

RADICAL ELEMENT ACTIVE PROMOTING RAILROAD STRIKES

Investigation Shows that I. W. W. Leaders Are Connected With Issue.

WILSON CABINET PLANS TO MEET DURING TODAY

Attorney General Palmer Will Present Mass of Evidence on Walkout.

Washington, April 13.—Evidence of the activity of Industrial Workers of the World toward inciting and maintaining the unauthorized railroad strike continue to accumulate at the department of Justice and officials admitted tonight that they saw signs of an attempt to expand the rail strike into "one phase of a world revolution."

Reports from field agents of the department were not as yet complete enough to permit determination of the government's course in dealing with the situation. Attorney General Palmer said no announcement as to the government's plans was to be expected before tomorrow at the earliest.

President Wilson issued a call for his Cabinet to meet tomorrow morning. It will be the first time he has met with his official advisers since his Western speaking trip in the course of which he was taken ill, and the strike situation was understood to have prompted the call. In some quarters it was thought an announcement as to the government's course would follow the Cabinet meeting.

The President also sent to the Senate today the nominations of the nine men representing employers, employees and the public whom he has selected to compose the labor board provided under the transportation act to deal with railway labor disputes. The men selected were

Representing the public—George W. Hangar, Washington; Henry Hunt, Cincinnati; R. M. Barton, Tennessee. Representing the railroad corporations—Horace Baker, J. H. Elliott and William L. Park.

Representing the employees—Albert Phillips, A. O. Wharton and James J. Forrester.

The nominations were immediately referred to the Interstate Commerce Committee, which is expected to take action on them tomorrow, committee members having been given an opportunity in the meanwhile to make such inquiries as to the qualifications of the nominees as they saw fit.

The board will be called by the President without delay and is expected to meet in Washington, where existing government machinery for the handling of wage matters is at its disposal.

Mr. Palmer, when he goes to the Cabinet meeting tomorrow, will have available a very large number of reports from his agents at strike centers, which are known to deal specifically with the relation of the I. W. W. to the strike movement. He will be able to show a President and the Cabinet that through the agency of the I. W. W. relationship has been established between the strikers' newly formed organization, the Railway Workers' Union, and the "one big union," as the Chicago radical organization including I. W. W. membership, is known. He will also be able to disclose through official reports that John Gruan, head of the Chicago Yardmen's Association, the members of which were the first in the country to quit their posts, has been supplanted by an active member of the I. W. W.

DENSON'S SHOWS ATTRACTING A LARGE CROWD

Denson's shows which opened in this city, on the circus grounds, last Monday night are attracting a large crowd. It is a splendid carnival and carries with it a good line of shows, rides and other amusements. This carnival is for the benefit of the local baseball club, and several of the baseball club members are helping to make it a success. This carnival has with it fifteen cars, and a large number of shows. Everyone that has attended the carnival was well pleased with it.

TWO CASES HEARD IN SUPERIOR COURT DURING YESTERDAY

Decision Rendered in Case of R. W. Ward vs. the County Commissioners.

ACTION NOT COMPLETED AGAINST CANNON ESTATE

Considerable Speculation Regarding Final Issue in Cannon Issue.

There were only two cases given consideration in yesterday's session of civil term of Pitt county superior court, and while only one of these were directly disposed of the other was virtually concluded with the exception of a number of technical points of law to be threshed out probably before adjournment hour this evening. The cases receiving attention were, R. W. Ward, et als., vs. Pitt county commissioners, Walter Barfield vs. W. T. Cannon.

In the case against the county commissioners, in which the plaintiff was suing for \$600 for damage resulting from a road being cut through his property, the jury returned a verdict awarding the plaintiff \$375, and while the decision temporarily concluded the trial, it is expected the case will be appealed to supreme court or that other motions will be heard before conclusion of the week's session. There were an unusual number of technicalities of law connected with the issue, but evidence for the plaintiff was considered enough to justify favorable consideration for recovery although the full amount sued for was not granted. Attorneys now have the matter under consideration and it is believed it will go to supreme court without presenting further motions.

Hearing was not completed in the case of Walter Barfield vs. W. T. Cannon's estate, in which the plaintiff

CARNIVAL OPENING ATTENDED BY GOOD CROWD LAST NIGHT

Lorman-Robinson Shows Open Night Under Auspicious Circumstances.

(By SIDNEY WIRE.)

