

PRESIDENT WILDLY CHEERED BY LARGE FRISCO GATHERING

Demonstration Over President's Picture Continues for Full Half Hour.

GREAT TRIBUTE PAID TO CHIEF EXECUTIVE

Greeting Are Sent to the White House Following Demonstrations.

San Francisco, June 28.—From the shadow of the Golden Gate the hosts of Democracy sent a roaring tribute across the country today to President Wilson.

The national convention flung aside for the moment the business before it while delegates carried on a demonstration that swept the great gathering off its feet. It was a half hour before the outburst evoked by a sudden display of the President's portrait could be stilled. Again and again as his name was mentioned the cheers broke out anew to culminate in the shout of approval that adopted and sent to the White House tonight a striking testimonial of his party's faith and pride in the man who has led it through troublous years.

Arrangements for the first national political convention to be held in the Far West had been well made. The great hall its clean architectural lines almost unmarred by added decorations, was ready and through a dozen wide entries where thousands poured with little delay or congestion. They found a wide octagon-shaped awaiting them, with a number of rows of seats and a stage of blue above the platform and the same extending to the line of seats under high windows framing squares of California's bluest skies.

In the center of the hall where delegates sat railed within a wide square of seats, an inner ceiling was suspended, colored in soft old blue that rested the eye and lent something of quiet dignity to the scene.

Below a forest of standards bearing the names of states and territories was the only reminder of national conventions of the past.

Perched high beside the organ in a special gallery, a military band whirled away the time.

As the noon hour and the opening time approached, a color guard of Marines appeared on the platform. A six-foot sergeant, with the gleaming folds of a regimental flag in his hand, made a vivid spot of color on the platform. At his side stood the armed non-commissioned officers of the color guard, and with them two Marine buglers.

When Vice-Chairman Kremer, of the national committee, gave the signal, a bugler sounded "attention," the sharp, staccato call rang out over the uproar of conversation. The first notes of the "Star Spangled Banner" rang out from the band and the organ together, and as delegates, alternates, spectators and attendants stood in tribute, a monster flag dropped from the ceiling to form a wall of color behind the platform. It obscured the view of the band gallery, and organ loft, but as it fell, the booming tones of the organ rose from behind it, joining with majestic thunder in the national anthem. From the floor and galleries, delegates and spectators joined in the mighty tones.

Then came the touch that set the convention off with a wild shout of exultation. The great flag was gathered slowly upward in the slings, and as it rose, it uncovered a flag draped and illumined portraits of President Wilson, placed against the high pipes of the organ. For a moment there was a brief pause. Then came the tumult. A wild shout rang from the floor. It was caught up and echoed from side to side. Rising with hysterical force, the sound grew and grew, a formless, toneless thing that had in it something that stirred the blood and pulled at the emotions. Delegates leaped on their chairs, waving and shouting. They stampeded into the aisles, jostling and cheering in a packed mass before the platform.

Hon. J. Bryan Grimes, of Raleigh, is among the visitors in the city today. Mr. J. R. Turnage, of Arden, spent several hours in Greenville yesterday evening.

ADMINISTRATION FORCES ENTER SECOND DAY WORK APPARENTLY IN CONTROL

San Francisco, June 28.—Administration forces entered the second day of the convention apparently in full control. Carter Glass, as chairman of resolutions committee, Senator Robinson, of Arkansas, another administration supporter, were chosen permanent chairman and administration men at head of other committees constituted the lineup. The threatened anti-administration fight as far as it related to the organization of the convention machinery, collapsed without showing. Bryan was not chosen in the sub-committee chosen to draft the platform. The rules committee decided that the nominating speeches be made while the solutions committee is working on the platform, but no balloting is to take place until after the platform has been adopted. This plan, it is believed, will save much time.

Administration control indicates less prospect today of an open fight on the platform on convention floor while administration leaders appear confident that differences will be settled by the committee. The convention meets today at one o'clock.

Events so far show no marked reaction overnight on discussion of nomination booms. It seemed general that the prospect for McAdoo's selection had improved. McAdoo's friends expect him to run third in early balloting, Cox second, Palmer first. The later break is expected to be in McAdoo's favor.

EPWORTH LEAGUE.

