

FRENCH SENATORS CONVICT CALLIAUX OF GROSS NEGLIGENCE

Former Premier found guilty of Placing Ambition Above His Nation.

NO GROUNDS FOUND IN CHARGES OF TREASON

First Verdict of Its Kind Passed by Any Allied County Since War.

Paris, April 23.—Joseph Caillaux former Premier of France, and twice Minister of Finance, stands tonight convicted to having placed his personal political ambition during the war higher than the interest of the country that honored him and gave him birth. Caillaux while escaping conviction for high treason, was found to have been recklessly imprudent and very close to treasonable ambitions, for such is the interpretation of the verdict of "Guilty of commerce and correspondence with the enemy" which was rendered today against him by the French Senate.

This is the first verdict of the sort rendered in any of the allied countries since the war began—"commerce," as interpreted by the Senators who were the judges not meaning financial trading, but this particular case is employed in the sense of association.

The Senators entered Luxembourg palace this afternoon with the determination to have finished with the affair, which has taken up their time during the past three months. They began the discussion in a vigorous business like manner, presenting a strange contrast to their bored attitude during the closing days of the trial. No one, however, took seriously the prediction that the verdict would be reached this evening. But after the court had disposed of the high treason charge and that of "intelligence with the enemy," and had declared its own sovereignty in less than four hours, word was passed that a decision was impending and Luxembourg Gardens were filled to overflowing in the neighborhood of the palace by dense crowds and police reserves had to be called out.

The ballots followed one another with great rapidity. The partisans of the former Prime were thrilled with joy and hope when the treason charge was so promptly eliminated, confidently predicted acquittal and began to apportion among themselves the portfolios in the cabinet which Caillaux was expected to form within six months after his release.

When they attempted to have the Senate refrain from establishing itself as the highest constitutional authority with power to find the accused not guilty as charged, but guilty of a lesser offense, their enthusiasm waned.

The doors of the deliberation chamber were closed, almost sealed. Two ushers stood by each for the purpose of apparently of warding off inquisitive newspaper men. But occasional a disheveled, perspiring Senator would rush out of the chamber and make a direct line for the senate bar, where he was immediately surrounded by correspondents offering to purchase for him the best vintages in France if only he would talk.

At times the noise—shouts and the ringing of bells—heard within the Chamber was deafening. It seemed on several occasions as though the deliberations might degenerate into a free-for-all fight. It was a stormy scene, a juror's room in a criminal court-building multiplied by twenty.

MANY B. & L. SHARES ARE BEING ENGAGED

Secretary H. A. White says the new series of building and loan to open a week from tomorrow promises to be among the largest in the history of the association. A great many shares have already been spoken for and others are being added every day. Our people are more and more realizing the benefit the building and loan association brings them and they are eager to take shares whenever a new series opens.

TURNER DELIVERS SPLENDID SERMON TO CITY BAPTISTS

Pastor-Elect Immanuel Church in Forceful Discourse Last Night.

Dr. J. B. Turner, the pastor elect, delivered a forceful sermon last night, "Not far and not in," basing his thoughts upon the scripture found in Mark 12th Chapter, in the 29th and following verses: "There are no way houses on the road to God's Ideal for the human life," said Dr. Turner. "We must go the whole distance or else every good impulse we have felt that was prompted beginning the journey, will be lost to us, when at last we stand before God."

Dr. Turner told of the boys in France when a battle was about to be joined, had their minds all the while on reaching all their objective, captured all the machine guns, posts and prisoners along the way, which were but means to an end. "The trouble with us is as with the scribe to whom Jesus was talking," said the minister, "Was that he had a preconceived notion as to how the plan of salvation should be suggested to him and because his notion was not measured up to or because his notion was not met he was content with the way house in which he lived, instead of going to the objective which Christ held before him."

Tonight Dr. Turner's subject will be "Dealing with the Inevitable." Rev. Mr. Olive, pastor of the first Baptist church in Dunn, is delighting the congregation each afternoon and evening with his finely trained voice. He and Miss Madeline Higgs sang a duet at the service last night, and will render another at the service this evening.

Services each day at 4:00 afternoon and 8:00 at night.

WILSON PLANS TO MAKE TREATY BIG ISSUE IN CAMPAIGN

President Will Make Great Fight for Issue Whether Candidate or Not.

