MORRISON LEADING GARDNER BY ONLY SLIGHT PLURALITY

Undeclared County Shows Morrison Has Launched Ahead by 87 Votes.

MANAGER FOR GARDNER HOLDS UP DECLARATION

Justice Hoke Declared Nominée With 4,000 Majority Over Opponents.

Raleigh, June 15.—Tabulation of the vote cast in the state-wide primary by the State Board of Elections yesterday gives Cameron Morrison a lead of 87 over O. Max Gardner in a total vote of 128,233. Formal declaration of the vote was deferred until 11 o'clock this morning to give time to Judge J. Crawford Biggs, Gardner's manager, to verify returns from counties where official reports vary from figures that were given him as official.

Exceptions taken by Judge Biggs while the vote was being canvassed yesterday morning resulted in the reduction of the Morrison lead from 187 through the discovery of an error in the entry of the vote in one precinct in Richmond county. Judge Biggs was of the opinion that similar errors are possible in the returns from Edgecombe and Vance counties. The error in Richmond was verified by telegraph and correction was entered on the tabulation.

The tabulation as it stood when the board adjourned at 6 o'clock in the afternoon follows: Morrison, 49,070; Gardner, 48,983; Page, 30,180. Judge Biggs was in telegraphic communication with Gardner managers in Edgecombe and Vance last night, but had no statement to give out as to his information. He will appear before the board again this morning when it assembles at 11 o'clock.

The vote in other offices was canvassed and declared during the afternoon, giving Justice W. A. Hoke, candidate for the nomination for associate justice of the Supreme Court, a clear majority and the nomination, with Judge W. P. Stacy and Judge B. F. Long to enter the second primary for the second place on the ticket. State Treasurer B. R. Lacy, Commissioner of Agriculture W. A. Graham and Commissioner of Labor and Printing M. L. Shipman were declared renominated. Stacy W. Wade certified as winner over both opponents for Insurance Commissioner, and W. B. Cooper nominated over F. C. Harding for Lieutenant Governor. A second primary was declared necessary in the contest for State Auditor, the choice falling between Baxter Durham and James P. Cook.

Indecisive results were declared in the Sixth, Seventh and Ninth Congressional districts, with the run-off in the Sixth between H. L. Godwin and Homer L. Lyon; between W. C. Hammer and Walter Brock in the Seventh, and between A. L. Bulwinkle and W. B. Council in the Ninth. Hallet S. Ward was declared the nominee in the First District over Congressman John H. Small, and Congressman S. M. Brinson was declared nominee over Charles L. Abernethy in the Third District.

DULUTH ORDERLY AFTER LYNCHING THREE NEGROES

Duluth, Minn., June 16.—Normal conditions have been restored of business street of this city over which a mob of five thousand people surged last night, sweeping the police from power and seizing three negroes held in connection with attack on white girl and lynching them. When two companies of national guardsmen arrived today they found only a battered police station and littered streets as visual evidence of the mob's activity. Available records show only one previous lynching in Minnesota, but this is not confirmed in official circles. Another man, it is said, was lynched twenty years ago for attacking girl.

GERMAN WORKMEN GREATLY EXCITED BY BIG ELECTIONS

Men in Plebiscite Zone Tremendously Excited by National Affair.

POLAND ALLIANCE TO BE UNUSUAL FEATURE

Patriots Believe Election Will Bring Germany Back to Its Own.

Opein, Upper Silesia, June 14.—German workmen in the plebiscite zone are tremendously excited over the election. Zealous patriots and firm in the belief that Germany soon will be on its feet again, they are dismayed at the possibility of Upper Silesia being added to Poland. Ruin of industry and an irremediable setback to German labor in the district is the dark picture they paint of Polish victory.

