

TAFT WILL HARDLY DESERT HIS PARTY ON LEAGUE ISSUES

Correspondence Was Published Simply to Clear Wilson of Charges.

ADOPTED SUGGESTIONS ADVANCED BY SEVERAL REPUBLICAN LEADERS

Former President Feels Grateful for Honor of Presidential Laurels.

Washington, Oct. 11.—People in Washington who intimately know ex-President Taft have not expected that he would desert Harding under any conceivable circumstances.

Taft advised industriously in the negotiating of the treaty. He accepted Article Ten. He saw no objection to it. The President was anxious to get his views and to adopt them so far as he could as well as the views of Charles E. Hughes, and Elihu Root, and the correspondence has been published to clear Mr. Wilson before the American people of the Republican charge that the covenant and treaty is a Wilson-made document.

It is reported here that some of Mr. Taft's friends have asked him how it was that he could aid the President at Paris in framing a league of nations covenant and endorsing that covenant in its entirety and then follow the candidate of his party who repudiated the covenant.

If Mr. Taft is correctly reported, the exception here referred to was the late Colonel Roosevelt and that episode is beyond doubt the most painful memory in Mr. Taft's career.

SINN FEINERS KILL SOLDIER AND WOUND THREE IN CONFLICT

Cork, Oct. 12.—Sinn Fein attacks on military at Lorry today resulted in the death of one soldier and the wounding of three others at Darlinderry. Two constables were shot to death and three others badly wounded when Sinn Feiners ambushed a police automobile.

MAN THROWS BABIES IN RIVER FOLLOWING USE OF CHOLOFORM

Lansing, Mich., Oct. 12.—Earl Roop, farmer near here, yesterday chloroformed his two daughters, aged two and three years, and buried their bodies in a river bed a short distance from the home. He later surrendered to the sheriff. His wife was ill in bed with a six day old son. Despondency is given as reason for the act.

CHAMPIONSHIP OF NEW YORK RACES TO BE ANNOUNCED

Champions of Horse Races to be Decided Upon at Kleinworth Course.

New York, Oct. 12.—Regardless of weather and track conditions the equine championship of America will be decided tomorrow afternoon at the Kenilworth Park race-course, Windsor, Canada. Man O'War, the greatest three-year-old of the year and Sir Barton, the best four-year-old now in training, will meet in a match race at one mile and a quarter at weight for age.

These two great thoroughbreds will race for the biggest stake ever given for a race in Amerl. Chief owner Orpen of the Kenilworth track is giving a purse of \$75,000 and in addition a \$5,000 gold cup.

Samuel D. Riddle, of Philadelphia, who owns Man O'War, Commander J. K. L. Ross, of Canada, Sir Barton's owner and A. M. Orpen representing the Kenilworth Jockey Club, met at the Havre de Grace race track in the stand during the race while the Kenilworth Jockey Club will have Francis Nelson representing it. Mr. Nelson was specially appointed steward by the Canadian Racing Association.

This match has been talked of for month by followers of racing both in Canada and the United States and several times it was thought that a three cornered race between these two great colts and Exterminator, a five-year-old gelding owned by Willis Sharpe Kilmer of Binghamton, N. Y., would be arranged. Mr. Kilmer, however, desired a distance of a mile and a half or over and the triangular race was abandoned.

Considerable disappointment was felt among the followers of racing in the United States that such an event could not be secured for any of the New York Maryland or Kentucky tracks. The liberality of the Canadian promoter Orpen rather staggered those who were bidding for the race for American tracks and the plum went to Kenilworth. There is no side wager between the owners of the two horses on the outcome of today's race, the only stipulation being "winner takes all."

GOVERNOR COX PLANS TO SPEAK ON LEAGUE ISSUES IN ILLINOIS

Peoria, Oct. 12.—Governor Cox returned to Illinois today following one of the most enthusiastic meetings of campaign at St. Louis last night. Later today the governor will cross into Indiana. The league of nations will again be the topic of his address on this trip.

Mr. C. D. McKinney, of Raleigh, is in Greenville today, on business.

COX SCORES LODGE IN ADDRESS BEFORE INDIANA AUDIENCE

Tells of Correspondence Between Wilson and Taft About the League.

EXPLAINS MEMORANDUM PRESERVED BY WILSON AT THE WHITE HOUSE

Said It Merely Containedables While League Was Being Drafted.

