American Foreign Traders of Many States Gather in San Francisco.

SUPREMACY OF AMERICAN TRADE GETS ATTENTION

Prominent Industries Represented in Convention Beginning Today.

San Francisco, May 12.—American foreign traders, from many states and from far shores of several seas, met at the National Foreign Trade Convention here today to discuss problems in their fight for American trade supremacy and to plan for improvement of America's new merchant marine and the increase of the nation's exports and imports.

"Effect of Being a Creditor Nation," is the convention theme and problems encountered on the Pacific probably are to predominate in the discussions. Session topics include, "Fundamentals of Our Foreign Trade," "Forfeited Trade Policies," "The Merchant Marine," and "National Program for Foreign Trade." One group session will consider Russian trade problems. Other will take up financing and advertising foreign trade, transportation and communication and imports and exports.

Delegates have been arriving for day by boats special trains. Nearly every delegation has a program to present. The Chinese representatives will urge passage of a bill, now before congress, authorizing incorporation of companies in America for foreign trade. The men from the Philippines are to urge creation of a government agency with power to control American shipping in the far East. Both these measures, delegates said, would help Americans in their trade struggles with British and Japanese.

James A. Farrel, New York, president of the United States Steel Corporation and chairman of the National Foreign Trade Council, is convention chairman. Speakers are to include W. C. Redfield, former Secretary of Commerce; Dr. David P. Barrows, president of the University of California; William Sproule, president of the Southern Pacific Railway Co.; and W. L. Saunders, New York, president of the American Manufacturers Export Association.

The convention, the seventh of its kind, was called by the National Foreign Trade Council. The meeting will continue until Saturday. Convention officials estimated the total registration would reach approximately 2,500.

FINDS COTTON MILL IN LINE FOR DEVELOPMENT

Canvass of Business District Shows Children Well Provided For.

Mr. E. F. Carter, executive officer of the State Child Welfare Commission, was in the city yesterday in conference with Mr. M. K. Blount in the interest of the State Child Labor Law and other acts relative to the employment of women in mills, factories and business places. While here Mr. Carter made a thorough canvass of the mills and business place, reporting that he found admirable conditions and being deeply impressed particularly with the plans now under consideration for the direction and supervision of the child life in the Greenville Cotton Mills section, which is fast becoming a village within itself. The management of the mill now has on foot the construction of a modern school building, which we are informed will be a recreational center and to cost approximately \$30,000. When these plans are fully realized, it promises to place this village in the foremost rank of the welfare work in guiding the proper direction of the child life. This is a movement to supervise the child in wholesome recreation and amusement, which is being fostered and promoted very enthusiastically by the mill men of our state. It is the policy of the Welfare Commission to promote and encourage recreational center that will provide wholesome amusements for the adult and child life in every community, city and village. No town or a progressive nature can afford to neglect this im-

NEGRO HURT WHEN RUN DOWN BY CAR TUESDAY EVENING

Unknown Negro Riding Bicycle Run Down by Dodge Car on 5th Street.

An unknown colored man, riding a bicycle, received painful scalp injuries yesterday evening on Fifth street when run down by a Dodge automobile driven by Mr. William Bradsher, of this city, and but for the presence of mind on the part of Mr. Bradsher it is more than probable that he would have been killed instantly. Medical attention was rendered immediately, but the injuries of the scalp were not serious enough to cause any apprehension for his recovery.

According to persons witnessing the accident, Mr. Bradsher was concealed from the negro's view by another automobile standing at the edge of the curbing, and as his car appeared suddenly in sight the bicycle rider became excited and turned from one part of the street to the other in an effort to avoid the car. Mr. Bradsher tried vainly to steer his machine in an opposite direction, and ran against the curbing, damaging the car, as the colored man's bicycle collided with his machine.

The accident was unavoidable in every way, so spectators say, and was the result of the injured man's indecision in judging his course in time to give the car right of way.

OFFICIALS BELIEVE MEXICAN TROUBLE NEAR TERMINATION

Reports Declare Actual Fighting Has Been Abandoned in Sections.

RESTORATION OF STATE INDUSTRY IN PROGRESS

Mexican Gunboat Neutral, According to Advices from the Coast.

El Paso, Tex., May 11.—Officials of the new revolutionary party in virtual control of Mexico today maintained that the revolution is in its final stages, so far as active fighting is concerned, despite latest reports that President Carranza was making a stand after having broken through the rebel lines near Pueblo. Statements from the revolutionary leaders at Juarez, opposite here, indicated efforts now would be bent toward restoration of the country's industry and prosperity.

Foreign capital in the development of the country's resources was welcomed in a statement, in which lives and property were promised protection.

Expatriates also were welcomed to return to Mexico and it was stated a reform movement would be inaugurated to prohibit gambling and saloons.

Reports available here today dealt mostly with the alleged arrest of Carranza, promises of safeguarding his life and his probable exile, little attention being paid to troop movements or activities.

The commander of the Mexican gunboat now lying in the harbor here declares that the vessel will maintain a neutral attitude pending the establishment of stable conditions.

