SAYS CONFLICT OF NEXT WAR WILL BE FOUGHT IN THE AIR

General William Mitchell Visu-
alizes Conquered Fleets
By Airships.

GUN-BEARING PLANES
WILL PLAY GREAT PART

The First Battle Will be Last
and Defeated Will Make
Peace.

New York, March 26.—The first battle of the next war will be fought in the air, Brigadier General William Mitchell, chief of the Division of Training and Operations, Army Air Service, declared in a statement here today, in which he visualized a decisive aerial conflict. The battle, he added, would be the last one of the war because the losing nation would be helpless and unable to continue hostilities after its air fleet has been conquered.

The air service chief predicted that aviation will "completely drive" huge battle cruisers, battleships and other surface ships off the water in the next conflict. "A great air force can render surface craft incapable of operating and stop debarkations from ships and attacks on shore establishments," he said.

Brigadier General Mitchell in his visualization of the great air struggle of the future described vividly the part he believes giant gun-bearing battle planes, bombers, rigid dirigible balloons and armored aircraft of various designs will play in the next war.

With the beginning of war he pictures a huge fleet of dirigible balloons soaring high above the ocean and, from nests on the tops of these, tiny airplanes are launched, locate the enemy fleet and return with the information. The chief air officer, working in concert with the army and navy, sends

The American fighting planes drive from the sky the enemy pursuit and combat planes launched from the decks of enemy battleships.

"Then comes the main attack by our air forces against the hostile fleet," says General Mitchell. "The battle planes are in squadrons of 25 and four of these constitute an attack group. Circling over the enemy fleet they maintain a heavy fire, destroying personnel and anti-aircraft equipment.

"With the gun-bearing planes or immediately behind them are the bombers, huge air freighters carrying projectiles weighing up to one ton and depth bombs for effect against submarines. Water torpedoes controlled by wireless from the planes crash into the sides of the hostile vessels sinking the small ones and damaging the larger."

WORKERS FORCES THREATEN
TO DESTROY GERMAN MINERS

London, March 26.—Workers forces are entrenched southeast of Wessel and threaten to destroy all factories and mines in Western Germany if they fail to capture Wessel, says an exchange telegraph dispatch from Berlin. Reds have established great headquarters similar to that of old German army and are issuing official statements. Last night a Red communique said they had captured several towns and took two-hundred prisoners during the day. Muenster telegrams reported severe engagements between government and communists troops in at points in the industrial region.

SENATOR HARDING FAVORS PLAN FOR COUNTY HOSPITAL

Writes Letter to President Win-
slow Praising General
Working Plans.

THINKS COMPLETE PLAN
HAS BEEN WORKED OUT

Method of Raising Money and
Controlling Institution is
Commended.

The following letter from Senator F. C. Harding to Mr. J. E. Winslow, President Pitt County Memorial Hospital corporation, will be read with no little interest by people in this part of the state, for what Mr. Harding says about the method of raising money, building, controlling and maintaining the proposed memorial hospital, is worthy of more than usual consideration. The letter, omitting salutation and signature, follows:

"I have not been deeply interested in the Memorial Hospital movement because I did not understand it, but since I have been informed as to the method of raising the money, building, controlling and maintaining the hospital, I desire to assure you that I believe you have worked out not only as complete a plan as possible, but also one that will be successful. I therefore not only endorse the plan, but herewith enclose my subscription gladly.

"Wishing you success in the great undertaking."

The Reflector way is to give both reader and advertiser the best service possible and more than value for their money.

My fellow Christians:
In very early times, before the coming of our blessed Lord, when the Passover drew nigh, every faithful Isrealite, who wished to observe the law, went to Jerusalem to keep the Feast. There he offered his lamb, beheld the sprinkling of its blood in the temple, and he and his family received strength and inspiration from this solemn Feast in the proportion in which they entered in the spirit of it as established by God.