Under the glare of thousands of incandescent lights and amid the blare of brass bands, electrical organs, callopes and other weird musical instruments, the American Legion festival and carnival started off with a zip and a bang at the Greenville show grounds last night.

It was a jolly scene and with the illuminated grounds and the happy crowds the huge campus presented the appearance of a veritable fairyland.

There are many novel attractions at the carnival and all of the amusements furnished by the Lorman-Robinson famous shows are clean and well worth while. All of the shows were well patronized and, at many of the tents the pleasure seekers were unable to obtain admission owing to their crowded condition.

The Dixie Minstrel show seemed to be a big favorite while fans flocked eagerly to the athletic stadium where professional wrestlers meet all comers in the various style of American and foreign wrestling.

At the close of every afternoon and evening performance there will be a sensational aquatic performance by one of the best known high divers in the country. He will make his death defying plunge from a lofty ladder into a small tank of water twice daily and will, at the same time, give some exhibitions of trick and fancy swimming.

LOCAL MACCABEES SCORE VICTORY IN RECENT MEETINGS

Tent of Maccabees of City Presented With Handsome Fraternal Banner.

LOCAL TENT LEADING STATE IN ACTIVITIES

Hon. James Turner, of Norfolk, Delivers Address of the Evening.

Greenville Tent of the Knights of The Maccabees of the World celebrated a great victory Monday night. When Sir Knight Frye, general deputy of the order was here last fall he announced to the Tent that a handsome Maccabee banner would be given the Tent in the state having the largest membership by January 1st, 1920. Because of the loyalty and undomitable pluck of our splendid boys our Tent ran out ahead of any Tent in this state by three members. This fact was not known until a few weeks ago. Arrangements were then made for the flag presentation ceremonies Monday night, April 12th was designated as the time, and Sir Knight, J. E. Turner of Norfolk, Va., was designated to present the banner, and he was no disappointment. It has been many a day since a more interesting speech was made in Greenville, and one that will be long remembered by those who heard it. It was simply grand.

The orator of the evening was presented by your humble reporter, Sir Knight D. M. Clark gracefully accepted the banner on behalf of the Tent. While, State Commissioner C. W. Byrnes in a humorous but appropriate speech accepted on behalf of the State. An interesting history of the Tent was then rendered by Sir Knight, Felix Labaki. This closed the ceremony, and entertainment was then furnished by

ADKINS LOTS WILL BE SOLD IN PUBLIC SALE THIS MONTH

Atlantic Coast Realty Co. Will Sell Splendid Sites Tuesday, April 20th.

On Tuesday April 20th, the Atlantic Coast Realty and the Greenville Pitt Land Companies will sell, at public auction, several desirable sites in our city. At 10:30 A. M., they will sell the House and Adkins lots, just off Dickinson avenue, and following this they will offer, for sale, the Tom Moore property, between the fertilizer and cotton mills, on the Norfolk Southern railroad. This is very valuable property, and a splendid sale is expected. At 12:30 o'clock, and immediately after the Moore sale, the J. S. Tunstall's new homes, on Grand Avenue, will be offered for sale.

This property consists of four nice lots and houses, located in one of the most desirable parts of Greenville, only a few steps to the Atlantic Coast Line Station, and the Norfolk Southern Station. The houses are modern up-to-date homes, with all conveniences.

In the afternoon at 2 o'clock, the Tom Meade lots will be sold. This property is located on Fourth, Davis and Ward streets, and adjoins the new home of J. B. Harding. This is a new part of Greenville, and in one of the best neighborhoods in the city. This property promises to become some of the most valuable property in Greenville and those who purchase will never regret having put their money into such valuable properties.

This promises to be one of Greenville's big days, and the land companies extend an invitation to all to attend. Prizes will be given away, music will be furnished by a splendid band, and every one who attends is promised an enjoyable time.

ABANDONED WIVES ARE REPORTED ON GRADUAL INCREASE

Supreme and Juvenile Courts Show Active Increase of Desertion Cases.

HUNDREDS OF ACTIONS SETTLED BY ATTORNEYS

District Judge Urges Appropriation for Sustaining Abandoned Women.

Washington, April 13.—Abandonment of wives and children by District husbands is on the increase since the close of the war, statistics from the local supreme and juvenile courts show. With more than 300 non-support and abandonment cases pending in the higher tribunal and a steady flow of complaining wives before the juvenile court, the domestic relations situation here is becoming a source of grave concern.