The Missionary Department of the Epworth League led by Miss Mary Ruth Allbrook will hold its regular monthly meeting tonight at 8 o'clock at the home of Miss Clara Louise Moyer. Reports will be made from the Louisville conference. All members are urged to be present.

TROOPS ASKED FOR TO STOP PROGRESS OF CHINA ROBBERS

Depredations Become So Flagrant that Country Citizens Ask Protection.

Chengtu, China, June 29.—Depredations of robber bands along trade routes in Szechuen province have become so flagrant and widespread that urgent appeals for the use of troops to combat the menace have been sent to the Chinese provincial authorities by foreign firms operating in Szechuen. The bands of robbers are said to be made up to a large extent of groups of deserters from troops that have been stationed in Szechuen. The outlaws have become so bold that mail consignments, hitherto immune from them, have been seized.

One recent report that was brought to Chengtu was of the robbery of a pack train on the "big road," which is the main highway between Chungking and Chengtu. In this 40 bags of mail were opened and rifled by the outlaws and "the whole hillside was covered with stolen mail."

In another case a caravan had been held up and robbed by a band of bandits when a second stronger band of brigands appeared and compelled the return of the stolen goods. The leader of the smaller band was then shot. The chieftain who did this declared that he had guaranteed the safe passage of this particular caravan, having received a substantial consideration.

The activities of the bandits are felt as much by the individual as by the large commercial interests in the opinion of one Chengtu mission worker who said:

"It is a grievous hardship to send to America for a suit of clothes, pay for it at the present ruinous prices, wait patiently six months for its arrival and finally hear that it has been appropriated by robbers within a few days of its destination."

RUMANIA PLANS TO CHECK HIGH PRICES IN MANY CENTERS

Vast Wave of Speculation Features Opening Issues of the Campaign.

COST OF LIVING HAS CAUSED MANY STRIKES

People, However, Find Unexplained Ways of Purchasing Fine Clothes.

Bucharest, June 29.—Rumania is being with a vast wave of speculation, the object of which is to overcome the high cost of living, which harasses the richest and poorest alike. The primary cause of the advanced price of necessities is found in the fact that all manufactured products have to be imported whereas there is sufficient amount of food grown in the country to support the population and this food has not risen in proportion of dress goods.

The cost of living in Rumania has been the occasion of many strikes but as in every other country in Europe, people seem to find unexplained ways of buying fine clothes and keeping themselves well dressed.

The wealthy women of this country make bi-annual trips to Paris and return with their trunks filled with shoes and silk stockings and dresses of the latest fashion, which they bring into the country despite the prohibition against the importation of such articles and also a twenty-five percent customs duty which is paid when special permission is obtained to bring in goods. When such permission is not obtained, the goods are smuggled in automobiles over the frontiers.

Princess Elizabeth went to Paris last winter and brought herself three huge trunks full of new clothes, but arrived home heart-broken, while passing through Jugo-Slavia during the crisis. (Continued on page four.)

TAR HEELS AGREE WITH BICKETT ON SUFFRAGE ISSUES

Delegation at Frisco in Accord With Desire that Tenn. Will Ratify.

San Francisco, Cal., June 28.—The North Carolina delegation at San Francisco is in thorough accord with the position of Governor Bickett in expressing the hope that the Tennessee legislature will ratify the constitutional suffrage amendment and thus state off any fight in the Old North State. The action of the Democratic National committee in asking the Tennessee lawmakers to ratify the amendment has caused a lull in the discussion of the subject. It is believed here that Tennessee will likely pass the amendment and give the women of the nation the ballot.

Seventy-five Tar Heels forgot all about politics for several hours this evening while they were the guests of Secretary Josephus Daniels at a dinner aboard the superdreadnaught New Mexico. It was the first time many of them had ever been on a battleship and they enjoyed the novel experience. Six battleships and a flotilla of smaller fighting craft are anchored in the inner harbor.

North Carolinians spent most of Sunday taking sightseeing trips around San Francisco. R. O. Everett and Edward E. Britton were guests along with two hundred other newspaper men at the country home of Mayor Rolph.