VOTE FOR DEMOCRACY WILL BE FOR TREATY

If Defeated Treaty Will be Withdrawn from European Participation.

Washington, April 22.—President Wilson plans to make the treaty of peace the dominant issue of the campaign.

Whether a candidate or not, Mr. Wilson will make a fight to have the American people endorse his stand. For the present therefore the treaty will not go back to the Senate unless, of course, there is some change of heart in the senate or some situation in Europe which alters the whole face of things.

But the overshadowing issue will be the treaty. A vote for the Democratic ticket will be a vote for the peace treaty, a vote for the Republican ticket will be a vote against the peace treaty. That is the Democratic strategy. That is what the Democratic campaign orators are going to say notwithstanding the protests of Republican spellbinders that they want the treaty with reservations and Mr. Wilson blocked the way.

If the American people defeat the Democratic party on that issue, the President's next move would unquestionably be to withdraw American participation from Europe and from that would logically follow another peace negotiation by the next president-elect, either a separate peace or an entrance into the league with reservations.

NEW YORK PEOPLE TO HAVE OVERALL PARADE SATURDAY

Ten Thousand People to Join Parade to Curtail High Cost of Living.

New York, April 22.—Ten thousand persons, at least, will parade here on Saturday in overalls, according to estimates today by the Cheese Club, which is wostering the drive against high prices of clothing. It will be an "all overall" parade, from the police who will head the procession, to the bands and marchers. No advertisements of firms selling overalls will be permitted to be carried in the procession.

The original plan to hold the parade on lower fifth avenue was abandoned as it interfered with a recent city ordinance prohibiting processions on thickly congested highways, unless on special occasions. Mayor Hylan suggested Broadway as a line of march and this was accepted by the club. The mayor said he would like to head the procession but would be out of the city Saturday.

The price cutting movement by department stores, which started in Brooklyn, spread to Manhattan today with the announcement of A. W. Riley, head of the department flying squadron of profiteering hunters, that two big stores have volunteered to cut clothing and shoe prices. He said one was a large Fifth avenue department store. Mr. Riley said his agents had collected evidence against several New York stores, indicating profiteering and that arrests would follow soon, unless there were more voluntary price cuts.

The people of Greenville are getting real gospel messages in the meetings now going on in all the churches.

BOSTON UNABLE TO PROVIDE ADEQUATE HOUSE FACILITIES

House Shortage Still Acute and Rents Continue to Soar Higher.

TRIAL AT ARBITRATION PROVES UNSATISFACTORY

Bill Introduced in Legislature to Limit Return on Investments.

Boston, April 23.—Massachusetts has not yet been able to make up for its shortage of homes and keep rents from sky-rocketing. A state commission on the necessities of life is struggling with the problem but meanwhile tenants in this city and elsewhere have obtained little relief. Several tenant groups recently refused to pay advances in rent demanded of them and by joint action avoided eviction which would have been legal upon 30 days' notice.

Two hundred tenants at Revere have formed a corporation known as the Tenants' League to combat rent increase and have announced that they will tolerate no more advances in rent and requested aid from the city's local department. The issue there is still in doubt.

An attempt to solve the problem by arbitration has been made in Brockton, a shoe manufacturing center. A board composed of two tenants, two landlords and a fifth member to be selected by the others is to decide whether rents have been unduly advanced when disputes arise between landlords and tenants.

The commission on the necessities of life has investigated the housing and rent problems and has contributed a number of suggestions for their solution but as yet has made no formal report.

LEGISLATURE WILL DISCUSS SUFFRAGE ABOUT FIRST JULY

Action of Democratic Party Defers Ratification for Late Consideration.

Raleigh, N. C., April 23.—Action of the Democratic state convention recently in adopting a platform plank for ratification of the woman suffrage amendment will be followed by a special session of the legislature about July 1.

Louisiana is the only state to have a session before North Carolina but Suffrage leader say no matter what action is taken in Louisiana it will have no effect on the fight for ratification in North Carolina.

If Louisiana were to act favorably it would make the 36th state but on account of some uncertainty over the ratification in Ohio legislature, cause of a referendum involved, suffrage advocates are anxious to have 37 states ratify the amendment.

