NUMBER 77.

PRESIDENT AGAINST ANYTHING THAT IS TO HURT TREATY

Writes Letter to Hitchcock Stating Position on Article Ten. AGAINST RESERVATIONS WOULD HURT TREATY Does Not State What Qualifications He Would or Would Not Accept.

Washington, March 8. — President Wilson restated for Democratic Senators today his opposition to any peace treaty reservations which would weaken the full force of Article Ten or otherwise materially impair the provisions of the League covenant.

Without saying specifically what qualification he would or would not accept, he wrote in a letter to Senator Hitchcock, the administration leader, that almost all of the reservations he had heard suggested were "in effect virtual nullifications" of the treaty articles to which they applied.

"I hear of reservationists and mild reservationists," the letter added, "but I cannot understand the difference between a nullifier and mild nullifier."

Discussing Article Ten particularly, the President wrote that there was "no escaping the moral obligations which are expressed in positive terms in this article," though there could be no objection to explaining in a interpretation the constitutional methods by which such an obligation would have to be fulfilled. The "very heart" of the covenant, he reiterated, would be imperiled by working Article Ten.

The President's letter, written in response to a request that he confer with Senator Simmons of North Carolina, in charge for the Democratic side of the Senate in current negotiations for a compromise, follows in full:

"My Dear Senator Hitchcock:

"I understand that one of two of your colleagues do me the honor of desiring to know what my views are with reference to Article Ten of the League of Nations and the effect upon the League of the adoption of certain proposed reservations to that article. I welcome the opportunity to throw any light I can upon a subject which has become so singularly beclouded by misapprehensions and misinterpretations of every kind.

SALVADOR TO JOIN LEAGUE OF NATIONS

San Salvador, Republic of Salvador, March 8.—The republic of Salvador has issued a decree stating that in view of the answer of the Washington government to Salvador's request for an interpretation of the Monroe doctrine, Salvador accepts the proposal to join the international convention of the league of nations. This step, it is said, conforms to the national sentiment of Salvador.

CHINA'S FIRST LABOR UNION BEING ORGANIZED

Shanghai, March 8.—What is probably China's first labor union has just been launched here by a group of laborers returned from the war zone in France. The new organization is an outgrowth of two unions of 145,000 members that were formed overseas by Chinese workers, according to Shah Chi-fung, who heads the new body in Shanghai as president. The Shanghai organization, he said, is to be the first of a number of similar units.

ALL RAILROADS TIED UP BY BLIZZARD IN THE WEST

Grand Rapids, March 9.—Virtually all railroads of western and northern Michigan were tied up by Thursday's blizzard and many towns which are isolated and suffering from a fuel famine. Office buildings, industrial plants and Cadillac must close down within forty-eight hours.

STOCK DIVIDENDS NOT SUBJECT NOW TO FEDERAL TAXES

Supreme Court Holds That They Are Not Considered Income.

Washington, D. C., March 8.—Corporation dividends distributed in the form of stock do not constitute "income" and consequently are not subject to Federal income taxes, the supreme court decided today in a five to four decision.

Provision of the 1916 Federal income tax law levying taxes on stock dividends were declared unconstitutional. The decision also nullified similar provisions of the present law and will involve great loss in revenues to the government in future collections and also refunds of such taxes already collected. Large financial interests likewise will be affected and numerous stock dividends of generous proportions are expected to be declared soon.

In the majority decision read by Justice Pitney, Chief Justice White and Justice McKenna, Van Devanter and McReynolds concurred. Of the four dissenting members of the court, Justice Holmes read a brief opinion in which he was joined by Justice Day and Justice Brandeis delivered a lengthy opinion in which Justice Clarke concurred. In holding that stock distributions are not dividends on account of no separation of corporate assets being involved, Justice Pitney, in behalf of the majority declared that stock shares "are nothing except paper certificates" in undistributed assets, are not realized profits and, therefore, not taxable.

The attempt of congress in the income tax law to tax stock distribution, the majority decided to be unconstitutional and not permitted by the sixteenth, or income tax amendment to the Federal constitution. Stock dividends, the majority held may be taxed only after stockholders realize upon them by sale in which case the government may levy income taxes on such profits.

