

VILLA SURRENDERS TO HUERTA FACTION ON CENTRAL TERMS

Famous Bandit Leader Decides to Return to Private Life One More Time.

REBEL LEADER AND MEN ARE ON WAY TO TORREON

His Soldiers to be Mustered Out at that Place With Year's Pay.

Eagle Pass, Texas, July 28.—Francisco Villa, bandit idol of the Mexican people and for years a menace to governments of his country throughout Northern Mexico, is entrained tonight with his men for Torreón, there to take the first actual steps looking to his entrance once more to private Mexican citizenship, a consequence of his negotiations with the de la Huerta government, concluded at Sabins early today.

Advices reaching here from Sabins, which contain this information, told also the terms under which the bandit chief had agreed, in the words of General Eugenio Martínez, commander of the Torreón military zone and personal representative of the de la Huerta regime, to "submission to the de la Huerta government in recognition of its stability and his desire to retire to private life and abide by the laws of the government."

Under these terms, advices state, Villa is to be allowed a year's army pay for all his soldiers and permitted to go with them to Torreón under personal escort, where this condition of the terms will be effected. The band will number about 1,800, it is said. At Torreón the men are to be "mustered out" of Villa's service and each allotted a tract of land on which to engage in farming. Villa, too, it is said, has been given very pleasing financial guarantees.

General Martínez, communicating to Emiliano Tamez, Mexican consul at Eagle Pass, termed Villa's acceptance of the terms as "an act of patriotism."

All rumors of slaughter of Sabins policemen and mutilation of bodies of many women there yet lack confirmation.

Reports of the surrender of Francisco Villa, Mexican bandit and revolutionist, pleased business leaders here and in Juarez, Mexico, today. Opinions were expressed that Villa's surrender would do much to stabilize mining and industry in Chihuahua, the State in which Villa chiefly operated.

DAYTON BLAZING WITH COLORS IN READINESS FOR BIG CELEBRATION

Dayton, July 29.—The city is a blaze of colors today in preparation for the non-partisan home-coming celebration to be staged here tomorrow in honor of Governor Cox, Democratic nominee for the presidency. Cox today again set aside all other affairs except the composition of his acceptance address, hoping to finish it tomorrow.

FRANCE AND BRITAIN AGREE ON OIL MATTER

Washington, July 28.—France and Great Britain, according to information reaching Washington tonight from an authoritative source, have concluded an agreement in connection with oil supplies designed to secure international co-operation and to eliminate competition which might give rise to friction between them.

The provisions of the agreement, it is understood, extend to all countries where the oil interests of the two nations can be usefully united or might be in conflict. The agreement deals specifically with the French and British crown colonies and provides for co-operation in connection with commercial concessions to develop oil wells in Rumania, Asia Minor, Galicia and the territories of the old Russian empire. There also is a provision permitting extension to other countries by mutual consent.

MILITARY BAND TO FURNISH MUSIC AT PITT COUNTY FAIR

"North Carolina's Own Regiment Band Secured from the Government.

FIRST BAND TO PLAY IN EUROPE DURING WAR

Musical Program to be Co-ordinated With Regular Fair Programs.

The 28th Infantry "North Carolina's Own Regiment" Band will visit and furnish music for the Fair here this fall according to news received from the War Department through the District Army Recruiting Office at Greensboro today.

The program for their music will be co-ordinated with the program outlined by M. W. Price, secretary of the fair, and it is expected that the band will be a large drawing card for the fair inasmuch as it will be the first regular military band that has visited the city for this purpose and also because it is one of the star bands of the army. It consists of twenty-five pieces with practically every man a veteran of the famous First Division which was the first to land in France and the last to return home.

This band has the peculiar honor of having been the first American military band to play the Star Spangled Banner in Europe during the world war. (Continued on page eight.)

TELLS OF NATION STAND IN INTEREST WOUNDED SOLDIER

Ralph Fisher Says Country Has Learned Profitable Lesson in Great Work.

New York, July 29.—The lessons learned by the United States in its work of rehabilitation of soldier and sailor veterans of the war, if applied to the problems of the industrial cripple would mean not only the return to independence of these injured workers but an actual increase in the wealth of the nation of \$2,500,000,000 a year, according to Ralph T. Fisher, district vocational officer of the Federal Board for Vocational Education in the New York District in an address here today before the New York Rotary Club.