Opinion is divided here as to what action the North Carolina legislature will take. In view of the fact that both political organizations in the state have adopted platforms including planks favoring suffrage, many party leaders believe the amendment will be ratified. Besides Governor Bickett, many Democratic party leaders in the state have come out for the amendment, including Secretary Daniels, Senator Simmons and Congressman Hoey. The legislature is overwhelmingly Democratic.

HURT STILL DRAWS LARGE CROWDS TO BAPTIST SERVICES

Wilmington Minister's Stirring Sermons Prove of Un-usual Interest.

SAYS WE MUST GO TO HEAVEN OR HELL

Declares There is a Hell, and There's No Alternative Except Heaven.

Dr. John Jeter Hurt, who is conducting the series of services in the Memorial Baptist church preached one of the best and most powerful sermons of the week on the subject "What has become of the old Time Hell?" He read for his scripture lesson, the story of the rich man and Lazarus, dwelling on the part where the rich man in torment lifted up his eyes and beheld Lazarus in Abraham's bosom. Dr. Hurt stated that some people claim that there's no hell, that God, if He be a God of love, would not send any one to everlasting punishment. "There is a Hell, and Why should there be One?" He answered this question by calling on reason, justice and love, and with these he showed why there is and should be a hell. God gives man the privilege of doing right and anyone who violates the law will suffer, and those who will insist on violating the word of God will suffer. We chose our own way. There are two sides to every question, with joy comes its opposite sorrow, Love, hate, sweet, bitter, pleasure, pain, freedom, bondage, and so on until a long list could be made. We must either go to heaven or hell, there is no between. "What is Hell?" was then discussed. Dr. Hurt enumerated a number of things showing what hell is. "It is a place of memories." JUDGE WOOTEN TO BE CANDIDATE FOR THE 5TH DISTRICT

County Court Official announces Candidacy to Succeed Judge Guion

Judge F. M. Wooten, of this city, has sent in a notice announcing his candidacy for judge of the Fifth judicial district to succeed Judge Guion, of New Bern, who has announced that he will not be a candidate this time. Judge Wooten needs no introduction to the people of Greenville, Pitt county and the state at large, as he is well known. Since 1915 he has been judge of the county court, and has filled this position in a most satisfactory manner. He was, for several years, mayor of Greenville. He is one of the state's best lawyers, and is held in the highest esteem by everyone.

SERVICES HELD AT CHRIST CHURCH GROWING IN INTEREST

Dr. Shambart preached another splendid sermon in the 8th Street Christian church last night, to a large and appreciative audience. The subject "God's Cure for present ills," was handled in a splendid manner and Dr. Shambart left nothing unsaid that could detract from the impressiveness of his sermon. Mr. Tuttle who with his sister, Miss Mary Tuttle is conducting the music, sweetly sang "Others." Tonight he will sing, "Ivory Palaces."

Dr. Shambart will preach again tonight on the subject, "How a man joins the Church." The public is cordially invited to attend these services.

PAPERS OF NATION READY TO CURTAIL USE OF NEWSPRINT

Conference of Publishers Promises to Cut Down Present Consumption.

SITUATION SERIOUS IN MANY PARTS OF COUNTRY

Shortage to Continue Indefinitely Without Prospect of Early Relief.

New York, April 22.—The American Newspaper Publisher's Association today pledged its members not to consume any more newsprint from May 1 to December 31, next, than they did in the corresponding period last year. Members will make monthly reports of newsprint consumption to a committee of the association.

The association decided to appoint a committee of five to prepare a blank form upon which all publishers shall make a report of all paper consumed from May 1 to December 31, 1919, and another blank form upon which at the end of each month during the remainder of 1920, the publishers shall make a report showing the amount of paper consumed each month as compared with the same month of the preceding year.

The resolution is not intended, it said, "to bind any publisher to refrain from making contracts or purchase of paper for the ensuing year of 1921, but that in making such purchases they should be guided by the amount of paper they had stored or contracted for on January 1, 1919, and limit their purchases and contracts for the ensuing year to that amount."

The committee created to supervise and secure the carrying out of the agreement is permitted, in extraordinary cases, to waive some of the requirements.

The association indorsed legislation pending in congress for use of the navy radio for transmission of news across the Pacific at a low rate.

The association put itself on record as favoring the admission of Ottomar Agerthaler, inventor of the Justice, to the Hall of Fame in New York City.

