

BIG EXPLOSION IS STILL A MYSTERY IN POLICE CIRCLES

Department of Justice and Police Still Without a Definite Clue.

ALEXANDER BRAILOVSKY HELD ON A CHARGE OF UNDESIRABLE ALIEN

Edward Fischer's Brother-in-Law Questioned in Regards to Fischer

New York, Sept. 20.—The September grand jury has convened to investigate the Wall street explosion today. Edwin F. Fischer, who it is said sent warnings of disaster, arrived from Canada for examination. Attorney General Palmer is expected to return today to resume personal charge of the investigation. The body of the last victim of the explosion has been identified as Elmer Wallace Reher, a young chauffeur, thus upsetting the theory that he might be an anarchist.

New York, Sept. 19.—Department of Justice agents and the police were still without a definite clue tonight to the identity of the person or persons responsible for Thursday's explosion in Wall street.

Alexander Brailovsky, a Russian journalist, who was arrested yesterday afternoon on information furnished by an anonymous correspondent and who admitted having been in the financial district a short time after the explosion occurred, is still being held without bail on a charge of being an undesirable alien.

William J. Flynn, chief of the bureau of investigation of the department of justice, declared tonight that he placed no special significance in Brailovsky's arrest, but said he was being questioned and held in conformance with the department's plan "not to overlook any bets," and to follow up all "leads" that may develop in the course of the investigation. No other charge or suggestion that Brailovsky is in any way personally responsible for the disaster has yet been made by the authorities. They announced, however, that he would be questioned further and an effort made to locate the three men with whom he was seen talking at Pine and Nassau streets less than an hour after the blast. He vehemently denies being implicated in the supposed plot.

The only other important development within the past twenty-four hours is the suggestion of Medical Examiner Morris that the sole remaining unidentified body, that of a blonde-haired boy about 19, may be that of the driver of the death-wagon, which was abandoned near the assay office just before the detonation took place and which is believed to have carried the time bomb that caused the disaster. Seven "identifications" of the body were made during the day, but all proved to be erroneous upon subsequent investigation.

A revised list of the dead tonight showed that 34 persons had lost their lives as a result of the explosion. Some of the previous lists made the total 33.

Robert A. Pope, brother-in-law of Edwin Fischer, who sent post card warnings of the disaster from Toronto to friends in the financial district, was questioned for nearly two hours today at the department of justice. Pope turned Fischer over to the authorities in Hamilton, Ont., where he is being detained pending his extradition to this city, where he would be questioned as to his knowledge of the blast. Chief Flynn would not disclose the nature of the investigation or say whether Pope had come voluntarily or in answer to a summons. Fischer, who already has been adjudged mentally incompetent by a lunacy commission in Hamilton, is expected here tomorrow.

Police investigations will question Fischer upon his arrival, department of justice agents said.

Everything is ready for the opening of the Pitt county fair tomorrow. Greenville is already full of people in readiness for the fair.

GENERAL WRANGEL'S SON

A late photograph of the son of General Wrangel, whom France has recognized as head of the de facto government of southern Russia, as opposed to the bolsheviks.

CARLO FERRETTI TO APPEAR HERE IN CONCERT FRIDAY

Famous Singer With World's Artists to Appear at White's Theatre.

It will be good news to music lovers to learn that Carlo Ferretti the popular Italian baritone will be heard again in this city on Friday night, September 24th, appearing at White's Theatre.

Mr. Ferretti, under the baton of Maestro Creatore last season proved the genuine sensation in Operatic circles. The World's Famous Artists Company were fortunate indeed in securing Mr. Ferretti under contract for an extended tour in America and Canada. There is no doubt but that Ferretti is the best Italian baritone today. He possesses not only a marvelous voice, but is a natural born actor as well. During the year of 1918 toured the Far East in concert and was acclaimed a great success. While in Yokohama the Japan Gazette has the following to say: "The splendid voice of Mr. Carlo Ferretti was heard to advantage in the well known prologue of Pagliacci. This lends itself to many different interpretations, leading to difference of opinion. But it is safe to say that such a voice which could so sonorously fill the great auditorium of the Imperial Theatre and yet express in piano passages the lightest and most sustained of tones, is the voice of a rare avis. We like his modesty, sincerity, and his generosity in encore and we were charmed by his singing, feeling that here is a true gifted artist."