The Tar Heel delegation is watching with the keenest interest the boom for William G. McAdoo and stands ready with Texas and other southern states in putting him across. The sentiment for Governor Cox, of Ohio, is strong in some quarters, but North Carolinians seem better to give him second place. No encouragement for the latter boom appears to be in evidence.

SUFFRAGE FORCES LOOKING TOWARDS TENNESSEE ACTION

Women Are Confident Now that the State Will Ratify Amendment.

SOUTHERN SHIPPING DISTRICTS OPENED

South Atlantic Shipping District Will Begin Operation July First.

Washington, June 28.—Suffragists here appeared today to be fully confident that Tennessee would finish the job and make it possible for the women of North Carolina to vote in the November elections, whether the special session acts on the amendment or not.

Argument in North Carolina now is waged, in the opinion of the suffrage leaders, Tennessee is so certain to ratify the amendment that it is all over but the shouting and the "votes for women" advocates here tonight are on the verge of building a big bonfire.

Party leaders are also well pleased. August 9th is a little later than they hoped for but it means that the Democratic party has saved the day unless Vermont or Connecticut or Delaware ratifies first.

Word that a special session to act on suffrage would be called for August ninth by Governor Roberts of Tennessee brought the following comment tonight from Alice Woman's party.

"The thirty-sixth state is in sight. At once an act of justice to the women of the country and an act bringing extraordinary prestige to the Democratic party, the setting of a definite date for the suffrage in Tennessee makes suffrage victory almost certain in time for women to vote in the next elections.

"Our campaign in Tennessee has now become much simpler. We had feared that a campaign would be necessary to force the Governor to set sufficiently early date for the session. Now we shall have only the task of making a (Continued on page four.)

UNREST FEATURES IN VIOLENCE THROUGH ROME TERRITORIES

Strikes and Riots Spread With Many Persons Reported Killed.

Rome, June 29.—Reports of disorder is widely separated parts of Italy appear to corroborate the impression that they are part of a deep scheme to overturn social order throughout the entire country. Unemployment is the alleged reason for the strikes now in progress and for rioting.

At Cadore, Venetia, red flags have been hoisted above the municipal buildings. Telegraph lines have been cut and roads blocked with trees at Lozzo Callazzo and Dogegge. Carabineers in armored cars have dispersed rioters at Brilasso. At Roncole, an aqueduct has been cut.

Discontentment which long has been held under restraint at Plombino has burst out violently, and soldiers and police are protecting shops in that city. They have been attacked with revolvers and have replied with machine gun fire. Many on each side have been killed and wounded.

Further disturbances in and around Ancona are reported in dispatches from that city today. Anarchists are concentrating around the labor bureau in Ancona and dispatches indicate they have a machine gun. Three have been killed in encounters with policemen. An attack was made upon Carabineers barracks and a number of hand grenades were thrown but the anarchists were unable to enter. Reinforcements rushed to the scene were met with shots from neighboring boules and it is said women participated in the fighting.

BRYAN OFFERS PLANK TO END PROFITTEERING THROUGHOUT THE NATION

San Francisco, June 28.—State commissioners, similar to the federal trade commissioner, to prevent profiteering are a feature of a plank on profiteering proposed by Wm. J. Bryan. It is as follows:

"The Democratic party pledges the nation to rid it of the profiteer and to close the door against the return. It will endeavor to eliminate all unnecessary middlemen by the encouragement of organizations among producers that will bring those who sell and those who use nearer together. It will enact and enforce laws that will effectively prevent excessive charges by such middlemen as are necessary. To this end it will demand legislation subjecting to the penalties of the criminal law all corporate officers and employees who give or carry out instructions that result in extortion; it will make it unlawful for anyone engaged in interstate commerce to make the sale of one article dependent upon the purchase of another article, and it will require such corporations to disclose to customers the difference between cost price and selling price or limit the profit that can be legally charged as the rate of interest is now limited. It will also endeavor to create in the several states trade commissions with powers as ample as those of the federal trade commission and to enact laws authorizing each local community to create, as needed, similar commissions for the investigation of local charges of profiteering.

The clause to punish profiteering by corporation officers. Mr. Bryan said, is designed to meet court decisions preventing prison sentences being imposed on corporation officers.

Another plank dealing with the treaty of Versailles and the league of nations is to be made public tomorrow by Mr. Bryan.