Seeking the views of Upper Silesian workmen on the plebiscite, the correspondent asked the editor of an Appeln newspaper to arrange a meeting with labor leaders. The editor got together a dozen, all German. Here are the principal points of their arguments:

"Alliance with Poland would be a catastrophe for Upper Silesian workmen as they would be deprived of the benefit of German social and labor legislation, such as workmen's insurance and compensation acts and the employer's representation in the operation of industrial and commercial concerns.

"Poland is an agricultural country and backward socially and economically. Lacking industries the Poles have had little experience in the scientific management of mines and factories. Even in agriculture the Poles still use the most primitive methods and implements." In their un-

EMBARGO ON COAL EXPORTS PLANNED BY DEPARTMENTS

Government Considers Step as Means of Relieving Shortages.

Washington, June 15.—An embargo on coal exports as a means of relieving serious fuel shortages in various sections of the country, notably in New England, was taken up for consideration today by several departments of the government.

Reports from New England received in the past few days by the Interstate Commerce Commission have told of a coal shortage, so serious that in some sections only two-days' supply is on hand.

Other sections of the country are said to be facing similar problems, although relief has been effected in some cases.

The railroad congestion, from which the country has not fully recovered, and the strike of marine workers in a number of Atlantic ports are held to be the principal factors to the present situation.

Eradication of the harmful influence of these two factors was the subject of a conference today between Attorney General Palmer and members of the Interstate Commerce Commission. Means of dealing with rail congestion and marine labor troubles were understood to have been agreed on, although no statement was issued after the conference.

Restoration of normal transportation conditions by rail and by water, however, officials conversant with the situation said, would not bring relief from the coal shortage and for that reason the matter of an embargo, similar to that effect during last fall's coal strike, is being considered.

RUSSIAN BRIDES TO COME TO AMERICA FROM PHILIPPINES

Transportation to be Arranged for Sending War Brides With Soldiers

THREE HUNDRED WOMEN INCLUDED IN COLUMNS

Experiences in Manila Proved Disappointing in Many Different Ways.

Manila, June 16.—Three hundred or more Russian "war brides," who have come here from Siberia with their American soldier husbands, are to be sent to the United States by the government as soon as transportation is available.

These brides come from every station in life from the peasant girl to college graduate and a number had been accustomed to the luxuries of life before war and revolution drove them from their homes.

Their experiences in Malina, probably have been a disappointment to most of them, as their soldier husbands on their meager pay of \$36 a month have been unable to support a family, house rent and food prices having almost doubled here within the last year.

To prevent these Russian girls from actual suffering, the Red Cross and other charitable organizations, have provided them with shelter and food.

They are willing to work, but having no knowledge of English or Spanish, they are unable to find employment in any of the stores of Manila and native men and boys are preferred for house servants.

After several weeks of investigation as to the best disposition to make of the war brides and their soldier husbands, the army authorities decided that they, with few exceptions, should

HARDING DIRECTLY OPPOSES CAMPAIGN OF BARN STORMING

Republican Candidate Somewhat Prefers "Front Porch" Campaign.

Washington, June 15.—Senator Harding, the Republican candidate for president, indicated in a conference today with newspaper men his opposition to a "barn storming" campaign. His preference, on the other hand, would be for somewhat of a "front porch" campaign from his home in Marion Ohio, with a limited number of set speeches delivered on specific occasions.

The Republican nominee also made it clear that there would be no delay in opening the campaign, announcing that it would not await the official notification of his nomination. The notification, he said, would not take place before July 15 at the earliest.

Friends of the Senator supplemented his statements as to the kind of campaign he desires with the assertion that he believed the office of chief executive of the nation was too high and too important to be sought through a continuous series of whirlwind campaign tours.

Senator Harding also announced today that he would not resign his seat in the Senate prior to the termination of his term on next March 3, but would withdraw at once his petition filed last week at Columbus entering the August primaries for re-election.

The work of preparing his speech of acceptance has not been started by the nominee and it is expected he will defer it until after the conference with Chairman Hays and other party leaders now tentatively fixed for Monday.