HARDING GIVES VETERANS WELCOME TO HIS PORCH

Marion, O., Sept. 19.—Though it was the Sabbath, Senator Harding, Republican presidential candidate, received a front porch delegation today. But no speech was made and there were no flags, no banners, no bands.

The delegation was a hundred members of the Grand Army of the Republic from Akron, Ohio, who are en route to Indianapolis to attend the national encampment. They were headed by Emmett F. Taggart, Past Grand Commander for Ohio. The Senator and Mrs. Harding shook hands with each. Tomorrow, another delegation of about 600 veterans from northern Ohio points will stop here for a few hours. Senator Harding will address them.

NORTH CAROLINA MAN IS KILLED BY FLORIDA MAN

Seville, Fla., Sept. 19.—Lester Faircloth, of Uvalde, Ga., and Charley Edmonds of Chadbourn, N. C., were killed here this afternoon by Section Foreman J. B. Rainer, who claims he shot in defense of his family while a shooting affray was going on in front of his residence. Two of the men engaged in the shooting have been arrested at Crescent City while they were attempting to escape in an automobile.

DESPONDENT OVER TOBACCO, FARMER COMMITS SUICIDE

Body of Joe Brannan Found in Tobacco Barn Where He Cured Tobacco.

STOPPED IN ATTEMPT TO TURN TOBACCO BARN BY THREATS OF WIFE

Personal Difficulties and the Collapse of Market Causes of Tragedy.

Raleigh, Sept. 19.—Despondent over the collapse of the tobacco market and with personal difficulties with a man with whom he had worked his crop over the matter of placing it on the market, Joe Brannan, a farmer living near Wendell, took his own life sometime between Friday at midday and yesterday afternoon, according to information reaching the city last night.

The body was found in the tobacco barn where he had cured the crop of tobacco over which he was worrying. There was a bullet hole in the right side of his head, just behind the ear. In his hand was grasped a pistol, with one chamber empty. The pistol is said to have belonged to him, and it was in his pocket Friday afternoon when he was last seen.

On Friday, according to the story, Brannan threatened to burn up the tobacco, which was stored in a pack house, and then take his own life. So fixed was his determination to die that he was last seen.

DECLARES CHILEAN EARTHQUAKE WAS HELP FOR SCIENCE

Count Montessus de Ballore Says Great Disturbance Was Happy Event.

Santiago, Sept. 20.—The seismic disturbance which visited central Chile and a part of western Argentina in the latter part of last month—the most violent the 1906 earthquake when Valparaiso was partly destroyed with great loss of life—was a "happy event" from a scientific point of view, according to Count Montessus de Ballore, director of the Chilean Seismological observatory, located near here. Explaining this, he says:

"For the last 18 months there has been complete seismic tranquility and we know that an undisturbed condition prepares disasters in countries subject to such phenomena. The frequent rumblings correspond to what may be called 'small coin' earthquakes. When no quakes are produced for a long period the effort is accumulated until it breaks out violently as the forces succeed in crushing the elastic resistance of the terrestrial strata."

The Count says if the "quiet condition" had continued much longer—one or two years—the danger would have been far greater, but now "according to all probabilities, we will return to a state of normal seismic activity instead of a menacing calm." Faint shocks are felt here frequently. There was no loss of life and the material damage in Santiago and Valparaiso was confined largely to cracked walls and skylights, destruction of glassware in some of the stores and cracking of a glass dome on the palace of fine arts in Santiago.

12 EXTRA GUARDS PATROL ROADS NEAR ROCKEFELLER EST.

Tarrytown, New York, Sept. 20.—Twelve extra guards armed with rifles patrolled roads adjoining the estate of John D. Rockefeller during the night. No statement is available regarding the village gossip of a threatening letter being received by the oil magnate. Two boys reported that strange men were inquiring about Rockefeller's home.