A committee report said that the federal excess profits tax work—a peculiar hardship on the newspaper industry and suggested that declaration of stock dividends by newspaper corporations might furnish some relief. Besides the suggestions of stock dividends the report proposed that publishers make complete re-audits of their business beginning with 1915, thereby possibly obtaining amendment of tax returns. The association has sent a questionnaire to publishers asking for reports showing the percentage of taxes to profit for a series of years.

Many members of the association attended a dinner at the Waldorf in honor of James F. Corrigan, for 50 years a reporter. The annual convention.

JOHNSON LEAD GIVES OLD GUARD SURPRISE
Repudiation of Perishing Taken to Express Disfavor of Candidates.

Washington, April 21.—Democrats from President Wilson on down the line are well pleased with the result of the primaries held in Nebraska and Georgia yesterday.

Fighting not on the offensive but on the defensive, administration backers appear to have won victories in both states, and in the face of local conditions that are, perhaps, unparalleled in the country.

In Nebraska, the contest was the age-old one between Senator Hitchcock and William Jennings Bryan over the liquor question. In Georgia, Hoke Smith and Tom Watson were both asking for a repudiation of the Wilson peace policies and the administration candidate, Attorney General Palmer, received enough votes to give him plurality strength in the Georgia convention.

returns received here from the two states unless it is the fact that Senator Hiram Johnson appears to be leading in Nebraska for the Republican nomination. Not only does the Johnson lead bolster up his forces here, but it has brought dismay to the backers of Gen. Leonard Wood. The Johnson victory, combined with the blow which General Pershing's candidacy received, is liberally construed as an indication that the country is not the least interested in a militarist candidate for the presidency.

The rebuke to Senator Hoke Smith in Georgia is generally believed to foreshadow his defeat as a candidate to succeed himself in the United States Senate. It is conceded both by the administration forces and the friends of Senator Smith that the personal unpopularity of Mr. Palmer caused a defection in the ranks of the Wilson supporters divided between Watson and Senator Smith. Likewise it is admitted by well informed politicians that to Watson went some votes which were cast primarily against Senator Smith rather than for either of the other candidates.

Senator Smith asked only for a com-

plementary vote. It was known that he in no wise was seeking the nomination for President at San Francisco, but in order to justify his frequent assaults on the administration during the progress of the treaty fight, he went before the people on a platform opposed to the treaty without the Lodge reservations, but one that accredited the Wilson administration with some "great achievements."

Watson, trenchant antagonist of the Roman Catholics, was opposed to the League of Nations in any form. Attorney General Palmer was running on the record of the administration and in favor of any plank the National convention may adopt with respect to the treaty. Watson, on the eve of the primary election in the Cracker State, summed up the situation with this appeal to the voters.

ATTORNEY GENERAL PALMER HAS PLURALITY IN GEORGIA

Atlanta, Ga., April 21.—Revised unofficial returns tonight from all counties in the State gave Attorney General Palmer a plurality in the Democratic State convention of twelve votes over Thomas E. Watson, L.

PALMER LEADING RACE IN MANY PARTS GEORGIA

Omaha, Neb., April 21.—Senator Hiram W. Johnson continued in the lead for the Republican Presidential preference as votes of the Tuesday primary were slowly received today by newspapers tabulating the returns. William J. Bryan had gained enough votes in the day's count to place him among the first four candidates for delegate at large to the San Francisco convention.

With less than one-half of the 1,840 precincts in the State reporting Senator Johnson had a lead of 8,645 votes over Attorney General Leonard Wood, his nearest competitor with Gen. John J. Pershing third.

In the Bryan-Hitchcock race for delegates at large Bryan not only managed to get within the coveted four of the votes counted, but found one of his running mates there with him.

Democratic leaders tonight said the uncompleted returns indicated that former Governor Morehead was a winner in the gubernatorial race by probably the largest plurality of any can-

didate on the ballot. Republicans also predicted the nomination of Governor McKelvie.

The incomplete figures showed that Senator Hitchcock seeking the Presidential endorsement, was leading his opponent, Robert Ross, by almost three votes to one.

A contest has developed between Arthur Mullen and W. H. Thompson for Democratic national committee-men, the figures being too incomplete to indicate who was chosen.