GEN. WOOD THINKS BUTLER'S CHARGES DIRECTLY VICIOUS

Characterizes Statement as "Vicious and Malicious Falsehood."

DECLARES ATTACK ON FRIENDS IS INFAMOUS

Columbia President Charges Motley Group With Buying Nomination.

Chicago, June 15.—Major General Wood, in a signed statement, tonight characterized as a "vicious and malicious falsehood" a declaration by Nicholas Murray Butler that a "motley group of stock gamblers, oil and mining promoters, munitions-makers and other like persons" backed the general's campaign for the Republican presidential nomination.

General Wood said he regretted to make the statement, but that it was necessary to "brand a fakier and to denounce a lie." Declaring that the men who managed his campaign were of "extraordinary high character," the General said that the attack upon them "is infamous" and that Mr. Butler's action was "an attempt to ingratiate himself with certain elements which exercised a determining influence at the convention."

The statement follows:

"I have just read the statement issued in New York by Nicholas Murray Butler to the effect that a 'motley group of stock gamblers and others' tried to buy the presidential nomination for me and that the forces who were defeated in their insolent attempt to buy the nomination represent all that is worst in American business and political life.

"The statement is a vicious and malicious falsehood. I would ignore it if it were directed at me alone, but I cannot remain silent when my loyal friends and supporters are vilified.

"Colonel William Cooper Proctor who was chairman of my campaign committee, is a man of extraordinary high character, known throughout the length and breadth of the land for his absolute integrity and honesty. His associates are men of like character, most of whom responded to their country's call during the war.

MEXICANS FINDING GOOD HOMES ALONG RIO GRANDE RIVER

Steady Flow of Swarthy-Skinned Persons Continuing Without Interruption

Dallas, Tex., June 16.—Hundreds of Mexicans are trekking back to the land of the tamale and their nativity as a result of the latest revolution in the southern republic, according to railroad officials who are watching the steady flow of swarthy-skinned persons toward the Rio Grande. Dallas' own "Little Mexico" which gained in population from a few score ten years ago to more than six thousand in the 1920 census is reported to be losing ground rapidly.

Since announcement of the death of Venustiano Carranza, 75 Mexicans, men, women and children purchased tickets here for the border. Since then, railroad men said, from 30 to 50 citizens of the nation to the south have been leaving daily. Similar conditions are said to exist at other southwestern cities.

Leading Mexican residents here declare confidence in the present revolution is responsible for so many natives returning home. Practically every native Mexican in Texas, they said, believes the new regime to be the foundation for a stable government in their revolution-torn country.

ADDITIONAL FUNDS TO BE RAISED FOR GREENVILLE CLUB

Committees Appointed for Soliciting Funds at Meeting Last Night.

ENTIRE CITY WILL BE THOROUGHLY CANVASSED

Committee Also Appointed to Canvass the City's Syrian Population.

A special meeting of baseball enthusiasts was conducted in the chamber of commerce rooms in this city last night for the purpose of arranging plans for increasing the funds of the Greenville baseball club. The meeting was called Monday evening by Manager Guy Lanier, as the funds raised sometime ago were found inadequate for the remainder of the season and brought the club face to face with the necessity of seeking support from people of the city interested in the splendid record that has been established by the team since the opening of the season in this section of the state.

Mr. W. L. Hall, president of the Greenville club, in outlining the nature of the meeting, stated that the financial standing of the local club was not what it should be, and that it was imperative that something be done immediately to relieve the existing financial shortage. He said the club cannot be made the great success people desire unless properly supported, and that if the team continues to be a winning one it must have undivided support of the public.