Terre Haute, Ind., Oct. 12.—(Cox About 1,500)—Cable correspondence between President Wilson and former President Taft in 1919, during drafting of the League of Nations covenant at Paris, was made public here tonight by Governor Cox, of Ohio, democratic presidential candidate, together with a statement by the candidate criticizing severely Senator Lodge, of Massachusetts, and other league opponents.

Mr. Taft, the correspondence detailed sought and had cable communication with President Wilson, submitting numerous suggestions for changes in the tentative league draft and advising the President regarding its presentation to the Senate.

Governor Cox's statement, issued prior to his departure to make addresses tomorrow at Springfield and East St. Louis, Ill., and St. Louis, Missouri, said that he published the Taft-Wilson correspondence—a White House memorandum—because of "the equivocal position ex-President Taft and other friends of the League now occupy in their support of the candidate of the league destructionists. The correspondence, Governor Cox said, "initiated by him (Mr. Taft) as a result of his study of the draft agreement," and quoted Mr. Taft's "own words when sincerity of mind and intelligence were not beclouded by the partisan prejudice of"

PRESENTS REPORT OF SHIPPING BOARD ACTIVITY FOR YEAR

Vessels Carried Over 15,379, 254 Tons of Imports Throughout Year.

New York, Oct. 12.—Vessels of the United States Shipping Board carried 13,379,234 tons of export merchandise and 7,236,168 tons of imports during the fiscal year ended June 30 last, according to a statement of Shipping Board activities made public here today. The cargo carried, the report states, constituted 30 percent of the county's export business and 27 percent of the imports, the percentages being fixed on the return of the total foreign commerce of the United States for the fiscal year.

The business of the Shipping Board was handled through 49 American ports New York ranking first with 23.2 percent of the exports and 36.6 percent of the imports, or 27.9 percent of the total business. Baltimore and Philadelphia ranked second, each with 10 percent and New Orleans third with 7.6 percent.

The north Atlantic district, including 11 ports from Baltimore north, handled nearly 48 percent of the export business and 58 percent of the imports; the south Atlantic district handled 19 percent of the combined exports and imports and the gulf district 10.7 percent. The Pacific division handled 11 percent.

Exports were forwarded to 20 foreign trade regions, 19 of which returned imports, Iceland being the exception. Included among the imports handled were 1,730,733 tons of crude petroleum, constituting 24 percent of the total import business.

BEGIN ACTIVITY ON BIG HUDSON RIVER TUNNEL DURING DAY

Construction of Turned Under River to Jersey City Begins in Earnest

CONGESTED FERRY AT NEW YORK AND JERSEY PRODUCES TROUBLE

New Tunnell Will Relieve Traffic Blockades on All Line, It is Believed.

New York, Oct. 12.—Construction of a vehicular tunnel under the Hudson River between New York and Jersey City starts today with the breaking of ground for one of the tube's big airshafts. State, county and municipal officials from both invited to participate in the ceremonies in Manhattan this afternoon.

Engineers expect to complete the structure by 1924. The cost, estimated at \$29,000,000, is to be borne equally by the two states. Shore works, including shafts and approaches, will require 18 months to construct, after which actual work of boring under the river is to begin.

Continued congestion at the ferries between New York and New Jersey prompts the belief of tunnel engineers that 5,600,000 motor and horse-drawn conveyances will use the tube in 1924, with traffic showing a steady increase, reaching an annual figure of 22,000,000 vehicles by 1943. Tolls based on the ferry rates will be levied for 20 years to pay for the tube, and then it would be free for the use of all.

Four driveways, two in each direction, will be provided. A sidewalk, two feet in width, also is planned. The tunnel, comprising twin cast-iron tubes with an external diameter of 29 feet, will be six feet wider than the Pennsylvania Railroad tubes under the Hudson East rivers.

MUTT AND JEFF TO PLAY GREENVILLE TOMORROW NIGHT

Musical Comedy Company Scheduled White's Theatre for One Night.

That mischievous but ever-beloved pair of adventurers, Mutt and Jeff are at it again this season. By that assertion we infer that they will entertain us once more with a brand new entertainment entitled, Mutt and Jeff at the Races. From all accounts this is the merriest vehicle the famous Bud Fisher comics have had in many seasons which is certainly saying a good deal. In their latest mirth provoker they figure in numerous adventures which carry them to different locales much to the discomfort of Little Jeff who as usual gets, the worst of it. But then as you know Mutt and Jeff are real friends and pals despite what outsiders may think or do. The offering which is undeniably to hold the boards at theatre commencing Wednesday 13th is in three acts and contains as fine a mixture of tuneful melodies, surprises, features, and novelties as their countless admirers and friends would expect them to be surrounded with. Besides, let it be chronicled, their stage discoverer and sponsor, Manager Gus Hill, has engaged a fine supporting company and in addition supplied a scenic investiture of more than passing merit.

