary of the treasury for President Taft.

Practically half of the banks to be deprived of government balances already have been eliminated from the rolls and outstanding balances thus have been reduced from \$52,000,000 to \$27,000,000. Other banks will be taken off of the official list of depositories and other accounts will be reduced until by the end of the calendar year it is expected the new policy will be fully completed. Officials were reticent today as to the geographical location of the depositories cancelled.

The new policy of the treasury does not contemplate disturbance of this present system of special depositories which was created as an emergency measure during the war. There is a total of 9,500 of these institutions at the first of the year. Such depositories automatically will cease to function when the period of their usefulness terminates, but so long as it is necessary to employ extraneous fiscal policies and so long as the war program of financing "hangs over", it is understood the government accounts will be retained in the specially chosen banks.

The monetary operations of the government were conducted entirely through the sub-treasuries and national bank depositories prior to the creation of the Federal reserve system. With the establishment of the Federal reserve banks and branches, government payments have been made more and more through them and thus abolishment of the National bank depositories therefore, represents a further leaning of the treasury on the reserve banks in

## PHYSICIANS ARE REQUESTED TO REPORT INFLUENZA CASES

Every physician in Pitt county, is requested, of Dr. P. J. Chester, to report all cases of influenza on the regular contagious disease report cards to the public health office, as all cases of influenza must be promptly reported to the state board of health.

## PITT COUNTY CLUB ENJOYS SMOKER IN UNIVERSITY CIRCLE

Smoker Tendered Last Friday Night and Was Greatly Enjoyed by All.

### PROPOSED BULLETINS DISCUSSED ANIMATEDLY

Editorial Staff Appointed, With Committee, To Make Report Soon.

Chapel Hill, N. C., Feb. 2.—On last Friday night the Pitt county men enjoyed a delightful smoker in the club room of the Y. M. C. A. building. Mr. Samuel O. Worthington, president of the club, took the floor and served as toastmaster. After this, the smoker was turned into a business meeting. There were several points of business discussed by Mr. Worthington. The main business was the reviving of the interest of the men in the publishing of the proposed bulletin that is to be put out by these men. These men are very active in this work and every one is working to make this publication a success.

The members voted that there be a committee appointed to take charge of the editorial work and a committee to take charge of the publishing of the bulletin. The president, Mr. Worthington, appointed G. D. Manning, chairman of the editorial committee and he selected Mr. M. B. Prescott, Mr. S. O. Worthington, Mr. J. H. Spain, and Mr. J. Vance Perkins as his assistants. Mr. J. R. Scovell, of Greenville, was appointed chairman of the business committee with J. L. Chapman and R. E. L. Carson as his assistants.

The editorial committee met with Professor E. C. Branson, of the extension committee, and assigned topics to be prepared. These men plan to have their material ready for the printer (Continued on page two.)

## PRESBYTERIANS TO SOON BEGIN WORK FOR BIG CAMPAIGN

Definite Dates for Every Member Canvass Will be Given Out Soon.

Chattanooga, Tenn., Feb. 2.—Definite dates for the every-member canvass of Presbyterian churches all over the south, in the \$4,000,000 progressive program of that denomination will be set at a meeting of the campaign committee to be held in Chattanooga January 29. The southern Presbyterian church has set the above named amount as its goal for one year.

Headquarters of the entire campaign are in this city, with Dr. William Fred Galbraith as executive secretary, and the Rev. S. Waters McGill as campaign manager. In addition to this, synodical headquarters have been opened in seventeen states, from Texas to Washington.

"The outstanding issues of the present world upheaval and reconstruction are moral and spiritual," declared Dr. Galbraith today in his first public statement since the opening of the campaign. "The laws of both men and God are being disregarded, while organization evil seeks the destruction of human and divine institutions which uphold them."

"A decisive moral conflict is inevitable. This is the hour of unparalleled opportunity and responsibility for the church, and that she realizes this is shown by the solid front Protestantism is making for righteousness. The church alone has the message and power for the times. Christ is being exalted. His principles are being fearlessly proclaimed and applied. His spirit and love are manifest in the forward campaigns of the great denominations."