Guy Lanier, manager of the club, also explained the disadvantage of playing without adequate funds with which to meet general expenses and asked that an intensive campaign for enlisting support be put on immediately until required support has been gained. The appointment of committees to enlist subscriptions throughout the city was effected, with the following men composing them: P. L. Clodfelter, Simon Moye, S. T. Hooker, Sr. The second committee includes W. Z. Morton, J. B. Kittrell and G. B. Smith. The third, R. M. Garrett and Van Staton. The fourth, which will

JOHNSON ASKED TO MAKE INDEPENDENT RUN IN NOVEMBER

Petition of Portland Voters Asks Repudiation of G. O. P. Platform.

Portland, Ore., June 15.—More than 5,000 signatures were obtained to a petition circulated in Oregon today asking United States Senator Hiram Johnson to repudiate the platform adopted by the Republican National Convention in Chicago and to announce himself as an independent candidate for the presidency, according to a telegram sent today to Senator Johnson by W. P. Adams, Portland attorney.

Mr. Adams said that he did not represent any Johnson organization that had heretofore existed, but that his telegram was sent in behalf of many supporters of Senator Johnson in the recent Oregon primary election.

"We heard that similar petitions were being circulated in New York," Mr. Adams said, "so we started them here in Portland today. So far the petitions have been circulated only in Portland, but we plan to send them throughout the state."

Adams said that he and the group with which he is connected will continue to circulate the petitions until Senator Johnson declares positively that he will not be a candidate for the presidency on an independent ticket.

LABOR REFUSES TO URGE RECOGNITION OF SOVIET FORCES

Federation Adopts Committee's Report in Opposition to Such Action.

WILL TAKE NO CHANCE WITH THE BOLSHIEVIKI

To Support Resolution for Amnesty for all "Political Prisoners."

Montreal, Jun 15.—Movement to call upon the United States to recognize the soviet government or lift blockades against Soviet Russia was blocked in the annual convention of the American Federation of Labor today after a heated debate. James A. Duncan, of the Seattle Central Labor Council, led the fight in behalf of the Soviet, with the aid of representatives of the Ladies' Garment Workers, but the convention adopted a overwhelming vote the report of the resolutions committee opposing any action.

The committee report declared the Federation would not be "justified in taking any action that might be construed a san assistance to, or approval of, the Soviet government, so long as it is based upon authority which has not been vested in it by a popular national representative assembly of the Russian people; or so long as it endeavors to create revolutions in well established civilized nations of the world; or so long as it advocates and applies militarization to labor and prevents the organizing and functioning of trades union and maintenance of free speech, free press and free public assembly."

John Frey, chairman of the resolutions committee, said it had ascertained on the "highest authority" that the Soviet government is an "autocratic, militaristic government that does not believe in democracy," and is ruling by an "iron hand of dictatorship."

Extracts from Lenin's speeches, which he read, showed, Mr. Frey declared, that Lenin believed in making "trades unions subservient to the Soviet government and labor compulsory." Opposition to the report, he said, "might indicate that the Bolshevik had infested the ranks of organized labor in America with its propaganda."

Mr. Duncan said the committee had made a "camouflage report," to deceive the workers of the country as to the true situation in Russia. Conditions there were much better than reported in this country, he said, and added that President Wilson and Premier Lloyd George approved recognition of the Soviet government, but had not "the courage of their convictions to stand and declare for it."

James Duncan, of Washington, D. C., first vice president of the Federation, answered in defense of the committee report. He read a telegram from Secretary of State Colby, which said the existing government did not "represent the will or consent of any considerable portion of the Russian people."

David Grange, a New York delegate, said the greatest trouble in America was the Bolshevik plotters who are trying to disrupt organized labor.

"I don't care what President Wilson or Lloyd George have approved," he said, "but I do know we have a good enough form of government here in America for me, and I am not going to take any chances with Trotsky and Lenin's Bolshevik crowd. They are not any more the friend of labor than the Czar of Russia."

The Federation also pledged its support to Senator France's joint resolution for amnesty of "political prisoners" and repeal of the espionage law.