The Republican vote for President from 850 precincts gave Johnson 34,418; Wood 25,773; Pershing 16,675; Ross 923.

In the Democratic Presidential race 816 precincts gave Hitchcock 17,145; Ross 5,951.

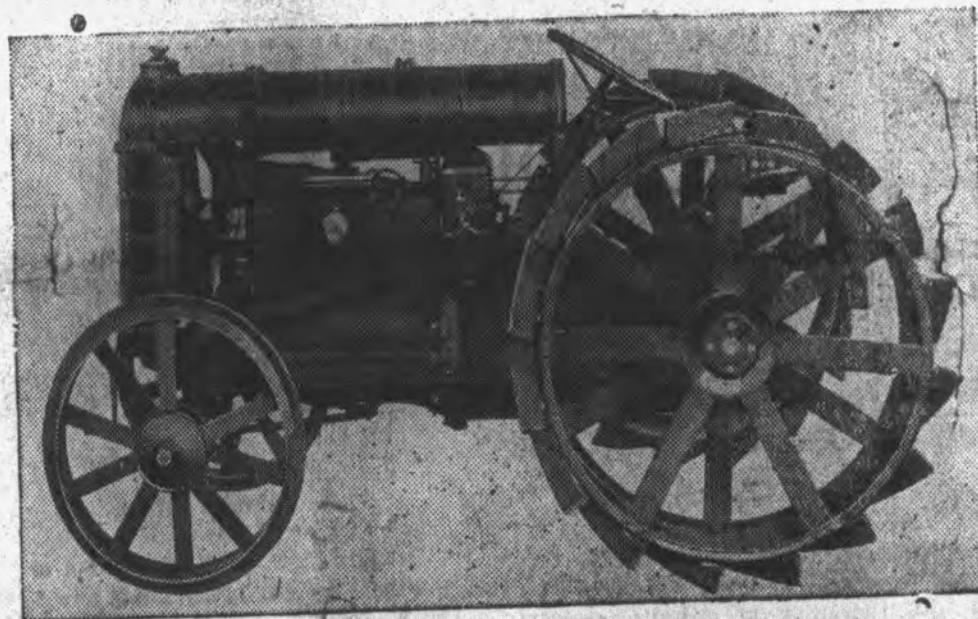

From 843 precincts, the vote for Democratic delegates at large showed: Neville (Hitchcock) 22,774; Shallenberger (Hitchcock) 22,704; Stephens (Bryan) 19,830; Bryan (Bryan) 18,823; Berge (Bryan) 18,614; Thomas (Bryan) 17,579; Neble (Hitchcock) 16,462; McNeny (Hitchcock) 16,462.

SEVERAL CLASHES LATELY REPORTED

Rebels Are Reported Under Obregon and Advancing in Many Sections.

Agua Prieta, Sonora, Mex., April 21.

News dispatches repeating the statement of a Carranza official and recounting reports made to American army southern district headquarters by the intelligence service held an overshadowing interest today in the minds of officials of the State of Sonora which recently withdrew allegiance to the Carranza government. Additional concentrations of federal and state troops for the expected clashes were reported but nothing was known of actual encounters.

General Ignacio Pasquiera, appointed by President Carranza to succeed Adolfo de la Huerta as governor of Sonora, reported upon his arrival at Laredo, Tex., en route to Nogales, Ariz., that the whole state of Michigan had gone over to the rebels. Governor Robelo joining the movement with all federal troops in his command. His statement confirmed Mexico City reports of last Sunday.

The American army intelligence report was to the effect that Lieutenant Colonel Alvaro Obregon, candidate for president of Mexico and recently reported under detention at the capital, was in active command of revolutionary troops in Michoacan. The same report said the 77th Mexican federal cavalry had left Ojinaga, Chihuahua,

to reinforce the Juarez garrison and that 3,200 Carranza troops were concentrated at Casas Grandes, Chihuahua, preparing to march against Sonora through Pulpito Pass.

BOARD TO HEAR SOUTHERN PORTS.

The United States Shipping Board will hold a conference tomorrow (Saturday) morning with the Merchant Marine Committee of the South Atlantic States Association on the question of the threatened dispersal of the Shipping Board fleet now plying on new trade routes out of South Atlantic ports.