You will have to take care of yourself if you escape the flu.  
The river has got up again.

## HARVARD IS READY TO CHECK RAPIDLY ADVANCING PRICES

Investigation of Economic Conditions by Students to Bring Results.

### COMMITTEE BASES ITS FACTS ON REALITIES

Statistical Reports Show where Beginning Will be Made Right Away.

Cambridge, Mass., Feb. 2.—The Harvard Committee on Economic Research, appointed by Harvard University to make special studies of economic conditions, has just announced that the United States may expect a check in the upward movement of prices and of business activity, which has been in progress since last April and perhaps a drop in prices. At the present time, however, the committee states, and on the basis of the November and December figures, it would be premature to conclude that a violent recession in commodity prices is probable.

Harvard University in 1917 to assist in the solution of the fundamental economic problems which underlie modern commerce and finance. It provides statistical information to federal reserve banks, for banking houses and large corporations and includes among its publications a review of economic statistics which contains a price forecast.

The committee bases its present forecast upon statistical material representing the decline in the New York bank clearings, the volume of sales on the New York Stock Exchange, the prices of industrial stocks, and analysis of the banking and trade situation, domestic and foreign.

Professor Warren M. Persons, editor of the Statistical Service published by the committee, says that the statistics (Continued on page two.)

## MEMBERS OF THE HOUSE READY FOR ISSUING BIG LOAN

Austria and Russia. Over Loans to Poland, Pustria and Russia.

Washington, Feb. 2.—An agreement was reached today by the house ways and means committee to recommend passage of legislation authorizing new government loans of \$50,000,000 to Poland, Austria and Armenia for food relief. All committeemen, however, were not present and some democratic members reserved the right when the bill is before the house to propose an increase to \$125,000,000, the sum approved by treasury officials.

Sharp disagreement as to authorizing loans to Poland, Russia and Armenia for food relief developed at the conference today between republican members of the house ways and means committee and the republican legislative steering committee. At the same time opposition to further credits to any European country was expressed in the senate.

Senator Smith, democrat, Georgia, started the debate by putting into the record a compilation showing that foreign governments owe the United States \$275,000,000 in accrued interest alone. This should answer the contention, he said, that the American government has done nothing for Europe.

Another democrat, Senator Walsh of Montana, said some of the debtors were spending stupendous sums in military and naval preparations, and Senator Phelan, democrat, California, declared he was against further credits because

## BISBEE TRIALS TO BEGIN IN ARIZONA EARLY HOUR TODAY

Famous Deportation Trials Expected to Develop Hard-Fought Battle.

### MORE THAN 2 HUNDRED DEFENDANTS TO APPEAR

Some of Most Prominent People in Section Will be Called to Trial.

Tombstone, Ariz., Feb. 2.—The Bisbee "deportation trials" set to begin here today are expected to develop the hardest-fought legal battle in the history of Arizona. The litigation resulted from the deportation of 1,186 striking copper mine workers and their sympathizers from Bisbee, Ariz., to New Mexico, on July 12, 1917.

More than 200 defendants, among them many of the most prominent citizens of Bisbee and vicinity have been summoned to appear in the superior court here to answer charges of kidnapping in connection with the deportation. Harry S. Wheeler, former sheriff of Cochise county, who has taken upon himself sole responsibility for the deportation; mine managers, superintendents and foremen; bankers, merchants and professional men are among the defendants.

Judge Samuel L. Pattee, of Pima county, who has been designated to preside, first gained prominence by revising and codifying the laws of Arizona after her admission to statehood.

Officials of the county attorney's office are understood to have travelled through many western states gathering depositions from the men who were deported.

Preliminary examinations were held in Douglas last year. These were followed by a trial in the federal court at Tucson of 20 leaders in the financial (Continued on page three.)

## PATRICK FARM TO BE SOLD IN SALE SATURDAY FEB. 7

Nelson Tract of Land Will be Offered for Sale by Coast Company.