On yesterday in the rooms of the Chamber of Commerce, was held the monthly plico, or "get together" meeting of the officials and agents of the Carolina Agency Corporation, of which Mr. J. W. Timberlake, of Greenville, is president. The meeting was well attended and proved of much interest. Addresses were made by Dr. C. O. Langdonhouse, of Greenville; Dr. S. W. Grid, of Philadelphia, chief medical officer, and by Mr. Gordon, of Monroe, general agent of the corporation, all of these being on subjects in keeping with the work of the organization.

Sessions were held both morning and afternoon, dinner being served during the interval at the Proctor Hotel.

BURNING TRESTLE DELAYS WELDON & Kinston TRAINS

Atlantic Coast Line passenger trains Nos 50 and 72 operating between Weldon & Kinston, were delayed considerably yesterday evening by a burning trestle between this city and Winterville, necessitating the transferring of passengers and baggage from one train to another at the trestle, each train returning to their respective terminals. The trestle was repaired sufficiently for the Weldon train to pass over it this morning and traffic therefore will be continued without further delay.

SALARIES TO TEACHERS NEAR TERMINATION

Meeting Features Broader Scope

SUBSTANTIAL INCREASES TO GREENVILLE TEACHERS FEATURED

Entire Teaching Force Elected for Another Year Also Effected.

The board of trustees of the Greenville City Schools met yesterday afternoon and adopted the salary scale suggested by the State Superintendent of schools. The scale of salaries is based upon the training and experience of the teachers, and since every teacher in the Greenville schools can qualify in both particulars they will receive substantial increases in salaries. After adopting the recommended salary scale the board immediately elected the entire teaching force for another year. This action is a distinct compliment to the teachers as a body and it is hoped by the board that each one will decide to remain in Greenville for another year's work. The board feels that the schools will soon close the most successful year in their history, and it is the plan of the board to go into another year without a break in the teaching force if possible. There is certain to be a serious shortage of teachers in the state next fall when schools open, but it is hoped that Greenville will not suffer from this shortage.

Below is the salary scale recommended by the state superintendent and which is being adopted throughout the state.

Holders of High School, Grammar Grade, Primary Certificates.

1. Graduates of A college with required professional training, 4 years, \$133.33; 3 year, \$120; 2 year, \$110; 1 year, \$105; 0 year, \$100.

ADMIRAL DEWEY'S FORMER RESIDENCE TO BE REMODELED

Bautiful Building Being Converted Into Store as Result Commerce.

Washington, May 12.—Admiral Dewey's former home, gift of the American people for his victory at Manila Bay, is being remodeled into a store, having given way, as have a number of other historical residences, to the spreading commercial section of the city. The Dewey house, at 1747 Rhode Island avenue, just off Connecticut avenue, was disposed of some years before Admiral Dewey's death.

The city's commercial expansion is gradually moving northward along Connecticut avenue and has passed beyond the British Embassy which now finds itself amidst a group of fashionable hop. The historic old Corcoran mansion and the wisteria-clad John Slidell house, with their old-fashioned gardens and high brick garden wall facing Lafayette Park opposite the White House at the beginning of Connecticut avenue, soon will be razed for a modern building for the Chamber of Commerce of the United States of America.

Among the historical mansions holding out against the march of commercial expansion are the famous Octagon House, residence of Colonel Taylor which was occupied a year by President Madison after the White House was fired by the British in 1814.

ADMIRAL DEWEY'S FORMER RESIDENCE TO BE REMODELED

J. R. Turnage, of Ayden, Toastmaster at Banquet After Election Officers.

The Pitt County Trinity College Alumni Association held its annual meeting last night at the home of Mrs. G. B. W. Hadley on Evans street. It was the occasion of the annual banquet and election of officers. All in all it was the most delightful gathering that the chapter has had for a number of years. Covers were laid for twenty-five and Mr. J. R. Turnage, of Ayden, was the toastmaster. Mr. R. H. Wright and G. B. W. Hadley were present as guests of the chapter. Reminiscences of the past and prophetic tales of the great future before the Alma Mater were the topics of the evening discussions. The matter of most vital importance presented was that of the building of the \$475,000 gymnasium as a memorial to sons of Trinity who made the supreme sacrifice during the great war. This matter was presented by Rev. J. M. Daniel, former pastor of Greenville, now stationed at Dunn. Mr. Daniel is spending some of his spare time putting this matter before the Alumni Association of the State. The local chapter made contributions amounting to one thousand and fifty dollars last night and there is a strong probability that this will be increased to one thousand five hundred today.

Rev. T. G. Vickers, of Ayden, formerly a Chaplain with the 32nd Infantry, graduate of the class of 1911 spoke for a few minutes concerning the college, and then delighted the members present with some remarks relative to his work in the army. Mr. Vickers was decorated by the French government for bravery under fire. "Reddy" Williams, class 1906, now of Charlotte (Continued on page eight.)

SCHOLARSHIPS TO BE GIVEN AWAY BY MEN'S ASSOCIATION

Forty-two Thousand Scholarships to be Awarded Through Organization.

The Young Men's Christian Association through the War Work Council, is giving forty-two thousand scholarships in the United States. A proportionate amount of these are being given to the ex-service men of North Carolina. Many men in college this year have taken advantage of this opportunity to get help in obtaining a better education.