"In point of dollars," said Mr. Fisher, industrially crippled men means an increased productive value to the nation of amounts heretofore little understood. I believe we are easily within conservative estimates in saying that any seriously disabled man who can be vocationally rehabilitated will have his earning capacity increased by a total of at least \$12,500 for the remaining period of his life and that his increased productive value to the nation will easily reach \$50,000.

"The Federal Board for Vocational Education is just now gathering data on the subject, but if, for immediate estimates, we assume that not more than one-fifth of the permanently disabled require retraining, we would have 50,000 men a year to be trained. It is a simple matter of computation to see that if each retrained man returns \$50,000 in the remainder of his life the increment accruing to the wealth of the nation would amount to two and one-half billion dollars. This enormous figure, it must be remembered, is the estimated result of training those persons crippled in industry in one year."

GEORGE WHITE TO PUSH CAMPAIGN IN DEMOCRATIC FIGHT

Campaign Chairman to Meet Democratic Leaders in Washington City.

Washington, July 28.—Chairman George H. White, of the Democratic National committee, will arrive in Washington tomorrow morning for a conference with Democratic leaders preparatory to actually mapping out the details of the coming fight between the two big parties.

It is not known here today whether Mr. White, who has been in constant touch with Governor Cox for some days will see President Wilson on this trip or not but it is supposed that he will. There has been no announcement of a conference arranged between the two but the President knows Mr. White is coming and may ask him to call at the White House while he is here.

Such things as the war chest, the hand book for the coming campaign and the publicity drive, will be discussed by Mr. White with National leaders and members of the staff of the committee. From here, the new chairman will probably go to New York for a conference with New York Democrats. That part of the coming ninety days not spent in visiting strategic points, Mr. White will operate between here and New York where Democratic headquarters of some size will also be maintained.

LUDENDORFF OFFERS TO RAISE ARMY OF 1,500,000 TO FIGHT THE BOLSHEVIK

Paris, July 29.—General Ludendorff, it is reported, has offered to raise an army of 1,500,000 soldiers to fight the bolshevik in Russia in exchange for return to Germany of Posen and the annulment of certain clauses of the Versailles treaty.

J. B. KITTRELL CHIEF MARSHAL PITT CO. FAIR.

At a meeting of the Pitt County Fair officials held in this city last evening Mr. J. B. Kittrell was elected chief marshal, and he will select assistants from all sections of the county for the parade at the opening of the fair. During the fair two dances will be given, one of which will be a Marshal's Ball. The officials have written to decorators and will have a special decorator here to decorate, and it will be appreciated if all owners will decorate their buildings.

MISSIONARIES TO RESCUE RUINS OF PACIFIC TEMPLES

Ancient Lore of Tahiti to be Resurrected by Christians in District.

Papeete, Tahiti, July 29.—The ancient lore of Tahiti is to be resurrected and the ruins of the temples of the South Pacific Islanders, ordered destroyed a century ago by Christian missionaries, are to be uncovered by excavation. Efforts to gather the relics of a forgotten worship are being vigorously prosecuted here.

Interest centers upon the great central temple of Marae at Ateuru, on Tahiti island, where human sacrifices were offered to the blood-thirsty god of war, "Oro." So completely were the wishes of the missionaries carried out that nothing remains save traces of the foundations of this extensive temple. Excavations are expected to bring to light some interesting objects, which, it is hoped, will reveal the purposes and uses of this ancient structure.

Marae, while being the chief temple of Tahiti, was not the oldest or the most important in the islands. The temple at Opoa, traces of which still remain on the island of Raiatea, was the sacred center of religion in the eastern Pacific and not until a stone from this has been incorporated in the structure did the Marae temple on Tahiti become consecrated.

It was at Marae that Captain Cook witnessed the ceremonies of human sacrifices chronicled in his "Voyages."

COTTON STILL MAKING EXCELLENT PROGRESS

Washington, July 28.—With temperatures averaging close to normal in some sections while heavy local rains and deficient sunshine prevailed in others, cotton growth was variable, but condition fairly satisfactory for the week ending July 27, according to the national weather and crop bulletin made public today.

