DELAWARE SENATE SLIGHTLY NETTED IN SUFFRAGE FIGHT

Unexpected Ratification in Mississippi Momentarily Stagers Opposition

DOVER ANTI-SUFFRAGIST LEADERS ARE SURPRISED

More Suffrage Tactics Desired But Little Satisfaction in Evidence.

Dover, Del., March 30.—National and local opposition to woman suffrage hit the ceiling here this afternoon when the report came to the Delaware state capital that the Mississippi Senate had ratified the Anthony amendment on a second trial, and that the House would act tomorrow. It stayed in the air quite a little while.

Quick confirmation of the report, which the anti's acclaimed as "another suffrage lie," came from Philadelphia newspapers to their staff correspondents here. Immediately, "Bull" McNabb, leader of the bipartisan opposition, called Senator Pat Harrison, of Mississippi, at Washington, and learned from him that the Mississippi Senate had acted.

"It is simply more suffrage tactics," Mrs. Henry B. Thompson said, adding that Mississippi will never ratify. She explained, for the much perturbed opposition, that the action in Mississippi was prompted by the influence of the National Woman Suffrage Association and is purely for effect on the Delaware legislature now jockeying with the anti's.

"If they are so happy over it," said McNabb, "Why don't they let Delaware alone and go back home. What Mississippi does or doesn't won't affect Delaware in the least." Thereupon, with three other members of the Delaware House, he dispatched a message to the Mississippi House protesting against ratification. So far as the situation here is concerned the chief event of another turbulent day was the conference of T. Coleman Dupont, Republican National committeeman, with members of the Senate and House belonging to his party. Mr. Dupont, or General Dupont, first conferred for a long while with the governor and United States Senator Ball. Afterwards he went to the supreme court room, and sent for the members one by one.

Mr. Dupont denied that he came to Dover to apply the party leash. He insisted that he just "stopped off" here on his way to his farm in the southern part of the state. The Governor said this afternoon that there was no attempt to change a vote. The situation was discussed in a frank, candid manner, with the view of letting the light in.

It was physically impossible to tell after these confabs whether the light had penetrated or not. McNabb said the situation remains the same and that there isn't a chance in the world for Delaware to ratify the amendment. Republican champions of the measure, suffragists and the Governor say this afternoon that the situation is gradually growing better.

One Republicans Senator from Wilmington said this afternoon that if the House acts favorably tomorrow Delaware will ratify before Mississippi does. Unquestionably, the situation has changed with the news that a Democratic state is about to become the thirty-sixth state to ratify.

SOCIALISTS LEADERS DEMAND SUSPENSION MILITARY MEASURE

Berlin, March 31.—Socialists leaders have sent an ultimatum to the government demanding the immediate suspension of military measures in the Rhur district under the threat of renewing the general strike. Three o'clock Thursday is the time limit set.

AYS PITT COUNTY LEADS THIS STATE IN BRIGHT TOBACCO

Mr. Andrew Joyner, Former Pitt Countian, Tells of Season Averages.

GREENVILLE AHEAD OF 'EM ALL IN FACILITIES

Declares This City Holds Prestige of Biggest and Best Market in State.

The following letter from Mr. Andrew Joyner, former Pitt countian now connected with the State Insurance Department as statistical and publicity director, will be read with no little interest by people in this section as several facts concerning Greenville's record as one of the leading tobacco centers of this part of the country are set forth vividly. Mr. Joyner may be considered an authority on North Carolina statistics, and the almost incredible figures set forth in the following article are merely the outcome of close observation of what his native territory has been doing within the past several months. The letter follows:

Editor Greenville Reflector:

Several years ago I had the pleasure and privilege of preparing for the Raleigh News and Observer in co-operation with the progressive boards of trade, the county commissioners, and the town officials of the enterprising towns of the county, an industrial Pitt county edition. This was largely a labor of love for my native county. The evidence then, of the county's wonderful progress and wealth, was surprising. But recently I had occasion to

SPECIAL SERVICES TO BE HELD IN ALL CHURCHES IN APRIL

City Churches Will Conduct Evangelist Campaign from April 18 to 28th.