Mr. Hunt the state county work secretary was in Greenville Monday to make arrangements for the distribution of a number of free scholarships to ex-service men in Pitt county. There is still quite a large sum of money available for men who are interested in taking vocational training either at home or in some school. Any service men interested in getting some additional training to better fit them for their chosen vocation, may see any members of the crew in connection with the Educational Service Truck which will be in Pitt county May 17-28. If it is impossible to get in communication with either of these men, interested parties may address S. E. Hunt at the Y. M. C. A. in Charlotte, N. C.

Washington, May 11.—Permanent occupation of Constantinople, which is left under the sovereignty of the sultan, by a small international force of allied troops, is provided for in the treaty which was handled today to the Turkish representatives at Paris. An official summary of the treaty has been received in Washington.

A similar international guard is provided for the garrisoning of the straits as a guarantee of free passage through the Dardanelles and the Sea of Marmara to ships of all nations.

An inter-allied commission of control at Constantinople, consisting of the representatives of the principal allied powers, will exercise supervision over the execution of the clauses of the treaty and with the aid of the inter-allied troops enforce its terms.

PIES and PASTRIES

From the NEW ROYAL COOK BOOK

CHEER up! There is no further reason for worrying about table variety. The new Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there will never be another dull meal in the home. Here are a few suggestions from the new Royal Cook Book.

Plain Pastry

This recipe is for one large pie with top and bottom crust

2 cups flour
1/2 teaspoon salt
1/2 teaspoons Royal Baking Powder

1/2 cup shortening
cold water

Sift together flour, salt and baking powder; add shortening and rub in very lightly with tips of fingers the less it is handled the better the paste will be. Add cold water very slowly, enough to hold dough together (do not work or knead dough). Divide in halves; roll out one part thin on floured board and use for bottom crust. After pie is filled roll out other part for top.

Rich Pastry

2 cups pastry flour
1/2 teaspoon Royal Baking Powder

1/2 teaspoon salt
1/2 cup shortening
cold water

Sift flour, baking powder and salt; add one-half shortening

and rub in lightly with fingers; add water slowly until of right consistency to roll out. Divide in halves; roll out one half thin; put on in small pieces half remaining shortening; fold upper and lower edges in to center; fold sides in to center, fold sides to center again; roll out thin and put on pie plate. Repeat with other half for top crust.

Apple Pie

1 1/2 cups flour
1/2 teaspoons Royal Baking Powder

1/2 teaspoon salt

1/2 tablespoons shortening

4 apples, or 1 quart sliced apples

2 tablespoons sugar

1 teaspoon milk

Sift flour, baking powder and salt; add shortening and rub in very lightly; add just enough cold water to hold dough together. Roll half out on floured board, line bottom of pie plate; fill in apples, which have been washed, pared and cut into thin slices; sprinkle with sugar; flavor with cinnamon or nutmeg; wet edges of crust with cold water; roll out remainder of pastry; cover pie, pressing edges tightly together and bake in moderate oven 30 minutes.

Goodyear Leadership—and Tires for the Smaller Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3, 30x3 1/2, and 31x4-inch sizes.

Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3 1/2 Goodyear Double-Cure \$23.50
Fabric, All-Weather Tread

30x3 1/2 Goodyear Single-Cure \$21.50
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of \$4.50 less merit. 30x3 1/2 size in waterproof bag

GOOD YEAR

...the foreigner in the field who have found that wherever a man, woman or child of foreign birth or parentage has been won to the Christian religion, that one stands foursquare for the flag, laws and institutions of the United States. Work in evangelizing and Americanizing the 4,000,000 people of foreign birth and parentage residing within the territory of the Southern Baptist Convention has been carried on by representatives of the Home Mission Board and the Woman's Missionary Union of the Southern Baptist Convention and the various state mission boards for several years, but this work will be enlarged and intensified as a result of the larger proceeds made available for it through the 75 Million Campaign.

Important Centers Named.

Among some of the more important centers in the South and Southwest where work of this character is carried on are Richmond and Norfolk, Virginia; Baltimore, Maryland; Louisville, Kentucky; Tampa, Florida; Birmingham, Silver Hill and Mobile, Alabama; Meridian, Miss.; New Orleans and Church Point, La.; San Antonio, Laredo, El Paso and Fort Worth, Texas; Krebs, Okla., and East St. Louis, Harris, Christopher, Harrisburg, Granite City and other points in Illinois.

Alms That Are Sought.

Indicating the aims that are sought in this work they may be briefly summarized as follows:

1. To reach the little children that their test may be started in the upward path.
2. To inspire the older boys and girls with ideals that will help them to improve their environments and give them strength to cope with temptation.
3. To interest the young people in sane and wholesome pleasures that their energies may be rightly directed.
4. To help the women to be better home-makers, more careful wives and mothers and better Christians.

RURAL CHURCH WORK WILL BE DEVELOPED

BAPTISTS PLAN TO REACH 15,000 COUNTRY SUNDAY SCHOOLS THIS SUMMER.

PROVIDE BETTER TEACHERS

75 Million Campaign, With Assistance of Sunday School Board, Makes Extension Program Possible.

Every State Enlarges Work.