The convention instructed the executive council to continue its opposition to the bill now in congress providing for the zoning system of mailing rates on second class matter and requiring all trade union publications to be printed in the English language.

WEDNESDAY, JUNE 16, 1920

If all of those newspaper comments
about Harding are true the gentleman
has a record that isn't enviable in the
least.

Statements say Hiram Johnson is in
a sore mood. But certainly not so much
as he would have been if he had been
nominated for the presidency by the
Republican party.

President Wilson won't necessarily
need any spokesman at the San Fran-
cisco convention for what he has done
for the nation in the past will speak
more loudly than words in the excit-
ing moments of the convention.

Amos Pinchot predicts a third party
before the approaching election, but
what he predicts and what really will
happen are two very different matters
altogether. Pinchot thinks in an un-
expected way, and for that reason his
prediction counts for little.

Probably the London newspapers
know as much about Harding as they
should. If they were informed as
American papers there would be little
need for comment, for the gentleman's
record won't bear close inspection
without giving one weak knee.

If the federation of labor of Virginia
should disapprove the platform of the
Republican party such action will not
be out of the ordinary in the least, for
for they are doing it everywhere. The
issue is of a very displeasing nature
in many ways, and labor alone is not
the only element opposed to provisions
of some of the planks.

Soviet Russia declares that it will
not recognize its liability for debts
contracted by Russia up to November.
Russia is not the only country that
would like to forget the liability part
of government, but as this is simply
impossible only under extraordinary
circumstances, it might be well for in-
debted nations to resign themselves to
the inevitable.

The Chicago convention proved con-
clusively that the Republican party is
going to make one of the greatest fights
in its annals to get control of the gov-
ernment, but if it had nominated an-
other negro state committeeman as it
did for Georgia chances would be
mighty slim, even more so than now.
The party can boast of its greatness as
a political factor, and that is about all
it really can claim.

Harding will not retire from the
senate until his term expires, so re-
ports explained yesterday, for it is
understood that he fears a democrat
would be appointed as his successor
and greatly weaken G. O. P. control in
the department. Such apprehension,
however, is far fetched and out of sea-
son, for it isn't necessary for demo-
cratic supremacy in the senate to beat
Mr. Harding because the people will
do that in a more effective way in the
November election.

The official canvass of county votes
in the recent primary as presented by
the board of election yesterday remove

all doubt as to who won and who didn't
In fact, the situation is changed only
slightly from the first reports and can-
didates are not affected in the slight-
est. A second primary is inevitable
with the commissioners and state sen-
ate, but this will be concluded July
3rd, and after that every county office
can settle down to business. Several
changes were brought about by the
primary, some good men were elected
and good ones lost, so the best thing
that can be done is for the new ones
to buckle down to business after in-
duction into office and serve the coun-
ty as faithfully and efficiently as pos-
sible. The times demand this of every-
one, and unless the best interests of
the public is looked after, the best in
the candidate will not have been put
forward.

The times demand a progressive
ticket and a progressive platform from
every political party, but so far the
Republicans have failed miserably in
placing such before the public. It has
covered practically everything within
the bounds of comprehension, yet it
has missed the things of vital im-
portance to humanity. The Democrats
never had a better opportunity of con-
tinuing their supremacy with the G. O.
P.'s, so completely out of harmony with
public sentiment, and if they will bat-
tle determinedly and courageously for
a constructive platform in the ap-
proaching convention, success is assur-
ed. Principles of democracy never
were more necessary to the welfare of
a nation, and if the present good state
of government is to be preserved it is
imperative that every broad-shouldered
person rally behind the party in the
November election.

AMERICA IN WORLD MARKETS.

The prohibition of importation of
artificial teeth into France upon the
ground that they are "luxuries," and
may therefore be excluded by law will,
says a statement by The National City
Bank of New York, affect a growing in-
dustry and export trade of the United
States representing several million dol-
lars.