PROMINENT MINISTERS AND SINGERS SECURED

Pastors Conference Will Bring Plans to Maturity Within Few Days.

(By REV. S. K. PHILLIPS.) For the first time in her history Greenville will try the plan of simultaneous Evangelistic meetings. This means that from April 18th through April 28th, there will be special preaching services in all of the local churches. At their last meeting the pastors conference decided that it would be left with each church to say whether there would be a day service or not, so that this detail will have to be announced later, but the night services were set for 8 o'clock.

The following ministers and singers will assist the local churches during these meetings.

Jarvis Memorial Methodist church. Preacher, Rev. N. H. D. Wilson, Mr. H. E. Austin will have charge of the music.

Memorial Baptist church. Preacher,

Rev. John Jeter Hunt, D. D. of Wilmington, N. C. W. F. Taylor of Florence, S. C. will have charge of the music.

Immanuel Baptist church. Preacher, Rev. J. B. Turner, the new pastor-elect. Rev. Eugene Olive of Dunn will have charge of the music.

KANSAS SOON WILL HANG FIRST MEN IN OVER FIFTY YEARS

Robert Stroud Will be Hung Unless Wilson Grants Executive Clemency.

CHARGED WITH KILLING UNKNOWN MAN ALASKA

Condemned Man Later Stabbed Prison Guard Over Quarrel About Girl.

Leavenworth, Kansas, March 31.—

Robert F. Stroud, of Juneau, Alaska, will be the first man legally hanged in Kansas in almost 50 years unless President Wilson saves him by exercise of executive clemency.

The last legal hanging in this state took place in 1870 and the death penalty was abolished in Kansas in 1917; but Stroud was tried and convicted in federal courts for a murder committed in the federal penitentiary here and sentenced under federal law to be hanged.

Another unusual feature of the case is the fact that he would have escaped with the life imprisonment if he had not insisted upon a third trial which resulted in a death sentence. If it is carried out he will be the first man to be executed in Leavenworth prison.

Stroud was serving a 12 year sentence in the penitentiary for the killing of a man in Alaska in a quarrel over a dance hall girl, when in 1916 he attacked Andrew E. Turner, a prison guard, and stabbed him to death with a dagger which he had made from a table knife, and carried in a concealed in his coat. Stroud asserted subsequently that he would have escaped with the life imprisonment if he had not insisted upon a third trial which resulted in a death sentence. If it is carried out he will be the first man to be executed in Leavenworth prison.

PITT LEGION POST DEFERS DISCUSSION OF BONUS QUESTION

Meeting Last Night Failed to Bring Out Anything Definite in Matter.

QUESTION TO BE TAKEN UP AGAIN APRIL 11TH

Diplomas from French Government to be Presented Relatives May 10th.

Several members of the Pitt county post of the American Legion met in the court house in this city last night for the purpose of determining exactly what action will be taken by this organization in the proposed issuance of a second bonus for former soldiers, as recently announced through the national executive committee, but owing to the small attendance nothing of any definite nature could be decided upon, and consequently, the matter was deferred until Sunday April 11th, when it is proposed to have every member of the county post present so that exact sentiment in prevalence may be accurately ascertained. Each member of the county post will be informed of the meeting within a short time and it is believed there will be very few failing to respond.

Dr. C. O'H. Laughinghouse presided over the meeting last night and much interest was in evidence during discussions preceding decisions in the bonus question and that resulting from diplomas recently received from the French government to be presented to relatives of men from this section killed and wounded during the recent war.

HOOVER PREPARES TO BECOME CHOICE REPUBLICAN PARTY

Telegraphs California Club He Will Accept Presidential Nomination.

SAYS HE DOESN'T DESIRE TO ENTER CAMPAIGN NOW

Action in Rejection of Peace Treaty Causes Change in Decision.