Over \$300,000 a year will be expended on Sunday School field work in the territory of the Southern Baptist Convention, it is announced, and every state organization will greatly enlarge its Sunday School force, giving especial attention to the development of the rural schools.

In order that an adequate number of instructors may be available for carrying on this larger program, a thirty day normal school will be held in Nashville, beginning May 31, in the instruction in which a large regular faculty of Sunday School experts and many special lecturers will be employed.

The Sunday School Board at Nashville has just established a department of Sunday School administration which will deal with all questions of Sunday School organization and equipment. This department will be in charge of Arthur Flake, who has been a member of the field force of the Sunday School Board for quite a while, and who was formerly superintendent of the Sunday School of the First Baptist church of Fort Worth, Texas, said to be the largest Sunday School in the South.

Build Better Church Houses. Another department of the Sunday School Board is giving attention to the encouragement of better church houses and pastors' homes in the rural districts, furnishing architects' plans for this purpose and detailed instructions without cost to churches which contemplate buildings along these lines.

DR. J. J. VAN NESS

Corresponding Secretary Baptist

Sunday School Board.

What is believed to be the most extensive campaign for the development of rural Sunday Schools that has yet been undertaken by any single organization in the forces of Southern Baptists especially interested in Sunday School work will undertake to reach 15,000 or more rural Sunday Schools of the South and Southwest this summer, announces Dr. J. J. Van Ness.

ANNOUNCEMENT.

To the Democratic voters of the Fifth Judicial District:

I have entered the Primary for the office of Judge in this District.

I have practiced law for the past 18 years, during which time I have assisted in the prosecution of the Federal docket for about 7 years. Since entering my name for the judgeship I have resigned the office of Assistant U. S. attorney.

Before beginning the practice of the law I had fourteen years experience in business, beginning life as bank book-keeper at the age of 16 years.

I shall not make a canvass of the district for the judgeship. My conception of the duties and responsibilities of the high office of Judge is such that in my view a canvas, and the methods of the political campaign, usual and perfectly proper for other offices—purely political, tend to cheapen and lower its tone. I would rather lose the nomination and never hold the office than lower it a hair's breadth from the high plane of honor and dignity on which our fathers have placed and kept it in North Carolina.

I shall appreciate the support of all democrats in the district; and if by their sufferages I should be elevated to the Superior Court bench, I assure them that its high traditions shall be upheld, and in the administration of the office justice shall be meted out to all men alike.

FOR THE LEGISLATURE.

At the solicitation of many of the leading men of Pitt county, I have decided to become a candidate for the House of Representatives. I have long nourished an ambition to serve the people of my county in the legislature, and now that the opportunity has presented itself I will offer my candidacy subject to the primary to be held on June 4th, 1920.

In announcing my candidacy I wish to state to the voters of Pitt county that the work to be done in the legislature is not new to me. I know every detail. I was engrossing clerk of the senate of North Carolina for six years, from 1909 to 1915 and the experience I received in this position will be worth lots to me as a member of the house of Representatives. Pitt county is a great county, one of the richest in North Carolina, and as such is entitled to recognition. If you the good people of this county feel that I can be of service in helping to place Pitt county at the head of the list where she rightly belongs, I will take great pleasure in serving you.

Yours to serve,

AMUZU PARK TICKETS.

Some weeks ago we issued 500 season tickets, price for men \$10, plus war tax and \$5 plus tax for ladies and children over 6 years, no charge under six. The reason these tickets were issued, was not to finance the park, but to feel public sentiment. We feel that Greenville is large enough to have a modern amusement park and most everyone agrees with us, but so far we have sold eleven tickets. Which is not very encouraging, when we guarantee to refund the money to any one not satisfied June 1st. It is our desire to equip a modern park, with many playground features, but candidly unless the ticket sale has increased by Saturday, May 15th, we will postpone many contemplated features. Tickets for sale by Mr. Shep Morton and at Tunstall's store. Remember we don't ask for donations but sell you a season ticket, with a guarantee, your money's worth or your money back.

You be the judge June first, 1920. Buy now or please don't criticize later. Tickets mean, more light, more sand, more music, more paint, more fun for all.

BRITAIN IN FAVOR CHINA'S CLAIM TO SHANTUNG REGION

Chamber of Commerce Puts Itself on Record as Fav- oring Annexation.

Shanghai, May 11.—The British Chamber of Commerce of Shanghai, representing the bulk of British interests in the Far East, has put itself on record as in favor of China's claims in the Shantung controversy. This is in line with action taken by American commercial organizations in China and is regarded as significant in view of the fact that a part of the English commercial enterprises in the Orient are linked with the Japanese.

"This chamber," declared A. W. Burkhill, chairman of the British Chamber's directorate in his address at the annual meeting, "is in full sympathy with China in her very natural desire to have control of this province returned to her."

"When one takes into consideration that Japan in taking Tsingtao with the help of British troops, was only doing her part as an ally, her present attitude is hard to understand."