EPWORTH LEAGUE TO MEET HERE TONIGHT

The Epworth League of the Methodist church will meet at Miss Clara Louise Moyer's this evening at 8 o'clock. Every member is urged to attend as the reports from the delegation to the conference will be given.

McADOO DECLINES TO TALK POLITICS WITH THE PUBLIC

Will Not Deny or Affirm Statement that Nomination Would be Accepted.

Huntington, N. Y., June 28.—William G. McAdoo informed a newspaper man, with whom he consented to talk at his home here tonight, that he does not want to be "bothered" about politics. He refused absolutely to discuss the Democratic national convention or the statement of Thomas B. Love, National committeeman from Texas, that he would not refuse the presidential nomination if the convention tendered it.

The newspaper man was stopped by a watchman, who forbade entrance to the grounds, but he was induced to communicate with Mr. McAdoo, who appeared shortly after.

"Now what is on your mind?" Mr. McAdoo asked.

The caller explained he desired to discuss the Democratic convention and the question of whether Mr. McAdoo would accept the nomination, where upon Mr. McAdoo stated he would have nothing to say on these subjects for publication.

The former Secretary of the Treasurer said he had no means of communication with the convention and that he preferred to "learn of its activities through the newspapers like any other interested citizen."

He declined the reporter's offer to keep him informed of convention developments, declaring he preferred not to have the privacy of his home invaded.

MORE TALK ABOUT McADOO BEGINS AT CONVENTION POINT

Situation Regarding His Candidacy Shows No Change at the Present.

McADOO BOOM GAINING SWAY IN MANY CENTERS

Palmer, Cox and McAdoo Will be Principal Contestants for Honors.

San Francisco, June 28.—There is more McAdoo talk in the air tonight but there is apparently no change in the real situation among the various candidates.

Tonight shows the first signs of a movement among the leaders and managers to round up sentiment among the uninstructed delegations and compute the possibilities of nomination somebody.

Principally the night is given over to meeting of the four big committees in the great building which also houses the convention auditorium. The leaders and candidate managers are all under the same roof and although they are engaged in committee business they are not losing the opportunity to confer and possibly get together on the making of a slate of their own, or possibly decide to accept one which the drift among the delegations may be forcing on them.

McAdoo boomers hoped all day that their candidate would make some statement amplifying his declaration of National Committeeman Love, of Texas, that the nomination would not be refused. Some were disappointed, and others thought McAdoo, in view of repeated previous declarations of declination, was pursuing a wise course in remaining silent.

Palmer people continued their efforts to make a strong showing on the evening ballot, and the Cox people were doing the same. About the only point the three forces would agree upon was that there would be no nomination on the first ballot, and most of them seemed to agree that there would be no nomination in less than three to five.

The McAdoo people today agreed upon Sam B. Amidon, Wichita, Kas., as their floor leader and at the same time began picking out a representative on each state delegation. His selection was made at a conference of McAdoo supporters, who described themselves as "bitter enders." Cone Johnson of Texas, former solicitor of the State-Department Representative Whaley, of South Carolina, and Mrs. Peter Cleson, of Minnesota, were among the assistants selected for Amidon.

Most McAdoo boomers are saying they do not expect any support from the Tammany delegation of New York unless it becomes apparent that the former secretary will be nominated. Talk of Secretary Meredith for second place as Mr. McAdoo's running mate, continued in the convention gossip.

The talk of candidates tonight is almost where it was last week, without any appearance of strength enough for a combination at any corner of the triangle. Mr. Bryan and some others still feel that the question of candidates cannot become an active one until the platform issue has been disposed of. Administration supporters said tonight they were confident that the platform would be written in thoroughgoing terms of support for President Wilson and his administration and many of them predicted that it would contain neither a wet nor a dry-plank.

ACUTE NURSE SHORTAGE FELT IN MANY CITIES

Buffalo, June 29.—Unless some remedy is found for the acute shortage of nurses, many hospitals of the country will be compelled to curtail their operations, asserts Mr. Annie L. Hansen, superintendent of the Buffalo district Nursing association, in her annual report. A recent campaign to induce more young women to take up the profession of nursing was a failure, Mrs. Hansen said, and as a result one Buffalo institution was compelled to close one of its departments.

