## COMMISSION BODY FAVORS ENORMOUS LOAN TO RAILWAYS

**Interstate Commission Approve \$125,000,000 Loan for Railroads.  
FUNDS TO BE USED FOR PURCHASING EQUIPMENT  
Minimum Needs Include 2000 Engines, and 100,000 Freight Cars.**

Washington, May 21.—A loan of at least \$125,000,000 out of the \$300,000,000 revolving fund to enable railroads to purchase equipment required to meet transportation needs of the public was approved today by the Interstate Commerce Commission.

Other recommendations for the disbursement of the revolving fund provided in the transportation act were as follows:

Temporary reserve for claims and for shore line railroads, \$12,000,000; temporary reserve for maturities, \$50,000,000; appropriation for additions and betterments which will promote the movement of cars, \$73,000,000.

New equipment required by railroads to meet minimum needs is estimated by the Interstate Commerce Commission at 2,000 locomotives and 100,000 freight cars, including 20,000 refrigerator cars. The commission estimated that equipment already ordered and cost \$125,000,000 represented probably less than 25 per cent of that needed.

"It is evident," the statement said, "that the equipment required properly to meet the transportation needs of the public cannot be secured unless the carriers themselves assume the burden of financing the remaining 75 per cent."

Since the distribution of the revolving fund by co-operative action with the railroads, has proven impracticable, the commission said, allocation of the \$125,000,000 for equipment would be made according to the percentage which the standard return of a company bears to the total standard return of all the railroads. In referring to the opposition to this plan by the National Association of Owners of Railroad Securities, the commission remarked that "few applicants seem to appreciate the necessity that the carriers assume a part of the burden and so use the amounts advanced by the government, as the basis of car trusts as to obtain the greatest benefit from the federal aid."

Hearings to consider applications for loans will be held here May 29, and the commission asked that applications embody detailed statements of the transportation needs which the carrier would be unable to meet and what service for the public could not be performed if the loan asked was not granted.

## WHAT CHAIRMAN OF THE APPROPRIATIONS COM. MITTEE SAID OF PAGE

"Mr. Speaker, my experience in the house, now extending over a period of eighteen years, leads me to believe that more important than brilliant attainments or great talents is that sincerity of purpose and honesty of statement that makes members of this house have absolute faith in the gentleman from North Carolina. The gentleman from North Carolina has so mastered the details of his work, has so won the confidence of the house, and has exercised such sound judgment in the discharge of his public duties that he has not only relieved me of a very considerable portion of the burdens and duties of my position, but he has made the District of Columbia Appropriation Bill one that now has the approval not only of the House but of the community. He has been a loyal supporter in many difficult hours; he has been a safe counselor in troublesome matters; he has been a confidant who consoled; he has been a generous and devoted friend. He has had a successful and brilliant career in the house, and I know I express the hope of all members that the years after his retirement will be long, happy and prosperous."

## CARNIVAL OF PLAY ATTENDED BY GOOD CROWD LAST NIGHT

**Event at Training School Witnessed by Large and Appreciative Audience.**

## CHILDREN OF THE CITY SCHOOLS COMPOSE CAST

**Each Grade of Model School Represented in Bright, Attractive Scenes.**

The operatta, "In Little Folks Town" a carnival of play, was presented in the auditorium of the Training School last night by the first six grades of the Model School. It was a thoroughly enjoyable performance from beginning to end, and it was difficult to say which enjoyed it more the audience or the children taking part in it. It did not seem like a set play, but just a series of episodes of fun and frolic and beauty, with singing and dancing and parading following each other in such rapid succession that there was not one single dull moment.

The house was crowded. The people were streaming in so at eight o'clock that it was impossible for the curtain to go up until a few minutes afterwards, when the crowd was settled. It was just the kind of crowd to give confidence and ease to the little folks taking part in it, home folks and neighbors who were in sympathy with them, therefore they did their best and there was not a sign of stage fright, although it was the first time most of them had appeared in a night performance with the footlights in full glare.