CLAIM CONDITIONS ON RESERVE BOARD CAUSE BAD MARKET

Hosiery and Underwear Manufacturers Send Warning to Dry Goods Association

DECLARES THAT NUMBER OF SMALLER MILLS ARE ON VERGE OF DISASTER

Bitter Attack Made on the Federal Reserve Board by Mr. A. McDowell

Chattanooga, Tenn., Sept. 19.—Blaming the Federal Reserve Board for the present unbalanced conditions of the commodity markets, the southwestern division of the National Association of Hosiery and Underwear Manufacturers which closed its convention here yesterday, sent a communication to the Southern Wholesale Dry Goods Association warning it to take immediate action in order to prevent the "very institution that was established to prevent ruin and disaster from taking the leadership in a policy that can have no other end."

Questionnaires which had been submitted to the textile men of the southwest and which were answered showed that a vast majority of the textile manufacturers are receiving no new orders at satisfactory prices; that practically all old orders have been filled; that less than 12 per cent of the output of the knitting industry is being sold, that the percentage of knitting and looping (Continued on page eight.)

FOREIGNERS NOW ENJOY PROSPERITY IN TURKISH CITIES

Business Men Have Found Turkey to be a Most Profitable Field.

Constantinople, Sept. 20.—Foreigners or so-called foreigners, are enjoying great commercial prosperity in Turkish cities, especially in Constantinople. Turkish officials have been easily corrupted. Business men who were not too scrupulous in their methods have found Turkey a profitable field.

In spite of all the propaganda which has been circulated about the appropriation of Christian property by Mohammedans, the stubborn fact remains that Greeks and Armenians own a disproportionate part of the best business property on the prominent streets in Constantinople and many of them have been more successful at war profiteering than Turks.

The leading hotel of Constantinople is owned by a Greek who made a great fortune selling supplies to the German army. He has invested his money in hotels in various parts of Europe. The Constantinople hotel cost him \$300,000 a year ago. In a single year the hotel has paid for itself. He charges \$8 a day for a small single room without bath and the cost of meals is in proportion. The only other hotel run on European lines is owned by an Armenian, and his prices are equally high.

Turkish officials are not permitted to regulate prices. The Germans it when they were in control of Constantinople. But the extant high commissions make little attempt to check profiteering because such efforts only intensify the friction which exists between the various missions.

CONSUMPTION OF LIQUOR SMALLEST IN MANY YEARS

Washington, D. C., Sept. 20.—Consumption of wines and liquors in the United States last year was the smallest since 1870, being nine and seven-tenths hundredths gallons per capita against twenty two and seventy-nine hundredths in 1911, the commerce department has announced.

Daniel Willard, president of the Baltimore & Ohio railroad, thinks that the billion-and-a-half-dollar increase in rates granted the railroads will eventually lower the cost of living despite increased charges to shippers.

REGRETS AMERICA HAS REFUSED HIM BUSINESS RELATION

Soviet Emissary Regrets No Business Contracts to be Placed in America.

Copenhagen, Sept. 20.—Professor Lomonosoff, who is in charge of Russian soviet government railway contracts, has told The Associated Press correspondent "that he is disappointed because the United States government has barred him from going to America to arrange business contracts."

The professor showed the correspondent a contract signed by the German locomotive trust comprising all leading German locomotive builders, including the Krupp firm, for the delivery of 2,000 German locomotives within 18 months, the amount involved being about 5,000,000,000 marks.

"I very much regret having been unable to place this order in America," the soviet emissary said. "I have lived there for years; I was always a firm believer in the mutual interests of the two countries and had hoped to initiate business relations between them. The United States government has forbidden the export to Russia of American locomotives on the plea that they are war material. I have orders for 2,000 more locomotives which I want to place in America, if only America will take the business."

Answering a question whether the delivery of the German locomotives would not mean an invasion of Russia by a small army of German technicians, Lomonosoff said: "No. Russia is fully capable of supplying her own needs in that respect. We have all kinds of technical experts. Since the Polish invasion, the whole of Russia's intelligentsia has wholeheartedly joined the soviet government forces."

Professor Lomonosoff said he was going to Stockholm to inspect a number of Swedish locomotives which are ready for delivery.