Some few thousand years later after this Feast had paved the way that the reality displaced the shadow, the Son of God, by God's own decree, beautifully assented to and obeyed by his Son, Jesus Christ, he became the lamb of the one eventful Passover for the salvation of all people every where, and at all times.

To reverently commemorate the Divine purpose and keep in harmony with that purpose as first indicated in the establishment of the Fast of the Passover, and exemplified is by the crucifixion of Christ for the salvation of mankind, Easter observed and revered by all Christians. The Episcopal church is one of the divine institutions believing that the Feast of the

REGISTRATION LAWS MAY CAUSE WOMEN TO LOSE BIG VOTE

Women in Several States May
be Deprived of Voting
if Change Isn't Made

SUFFRAGE RATIFICATION
MUST BE FINISHED SOON

Legislatures in Many States
May Change Law to Meet
Requirements.

Washington, March 25.—Women in several states may be denied a vote in the coming Presidential election despite ratification of the Suffrage Amendment before November, it is said at the headquarters of the National Woman's Party here, unless changes are made in registration laws.

In order that women all over the United States may register to vote in the November election under existing laws, ratification must be completed before May 1, 1920, on which date Georgia closes its registration, Excluding Georgia the next date is June 30 when registration closes in Rhode Island. Registration in all other states does not close until September or October by which time suffrage leaders are confident the amendment will be ratified.

Other requirements, however, besides the element of time may nullify the women's vote next November in certain of the states, especially in the South, unless the legislatures are willing to make necessary changes in the laws. Passage of a poll tax is required in eight of the states, in Virginia over a period of three years before the election and in Florida and Louisiana for the two years previous. Texas law calls for the payment of a poll tax on January 1, Alabama and Mississippi on February 1 and North Carolina and South Carolina on May 1st.

Pressure will be brought to bear upon the legislatures, where necessary, to have registration re-opened and the laws modified, it is said here, but women political leaders hope the changes will be accomplished without difficulty. In states where women have not heretofore been given the privilege of fulfilling the necessary requirements,

RICHMOND MAN IS
GREATLY PLEASED
WITH GREENVILLE

Writes Letter to Mr. Flake,
Speaking of Development
in This City.

The following letter from J. T. Palamary, president of the Cottrell Saddlery Co., of Richmond, Va., to Mr. Sam Flake of this city, will be of interest to many people here as it is general proof of Greenville's rapid increasing recognition by people who know what they are talking about when they call it a good place to live. This letter is no exception, in any sense of the word, for such expressions are heard almost daily by men who come in constant contact with visitors. Mr. Palamary's letter follows:

"Dear Sam:
"I want you to know that we made the rounds, and got back home safe and sound, a little disgruntled but still in the ring.

"Without trying to throw any bouquets, I want to say that Greenville, N. C., has made the most wonderful improvement of any town I visited. While it is true it has probably been twenty years since I was in Greenville, some of the other towns I have visited in the last ten years, perhaps this is the reason Greenville, to my mind, has grown more than all the rest of them. You have a town of which you are no doubt very proud.

"Here's wishing you continued prosperity."

COBB CHILDREN TO HEREAFTER REMAIN IN FATHER'S CARE

Judge Connor Says State Statutes Will Not Permit Their Removal.

MOTHER'S ACCUSATIONS
ARE NOT SUBSTANTIATED

Falkland People Testify that
Mr. Cobb Has Not Been
Guilty of Charges.

Declaring that the statutes of North Carolina would not permit the four Cobb children being removed from this state to Maryland as requested by Mrs. William Williams, divorced wife of Joseph Cobb of Falkland and mother of the children, Judge Connor in yesterday evening's session of civil court rendered a decision providing that the children should remain in charge of the father, giving the mother privilege of visiting them from time to time.