The Silla Patrick farm will be sold by the Atlantic Coast Realty and Greenville Pitt Land Companies next Saturday, Feb. 7th at 2 o'clock. This farm is located on the Plank Road, five miles from Greenville, adjoining the land of Bob Valbright's. It contains some of the most prolific farmland in Eastern Carolina, and is especially adapted to cotton and tobacco. A contract has been let to pave the plank road with brick, the contract calling for the work to begin within the next thirty days. With this finished it will be only a few minutes ride from this city. The improvements consist of one tenant dwelling, two tobacco barns and other out buildings which are in first class condition. On the same day at 10:30 A. M., the J. E. Nelson wood land, subdivided, will be sold at auction. This piece of property is on the branch road leading from New Bern road to Winterville, N. C., two miles from Winterville and eight miles from Greenville, N. C. It consists of 100 acres, and has been subdivided so that practically every tract will have a road frontage. It contains some valuable timber and will mean money in the pocket to the purchasers. Four acres of the farm, are in cultivation. These sales take place Saturday, Feb. 7th. For further information see K. W. Cobb, local agent, office in Reflector Building.

## ROUND TABLE CLUB TO MEET TUESDAY AFTERNOON

The Round Table Club will meet Tuesday afternoon at 3 o'clock with Mrs. Wiley Brown.

## KILAUEA VOLCANO ERUPTION CAUSED DAMAGE IN HIWAI

Eruption of Mountain in 1919 Considered Unusual and Out of Ordinary.

### MOLTEN LAVA BURNED MILES OF WOODLAND

Long Period of Tremulous Activity Preceded the Eventful Affair.

Hilo, Island of Hawaii, Feb. 1.—Kilauea Volcano, which during the closing months of 1919 produced an eruption surpassing anything of its kind in recent years, opened 1920 with another magnificent spectacle which had not been paralleled since 1868.

On December 22, lava from Kilauea forced its way up through the floor of Kau desert, six miles distant from the firepit of the crater, and by New Year's Day observers were watching a flow of molten lava, six miles long and 100 yards wide, travelling southward through the forest of ohia trees at a rate of three miles per day. An inner channel of the flow was making as high speed as 12 miles an hour at the source, and welling from springs twelve feet across.

As the molten lava cut into the forest the trees were set afire, many of them being quickly burned through at their bases and carried along upright in the flow like ranks of giant torches.

The location of Kilauea's most recent outbreak is along the rift-line of 1868, left by the terrific earthquakes which rocked the island of Hawaii in that year. The rift, clearly defined, runs from the southern rim of Halemauau, the "house of fire," or firepit of Kilauea, through the south wall of the main crater and thence to the sea, twenty miles away in a series of series of wide, parallel crevasses. The (Continued on page three.)

## TENTATIVE PLANS IN RELIABILITY AIR RACES ANNOUNCED

Army Gives Out Announcement Regarding Interesting Races Considered

New York, Feb. 2.—Tentative plans for a transcontinental air race this year between New York and Nome, Alaska, a distance of 4,870 miles, were announced tonight by the American Flying Club, which is co-operating with the training and operations group of the army air service in the project. The proposed race will be held under the same rules and handicap plans as the race between New York and San Francisco last year.

From Minocla to Minot, North Dakota, a distance of 1,673 miles, the route will be over United States territory. At North Gate, N. D. the course crosses the International border into Saskatchewan, Canada, and continues 1,300 miles across the Dominion to Fort Egbert on the Alaskan border. In Canada the course lies along the New Grand Trunk Pacific railroad running from Edmonton, Alberta, to Prince Rupert, British Columbia. At Hazelton, B. C., the proposed route branches north between the coast range and the Rocky Mountains following the valleys which are the most populated. This route is covered by the only telegraphed by the only telegraph line and is the most favorable from the supply point of view.

In Alaska the route runs from Fort Yukon and to Fairbanks by way of Fort Gibbon, thence to Nulato and Nome.

Compulsory stops will be arranged at an average of every 150 miles. Only qualified aviators will be allowed to enter and their machines will be examined at each stop before being allowed to proceed. Detailed plans will be announced later.