All four dissenting justices contended that congress had power to tax stock dividends, holding that such dividends are "income" the same as if in cash. The sixteenth amendment, the minority declared, is broad enough to justify tax.

DANIELS URGES A PROVISION FOR NAVAL RESERVE

Josephus Daniels, Secretary of the Navy Deeply Interested in Naval Reserve

Washington, March 8.—Unless provision is made to maintain the efficiency of the present naval reserve force by systematic training, the navy within a few years will be faced with the same lack of potential man power, as when the country entered the war, Secretary Daniels today told the house naval affairs committee. In another war, the secretary said, there probably would be the "same opportunity for preparation." An active reserve force of 27,000 men enlisting for one year, was recommended by Mr. Daniels as necessary to provide an adequate trained reserve. He approved the bureau of navigation recommendations for a total reserve of approximately 200,000 men to be enrolled and divided into two classes, 100,000 to be trained for service, with the fleet, and an equal number for duty on merchant vessels.

Reserves would be trained at the naval stations at Hampton Roads, Va., Great Lakes, Ill., Newport, R. I., and Yerba Buena, Cal., under the department's plan.

ONE HUNDRED SEVENTY-FIVE CASES SLEEPING SICKNESS

New York, March 9.—One hundred and seventy five cases of sleeping sickness here since January last, apparently the aftermath of influenza. Health commissioner reports.

GREEN TREE HOTEL NOMINATED FOR THE HALL OF FAME

Colonists Gathered Around Historic Elm Before Starting for Lexington.

MOST FAMOUS TREE ON THE MISSISSIPPI RIVER

Made a Good Waiting Place for Men Out of Job Looking for a Trip.

Washington, March 9.—"The Great Tree on Boston Common" and "The Green Tree Hotel" at Le Claire, Iowa, the most famous tree on the Mississippi River were today nominated for a place in the "Hall of Fame for Trees" being compiled by the American Forestry Association.

The Great Tree on Boston Common is nominated by J. Collins Warren, of Boston, who sends a complete history of the tree which was blown down in a storm February 15, 1918, the centennial of the young in which the colonists gathered around the tree and started for Lexington to give battle to the British.

"The Green Tree Hotel" at Le Claire, Iowa, is nominated by J. B. Barnes, who as a boy, played leap frog beneath the branches of this tree with one Willie Cody afterward known to fame as "Bucalo Bill." The historic elm is well known on the Mississippi River because to the river men, reports Mr. Barnes, "it was the waiting place of men out of a job and looking for a trip. Therefore they give it the name of 'The Green Tree Hotel.' It is considered to be 120 years old.

Other nominations for the Hall of Fame include the DeSota Oak at Tampa, Florida, from which DeSota started for the Mississippi and the west, the Octopus Tree in Charles City, Co., Virginia, nominated by Meade Ferguson as the largest and oldest tree in the states the two oaks at Marlinton, W. Va., marked in 1751 by General Andrew Lewis nominated by Andrew Price; the tallest tree in the Balkans at Podgoritz, nominated by the Red Cross which had headquarters near it during the war.

COLORED PEOPLE TO HOLD MEETING FOR HOSPITAL DRIVE

Will Hold Mass Meeting in First Baptist Church in Interest of Hospital.

There will be held in the colored first Baptist church tonight, a mass meeting in the interest of the Pitt county hospital. The quota for the colored people of our county is \$10,000, and they are going about the raising of this sum in a business like manner. Rev. George L. White, of the A. M. E. Zion church, is the chairman of the drive, and he is deeply interested in the future progress of Pitt county. On Tuesday night of this week he will go to Farmville and speak in the first Baptist church, of that city, in the interest of the hospital. On last Sunday morning the members of the A. M. E. Zion church with the help of Rev. White, raised \$1854.64 to help in the building of their new church. Rev. White stated this morning that they were going to exert every possible effort towards the raising of the \$10,000 and were going beyond it if possible. Since coming here he has helped the colored people of our city in many ways, and now, since seeing the need of a hospital, as a memorial to the heroes of Pitt and as an aid to suffering humanity, he is putting forth every effort to help build the hospital.

Mr. Joe Rowlett, of Rocky Mount, is a business visitor to our city today.

THE REBUILDING HOTEL CHAMBERLIN BEING DISCUSSED

It Is Not Thought That the Government Will Permit Re-Building.