SOCIETIES EXTEND WELCOME TO NEW STUDENTS OF YEAR

Training School Societies Entertain in Honor of New Arrivals.

Societies of the Training School had a delightful social entertainment for the new girls on Saturday evening. This was for the purpose of giving the glad hand of welcome to the new girls before they are connected with either one society or the other, thus encouraging good inter-society feeling.

The last year girls were the hostesses. Miss Helen Bohannon, chairman of the Inter-Society Committee, had charge of the social. The new girls were divided according to their birthdays, those of each month having a hostess in charge. These were divided into three groups, one going to the third floor, one to the second, and the other remaining on the first. On each floor were different forms of entertainment. On the third floor were the active games, on the second the quiet games, as the first, and fortune-telling, and on the first, a musical program was rendered. Each group progressed so that before the evening was over each girl had been on every floor.

The initiation of the new members into the societies will take place at the next meeting.

NEGRO KILLED IN INITIAL CAMPAIGN OF NIGHT RIDERS

Negro Guard Found Shot to Death at Cotton Gin Near England, Arkansas.

ADDITIONAL THREATS AGAINST GIN OWNERS POSTED OVER COUNTRY

Number of Ginning Plants Under Heavy Guards for Protection.

Washington, Oct. 11.—First bloodshed in connection with widespread efforts of night riders to keep cotton off the market until the staple is bringing forty cents a pound was reported yesterday from England, Arkansas. Nora Canada, a negro, employed as guard at a gin on the plantation of Thomas W. Steele where a warning had been received to discontinue operations, was found shot to death.

The heaviest loss sustained since the night riders campaign began is reported from Cameron, Texas, where the compress and warehouses of the Cameron Compress Company, and 7,000 bales of cotton were burned Sunday morning. The flames destroyed property valued at \$1,000,000. Some officials believe the fire was of incendiary origin and the authorities are investigating a report that an automobile driven at high speed was seen to leave the vicinity just before the flames were discovered.

Two additional cotton fires were reported in Texas Monday. The platform of the Farmers' Union Warehouse at Rockdale was discovered in flames, but the fire, was extinguished. Several bales of cotton were reported destroyed in a fire at Thorndale.

State Fire Marshal Williams, who has been investigating fires in the northern part of Alabama, reported to Governor Kilby that the fire which destroyed a store at Hanceville last week was of incendiary origin, but that the destruction of a gin in Morgan county and another in Cullman county was accidental.

Gins in Moulton, Ala., were idle yesterday after the operators had discovered warnings posted on them sometime Sunday night ordering them to close until cotton brought forty cents a pound and cotton seed \$40 a ton.

Every gin in Calhoun county, Alabama was posted Sunday night. The warning resulted in the calling of a mass meeting of the county branch of the American Cotton Association to discuss methods for protection. The warnings in this case was signed "Committee of One Hundred."

Gin in Dallas and surrounding counties in Georgia have been posted and Sheriff Baggett, of Douglas county, has offered a reward of \$3000 for the arrest of the guilty persons. No gins have been destroyed in Georgia thus far.

Warnings appeared on a gin in a new section of South Carolina yesterday. Governor Cooper has been advised that a gin near Bishopville, in Lee county, had been ordered to close.

# SERVICE

---

Today the progressive business house realizes that its success is dependent upon the progress and welfare of the community which it serves

Success in business is service, and success means to give as well as to take. Efficient merchandising, therefore, intends to give as well as to take.

A store of high character, therefore, that serves its community from a standpoint of service must naturally give to its customers reductions in prices in keeping with the decline of the market.

Our prices have been materially reduced for the past thirty days and it will be the aim and policy of this business to continue further reductions from time to time in order to co-operate with our friends and render--SERVICE.

To visit our store in Ayden is to really know the big way in which this idea is being developed. It consists of:

- To Render Efficient Service
  - To Offer Only the Best Merchandise
  - To Maintain Right Prices
  - One price to all

## NAMES OF OFFICERS TO BE ENROLLED IN PROMINENT CLUBS

**Names of 4,500 Officers to be  
National Memorial in  
New York City**

New York, Oct. 11.—The names of more than 4,500 commissioned officers who paid the supreme sacrifice in the world war will be enrolled in the national memorial clubhouse to be erected here for living officers. Of this number New York City will be represented by the names of at least 335 commissioned men.