## MR. DANIELS SAYS AMERICA'S DELAYS HAVE BEEN SERIOUS

The Past Year of Fiddling and Deferment Have Been Anything but Pleasing.

### SAYS HE IS CONFIDENT AMERICANS WILL DO DUTY

Also Declares People Will Respond to Call of People in Near East.

New York, Feb. 2.—The past year for the United States has been one "of fiddling and delay, and was characterized as "the tragedy of tragedies" by Secretary of the Navy Daniels who addressed the opening meeting here today of the campaign for the Near East Relief fund. Although America had not kept faith with the Allies, he said, he had confidence that the American people would do their duty.

"One of the beliefs that carried us into the war" added Secretary Daniels "was that small peoples have the right to liberty and to control their own destinies. Shall America alone fail now in sustaining that principle? I do not believe it. I am confident that the American people will respond to this call. Give to Armenia present relief from the perils of starvation and then provide for the freedom of the country from the rule of the Turks. They will respond to this call as they have responded to every call made upon them since April 6, 1917."

Secretary Daniels in speaking of the Navy said that the popular idea of the Navy was that it only exists as a fighting machine. This, he added, is its chief mission, but if it had not proved a powerful agency in protecting the people and upholding the dignity of the flag at all times it had failed of its mission. In the war, he declared, it had proved its worth and had done its full share in bringing about peace. There was nothing the matter with the American Navy during the war, James W. Gerard, former Ambassador to Germany said in a brief address.

"The trouble with the Secretary is that he is too good natured," added Mr. Gerard. "If I had been Secretary of the Navy and a bunch of admirals or anybody else had formed a soviet board of criticism, I would have had them on the slide and their hands in the basket inside of 24 hours."

Capt. George B. Hyde, a Near East relief worker, told of horrible conditions and suffering in Armenia and charged that the Turkish leaders were still attempting "to wipe out the Armenian people."

There has already been \$1,000,000 subscribed to the relief fund in New York City, it was announced during the meeting.

Endorse of Arthur J. Balfour's pledge in behalf of Great Britain for the establishment in Palestine of national home for the Jewish people, was coupled with a prediction that the end of religious persecution throughout the world would result from the war, by Secretary of the Navy Daniels in an address here tonight. He spoke at a dinner given by the Zionist Organization of America for the Palestine Restoration Fund.

The Secretary said, "This holy movement has our Godspeed to all who are engaged in it," adding:

"We love every foot of land which David's Psalm and Solomon's Songs have made dear to all Jews and Christians. But I could not in conscience be with you and share your religious and patriotic fervor as I do in full measure if I did not know your wholehearted devotion to the principle of religious liberty and that you hold as dear my right and the right of all men to religious freedom as you demand it for yourselves and your children."

He declared that one of the delayed blessings that shall be some compensation for the tragedy of the war "is that we shall not only in our day see religious persecution ended throughout the whole world, but what is quite as important we will help to usher in an era where not only the letter of the law, but the spirit as well, will remove from our country even the semblance of persecution or prejudice toward any American citizen."

What Pitt county newspaper carries such pleasure to its readers that some of them say they had rather miss a supper than to miss getting a copy of the paper? Ask grandma.

### MISLEADING TACTS PUT OUT

Director R. G. Cholmeley-Jones of the Bureau of War Risk Insurance announced today that misleading and incorrect statements relative to the permanency of government insurance are being circulated by individuals apparently engaged in attempted "twisting" of insurance. A specific and typical report received by the director was to the effect that some of these individuals had boarded a naval vessel at Philadelphia and had told the sailors that government insurance would not be good after five years.

"Government Life Insurance for veterans of the great war is a permanent proposition," said Director Cholmeley-Jones. "Misleading statements have been made to the effect that government insurance will cease at the end of five years after the war, or that it will be turned over to private companies. Such statements are absolutely false and without foundation. There is, however, a requirement that the temporary term insurance held during the war which increased in cost from year to year, be changed or converted into one of the permanent forms of government life insurance (ordinary life, 20-payment life, 30-payment life 20-year endowment, 0-year endowment, or endowment at age 62) within five years after the formal declaration of peace by proclamation of the president, if the insured desires to continue to be protected. This permanent insurance does not increase in premium cost as the insured grows older.