Miss MacFadyen, principal of the Model School, and Miss Muffy, teacher of public school music at the Training School, had charge of the performance. Each grade in the school was represented in some special episode and the teachers of the different grades were (Continued on page four.)

## CARRANZA KILLED DURING THURSDAY BY REVOLUTIONIST

**Official Announcement Says Fugitive Was Killed by Herrera's Troops.**

Mexico City, May 22.—President Carranza was killed at one o'clock Thursday morning at Taxco, according to official announcement here. General Herrera directed the attack that resulted in the death of the fugitive president.

## THOUSANDS OF POIAND CIVILIANS IN BAD PLIGHT

Berlin, May 22.—Twenty five thousand German civilian functionaries who occupied positions in Poland and have been deprived of their posts owing to transfers of territory, are in sore plight. The government, which suddenly recalled them gave no thought, apparently, to housing such a multitude with their wives and families, assigning them to old concentration camps, and barracks.

In these quarters according to statements made by some of them now in Berlin, they have to endure all manner of hardships and discomforts, among the least of which is the deprivation of their accustomed household belongings.

The German Civil Servant's Union has taken the matter up on their behalf. It has memorialized the government, demanding a fulfillment of earliest should receive preferential treatment. It protests against what it terms the "base ingratitude now shown by the Fatherland" to faithful servants who have now been deprived of their means of livelihood.

## SAYS AMERICA HAS NOT TAKEN BRITISH IMPORT INTERESTS

**Dr. Klein, of Argentina, Declares that Reports of Supremacy Are Untrue**

## ADMITS ARGENTINA HAS BEEN GAINED IN TRADE

**Study of Distribution of Import Trade Shows Conditions as They Are.**

Buenos Aires, May 22.—It is true that the United States gained the supremacy of the import trade of Argentina during the war, surpassing Great Britain, but the United States has not as has been contended by some British interests, taken this trade from the British while they were fighting the war, declares Dr. Julius Klein, United States Commercial Attaché in Argentina.

He quotes Argentine important statistics to show that very little of this expansion of Argentine trade with the United States has been a "expense of the British." On the other hand, he says it has been won from the continental countries of Europe, especially Germany or is entirely new business created by American enterprise.

Dr. Klein has made an analytical comparison of the changes in the distribution of Argentine import trade during the war and since, which was published today in the Standard, a British newspaper of Buenos Aires. The statistics show that during the first nine months of 1919 the United States supplied 37 per cent of Argentina's imports compared with 14 per cent in 1913, while Great Britain's share had fallen from 31 per cent to 21 and Germany's from 16 per cent to zero.

In only one instance was there a clear case of transfer of predominance (Continued on page four.)

## MILLION ACRES OF FARM LAND FOUND IN PART OF ALASKA

**Acting Secretary of Interior Reports Splendid Agricultural Future.**

Anchorage, Alaska, May 22.—According to the report of Alexander T. Vogelsang, acting secretary of the interior, over 1,000,000 acres of agricultural land has been surveyed in the territory of Alaska to the end that it may be available for entry and patent under the public domain laws. A considerable portion of this land is within country traversed by or tributary to the government railroad now being constructed in Alaska.

Under the coal lands leasing law enacted in October 1914, coal lands in the Bering River, Cook Inlet, Matanuska and Nenana coal fields have been divided into leasing blocks or units, ready for sale. The two last named fields are tributary to the government railroad.

New townsites have been established upon the public lands along the line of the railroad and lots for business and residential purposes disposed of through the Land and Industrial Department of the Alaska Engineering Commission.

As soon as arrangements are completed for traffic on the government railroad large numbers of settlers are expected to rush in to the agricultural districts.

Mr. C. F. Pittman, of Goldsboro, made a short business trip to Greenville during Friday.