The club, of which Rear-Admiral Bradley A. Fiske is president, used the casualty report of the American Expeditionary Force as a nucleus for compilation of the list of officers dead but through correspondence with governors, state adjutant generals, clubs, lodges, business concerns and next of kin the list of 3,500 officer dead as officially announced in Washington in December 1919 has been supplemented by approximately 1,000 names.

Believing that other names are missing and desiring to make the club list the most complete and authentic on record Rear-Admiral Fiske has requested relatives and friends of organization, 261 Madison Avenue.

Civil and military records of each of the enrolled dead officers with other data, including copies of citations, general orders, photographs and memorial books will be preserved in the archives of the new clubhouse.

The main feature of the building will be a memorial court or hall with bronze paneled walls where the names of the dead will be engraved. Records of those who won the Distinguished Service Medal for exceptional acts of bravery will be engraved directly under their names "in order that future generations may find inspiration in the valiant deeds of the past," it was announced.

While the building will stand as an enduring monument to the heroic dead the club has determined that the memorial can best serve the interest of the nation by its usefulness as a home for officers and as a "rallying center for all forms of patriotic activity." Consequently the building will provide comfortable quarters for officers who visit New York.

Four committees sponsoring the movement to build the memorial are headed by Major General Leonard Wood, Rear-Admiral William S. Sims, Henry P. Davison, former head of the American Red Cross and Mrs. Cornelius Vanderbilt, wife of Brigadier General Vanderbilt.

The design of the building will be selected from competitive drawings submitted by leading architects of the country. The committee on design includes Charles Dana Gibson, Edwin Howland Blashfield, Benjamin Morris and Henry Bacon, the latter being designer of the Lincoln Memorial at Washington, D. C.

EXCESS WOOL PRODUCTS

Distribution of excess profits made by dealers who handled the wool clip in 1918 under regulations of the war industries board is being made by the United States department of agriculture to some 100,000 wool growers, it was announced today.

Some of the dealers who accumulated excess profits have failed or refused so far to refund the entire amount, and the bureau is at work auditing the books of some, interviewing others, and corresponding with still others, in order to bring about final settlements.

There was laid upon the Bureau of Markets the duty of securing and auditing the reports of 178 distributing center dealers and over 4,500 country dealers.

of this made a large amount of work for the bureau, and necessitated considerable correspondence, as well as some travel, since it was necessary to get in touch with dealers all over the United States.

Also, many dealers did not dispose of all their 1918 wool until well along in 1919, and could not make final reports until this was done.

GIVING VICTOR MEDALS.

Victory Medals are being applied for so slowly by ex-service men that Major General P. C. Harris, The Adjutant General of the army, has notified the officers in charge of the distribution to make the utmost effort to reach all who deserve it.

It is no more difficult to make out a form for the Victory Medal, announces General Harris, "than it is to fill out a money order blank.

It will prevent the medals from falling into the wrong hands. The Government's gift is a work of art, not a trifle, and has intrinsic as well as sentimental value.

The ex-service man has only to apply at the nearest army post or recruiting officer in his home town, or through any patriotic society, such as the American Legion or the Veterans of Foreign Wars.

For service in the United States 117,104 medals have been issued to date, and 79,962 for service in foreign countries.

tion between members and non-members in the Victory Medal distribution. There are also special blanks for the next of kin, in order that the relatives may obtain the decorations for those who were killed in action, or who died in line of duty.

**YEARNING.**

(After reading a volume of sailor chanteys)  
I want to hear the sea wind whistling through the mast;  
A strong wind and a wild wind and a gale that follows fast.  
I want to see the white-caps that smash upon the shore,  
And leave the lubbers safe in bed and ride the storm once more!

I want to see the white stars that guide me through the foam;  
The lone stars, the straggling stars and the little stars of home.  
I'm longing for the dream world that only seamen find.  
Give me a sturdy ship, to leave the sorrows of earth behind.

I want to see the far lands that lie beyond the sun;  
The mad lands, the good lands, where love and I are one.  
I'm wishful for the seamen, to hear the tunes they sing—  
So I can write a nautical song and not this kind of thing!