"Improper conduct by the individuals I have referred to is in direct opposition to the attitude of the great life insurance companies, which is embraced in a statement by the secretary of one of the large companies, who recently said:

"Of course, a life insurance company can not grant insurance at less than cost, but the government offers insurance to soldiers and sailors at less than it would cost the government to grant that insurance (that is because the government bears all expenses of management, etc.) The government is justified in this liberality in consideration of the fact that these soldiers and sailors have risked their lives, or have been willing to risk their lives, for the benefit of the Nation. All this being so, it is obviously expedient for soldiers and sailors to take all the insurance offered by the government at the low rate charged.

The company whose secretary made

the above statement has instructed all its agents to refuse to take applications from soldiers and sailors until they have taken the full amount of the new government insurance to which they are entitled."

### GLASS MAKES ANNOUNCEMENT.

Secretary Glass, of the United States Treasury today announced the issuance of the new series of Treasury Certificates of indebtedness, to be known as Tm 4-1920, bearing date of February 2 and maturing March 15, next. The certificates, which bear 4 1/2 percent interest, are offered for general subscription at par and accrued interest through the Federal Reserve Banks.

Although these new securities are offered primarily through Federal Reserve Banks they may be had from almost any banking institution in the United States. Bearer certificates with interest coupon attached will be issued. Secretary Glass said, in the denominations of \$500, \$1000, \$5000, \$10,000 and \$100,000.

The certificates will be exempt, both as to principal and interest, from all federal, state and local taxes, now or hereafter imposed, except (a) estate or inheritance taxes, and (b) graduated additional income taxes commonly known as surtaxes, and excess profits and war profits taxes, now or hereafter imposed by the federal government upon incomes or profits. Moreover, the interest on an amount of bonds and certificates authorized by the act of congress approved September 24, 1917, as amended, the principal of which does not exceed the aggregate of \$5,000, owned by any individual, partnership, association or corporation, shall be exempt from the taxes provided for in clause "b" above.

The right is reserved to reject any subscriptions and to allot less than the amount of certificates applied for. Mr. Glass said, and to close the subscriptions at any time without notice. Payment at par and accrued interest for certificates allotted must be made on or before February 2, next, or later allotment.

Any qualified depository will be permitted to make payment by credit for the certificates allotted to it for itself and its customers up to any amount for which it shall be qualified in excess

of existing deposits when so notified by the Federal Reserve Bank of its district.

Treasury Certificates of indebtedness of series C-1920, maturing February 2, next, series D-1920, maturing February 16, next, and series T-9, maturing March 15, next (with any un-matured coupons attached) will be accepted at par with an adjustment of accrued interest in payment for any certificates of the series Tm 4-1920, now offered, which shall be subscribed for and allotted.

### PITT COUNTY CLUB ENJOYS SMOKER IN UNIVERSITY CIRCLE

(Continued from page one.)

By the Easter holidays. The business committee are to have their arrangements perfected during the Easter intermission, and the bulletin ready for the public as early thereafter as possible. There will be 3500 or probably 4000 copies of the edition to be put free in every home in Pitt county. During the Easter intermission the men will work their home towns for advertisements; which is the only means of getting this bulletin published and sending it free in the homes of the people of Pitt county.

The Carolina Basketball team has so far had a good season. They have won from every college yet played except Davidson. Out of two games played with the Presbyterians they split even, each team winning one game each. The game won from Davidson last night on the local floor gave the Tar Heel tossers a good edge on the way to the championship. Trinity went down in defeat last Saturday night in the Angier Duke gymnasium to the score of 36 to 25.—Guilford lost to Carolina to the tune of 50 to 23. The Carolina tossers have defeated the Durham "X" two games out of three. The team leaves this week on their annual northern trip. The next game to be played on the "Hill" is with the strong North Carolina State team on February 17th, and with Trinity on February 20th. The team put a big surprise over on Trinity who thought they would pull out with a big end. This is the first time the Methodist have been defeated this season.