The number of proceedings which have been instituted in the District Supreme Court to have wayward husbands contribute to the support of their children, or return to their wives, is small compared with the cases adjusted by the district attorney's office. In the majority of cases reconciliation between alleged defaulting husbands and their wives have been effected without the necessity of the men being brought before the court. Cases adjusted out of court have been practically all handled by Grand Jury Officer Gilchrist and Assistant United States Attorney.

In very many cases which the District attorney is called upon to handle the excuse given by the husband is that on account of the high cost of living he can no longer support his family and takes the easiest way out by deserting them.

DEMOCRATS FORM PLANS FOR CARING FOR DELEGATIONS

Delegates to National Convention to be Cared for by Transportation Bureau

Chicago, April 14.—A new departure in political-convention management has been launched by the Democratic National Committee, which has opened a transportation bureau here to care for the delegates, alternates and spectators who will go to San Francisco to attend the convention June 28th.

The shortage of railroad equipment and the flood of traffic on all roads is responsible for the innovation.

"See America First" tours to points of interests in the west, including Yellowstone Park, the grand canyon, Los Angeles and others, are being planned by the Democrats as a lure to attract at least a part of the travelers westward two or three weeks before the convention, thereby spreading the burden on the railroads over a longer period.

For the return trip from San Francisco a system has been worked out whereby the visitors can buy eastbound tickets within thirty-six hours after the convention opens, the tickets to call for return passage eight hours after the convention closes. The biggest problem in convention transportation has always been the return trip, as the day and hour for the close is always uncertain.

E. K. Bixby, a transportation official of the Pennsylvania railroad system, has been loaned to the Democratic committee to take charge of the transportation bureau. He has obtained the co-operation of the association of western passenger agents, and the Pullman company has promised him first call for its parlor car equipment.

UPSHAW TALKS TO YOUNG WOMEN OF TEACHERS SCHOOL

Georgia Congressman Tells Young Teachers of Essentials in Work.

RADIANT OPTIMISM IS ABSOLUTELY NECESSARY

Pays Splendid Tribute to Qualification of Chief Executive of Nation.

Congressman W. D. Upshaw, of Atlanta, Georgia, made an inspirational talk at the Training School Tuesday morning. "Let Nothing discourage you, never give up," was the motto he left with the students, which they repeated in concert for him and which they have promised to repeat every day for a week. With the example before them of this distinguished man, who has done so much in spite of terrible handicaps, with his body apparently broken to pieces, bound by braces, and having to depend on crutches for getting around, so crippled that he has to keep his seat as he talks, it makes it seem that it would be easy to those without handicaps to win.

Radiant optimism he gave as the secret of those who win. "The Teacher Who Wins," was the theme he chose for his talk, yet the advice he gave to teachers is what could be given to all who wish to win. The other two chief causes of winning he gave were: "A worthy ambition," and "dynamic initiative." "The winner wins," the world loves to crown the winner, although it is not always very discriminating as to whom it crowns. "Set up now a kind of golden wedding between work and winning," was his advice, determine what you wish to be and do and do it." He told of his own boyish dreams and ambitions. One

FILIPINOS REPORT FIRST DUELS WITH THE STURDY BOLOS

No Law in Manila Against Duelling, But Men Will be Prosecuted.

Manila, April 14.—Two Filipinos have just fought with bolos the first duel in Manila since the beginning of the American occupation. One of them suffered the loss of his left hand in the fight.

Angel Umali and Tranquillo Paglinawan met with seconds and friends in a vacant lot near the center of the city just before dusk to settle their feud with the favorite native weapon. Umali forced the fight and soon landed the blow that severed his adversary's left hand. Paglinawan fought on and Umali, despite his victory took to his heels but was caught by a policeman.

Paglinawan was taken to a hospital where he has since been in a critical condition. As there is no law against duelling in the Philippines, Umali will be prosecuted on a minor charge.

SHIP BY TRUCK TO SOON BE OBSERVED IN EVERY SECTION

Good Road Week Will be Generally Observed by Nation May 17 to 22nd.

MOTOR TRUCK TOURS TO FEATURE LARGELY

Essays by School Children Also to Stimulate Interest in Movement.

