

SAYS REPUBLICANS WOULD SELL OUT TO BIG CORPORATIONS

George White Submits Evidence in Portions of Letter From G. O. P's.

LETTER ADDRESSED TO CORPORATION DIRECTOR IN EVERY PART NATION Democratic Chairman Declares That Letter Is Authentic in Detail.

New York, Oct. 27.—Portions of a circular letter said to have been sent to directors of corporations by an official of the Republican national committee were made public here tonight by George White, chairman of the Democratic National Committee.

"Circular letter sent to directors of corporations by Charles B. Warren, chairman of the ways and means committee, has come to my attention. The contents of this letter will convince all who have any remaining doubt that the Republican national committee is prepared to sell out the United States of America to the corporations if Senator Harding is elected.

"Under date of October 20, 1920, in addressing directors of corporations, he writes:

"Will you, therefore, determine promptly what the value of Republican success means to you and your corporate interests. Make your financial pledge accordingly and mail the enclosed card with remittance to the Detroit office today."

"The signature of Mr. Warren is not only printed on this letter, but it is signed in ink over the printed name. The letter is written on the stationery of the Republican ways and means committee, which bears the name of the committee officials also.

"No more sordid document, nor one more corroborated of Governor Cox's charge that certain corporations are trying to buy an underhold in the government has come to light in this campaign.

"The letter to which I refer is on file in my office and I am prepared to submit it to anyone who doubts its authenticity. It is a direct pledge to the selfish corporations in America by the chairman of the Republican ways and means committee that if they will invest in Senator Harding's campaign President Harding's administration will see that they are paid royal dividends out of the people's funds."

"What can the average citizen expect of an administration sold out in advance?"

MOURNERS AND POLICE FIGHT OVER BODY OF LATE MAYOR OF CORK

Holyhead, Wales, Oct. 29.—The shipment of Mayor MacSweeney's body direct to Cork was preceded by a violent scene between officials and mourners who wanted the body taken through Dublin where a demonstration had been planned. After a fist fight the officials got possession of the body and placed it aboard the steamer for Cork. The mourners refused to follow the body and went to Dublin.

SAYS EXPANSION OF BRITISH EMPIRE IN ASIA IS AT AN END

Secretary of Foreign Affairs Tells of Conditions Prevailing in Country.

London, Oct. 29.—The expansion of the British Empire in Central Asia is at an end and rightly so, Earl Curzon, Secretary of State for Foreign Affairs, told the Central Asian Society in an address last night.

The function of Great Britain in the future, he added, was not to absorb territory there but to give security and to arrange that the evolution to a different and higher state of things should be easy.

The great bulk of Central Asia, he said, had been thrown into the vortex of European politics. The Russian Empire which Englishmen have regarded with apprehension had been, for the moment, obliterated from the scene. China was in the throes of a military crisis, the upshot of which no one could foresee. Afghanistan had acquired something like independence.

All India was seething with agitation and trying to establish some new form of government. In Tibet, the British had been welcomed as friends.

Lord Curzon expressed the hope that the Persian government and parliament would ratify the Anglo-Persian agreement and that this would assure the integrity and independence of that country.

He advocated setting up an Arab form of the administration in Mesopotamia and said Sir Percy Cox had gone out to assist in carrying out that work. He hoped for some form of Arabian unity which would gratify the ambitions of the Arabs.

In Afghanistan there was serious trouble and commotion. The Secretary said he knew of no country in Central Asia where the bolsheviks had greater hopes of causing trouble for Great Britain, yet he regarded the interests of Afghanistan as identical with those of Britain. It might take years before the commotion in Asia subsided and no one should suppose that the work of Englishmen in those countries was over.

HAYS DECLARES PARTY HAS SPLENDID CHANCE OF WINNING ELECTION

New York, Oct. 29.—Will Hays, chairman of the Republican National Committee, has issued a statement saying that the official Republican survey indicates that Harding and Coolidge will receive the "largest popular vote ever cast in a presidential election."

Attend the cottage prayer meeting nearest to you tonight. Go to the court house tonight to hear Hon. F. C. Harding speak.

REPUBLICAN CAMPAIGN FUND TO DATE TOTALS MUCH ABOVE \$3,500,000

Statements of Treasurer of Two Great Political Parties Show that Republicans Have Spent Nearly Four Times as Much as the Democrats. Republicans Keep Digging for Funds.