"She is taking deliberate steps to control the whole of the land surrounding the harbor, docks, wharves and railroad terminals, and every obstacle is put in the way of other nations of acquiring any property in what undoubtedly is the business center. This policy can only be construed in one way, viz., that Japan is not going to allow any other nation to have an opportunity of trading on fair and equal terms with her own nationals. We none of us want any special consideration; all we ask for is to be allowed to do business on an equal footing."

Advices from Moscow State That Dearth of Medicines Has Occurred.

Warsaw, May 11.—Advices from Moscow state that in March there was a great dearth of nearly all kinds of medicines in the Russian city and that many drug stores had been compelled to close. Scarcity of wood and coal was also reported, the information received here indicating that numerous frame houses and various other buildings of wood were being demolished to be used as fuel.

A Pole who came from Moscow within the last few weeks said that while food was terribly expensive there was plenty for those who had rubles which were worth, estimated in American money, a fraction more than one cent. A shave cost 75 rubles and soap 800 rubles a pound. Cigarettes were worth about 70 rubles each and matches 100 rubles a box.

Horse meat sold for 50 rubles a pound, beef bringing 650 rubles for the same weight. Pork was 1,000 rubles a pound. Black bread retailed at 250 rubles a pound, butter 2,500 and fats 2,000 per pound.

Sugar brought 1,500 a pound when obtainable and salt was nearly always to be had at 750 rubles a pound.

Clothing for men and women was so expensive that the poorer class either made their own suits or wore patched garments which they had owned for years.

HON. F. M. WOOTEN FOR JUDGE OF FIFTH DISTRICT

Hon. F. M. Wootten announces his candidacy for judge of the Fifth District to succeed Judge Gulon of New Bern. Judge Wootten is one of the most capable and efficient lawyers of our city. For several years he has held the position as judge of the county court, and has served in this capacity in a most efficient and satisfactory manner. We call attention to the advertisement which we carry in today's issue, concerning his candidacy.

AS GOOD AS NEW

That's the way we make that worn old tire of yours. Our vulcanizers do wonders with worn shoes and inner tubes. Doubles, often triples, the life of your tires. Isn't it more economical to pay us for good vulcanizing than to buy new tires—especially now when the cost of new tires mounts daily?

WEDNESDAY, MAY 12, 1920

England may have been first in the
thought of Admiral Sims during the
war, but now that the conflict is over
he may find it advisable to consider
his own country with greater apprecia-
tion.

Bryan may think President Wilson
is all wrong concerning the peace
treaty, but what Mr. Bryan thinks and
what the people think are two different
ways of thinking altogether, as time
will tell.

Secretary Lane, in declaring that
American people in Mexico needs pro-
tection, didn't miss the mark very far.
For with that country in a state of fer-
ment from revolution it is evident that
very few people would be safe under
such conditions.

Now that reports of Carranza's cap-
ture by rebel troops have been confirm-
ed, it can be easily surmised that the
revolution will decrease in intensity for
the time being at least. Political fac-
tions in this instance have certainly
established a precedent, and one that
other nations of Mexico's proportion
should avoid.

That bloodless revolution reported in
progress in Mexico failed to measure up
to expectations in the slightest sense of
the word, for we are now informed
that much blood has been spilled, and
that there is strong evidence something
similar will follow immediately un-
less the situation should change within
a short time.

That committee of the senate in-
vestigating the Mexican situation may
find their efforts of little use after the
country has been demoralized by revolu-
tion such as that threatening the nation
today. The situation already has as-
sumed an ominous appearance, and if
something is not done, if intervention
is not considered necessary within a
short time there will be no necessity
for either intervention or investigations.

OUR BREAD IN PERIL.

"Our primary bread crop is threatened
with the tremendous reduction of
thirty-four per cent from last year,"
announces the North Carolina Co-
operative Crop Reporting Service. "The
winter wheat acreage to be harvested
in the United States is more than
thirty per cent less than last year. The
May 1st forecasts are for only 484,647,-
000 bushels on 34,105,000 acres com-
pared with a final estimate of 731,636,-
000 bushels produced last year at an
average yield of 14.7 bushels per acre.
The abandonment to May 1st of the
acreage sown is practically twelve per
cent, with a condition of but 70 per
cent of a full crop.

"The North Carolina crop shows
about two per cent abandonment with
a condition of 88 per cent, on an acre-
age of 12 per cent less than last year
and 90 per cent of the usual.

"As with wheat, the acreage of the
United States is greatly reduced, but
outlook. The North Carolina acreage
the 85 per cent condition shows a fair
is eleven per cent less than last year
and has a condition of 91 per cent of
normal, for the rye crop.

"The United States present acreage
of hay crops estimated to be the same
as last year, with a good condition,
and reports show 10.5 per cent of last
year's crop now remaining on farms.
The North Carolina estimates indicate
a six per cent reduction in the acreage
of hay, with a 90 per cent condition of
the present growing crops. Sixteen
per cent of our last year's hay was
reported on May 1st as remaining on
farms.

"Three-fourths of the plowing has
been finished with but half of the entire
planting work done in this date. It is
not wise to mention to farmers just
now anything about the eight hour
day.