Mr. J. C. Benjamin, of Raleigh, was in Greenville yesterday afternoon.

## ADVISES CREATION OF NEW REPUBLIC IN MEXICO STATES

**Henry Lane Wilson Says Creation of Independent Republic is Necessary.**

## EIGHT STATES WOULD BE TAKEN IN PLAN

**Former Ambassador Tells Clark's University Students Reason for Issue.**

Worcester, Mass., May 22.—The division of Mexico at 22nd parallel by the creation, with force if necessary, of an independent Mexican republic including the present states of Sonora, Chihuahua, Sinaloa, Durango, Coahuila, Nuevo Leon and Tamaulipas and the territory of Lower California was advocated here tonight by Henry Lane Wilson, former United States Ambassador to Mexico.

Speaking at Clark University's conference on Mexico and the Caribbean, Mr. Wilson declared that such an independent republic, as a buffer state three times the size of Texas between this country and Southern Mexico, would afford self government to northern Mexico, the "breeding ground of all recent Mexican revolutions" which Mexico City never had been able to control successfully.

Mr. Wilson revealed that at the time of his retirement as Ambassador in 1912 he had recommended armed intervention by the United States as an alternative to recognition of the Huerta regime. In the present emergency, however, he questioned the capacity of the present administration at Washington to carry out intervention with success.

Indicting what he termed the "philandering and miscellaneous intermeddling" of the present administration, Mr. Wilson painted a gloomy picture (Continued on page three.)

## Y. M. C. A. SERVICE TRUCK PROVES BIG SUCCESS IN TOWN

**Truck With Moving 'Picture' Outfit Attracts no Little Interest Here.**

The Y. M. C. A. Trucks which have been in different sections of our county for the past weeks has been a great success. This service unit consists of a truck equipped with its own power and lights, a portable moving picture outfit and certain health and agricultural exhibits furnished by the various state departments. The service is free and no admission is charged to see it. This outfit was in Bethel at the school building May 17, 18 and 19. The Bethel citizens attended in large numbers, and thoroughly enjoyed the exhibit. On May 20th and 21st it visited Stokes, where it was given a most cordial welcome. The older people as well as the children attended and felt greatly benefited after seeing it and hearing the lectures on health and social hygiene.

The truck will arrive in Greenville this afternoon and will remain until Monday. From here it will go to Grimesland where it will remain until Tuesday afternoon, and go from there to Arthurs. They are offering scholarships to exservice men, who were in any branch of the service. These are worth from \$50 to \$100, and will be given to men who prove themselves worthy of same. This educational truck is one of the best things that has ever visited our county and it is receiving wide attention.

Mr. Wyatt M. Jones, of Greensboro, was among business visitors in Greenville yesterday evening.

## REPUBLICAN PARTY GETTING IN SHAPE FOR BIG MEETING

**With Convention Seven Days Off Activity Becomes of Unusual Note.**

## FORTY-SEVEN DISTRICTS HAVE DELEGATES READY

**Major General Wood, It Is Believed, Will Show Greater Strength.**

Chicago, May 21.—With the Republican National Convention only seven days away and a majority of the delegates already elected the situation facing the Republican candidates is that no candidate will enter the convention with enough votes pledged to him to give him any decided advantage over his opponents.

Forty-seven of the fifty-three states and territories have chosen their delegations and are sending to Chicago 537 uninstructed delegates forty-four more than a majority of all those who will sit in the convention.

Major-General Leonard Wood, on the face of returns to date, will show the most strength on the first ballot, for of those delegates who have been instructed or who have expressed a preference, 145 are pledged to him. In addition he carried the preferential primary in Vermont, but that states' eight delegates have not yet been chosen by the state convention.

Delegates already pledged to Senator Hiram Johnson, of California, who commands an even hundred votes.

Governor Frank O. Lowden, of Illinois, with 78 votes pledged to him, is third, while Senator Warren G. Harding, of Ohio, has 39 votes from his home state.