San Francisco, Cal., March 30.—Herbert Hoover today telegraphed the Hoover Republican Club of California that he would accept the Republican nomination for President. "If it is felt that the issues necessitate it, and it is demanded of me."

The telegram, addressed to Warren Gregory, president of the Hoover Republican Club of California, follows: "I had not wished to enter, nor could I hitherto see any real public service in entering into partisan political discussion, more especially pending the clarification of the diverging views of the different groups in the parties in the great new issues."

"The recent developments over the treaty, stagnation in adjustment of our great economic problems and particularly the many urgent representations that I have received as to the situation in my own state, convince me that it is my duty to confirm the action that my Republican friends there have already taken without consulting me."

"I understand that there is a great wish among the Republicans of California to have opportunity to express themselves in favor of the League of Nations with proper reservations safeguarding American traditions and interests as opposed to the extreme view advocated against any league at all. I differ just as strongly with this view as I differ with the extreme position taken by the President on participation in purely European affairs. This issue is whether, with reservations protecting our position, we should join the moral forces of the world to reduce the dangers again growing around us, or whether we will by pretense of an similarity that we do not possess sit by in the face of growing armies, navies, national antagonism, reaction, or, in reverse, the spread of Bolshevism through much of the world. This would be the defeat of the hopes for which our sons were sacrificed in this war."

"Entirely aside from the moral idealism of the League and the danger to our ultimate peace, the solution of our domestic problems, such as the size of our armament, reduction in taxation and the prevention of agricultural and industrial depression and consequent unemployment, is dependent upon stability abroad and upon our access to the world's markets, which today are endangered by discrimination against us through out inability to exercise our veto under the treaty."

GERMANS DESIRE TO SEND TROOPS TO RHUR DISTRICT

Paris, March 31.—The Germans request that they be allowed to send troops to the Rhur district in the neutral zone near the German border, but denied by France.

FREIGHT TRAIN LOOTING CONTINUES IN AUSTRIA

Vienna, March 31.—Looting of freight trains particularly of foodstuffs and wearing apparel goes on unchecked throughout Austria. Unless convoyed, it is said, a shipment stands little chance of coming through intact. The robbers seem well organized and armed and often so numerous as to resist arrest.

Gift cargoes from other European states seem the favorite plunder and, according to report, much of the stolen goods has been found for sale in the open market.

AMALAGATION PLAN FEATURES LARGELY IN BRITISH STORES

Stores of Large Cities Combining in Purchase of Merchandise.

Washington, March 31.—Amalgamation of department stores in England is noted in official trade reports received here as the latest development of a tendency toward combination in each branch of England's national industries. Big stores, especially those in the more important cities, are combining through purchase or consolidation and already is has become apparent to some observers that the business soon will be concentrated in the control of a few big interests.

The American Chamber of Commerce in London reports that one of the largest department stores of that city recently absorbed three competitors and has branched out in South America through the opening of a large establishment in Buenos Aires.

"The value of advertising as a selling force is becoming more realized in England," the report said. "This movement towards amalgamation is not expected to destroy competition though it may tend to narrow its scope."

SUFFRAGE FIGHT SHIFTS FROM DELAWARE TO MISSISSIPPI

Jackson, Miss., March 31.—Interest in the woman suffrage fight shifted from Delaware to Mississippi today with Governor Russell appearing before the house to urge that body to occur in senate action yesterday in ratifying the Anthony amendment. The suffragists are confident that Mississippi will reverse previous rejections, but the anti's point to a former overwhelming defeat of the measure by the house which they say cannot be overturned.

Referring to the statement that some 2,000 socialists had been arrested for their activities, the report says: "It was impossible to give expression and action upon the true doctrines of the socialist party during the war without running afoul of the criminal law."

Today closes the tax listing time.

WEDNESDAY, MAR. 31, 1920

Swat the fly now and have more time
to give to the mosquito's reign of ter-
ror.

Those cotton bears talking about get-
ting nervous should grow tobacco in
Pitt county. The change might do them
good.

Greenville wants good baseball this
season, whether independent or league,
and the quicker the ball starts to roll-
ing the better we like it.