Mr. H. G. Crisp, of Falkland, spent several hours in the city yesterday evening.

TUESDAY, JUNE 29, 1920.

Republican newspapers are giving the San Francisco convention mighty fine publicity just at this time, but the way they talk one would think the Democrats are going to take things by storm after the national meeting is over. It is quite probable they see things in the right light, and are forecasting the future more accurately than is believed.

Senator Reed evidently liked the atmosphere of the convention, but somehow the convention didn't like him. Another case where an important official is more important than other people think of him.

The announcement of Mr. McAdoo's change of mind concerning the presidency may have upset plans of the convention to some extent, but judging by the way admirers are acting the change was more of a desirable nature than otherwise. The truth is, McAdoo has become one of the most dominant figures of the Democratic party just at this time, and if he desires the presidency, the Democrats will stand behind him from the beginning to the end. It is almost certain that a change in administration will not be probable just at the era, and for that reason it is believable that the party will do everything to elect a man capable of guiding its destiny as unerringly and faithfully as the present executive. Mr. McAdoo adheres to the Wilson form of government, and if he should be elected, as is very probable, the country will be protected by the same influence directing its destiny at this particular time. Every truly great statesman, and fortunately there are still a few, believes that the president is absolutely right in his opinion regarding the treaty of peace and the league of nations, and as long as they continue to rally around his ideals of government, American rights will every be respected and held high above hands that would defile and desecrate them. So, if McAdoo becomes the next president,

America will still be the country with high ideals and unwavering patriotism to the cause of higher civilization.

Hainbridge Colby fortunately was selected as floor leader of the administration forces at the convention, for that reason party opponents may rest assured that the Democrats will get everything coming to them, particularly followers of the president. Mr. Colby is a man well versed in both national and foreign questions, and it is safe to say he will do everything possible to carry out Mr. Wilson's desires to the minute. He realizes the importance of the league of nations to the country, and knows that in opposing reservations the president is simply depriving of its real power. This fact has been plainly in evidence for several months, yet there are very few who have fully appreciated the situation as it pertained to the public. The secretary of state knows why the league is essential, and there is little doubt but that he will give it every bit of support necessary to its final success.

CUMMINGS KEYNOTE SPEECH

That keynote speech which Senator Cummings delivered before the Democratic national convention yesterday may be termed as one of the most timely messages that has been delivered before a large assemblage of Democrats in several years. In fact, the entire address was dominant with an expression of far greater interest to the party than most people expect, and no doubt will go a long ways toward

holding the convention sentiment for remainder of the week. His reference particularly to the league of nations may be considered timely and interesting in every respects, for this issue will possibly require more of the convention's time than any other one feature. The administration so far maintains an ascendent position, and as it is giving undivided support to the league it is quite probable issue will get through safely, without the proposed reservations of the Republican party and those presented by Mr. Bryan and Hoover. Mr. Cummings, however, set forth the fact that the league is absolutely essential to the welfare of the world in his address yesterday, and as he is a man of wide influence and knowledge of the nation's political requirements it is safe to say his address will have much to do with the final success attending the league plank. The supporters will rally behind the administration in its untiring efforts for support of the Wilson ideals, and if they will only persist, these ideals will be a guide to the party in the coming years.

FOREIGN TRADE IN 1920.

The foreign trade of the United States in the fiscal year which ends with this month will make a new "high record." In both imports and exports, says a statement by The National City Bank of New York, the figures of the fiscal year 1920 will exceed in value those of any preceding year. Exports will apparently exceed \$10 billion dollars against 7.1-2 billions

in the fiscal year 1919, 6.1-2 billions in 1917, and 2.1-3 billions in the immediately preceding the war. Imports will make the astonishingly high record of \$5,000,000,000 against \$3,000,000,000 in 1919, a little over \$2,500,000,000 in 1917, and less than \$2,000,000,000 in 1914, the year preceding the war. The total foreign trade for the year will exceed 13 billion dollars against 10.1-3 billions in 1919, slightly less than 9 billions in 1918 and 1917, and 4.1-4 billions in the year prior to the war.