PROPERTY IS NEEDED BY THE GOVERNMENT

Built of Wood and Was More or Less of a Fire Menace to Other Structures.

Old Point Comfort, March 8.—There was considerable speculation among army officers and others at Old Point Comfort today as to whether the war department would permit the rebuilding of the Hotel Chamberlain, which was destroyed by fire late yesterday afternoon.

Many army officers expressed the belief that the department would not sanction the rebuilding of the hotel on its old site. Because it was built on the government reservation on property that would be needed by the government in case the country became invaded or in danger of invasion by an enemy in time of war, only a structure of a semi-temporary nature was allowed. Built almost entirely of wood, the Chamberlain has been known for some time to constitute more or less of a fire menace to the government structures on the reservation and for this reason it is considered doubtful that permission to rebuild on that site will be given.

President Duncan, of the company which owned and operated the Chamberlain, was expected to arrive at Old Point of at Norfolk, Va., for consultation with Manager George F. Adams, when it is expected that some announcement of plans for the future will be made.

ASTOR LIBRARY TO BE CONVERTED INTO IMMIGRANT SCHOOL

Property Recently Purchased for \$325,000 by the Immigrant's Society.

New York, March 9.—The Astor library on Lafayette street, one of the show-places of the city a quarter of a century ago, is to be converted into a school for immigrants. The Hebrew Sheltering and Immigrants' Aid Society recently purchased the property for \$325,000 and is to spend another \$100,000 in alterations. The building recently has been used as a storehouse for the disposal of surplus army foods.

Plans for establishing a thorough system of education for immigrants and for rendering aid to them immediately upon their arrival are now being made by the society. The upper floors will be used as dormitories for temporarily housing incoming immigrants and the lower floors for classrooms. The plans, which meet with the approval of the immigration authorities at Ellis Island, contemplate a school for citizenship, where immigrants may be taught the fundamental of American history and government and receive information as to how and where they can apply for citizenship.

"There is a pleasing sentiment about making an immigrant school of the Astor building," John L. Bernstein, president of the society, declared today. "John Jacob Astor, the founder of the library, was himself an immigrant and in his gift of the library to the public he stated that he particularly wanted it to perpetuate his adopted country had done for him. He expressed the hope that the Astor library would render aid to all newcomers to the country. It seems like a prophecy that his building should now become a school exclusively for immigrants."

Nice dry split pine wood. Pitt Wood and Coal Co. Phone 421. 26-c ed

ALLIED TROOPS NOW OCCUPY THE TURKISH CAPITAL

Britain, France and Italy Now Have Forces in Constantinople.

Paris, March 8.—Constantinople is actually occupied by allied troops under provisions of the armistice, it is pointed out by the Petit Parisien this morning, which says that city is the headquarters of General Francet d'Esperey, and there are in the city one division and one brigade of French troops, or about 15,000 or 16,000 men.

In addition there are in Constantinople one regiment of Italians and a battalion of British troops, and there are other British forces in the region of the straits. A British division is spread over Anatolia between Soutari and Brusa, while the French have a division in Western Thrace, the newspaper says.

While definite news of allied occupation is still awaited, it is stated in some quarters that this operation is rendered all the more inevitable owing to information that Mustapha Kemal Pasha, the Turkish nationalist leader is strengthening his forces on Asia Minor and that Turkish bands are concentrating in eastern Thrace in contravention to the terms of the armistice.

In the absence of a official announcement, contradictory rumors are current concerning the respective attitudes of Great Britain, France and Italy towards coercive steps. While it is declared on one hand that the decision to occupy the city was taken collectively and that British troops were chosen solely because they were nearest, another version is that Great Britain took the decision alone and completely surprised France and Italy by communicating it.

OXFORD POST OFFICE ROBBED OF STAMPS DURING THE NIGHT

War Savings Stamps Vaud at Ten Thousand Dollars Are Missing.

Oxford, March 9.—War savings stamps valued at ten thousand dollars, postage stamps to the amount of five thousand dollars and about \$75 in money were secured by safe blowers who blew open the post office safe here last night and made their escape. No arrests have been made. The robbery was discovered when the post office was opened this morning.

