

URGES RAISING OF FUND FOR PRINTING ISSUES OF LEAGUE

Governor Cox Appeals to Friends of League to Graciously Demand for Covenant Declares People Are Asking for Facts As to Campaign's Issue

Logansport, Ind., Oct. 14.—Gov. Cox, of Ohio, while touring Indiana today is sued a statement urging friends of the League of Nations to gather a fund for printing the covenant.

The statement said in part: "I am making this appeal to the friends of peace in every community in America to establish at once a fund sufficient to print enough copies of the league covenant to take care of the demands for it."

"Everywhere we go, people are asking for it. They want the facts, and they resent the methods adopted to deny them the facts. In many instances newspapers can be induced to print the document. Wherever possible this spirit of helpfulness should be taken advantage of."

Governor Cox gave his view upon the League of Nations and a variety of other subjects today at a number of rallies at Indiana county seats. Court-house lawns were mostly the candidates forums, and Hoosier Democrats with flags, badges, brass bands and automobiles were out in force for what the governor termed his "town meeting."

He was asked numerous campaign hateroquoas etoin hrltu shrdlu rddd questions. Besides national issues, Governor Cox urged election of Thomas Taggart Democratic candidate for United States Senator from Indiana, who shared audiences with the Governor. Other Indiana Democratic candidates also spoke and accompanied the Governor's special train.

Reiterating that the league was "a pledge to the American soldiers and their mothers to make war impossible," Governor Cox emphasized league arguments and again charged Senator Harding, his Republican opponent, with vacillating. He also repeated that Senator Harding was the candidate of the "Senatorial Oligarchy" and "a reactionary who has fought every progressive movement for twenty years."

"How can you expect a government responsive to the people," the governor asked, "if you elect the candidate of the Senatorial Oligarchy?"

Governor Cox asked his audiences to act with a partisan spirit and as Americans, reiterating that he had no quarrel with the rank and file of the Republicans, but only with the "Senatorial Oligarchy." He charged again that there was a "conspiracy of silence" against the Democratic cause in the Republican press and the Republican officials' campaign book in failing to print the league covenant.

COUNTRY'S SCHOOLS FACED BY SERIOUS TEACHER SHORTAGE

Nineteen One-Room Schools Without Teachers; Situation Very Acute

The teacher situation in Pitt county continues very acute, particularly with reference to the one-room schools. Nineteen of them are yet without teachers on the eve of the opening date. There are some other vacancies, mostly in two-room schools. The number of vacancies has decreased only slightly in the last two weeks, resignations having kept pace with acceptances.

The County Board of Education, the local committees and the county superintendent are using heroic measures to cope with the situation. Newspaper advertisements, teachers' agencies, telegrams and letters without number have been resorted to, but the outlook is not encouraging. It looks very much as if some of the schools will not be able to open.

In the main the larger schools have adequate teaching forces and the use of trucks has relieved the situation to some extent, but there is grave danger yet that some of the children of the county will be unable to attend school for lack of teachers.

GYPSIES PLAYING BIG PART IN COMMERCIAL LIFE OF ROUMANIA

Bucharest, Oct. 14.—Of the dozens of different peoples in Rumania, none is more picturesque than the Gypsies. Like their prototype in America, they rove the country in great caravans, earning stray pennies by begging, dancing, playing and telling fortunes. In the cities they sometimes earn their "bread and onions" by shining shoes, peddling lemonade or acting as porters.

The high cost of living which has drawn tight the strings of every purse has brought double hardships to these wanderers. No matter how well they play their violins, no matter what good fortune they in the stars for those about them, they find it hard to coax pennies from the empty pockets of the war-oppressed Rumanian people. Many of them have starved to death.

Among the Gypsy women and girls are to be found some striking types of beauty. Dark of complexion and hair, with shining, long-lashed black eyes, they are a delight to look upon. They have not yet acquired the art of using cosmetics as their sister in the United States do.

DISCUSS CONDITION OF AFFAIR BETWEEN JAPS AND AMERICA

Leading Japanese Politicians Give Views as to California Situation.

DECLARES AMERICA'S ATTITUDE MAY CREATE RACIAL PREJUDICES

Admiral Cato and Marquis Okuma Say Situation Is Serious Indeed.

Tokio, Oct. 14.—Leading Japanese politicians and business men have expressed their views on the relations between America and Japan in statements published in newspapers or magazines here in connection with the visit of the American congressional party.