Immediately following the decision attorney's representing Mrs. Williams gave notice of appeal to supreme court, although there is much speculation among officials today as to whether the controversy will be continued. The outcome of the case was nothing more than expected as the decision was similar to that rendered at the last term of superior court when the children turned over to juvenile court for disposition, the presiding judge holding that the case was not within jurisdiction of his court. Provisions of juvenile court, in which the girl was returned to her mother and the boys to their father, failed to satisfy either side of the issue, and subsequently, appeal was made to superior court for reconsideration.

There were several witnesses examined by the court preceding Judge Connor's ruling, among them being responsible citizens of the Falkland vicinity who testified to the good standing of Mr. Cobb, declaring that he was making every effort to provide for them as best he could, and that regardless of his inability to make their environments the very best, the children were being well cared for and not subject to deprivation and immorality as charged by the mother throughout her examination. The testimony was convincing.

AMERICA FIRST TO
BE GIVEN TONIGHT
BY LOCAL TALENT

High School Students to Present Play in Auditorium
at 8 O'clock.

Tonight at the school auditorium the young people will give the musical play "America First" and the piece will go with snap and swiftness, there is not a dull moment in it. From the exquisite dance of the Allies to the big chorus, "Tis All For Uncle Sam," and from the romantic scenes of Carmen and her soldier lover, to the comicalities of the sergeant and newspaper reporter, the play is brim full of interest and the three score or more participants will give a good account at the performance tonight which begins at eight o'clock.

Tickets can be had from the Boy Scouts under whose auspices it is being given, or they can be had at the door, as there are no reserved seats. Come on out and see a good show and help along with the Boy Scout movement.

ENGLISH COLLEGES TO REVIVE CLASSIC BOAT ROWING TEST

Oxford and Cambridge University Eights to Open Season Tomorrow.

TWO SCHOOLS MET LAST
ABOUT EIGHT YEARS AGO

American Oarsmen Are Taking
Active Interest in Out-
come of Races.

New York, March 26.—After a lapse of six years the classic collegiate rowing test between the Oxford and Cambridge university eights will be revived tomorrow in England. This annual rowing event which was first decided in 1841 was won 39 times by the Oxford oarsmen. The Cambridge crew finished in front in thirty-one races and once, on March 24, 1877, the result was a dead heat. On one other occasion neither crew scored a victory. This was on March 20, 1912 when both boats were swamped in the rough water and the race was declared void.

The last time these rival college crews met was in March 1914, when Cambridge proved the victor. Then, the world war interrupted all sporting events of any prominence in Great Britain so that this year it was decided to revive this event in which the British sporting public takes a very keen interest, many big wagers being lost and won on the results.

This year, however, American oarsmen and followers of rowing on this side of the Atlantic will be interested in the outcome of the English Varsity rowing contest in as much as there is a probability that one or more American crews may meet either or both of the English collegiate crews during the English Henley regatta next July or the Olympic Games regatta at Antwerp later.

The course over which the Oxford-Cambridge race is rowed is on the Thames river between Putney and Mortlake a distance of 4 1/4 miles. Thousands of persons line the banks on either side of the river to watch the contest and everywhere one sees nothing but dark or light blue flags, streamers, ribbons and other decorations in the rival colors of the Oxonians and Cantabs.

President Swann of the Cambridge University Boat Club thinks well of the chances of his crew against Oxford. In a recent interview he said:

"It must not be forgotten that we have had a year of rowing at Cambridge since the armistice, and it has been exceedingly useful. Still we are nothing like in the position we used to be in before the war when commencing practice for the race."

TIME IS GETTING SHORT

FOR OLD PRICE RENEWALS

You had better do like many other people are doing this week, renew your subscription to The Reflector before the price advances. Only four more days in which you can take advantage of the old price, as the advance goes into effect April 1st. Subscribers outside of Greenville should hurry to send in their renewals, while those in town can see Mr. D. D. Haskett on his round or call in at the office. You can save a dollar on a year's subscription by not putting this off any longer. Both old and new subscribers can take advantage of the old price if they wish to do so before April 1st.