The United States, continues the
Bank's statement, is, and has been for
several years, the world's largest man-
ufacturer of artificial teeth, and has
turned out probably \$50,000,000 worth
of teeth in the last decade. In 1914 the
factory value of artificial teeth turned
out was over \$4,000,000, and is now
probably running at double that sum,
making it quite apparent that our out-
turn of artificial teeth during the last
decade exceeds \$50,000,000 at factory
prices. Ineed the value of the exports
of this class are now running at the
rate of nearly \$500,000 a year, and
they go to every grand division of the
world, and are scattered broadcast
from Russia to Oceania, and from
Japan to South America.

The United States, Great Britain,
and Germany were, prior to the war,
says the Bank's statement, the world's
largest manufacturers of artificial
teeth, the United States leading, with
Great Britain second, and Germany
third. Curiously, France, which has
now included artificial teeth in its list
of prohibited luxuries, is not, and never
has been, a considerable producer of
this class of manufactures, having de-
pended chiefly upon the United States,
Great Britain, and Germany for its
requirements in this line. In the year
prior to the war, we sent to France
alone \$23,000 worth, while to England
a tooth manufacturer as she was, we
sent \$175,000 worth; Germany \$25,000
worth and our neighbors in Canada
\$55,000 worth. With the extreme ac-
tivities of the war the demands of Europe
for this sort of material declined, for
our exports of teeth to that continent
fell from \$236,000 worth in the year
before the war to \$153,000 in the sec-
ond year of the war, and only \$72,900
worth in its closing year, though pre-
sumably the trade to Europe is "pick-
ing up" again since our total exports
of artificial teeth during the fiscal year
which ends with this month will show
nearly \$500,000 as against about \$250,
000 in the closing year of the war. Just
now the exports of teeth are running
at the rate of over \$50,000 a month,
or at a rate of more than \$600,000 a
year.

"THE KING CLOTHIER"

A Leader of Men

Back of his energy is sound health, and back of his health is self-discipline that provides for regularity in habits of eating, exercising—bowel elimination.

It is largely this freedom from intestinal poisons that keeps him young; that leaves him free to pursue his aims with mind unclouded and energy unimpaired.

Such health is out of the question for you as long as you are constipated. And laxative and cathartic pills only aggravate and confirm the constipation habit.

Nujol works on an entirely new principle.

Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 10 Broadway, New York, for booklet "Thirty Feet of Danger".

ADDITIONAL FUNDS TO BE RAISED FOR GREENVILLE CLUB

(Continued from page one.)
canvass the Syrian population, Nick Saleeby and Louis Curry. It is believed that business men of the city will respond liberally to support of the club, for the boys have already made a mighty fine showing, and are vying with Williamston for first place in the league standing. Other clubs, it is understood, have made additional call for finances, and for that reason it is generally conceded that Greenville people will rally around the team and see it through the entire season without missing a game.

GERMAN WORKMEN GREATLY EXCITED BY BIG ELECTIONS

(Continued from page one.)
skillful hands the highly complicated industrial mechanism of Upper Silesia would be ruined.
"Polish labor is underpaid. Upper Silesia, compared to Poland, is a labor paradise. If it becomes part of Poland, Poles would flock in and overrun the country, reducing wage and working standards and forcing the Germans out of employment."
"If Upper Silesia becomes Polish it goes with the East. If it stays German it goes with the West and its people will follow in the path of the democracies of England and the United States."

Much was said about democracy. No Bolshevik sentiment was expressed at all. These Germans professed great distrust of Poland's foreign policy which they declared to be imperialistic. They conceded that Poland now was nominally social-democratic, but they asserted that the Poles were such an unstable people that their policy was likely to change over night.

"German Upper Silesians went to remain with democratic Germany," they said. "German workmen want to settle down to work and restore German industries. They want to show the world that Germany can fulfill the obligations of the Peace Treaty. But the war indemnity cannot be paid if Germany is deprived of the raw materials Upper Silesia can supply."