Since the signing of the Russo-Swedish contract for the delivery of 1,000 locomotives to Russia, practically no Scandinavian firm has done any business with Russia. Several firms have even cancelled their contracts on some plea or other. The Scandinavian attitude is strengthened by the recent decision of a large American banking firm which, first apparently eager to enter the Russian field, has now finally to have no transactions whatever with soviet Russia.

TROPICAL DISTURBANCE OFF YUCATAN CHANNEL

Washington, Sept. 19.—The Weather Bureau in a warning issued today said vessels in or bound for Yucatan channel or the Northwest Caribbean Sea were threatened with "dangerous conditions" by a tropical storm. The bulletin of the bureau said: "Tropical disturbances central this morning in latitude 18 and longitude 85 and moving slowly north and north-westward towards Yucatan channel. Apparently of considerable intensity. Vessels in or bound for Yucatan channel and the northwest Caribbean Sea run risk of dangerous conditions."

DIXIE FLYERS WILL GIVE EXHIBITIONS FIRST DAY OF FAIR

Will Give One of Most Daring Performances Ever Given in the South.

THREE RACES WILL TAKE PLACE ON THE OPENING DAY OF COUNTY FAIR

Friday Will be Featured by Fox Race Will Be of Usual Interest.

The first Pitt County Fair to be held on the new fair grounds will open tomorrow. Preparations have been underway for quite awhile and every thing is in readiness for the opening. Tomorrow morning at 11 o'clock the parade will take place, in which many beautiful floats will be in evidence. Immediately after the parade Hon. F. C. Harding will address the large crowds at the fair grounds. The special feature of the afternoon will be three big races, with purses of \$400 each, to the winner. These races will be full of interest as some of the fastest horses in the country will participate. This in itself should be sufficient to attract thousands to the fair grounds. At 2 o'clock the Dixie Flyers in their big aeroplane will give one of the most daring performances ever given in the south when they will, at a height of thousands of feet from the earth, walk out on the wings of their huge plane and do many wonderful stunts. The Dixie Flyers are considered without an equal in the flying world, and the people who visit the fair on tomorrow will be given a real treat by these flyers.

The program for the entire week is splendid and full of interesting things, but perhaps one of the most interesting events will be the fox race which is scheduled to take place next Friday morning at 10:30 o'clock. The fox has already been caught and at the above stated hour will be put on the fair grounds. A purse containing \$50 will be given to the dog which succeeds in capturing him. The promoters of the fair are confident that this will attract wide attention, as it is something out of the ordinary, and all men love fox races.

Everything necessary to make a fair a success has been completed and the midway which is composed of one of the best shows on the road, is getting in readiness today, so they will be ready by the opening tomorrow. The decorators have already arrived and are decorating the fair grounds and also the city. The fair promises to be one of the best in the state. The price of admission will be 75 cents for adults and 35 for children, all children under fifteen will be admitted free on the opening date.

TO THOSE WHO ARE TO TAKE PART IN THE PARADE

Chief Marshal J. B. Kittrell announced today that the parade on tomorrow, the opening day of the Pitt County Fair, would start from the court house promptly at 11 o'clock. He wishes for all to tend to have floats and will the parade, to be at the court house not later than ten o'clock of march has not yet decided upon, but down several ant streets in the city begins promptly at eleven those not there at that time will be too late.

MAYOR McSWINEY ISSUES STATEMENT TO IRISH PEOPLE

London, Sept. 26.—Mayor McSwiney writes a message to the Irish people throughout the world saying that if his cold blooded murder is pushed through it will leave a stain on the name of England which nothing will ever efface. If you do not find The Reflector representative at the fair grounds, call by the office down town and get a subscription receipt.

submitted to the county board of elections for Pitt county for the establishment of a voting precinct at Grifton for the convenience of the voters who reside within the territory outlined below:

"The line of said voting precinct to begin on Contentnea Creek in Ayden township, being the corner between the lands of W. L. McLawhorn and Mark Atton and running in a northerly direction with said line to the road in Ayden and line of Swift Creek township, eading from Hanrahan's to Rountree's church, thence down said road in an easterly direction to Hanrahan's crossing and line of Swift Creek township, thence in a northerly direction up said road with the line of Swift Creek township to Garris Crossing on Swift Creek, thence down the run of Swift Creek until you reach Craven county line near Gardner's Bridge, thence with the Craven county line and Swift Creek township to Neuse river; thence up the river to Contentnea Creek thence up Contentnea Creek to the beginning."