Both Marquis Okuma, formerly Premier, and one of the most revered of the Japanese statesmen, and Viscount Kato, formerly Minister of Foreign Affairs and president of the Ken-seikai or Opposition party, assert that the anti-Japanese movement in California is a question of racial prejudice. Statements by both are published in the Tokio Asahi.

Marquis Okuma described the California situation as "one of the most knotty tangles that the United States and Japan will have to unravel. It can be traced to racial prejudice combined with economic jealousy," he said. "Exclusion of the Japanese settlers is insisted on because they are quick at saving money or in developing their business, with the result that the American finds it difficult to compete."

NINE MEN WILL BE LED TO GALLOWS IN STATE OF ILLINOIS

Largest Number of Men to be Executed in State in Several Years.

Chicago, Oct. 14.—Nine men will be led to the gallows in the Cook county jail in the 48 hours of October 14 and 15.

The largest number executed at any one time heretofore was four, who were hanged Nov. 11, 1886, for participation in the Haymarket riots.

Fourteen men were to have been executed Oct. 14 and 15, eight on the 14 and six the following day, but five of them have obtained writs of superseas and appealed to the supreme court.

The seven condemned men to hang October 14 are: John Henry Reese. On the night of Dec. 5, 1919, he murdered his wife Mary with a hatchet when she is said to have confessed her love for another man. After dismembering the body, Reese buried it in a lot near his home.

Nicholas Viana, Thomas Ericco and Frank Campione, all convicted for the murder of Andrew P. Bowman, on June 24, 1919 and held by police to be members of a "murder trust," against which were charged six murders and more than fifty holdups.

Sam Cardinelli who was called by police the head of this group of murderers was to have been hanged tomorrow but obtained a writ of superseas staying execution.

Antonio Lopez, Sam Ferrera and Joe Costanzo, sentenced for the murder of Antonio Varchetto, who was killed while resisting robbery also are to be hanged tomorrow.

On October 15, these two are set down for execution.

Arthur E. Haensel—Former service man who shot and killed his wife, Cecilia, Feb. 4, 1919, when, on returning from service, he questioned her fidelity.

BARCELONA READY TO PRESENT WORLD WITH UNUSUAL FAIR

Catalonia to Undertake Greatest Exposition Ever Held Anywhere.

ELECTRICAL FEATURES TO BE IMPORTANT PART OF GREAT ATTRACTION

Government Allots Ground for Opening of Country's Big Venture.

Barcelona, Oct. 14.—Catalonia has undertaken to present to the world's approval one of the most extensive and comprehensive expositions ever held and although it is not to open until 1924 advanced. Under the supervision of General Rubio, an engineer officer the preparation already are far recently retired from the Spanish army, the slopes of Monjuich are being transformed from an arid waste into an artistically laid out garden in the center of which the exposition buildings are being constructed.

The official title of the exposition is to be the International Exposition of Electrical Industries and the General Spanish Exposition. The ground allotted by the government for the purposes of the exposition is 270 acres in extent, and if necessary 220 acres will be added, this depending on the amount of space asked for by exhibitors. Up to the present arrangements have been made for the erection of buildings covering a space of 2,200,000 square feet, and the architects have finished the plans and begun the erection of

JAPAN PLANS FOR GREATER ACTIVITY THROUGH REPUBLIC

Diplomatic Relations to be Resumed With Venezuela Territory.

Tokio, Oct. 14.—Diplomatic relations between the Republic of Venezuela and the Empire of Japan may be established in the very near future, if the mission of H. Perez Dupuy, envoy extraordinary from Venezuela to Tokio, is successful. Mr. Dupuy has, for several days past, been negotiating with the Japanese foreign office to that end and feels sure of the ultimate success of his mission.

"Venezuela seeks more customers for her products," said Mr. Dupuy. Her bankers and business men realize that more customers will make sounder business. Her products, iron, gold, copper, tobacco, long fiber cotton, sugar, cocoa, coffee, oil and frozen meats, will doubtless some of them be saleable in Japan, and in return, Venezuela can buy rice, wheat, toys, porcelain and other goods from this country.

The newly subsidized steamship lines which Japan is today promoting to improve and encourage Japanese shipping probably will call at LaGuavira, the principal seaport of Venezuela.