New York, Oct. 28.—Total receipts by the Democratic national committee to October 25 for the conduct of the present campaign amount to \$878,831.24, according to an announcement today by Wilbur W. Marsh, the party's national treasurer.

This figure, Mr. Marsh said, was today submitted to the Kenyon committee investigating campaign contributions and expenditures in Chicago.

The sum collected, the Democratic treasurer stated, is constituted almost entirely of contributions to the campaign fund, with the exception of \$150,000, which was borrowed. Other sources, which aggregated collections of only a few hundred dollars, included the sale of the campaign text books, refunds from advertising and such small items.

The statement itemizes moneys received at headquarters in New York, Chicago and San Francisco, as well as the women's bureau. Of the total, \$665,481.33 was collected in New York, while San Francisco showed an aggregate fund of but \$1,763. The women's bureau was responsible for the collection of \$8,544.50. Chicago collected \$53,041.51.

Disbursements by the entire organization up to the same date, as shown by the statement, amount to \$823,345.00 with New York bearing by far the heaviest burden, Chicago a sum slightly less than its receipts, and San Francisco an expense approximately eight times the amount of funds received.

Running the women's bureau for the entire campaign to date cost but \$1,339.30, the statement adds.

Account books of the treasurer's office also show commitments as of October 25, as follows:

Naturalized citizens bureau, \$761.19;

organization bureau, \$2,348.00; women's bureau, \$112,022.20; treasurer's statistical \$1,403.26; general, \$2,210.10; publicity, \$121,100.34. Total commitments, \$130,854.00.

In addition to funds already received, Mr. Marsh's statement included a memorandum to the effect that two individuals had pledged \$25,000 each to pay the expenses of advertising books relating to the League of Nations.

Chicago, Oct. 28.—The Republican national committee's campaign to elect Senator Warren G. Harding President will cost \$3,442,892.32, Fred W. Upham, national treasurer of the party, notified the Senate committee appointed to investigate campaign expenditures in a report filed with the committee here today.

Of this sum \$3,042,892.32 had been spent up to the close of business Sunday, October 24, and Mr. Upham estimated the expenditures in the closing week of the campaign at \$400,000 additional. The report shows that \$301,388.98 was spent between October 18, when a report was filed with the clerk of the House of Representatives in Washington, and October 24, the date of today's report.

The total estimated cost of the campaign, \$3,442,892.32, is considerably in excess of the Republican budget of \$3,070,037.20, presented to the Senate committee at hearing held in August, but Mr. Upham explained that the disbursements covered the period from June 14, while the budget included only expenditures from July 1. About \$200,000 was spent between June 14 and July 1, Mr. Upham's office estimated, leaving the estimated disbursements from July 1 to November 2, approximately \$3,243,000, about \$162,000 in excess of the estimated budget.

AUSTRIAN PAPERS GIVEN SPECIAL ACT IN EMPLOYING MEN

Editorial Writers Fully Protected from Immediate Discharge by Act.

Vienna, Oct. 29.—By an act of the National Assembly, the newspaper fraternity of Austria is given a special standing in its relation to employers. Members of the news departments of papers always have enjoyed the customary legal protection as regards notice of discharge, vacations and similar matters but the new law sets them apart with unusual safeguards.

The act covers editors, editorial writers, artists and reporters engaged on a fixed salary, but not persons to whom newspaper work is a secondary employment. Under its provisions the employer must be given a written agreement describing the nature of the work for which he is employed, amount of salary, allowance for special work and stipulations for repayment of expenses incurred in the discharge of his work. It also provides for increased pay at intervals of five years up to the sixtieth year of age.

One month's annual leave is guaranteed with pay and after ten years six weeks with pay. Three months notice must be given of discharge and, after years' continuous employment, one month addition for each year, with a maximum notice of one year.

The employer is compelled to pay into a pension fund a minimum of 500 crowns a year for each employee. The (Continued on page twelve.)

REPUBLICANS GET IN PANICKY MOOD OVER PUBLIC VOTE

Party Leader Growing Uncomfortably Uncertain About Next Election.