THESE DEFENDANTS SAY

FISH WON'T BITE YET

Parson Phillips, Barrister Cooper and Stamp Licker Whitchard, piloted and chaperoned by King Fisher News Stand Whitchard, under the influence of the balmy spring weather yielded to the "call to the wild" and hiked out yesterday afternoon on the first fishing stunt of the season. They played their lines diligently but there was not much bobbing of corks, the sum total of the catch being two perch and two eels. They all with one accord say "it's too soon for 'em to bite," but they are looking for better luck next time.

FRIDAY, MARCH 26, 1920.

We never realize the true importance of the bee until he sits down.

The peace treaty is in the hands of President Wilson again, but the senate majority hasn't forgot how it was defeated.

Senator Newberry will not be requested to relinquish his position in the senate, the governor of Michigan says. But this does not remove the fact that he should not.

Probably the British didn't succeed in pulling the wool over Admiral Sims' eyes, but if they did, he will be able to see some things clearly when the investigation is concluded.

Automobile speeding may be vigorously denounced, but it will never be stopped until those condemning fast driving learn to drive at moderate speed themselves.

The senate is now considering sending Armenia a sufficient supply of arms and ammunition to equip a stable army. And Admiral Sims talks about the inadequate equipment of the American navy.

Republican members of the senate are now trying to get together and find out what kind of declaration will be most advisable for peace in this country, but if efforts prove as futile as formerly, peace in this nation is an impossibility.

Several cities throughout the country are taking measures to do away with so much vagrancy, and are putting idlers to work. This is one of the most direct ways of increasing production and should appeal to people in every part of the country having their community at heart.

Information received from Berlin yesterday and today indicates that belligerents in that section are unusually quiet, yet this is no assurance that Germany is entirely free from disturbances such as occurred last week and probably means that subterfuge is playing its part for the present.

There are only four more days for subscribers to this paper to renew subscriptions before the new rate become effective April 1st, therefore, anyone who may be contemplating a renewal or entering their names on our lists should do so at once at the old rate. The Reflector is the only paper throughout practically the entire country that has not raised its rates during the past several years, but the high cost of print paper and advanced cost of living compels us to raise our price, although it is small indeed when comparing our news columns with those of other papers. Our every effort is directed towards giving our readers the very best news service possible, and in doing so, advertisers are assured of receiving direct results because of an extensive circulation. BRITISH ORDER STARTS ARGUMENT.

Under the terms of a recent Order of the Privy Council of the British government, "no person other than a British subject resident within the limits of this Order, shall act as managing director or in any position similar to that of managing director, or shall otherwise exercise general or substantial control of the business of a China Company." As a result, all American managers of American companies organized, for convenient, under the British Incorporation Laws for China have been forced to resign their places in favor of British subjects.

This order is only one of the aggressive steps taken in the last year by the British government in conformity with its policy of governmental encouragement and support of foreign trade. By way of contrast, the congress of the United States has recently been attempting to destroy the one agency of our government which is most effective in aiding foreign trade, the Bureau of Foreign and Domestic Commerce, by cutting out its appropriations.

This expulsion of the American managers from all companies incorporated under the "Companies Ordinance, 1911, of the Colony of Hongkong," lends probability to the one agency of our government which is most effective in aiding foreign trade, the Bureau of Foreign and Domestic Commerce, by cutting out its appropriations.

Now that Pitt county is assured of having a fair in this city during the month of September it would be advisable for farmers and housewives to get busy and prepare appropriate exhibits for the event. The fair will undoubtedly be one of the best in this section of the state, and certainly will receive liberal patronage from many many localities. The men behind the movement are to be commended for their interest in the county in making

such an occurrence possible, therefore, it is only natural their efforts should be amply rewarded by a large attendance of county people.

Bills now pending before congress aim to remedy the situation. In China at present, a company formed by Americans and backed by American capital can be incorporated only under the laws of Great Britain or else under those of one of our different states. These state laws are so unlike and change so constantly, and court procedure and decisions vary so much in the different states, that the state laws are generally distrusted abroad, and it is difficult, often impossible, to secure investment of foreign capital in American concerns organized under these laws.