There are, however, contests pending in twelve states and the district of Columbia, involving 104 delegates. (Continued page two.)

## STATE COLLEGE TO BEGIN FINALS WITH EXERCISES TODAY

**Band Concert and Lawn Party to Prelude Finals of President Session.**

Raleigh, May 22.—The State College finals will begin Saturday, May 22 with a lawn party and band concert at 2:30 in the afternoon. Dr. John A. Rice, pastor of the First Presbyterian church of Sumter, S. C., will preach the baccalaureate sermon Sunday night at 8 o'clock.

Monday May 24th is Alumni Day. The classes of 1900, 1905, 1910 and 1915 will hold reunions this year. There are 171 living graduates of these four classes and a large number have indicated their intention to make the pilgrimage back to Alma Mater. It is thought that the 1920 commencement will bring out the largest gathering of old graduates ever present.

The meeting of the General Alumni Association will be held Monday morning at 9 o'clock followed by a company exhibition drill and baseball game at Riddick Field. Class day exercises will begin at 3 o'clock in the afternoon and the college band will entertain with another concert at 5:30. Hon. O. Max Gardner, of the class of 1903, will deliver the annual alumni address in Pullen Hall Monday night at 8:15 and the commencement address by Dr. W. O. Thompson, president of Ohio State University, will follow. After these two addresses the annual Alumni smoker will be held in the college dining hall.

Tuesday May 25th will be devoted to the graduating exercises at 11 o'clock in the morning and an informal State College ball at night will officially close the 1920 commencement.

Hear Page speak in the court house Monday, during noon hour.

## SCOTLAND NECK TO GAIN ADMISSION IN CAROLINA LEAGUE

**Officials of Association to Probably Accept New Applicant Immediately.**

## SIX TOWNS CONSTITUTE LEAGUE AT THIS TIME

**Schedule for Six Town League Will be Arranged and Announced Soon.**

The opening of the Eastern Carolina Baseball League in this section of the state June 7th has been attracting more than ordinary interest among baseball enthusiasts in cities that have already become members of the league, and as a consequence, it has been announced by officials of the association in this city that the league will be composed of six teams instead of five, as Scotland Neck has applied for membership and will be granted admission as soon as provisions regulating the league have been accepted.

By-laws will be mailed the new member of the league immediately, according to information given out by officials of the association, but the town will not become a full-fledged member until provisions contained in the rulings have been accepted and the regular forfeit required of all participating teams has been placed. The addition of Scotland Neck will facilitate and hasten completion of the schedule. It is thought, and everything will be in readiness for the opening next month.

The towns comprising the league are: New Bern, Washington, Williamston, Greenville, Tarboro and Scotland Neck. Each of these towns, with the exception of the latter has been making tentative arrangements for club organization, and practice in many instances, has been started so that players may be chosen, signed up and gotten in prime condition before the opening games. College players and home boys alone will be eligible to play under provisions of the association and indications point to some mighty good material for each club.

Greenville, as some other of the towns, has been afforded splendid opportunities of securing professional players, but such men have been refused in order to remain within proper bounds of laws regulating the hiring of players. The club no doubt will consist mostly of home boys although it is possible a majority of college players will constitute the regular line-up.

No little interest is being manifested in organization work, and practice is taking place daily at the Fair Grounds where one of the best ball parks in this state has been provided. All players have not yet arrived, but it is expected that practically every man will have been signed up and ready for the exhibition game to be staged here Monday, May 31st, immediately following the horse race scheduled for the afternoon. It is expected that both the races and ball game will draw hundreds of people from various parts of the county, and for that reason promoters are putting every effort forward to make ample provisions for caring for the crowds.

The regular schedule will be announced immediately upon completion, and it is assured that the addition of Scotland Neck will not only make the time of games more agreeable to each of the cities, but have a tendency of increasing interest throughout the entire season.