The 5-inch snow last Monday made it pretty hard for some of the Freshmen on the "Hill." Some missed their meals and got pretty hungry before the sun could drive the snow off the campus. Some have black eyes and all signs and prints of snow balls on their

persons. It has also put some few men in the hospital and has "given some the "hen-fluenza."

### HARVARD IS READY TO CHECK RAPIDLY ADVANCING PRICES

(Continued from page one.)  
ties collected by the committee indicates that the farmers will continue to prosper in 1920 and that the prosperity of this industry will contribute to that of all others during the coming year. The beginning of the new year, he declares, finds American manufacturing industries in a sound and prosperous condition.

"The tightness of the money market and the announced policy, already inaugurated, of the Federal Reserve Board of increasing discount rates have caused many observers to have grave misgivings for the financial outlook for 1920," he says. "Instead of causing alarm, the action of the Federal Reserve Board should in fact be regarded as a favorable omen. High interest rates are the main reliance for protecting bank reserves and they spell not disaster but safety, provided they are applied in time. Control of interest rates is the safe and effective way of dealing with such a situation as we now face, and it is to be hoped that nothing—not even the needs of the United States Treasury—will divert the reserve board from pursuing the only same and conservative course.

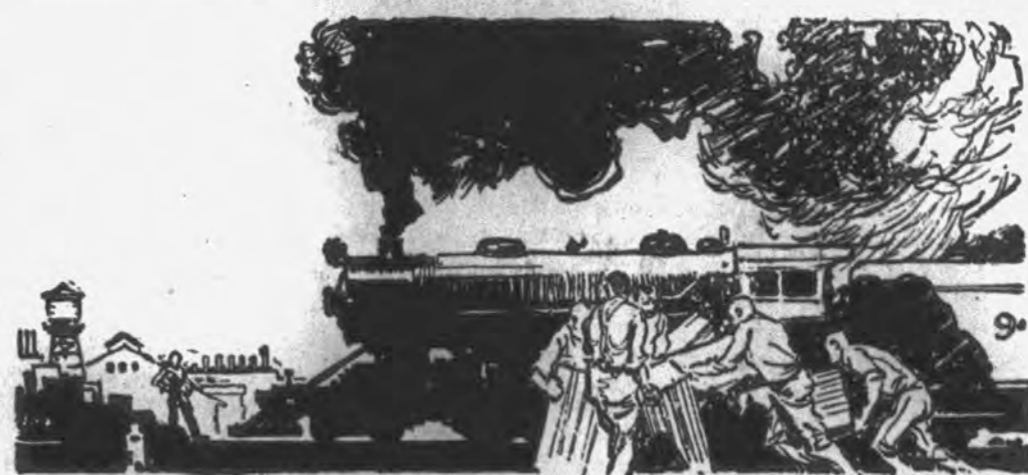

### HALF DOZEN DEFENDANTS IN NEWBERRY ELECTION CASE, ILL

Grand Rapids, Feb. 2. — Although half dozen defendants in the Newberry election conspiracy trial were reported today as unable to attend court. Indications are that there will be no delay in the case. Frank Dalley was to begin the opening statement for the prosecution when court convened at 2 o'clock this afternoon. The defendant announced it probably would follow. Dalley's introduction testimony is expected to be delayed until Wednesday.

# GOOD SERVICE

We wish to announce to our friends and patrons that we are better prepared than ever before to give them the best of service. We already have five chairs installed and are preparing to put in the sixth chair immediately. We employ only white barbers. "Give us a trial, you will be satisfied."

Proctor Hotel Barber Shop

## Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailor—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5¾ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York

## THE DIFFERENCE BETWEEN GOOD SERVICE AND POOR SERVICE, IS THE DIFFERENCE BETWEEN SOMETHING AND NOTHING

When you have your Clothes Cleaned, Pressed or Dyed the time and materials used are approximately the same—whether it result into good service or poor service. The real reason for one over the other is that expert knowledge, and the skill of the workman. The larger volume of business off-sets the difference in the cost of this service, which makes expert service cost you no more than the other kind.