**RECEPTION IMMANUEL CHURCH IN HONOR OF E. C. T. S. GIRLS**

(Contributed)

An enjoyable evening was the verdict of visitor and church member attending the reception in honor of the young ladies of the Training school at the Immanuel church last night. Old fashioned games were played, refreshments served, and every one made to feel at home. An automobile ride was one of the very pleasant features of the evening's pleasures. Several cars were commissioned (the drivers responded with old-time ability and spirit) and every young lady was shown the sights of our city.

The Immanuel church joins the other churches of the city in extending a cordial welcome to the young women of the Training School.

## RU-BER-OLD ROOFING

The name Ru-ber-old stands for more than a ready-roofing—it stands for roofing service. The materials that go to make it have been carefully selected and tested by men who have had more than twenty-five years experience in the manufacture of prepared roofings. It has been, and still is, their ambition to make Ru-ber-old the best roofing that can be bought at any price.

It is true that Ru-ber-old costs a little more than other ready-roofings but thousands of men who

have used it will tell you that it is worth more than it will cost and that, actually, it saves its cost per year's service. It is the most economical roofing investment that you could make.

Forget about the old-fashioned kind of service. You can give your buildings the best service with Ru-ber-old.

## REPUBLICANS FAIL TO DISTORT FACTS AGAINST CAMPAIGN

Cold Blooded Misrepresentation Without Parallel in This Territory.

### GIGANTIC CONSPIRACY TO SUPPRESS FACTS IN SWAY THRUOUT AMERICA

Washington, Oct. 10.—It is believed that in cold blooded misrepresentation, vilification, distortion and suppression of truth the present campaign is without a parallel in the entire history of American politics. Democrats from every section of the North and West who come to Washington are charging that the Republican managers and the Republican press have entered into a gigantic conspiracy to prevent the American people from getting the other side of the campaign. Wherever misrepresentation cannot be practiced outright misconstruction and misrepresentation are resorted to. The most notable example at this moment is the controversy raised by the charge of Senator Spencer of Missouri that the President at the eighth plenary session of the peace conference said to Premier Bratianu of Rumania:

"You must not forget that it is for which is the final guarantee of peace. If the world is again troubled the United States will send to this side of the ocean its army and its fleet."

President Wilson denied ever having made such a statement as soon as he saw the report in the press. The Republican Senator from Missouri being branded by the President of the United States with having told a falsehood, retorted that he got the statement from Senator Reed's speech on the floor of the Senate. The President then replied that he would leave the question of

veracity between the Senator and himself to be settled by the voters of Missouri. He said this because he had no copy of his speech before the peace conference whose eight session was held in secret.

But it now appears that the official American stenographer, who made a copy of the President's speech on that occasion saw the report of the speech of Senator Spencer. The stenographer's name is F. A. Carlson, and he resides at 1101 Ashland Block, Chicago. Mr. Carlson immediately consulted his shorthand notes to see if he could find any such language as the Republican Senator charged the President with having uttered.

Mr. Carlson translated his notes and sent his report of what the President actually did say to the President's official stenographer at the White House. That report will be given to the public in the afternoon papers tomorrow. Only one or two statements can be made in advance concerning that report. When it was received at the White House and carefully scanned there was an exclamation of joy. Secretary Tamm told the newspaper men he hoped not a minute would be lost in giving it to the public and other officials there said that it would completely refute the charge made by Senator Spencer.

### MORTGAGEE'S SALE OF LAND.

North Carolina, Pitt County.

By virtue of power vested in me as assignee of that mortgage that was executed to D. G. Sermons by E. A. Everett on the 1st day of January, 1916, and which is duly recorded in the Pitt County Registry in Book D-11, at page 206, I shall sell for cash at public auction, to the highest bidder, at the court house door in the Town of Greenville, on Monday, the 25th day of October, 1920, at twelve o'clock noon, the following described parcel of real estate, lying and situated in the County of Pitt, in the State of North Carolina, to-wit:

Being the Western half of that tract of land lying in the Piney Pocosin, and beginning at a short tag pine, formerly Ben Evans' corner, near the mouth of Great Island; running with Ben Evans' line to Tom Adams' line; thence with said Adams' line to a short

tag pine, Adams' corner; in the Piney Pocosin; then to Charles Smith line; then with his line South to the beginning, the whole tract containing 100 acres more or less, and the western half thereof containing 50 acres; for further description see Book A-A, at page 463, and Book R-6, page 50. ## STATEMENTS SHOW WILSON FACED ALL PARIS OPPOSITION

Governor Cox Says President  
Met Republican Objection

**in Framing Covenant**  
Springfield, Ill., Oct. 10.—Cable correspondence between President Wilson and former President Taft in 1919, during drafting of the League of Nations covenant at Paris, was made public after last night's address by Governor Cox of Ohio, Democratic Presidential candidate, together with a statement by the candidate criticizing severely Senator Lodge of Massachusetts and other League opponents.