SATURDAY, MAY 22, 1920.

The high cost of living seems to be troubling more particularly that class of individuals who work for good wages four days to the week and watch others labor the other three days.

If the present campaign against malaria proves successful lots of those legarthic young fellows in this territory may sooner or later gain sufficient ambition to go to work.

Window screening now may prevent several midnight battles with the mosquito later on. So preparations in due time may prevent many provoking scenes after it's too late.

The housing problem in Greenville still remains to be a subject of much discussion, but no early relief appears to be evident for the near future.

Industrial democracy appears to be gaining no little interest in different parts of the country just now, but it may prove more directly profitable to the country when the ordinary laborer realizes that work is an absolute necessity to happiness as some appear to think.

A member of the senate the other day confided to a number of his acquaintances that he was wearing a suit of clothes at least four summers old. Of course, that must have been out of ordinary for one occupying such a responsible position, but if past labors were amply remunerated quite a number of the boys might be without anything to wear at all.

Secretary Houston is not in favor of issuing a second bonus to American soldiers as recently proposed in the senate, but, after all, his opposition is not contrary to that of others not altogether appreciative of what the boys did over in France in the interest of Democracy. If they are not deserving over everything the American people can give, then we would like to know the reason why, as no explainable reason has yet been presented.

The necessity for sending good men to the state General Assembly appears to be gaining more than ordinary interest in many sections of the state just at this particular moment, and indications point to much difficulty on the part of undeserving individuals in gaining in the approaching primary, it matters not what they may have been in the past in the political field.

If American people would quit talking panic and go to work as advised by a prominent man of the country it is safe to say the entire country would be in better shape within a mighty short time. Production, at least, would be considerably increased, and as a whole, the proposed panic would only be imaginary after all.

Education in the navy seems to have made excellent progress during the administration of Secretary Daniels, altho Captain Palmer would have us to believe otherwise. Reports similar to those of Admiral Sims and colleagues have received frequent circulation throughout the country for several months but people who were well acquainted with activities of energetic and versatile secretary knew that he would not neglect anything so absolutely essential to his men as education, and furthermore, that he did not lack that appreciation of training men in schools, as Palmer claimed.

With the serious shortage of homes painfully evident in virtually every section of the country numbers of people are now turning their attention to portable houses. In fact, this method of housing has become so near solving the serious situation that hundreds no doubt will be used within the next several months until more desirable homes are erected and ready for occupancy.

APRIL EXPORTS AND IMPORTS DECLINE. A drop of \$135,000,000 in exports and of nearly \$30,000,000 in imports in April as compared with the preceding month of March is shown by the total-value statement issued by the Bureau of Foreign and Domestic Commerce, of the Department of Commerce.

Exports in April were valued at \$684,000,000, against \$820,000,000 in March of this year and \$715,000,000 in April of last year. For the 10-months period ending with April, exports amounted to \$6,734,000,000 this year, an increase of \$1,034,000,000 over the amount of \$5,700,000,000 in the same period of the fiscal year 1919.

Imports of gold during April formed the largest monthly total for several years, amounting to \$50,000,000, against \$17,000,000 in March and \$7,000,000 in April a year ago. During the 10-months period of the fiscal year, imports of gold were \$110,000,000, against \$35,000,000 in 1919. Exports of gold during April were \$44,000,000, approximately the same as for previous months of this year, compared with exports of less than \$2,000,000 in April of 1919.

The imports of silver in April, amounting to \$11,000,000, and the exports, amounting to \$17,000,000, were nearly the same as the average for previous months of this year.

of political conditions in Mexico. "Diaz was the last of 63 Mexican presidents of all whom attained power by revolutionary methods and were expelled by violence", he said.

To remedy these conditions Mr. Wilson recognized two possible methods; that of autocratic restraint as employed by Diaz, Madero and Huerta, and that of revolution.