Raw manufacturing material showed by far the largest growth on the import side and will apparently exceed \$2,000,000,000 against \$1,250,000,000 in the former high record years 1919 and 1918, and \$633,000,000 in the year preceding the war. Manufactures exported will show a total of about \$3,750,000,000, only exceeded in 1917 when war materials were being exported in enormous quantities, and \$1,100,000,000 in the pre-war year 1914. Manufactures exported will be three and one-half times as much in value as in the year before the war and raw manufacturing material imported three times as much in value as in the pre-war year.

Foodstuffs exports will show a smaller total than last year, but foodstuffs imported will be nearly double value those of any earlier year, aggregating nearly \$1,500,000,000 against \$82,000,000 in 1919, \$750,000,000 in 1918 and \$678,000,000 in 1917. This enormous increase in the value of foodstuffs imported is due in a large degree to the advance in prices of sugar

and coffee. Sugar imports alone seem likely to show a grand total of over \$50,000,000 against \$309,000,000 in 1919, and \$237,000,000 in 1918, while coffee imported will approximate about \$230,000,000 against \$143,000,000 in 1919, and \$103,000,000 in 1918. Cocoa also shows a tremendous increase and will aggregate for the year about \$80,000,000 against \$36,000,000 in 1919, these increases in the value of sugar, coffee, and cocoa imported being due in large degree to higher prices, though the quantities in each case also show large increases despite the higher price at which the importations occur.

Cameron Morrison For Governor

Great Endorsement by the People of Richmond and Mecklenburg Counties—His Boyhood and Present Home.

We, the undersigned citizens of Mecklenburg county, where Cameron Morrison now lives, and Richmond county, his former home, urge his nomination for Governor of North Carolina in the Democratic primary. He is an able and fearless champion of constitutional government as interpreted by the Democratic party. For nearly thirty years he has served the party and the people of North Carolina with distinguished ability. His public utterances give proof of the soundness of his views on political and economic questions; and the boldness with which he speaks marks him for leadership of the sort so badly needed at the present time. We ask you to vote for Mr. Morrison's nomination on account of his party service, his sound statesmanship, his abilities as a debater and his wisdom as a political leader. Knowing him as we do, we believe he would make our State a great Governor, fair to capital, fair to labor; with his heart, soul and mind devoted to the happiness and prosperity of the whole people.

TO THE DEMOCRATIC VOTERS OF NORTH CAROLINA:

I publish the above statement of leading citizens in all walks in life from Mecklenburg and Richmond counties showing the esteem in which Hon. Cameron Morrison, candidate for Governor is held by his home people. I have tried since I have been here to prevent any untruths from being circulated on any candidate. There went out from the city of Raleigh a mass of untruths about Hon. Cameron Morrison on Saturday, June 12, 1920, which have been circulated all over Eastern North Carolina and elsewhere. These untruths were all scattered at the same time, and I heard they were to be scattered, and immediately I received word from all over the East and elsewhere that they had been scattered. They were scattered far and wide for an unholy purpose. Besides these untruths that have been broadcast over the East another diabolical untruth has been scattered, which is that some of the supporters of Hon. Cameron Morrison had a cartoon of Mr. Gardner going to the polls between two negro women. I have investigated this matter thoroughly and denounce it as a base untruth. They have gone so far as to try to insinuate and state that Mr. Morrison has changed his personal views on woman suffrage. No man has ever fought this issue stronger than Mr. Morrison, and they are now trying to misrepresent his personal views on this subject by reason of the fact that he is a party Democrat and stands on the platform of his party. I desire to state further that I have known the Hon. Cameron Morrison for thirty years. I desire to make a statement that is personal and I ask the indulgence of the public in doing this: My father was a brave Confederate soldier, was in Hoke's Division and was with Johnson's army when it surrendered at Greensboro, and commanded the Sharp Shooters in the defense of Fort Sumter in 1863. He served through the entire war, and was wounded several times, and I had six uncles of my name in the war. I was on the Democratic executive committee of the State from 1890 to 1901 and in the White Supremacy Legislature and voted and helped to save the East from negro domination, and know the great work Hon. Cameron Morrison did in redeeming the State. I have never scratched a Democratic ticket in my life, and have always voted and stood by the Democratic party, as my father did before me. Before I volunteered to help my friend, Hon. Cameron Morrison, I knew his life work, record and character and knew it was without reproach. Knowing his heroic life and his unselfish conduct in behalf of friends and even of foes, I was obsessed with the belief that he deserved this nomination and ought to be elected Governor of this great State. I have been here nearly three months, working 17 hours a day, Sunday excepted, in his behalf and will be here until sunset July 3. The West, as between Mr. Gardner and Mr. Morrison, has said in unmistakable language by their vote that they want Mr. Morrison for Governor of North Carolina. I call upon the East to ratify what the West has done, as it is the western turn for governorship, and vote for Mr. Morrison. I have tried to be conservative in my statements to the public. It was said by the opposition the night before the primary and numerous times before that they would win over Mr. Page and Mr. Morrison both in the first primary. It was scattered over the State that they had won by ten thousand majority, then the word came three thousand, then the county was made by that honest careful Election Board composed of both Democrats and Republicans, the chairman of which is Col. Wilson G. Lamb, a man of unimpeachable character, and showed that Mr. Morrison lead Mr. Gardner by 87 votes. Mr. Gardner has requested a second primary. I shall continue this fight on a high plane. I appeal to the supporters of Mr. Morrison to denounce the untruths, do it with forbearance and judgment. I think the general public will bear me out in saying that the predictions that I have heretofore made have been correct, and I desire to state now that 75 per cent at least of Hon. Robt. N. Page's supporters in North Carolina will vote for Mr. Morrison. People of North Carolina want a campaign on a high plane, worthy of a great State. I appeal to the supporters of Mr. Morrison and Mr. Page, as there can be no victory for Mr. Morrison without the Page support, and it will be a joint victory of Page and Morrison supporters to actively get into this fight and work until sunset July 3, and I make a prediction, as I did before, that Mr. Morrison would lead in the first primary—that he will be the next Governor of North Carolina. I call upon his followers over the State to quit their business and get into this fight, and be at the polls July 3, and see that this great Statesman and high-minded North Carolinian is elected Governor of this great Commonwealth. HERIOT CLARKSON, Manager.

toms examination, the trunks were stolen.

The American Red Cross has contributed to the clothing of a good many thousands of people in Rumania. Some of this clothing found its way to the shops. It is not uncommon to find women who have converted American army shirts into skirts, first dyeing them another color. Blankets have also been used for the making of cloaks and overcoats.

The American shoe is practically the only article to be found in the shops. These shoes sell at a price of \$4 to \$8, cheaper than in the United States. Prices of clothing have been increased about tenfold, as compared before the war. Women's dresses which formerly cost 200 leis or about \$35, now cost 2,000 leis.

The actors and actresses are still underpaid. Rumania's greatest comedy actress, Mme. Marie Giurgoa, receives 3,000 leis per month or half the price of an expensive dress. Music hall artists receive 20 to 50 leis a night.

ENJOYS HIS 3 MEALS A DAY

Mr. Wooten Thinks Much of ZIRON Because It Made Him His Old Self Again.

Sick people do not get much out of life. In order to enjoy your meals, to do your work well, you must be strong and healthy.

Pale, weak, nervous people frequently need iron to enrich their blood and to restore vitality to their system, and a good way to supply the iron is to follow the example of Mr. Clayton Wooten, of Scotland, Ga., who used Ziron Iron Tonic and gas this to say about it.

"I have taken Ziron according to directions and I can truthfully say that it is a fine tonic. It has made me all the good. Since I began taking it, I have gained eight pounds in weight and enjoy eating three meals a day. I shall do all I can to recommend Ziron."

Try Ziron! Your druggist sells Ziron on a guarantee to refund your money if the first bottle fails to benefit. You cannot lose anything, but very likely will gain much, by getting a bottle of Ziron, today!

BAD LUCK CAUSES GREENVILLE TEAM TO DROP ANOTHER

Pinetops Won Out Over Greenville in Eighth Inning Rally Yesterday; Score 5 to 4.