We are prepared to handle all your wants in our line, Cleaning, Pressing, Repairing, Hat Cleaning and Blocking.

Let us make that old hat new for the spring. It will pay you to try us.

Greenville Tailoring Co.

MR. STAFFORD KILLED IN FLORIDA.

Miss Ellen Proctor left yesterday for Sanford, Florida, in response to a telegram which stated that her brother-in-law, Mr. Stafford, had been killed in a train wreck. Mrs. Stafford, nee Miss Nannie Proctor, is a native of this city, and the sympathy of this entire community goes to her at this time.

MRS. S. T. WHITE ENTERTAINS.

On Saturday afternoon at her home on Dickinson Avenue, Mrs. S. T. White entertained a few friends at a sewing party complimentary to Mrs. Leighton Blount. While the guests were busy sewing they were served Coco-Cola in bottles and chicken salad sandwiches. After working for quite awhile they were asked to put away their sewing and to help make something for Mrs. Blount who expects to begin house-keeping in a few days. Napkins, with embroidered initials and tea cloths were then distributed to be hemmed. After they were finished they were presented to the guest of honor. The guests then cut for prizes. Mrs. J. B. James cut high and Mrs. N. W. Outlaw low. They were presented beautiful tea cloths. Mrs. White presented Mrs. Blount with a linen breakfast set embroidered in blue. After another hour of conversation and music a salad course was served. Those enjoying the hospitality of Mrs. White were Mesdames Hines, James, Dunn, Outlaw, Moore, Best, Suggs, Little, Quinerley, Fleming, Moseley, Eutsler, Warren, Cooper, Moe, Carter, Blount, Ferguson, Forbes, Hadley, Miss Moore. It was one of the most unique parties of the season, and Mrs. White proved an ideal hostess.

Minstrels in White's theatre tonight. The sale of the Proctor property at Grimesland is on today and tomorrow.

FIVE BODIES WASHED ASHORE ON ZEKYL ISLAND YESTERDAY

Savannah, Feb. 2. — Four of five bodies washed ashore on Zekyl Island yesterday have been identified and are believed to be men of the crew of the ocean going tug Fortune, which carried between fourteen and twenty men. The tug Fortune carried ten men according to a corporation in New York which had the vessel under charter. Last they heard of the steamer was when she left Newport News, January 29th for Miami, Fla., prior to going to Nassau.

KILAUEA VOLCANO

ERUPTION CAUSED DAMAGE IN HIWAI

(Continued from page one.) new flow, however, has not made its appearance along the rift at a point closer to the fropit than six miles, where it has welled up through the thickly lava-coated desert floor of Kau. From the rift line many molten fountains could be seen spouting thirty feet in the air. Heavy fumes were emanating from the earth along the entire line of the rift. Kilauea's latest outbreak is the culmination of a long period of tremendous activity, caused, say the volcano observers, by underground pressure of lava which was not relieved by the recent discharges from the crater proper. level in Halemauau continued to As the desert flow increased, the lava sink, until volcanologists prophesied that the pit might be drained.

BISBEE TRIALS TO BEGIN IN ARIZONA EARLY HOUR TODAY

(Continued from page one.) cial and industrial life of Bisbee and Warren on indictments charging conspiracy to deprive a citizen of his rights in violation of the penal code. The defense raised a question of the courts jurisdiction in that case and it was sustained with the result that the trial of 200 or more, instead of the 20 alleged leaders, was undertaken in the state courts. A third action is pending. It is a civil proceeding for damages alleged to have been sustained by the deported men by reason of their deportation.

MISS ALICE M'COY DIES FROM BURNS EARLY TODAY

Rock Mount, Feb. 2. — Miss Alice McCoy, of Burgaw, N. C., who was teacher of Dunn school, of Nash county, suffered burns early this morning from which she died six hours later. According to reports she had gotten to take some medicine and was standing by a fire in an open grate when the garments which she wore caught fire. She summoned assistance and ran out into the yard but before aid could reach her she was fatally burned. Miss McCoy was 19 years old and daughter of Frank McCoy, a prominent Pender county farmer.