The county board of elections will give a hearing in the court house in Greenville next Monday, September 20, 1920, at 10 A. M. for the purpose of determining whether or not this precinct shall be established. All voters interested for or against the creation of this precinct are urgently requested to be present.

American Business Firms in Argentina Depot Resolution Against Uncle Sam DECLARE HEAVY TAXES IS PROVING OBSTACLE IN FOREIGN COMMERCE Assessments Have Already Caused Many American Firms to Change Identity

Buenos Aires, Sept. 18.—Protest against the assessment of the United States income and excess profits tax upon American citizens and business firms residing and operating abroad is voiced in a resolution adopted by the Chamber of Commerce of the United States in Argentina and sent to the government at Washington. Amendment to the law is asked on the ground that it is proving an obstacle to the development and extension of United States foreign commerce.

Collection of the tax not only increases the heavy expenses of American residing abroad, but constitutes a serious handicap to them in trade competition, the resolution states, since no such tax is collected from the nationals of other countries. It is further pointed out that American citizens and business houses must pay heavy taxes levied by the country in which they are located and are thus taxed twice without representation either in the government of that country or their own.

Already the assessment of the excess profits and income tax has caused many American interests operating abroad to change their identity by organizing as concerns of the countries where they conduct business it is asserted, "thus causing a serious loss to the prestige of American commerce in foreign markets."

DECLARES POSTAL SERVICE MUST BE ABOLISHED IN ROME

Member of Italian Cabinet Charges that Present Service is Demoralized.

Rome, Sept. 18.—Complaint that the government postal and telegraph service is poor is crystallized in a statement by Professor Ugo Ancona, member of the recent Italian cabinet, who declared that the Ministry of Posts and Telegraphs must be abolished and organized anew. The Professor suggests also that subsidiary branches of the Ministry, except the savings banks, be given over to private enterprise, declaring that it is impossible to go on as things now are.

Professor Ancona charges that the Ministry is a hopeless "maid of all work" which tries to operate the postal service, telegraphs, telephones, savings banks, loans and national lotteries and that it does all of these services poorly. The public is rapidly learning to send parcels by private firms since of those confined to the state more than 20 percent do not arrive, while 30 percent of those received are without their contents, says the Professor. He charges also that the Ministry of Posts is enormously overstaffed with about 60,000 employees, some of whom are "terribly underpaid," and that both discipline and organization are sadly wanting.

THE DOT DRAWING CLASS

"The mothers ever stop to think of the first time they saw their children's faces? Now here of you came to school and I have drawn on the board and tonight I want you to take the script 'F' and see how you can draw it." (19)

MONDAY, SEPT. 20, 1920.

While they are no longer novelties, the aeroplane at the fair grounds is attracting much attention and gets many passengers to take their first flight.

Revaluation of property in this state may be decidedly oppressive to the poor, as opponents like to claim, but it's a kind of oppression that seems to be meeting with more than general approval.

No fear about the American woman denying herself the privilege of the vote when there is any public question of importance at hand. That would be strictly against the policy of even the careless, and fortunately, there are very few of them.

Senator Harding need not worry about the hyphenated citizenship in this country. The thing to worry about now are the principles set forth so carelessly by the Republican platform.

The Bolsheviks plan to make "bolshivism" supreme in many of the most prominent countries of the world. But it really looks like they had better continue to confine their efforts to Russia alone, which at this time appears to follow a more sane kind of government.

Governor Cox continues to win the approval of people in every section of the country, and if there were ever any doubt about his success this has probably been abandoned now that he has been received in a such a happy vein everywhere. The campaign is rapidly shaping itself into the form of the greatest in this country, and this fact alone brings one to the conclusion that the Democratic victory will be greater than ever. They have demanded the attention of the entire world for the past several years. In fact, other nations have recognized no other party, therefore, it is believable this fact alone will play a big part in the final success to attend the campaign.