This committee, which was appointed at a conference of over forty Southern commercial bodies at Greensboro, N. C., last March, will urge the Shipping Board not to disturb the new trade routes which have recently been established out of South Atlantic ports, either by precipitately selling the vessels now engaged on those routes or by interfering in any other way with the service. On the committee which will appear before the board, are—Matthew Hale, president of the Association, and the presidents of the commercial organizations in the five ports; Chas. G. Edwards, Board of Trade, Savannah, Ga.; J. Ross Hanahan, Chamber of Commerce, Charleston, S. C.; A. W. Coekrell, Jr., Chamber of Commerce, Jacksonville, Fla.; R. L. Phillips, Board of Trade, Brunswick, Ga., and Roger Moore, Chamber of Commerce, Wilmington, N. C.

The Shipping Board will be asked to assign its vessels for a definite period of time so that operators can be assured of service to carry the cargoes for which they have contracted. Otherwise, by the precipitate sale of U. S. Shipping Board vessels and interruption of service, the new trade routes out of South Atlantic ports can be completely destroyed. It is in protest against such possibility that the Merchant Marine committee will interview the members of the board.

A petition will also be presented to the Shipping Board, signed by all the Senators and congressmen, the govern-

ors and chambers of commerce of this section and four South Atlantic States, asking for the creation of a South Atlantic Department of the U. S. Shipping Board, with an assistant director of operations in charge. Such action would free the South Atlantic ports from their present position as subsidiary to Norfolk, a North Atlantic port, and give them the opportunity of developing together as a definite shipping entity.

OPPORTUNITY FOR STUDENTS.

High school pupils of the country are to be given an opportunity to compete for a four-year's university scholarship to be awarded for the best essay submitted in connection with Ship by Truck—Good Roads Week, May 17, 22, according to an announcement made today, which said that the essays will be read and the prizes awarded by judges to be appointed by the Federal Bureau of Education.

The contest, it is said, is for the purpose of focusing public attention on the necessity for good roads and the feasibility of the motor truck as a short haul medium.

According to plans approved by commissioner of education, P. P. Claxton, contestants, to be eligible to compete for the national prize, first must have won one of the prizes to be awarded by various organizations and individuals in their respective communities. The national prize is to be known as the H. S. Firestone University Scholarship, and will be given in any college or university chosen by the winner. All high school pupils may submit a five hundred word essay, which must be entitled, "Ship by Truck and Good Roads," but if the national prize

is won by any pupil other than a senior, the award will be deferred until the winner is ready to matriculate at the institution of his choice.

Judges who will make the national award will be named by Commissioner Claxton before May 22, by which time all essays must be submitted. School superintendents and principals of high schools are being acquainted with the terms of the contest and, it is expected, more than one million essays will be written upon this subject, serving to accentuate the interest and to widen the scope of discussion to be created by Ship by Truck—Good Roads Week, during which time caravans of motor trucks will tour every section of the country.

MISS LUCY ROWE ENTERTAINS
In Honor of Miss Annie Jackson Who Weds Next Week.

Thursday afternoon from 4 to 6 o'clock, Miss Lucy Rowe, delightfully entertained a few friends at a boudoir shower in honor of Miss Annie Jackson, who on Wednesday, April 28th, will wed Mr. Paul Scott, of Kinston. Upon arrival the guests were greeted by the hostess and invited into the library, after all the guests were seated paper and pencils were passed, and much good advice was written and read for the benefit of the bride-elect. After this was over, Miss Rowe presented Miss Jackson with a beautiful bride's book in which she requested the guests to register.

A birthday cake with candles arranged in the shape of a bell, was rolled in on a tea cart and the bride-elect was requested to blow out all, but the number of her years. After this an ice course was served. In the bride-elect's refreshments was found a card reading as follows: "Perhaps if you will search and look, you might find a treasure in some little nook." After searching for a few minutes a lovely boudoir shower was found on the bottom of the tea table hidden by flowers.

The house was decorated with spring flowers, carrying out the color scheme of green and white.

FINE SPIRITUAL SERVICE

An inspiring spiritual service was held at the Jarvis Memorial church last night. Rev. N. H. D. Wilson preached on the theme of "Christ the Messiah," and especially emphasized Christ as the friend of mankind. He

told of his own experience with Christ as a friend. Since the age of eight years he has kept the relation of friendship with Christ, and the Master has always proven in the solving of life's problems.