Prominent men have asked that the
treaty of peace be accepted in its pres-
ent form. But what we want to know
—what is its present form.

The way Senator Borah sidetracked
the peace treaty for an attack upon
presidential candidates is evi-
dence enough that he didn't dislike the
treaty much after all.

Greenville has established an enviable
reputation among leading tobacco
centers of the east, but present honors
will be small indeed to those planned
for next year.

The constitutionality of the prohibi-
tion amendment is being disputed in
some sections of the country, but those
who contested the ruling so far have
received only slight consolation.

Vermont, after all, is coming along
right behind several other states to
ratify the suffrage amendment. And
in doing so it is only obeying higher
principles of mighty good politics.

Candidates for the presidency con-
tinue to increase in number. In fact,
Tom Watson of Georgia, will partici-
pate, so it is said, but just to what
extent cannot be determined until after
the election.

Senator Borah is continuing to pre-
sent rather difficult situations to some
of the men aspiring to the presidency.
In fact, he charges that campaign funds
in many instances resulted from war-
time profiteering. And he probably
one time hit the nail squarely on the
head.

Cotton exports for the month of
February show a thirty per cent in-
crease in bales over last year and one
hundred per cent increase in value.
Judging by this record, it looks as if
the world can dispose of everything pro-
duced, and then demand greater pro-
duction.

If that light wine and beer propa-
ganda being explained so nicely in some
sections of the country really means
anything to men supporting the move-
ment, we would suggest that they come
out more boldly and ask that real old
"red liquor" be returned to its former
station in life. They are asking for
that in requesting something not quite
so intoxicating, and the world cer-
tainly would respect supporters more if
they would have nerve enough to ask
for what is wanted.

Newspaper reports from Washington
inform us that Senator Newberry's seat
in the senate is at the present time
vacant and cannot be resumed until
certain questions regarding his status
can be disposed of. If that's to be the
principal issue he might serve his state
better in Leavenworth than dealing
with matters of national importance.

Andrew Joyner, a native of Pitt, and
years ago a prominent lawyer and farmer
of the county, is now connected
with Insurance Commissioner James R.
Young, as statistical and publicity di-
rector of the state department of in-
surance. Mr. Joyner has always been
a lover of his native county and sev-
eral years ago prepared one of the
best industrial write-ups of Pitt county
that was ever published. He is an
authority on statistical information and
the letter from him published else-
where in these columns relative to
Pitt county's present agricultural sta-
tus is well worth reading and goes to
show what this territory is doing in
tobacco production. The article is of
a very interesting nature and persons
who are not familiar with accom-
plishments of the market this season will
do well to read it.

The Belhaven girls basket ball team

Let Me Take The Risk

There isn't a week goes by in this town that some car owner doesn't have his car or his tires stolen, his car burned up, smashed-up or a collision, or cause an accident to some pedestrian or fellow driver. If insured I settle all damages without trouble or expense to the owner. If not insured you dig deep down into your bank roll to pay the claim.

Why take such chances when a few dollars will shift the burden and the expense over to me? You may be out of luck tomorrow. Today is the time to shelter yourself with Auto Fire Insurance, Auto Theft Insurance, Collision, Property Damage or Liability Insurance. I write it all.

Try Daily Reflector Ads**BOWEN'S****THE VERSATILE SPRING SUIT EXPRESSES BEAUTY IN MANY MODELS**

In the width of the skirt it shows no new step. But the jacket is likely to go any length—from the very short Eton to the long tailored models. Many of the coats are rippled, although there are just as many with perfectly straight lines.

The suits this season cannot be confined to one particular style, because there are so many different ones, and all of them are just as popular

SPRING FOOTWEAR MODES OF UNEXCELLED BEAUTY

Nothing speaks so eloquently of spring time influence of one's costume as the wearing of trim-looking Oxfords or Pumps.

We believe that the styles this year are more graceful than ever before. We are showing a splendid assortment of all the newest modes in high grade Footwear for women who always wish to be well groomed.