Washington, Oct. 28.—Whatever happens on Tuesday, things are certainly going bad for the Republicans at this stage. The President's statement yesterday and the description of his pathetic condition given out by the pro-League Republicans who went to the White House struck a stunning blow to the enemies of the League. They instantly grabbed illusions like a drowning man at a straw. They say that the President did not mention Governor Cox's name, and that he urged the claim of Article X without referring to reservations. Instantly they threw these facts into streamer lines at the masthead of their press and above these black lines a flaming red line the Democrats split asunder on the League.

Why they say Cox is trying to elect himself without a Senate to back up his party and Wilson is trying to elect a Senate to save the League without regard to who goes into the White House, Democrats smile at the absurd explanation.

How, it is asked, could a Democratic Senate secure the League without a Democrat in the White House. The Senate returned the treaty of Versailles unratified to the President. It is no longer before the Senate and Mr. Wilson will be out of the White House before the new Senate comes into existence.

AMERICAN AIRMEN FOOLED BOLSHEVIK IN LEMBERG DRIVE

Moscow Offers Reward for Capture of Men Who Delayed Airplane Plans.

Warsaw, Oct. 29.—Polish army intelligence officers report that Moscow offered a reward of 1,000,000 rubles for the capture, dead or alive, of Major Cedric E. Fauntleroy, of Chicago, and McGhee, Ark., commander of the Polish air forces of the southern front. General Budenny's failure to take Lemberg, when the bolsheviks made the August drive upon Warsaw, is attributed by Lenine and Trotzky chiefly to the fight against the Cossacks from the air.

Major Fauntleroy was recently appointed chief of aviation of the Sixth Polish army. He has four squadrons under his command, one of which is the Kosciuszko air organization composed chiefly of Americans. Aviators of that squadron, under the command of Captain George M. Crawford, of Wilmington, N.D., are known by bolshevik soldiers of the southern front as "devils of the air," according to recently captured red soldiers.

During two days in August when General Budenny was striving with every force at his command to break the Polish southern front and dash into Lemberg, the bolsheviks in the north having virtually reached the outskirts of Warsaw, the four squadrons of the Sixth army made 120 flights, dropped 15,000 pounds of bombs and used 16,700 machine gun bullets in attacks.

General Rozwardowski, chief of staff of the Polish in a communication to the chief of aviation, says: "Activities of the squadrons of the Sixth army in battles with the cavalry of Budenny were directed with the greatest efficiency, this being acknowledged by statements of bolshevik prisoners, and soviet wireless messages."

One wireless message signed by Budenny and intercepted by the Poles said: "In battles near Lemberg our cavalry troops sustained great losses from Polish airplanes which flew in squadrons of 12 planes bombing and covering the soldiers with machine gun fire."

Reviewing the work of aviators of the southern front General Rozwardowski wrote: "The extraordinary manoeuvres of the air squadrons of the Sixth army are due to the organizing ability and unlimited energy of the army's chief of aviation, Major Fauntleroy, to whom I convey the highest praise for the enthusiasm with which he has fought for Poland's cause."

COX ANSWERS LATE ARGUMENT TOWARD MAKING A CHANGE

Fires Broadside of Questions to American Voter on Change of Administration.

ATTACKS REPUBLICANS ON THEIR LEAGUE AND LEGISLATIVE RECORDS

Declares No One Really Wants Republican Nominee for Next President.

Indianapolis, Ind., Oct. 28.—Arguments addressed especially to voters favoring Senator Harding, Republican Presidential candidate, upon the broad, general ground of desiring "a change" in national affairs were emphasized here tonight by Governor Cox.

To a large audience in Tomlinson Hall and in a formal statement, the Democratic nominee fired a broadside of questions to the American people attacking Senator Harding and other Republican leaders for their League of Nations, legislative and political records.

"Republicans, when they are honest," Governor Cox declared, "have acknowledged what is apparent to every one—that no one really wants Senator Harding for President. And yet they tell me that as partisans many expected to vote for him because they have been taught to believe that they 'wanted a change.' The expression was preached as propaganda by reactionary leaders until it has become nauseating to the public."

Governor Cox's visit here was the occasion for a great rally of Hoosier Democracy.

With his fire against the argument "for a change" in government Governor Cox also preached the League of Nations and predicted victory next Tuesday.