Cotton made very good to excellent growth during the week in South Carolina, western North Carolina, Georgia, Tennessee and most of Arkansas, Oklahoma and Texas, the bulletin said, while unfavorable weather slowed up growth in Florida, Alabama, parts of Mississippi and Louisiana. The crop was reported to be bolting and fruiting well in South Carolina.

JONES BILL MEETS WITH DISFAVOR IN SHIPPING CIRCLES

Act Characterized as "America's Bid for Shipping Supremacy.

DECLARED RETALIATORY AND DISCRIMINATORY

Writer in London Observer says War Has Aroused World Wide Jealousy.

London, July 29.—The Jones Bill, characterized as "America's bid for shipping supremacy," is denounced by the shipping expert of the Sunday Observer as "retaliatory and discriminatory."

He declares that the war has taught other nations the importance of owning a mercantile marine and that jealousy has been aroused throughout the world by the "ability and magnificence" of the British mercantile establishment. "In two countries," he asserts, "in particular, is a feeling of most bitter jealousy against our mercantile marine. These two countries are France and the United States."

The writer declares that there is nothing to which foreigners can object in the principal provisions of the Jones bill insofar as it is intended to co-ordinate the transport resources of the United States whether to ocean, coastwise or inland shipping, railways, ports and docks so as to form one immense (Continued on page eight.)

SEARCH CONTINUED FOR EUGENE LEROY IN TRUNK MYSTERY

Body of Dead Woman Positively Identified as the Wife of Leroy.

Detroit, Mich., July 28.—With the body found in a trunk in New York last Friday positively identified as that of Mrs. Eugene Leroy, police here were tonight awaiting further reports from various cities where men believed to be the husband of the slain woman have been taken into custody.

Authorities at Saltillo, Mexico, have been asked to confirm reports, that a man known as Oscar J. Fernandez had been located there. According to the detective bureau, this report held a possibility that the man wanted had been apprehended, their previous investigations having shown that "Eugene Leroy," "O. J. Wood," and "O. J. Fernandez" were names used by the husband of the dead woman in Detroit, Saginaw and New York.

A report from New Orleans was received tonight that a man answering the description of Leroy was believed by the police to be a stowaway on board the steamship Speedwell, which left here late Tuesday night en route to British Honduras.

GOV. MORROWS HELPS IN TAKING BURGLAR

New York, July 28.—Aroused by the scuffling of the guests of an adjoining room with an alleged burglar in the Waldorf-Astoria Hotel here today, Gov. Edwin P. Morrow of Kentucky, rushed from his room and helped overpower the intruder, who fought desperately to escape.

The alleged burglar was about to run into Governor Morrow's room when the Kentuckian appeared in his pajamas and grappled with the man, whom he turned over to the police.

The intruder, later identified as Peter Hermda, a discharged hotel employe, was held in \$5,000 bail for unlawful entry.

Reports from the country are that farmers are making fine crops of tobacco. That makes the outlook for good prices all the better.

COX REQUESTED TO HEAR STORY FROM SOUTHERN WOMEN

Rejection League Head Pleads for State Rights and Honor of Party.

SAYS SUFFRAGE PLANK IS INSULT TO WOMEN

Message to Governor Ask Hearing on Two Fundamentals of Party.

Nashville, Tenn., July 28.—Governor Cox was requested today to grant a hearing of the women of the South on questions of "state rights and party honor" in a telegram sent to the Democratic presidential nominee by the Southern Women's League for Rejection of the Susan B. Anthony amendment. It was signed by Mrs. James S. Pinckard, of Montgomery, Ala., president general of the league.

The message declares that the "ohme loving women of the South, who do not picket, card index or blackmail candidates, appeal to you as the leader of the Democratic party to grant a hearing, not a woman suffrage, which any state can adopt for itself without changing a comma of the Federal constitution, but on two fundamental Democratic principles, state rights and party honor."

The appeal was made, the message continued, because it was proposed to "bring about the political conscription of our womanhood and the destruction of Southern civilization by using federal patronage and party pressure to coerce the legislators of Tennessee into violating their solemn oaths of office and their state constitution."

Suffragists were boasting, the appeal said, that Governor Cox had sent secret agents into Tennessee, "not only to destroy state rights, but to urge legislators to dishonor their oaths of office."