We also believe that footwear is made better now than during the last few seasons. Better quality materials are used—so that you may be sure that whatever selections you make will give the maximum amount of comfort and service.

NEW EASTER HATS

The coquetry of the turbans, the grace of the large floppy shapes and the smartness of the tailored hats cannot help but appeal to all women who demand the best in style and make where their millinery is concerned.

PITT LEGION POST DEFERS DISCUSSION OF BONUS QUESTION

(Continued from page one.) with Germany. In the latter matter it was decided to postpone the presentation of diplomas until May 10th so that appropriate exercises may be planned.

No action was taken towards presentation of diplomas with the exception of designating the date, but plans will be decided upon at some early date and committees appointed to prepare a program as inspiring and impressive as possible. The event will be similar to others occurring in various parts of the country in recognition of France's gratitude to American soldiers for what they did for preserving higher principles of humanity. It is expected that a large crowd of people from practically every part of the country will be present; and/or that reason appropriate preparations will be made.

FOR SENATE.

Subject to the action of the Democratic primary, I announce my candidacy for the State Senator to represent Pitt county in the next General Assembly of North Carolina.

Respectfully,
N. W. OUTLAW.

SAYS PITT COUNTY LEADS THIS STATE IN BRIGHT TOBACCO

(Continued from page one.) examine statistics of the various counties of North Carolina, in connection with my statistical work for the State Insurance Department, under Commissioner James R. Young. Omitting reports of every other industry entirely, even omitting official crop reports, except the two money crops, cotton and tobacco, I find that for Pitt county, the showing for these two agricultural products alone is almost incredible for one county. The official figures given by the agricultural department for 1919, for Pitt county for cotton and tobacco, is as follows: cotton 20,241 bales, (reduced from 28,255 in 1918), tobacco 88,038,683 pounds. Pitt county, not only keeps the lead as the biggest tobacco producer in the state, but Greenville holds the prestige of having the largest and best tobacco market facilities, with seven warehouses. And while Pitt, grew 11 per cent of all tobacco, the total amount of money paid to producers, was 1 per cent another creditable showing for quality and enterprise. I also find, that the sum total of money paid producers for these two products, cotton and tobacco, in this one county alone reached the enormous sum of \$24,500,000.00. I was led to this special investigation from my surprise at the totals of life, fire and industrial insurance of Pitt county.

CHANDLER SIX Famous For Its Marvelous Motor

Two Great Chandlers Right Out In Front

HERE are two Chandler Six models which the big and constantly expanding Chandler factory production has never been able to build in volume that could supply the demand of discriminating motor car purchasers. They are the Chandler Six Touring Car and Dispatch Car, the former a big, handsome, roomy, comfortable, real seven-passenger car; and the latter a trim, smaller car, suggestive in its appearance of all the good things of outdoor life. The Dispatch Car has a touch of snappy style in its clean lines, and is strikingly finished in the beautiful Chandler Rainbow Blue. It seats four persons in restful comfort.

Both the Chandler Six Touring and Dispatch Cars are mounted on the same standard Chandler chassis, developed, through seven years of manufacture, to a surpassing point of excellence and famous for its really marvelous motor. The Chandler Car is priced much lower than other cars which may, perhaps, compare with it.

Something for nothing?

SOMETHING for nothing?—it can't be done. Nor do we promise it. The man who responds to such a promise usually gets it the other way—nothing for something. That's expensive—also embarrassing.

Merchants are in business to serve—and must not only make expenses but an honest profit, in order to make a living, for their employees as well as for their own families.

We prefer to promise less and give you more. This invites the patronage of level-headed Americans who buy with their eyes open—men and women who understand the economy of quality—folks who want the best and will pay what it is honestly worth. Men and women who have faith in the concern that asks an honest price—including an honest profit—for earnest goods.

Kuppenheimer good clothes will satisfy you. They are full value—they are conscientiously tailored, with quality materials—their styles are sensible. Kuppenheimer clothes are economical clothes—good clothes to wear and they wear well.