HOOVER SAYS APEX OF HIGH COST LIVING HAS BEEN REACHED

Topeka, Kansas, Oct. 14.—The apex of the high cost of living has been reached in America and from now on prices will undergo downward along lines of readjustment, Herbert Hoover, declared in an address here today. He said labor's wages need not come down with living cost if labor increases in production.

MAXWELL TO OPEN CAMPAIGN FIGHT IN THIS CITY TONIGHT

Corporation Commissioner to Discuss Democratic Issues at Court House

Mr. A. J. Maxwell, chairman of the State Corporation Commission, of Raleigh, N. C., will address the Democratic voters of this section, tonight at 8 o'clock in the court house. Mr. Maxwell has an interesting message for those interested in the revaluation act which was recently enacted in this state. He is also making an especial appeal to the women to take an interest in politics, since they are now vested with the right of suffrage. Mr. Maxwell is well informed on the issues of the present campaign and this speech this evening will be one of the most instructive speeches that it will be the pleasure of the people of this community to hear during the present campaign. It is hoped that a large crowd will hear Mr. Maxwell.

Governor Harding, of Federal System, Says Statement to be Made Soon.

REPRESENTATIVES OF FARMERS SEEK RELIEF FROM MONEY WORRIES

Committee From Board Listens to Three Hours to Accounts of Conditions.

Washington, Oct. 13.—The agricultural conference, in session here, decided tonight to request a hearing before the full membership of the Federal Reserve Board and its agents assembled for the regular fall policy conference, before that policy shall be formulated by the board insofar as it affects agricultural credits.

The resolution was adopted after a delegation from the agricultural interests represented had spent three hours in conference with Governor Harding, of the Reserve Board. The convention named Senators Hoke Smith, Georgia; E. D. Smith, South Carolina, and Overman, North Carolina, to convey its request to the board in writing tomorrow.

During the conference today Governor Harding said the Federal Reserve Bank's announcement of a credit policy was in process of formulation and probably would be ready for publication by Saturday. The resolution adopted by the convention requests further hearing order that demands of the various agricultural interests may be fully presented before the bankers arrive at any conclusion.

Washington, Oct. 13.—The Federal Reserve Board is preparing to make a new statement of policy covering all phases of the credit situation, Governor Harding told representatives of agricultural interests in convention here, who appealed to him today for relief from "stringent" credit conditions. The statement, Governor Harding said, probably would be made public Saturday after the conclusion of the fall conference of Federal Reserve agents and reserve bank governors here.

A committee from the Reserve Board listened for three hours to accounts of conditions, which the agricultural delegation said threatened the life of the nation through a reduction of food production. Difficulties of the farmers were laid almost wholly to inability to obtain financial assistance. It was asserted that banks of the reserve system were not supplying needed funds and that many local bankers claimed to be acting under instructions from the Federal Reserve Board.