EARTHQUAKES ARE RECORDED AT GEORGETOWN UNIVERSITY

Washington, Feb. 2.—A very severe earthquake lasting for more than two hours and centered between thirty-eight hundred miles from Washington, was recorded early today at Georgetown University. The shocks began at 6:42 A. M., reached the maximum at 8 o'clock and ceased at three minutes after nine.

# Eastern North Carolina Farmers

Are beginning to plan their crop for this year and are making arrangements for the biggest farming season in the history of this section

## One of the Most Important Points to be Considered

And one that will determine whether you raise just a fair crop or one of the best in your vicinity, is the selection of your fertilizer. All Fertilizers are good, but some are better than others. Past results have proved that none surpass BRAGAW'S FAMOUS FERTILIZERS as record crop producers. The farmer who uses our brands is as sure of growing good crops as he can possibly be.

Begin ordering now: we can fill your orders immediately.

"FOR YOUR LAND'S SAKE, USE BRAGAW'S FAMOUS FERTILIZERS"

Bragaw Fertilizer Company, Washington, N. C.

#### NOTICE.

State of North Carolina, County of Pitt In the Superior Court. Stella V. Smith

vs. H. C. Smith and the Greenville Banking & Trust Co.

The defendant H. C. Smith, will take notice that an action entitled as above has been commenced in the superior court of Pitt county, N. C., by the plaintiff against the defendants, for the purpose of declaring the plaintiff the owner of certain funds deposited by the defendant, H. C. Smith in the Greenville Banking & Trust Co., and represented by Time Certificate No. 5852, for \$1000.00, and the said defendant H. C. Smith will further take notice that he is required to appear at a term of the superior court of Pitt county to be held on the second Monday after the first Monday in March, 1920, it being the 15th day of March, 1920, at the court house of said county, in the town of Greenville, N. C., and answer or demur to the complaint filed in said action or the plaintiff will apply to the court for the relief demanded in said complaint.

This the 27th day of January, 1920. seq/ll-R'm,-un,&c mb b mmb mb mbbb J. F. HARRINGTON, Clerk Superior Court Pitt County.

#### NOTICE OF SALE.

North Carolina, Pitt County. By virtue of power of sale contained in a certain mortgage executed and delivered by Walter Barfield to Hines Bros. Motor Co., dated March 25th, 1919, and duly recorded in the office of the register of deeds of Pitt county in Book L-12 page 447, which mortgage has been duly transferred and assigned to The Eure Motor Co., Inc., the undersigned assignee, will sell at public sale, before the court house door in Greenville, to the highest bidder for cash, on Tuesday, the 24th day of February 1920, at 12 o'clock noon, the following described real property to wit: Located in what is known as south Ayden and adjoining the lands of Jessie Cannon and others, beginning at a stake on an alley way in Jessie Cannon's line and running an easterly course 310 feet to a stake, thence a northerly

course 200 feet to a big ditch, thence a westerly course with said ditch 310 feet to a stake, thence a southerly course 90 feet to the beginning. Being a portion of the lands deeded to Walter Barfield by Henry Tripp.

This sale will be made for the purpose of complying with the terms of said mortgage, default having been made in the payment of note secured thereby.

This the 22nd day of January 1920. Assignee.

## Moseley Brothers

REAL ESTATE AGENTS

## Sell At Gorman's

The market sold this week 734,274 pounds for an average of .....\$41.37  
Gormans sold of this 355,468 pounds for an average of..... 42.35  
This gives the other houses 378,806 pounds for an average of..... 40.46

Our Friday's sale of 119,996 pounds was very satisfactory, however, the common tobacco was weaker and the bidding on the medium and better tobacco was not as "snappy" as it was the first of the week. The house had to support the prices, buying freely at times. We look for a better market the coming week. We advise grading and selling as with lighter sales some of the buyers will be winding up.

Gorman's has sold to-date 9,004,874 pounds. Bring us your tobacco and you will go home satisfied and drumming for Gormans.

## Gentry & Gorman

Gentry Pulls and Gorman Pushes, the Steam Plant Does the Rest.