"The condition of all livestock, both
for North Carolina and the United
States, is reported as being very good
at this date. No particular epidemic
are reported excepting a few sporadic
cases of hog cholera. Even this seems
to have been less pronounced than
usual. Reports indicate that about
two per cent of horses, cattle, and sheep
died last year from diseases and about
the same percentage from exposure
and neglect. Swine show a mortality
from disease of about five per cent.
These figures are also fairly representa-
tive of conditions for the entire United
States excepting that lambs have
a greater death rate in other states.

The way Josephus Daniels played
Admiral Sims in the recent statement
before the senate investigating com-
mittee causes one to believe the Ad-
miral may have some little opposition
in future narratives of the kind. Peo-
ple have been confident of the navy
department all along, and now that the
secretary has virtually exonerated its
members it is assured only slight re-
sentment will be in store for Sims altho
his charges were malignant and de-
void of policy. The present state of
affairs probably will give him a few
things to think about in the future here
at home instead of giving quite so
much thought to the British admiralty.

It is apparent now that Republicans
throughout the country are worried to
no little extent over President Wilson's
plan to the American people to stand
squarely behind the peace treaty, and
to tell the truth they have ample room
for worry. The fact is, the statement to
members of the Democratic party was
not made in vain, and when the treaty
is put up to the voters to express their
sentiment as to reservations there is
little doubt that few Incorportations
will be asked for or considered neces-
sary. The mass of people realize that
the president is capable of deciding
whether or not the treaty in its pres-
ent form is adequate for American
interests, and when the day comes for
them to decide this point it will be done
intelligently and with a clear under-
standing of the principles involved.

The senate failed miserably in its mis-
sion in the interest of the people at
large, and when the matter is put in
their hands a definite decision will be
forthcoming immediately, showing
plainly the indisputable confidence in
the chief executive of the nation.

Senator Reed and William Jennings
Bryan may find time for sacrilegious criti-
cism of President Wilson's position
in the peace treaty issue and his recent
plea to Democrats of the nation, but
the time will soon come when they will
be able to realize that the chief ex-
ecutive is accorded greater support
than contemplated by either of the
gentlemen. In fact, the president is
daily convincing the American people
that his course is directed by sound
judgment of national and international
relations, and if the treaty should be
ratified it is safe to say no mistake
will be made. However, it is certain
now that the issue will be left to the
people to decide, which certain gives
the president greater chance in show-
ing his opponents that the people are
with him in this one instance if in no
other.

RAMON'S LIVER PILLS

HON. F. M. WOOTEN FOR JUDGE OF FIFTH DISTRICT

Hon. F. M. Wooten announces his

candidacy for judge of the Fifth Dis-
trict to succeed Judge Gulon of New
Bern. Judge Wooten is one of the
most capable and efficient lawyers of
our city. For several years he has
held the position as judge of the county
court, and has served in this capacity
in a most efficient and satisfactory
manner. We call attention to the ad-
vertisement which we carry in today's
issue, concerning his candidacy.

Attorney K. A. Pittman Candidate For Solicitor Pitt County Court

Mr. K. A. Pittman, of Ayden, who is a candidate for the office of Solicitor of the Pitt County Court, has been a resident of Pitt County for about four years.

He is a graduate of Wake Forest College, taking his degree from that institution in 1916, and began immediately to practice law, and is now one of the most promising young lawyers of Eastern North Carolina. He is a young man of clean, high and honest ideals and morals, and recognized by all who know him as a lawyer of ability, unimpeachable character, and seeks the office of Solicitor only upon the grounds of merit.

After he had been in Ayden only about six months he was elected Mayor of the Town, and served his constituency well in that office until in December, 1917, when he closed his office and voluntarily entered the military service, casting his lot with thousands of other young men that the world might be "safe for democracy." He remained in service for a period of thirteen months, and immediately upon discharge re-opened his office in the Town of Ayden.

By reason of his ability, his experience, his sterling character, and sound judgment, Mr. Pittman promises, if nominated and elected by the people of Pitt County, to make a very able prosecuting attorney. To know him is to give your undivided support and endorsement in the coming election, and we, the undersigned, knowing him personally and his ability to fill the office of Solicitor of Pitt County court, respectfully ask the citizens of our county to cast their ballot for him on June 5th, 1920.

MR. JOHN H. CHEEK DEAD.

Mr. John H. Cheek, aged about fifty years, died at 8 o'clock this morning, at his home three miles from Greenville, after an illness of a week. His death brings regret to many hearts, as he was well known throughout the county and held in high esteem.

He was one of the best informed and most prominent Masons in this section of the state, and for several years was district deputy of the district comprising the lodges of Pitt county. His wife died last year, and he is survived by one child. The burial will take place Thursday afternoon with Masonic honors.

MR. JAMES T. HOWARD DEAD.

Mr. James T. Howard, one of the best known and most prominent farmers of Edgecombe county, died last night at his home near Conetoe. He was the father of the late Mrs. J. G. Moye, of Greenville, and was well known here. He is survived by several children.

DESTROYERS SENT TO PACIFIC COAST TO PROTECT LIVES

STRIKES IN FRANCE FAIL TO INTENSIFY LABOR CONDITIONS

American Ships Sent to Mexican Waters to Protect American Property.