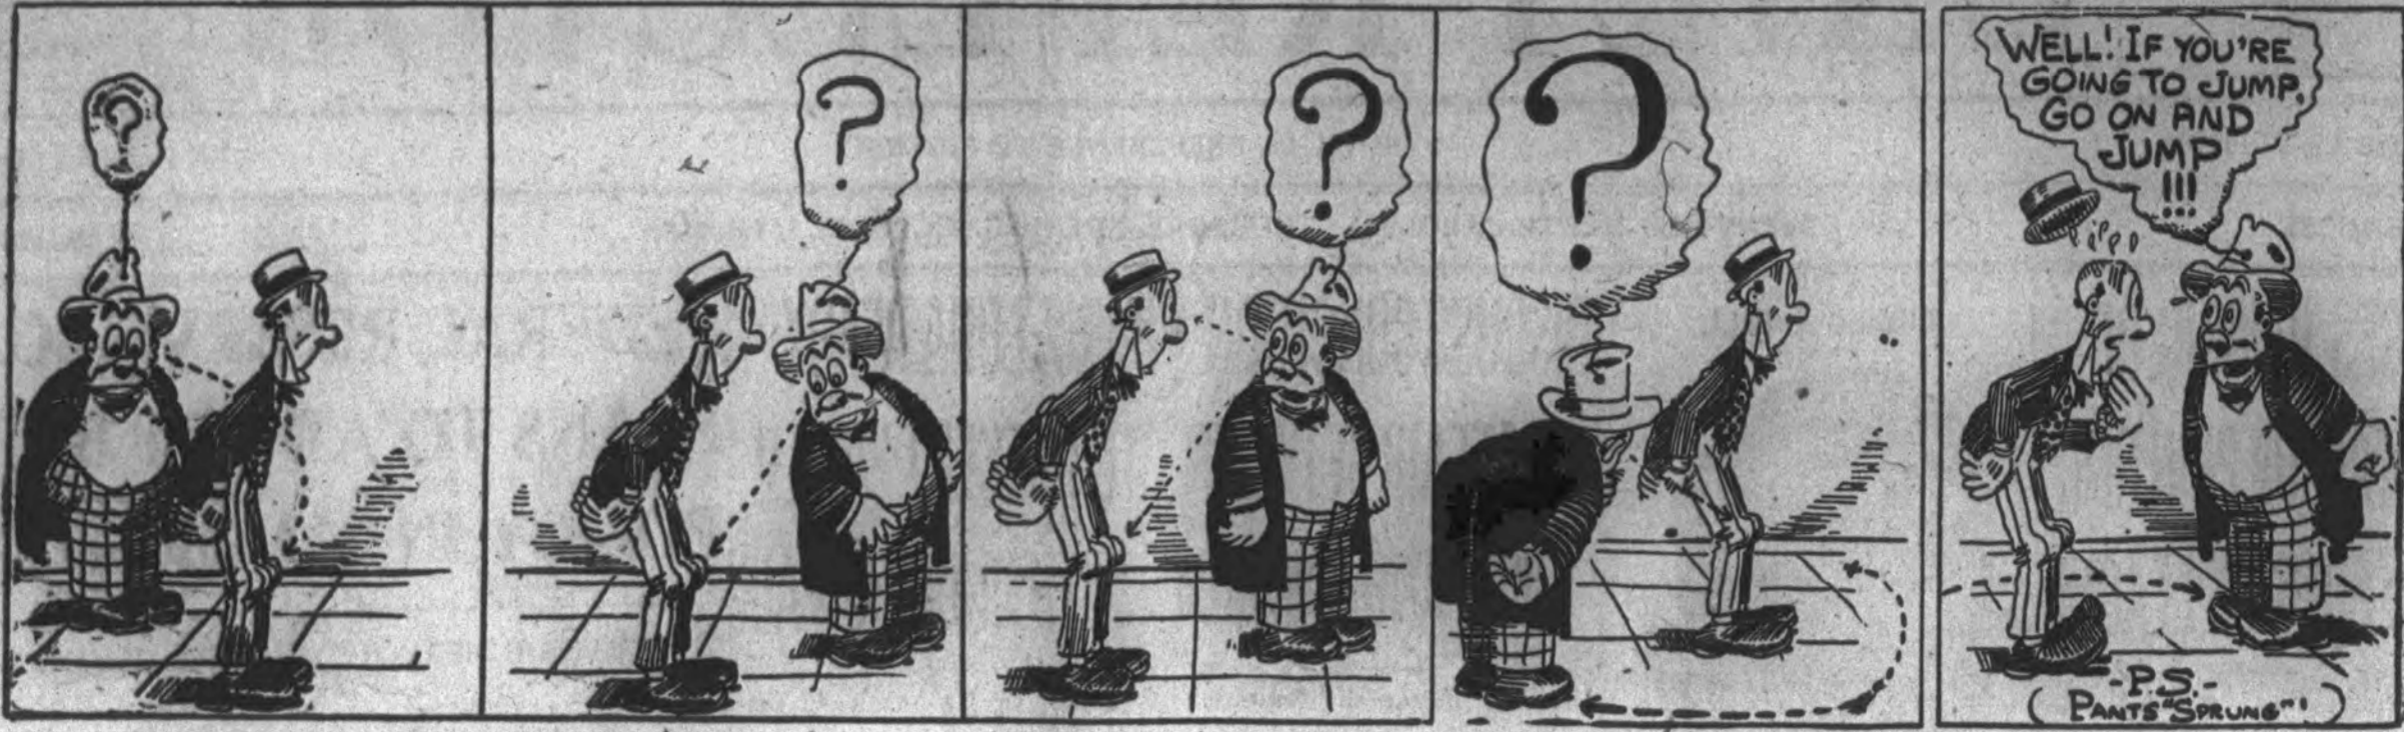

Governor Harding denied that the board had issued instructions which would result in curtailing the farmer's credit. The board and officials of the reserve banks were in sympathy with the plight of the farmers, he said, and were encouraging loans to aid them but the board was without authority to instruct member banks as to loans they could or would make.