The large congregation likewise gave testimony of their friendship with Christ. One was conscious of a spiritual presence through the service. Such a service becomes a great power in the life of the church.

The congregational singing was especially enjoyable. It was an hour of soul-lifting.

UTILIZE NORTHWEST FORESTS FOR NEWSPRINT MANUFACTURE

Secretary Meredith Urges Development of Pulp and Paper Industry in New Fields and More Adequate Support of Forest Service Activities

Washington, D. C. April-23 Greater use of the vast forest resources of the Pacific Northwest and Alaska, and the growing of much more timber in New England and the Lake States, were advocated by E. T. Meredith, Secretary of Agriculture, in a letter to the American Pulp and Paper Association read at a meeting of that body which closed in New York City April 15th. Such a program, the Secretary said, will promote a permanent solution of the newsprint problem and is in accord with constructive measures now being advocated, including the proposed Poindexter Pulp survey provided for in a bill now pending in the Senate. Essentials in this program, the Secretary said, were the continuation of technical investigational work such as the Forest Service now carries on and contemplates, and adequate support of the Service's fire protection and other activities. The Secretary's letter expressed his regrets at being unable to accept the invitation to address the association and was read by Charlie P. Winslow, Director of the Forest Products Laboratory, who represented the Department of Agriculture at this gathering.

"While the work of the Forest Service already deals with many problems of the industry, it should be materially extended and could, with advantage, to the public as well as to the industry cover a wide range of problems and activities from the growing of Pulp timber to the many difficult technical questions involved in pulp and paper manufactures," said Mr. Meredith in his letter, an abstract of which follows.

"The United States is to day facing

the most critical pulp and paper situation in its history. Of these the newsprint situation is the most serious. Present demands, abnormal though they may seem, are merely an incident in the rapidly growing normal demands for newsprint paper. "Today we are dependent upon other countries for the equivalent of two thirds of the pulpwood, pulp, or newsprint which goes into American newspapers. Our newsprint industry is concentrated largely in New England, New York, and the Lake States. I am told that 60 per cent of the pulp and paper concerns in New York have no stumpage of their own, and that less than five have enough timberland for continuous future operation. The predicted life of the industry in New York, New Hampshire, and even in Maine, where the great bulk of our newsprint is produced, is alarmingly short.

"We have, on the other hand, large quantities of suitable newsprint wood in the Pacific Northwest and in Alaska. The annual growth of timber on the National Forest of Southeastern Alaska would alone supply half of our present American newsprint requirements. Here the industry is undeveloped.

New York, April 20.—Mustapha Kemal Pasha's Turkish Nationalist Army, which has been a disturbing factor in the efforts of the Allies to solve the Turkish peace problem, is being regularly supplied with arms and ammunition from Constantinople through Trebizond, a Black Sea port, according to information received here from J. P. Ryan, of Muncie, Ind., a Near East Relief worker in that district.

"Arms are smuggled in regularly, and with almost no attempt at concealment," writes Mr. Ryan. "A Turkish schooner makes a trip every few days from Constantinople, and anchors right here in Trebizond. The cargo is discharged at night, and loaded into Turkish army wagons, that you can see almost any night following the same road out of town that the lines of Greek refugees were driven to their death in 1915 and 1916. They pass right by the Near East. Relief orphanage on their way to the interior."

"I have no way of being certain where they go but most probably to Erzingan and Sivas, where Mustapha Kemal, in spite of the French Mission, is very strong. There is a British control officer here of course, but he would not believe that arms were being shipped into the country until he happened to be out here one night, and I showed him the wagons passing. He has stopped a few of them, but the smuggling still goes on, just the same. "The Turks realize that most of the hinterland of this country, if not Trebizond itself, is bound to go to Armenia, sooner or later;

NOTICE TO PUBLIC.
 I have been to the City Clerk's office
 three different times to pay my taxes
 and Mr. Farmer said his books were
 not ready yet, my property was adver-
 tised for non-payment of taxes. There
 is something lacking somewhere. I
 don't care to be published this way
 when I have made efforts to pay what
 I justly owe. I called at the city
 clerk's office again this morning but no
 one was in.

Respectfully,
 21-1tc J. A. WINGATE.