"My opponents make their fight upon the league issue and upon me," he said. "They have failed in their attempt to divert the issues. They have been compelled to recognize that Cox is the candidate and no longer can they continue their assault upon President Wilson, whom they have pitilessly belabored for months, even though they knew he was sick and unable to defend himself as much a victim of the war as is any diabled soldier in the hospital."

In his assault upon sentiment for "a change," Governor Cox put these questions to voters:

"Do they want a change that will mean tax revision from a big business point of view? That is the change they would get from Senator Harding. "Do cattle raisers want the change desired by the packers, so that the Kenyon-Kendrick bill will be killed, leaving the cattle men to obtain whatever prices the big five elect to give? All of Senator Harding's political associates are opposed to that bill.

"Do they desire a change back to normalcy relative to legislation? Will Johnson, Borah, Norris and the other Progressives in and out of congress deny they are hoping to prevent Penrose from writing the next tariff bill?

"Do they want a change that will mean success to the program of reactionary politicians, including Senator Harding, desirous of abolishing all direct primaries and thus eliminating the troublesome instructed delegation when the Old Guard leaders assemble at 2:11 A. M. for their quadrennial conference to pick the Presidential nominee for the Republican voters of America?

"Do the farmers want a change to a Federal administration headed by Senator Harding, who declared in 1917 that wheat could be raised at a profit for \$1 a bushel. "Do farmers want a change to the type of political control that brought about the agrarian revolt in North Dakota.

"Do the working men of America want a change to an administration headed by Senator Harding, who voted for the anti-strike sections of the Cummings bill, although in keeping with his general conduct he would pose now as a friend of labor?"

Mrs. Seth Hooker left this morning for a visit in Wallace.

DECLARATIONS MUST SUCCEED IN ITS MORAL ISSUES

President Addresses Pro-League Delegation from Wheel Chair at Home.

SAYS COUNTRY MUST COMPLETE JOB WHICH OUR SOLDIERS

Declares Imperialism Is Not Dead and Living Is Only Preventive.

Washington, Oct. 27.—President Wilson, in his first speech since he was taken ill more than a year ago, called on his "fellow countrymen" today to endorse the League of Nations and summoned them to "the concert of peace and the completion of the great moral achievement" on their part, which he said the world war represented.

Speaking from his wheelchair to a delegation of pro-league Republicans and independents, who called at the White House, the President declared that "the great moral influence" of the United States would be "absolutely thrown away" if the nation did "not complete the task which our soldiers and sailors so bravely undertook to execute."

The American people, Mr. Wilson said, "should not be deceived into supposing that imperialistic schemes ended with the defeat of Germany." He declared there were other nations which were likely to be powerfully moved or were already moved "by commercial jealousy, by the desire to dominate and to have their own way in politics and in enterprise," and that it was "necessary to apprise them that the world would be united against us as it was against Germany, if they attempted any similar thing."

a former statement after leaving the White House that it was evident he was "voicing the profoundest emotions of his heart" and that more than once "his voice choked," especially when he referred "to the soldier boys and the mothers of those who had fallen in battle."

"The whole occasion was inexpressibly solemn and tender," said the statement, adding that the deputation felt that it was "nothing less than tragic" that the President had been brought to such a stricken physical condition by the result of his indefatigable labors for his country and for humanity.

Wilson received his visitors, including two women, in a room of his study near the entrance to the White House.

He remained in his wheel chair throughout the reception, which lasted forty minutes. Afterwards Rear Admiral Grayson, his physician, indicated that he had shown no physical ill effects, but he had come through "in extreme fatigue form."

After the delegation was greeted by President Wilson, Hamilton Holt of New York, its spokesman, delivered a brief address, declaring that the League of Nations transcended party politics and was "the greatest moral issue that has confronted the American people in this generation." He added that the delegation represented "a vast number of other Republicans throughout the United States who are ready to put patriotism above party in the present critical hour," to the end that "our boys whose blood hallowed the fields of France will not have died in vain."

RAIL SERVICES IN BALKAN STATES IN UNUSUAL CONDITION

High Prices and Unemployment Interrupts Work at Colleges.