"In the first place," the governor said, "I can see no practical value in your visit to the board. Our acts are defined by law. Your conference here with us has resulted only in your retelling what we already know. The board knows your trials and your difficulties and is in entire sympathy with you."

SERVICE

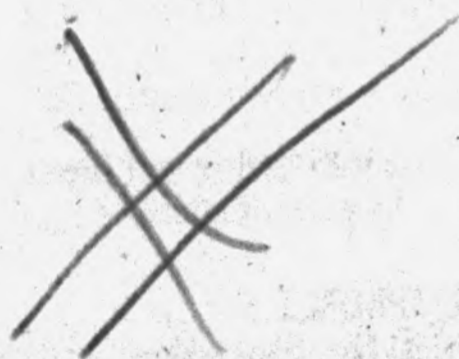

Today the progressive business house realizes that its success is dependent upon the progress and welfare of the community which it serves

Success in business is service, and success means to give as well as to take. Efficient merchandising, therefore, intends to give as well as to take.

A store of high character, therefore, that serves its community from a standpoint of service must naturally give to its customers reductions in prices in keeping with the decline of the market.

Our prices have been materially reduced for the past thirty days and it will be the aim and policy of this business to continue further reductions from time to time in order to co-operate with our friends and render--SERVICE.

To visit our store in Ayden is to really know the big way in which this idea is being developed. It consists of:

- To Render Efficient Service
- To Offer Only the Best Merchandise
- To Maintain Right Prices

The old adage "keeping everlastingly at it brings success," has been exemplified in Cleveland winning the world baseball championship, after trying 40 years to get it.

It keeps everybody guessing at what will be Candidate Harding's next attitude toward the league of nations. He has taken eleven different positions so far.

PAY YOUR BILLS.

After short crops for several years, and with the 1920 crop only a fair one, if not a short one, and with much low grade cotton carried over from 1919 and previous years, there is no over supply of cotton. Because of this fact there has been no inflation of the price of cotton. Since there has been no inflation or enhancement of the price forced up by speculation there can be no legitimate deflation. But the price of cotton has been a logical one caused by the scarcity of the commodity, and the high cost of producing it, and the same situation exists today. Therefore, when the law of supply and demand becomes operative, the price of cotton will surely go to a higher level.

If every bale of cotton could be held off the market during the month, what would happen to the paper speculators—most of them would not know a stalk of cotton if they saw it in the field—who have sold "short" for October delivery?

You can borrow the money—Federal Reserve Banks are helping. Much misunderstanding has prevailed about

the Federal Bank System. The bear manipulators and speculators are sending out many false reports to create the impressions that loans on cotton warehouse receipts would be restricted and that growers who owed money would be forced to sell their cotton. Governor M. C. Welborn of the Atlanta Federal Reserve Bank said recently:

"We are following our custom of the past in accepting from member banks notes of merchants and cotton shippers for 90 days secured by cotton up to 80 per cent of its market value, properly warehoused and insured: The notes by farmers secured by cotton up to 80 per cent of its market value, insured and properly stored, having a maturity within six months."

Don't be afraid to ask the banks to loan you money on your stored cotton. Borrow money to hold your cotton. Don't sacrifice it. Adopt the plan of orderly marketing. Sell one 12th of your crop per month. Let's stand together and keep the prosperity in the South.

HOW TO SELL YOUR COTTON.

Hurry! Cotton growers and have cotton ginned. Take it immediately to the market and compel the buyer to take it off your hands. It is worthless to you.

Hurry! Join the Bear side of the cotton market and drive the price down to fifteen cents as that will help them to reach rock bottom prices right away.

Hurry! Let your wife and children learn as soon as possible that they need not expect anything out of this crop for their labor. It will make them happy to learn it.

Stop! We have a world necessity in our cotton. Civilization cannot endure without it. It is the most valuable and precious product known to mankind.

Stop! Don't sell a bale of your cotton unless absolutely necessary to meet pressing obligations, and then sell only off-grades. The trouble with most cotton producers is that they bring all their cotton in at one time and are so anxious to see ready money that they sacrifice the larger profits the future will bring them to get immediate cash. Any man selling his cotton at present prices is selling it below the cost of production.