MID SUMMER SHOWING OF
MILLINERY.

I will have on display Tuesday, April
 27th, a beautiful line of mid summer
 hats, both large and medium, for
 dress and sport. Our line, this season,
 is one of the best and most up-to-date
 which it has been our privilege to show
 to our friends and customers. You are
 extended a most cordial invitation to
 our store.

ories," he said. After entering that
 awful place of misery we will think
 of all the chances we had of repenting,
 but it will be too late. He painted
 the heavenly scenes of his sermon in
 such beautiful words that it will long
 remain with all who heard it. Mr.
 Taylor conducted the music and it was
 enjoyed.

Dr. Hurt preached again this morn-
 ing on the same text which he has
 been preaching every morning John 1-
 11. "And he brought him to Jesus."
 He preached on the word "brought"
 this morning, showing how Andrew
 brought Simon Peter to Jesus. His
 morning sermons are splendid and
 everyone who attends, leaves feeling
 better all day for having heard them.

He will preach again tonight on the
 following subject: "God exhausting
 His resources to keep people out of
 hell."

SEN. HARDING ENTERED IN
OFFICIAL PRIMARY LIST

Raleigh, April 23.—The name of Sen-

... ..
 fied contender, that of Corporation
 commissioner. Mr. A. J. Maxwell, in-
 cubent whose term expires this year,
 stated yesterday that he would enter
 in full time before the nominations
 are closed Saturday. In every office
 to be filled there are from two to six
 contestants in the running. There were
 no new entries for associate justice
 of the Supreme court during the day.

 port. It has urged the cities to form
 housing corporations and take over and
 improve abandoned tenements by
 workmen who had moved to better
 ones. The commission found there
 were 3,000 tenements which were un-
 occupied because the landlords would
 not remodel them so as to make them
 fit for occupancy.

At the suggestion of the commission
 a bill has been introduced into the
 legislature that would limit the return
 from investments in dwelling houses to
 eight percent. The purpose of it is
 to prevent speculation in homes. The
 commissioners found that many build-
 ers had stopped construction because of
 the high cost of labor and materials
 and had gone to speculating in real es-
 tate. The result was that frequent
 sales of property were followed by ad-
 vances in rent. In many cases tenants
 were forced out of their homes so that
 the landlords might demand higher
 rates from new occupants. Massa-
 chusetts' corporations have attempted
 to relieve the housing shortage by
 erecting community houses. Whole
 villages of attractive houses are being
 erected in New Bedford, Lawrence,
 Lowell and other mill cities, and will
 be rented or sold to employes on easy
 terms.

school.
 Fourth: We recommend that addi-
 tional facilities be had for taking care
 of the prisoners on the county road
 which we now find in a very crowded
 condition. We have been informed,
 however, that the proper authorities
 are taking steps to remedy the same,
 but we desire to report said condition
 to the end that improvement may be
 made as speedily as possible.

Fifth: We suggest that a large
 sign be erected, at the county home
 prohibition any person from entering
 the county home grounds without the
 permission of the county superintend-
 ent, and we respectfully ask the com-
 missioners to attend to this matter at
 once.

Sixth: We desire to thank the
 presiding judge, the solicitor and the
 court officers for their many kindnes-
 ses shown us during this term of court.

**WILSON PLANS TO
 MAKE TREATY BIG
 ISSUE IN CAMPAIGN**

(Continued from page one.)

But while it will be the aim of the
 Republican party to keep the Ameri-
 can people concentrated on domestic
 issues, the Democrats led by the Presi-
 dent will blame all the economic and
 business ills of the country on the fail-
 ure of the senate to ratify the treaty.

In the meantime, the President is
 taking upon his own shoulders the
 determination of American foreign
 policy and American ambassadors
 aboard have been instructed to act as
 "observers" at all international con-
 ferences. Foreign governments will
 know that this is merely a temporary
 expedient while the American people
 thresh out the differences between two
 branches of the government who have
 co-ordinate jurisdiction over the mak-
 ing of peace treaties.

This decision has been reached by
 the President and his official family
 and is reflected in the point of view
 expressed by members of the cabinet.

"Why not send the treaty back to
 the senate for further consideration
 —there is nothing now before the sen-
 ate," was the query which the writer
 directed to a member of the cabinet
 after this week's cabinet meeting.