IRVIN COBB TO SPEAK

AT WILMINGTON

Wilmington, N. C., March 8.—Irvin S. Cobb has accepted the invitation of the Wilmington Post of the American Legion to deliver an address in Wilmington. He will speak at the Academy of Music on the night of March 22.

Efforts are also being made to have Lieutenant Colonel Theodore Roosevelt deliver an address here during the coming spring. Colonel Roosevelt is slated to deliver several addresses in Asheville in the near future.

SNOW BLOCKADES IN NEW ENGLAND BEING REMOVED

Digging Out Holiday Was Proclaimed in Several Cities.

VOLUNTEERS RELEASE STALLED FREIGHT TRAINS

Service Was Suspended in Many Sections for 36 and More Hours.

Boston, March 8.—Railroads industries and community volunteers combined efforts again today to restore the passenger and freight transportation northern New England by the storm Saturday. A "digging out" holiday was proclaimed in several cities and scores of industries diverted the energies of their employees to the swinging of picks and shovels over railroad ties.

The situation in Maine, New Hampshire and Vermont was the most serious in many years. Hundreds of passengers were marooned in small cities and towns where trains had been stalled since Saturday night and in some places the feeding of these refugees became a serious problem.

In Brunswick, Me., 500 passengers from stalled trains have been cared for. At Richmond, also on the main line of the Maine Central Railroad, 200 others including Commander Evangelin Booth, of the Salvation Army, found refuge. Fifty passengers were stalled all Saturday night and yesterday in an immense snowdrift near Dover. Passengers on the Bar Harbor train spent the night in the cars about 17 miles east of Bangor.

Service between Portland and Boston on the Boston and Maine was resumed today after a suspension of nearly 36 hours.

The mountain division of the Boston and Maine remained blocked by a mass of snow which slid down from one of the peaks of the White Mountains and buried the tracks forty feet deep. Transportation between Concord, N. H., and the northern parts of the state Vermont and Quebec was at a standstill.

Service on the Boston and Albany and the New York, New Haven and Hartford railroads was nearly normal today.

ON HER WAY TO ALTAR

MODEL WEDS ANOTHER

Bridgeport, Conn., March 8.—The name of Miss Elizabeth Francis Kinney appears on the stubs of two marriage license blanks in the town clerk's office here. She was a model and engaged to marry Albert Lee Cowles. When the latter left her to arrange for the ceremony, along came a travelling salesman, William C. Pugsley, a former suitor. The girl changed her mind and married William instead. Cowles took the desertion stoically.

TO RESTORE ORDER IN PORTUGAL

Washington, March 8.—Order has been restored in Portugal following last week's strikes, the Portuguese legation here was informed today in a cablegram from Lisbon.

Explaining the recent resignation of the cabinet the cablegram said the withdrawal of the ministers was due directly to the failure of the majority in parliament to support cabinet proposals that striking employees' who could not justify their absence from work be dismissed.

FIVE FIREMEN OVERCOME IN FIRE IN BALTIMORE MONDAY

Baltimore, March 9.—Five firemen were overcome in fighting three hundred thousand dollar fire in a grocery warehouse in the downtown section last night.

TUESDAY, MAR. 9TH, 1920.

Some of these days the consumer will rise and refuse to stand the high pressure any longer.
No other country is so well pleased as Germany over the attitude of the United States senate toward the peace treaty.

Just across the way in Kinston 24 arrests for speeding were made in two days by a motorcycle officer. That is going after them, and if other towns follow the example of Kinston it may help to put some check on speeding.

A prominent Greensboro business man while running his automobile fifty miles an hour, turned his car over and was killed. At such a rate of speed a serious accident was the most natural thing to look for. Fortunately there were no other occupants of the car at the time to fall victim of his speed mania.

One of the worst things in connection with Oteen hospital investigation was the way information was kept from the public and admission denied to all outsiders. If the people had promptly obtained the real facts there might not have been found so much to make a stir over.

THE CHAMBERLAIN.

In this courageous land of ours there is consolation for almost every fire loss in the thought that the injury will be repaired, the building rebuilt, the property re-created. That consolation hardly applies, however, in the case of the Hotel Chamberlain. After the manner of Pollyanna, we may be glad that, so far as is known at this hour, there was no loss of life; moreover, on general grounds of humanity we may take some comfort from the reflection that the unfortunate people who lost so much personal property were, for the most part, better able to suffer such a loss than the average person. And without regard to the insurance feature, the destruction even of this valuable property cannot impose a heavy burden on the great estate of which it formed a part. For those who made their living in operating the hotel, the fire causes total loss of present means of support, and to those much sympathy goes out.