The suffrage plank in the Democratic platform was declared to condemn the women of the South and the majority of the women of the country without a hearing and was characterized as a "stupid insult to the women of the South," implying a desire to "read out" of the Democratic party the entire South, because it opposed ratification of the suffrage amendment.

"Is the South to understand that the Democratic party, whose very existence is due to the loyalty of the South, now intends to treat with utter contempt those who have lifted it to power?" the appeal questioned.

ARMY OFFICERS MUST STAY CLEAR POLITICS

Washington, D. C., July 28.—Army and others connected with the military establishments are prohibited under an order issued by Secretary Baker today, from taking any "active part in political management or in political campaigns" or from "using their official position to influence the result of an election."

Secretary Baker said the order was not directed at Major-General Leonard Wood, who sought the nomination as the Republican candidate for president, and who since has promised his active support to Senator Harding. Mr. Baker explained that General Wood's activities in politics had been with his full knowledge and consent, and that the general position had been exceptional inasmuch as he was a candidate at the Chicago convention. He added that it was not the policy of the department to stand in the way of the people's choice of any official whom they might want for president.

MILITARY BAND TO FURNISH MUSIC AT PITT COUNTY FAIR

(Continued from page one.) which happened on June 27th, 1917, when the 25th infantry as a vanguard of the American Expeditionary Forces began to land at St. Naisaire, France. It was also the first American band to play as the American troops crossed the Armistice line at Verdun into Luxembourg. It was also the first band into Germany and across the Rhine, playing airs to the defeated Hun. The members of this band during the war served as stretcher bearers and infantrymen through five defensive sectors and through the offensive operations of Cantikney, Soissons, St. Mihiel, Muse Argonne and Sedan. It's service were indispensable in building up the morale of the regiment and particularly in soothing the nerves of the veterans in playing music to them when they came out of each of the above drives. Its leader, Mr. Tyler, has seen twenty-one years service in the United States army and his travels in the service as band leader have taken him around the world. He has directed band concerts in China, Japan, Honolulu, the Philippines, Guam, Cuba, France, Belgium, Germany and Italy. Practically all of the members of the band are musicians of travel and experience in foreign countries, particularly during the life of the American Expeditionary Forces and in addition to being a splendid band it also contains an up-to-date orchestra for inside work with as many pieces as are suitable to the occasion.

JONES BILL MEETS WITH DISFAVOR IN SHIPPING CIRCLES
(Continued from page one.) undertaking to force American export and import trade into the holds of American ships. He says, however, that some of the clauses of the bill were intended to be discriminatory against Great Britain and Japan. Among these he mentions those which authorize preferential treatment to American vessels in American ports. The insurance provisions of the bill, he says, impose the most drastic forms of returns, "which are based absolutely upon the methods of the German insurance companies, against which America herself protested so bitterly previous to her entry into the war. These have been devised admittedly for the purpose of turning every lot of business transacted by foreign companies with a view to passing the same on to American concerns. The object of course is that, having this information, the government may oust the American company entirely to assist British insurance. "In the same vein is the clause which waives in favor of American insurance companies the Sherman, anti-trust law. This is entirely on a par with the methods adopted by the Shipping Board during the war when it transpired the confidential information

GREENVILLE DROPS ONLY ONE GAME OF SERIES TO HYPHENS

Scotland Neck Champions Win Third Game of Series. Yesterday by Score of 4 to 2.

The Scotland Neck-Hobgood club turned the tables on Greenville at the fair grounds yesterday by taking the afternoon's contest by the score of 4 to 2. The game was possibly the fastest of the entire series as both clubs showed up in splendid form and contested every inning in a decidedly interesting way. Greenville had the game won by a 2 to 1 victory until the seventh inning when by a heavy batting rally the visitors succeeded in sending three runners over the rubber, deciding the contest in their favor. The locals contended stubbornly and insistently for victory after the definite lead in the seventh, but to no avail for Crumpler, the big hyphen southpaw, proved almost invincible and absolutely refused to yield anything in the shape of a hit after the second inning.