Washington, D. C., April 14.—National Ship by Truck—Good Road Week, to be observed May 17-22, inclusive, is being planned throughout the country, according to Washington headquarters of the Ship by Truck Bureau.

Tentative plans include motor truck tours lasting through the week and covering virtually every section of the country, according to reports received from sixty-five cities where branch offices have been established. Good roads organizations and associations interested in motor truck transportation will form the nucleus, it is said, of a temporary organization to promote activities during the week. Virtually every rural section of the country from coast to coast will be traversed by caravans of motor trucks during Ship by Truck—Good Roads Week, giving practical demonstrations of the utility of truck transportation and preaching the doctrine of better highways.

Other plans include essays by school children, sermons and the distribution of literature, all designed to arouse interest in a national program of highway construction along lines already advocated by such organizations as the American Automobile Chamber of Commerce, the National Grange, the United States Chamber of Commerce, the National Automobile Chamber of Commerce, the National Association of Motor Truck Sales Managers, and the Ship by Truck Bureau.

Endorsements from government officials, senators, congressmen and educators have been received.

Governors of various states are expected to issue Ship by Truck—Good Roads Week proclamations.

"We need a broadened policy which will concentrate government funds on national highways releasing State and county funds for use on state and county roads," says Senator Charles E. Townsend, author of the Townsend Good Roads Bill, discussing the possibilities of the week. "Nothing could be more valuable," he continues, "than a national discussion of this question such as that proposed during the National Ship by Truck—Good Roads Week."

RUSSIAN BOLSHEVIKI MAKE DEMANDS OF CHINA

Peking, April 14.—The Russian Bolsheviks have demanded that the Chinese surrender to them the person of General Semenov, who succeeded Admiral Kolchak as head of the All-Russian government. The Chinese government has refused to accede to the demand but has notified the military governors of Manchuria, where Semenov took refuge after leaving Siberia, that he must either disarm or leave Chinese territory. The governors were directed to keep close watch of the former Cossack commander while he remains in Manchuria.

WEDNESDAY, APR. 14, 1920.

Cow hides these days resemble gold
mines in price, if not in appearance.

The high cost of living is pounced on
every side, but you can't see it giving
away in the slightest.

Some of our over-confident friends of
presidential aspiration may find the
whole world different when votes are
counted.

We didn't think the name Wood Ho-
sounded good at all when the President
proposed spending his summer months
there. And now that he has changed
his mind, we are sure it didn't.

If you failed to clean up your pre-
mises during the clean up cam-
paign last week, why not do it now and
concoiled with the fact that, after
you are one of the progressive citizens
of a mighty progressive town.

Railroads of the south are beginning
to feel the effect of the unorganized
strike up north and embargoes have
been declared in many centers. The
situation assumes renewed seriousness
and calls for immediate, effective action
on part of the government.

A London post of the American Leg-
ion has been organized, so reports
state. After all, the Englishman real-
izes that America leads them, even
though they failed to get this idea
while our troops were overseas.

The government has deferred action
in the unauthorized railroad strike un-
til sufficient evidence has been secured
to justify action. If action should be
delayed much longer we can't see why
it will be necessary to interfere, judging
by reports from New York City.

THE TRADE CONVENTION.

Announcement is made by the Nation-
al Foreign Trade Council that speakers
for the general sessions of the conven-
tion will include James A. Farrell, Pres-
ident of the United States Steel Cor-
poration and chairman of the National
Foreign Trade Council; George E.
Roberts, Vice President of the National
City Bank of New York, William C.
Redfield, former Secretary of Com-
merce; Otto Praeger, Second Assistant
Postmaster General; Frederick J. Kos-
ter, President of the California Barrel
Company of San Francisco; Burwell S.
Cutler, former Chief of the Bureau of
Foreign and Domestic Commerce;
Robert H. Patchin, Treasurer of the
National Foreign Trade Council.

"The Relationship of Our Productive
Capacity to Foreign Trade" will be the
topic discussed by Mr. Farrell at the
first general session on Wednesday,
May 12th. At the second general ses-
sion, Mr. Roberts of the National City
Bank will discuss "The Function of Im-
ports," while Mr. Koster of San Fran-
cisco, will speak on "The Future of our
Exports."