From the public viewpoint also it is to be feared the burning of the hotel causes a total loss. And this in turn causes regret that is by no means sectional or local only. The Chamberlain is linked with so many happy memories that came into being both before and after the razing of the well-loved old Hygeia, that its destruction will cause many a pang in many parts of the United States and will even arouse regret in men and women in other lands.

It is a total loss because there seems little reason to hope that the hotel will be rebuilt. It stood on a government reservation and was built in other days under peculiar circumstances which will hardly recur. We might as well look on the Chamberlain as gone, and be sorrowful accordingly. — Ledger-Dispatch.

GUILFORD STEAMER LOCATED TODAY BY COAST GUARD CUTTER

Motor Boats to Be Sent to Land The Rescued Crew Boats Frozen In.

Boston, March 8. — The Shipping Board steamer Guilford, abandoned in a sinking condition yesterday about fifteen miles off Nantucket Shoals, was located today by the coast guard cutter Albatross. A wireless message from the coal laden derelict was low in the water, it appeared possible to beach her within a few hours. The Guilford was bound from Norfolk for Boston. The destroyer Dale, which took on board the captain and crew of forty-one after they had been rescued by the transport Pocahontas, was proceeding toward Newport. The destroyer asked that motorboats be sent to land the rescued crew, as the boats aboard were frozen in.

FRENCH CHAMPION MARRIED IN PARIS

Paris, March 8. — Georges Carpentier, heavyweight boxing champion of Europe, was married to Mile. Georgette Laurentit Elasse at the city hall today. The religious ceremony will be celebrated at a Paris church tomorrow. The civil marriage occurred some hours before the time originally set, in order to avoid the crowds. The bride said after the ceremony that she did not like boxing and would not watch her husband fight for the championship. Francois Descamps, Carpentier's manager, had previously announced that her opposition would cause the match with Jack Dempsey to be Carpentier's final.

SPECIAL SESSION WILL CONSIDER EQUAL SUFFRAGE

Wilmington, Del., March 8. — Governor Townsend today issued a proclamation calling the Delaware legislature in special session on March 2, to consider action on the equal suffrage amendment to the federal constitution and other legislation.

INTRODUCING SAHLUKENE QUEEN OF WITCH DOCTORS
Sahlukene Cele, once queen of the Zulu witch doctors, has abandoned her practice and is studying Christianity. Cele was known as premier "caster out" of "maidenly spirits" in Africa. The Zulus believe these spirits have power to keep eligible young men from proposing. At least, the Zulu debutante thinks this true and when a proposal does not come quickly she seeks the witch doctor. Tribal wars in recent years have made men scarce in Zululand, so Cele was doing a tremendous business when a field worker for the religious, social and economic world survey of the Interchurch World Movement met her. He saw Cele banish spirits with incantation and the smoke from a fire consisting of herbs, leaves, cuttlefish powder, elephant's flesh and a live python. Cele explained that the python's ability to hold tightly was passed on to the maiden that she might keep her husband in an everlasting grip. It was through the efforts of Dr. James B. McCord, a Congregational medical missionary, that Cele became interested in Christianity. Dr. McCord is now in the United States in the interest of a medical institution to be started in Durban. Here the Zulu witch doctors will be taught medicine and surgery.

NOTICE.
The End of the Century Club will meet with Mrs. J. L. Hassell Wednesday afternoon at 3:30 o'clock. Every member is urged to be present.

PERSONAL.

Major B. L. Wilson returned last night from Petersburg, Va.

Mr. E. K. Bryan, of New Bern, is a business visitor to our city today.

Mr. W. J. Haddock, of Kinston, spent last night in Greenville.

Mr. Tom Dupree, of Williamsport, Penn., who has been visiting his mother, Mrs. R. Hyman, returned home today.

Mr. Graham Flanagan who is attending school in Richmond but who was called home a few days ago on account of the death of his uncle, Mr. T. M. Hooker, returned to Richmond today.