News reports carried in this paper yesterday concerning the organization of a baseball club in this city were no doubt read with genuine interest by people in every part of the county, for the mere fact that we are to have baseball whether independent or league suggests the probability of many hot summer days passing away pleasantly and many of us sitting perched in the bleachers watching Greenville win out over opponents. It has been a long time since the city has had a real live ball club, and it is to be hoped people will give generously to the soliciting committee which will canvass the town within the next several days.

STATE COLLEGE TO ERECT MONUMENT HONORING SOLDIER

Plans Formed for Erecting
Memorial to College Men
Who Died in Service.

Raleigh, March 25.—The memorial committee of the General Alumni Association of State College met in Raleigh on the 22nd to consider the numerous forms of memorials which have been proposed as a lasting tribute to the thirty-three former students who gave their lives in the World War. After a careful survey and a thorough discussion of the various types proposed, the committee unanimously decided to undertake to raise \$30,000 and erect a tower and chimes on the college campus.

The tower will probably be about ninety feet high and will cost in the neighborhood of \$10,000, the clock \$2,400; and the chimes \$16,500. Unforeseen expense will doubtless run the cost up to \$30,000.

The tower design is of course still to be worked out. The committee had before them a number of designs. The design of the Campanile at Iowa State College will probably be followed. Correspondence with the Iowa College brings very assuring comment on the chimes, and their aesthetic value in the life and atmosphere of the college community. The chimes are played at a regular time in the evening during the recreation period of the students. Not only the students, but the whole college neighborhood are greatly pleased with them. The same may be said of many other college communities in the United States where chimes exist.

It is the purpose of the committee in charge to renew the campaign for funds and it is believed that many who have not given will now give liberally for the memorial. So far a little over \$7,000 have been subscribed.

SENATE PREPARES FOR FINAL TEST IN PEACE TREATY FIGHT

Washington, March 18.—Senate leaders prepared today the final test in the peace fight if remaining reser-

tions are disposed of before adjournment of night session. Possibilities are that it will end a hard fight. Efforts of W. J. Bryan to persuade the Democrats to compromise have added an uncertainty to the outcome. Baldwin Colby has been called before

senate committee to consider his nomination for secretary of state today. It was stated that the meeting was behind closed doors. Colby's statement is expected to determine whether there will be a long senate investigation over his nomination.

SIBERIA IS A HERMIT HE PUBLIC SAYS AN AUTHOR EXPECTS

London, March 12.—Liberia is truly a hermit republic, writes Alan Bourchier Lethbridge, author and traveler, in the Daily Telegraph. The country, he adds, has no roads, no railways, no telegraphs, no steamboats on her rivers nor any practical exploitation of her wealth.

Lodgings in Monrovia, the capital, virtually do not exist with the exception of one place which is conducted by the mayor. This man is an enterprising negro of North Carolina who besides attending to other duties of the mayoralty and conducting his hotel, operates an ice plant and an ice cream parlor which formerly were German property. From these latter his profits are said to be gigantic. He also has "something to do with the Post office" and is a police court magistrate.

"In fact," says Mr. Lethbridge, "this remarkable man, starting from nothing, has made himself a Rockefeller of Liberia."

In Monrovia, says the traveler, there are no horses, motors, rick-shaws or other wheel vehicles; no street lighting, no drinking water and not infrequently food supplies for the European colony run out and strict rationing is enforced until the ship arrives.

FLOTILLA OF DESTROYERS EXPECTED IN SIDNEY

London, March 13.—The flotilla of six destroyers presented by the Admiralty as a free gift to the Austrian navy has just been taken over formally by the Austrian High Commissioner, Andrew Fisher, and is timed to arrive in Sydney on Anzac Day, April 25. They are the *Tattoo*, *Success*, *Taunua*, *Stalwart*, *Anzac*, and *Swordfish*.