The parade at the opening of the Pitt county fair tomorrow morning promises to be an imposing and impressive pageant, and as the spirit of thrift and progressiveness of Pitt county people will be represented in the many floats and features, it is safe to say that it will prove of more than ordinary interest to the thousands of people flocking the streets. The day will truly be an eventful one to the country; one that will open up greater possibilities for the future. The county fair in every section is instructive and does much towards establishing more direct intercourse between representative people from other localities, and for that reason it is up to the people of towns in which the fairs are to be held to do everything possible to make the visitors feel at home and leave with the impression that the latch string always hangs on the outside.

An idea of how the recent Pitt County Fair edition of The Reflector was received by people elsewhere, and the interest it awakens in as well as the impression given of Greenville and Pitt county, is well set out in the following comment by the States' leading newspaper, The Charlotte Observer, which says:

The Pitt County Fair is going on at Greenville this week and it has received a specially fine bit of advertising through a "souvenir edition" of The Greenville Reflector and which is altogether one of the most elaborate editions of any paper published in the State. A town and county that could justify so fine a newspaper as The Reflector's "fair edition," is surely capable of putting on a model county fair.

Greenville expects to entertain thousands of visitors following the opening accommodations for taking care of the large crowds, there is every reason to believe that no one will go away displeased in the slightest. The fair is the first to be conducted in the county in a number of years, and it is safe to say everything will be done to make it an auspicious one, particularly by the Greenville people. The exposition is devoted to the advancement and interest of people of the entire country, therefore, those who remain away will be doing themselves a direct injustice. The occasion promises to live up to the reputation established by the third largest bright leaf market in the world, and those who fail to attend will miss many features both entertaining and educative.

The way Raleigh women turned out to vote in the special school bond election assures the doubtful that North Carolina women are not the kind to remain in the background when they have been given the same privilege of the man. It is probable that the vote in the national election will be similar to that in Raleigh all over the country, for now that the women have truly been enfranchised and feel that they are lawfully accorded the right to vote there will be only a slight few to fail to take advantage of the opportunity. Of course, there will be quite a number of doubtful ones, but after suffrage really shown its effect in public life, it is a safe bet that all will fall in line and clean up the political atmosphere in a particularly pleasing and effective way.

Governor Cox has promised his best in the interest of education if elected, and as he is the kind of man to back up his statements it is certain that he will gain a decidedly large majority in the coming election than one would suspect. Education is receiving possibly greater attention in this county today than ever before, and with a man at the government's helm doing everything possible to advance the cause there is every reason to think that the future would be decidedly brighter than if there were another in his place with visions of the future clouded by the glory of financial development. The future demands that the country have an educational president to take the place of the present great statement and firm supporter of education, and if Governor Cox is chosen, as there is every indication he will be, there is nothing at all to worry about.

This is a good time to talk to the people through the advertising columns of The Reflector.

POLAND AND LITHUNIA TO SUSPEND HOSTILITIES

Paris, Sept. 20.—Poland and Lithuania have agreed to suspend hostilities pending an inquiry and decisions of issues at stake by the council the league of nations it was announced today.

M. FOX HELD IN CONNECTION WITH TRUNK MYSTERY

Montevideo, Sept. 20.—Morris Fox is detained here suspected with being Eugene Leroy charged with the murder of the Detroit trunk victim. If he is not Leroy he will be released, it is announced.

REGULAR AUCTIONEER ARRIVED

Mr. W. R. Herndon, regular auctioneer for the Star, arrived this morning and it will be a treat to those that have not heard him to take a run down and hear him for as we see it he one of the best ever heard in Greenville.

Mrs. W. P. Shambart returned last night from a visit to Ohio and Tennessee where she has been spending some time.

Rev. C. C. Ware, state secretary of the Christian missionary society, was in the city yesterday evening and while here was the guest of Dr. Shambart and took part in the services last evening at the Christian church.

KEHUHEE ASSOCIATION MEETS AT BRIERY SWAMP

The Kehuhee Primitive Baptist Association, embraces the northeastern section of North Carolina and the bordering section of Virginia, will meet with Briery Swamp church in Pitt county, October 2nd, 3rd and 4th. The association meet with the same church about ten years ago with a very large attendance, and it is expected that fully as many will be present at the coming meeting. The people of that section, noted for their hospitality, are making every preparation to entertain all delegates and visitors.