Mr. Douglas Ward, who has been visiting his mother, Mrs. J. T. Ward, returned to Durham today to resume his studies at Trinity College.

HELENTYSON.

The following invitations have been issued:

Mr. James Clifford Tyson requests the honor of your presence at the marriage of his daughter Helen Christine

to Mr. Earle West Hellen on Wednesday afternoon, March the twenty-fourth at three o'clock Memorial Baptist Church Greenville, North Carolina No cards in town.

BAGWELL-GALLOWAY.

One of Pitt's Attractive Young Ladies Becomes Bride of Raleigh Man.

Last night at the home of Mrs. Bettie Galloway, near Grimesland, her daughter Elizabeth Gertrude was married to Mr. M. E. Bagwell, of Raleigh, by Rev. Ippock, of Grimesland. The marriage was a surprise one, and only relatives and the most intimate friends of the bride were present. The home always beautiful was much more so on this occasion with its decorations of potted plants and cut flowers. An improvised altar was arranged in the parlor and the bride who had no attendants, entered with the groom. Immediately after the ceremony they motored to Greenville, and left this morning for a bridal tour of northern cities. Miss Galloway is one of Pitt county's most attractive and gifted young ladies. She is well known here having attended school here for several years. She possesses a host of friends throughout Eastern Carolina. Mr. Bagwell is a native of Raleigh, but has visited here several times. He is a brother of Mrs. John Horne of this city, and is held in the highest esteem by a host of friends.

MISSION STUDY CLASS.

The study class of the Woman's Missionary Society of Jarvis Memorial church will meet in the ladies parlor Friday afternoon, March 12th, at four o'clock. The protracted delay in beginning the work, due to the prevalence of influenza, was unavoidable. The subject for study is, "Making America Safe." It is hoped that all those who joined the class can arrange to be present at this meeting. Any others interested will be welcome.

MARIA D. GRAHAM, Leader.

Odd Fellows meet tonight.

Some warmer today, yes, just a little.

NOTICE TO THE PUBLIC.

Notice is hereby given that an part of the Old Plank Road between Greenville and Ballard's Cross Roads will be closed on or about March 18th, for purpose of construction and paving. Only such sections will be closed as will be necessary to prosecute the construction. Notices will be placed on the Highway diverging routes for traffic during the period of the closing of each section of the road.

By order of the Pitt County Highway Commission.

GEO. B. W. HADLEY, Chairman.

WIDE SPREAD INTEREST ATTEND OPENING OF LEGISLATURE

Toronto, Ont., March 8.—Widespread interest attends the opening of the legislature of the province of Ontario here tomorrow in view of the fact that the new assembly is a preponderantly "farm and labor" government, committed to public ownership or control of railways and water transportation, telephone, telegraph and express systems.

Ontario, which has led politically in the movement of the farmers to governmental power, is not so much of an agricultural province, relatively speaking, as the great grain-growing provinces of Alberta and Saskatchewan, where the old-lieu Liberals are still in power. It is on the contrary, much of a manufacturing region. Notwithstanding this, the United Farmers of Ontario won 45 of the 111 seats at the general elections on October 30 and by coalition with 11 labor members, the agriculturalists obtained a slim majority to control the legislature. The cabinet of Premier Drury is composed of eight farmers, two laborites and one lawyer—there had to be one lawyer for the attorney generalship.

The development of the farmers' political organization has proceeded steadily since 1914 when a small group met in a farm house near Toronto and organized the First Farmers' Co-operative Society. It was announced that the organization would confine itself to commercial enterprises but it soon became a political factor.

The farmers' platform approves the League of Nations and favors the "development of the British Empire along the lines of partnership between nations free and equal."

It urges the reduction of Canada's huge national debt by development of her "natural resources." It also denounces the protective tariff as "the most wasteful and costly method ever designed to raising public revenue," adding that "Great Britain's financial strength during the war was due to her free trade policy which enabled her to draw her supplies freely from every quarter of the globe and consequently to undersell her competitors in the world's market."

It also recommends the acceptance of the Reciprocity Treaty offered to Canada by the United States in 1911. In addition the platform aims to set in motion a basis of commerce which, in five years, would result in complete free trade with Great Britain.