GREENVILLE FINDS PINETOPS EASY IN YESTERDAY'S GAME

Locals Defeat Fast Aggregation by
Score of 9 to 3 in Uninteresting
Contest.

Greenville won the second game of the season from the strong Pinetops aggregation in this city yesterday evening at the fair grounds by the score of 9 to 3. The visitors failed to show the spirit and animation exhibited in the game Monday, and played listlessly throughout the entire game, with the exceptions of one or two times when a return of life assisted in getting three runners over home plate.

The game was slow and uninteresting after the third inning when Greenville showed its mastery of the day by sending five runners home, and while Taylor pitched hard and determinedly at every inning the locals found him easy, hitting almost at liberty and bunting hits at opportune moments. The infield and out field played advantageously, but hits were placed so perfectly and so far out of reach of the fielders that Manager Lanier's boys incurred little opposition in circling the bases whenever they tried real hard.

Barnes was on the firing line for the locals, and to say that he had the visitors at his mercy would be expressing the matter mildly, for at no time during the game was he seriously threatened with being hit freely, and when a runner got on base his curves worked to his advantage in an admirable, assuring way. Splendid support was rendered from both the infield and outfield, and although four errors were marked up against the club at the ending of the game, those however, were not costly and failed to afford any opening to the opposing team.

Greenville started its scoring with one run in the first inning when Captain Duncan hit for two bases, scoring Wrenn who had gotten as far as second after being given base on balls. Another runner was sent home in the second inning, when Dave Moore hit to center field for one base advancing Turner to third, who later scored on a well placed bunt by Barnes. In the third inning three more runners were sent home. Wrenn hit for one base, later going to second on sacrifice by Ellis. Duncan made a safe trip to first; Sheppard went to first on base on balls, Wrenn and Duncan advancing one base. Kittrell hit through second, scoring Wrenn and Duncan, Sheppard going to third. Turner flew out to center field, Sheppard scoring before the ball could be returned to the plate.

The seventh frame also proved a disastrous one for the visitors, as the locals succeeded in putting four more runners home by a batting rally that continued several minutes. In this inning Barnes lined the sphere out for one base, going to second on sacrifice; Starr received base on balls; Ellis hit for one base, scoring Barnes, Starr going to third; Duncan received a free pass to first; Sheppard hit for two bases, scoring Starr and Ellis. Kittrell hit for one base scoring Duncan.

Pinetops scored their three runs in the fifth and eight innings. In the fifth Gardner lined the ball out for one

WASHINGTON SHUT OUT BY

SCOTLAND NECK YESTERDAY

Washington, June 16.—Scotland Neck took the second game of the season from the locals yesterday evening by the score of 4 to 0. The game was decidedly fast and interesting from the first to last innings, but the locals were unable to hit opportunely, failing to concentrate their efforts at the right moment. Both mound artists showed up to good advantage, and tightened up noticeably when the home plate was threatened by runners. This was true in the visitor's case, for they played consistently supporting Johnson in admirable form.

WILLIAMSTON DEFEATED

IN FIVE INNING GAME

Tarboro, June 15.—Tarboro defeated Williamston on the local diamond today by the score of 2 to 1, the game being called after the fifth inning on account of rain. Both clubs started the game off in splendid form, and showed more than usual life which probably would have continued throughout the entire game had not rain interrupted.

base; Langley received base on balls; Ray hit for two bases, scoring Gardner. Webb retired the side with Langley on third. In the eighth frame Langley hit for one base; Ray beat out a sacrifice to first, Langley going to second. Webb flew out to center field, both runners advancing; Langley scored on Richardson's sacrifice; Richardson hit for one base scoring Ray. This was the last time that the visitors had the slightest opportunity of sending a man across the rubber, for the locals unintentionally tightened up when it was either put out or made an error, and consequently retired their opponents hurriedly.