That old streak of hard luck which the boys have been talking about for the past several days trilled the Greenville baseball club to Pinetops yesterday evening, and as a sequence, Pinetops won from the visitors in one of the fastest games of the season by the score of 5 to 4. The game without a doubt was one of the best played on the Pinetops diamond this season for both clubs played hard and effectively in every inning and vied determinedly for the victory until the eighth frame when Pinetops succeeded in sending three runners across the rubber, deciding the contest in their favor.

Greenville made a splendid effort to send an additional runner down the home circuit in the ninth frame, but hard luck loomed upon the horizon again, preventing the accomplishment of any such feat at that late stage of the game. Pinetops, however, entertained some doubt about the final outcome of the inning and called Webb from the dugout to complete the disastrous ceremony for the visitors. He did, too, although Barnes hit a long drive that came near passing over the left fielder's head. Hard luck bobbed up again and the fielder nabbed the ball just in time to prevent the score being tied.

McElroy, a recent acquisition of the Pinetops' aggregation, appeared on the mound, and while he was hit hard at times, particularly in sixth and seventh frames, he managed to prevent any wholesale slaughter in the first and last frames. He pitched hard in pinches, and settled down in a determined way when the home plate was seriously threatened. He employed the spitball frequently, and it might be said, decidedly effective in the first part of the contest, but finding this too slow for the day it was abandoned for the sake of curves and speed. The entire team afforded splendid support and showed up in airtight form when the visitors showed a disposition towards scoring.

Barnes, for Greenville, pitched a mighty good game for the fourth to seventh inning, but in the second and third and the disastrous eight Pinetops discovered an opening in his delivery and made good of the advantage by getting nine safe bingles, including one three base hit and three doubles. The batting rally in the eighth frame saved the day, for at the time the score stood 4 to 2 in favor of the visitors, and consequently, the three additional runners changed the situation materially.

Greenville sent three runners over the rubber in the sixth inning when Wrenn singled; Ellis singled, Wrenn going to second; Duncan hit for two bases, scoring Wrenn; Sheppard hit through pitcher, Ellis scoring, Duncan later stealing home. The other tally was added in the seventh inning when Barnes lined the sphere out for a double; Stringfield hit for one base, scoring Barnes. Other runners were gotten on bases in the eighth frame, in fact Wrenn got as far as the home plate, but was tagged out.

Pinetops started its scoring in the second inning. Langley singled, Calvert later hitting for three bases, scoring Langley. In the third Gardner found his way clear for a double; Howard hit to short and by error got safe, Gardner going to third. Gardner scored on long drive to center field by Webb. The winning tallies were added in the eighth when McElroy hit to second, on wild throw safe, later being forced out at second, Gardner going to first; Webb was given base on balls; Rivald hit for two bases, scoring Gardner, Webb going to third, Langley hit for two bases, scoring Webb and Rivald.

TARBORO TAKES INITIAL CONTEST FROM HYPHENS

Tarboro, June 28.—Tarboro defeated the strong Scotland Neck-Hobgood aggregation here this evening by the score of 7 to 6 in a game featured by heavy hitting by both clubs, backed by splendid field work. Petway, for the visitors failed to show up in his usual form, for the locals found him for seventeen safe bingles, although many of these were well scattered and failed to be productive of runs. Scotland Neck also hit hard at times, getting of fourteen hits of Lulewlyn's delivery, which like Tarboro's, failed to result in runs. Both clubs played fast and consistently in the field, and made every opportunity for a run count. Batteries—Petway, Depew; Llewlyn, Morris.

WASHINGTON AGGREGATION DEFEATS WILLIAMSTON CLUB

Washington, June 28.—Washington took the first game of the series from Williamston here this evening by the score of 5 to 1. The game was fast and interesting in every frame, featuring in a number excellent plays and unusually good field work on the part of the locals. Clarke pitched and unusually splendid game for Washington, in fact, he allowed the visitors only two hits, and pitched well in pinches. Cox, for the visitors, appeared in pretty good form, but found it impossible to curb the batting spirit of the locals when runners were on bases. He yielded only six hits, but these were well bunched, and gotten in opportune parts of the game. Washington landed on the sphere for three home runs during the game, a record that stands out distinctly as a challenge to the entire league. Williamston made three errors during the contest, while the locals played in airtight form. Batteries—Cox, Carson; Clarke, McKeithan.