Wait! Don't sell! Get the cost of production and something over. The estimated cost of this crop is 38 cents middling basis. If the law of supply and demand were permitted to function, cotton would be selling today at a price far above the cost of production, and the matter of a sufficient supply of cotton would be the most serious concern of the cotton consuming industry. Both the agricultural and commercial life of the South is in jeopardy the result of existing conditions.

THE ASIATIC TRADE.

While this state of social unrest undoubtedly affects speculative purchases, the falling off in the demand for goods is an immediate influence. One of England's large markets is India, and the population of India includes people of very small incomes. By the time 30 to 40 cents per pound has been paid for raw cotton, 25 per cent added for exchange charges on its movement to Liverpool, costs of manufacture into cloth at the present wage scale and high ocean freights are added, the price is almost prohibitive in India. The London Times, discussing part of the subject says:

The great difficulty of the immediate future is that of prices. It is said by merchant shippers of great experience in the Indian trade that India, broadly speaking, cannot pay Manchester prices for the principal cloths and that these prices, though considerably lower than they were, are still at a range that is beyond the reach of the average user, and that nothing worth speaking of will be done until there is a further and considerable reduction. Some justification for this view is found in

the fact that while there is at the present time a fairly active inquiry for all styles, only a small and fitful trade is proceeding, a trade that is insufficient to keep occupied mills producing cloth for India, and that can give no satisfaction either to producers or traders. It must be remembered that low exchange adds greatly to the cost of British goods in India, and that the price of fabrics ordered now would be very high indeed when they arrived at the bazaars, in most cases five times the pre-war figure.

When every county polices its public roads, as Wake county is doing, there will be a cutting down of automobile speeding on the highways. When a speeder is fined \$25 and costs he is not over anxious for a second similar levy on his pocket book.

AIRMEN GATHER IN NEW YORK CITY TO BEGIN CELEBRATION

Army and Navy Flyers to Begin Second Anniversary With Program Tonight

New York, Oct. 13.—Airmen of the army and navy including many who won fame by their exploits during the war will gather here on the night of November 11 to celebrate the second anniversary of the signing of the armistice.

Military rank will be forgotten at the dinner, according to announcement by the committee. General will be mere pilots, exchanging stories of war experiences with airmen who served with lower rank.

Arrangements for the reunion are in charge of a committee of which Laurence LaTourette Briggs, founder and first president of the American Flying Club, is chairman.

BALKAN POPULACE REGARDS DISEASE AS CAUSE OF FATE

Peasantry So Superstitious that Conditions Are Not Fully Realized.

Sofia, Bulgaria, Oct. 13.—Disease in the Balkans is looked upon by the people as a result of fate. The peasantry has been educated in superstitions rather than in the laws of sanitation.

The peasant has little faith in medical science. "How can a bug give us typhus?" they ask. "Every living thing harbors insects. Why not man? If the good God sends us disease and misfortune, we believe that he knows best."

Years pass without a doctor entering the huts. Disease goes untreated. In the country districts dentistry is virtually unknown.

DECLARES HARDING HAS TAKEN ELEVEN STANDS ON LEAGUE

Governor Cox Fires on "Vacillating Policy of Republican Opponent."

LaFayette, Ind., Oct. 12.—Governor Cox, in a busy tour today of Illinois and Indiana, hammered heavily upon the League of Nations pronouncements of himself and Senator Harding, picturing his Republican opponent as wiggling and wobbling. "The Democratic candidate emphasized to sixteen audiences that he was for the league with 'whole heart and soul.'"

Centering his assault upon Senator Harding's league statement today, Governor Cox declared it "vacillating" the eleventh position assumed by the Senator and at the heels of a "tempest" aroused by Mr. Harding's Des Moines speech. That the Senator's proposal for a new association of nations was held by former President Taft to be impractical also was stressed by the Democratic nominee.

Referring to today's statement by Senator Harding, Governor Cox, to an audience of several thousand persons here tonight on the courthouse piazza, closing his strenuous day of league preachments said:

THE TEACHER'S OPPORTUNITY.

The strength of the United States de-
pends upon the practical patriotism and
sound economic thought of her future
citizens. These characteristics must
be developed in the daily life of the
school. Economists agree that the uni-
versal adoption of habits of intelligent
saving will strengthen our nation tre-
mendously. When every wage earner
has a reserve fund of money the coun-
try will be sound economically, socially
and politically.