Under the topic of "Foreign Trade
Policies," at the third general ses-
sion, to be held Thursday morning, May 13th,
Mr. Patchin will speak on "The Need
for a Bargaining Tariff." Other ad-
dresses at this third general session
will include the following: "Reorganiza-
tion of The Foreign Service of Our
Government," by W. W. Nichols, of the
Allis-Chalmers Company, "The Value of
American Chambers of Commerce
Abroad," by C. E. Whitmore, former
president of the American Chamber of
Commerce in the Argentine Republic;
"The Organization for Foreign Trade,"
by Dr. Henry Suzzalo, President of the
University of Washington.

At the fourth general session to be
held Friday morning, the topic will be
the "American Merchant Marine" with
the following addresses: "American
Maritime Policy" by William H. Knox,
President of William H. Knox & Com-
pany, New York; "American Marine
Insurance" by Hendon Chubb of New
York; "Maritime Securities" by John
A. Barber, of Harris-Forbes & Co.

Further announcement of additional
speakers at the various general ses-
sions will shortly be made by O. K.
Davis, Secretary of the National For-
eign Trade Council.

Complete paralysis is now reported
in coal districts as a result of the un-
organized strike, and if reports are
true, we may expect to hear something
still more serious before the strike is
finally brought to a conclusion. The sit-
uation in many districts is more accen-
tuated than some would think, and if
relief is not brought about within the
next few days large cities depending
upon railway transportation will suffer
considerable loss as well as actual suf-
fering. The government should elimi-
nate all dickering possible, and get
down to actual business before menac-
ing losses and suffering may be com-
pletely set aside. The only adjustment
possible is to enforce the law, and give
strikers an impression of what the na-
tional legislation really means, in both
organized and unorganized strikes.

News reports indicate that hundreds
of delegates from the south are attend-
ing the convention of cotton growers in
Montgomery, Ala., and therefore, it is
perfectly reasonable to expect some-
thing to transpire of great interest to cot-
ton growers throughout the entire coun-
try. Higher prices for the staple prob-
ably will be one of the ascendent topics
of the session, and it is hoped it will be
a success from every point of view.
Planters should have more for their
product and it is only natural that de-
finite plans should be outlined where-
by they may realize acceptable com-
pensation for their efforts.

That three hundred and ninety rad-
icals ordered deported by the depart-
ment of labor evidently feels like bomb-
ing the entire country, which probably
would be the case of the leaders could
get several minutes liberty. Fortunate-
ly, however, release in this country will
be impossible and in a very short time
the radical element will have the op-
portunity of doing as they desire in
their own home towns.

The senate proposes to investigate
certain facts connected with the New-
berry election, but it is an assured fact
that it will not interfere with the decree
of supreme court. There are very few
people who believe the investigation is
necessary because the way court offi-
cials conducted initial proceedings just-
ifies believe that he got everything com-
ing to him in the way of punishment.

The senate has absolutely refused to
strike off the army re-organization bill
certain provisions for voluntary univer-
sity military training, although it is ap-
parent that compulsory training will not
be given more than ordinary consider-
ation. In this one instance the senate
has scored for itself a big success, and
it is to be hoped it will remain firm in
the decision reached in the issue.

President Wilson has called a spe-
cial session of his cabinet for today.
Some think he will consider the
authorized strike, but really, there are
very few who know what's in the wind.
The chief executive goes about things
in a business like way, and if the strike
is to be proved, as some suspect, it will
be done and over before the senate
really begins.

The late census report shows that
Fayetteville has a population some over
eight thousand, and if this be the case,
Greenville will stand pretty fair chance
of being Fayetteville's equal. Both are
progressive, growing young cities, and
the census, figures should be an inspira-
tion for future endeavors.

If the former Kaiser of Germany is
discontented in any way now he fails
to show it. News reports have very
little to say concerning his activity, and
for that reason, the public can rest as-
sured the old boy is experiencing an
atmosphere of desolation somewhat un-
usual.

NO REST—NO PEACE.

There's no peace and little rest for
the one who suffers from a bad back,
and distressing urinary disorders.
Greenville people recommend Doan's
Kidney Pills. Ask your neighbor. Be
guided by their experience.

W. P. Symonds, Carpenter, 207 Wash-
ington street, Greenville, gave the fol-
lowing account of his experience with
Doan's Kidney Pills July 7, 1914:

"About a year ago my kidneys were
out of order and I had dull pains across
my back. I couldn't rest comfortably
nights and had headaches and dizzy
spells. My kidneys didn't act properly,
either, and the secretions contained
a brick-dust sediment and I was in
misery. On a friend's advice, I began
taking Doan's Kidney Pills, getting my
supply at the Warren Drug Co., and
took them according to directions. They
greatly relieved this complaint."