"Mexico can never be revolutionized into the practice of constitutional and democratic methods", he said. "Eighty percent of the population can neither read nor write and are as ignorant of the fundamental principles of true democracy as a Zulu or a Hottentot."

**MISCELLANEOUS**

A few friends of Miss Lizzie Higgs, one of the town's prospective brides surprised her with a storm party and miscellaneous shower at her house on Third street last evening.

Miss Higgs was enticed away from her house by one in the secret and during her absence, her friends transformed her porch and yard into a bower of flowers and lights, tables being provided for punch and sandwiches.

All unmarried ladies in the crowd were blind folded and given the privilege of pinning a dagger in the center of a large red heart.

When Miss Higgs was blind folded, in her attempt to pin the dagger, she was showered with a miscellaneous assortment of gifts by her friends.

There was much merriment and fun while she opened her packages which proved to be many beautiful and useful things.

Miss Martha Lee Cowell added to the merriment by reading a very funny article on the management of husbands, her experience with these creatures making her advice very timely. The crowd departed about eleven o'clock, after a most delightful evening, leaving Miss Higgs very happy and grateful over the thoughtfulness of her friends.

**ANNUAL MEETING OF**

**SHARON LODGE NO. 78**

A. J. Flanagan and wife to G. P. Barlow and wife, consideration \$10.

Sam Kimon to Margaret L. Wilson, consideration \$1500.

S. C. Whitehurst, et al., to W. H. Robbins, et al., trustee, consideration \$800.

S. M. Shirley to Herbert Smith, consideration \$813.19.

Elder J. C. Moore, of Whitakers, will be at Great Swamp Church Saturday and Sunday and Elders R. H. Boswell and S. R. Denny, of Wilson, will be there Sunday.

**MRS. J. L. HASSELL ENTERTAINS**

Mrs. J. L. Hassell entertained Friday afternoon in honor of her sister, Mrs. J. W. Williams, of Wilson. The whole lower floor was thrown open and decorated with a profusion of roses and lilies.

There were nine tables of rinks; Mrs. Harry Wheabee received the highest score, and was awarded a beautiful wicker basket. The guest of honor was presented a wicker tray, both being the handiwork of the clever hostess.

At the conclusion of the game a delightful salad course with iced tea was served.

**PROGRAM FOR WEEK OF MAY 24TH.**

**WHITE'S THEATRE MONDAY**

Constance Tammage in "THE VIRTUOUS VAMP."  
She had a smile that would civilize a Bolshevik a pair of eyes that would dazzle a saint and the manners of a Sunday school teacher.

TUESDAY  
Robert Warwick in "AN ADVENTURE IN HEARTS"  
A story of love and the secret service with a soldier of fortune playing a winning game.

WEDNESDAY  
"Theda Bara in "SALOME"  
Colossal, Compelling, Conquering, is this dramatic production. Old Jerusalem reconstructed in its entirety from the Historic Jaffa Gate to Herod's Bizarre Palace.

THURSDAY  
Douglas McLean and Doris May in "MARY'S ANKLE"  
He was a doctor without practice and a spender without funds. So he sent a fake wedding announcement to all he knew and planned to live on the returns. Which made him a husband without a wife. But what has this to do with Mary's Ankle? Everything.

FRIDAY  
"FAIR AND WARMER."  
Such a thing as a perfect husband? Of course. And they are terrible. You can't find fault with them. Laura Bartlett knew that for Billy was madly kind. It was this outlandish goodness in Billy that started all the complications in "Fair and Warmer" in which May Allison is starring.

SATURDAY  
Antonio Moreno in "THE INVISIBLE HAND"  
"THE LIGHT WEIGHT LOVER"  
Also other good comedy. Matinee 2:30.

*There's a difference whether a boy is coming or going*

On his way to the grocery he has something on his mind to remember. Homeward bound with basket full, and nine tenths of his errands over, he is just the least bit likely to forget that eggs are 90 cents a dozen.