The teacher who encourages pupils to
earn money and to invest in Thrift
Stamps and War Savings Stamps is
doing much for their economic strength
and practical patriotism. Each child
who buys stamps feels a partnership in
the government; he learns the wis-
dom of investing his money in securi-
ties that are absolutely safe; he be-
comes familiar in a practical way with
compound interest; and as he sticks
stamp after stamp upon the card, he
has a visual demonstration of how
savings grow.

Faith without works is dead. Thrift
without safe investment such as gov-
ernment saving securities, is robbed
of its benefits. Its virtue lies not only
in its principles but in the actual prac-
tice of investment. Each year thou-
sands of boys and girls in the United
States are deprived of a college educa-
tion because they lack money. You
can remedy this situation among your
pupils by starting them on the road to
saving early in life and encourage
them to safeguard these savings in
government securities.

You are rendering a real service to
your country by promoting the sale
of these stamps. The burden of war
debt still is heavy and the government
must still borrow money. Add to your
influence as a teacher. Promote sound
economic thought, practical patriotism
and prosperity by encouraging your
pupils in the regular purchase of Thrift
Stamps and War Savings Stamps.

SOCIAL - PERSONAL

Mrs. C. B. Rowlett, of Petersburg, is visiting relatives in this city.
Mrs. T. O'H. Dupree and children have returned from a visit in Norfolk.
Misses Myrtle and Captola Turnage and Mr. William Jefferson, of Fountain, attended "Mutt and Jeff," in the local theatre last night.

RED CROSS HOLDS FOURTH ANNUAL MEETING

The Pitt County Chapter of the American Red Cross held its fourth annual meeting Wednesday morning at 11 o'clock in the Chamber of Commerce rooms, with Mrs. K. R. Beckwith, chairman, presiding.

Reports of the work of the chapter during the past year, were made. These showed that the chapter has not been idle but has accomplished much work during the past 12 months.

As the extension of Home Service work has been authorized by headquarters, it was decided to do more of this in the future.

The following officers were unanimously elected for the coming year:

Vice-Chairman, Mrs. Richard Williams; Secretary, Miss Eloise Ellington; Treasurer, Mr. A. B. Ellington; Chairman Junior Work, Mrs. M. K. Blount; Chairman Home Service, Mr. H. E. Austin.

BRIDGE CLUB.

Miss Iver Shelburn was hostess to her bridge club last evening. The tables for the games, were arranged in the library and many spirited games were enjoyed. Miss Francis Whedbee making the top score was presented a novelty apron and work basket. At the conclusion of the games a salad course was served. Miss Elizabeth Hinton was guest of the club.

MUTT AND JEFF AT THE RACES

"Mutt and Jeff at the Races," played to a large and appreciative audience in White's Theatre last evening, and it was decided by the majority to be the best of the series offered heretofore. It was well staged, and the scenic effects were very appropriate and in keeping with the play. Mutt and Jeff, with their pranks, fables, and rollicking powers of "Bud Fisher," carried the large audience back to the "funny papers," and brought forth a burst of infectious laughter every time they appeared. The play abounded in a number of songs and dances which were very pleasing.

Dear Old Pete!

Winston-Salem, N.C.
Friday p.m.

Just wound up the one swellest day of my life! Since early this a.m. when I got an invitation to visit R. J. Reynolds Tobacco Co. factories, I've been in the midst of millions of Camel Cigarettes! Yes sir, right from the rooms where the choice Turkish and Choice Domestic tobaccos go into Camels unbeatable blend, straight through to the loading platforms where cases holding 10,000 Camels each are packed into car after car for shipping to every corner and cross roads in the U.S.A!

Man—the happiest idea you or I ever had as to the size of this Reynolds enterprise, or the number of Camels manufactured daily, is simply pipe-stuff! Why—Pete, it seemed to me like a couple of those cigarette-making machines could keep half the nation smoking Camels steadily—BUT—there are hundreds of these machines batting out Camels at 27,000 an hour—EACH!

And, Pete, you wouldn't have to consult a guide book to know you were in the Camel factories! The atmosphere is just charged with that wonderful aroma you get when you open a deck of Camels! And, you know, old elephant, you've had a trunk full!

I stood by one of these machines, fascinated, and figured the delight each Camel would supply! And, how Camels mellow, mild body would hit the right spot and how Camels refreshing flavor would cheer up some swowers jaded appetite! And, each Camel free from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor! And—

Pete, I'll have to lay off and light another Camel! Write you some more soon, old Camel-o-pard!