On May 31, 1918, Mr. Symonds said:
"I recommend Doan's Kidney Pills as
highly now as when I gave my last en-
dorsement. I take a few of Doan's
occasionally and always get fine re-
sults."

Any Man Can Be A Capitalist

Some philosophers go to great lengths explaining why money is not the only thing to work for in life.

And their contention is a good one.

It is true that some wealthy men are miserable, but no man need be unhappy for having money. A man with money is an influence in his community. He can live well and die happy.

Poverty and misery go hand in hand. Choose your own fate—be a capitalist or a pauper.

MAJOR LEAGUE CLUB

GO INTO ACTION TODAY

New York, April 13.—Major league baseball teams swing into pennant action tomorrow with the formal opening of the 1920 season. Based upon the form exhibited in the spring training on southern diamonds, the sixteen clubs of the National and American leagues appear to be in excellent physical condition and baseball prophets forecast close races with the respective league flags as well as exceptional attendance and financial receipts due to the unusual interest in the game this year.

Eastern and western city clubs share equally in the allotment of opening dates. In the National League Boston plays at New York while Philadelphia will make its initial appearance at Brooklyn. The Western division teams of the senior organization clash with Chicago at Cincinnati and Pittsburgh at St. Louis. The American League schedule calls for New York to open at Philadelphia; Washington at Boston; Detroit at Chicago and St. Louis at Cleveland. The initial return contests are set for April 22 when the order of the schedule will be reversed.

The games to be played in the National League tomorrow will inaugurate the 45th consecutive season for the senior major league for the organization dates back to 1876 when the Chicago club won the first pennant. The teams of that city still hold the lead for since 1876 Chicago clubs have captured 11 championships. Boston comes second with nine and New York third with eight. The American League will celebrate its 21st annual opening, having started its major career in the spring of 1900. Since that date the pennants have been distributed among four clubs Philadelphia and Boston each having won six; Chicago five and Detroit three.

PROGERMAN SCRIBBLER STILL STRAFING PALMER

Viereck, Most Venomous of Propagandists, Chants Continuously His Hymn of Hate Against Attorney General.

HOKE SMITH HIS FAVORITE.

List of Degenerate Kaiser Worshipper's Presidential Preferences Proves He Seeks to Canonize the Men Who Preferred Politics to Patriotism—Mitchell Palmer to Be Honored for the Enemies He Has Made.

Washington.—George Sylvester Viereck, most viciously active and obnoxious of paid pro-German propagandists, is still chanting his hymn of hate against the American people and their government. Through the medium of a small monthly publication financed undoubtedly by German gold drawn from the same tainted sources and through the same underground methods that supplied him in his notorious efforts to break the morale of our people while their country was at war he is attempting to sow the seeds of discord and unrest in the spirit of a vengeance that can never be claimed and is born only by his own warped vision and greed-cursed soul.

Viereck is steering his nefarious course just as though the war had not been fought. In him the hypnotic that the imperialistic and militaristic junkies are to attain world dominion by the might of blood-washed swords still persists. He remains utterly blind to a betrayed people who with minds poisoned by lies and calumny were deliberately launched upon a disastrous war and led to a crushing defeat. He boldly declares that Germany was unbeaten and laid down her arms only through treachery on the part of the American government.

On this ground Viereck is seeking to capitalize the bitterness he feels toward America and everything American by preaching the impeachment of the President because he dared to propose intervention against Germany's imperialistic designs and of all other public officials who were steadfast in their loyalty to their government and its people and to elevate and canonize the men who preferred politics to patriotism, who were never in spirit with the American people in the prosecution of the war and who won by their acts in public life during the pre-war and war periods the affection and esteem of Viereck and his followers.

Viereck is threatening all loyal Americans who may present themselves as candidates for public office with the strafing of pro-German votes. In his weak-voiced publication he calls upon the disloyal and the un-American to make a breach in the solidarity of the American people so that they may be betrayed into the hands of enemies at home and thus be made to suffer for their action in interposing an obstacle to imperialistic Germany's march to a conquest of civilization and dominion of the world.