If all a boy's life was spent in GOING somewhere, everything would be milk and honey, but since he has got to cruise back home—his sails must be sailor enough to weather the gale.

Wearpledge boys suits that this store sells, are made to come and go without disaster. Good workmanship—stout woolens—and tremendous values mark the mas the logical dress for anybody of 6 to 18 years.

## CARNIVAL OF PLAY ATTENDED BY GOOD CROWD LAST NIGHT

responsible for these groups. It was a remarkable piece of team work, and so organized that the minimum amount of time was consumed in getting it up, because the many parts were being rehearsed simultaneously and then put together quickly. To this swift work is largely due the "pep" that characterized the performance.

Practically all of the children in the six grades were in the play, some of them having to appear in more than one role.

When the curtain went up on Little Folk Town bill posters were taking up bills announcing the carnival, and the merchants were getting their wares ready to sell to the revellers. Wayland Hart and Julius were the bill posters and John Hassell, J. J. Jenkins, William Fountain, and Lindsay Wilkerson were the merchants, all of whom are in the sixth grade. The mayor, Gus Critcher, and the councilmen five a pompous set in silk hats and swallow-tail coats, all fifth grade boys, appeared on the scene to welcome the people and took their places in the grand stand. The policeman, Frank Wilson, was one of the greatest hits of the evening and was in evidence from the beginning to the end of the play, managing the show, taking toll from all the refreshment stands, pushing the crowds back, and keeping order.

The grand parade of visitors arrived as soon as the dignitaries and merchants were ready for them. A band, composed of boys from the first and fifth grades, headed the procession, J. T. Singleton was the leader. The little drummer, H. D. Nelson, a tiny boy from the first grade, was wonderful, beating his drum in perfect time, and keeping up with the music all the way through. The band stood at one side

and played at intervals throughout the performance.

Mother Goose characters, fairies and elves, followed the band. The children of the first grade gave a lovely little fairy dance, and those of the second grade gave those dance and song. Old King Cole, Little Bopeep, Mother Goose, Old Mother Hubbard and other favorites were in the crowd looking on. All of these seated themselves in the background and viewed the pageant play.

The Virginia reel was announced by Frances Norman, and seven couples in "Ole Virginny" style appeared and danced the beautiful old dance. After this the band stepped forth again and played "Fritzie Boy". No director ever went through more amusing contortions as did this one. Six couples from the fourth grade, patriots and colonial ladies, stepped forth and danced the stately minuet.

The costumes for every group were very effective. One of the beauties of this performance was that boys and girls, little tiny tots, and large one had an equal chance to take prominent part, and no one group held the attention long at the expense of the others.

The evening was a very great success in every way, and those in charge are to be congratulated.

## SAYS AMERICA HAS NOT TAKEN BRITISH IMPORT INTERESTS

(Continued from page 00c.)  
ance from British to American interests, and that was in tin plate.

Great Britain also lost in barbed wire and lead, but the American gains, says Dr. Klein, "seems to be quite as much at the expense of Germany in one case and Spain in the other as they were at the cost of Great Britain." The United States gained at the expense of continental exporters, particularly Germany's, in cleaned rice, sugar, print paper, cotton prints, writing paper, dyed cotton cloth and cotton stockings, though there was some decrease shown in imports from Great Britain of the latter item.

Clearly a new factor in the Argentine market, the commercial attaché points out, is the American automobile trade. In 1913 France, out of a total of 5,000 cars imported, sent 1,800 and the United States 1,300; whereas in 1917 the total number imported had risen to 11,000 virtually all of which came from the United States.

On the other hand the United States lost in cotton seed oil and sewing machines. In the field of supplies and rolling stock for railway uses and in wire and cables for electrical uses, Dr. Klein says, American exporters made some gains, but no where near enough to fill the deficiency left by the elimination of the United Kingdom and Germany.

Perhaps you need a