Washington, May 10.—With Mexico City, Vera Cruz and Tampico in the hands of the revolutionists, American destroyers were en route today to Mexican waters to await eventualities and to afford protection to American lives in the Mexican gulf ports.

Official confirmation of the fall of the Mexican capital was received yesterday by the state department from the American embassy which reported there was no disorder in the capital incident of the transfer of authority. Tampico and Vera Cruz also were reported quiet.

The rapidly changing situation in the southern republic had developed even another important question to-day and that concerned President Carranza. The American embassy report made no mention of the president and reports from Vera Cruz said that the search in that city had failed to find him. One report was that he had been arrested in Esperanza, state of Vera Cruz, but this was without confirmation here either in official dispatches or through advices to revolutionist agents.

The dreadnaught Oklahoma was ordered today to proceed from New York to Key West, Fla., for possible duty in Mexican waters.

The ship will stop en route at Philadelphia to take a full company of marines from the League Island station. She is expected to arrive there tonight.

Nationalization of Public Utilities Further Away Than

Ever Before.

Paris, May 10.—Leon Jonchaux, master spirit of the French federation of labor, has failed apparently to strengthen the movement for nationalization of public utilities by ordering a strike on transportation lines, subways and tramways in Paris. At 10 o'clock this forenoon, omnibuses were going about as usual, but there were only a few cabs to be seen.

Frequent clashes occurred during the forenoon between taxicab drivers who were ready to run their machines and strikers. Tramways were working regularly, but remain within the walls of Paris and did not enter the suburbs. Men operating them were not attended, as on May Day, by police or soldiers. Autobuses continued to circulate and there were no attempts at violence against them.

The strike is complete at Marseilles and St. Etienne, and is effective at Lyons. The congress of the federation of police of France and the colonies, schedules to take place tomorrow at Nancy, has been cancelled by order of M. Steeg, minister of the interior, because of the strike situation.

Why

Archibald Johnson

is for

Cameron Morrison

With convincing logic and classic expression this veteran Editor, Christian Statesman and friend of humanity, presents the pre-eminence of Morrison's Candidacy for Governor.

"Has not forgotten the pit whence he was digged."

"Thinks more of men than money."

"Enemies not those met in open field."

"Never straddled a public question."

"Would not be Governor of a class, but of all the Citizenship of the State, which he loves with a passionate devotion."

I believe the nomination and election of Cameron Morrison will be for the best interest of North Carolina for the following reasons:

Morrison knows the needs of the people of the state as few men do. For a quarter of a century he has given intelligent study to public questions. He is a lawyer by profession, and a good one, but the study of the science of government has been uppermost in his mind from the time he attained his majority until now. He knows the people also, and has spent a large part of his public life in going in and out before them, discussing the policies of his party.

He has not accumulated a fortune, because of the fact that he thinks more of men than he does of money. He has had a large law practice, but has spent his money on other people, rather than upon himself. The man most capable of administering public affairs is not necessarily the man who has devoted himself to his own private fortunes and accumulated a great estate for himself; rather he is the man who, like Vance and Aycock, is so busy trying to better the educational, social and political conditions of his State that he has neither the time nor the inclination to make a fortune for himself.

Morrison is a plain man of the people. He rose to his present position of influence in public affairs by his own unaided effort. He was not born with a silver spoon in his mouth, but had a fierce struggle, even in his tender years, to keep the wolf from the door. He has not forgotten the pit whence he was digged. He knows every step of the rugged road over which he has traveled. His sympathy will always be with the man who toils for his daily bread.

Morrison is honest, candid and fearless. He never straddled a public question in his life. Everybody knows where he stands. He is square. He has never learned the art of dissimulation. Whether an issue is popular or unpopular, he takes his stand flatfooted upon it and stands there until he is convinced that he is wrong. He is a brave man, as his record in the past abundantly proves.

He is not an extremist, as some of his opponents have alleged. He is a hard fighter, but never strikes below the belt. He is generous and warm-hearted and magnanimous. His enemies are not those he has met in the open field. He would not be the Governor of a class, but of all the citizenship of the State, which he loves with passionate devotion.

There are many other reasons that I might mention, but these are a few that constrain me to vote for Cameron Morrison.

You are cordially invited to hear Honorable Cameron Morrison address the voters of Pitt county at the court house in Greenville at 8:00 o'clock on Thursday, May 13, 1920. You are invited to come to hear him whether you are for or against him.

PEOPLE HELPED WASHINGTON

Supplied Ammunition With Which Con-
tinental Army Forced British to
Evacuate Boston—Islands Dis-
covered as Result of Ship-
wreck.

Washington, D. C.—"The Bermuda Islands suggest the adventures of Robinson Crusoe in their colonization and present in their later chronology a curious parallel to United States history, with the events consistently pre-dated by a number of years."

With this statement the National Geographic society prefaches a bulletin on the Bermudas, a principal group of the British West Indies, which some Englishmen suggest should be ceded to the United States in part payment of the American war loans to Great Britain.

"The Robinson Crusoe comparison obtrudes because the islands were discovered and later settled as the direct result of shipwrecks, and the settlers had to build themselves a bark to set sail again," the bulletin continues.