Mr. Taft, the correspondence detailed, sought and had cable communication with President Wilson, submitting numerous suggestions for changes in the tentative League draft and advising the President regarding its presentation to the senate.

Governor Cox, who is scheduled to make addresses here and at East St. Louis, Ill., and St. Louis, Mo., tomorrow, said he published the Taft-Wilson correspondence—a White House memorandum because of the "equivocal position of ex-President Taft and other friends of the League now occupy in their support of the candidate of the League destructionists.

The correspondence, said Gov. was initiated by (Mr. Taft as a result of his study of the draft agreement." And quoted Mr. Taft's "own words when sincerity of mind and intelligence were not belodded by the partisan prejudice of a political campaign."

The White House memorandum, containing some of the cables exchanged by President Wilson and Mr. Taft stated that in "every instance" the President followed Mr. Taft's suggestions. Governor Cox's statement declared that "every suggestion of Mr. Taft was followed literally". The correspondence indicated that Mr. Taft's suggestions dealt principally with the protecting the Monroe Doctrine and dealing with American domestic questions, withdrawal from League, unanimous League decisions and disarmament. The correspondence made public contained two cablegrams from the President to Mr. Taft and several from Mr. Taft to the executive, including one in which A. Lawrence Lowell, president of Harvard University, joined.

The White House memorandum quoted at length League amendments to show adoption of Mr. Taft's suggestions.

The final cablegram from Mr. Taft sent to Secretary Tumulty and forwarded the President, as given in published correspondence, was dated June 28, 1919, just before the President returned to present the treaty to the Senate. It read:

"I would like to send a return message and that is that the president agrees to the league and its necessity; the impossibility to secure peace without it, the dreadful unrest in Europe, the pressure of our allies to ratify and secure peace at once, the need of the League with the United States to stabilize and to resist bolshevism, the necessity for renewal of negotiation if an important amendment like striking out Article Ten is made, the absurdity of a congressional declaration of peace on one side, the giving up of all objects of the war in such a peace if Germany were to make a similar declaration. I hope sincerely he will not attack the Republican Senators. His appeal will be much more influential if he pleads his cause and does not attack the opposition."

## COX SCORES LODGE IN ADDRESS BEFORE INDIANA AUDIENCE

(Continued from page one.)  
 a political campaign.  
 The White House memorandum, containing of the cables exchanged by President Wilson and Mr. Taft stated, that in "every instance" the President followed Mr. Taft's suggestions, and Governor Cox's statement declared that "every suggestion of Mr. Taft was followed literally." The correspondence indicated that Mr. Taft's suggestions dealt principally with protecting the Monroe Doctrine, and dealing with American domestic questions, withdrawal from the League, unanimous league decisions and disarmament. The correspondence made public contained two cablegrams from the President to Mr. Taft and several from Mr. Taft to the executive, including one in which A Lawrence Lowell, president of Harvard University joined.

The White House memorandum quoted at length league amendments to show adoption of Mr. Taft's suggestions.

## BEGIN ACTIVITY ON BIG HUDSON RIVER TUNNEL DURING DAY

(Continued from page one.)  
 Traffic blockades, now common on ferries, would be precluded by providing at each end of the tube derrick-equipped trucks to tow stalled automobiles in tow. Three driveways in each direction will be furnished on the approaches, because slight inclines there are expected to slow down the movement of the vehicular queues.

Ventilation to rid the tunnel of carbon monoxide gases from automobile exhausts will be furnished by four large shafts and also by an air duct under the roadway and an exhaust above. Smoky vehicles circulate poisonous gas freely in closed places, but chemists working on the tunnel ventilation system estimate that at the highest point of saturation there will be only 3 1-2 parts of carbon monoxide to 10,000 parts of air in the tube. It requires 8 parts of the gas to 10,000 parts of air, they figured, to give a man a headache.

# Gentry & Gorman

The sales are likely to block again today. Gormans has close to half of what is in town. Prices are irregular but show stronger on all grades than last week. We look for lighter sales the balance of the week or until there is rain enough to stop the picking of cotton. We believe prices will continue to improve if the tobacco is sold slowly.