Yours Joyously
Shorty.

PLAN TO DIRECTLY APPEAL TO WILSON REGARDING PRICES

Meeting of Agricultural Inter-
est at Washington Decide
Upon Course.

OVERMAN AND BRINSON
AMONG THOSE PRESENT
TO CONSIDER SITUATION

North Carolina and Georgia
Senators Call at White White
House to Arrange Date

Washington, D. C., Oct. 12.—Steps to appeal directly to President Wilson against the currency deflation policy of the Treasury Department on the ground that farmers generally face heavy losses unless the downward trend of prices of farm products was checked were taken here today by a special meeting of agricultural interests called by the American Cotton Association.

Senator Overman, of North Carolina, and Harris, of Georgia, who are connected with the movement, called at the White House to prefer a request for the conference with Mr. Wilson and his cabinet and were told by Secretary Tumulty that they would receive an answer from the President tomorrow morning.

The Senators laid stress upon the necessity of prompt action, as the regular fall conference of the Federal Reserve Board and governors of the various reserve banks also is scheduled for tomorrow. The question of interest rates, it was said, would be considered at that conference and the agricultural representatives gathered here declared they wished to present their views on the whole question of crop financing before action was taken by the Federal authorities.

Speakers at the meeting before adoption of the resolution proposing to take the problem to the President personally repeatedly denounced the deflation policy of Secretary Houston. Farmers stood to lose billions unless the government acted to check the fall of prices, they declared, adding that in many cases market prices were now below the actual cost of growing. The result would be greatly decreased production next year, they said, if means to remedy the situation was not found.

A charge by former Senator Marion Butler, of North Carolina, that there was a "conspiracy" of officials to force down the price of agricultural products brought a protest from John J. McSwain, of South Carolina.

"I cannot believe one of them capable of conspiring to rob his fellow man," said Mr. McSwain. "I believe, however, they made an error of judgment. Let's reason with them and see where they have made a mistake."

J. J. Brown, agricultural commissioner of Georgia, and Senator E. D. Smith, of South Carolina, also protested against a statement by Mr. Butler that the country was about to face a panic as a result of the deflation policy. Senator Smith said there was "a crisis but no panic."

All sales will finish by Dinner today.

Gormans' sold 212,242 pounds Wednesday, finishing near four o'clock. We kept one set of buyers continuously from Monday 3:30 until near four o'clock Wednesday. Selling in this time 502,182 pounds, in reality this was one sale but in order to send out bills we made two sales of it.

We look for smaller sales until we have a season and believe prices will continue to improve. Prices on all grades closed higher Wednesday than they have been this season.

The finer tobaccos fully ten dollars higher and the common and medium grades from \$1.00 to \$5.00 higher.

We advise closer grading, many are tying up the barns, no grading at all this leaves the colors mixed and effects the price greatly. Throw out the green and black leaves and get your colors together. It is but little trouble, or expense to you but will pay you handsomely.

Don't try to get rid of your tobacco too fast, keep off of the markets when they are glutted.

Drive to Gormans and you will go home with the top of the market.

WE PROTECT YOU.

DISCUSS CONDITION OF AFFAIR BETWEEN JAPS AND AMERICA

(Continued from page one.)

plete. With this creeps a feeling in the minds of the Americans that the Japanese, if left alone, will soon establish their influence in the entire district west of the Rockies."

The Marquis sees a possibility of reaching a happy settlement because the situation is being clamorously discussed. It is when the Japanese keep silent that the situation really becomes gloomy, he added.

Viscount Kato declares that since the anti-Japanese question in America is one of racial prejudice, it "must be settled by the Americans themselves. Japan should hold herself responsible only when wrongs are done by the Japanese immigrants."

Vice-Admiral Sato, in an article in the Taiyo, an influential Japanese political magazine, takes Americans to task for calling Japan a country of militarists which he denes.

"I am one of those who is firmly convinced that Japan and America should never fight," concludes the vice-admiral, "but I am also a strong advocate of Japan being prepared to meet any contingency and I think that this will be the surest means of preserving good relations between Japan and America and the peace of the Far East. There is no need for Japan to have military machines superior to those of America, but Japan should have enough to convince the United States that it would be an extremely expensive and risky matter to take up arms against Japan. In a word to ensure peace between the two countries, it would be well if both have some understanding regarding their military preparations and thus disarm useless suspicions."