LOST SATURDAY NIGHT ON ROAD from Greenville to Snow Hill, one 32x4 Diamond Tread Good Year tire on rim with black cover. Notify R. H. Westbrook, Snow Hill, N. C. and receive liberal reward. 8-3t

MONEY AND CHECKS LOST. Lost Saturday night between Greenville and Goldsboro one envelop containing one check for one hundred dollars one for \$36 two for \$10 each and about three hundred and fifty in cash. This was all in envelop sealed up. Finder notify Ollie Clark and get large reward.

Washington, March 8.—The sugar shortage and the approach of "sugar weather" lead department of agriculture experts to make the statement that many thousands of American farmers throughout a region comprising more than a score of states, in the eastern and northeastern part of the United States are overlooking opportunities to secure maple sugar and sirup for home use, as well as for sale, at very little cost.

While Americans commonly think of the maple sugar industry as confined largely to circumscribed areas in eNw England and New York, there are, as a matter of fact, many potential "sugar bushes" in the region extending as far south as North Carolina and Tennessee and westward to northern Missouri, Iowa and Minnesota as well as in Washington and Oregon. In a good season a tree 15 inches in diameter will yield sufficient sap to make from one to six quarts of sirup which in turn can be concentrated into two to ten pounds of sugar.

Discovery was made by government investigators of many groves of sugar maples in North Carolina, one of which is probably larger than any now to be found in New England. The owners, being unaware of the value of the trees from the maple-sugar standpoint, had begun cutting them for lumber at an average return of less than \$1.00 a tree. Last season, upon suggestion of government experts, these groves were tapped and yielded sirup that sold for \$4.00 a gallon. Revelation of the potential value of the groves induced the owners to plan more extensive operations for this spring.

This year's flow of sap is expected by experts to be more satisfactory than last year. The maple sugar and sirup

industry is distinctly American and offers good commercial opportunities, government experts say, for those who engage in it systematically, as the demand for both sirup and sugar is far beyond the supply.

CERTIFICATE OF DISSOLUTION.

State of North Carolina.
Department of State.
To all to whom these presents may come—Greeting:
Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all stockholders, deposited in my office, that the Pitt Lumber & Manufacturing Co., Company, a corporation of this State, whose principal office is situated at No. _____ Street, in the Town of Greenville, County of Pitt, State of North Carolina, (W. T. Forest being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revisal of 1905, entitled "Corporations," preliminary to the issuing of this certificate of dissolution.

Now, Therefore, I, J. Bryan Grimes, secretary of the State of North Carolina, do hereby certify that the said corporation did, on the 26th day of February, 1920, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 26th day of February, A. D., 1920.

J. BRYAN GRIMES,
1 1t 4 wks
Secretary of State.

NOTICE.

North Carolina, Pitt County.
Rosa King

vs.
Lawrence King.

In the Superior Court.

The defendant, Lawrence King, will take notice that an action entitled as above has been commenced against him in the Superior Court of Pitt County, N. C., for the purpose of procuring a divorce absolute.

And the said defendant will further take notice that he is required to appear before the Clerk of the Superior Court for Pitt County, N. C., on the 8th day of March, 1920 and answer the complaint which will be filed in the office of the said Clerk of the Superior Court on or before said date, or the plaintiff will apply to the court for the relief therein asked.

This Feb. 6th, 1920.

J. F. HARRINGTON,

Clerk Superior Court.

F. C. HARDING, Atty. 6-1tw4wks

A 'Cord Tire' Storage Battery Guaranteed Two Years

Most automobile starting batteries are not guaranteed at all. The Philadelphia Diamond Grid Battery with the Philco Slotted Retainer is guaranteed for two years.

Like the cord tire, it not only lasts longer but all during its life can be depended upon for more reliable service.

Two exclusive, patented features are: the Diamond Grid and the Philco Slotted Retainer.

1. The Diamond Grid, "built like a bridge," gives the strength to resist strain of sudden discharge and to withstand the rough jolting of hard service.
2. The Philco Retainer is a sheet of hard rubber closely perforated with long, narrow slots, placed against each positive plate, to prevent active material from falling off the plates; this adds at least 25 per cent to the life of the battery.

To you, as a motorist, these features mean not only longer life secured by a Two-Year Guarantee from the manufacturer, but more snappy starting, more reliable lighting and fewer repair bills. We repair and recharge all make s of batteries.