The work of both clubs in the field was of an exceptionally fine nature, but the fact that the locals were unable hit opportunely was more responsible for their downfall than any other feature connected with the game. Smith pitched winning ball, in fact, he had the visitors so completely puzzled that only three hits were gotten off his delivery until the seventh inning. The runners in this inning were held close to the bases, but four hits coupled with an unfortunate error at third in the first part of the inning placed the hyphens in a position to have sent a considerably greater number of runs over the rubber had not Smith tightened up and prevented any further hitting. The field work was everything that could be expected at the time, and for the entire game Dennehey and Duncan pulled down long drives that proved almost spectacular. Scotland Neck secured one run in the first inning by a two base drive by Left witch and singled by Kuyk. In the seventh inning Behrle errored on Leggett's drive to third; Sheppard singled, Crumpler singled; Kuyk singled, scoring Leggett; Pitt hit to short, scoring Sheppard. Leftwich lined the sphere out for one base, scoring Crumpler. In the eighth inning Minton hit for three bases, but failed to get any farther than the third corner.

Greenville did its scoring in the second inning. Massey lined one out for a single. Trust safely. Dennehey sacrificed. Massey and Trust scored when Crumpler threw the ball home, the catcher erroring, permitting both runners to cross the plate safely. By losing to the hyphens Greenville finds itself occupying the top rung with Washington. The two clubs are showing up faster than all others of the league and it is expected that the remainder of the season will be featured by hard work to gain a definite lead for the top.

Norfolk, July 29.—That the hatchet with which Thomas Apostolas of Norfolk, met his death in a Washington rooming house Sunday night was purchased from a local hardware store has been established by Detective Sergeant E. J. Kelly, of Washington in his investigation here. The hatchet was bought, by a man answering description of Jean Odiscus, one of the three victims of the triple murder. A clerk at the hardware store said a man visited the store last Friday and asked for a hatchet. Several were displayed for the man, a Greek and after examining them carefully he selected one and asked that the handle be sawed off. Detective Kelly left this morning for Greenville, N. C., where the Apostolas' sweetheart, Kathryn Odiscus, who also met her death in the triangle killing, is supposed to have resided. He will endeavor also to locate a second brother of the girl's Phillip Odiscus, who, according to police has been missing since the night of the tragedy.

SUNDAY NIGHT UNION SERVICES DURING MONTH OF AUGUST
According to announcement in this paper yesterday, the ministers of the town have arranged for union services to be held in the churches on Sunday nights during the month of August. Similar union services were held last summer, and the congregations of the different churches enjoyed them. The services will rotate among the different churches, each church holding its own Sunday morning service, but all closing at night except the one in which the union service is held. August is usually regarded as vacation month, and several of the local pastors as well many of the people will be out of town, hence it is well that the plan for Sunday night union services has been adopted.

WILLIAMSTON WINS TWO FROM PINETOPS

Williamston, July 28.—Williamston made it two straight from Pinetops by taking this afternoon's contest by the score of 3 to 0. The game was fast and determinedly contested from the first until the last inning, but the inability of the visitors to hit at opportune moments was more responsible for the loss of the game than any other single feature.

WASHINGTON WINS THREE FROM WILLIAMSTON

Washington, July 28.—Washington made it three straight from Tarboro by taking this afternoon's contest by the score of 3 to 2. The game was possibly faster and more closely contested than any of the series for the visitors played stubbornly and at the very last moment threatened to overcome the lead. Clark showed up in good form for Washington and by succeeding in keeping hits well scattered particularly in the last part of the game.

SEEK BROTHER OF THE SLAIN GREEK GIRL

Norfolk, July 29.—That the hatchet with which Thomas Apostolas of Norfolk, met his death in a Washington rooming house Sunday night was purchased from a local hardware store has been established by Detective Sergeant E. J. Kelly, of Washington in his investigation here.

The hatchet was bought, by a man answering description of Jean Odiscus, one of the three victims of the triple murder. A clerk at the hardware store said a man visited the store last Friday and asked for a hatchet. Several were displayed for the man, a Greek and after examining them carefully he selected one and asked that the handle be sawed off. Detective Kelly left this morning for Greenville, N. C., where the Apostolas' sweetheart, Kathryn Odiscus, who also met her death in the triangle killing, is supposed to have resided. He will endeavor also to locate a second brother of the girl's Phillip Odiscus, who, according to police has been missing since the night of the tragedy.