Of course the advice of Viereck, who would consider it an honor to be trod under the spurred heel of a German imperialistic highness, is idle and his following a mere handful of ignorant haters, but as a matter of curious record it is worth while taking a leaf from his pamphlet to give the public his estimate of men as shown by his self-chosen select list of presidential preferences for 1920. In the current issue of his publication they appear as follows:

**Merit That Makes Mileage
—In Tires for the Smaller Cars**

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3½-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$2.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$2.150

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

MEETING OF ROUND TABLE

The tenth anniversary of the Round Table was celebrated at the home of Mrs. Walter Patten on Tuesday afternoon, with twelve members and two guests present.

Mrs. Nat Fulford was elected delegate to the district conference at Washington on Thursday.

Various programs for next year's study were discussed, and several were so attractive that it was impossible to come to a decision, the vote resulting in a tie between two.

The program for the day consisted of two very interesting papers, "The West Indies" by Mrs. T. A. Person and "The Islands of North Carolina" by Mrs. Wiley Brown. When both papers had been read, those present felt almost as if they had taken a trip.

The "party" came next, and the cakes were individual birthday cakes, each with a tiny lighted candle on it, accompanied by ice cream, nuts and candied ginger.

Mrs. W. A. Cady and Mrs. H. E. Austin enjoyed the hospitality of the club at this meeting.

TWO CASES HEAD

compensation for services rendered the estate during the life of W. T. Cannon, but it is more than probable that decision will be rendered during the evening session immediately after legal representatives complete argument. The plaintiff, so it appears from evidence already submitted, contends that he is due adequate compensation for service rendered Mr. and Mrs. Cannon during the state of inability preceding their demise and also for certain improvements of the estate while in his charge. The estate was bequeathed to two children of the deceased, with Mr. Titus Dall, of Ayden, named as guardian, no provisions being made in the interest of the plaintiff.

There is considerable speculation regarding the final outcome of the action, for both sides have established splendid evidence, and nothing so far has been presented tending to throw additional weight on either side. It is expected a decision will be rendered during the evening session, although it is probable the case may be continued until tomorrow. There are several other matters to come up for hearing in the remaining three days' activities, and much interest is in evidence.

UPSHAW TALKS TO YOUNG WOMEN OF TEACHERS SCHOOL

(Continued from page one.)
dream was to be a college president, and here he paid tribute to the man at the head of a great school or college, "a real builder of civilization."
"The kind of men who are breaking the heart of that great and glorious son of the south, the south's greatest gift to the world war, Woodrow Wilson, the pride of America and the inspiration of all mankind."

His other dream was to be a congressman, and when a boy he made speeches to the old mule. He wished to get into congress so as to fight against the petty politicians who use their rights for selfish unworthy ends.

The distinguished congressman gave great counsel to the girls, told catchy stories that brought the quick laugh, and suddenly turned to seriousness all he said, dropping bits of pure wisdom, that were epigrammatic "You can never be a leader if you get down in the mouth." "The teacher that scatters smiles through her school and her community is the one that wins." "Ambition has made and unmade men and nations." "Don't be content to do things in the way they have always been done. Do them your way." "Do it differently if there is sense in it."

He begged them to have enthusiasm, to feel that they had the best of everything, to tell about only the best, never write "blue" letters home, shout for the things the school, and thus they would be winners. He told them that great school spirit would make them come back to school bringing others with them, until more dormitories would have to be built and the legislature would have to do greater things for the school.

Congressman Upshaw came over this morning from Ayden and is on his way to Farmville. He will be in Greenville at a later date.

Rev. W. H. Moore, an old friend of his introduced the speaker in a very happy manner, telling briefly of his career, of his starting life without an opportunity, apparently, and getting into congress, although he was not a politician. He also told of his beginning his career in congress by conducting revival services in the city of Washington.

LOCAL MACCABEES SCORE VICTORY IN RECENT MEETINGS

Individuals rendering splendid jokes State Commander Byrns then gladdened our hearts by telling us of the winning of a handsome clock in the forward all contest which closed April 1st. We won a set of gold badges and a handsome U. S. Flag also. Hence the boys are happy—and every red-blooded person in Greenville should rejoice and make merry because of this splendid achievement of an organization in their midst. But another contest is on which runs to October 1st. We must win in this drive also, and to this end call upon the good people in the jurisdiction of Greenville Tent to help us. A banquet will be given to the producer's club, the last week in May. Every member should qualify.