The church at which the association meets is located about an equal distance one mile, both from Stokes and Whichard on the Washington branch of the A. C. L. railroad. The delegates will be met at both these stations and conveyed to assigned homes in the community. It is requested that those coming to the association by train will divide, about half leaving the train at each station, Stokes and Whichard.

NATIONAL RECOGNITION GIVE TO FIRE PREVENTION

Raleigh, Sept. 20.—President John G. Gamber of Illinois, of the Fire Marshal's Association of America acting under direction of the executive committee of the association, of which Fire Marshal James B. Young of North Carolina is a member, made a successful trip to Washington to impress President Wilson with the importance of giving national recognition of Fire Prevention day. In consequence, the President broke a precedent again, and issued a proclamation requesting all governors of States to do likewise, and make October 9th a day of general action and study to prevent the prevalence of fires, accidents and deaths therefrom.

Many states have for several years observed this date, it having been settled upon by agreement among Fire Prevention organizations, state and national. As usual, North Carolina leads in this organized popular fire prevention work. As far back as 1915, the general assembly enacted a law, declaring October 9th, fire prevention day, directing the governor, "to issue a proclamation urging the people to a proper observance of the said day." The law also directs that the insurance commissioner "shall bring the day and its observance to the attention of the officials of the municipalities, state, and especially to the firemen, and where possible arrange suitable programs to be followed in its observance."

The first fire prevention proclamation was issued by Governor Craig, and when Governor Bickett's proclamation appears this year, it the fourth one he has promulgated.

NEW VOTING PRECINCT HAS BEEN ESTABLISHED IN GRIFTON

The county board of elections met here this morning and established a new voting precinct. This precinct will be established at Grifton and will be for the convenience of the voters who live within that territory.

NEW MEMBERS ADDED TO LIST OF DEMOCRATIC SPEAKERS

CLAIM CONDITIONS ON RESERVE BOARD CAUSE BAD MARKET

(Continued from page one.)
 as compared with normal production is 60 per cent, and that there is an over-production in most lines of hosiery.

The textile manufacturers charge that these conditions have been brought about by the Federal Reserve Board's attitude in forcing liquidation and deflation by a systematic program of propaganda. As a result, it is declared, hundreds of the smaller mills of the country are on the verge of disaster and the larger and most solvent manufacturers face an embarrassing situation.

In order that the American manufacturers may go after foreign trade, the association adopted tentative plans submitted by a committee for the organization of a co-operative export department, operative under the Webb Act, by which the manufacturers will be able to handle the foreign trade collectively.

A bitter attack made upon the policy of the Federal Reserve Board in a letter written by A. McDowell, mill operator of Scotland Neck, N. C., to Governor W. P. G. Harding was made a part of the records of the association meeting here.

McDowell accuses the board of failing in its intended purposes of protecting the business interests of the country and with aiding "powerful financial machines in their policy of destruction."

DESPONDENT OVER TOBACCO, FARMER COMMITS SUICIDE

(Continued from page one.)
 both himself and the tobacco that he made preparation to fire the pack house. He had placed kindling under it and was preparing to light the fire when his wife threw herself in the door and declared that if he burned the house, he would burn her with it.

He went away and was not seen any more until his body was found yesterday afternoon. Search was made for him Friday night and again yesterday. The searching party looked in the tobacco barn on both occasions, but did not find him there. Going back a third time yesterday afternoon, he was found lying on the dirt floor dead. Apparently he had been dead for some time. He was wearing his shoes Friday when last seen, but when the body was found, the shoes were missing.

Surviving are Brennan's second wife and four children. He was 42 years old, and was well known in the community. He tended the crop of tobacco this year on shares with the owner of the land, Ivan Narron. It is understood that Brennan wanted to sell the tobacco for any price and give up the hope of any improvement in the market

Narron wanted to hold the tobacco, and the difference of opinion led to some personal differences between the men, it is said.

DOROTHY DALTON PARAMOUNT STAR IN "HALF HOUR"

Popular Ince Favorite Makes Stellar Debut in Big Paramount Picture.