Mr. Fisher states that these new vessels all of which have left the slips since the armistice, differ so greatly in design, armament, maneuvering speed, and range from the destroyers already belonging to the Australian navy that if pitted against them not one of the earlier vessels could live for more than a minute or two.

BERLIN IS STILL UNDER BAYONET RULE, IT IS SAID

Germany, March 19.—Berlin is still under the bayonet rule, but Ebert troops are controlling the streets. The revolution forces have departed leaving chase behind them. The rear guard turned against the jeering crowds under Din Linden, killing many citizens and wounding scores. More blood was shed near the parliament building. While in Charlotburg such character clear view was obtainable, while the Soviet, it is said, which has been forced in a number of important districts does not appear against the movement which is gaining so much momentum. From forty to fifty thousand soldiers are said to be involved in the revolutionary movement. Leaders are being arrested and an amnesty is being granted others.

COBB CHILDREN TO HEREAFTER REMAIN IN FATHER'S CARE

(Continued from page one.)

and impressive, and tended to remove several obscure points prevailing among officials.

Mrs. Williams' testimony was similar to that presented at the last term of court, being filled largely with accusations tending to show that her children were not being well cared for and that their environment was below the average. She also charged Mr. Cobb with trying to subject her to immoral relations with other men before their separation, bringing in several instances when this occurred, but which could not be substantiated on account of insufficient evidence from other sources.

The court gave every fact presented due consideration but testimony by Falkland people removed all doubt as to what disposition should be made with the children, while it is probable that recent investigations conducted by the Juvenile court and its subsequent decision may have had much weight with the higher source of jurisdiction. Anyway, the final action of superior court so far has brought the issue to decided conclusion unless the appeal to supreme court is carried through.

ST. PAUL'S CHURCH TO HOLD SERVICES DURING NEXT WEEK

(Continued from page one.)

Passover should be preceded by a spiritual preparation for it, and therefore puts forth its efforts to observe and have observed the Lenten Season as a proper period for such spiritual preparation.

You are, therefore, cordially invited to come to St. Paul's church and worship with us, and to listen to the message of the Gospel of Jesus Christ to be presented by our devout and faithful brethren and co-laborers, the pastors of our own city, during the approaching Holy Week.

The services will begin promptly at 8 o'clock in the evening, and will consist of hymns, prayers and preaching.

You will be very welcome. Will you not come?

C. H. BASCOM,
Pastor St. Paul's Church.

List of preachers during Holy Week, March 29th to April 1st:

Monday—Subject: "Prayer," Rev. W. H. Moore.

Tuesday—Subject: "Personal Consecration," Rev. Walter Patten.

Wednesday—Subject: "The Value of the Soul," Rev. W. P. Shamhart.

Thursday—Subject: "Conversion" Rev. S. K. Phillips.

ONE WOMAN KILLED IN DUBLIN RIOT

Dublin, March 24.—One of the two persons killed in last night's riot here was a woman, Margaret Dowling, a domestic servant. The other was an unidentified young man. Several persons were wounded, including one of the soldiers, who was shot through the hand.

The conflict, according to one correspondent, had its origin in the boisterous conduct of the party of soldiers who had been attending a performance in the theatre. On leaving the theatre they attracted the attention of numerous civilians by their conduct and a steadily growing crowd followed them. When they approached the vicinity of South Richmond street the firing began. After a few shots had been fired the soldiers entered their barracks, but soon reappeared. It is declared, firing several volleys, as the result of which the fatalities occurred.

Armed cars, police with drawn swords and infantry guards wearing helmets escorted judges of the Assizes Court at Galway to the court house this morning. One justice in addressing the grand jury said there had been four murders, two robberies with arms and many other crimes such as shooting in the houses since the last Assizes.

The Tipperary urban district council has adopted resolutions condemning the murderer of Thomas MacCurtain, lord mayor of Cork.