"As for the anticipation of American history, on a miniature scale, it may be noted that the colonization took place seven years before the Pilgrims landed at Plymouth, Mass.; that witches were burned, Quakers persecuted and miscreants were ducked before similar occurrences are recorded in New England, and that slavery was abolished in 1834. The Bermudians protested long before 1776 against the mother country's rule, until the island prisons were over full, but relief came, *p. r.* their case, not through a declaration of freedom but by the accession of Cromwell.

Helped to Start Revolution.
"But the essential point of contact of the American with the Bermudian arises from the all-but-forgotten fact that while the immortal Lafayette gallantly helped the colonies conclude their war of independence, the Bermudians supplied the ammunition to begin it.

"So acute was the need for powder in 1775 that George Washington wrote to the governor of Rhode Island that 'no quantity of powder, however small, is beneath notice.' Learning that there was a store in Bermuda, and that the islanders were anxious to have the embargo lifted upon shipment of food supplies from the colonies, Washington addressed a letter to the people of the island, who had shown themselves sympathetic with the American Revolution, promising them ample supply of provisions and 'every other mark of affection and friendship' which the grateful citizens of a free country can bestow upon its brethren and benefactors if they would make this ammunition available for the Continental army.

"It so happened that the powder had been procured before the letter was delivered, and with it the Continental army compelled the British to evacuate Boston.

A Winthrop Joined Tories.
"Not only the sale of powder but the fact that Bermuda allowed the colonies to have salt, so incensed the governor of Bermuda that he upbraided the citizens for treason, and feeling ran so high that he was removed. His successor was a native of Salem, Mass., whose loyalty to the mother country was such that he gave up large estates in the colonies rather than join the revolutionists. He was connected, both by blood and by marriage, with the Winthrop family. Under his rule the island's full allegiance to England was restored.

Browne was succeeded by Henry Hamilton, during whose administration the town of Hamilton was founded and named for him. This town today is the seat of the island government. It has a population of less than 3,000.

Hamilton is on Main Island, or Bermuda, while St. George, the former capital, is on the island of the same name. There are more than 300 small islands in the Bermuda group, of which only a score are inhabited. The total population of the islands in 1916 was little over 20,000, of whom about one-third were white. Bermuda suffered during the war by the cessation of the American tourist patronage, which had doubled the entire island population in preceding seasons.

The Bermudas attracted visitors because of their mild climate, which knew no frosts, and by their scenic beauty.

Juan Bermudes, sailing from Spain to Cuba in 1515 with a cargo of hogs, discovered the islands when a storm blew him to their shores. Apparently he left some of the hogs there, for later visitors found the animals on the island. From him the islands were named, and thus originated the 'hog money,' coins stamped with a hog on one side and a ship on the other, which still are preserved in various collections.

The islands were settled through the efforts of Sir George Somers, who became impressed with their fertility and beauty during a sojourn enforced by the wrecking of the ship which was carrying him to Virginia.

For hundreds of years the Nile floods have not varied ten days in their arrival.

sements when the public school
is in session when it is shown to
the county superintendent of public
welfare that the proposed employment
is not to the injury of the health or
morals of the child. But in no case
shall such employment be legal until
a certificate has been issued by the
county superintendent of public wel-
fare on blanks furnished by the state
commission. Before determining the
question the county superintendent of
public welfare may, if he deems it neces-
sary, require a physical examination
of the child by the public health offi-
cer or other practicing physician.

The following is a copy of sections 5 and 6 of the child labor law. (These sections are hereto attached.)

Sec. 5. Provided, that no child under the age of fourteen years shall be employed or permitted to work, in or about or in connection with any mill, factory, cannery, workshop, manufacturing establishment, laundry, bakery, mercantile establishment, office, hotel, restaurant, barber shop, boot-black stand, public stable, garage, place of amusement, brick yard, lumber yard, or any messenger or delivery service, except in cases and under regulations prescribed by the commission herein-after created.

Sec. 6. Provided, that no person under sixteen years of age shall be employed or permitted to work, at night in any of the places or occupations referred to in section 5 of this act, between the hours of 9 p. m. and 6 a. m., and no person under sixteen years of age shall be employed or permitted to work in or about or in connection with any quarry or mine.

Rulings.

The State Child Welfare Commission in executive session on August 6, 1919, made the following rulings which have the force of law:

1. No child of any age under 16 years shall be permitted to work in any of the occupations mentioned in section 5, before 6 o'clock in the morning or after 9 o'clock at night. This ruling is made mandatory by section 6, and the law gives no discretion to the commission to modify the same.

2. No girl under 14 years of age shall be permitted to work in any of the occupations mentioned in section 5. The reason for this is that if the womanhood of the state is to be properly conserved in the future, girls of tender age certainly should not be allowed to work so far as has not yet been determined.

session he was called upon to make some fun for the crowd, and he did it. In the old days "Reddy" was chief comedian for the Glee Club. Mr. J. R. Turnage, of Ayden, was elected president for the coming year; J. H. Rose, of Greenville, vice president, and S. R. Underwood, Greenville, secretary and treasurer. The delightful banquet was served by the ladies of the Methodist church, and it was enjoyed by all. The chapter voted to meet again in three months.