Dorothy Dalton, for several years one of the leading stars of Thomas H. Ince, makes her debut as a stellar light of the Famous Players-Lasky Corporation in Sir James M. Barrie's "Half Hour," a Paramount photoplay, which will be shown at White's Theatre. Henceforth she is to be starred exclusively in Paramount productions and some of the best stories obtainable have been purchased for her use.

Miss Dalton's rise in pictures has been steady until today she is one of the greatest favorites with motion picture audiences. Persuading her father to send her to dramatic school instead of in pursuit of a legal career as he preferred, she began her stage experience in support of Virginia Harned in stock and later played ingenue roles with Hart Conway and Wright Huntington. This was followed by several seasons in vaudeville in her own act. With such a foundation, it is no wonder that her rise was rapid after she became a member of Thomas H. Ince's company.

Her versatility on the screen has displayed in such pictures as "The Price Mark," "Love Me," "The Flame of the Yukon," "The Dark Mirror," "The Market of Souls," "L'Apache," "His Wife's Friend," and many others.

As Lady Lillian in "Half an Hour," she is an aristocratic young wife and she unquestionably adds another character achievement to her repertoire. Others in the cast include Charles Richman, Frank Lossee and Albert Barrett.

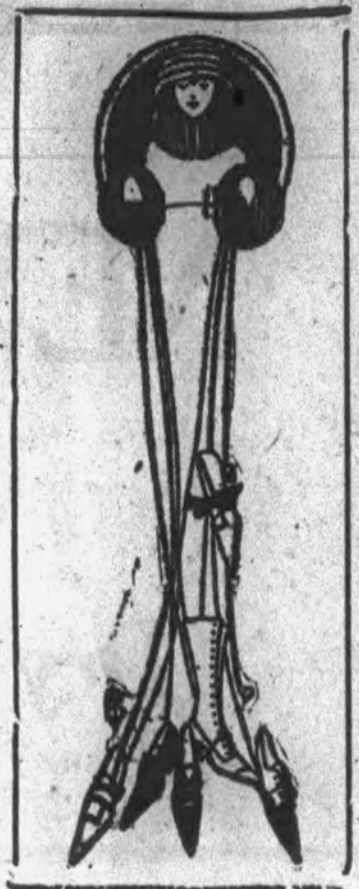

MEMBERS 81ST. DIVISION HOLD REUNION IN COLUMBUS

Columbus, Sept. 20.—Hundreds of former members of the 81st division began a two-days reunion here today. Tomorrow they will visit Camp Jackson where they were organized.

ALEXANDER BRAILOVSKY IS RELEASED FROM JAIL TODAY

New York, Sept. 20.—Fischer reiterated the statement that premonition warned him of the explosion and that the union powers communicated with him. Police authorities had released Alexander Brailovsky a Russian journalist who was detained.

LAND PURCHASE BY UNKNOWN AMERICAN STOPPED TODAY

Buenos Aires, Sept. 20.—A purchase of sixty-four hundred square miles of public lands in the Santiago and Del Astro province by an unnamed American was stopped on orders of the minister of the interior. The area was larger than the state of Connecticut.

Gentry & Gorman

We note one of the warehouses advising that you sell your common tobacco. We think this bad advice, as at present there is only one buyer on the market for these common grades. The present prices on them will not more than pay cost of getting these grades ready for market and pay warehouse charges; so you surely do not get any money to pay your debts. You had much better work for someone else by the day, and if like this, competitor states "the common tobacco will get lower" you can at least put it back on your land, this certainly would help the prices on the prices on the better grades and you will have been paid for your labor.

We believe with easier money, or the improvement in Foreign Exchange that all grades will go much higher. If you want to get money to pay your debts, there is nothing to do at this time but sell some of your better tobacco; you certainly can not pay any debts out of a sale of common tobacco at the present prices.

Tobacco with body, where the colors are not mixed is selling fairly well as you will see by the sales we are making.

We advise selling slowly, spreading out your sales, as we believe money will get easier and when it does all grades will be higher. Gormans has 3rd sale Tuesday, 2nd Wednesday, 1st Thursday.
