if we see things right!

Governor Bickett stoutly defended principles of the league of nations in an address delivered before audience in Monroe, N. C., declaring that in not supporting the issue members of the senate lied terribly to Almighty God. If other prominent statesmen would come out and speak their opinion as Governor Bickett has done the treaty of peace soon would be signed and the entire world at peace.

Delaware is a mighty little state but It is getting publicity now from every part of the country, and particularly from women supporting the suffrage movement. Twenty-six states are necessary to incorporate the suffrage amendment to our national constitution, and as thirty-five have already acknowledged woman's right to vote, with seven other undecided, it is only natural that Delaware should be in the limelight.

Holland appears to like the idea of keeping the former kaiser of Germany on the move, for statements just issued from that region say his personal luggage is being moved from Bentinck Castle to Doorn, which will be his future residence. The Dutch probably have the right idea in keeping "his royal highness" on the move because it wouldn't be advisable for him to become too familiar with the people.

Several hundred machinists have announced their intention of joining the strike with railway clerks of the Norfoll: & Western rallway, so it was annonneed yesterday, and while very naturally they claim higher wages are absolutely necessary, wonder what would be done if the company falled to grant the increase. Some might like the idea of going back at the same price to keep the wolf away from the HIGH SHOE PRICES.

"THE most marvelous washing soap ever made!" That's what every woman says of Clean Easy Naptholeine Wash Soap after she has used it once.

Just think what it does: Without rubbing or scrubbing it cleans, purifies and sterilizes. It cleans the coarsest clothes, greasy, grimy or what not, without a bit of scrubbing. It does not hurt the fabric.

Wonderful, isn't it? Did you ever dream of having the opportunity to buy such a soap? Isn't it fine to think that you no longer need break your back over a miserable wash tub-have red, unsightly hands-wear out your clothes on a scrubbing board or get rheumatism from wetness?

Clean Easy goes right after dirt, grime and germs. Dissolves them and absorbs them in water, leaving your clothes sweet and wholesome, cleaner than you could possibly rub or scrub them.

You owe it to yourself, your family and friends to use this wonderful labor saver; for then you will retain all your freshness, health and sparkle which many women waste over a wash tub! And you protect them from contagious disease, for the Clean Easy method kills all germs that lurk in dirty clothes.

Read the directions under the illustrations. Call up your grocer today and get your Clean Easy. Notice how different it looks from other soaps. It certainly does work differently, too!

Own Liability

MARMH 15 LAST FILING DATE.

Surest Wity le to Follow Form 1040A.

Free Advice in Doubtful Cases.

1919 Must Determine

Nobody is exempt from Income Tax. An obligation is laid directly on the shoulders of each citizen and resident to consider hi is own case and to get his return in on t ime if one is due.

With each r eturn showing a tax due a payment mu: it accompany the return in the full am bunt of the tax or at least one-quarte w of the tax.

All returns fo. r 1919 must be filed on or before March 15. Must Show I True Figures.

In figuring up . his earnings for income tax purposes i a person must take into consideration all items of taxable income, and each item itself must be accurate in amount. Guesses and estimates must be avoided, for the return is made under outh.

Everybody who had an income during 1919 must now determine whether his or her net income was sufficient in amount to require an Income Tax return. The best way to find out is to get a Form 1040A and follow the instauctions printed on it. That form will serve as a reminder of every item of moome; and if a return is due, it fells how to prepare and file it.

One of the important points to keep in mind is that a person's net income is found by a computation prescribed in the law, and that each item of income from every source must be considered, unless specifically exempted.

Another thing to remember is that the personal exemption allowed taxpayers by law has no welation whatever to the requirement to file return. This exemption is not to be considered until a person has figured out his net income and determined whether it was sufficient to require him to file a return. Then, if a return must be filed, he should read carefully the instructions for daiming, exemption, and complete his return.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office. Many banks and trust companies are also furnishing similar service during banking

Heavy Penalties in Law For falling to make a return on time the penalty is a fine of not more than \$1,600 and an jaddition of 25 per cent the tax, if any. For making a false or fraudulent return the penalty is a fine of not more than \$10,000 or imprisonment not exceeding one year, or both; and, in addition, 50 per cent of the tax. There are other potalties for falling to pay tax when due, and for understatement of the tax through negligence.

Many Sources of Income. Aside from what one may earn by his services, there are many other sources of income. If he sold any property during 1919 he must figure out the gain realized. If he rented buildings, land, apartments or rooms such rents must be considered taxable, and he may claim deductions for necessary expenses incidental to rents.

Bank interest is a common source of income and is taxable whether withdrawn or not. Any amount of interest credited to a depositor is income to the depositor. Interest on mortgages and notes is

taxable; also bend interest received from corporations. A taxpayer who cashed his insur-

-(0) -(0)

ance during 1989 must report as income any excess received over the total of premiums paid Members of partnerships or person-

al service corporations or beneficiaries of an estate or trust must report their shares of income distributable to them whether or not actually withdrawn.

Dividends of domestic corporations must be reported. Many other forms of income are taxable, unless specifically exempted.

Penalties for Belay and Failure to Make Returns-Early Compliance Urged.

All income tax returns covering the year 1919 must be filed by Monday, March 15. Each taxable return must be accompanied by check or money or-der for the full amount or at least one-quarter of the amount of tax due.

Cash payments are accepted only at the collector's main office; if sent by mail, they are at the sender's risk.

Residents of North Carolina should file their ratures with, and make payments of incume tax to, Jostah W. Bailey, Collector of Internal Revenue,

Let Me TaKe The Risk

There isn't a week goes by in this town that some car owner doesn't have his car or his tires stolen, his car burned up, smashed-up or a collision, or cause an accident to some pedestrian or fellow driver. If insured I settle all damages without trouble or expense to the owner. If not insured you dig

deep down into your bank roll to pay the claim.

Why take such chances when a few dollars will shift the burden and the expense over to me? You may be out of luck tomorrow. Today is the time to shelter yourself with Auto Fire Insurance, Auto Theft Insurance, Collision, Property Damage or Liability Insurance. I write it all.