Bucharest, Rumania, Oct. 28.—If Americans feel that the subways, railroads and trolley cars are crowded, conditions in Rumania and other parts of the Balkans are worse. Railroads traffic today in Rumania is so great that passengers ride on the roofs of every train by the hundreds. When the tops of the train are crowded that they can hold no more, the passengers cling to the running boards, ride on the bumpers and even on the underframeworks of the car. The fare is the same whether the passenger rides in a compartment or on the roof of the car. Accidents are frequent. Often when a car has entered a tunnel a number of passengers have been swept off the roof to their death.

The congested traffic is due to the small numbers of locomotives and coaches available and to insufficient trackage.

Most of the country's rolling stock was carried off by the Germans or destroyed. Some of the locomotives and cars have been replaced, but the number is far from adequate. A large American locomotive concern has contracted to send a number of engines here, taking in payment a quantity of oil.

There are at present less than 3,000 locomotives in Rumania, including the newly-acquired provinces of Transylvania and Bessaraba. About half this number are in order. Most of them are of German or Hungarian construction. There is such a shortage of passenger coaches that box cars often are used for the conveyance of the public.

The total trackage in Greater Rumania is about 10,500 miles. This has to serve an area of nearly 300,000 square miles and a population of 18,000,000. Many of the steel rails are almost entirely worn out and the road beds are in need of major repairs. Rumanian railway officials say that American railroad men and engineers would do well to investigate business prospects in Rumania. Railroads must be constructed and others double-tracked.

LARGER EXPORTS SMALLER IMPORTS.

An increase of \$28,000,000 in exports but a decrease of \$150,000,000 in imports in September, as compared with August, is shown in a statement issued today by the Bureau of Foreign and Domestic Commerce of the Department of Commerce.

The exports in September amounted to \$306,000,000, against \$278,000,000 in August of this year, and \$295,000,000

in September of last year. For the nine months period ended with September, 1920, the exports were \$3,082,000,000 as compared with \$2,977,000,000 for last year.

The September imports amounted to \$363,000,000, against \$513,000,000 in August, 1920, and \$435,000,000 in September, 1919. For the nine months period ended with September of this year the imports were \$4,358,000,000, against \$2,697,000,000 during the corresponding period last year.

**HARD TIMES PLAY
BIG PART IN PLANS
OF GERMAN PEOPLE**

**Trolley Service and Railroads
in Deplorable State Al-
most Everywhere.**

Berlin, Oct. 28.—Hard times in Germany, marked by high prices and depreciated money values, unemployment and industrial stagnation, have forced adjustments in universities, and public and private schools which, the newspapers say, will mean that many professors, lecturers and private instructors either will be thrown out of work or compelled by low salaries to seek employment in other countries. A number already have gone to Mexico and South America and it is reported scores have made arrangements to leave.

In some papers it is suggested that "perhaps the hard times are not alone responsible for the attitude the professors have assumed for it is known they are keenly sensible of the outrageous times and their loss of dignity" under the republic.

The difficulties of the situation have increased by the advent of hundreds of teachers formerly employed in the province of Posen. Regret is expressed that in Posen 15,000 children of German parentage will be without German instruction and that these probably in a short time will become Polish.

AMERICA'S FOREIGN TRADE

Lack of an adequate American cable system is a handicap to this country's foreign trade which must be removed if we are to maintain our position in the commercial world, the National Bank of Commerce in New York declares.

In the November issue of its magazine, Commerce Monthly, the bank shows that at present American exporters are dependent for communication on commercial rivals abroad, more than half the existing cables being controlled by Great Britain alone. The spending of thousands of millions of dollars on our merchant marine and other trade organized under such conditions, it holds, is a doubtful prospect.

"Until some effective international agreement for the neutralization of the world's cable system has been reached, the pressing need of American commerce is the extension of American cable facilities," Commerce Monthly says. "Without such a system American foreign trade is faced with the difficulties inseparable from doing business over a system largely owned and managed by the commercial rivals of the United States.

Apart from the general circumstances which have increased the interdependence between business and the cables all over the world, the United States has a very special interest in the present situation, primarily as the result of an enormous increase in its foreign trade. In consequence foreign market conditions have become of added importance not only to those who are actively engaged in dealing abroad, but also to a large proportion of the business community whose interests are affected less obviously, but none the less surely, by conditions elsewhere.

"The present system of international communications, largely cable, while comprehensive and efficient, has been built primarily on the basis of connecting the commercial world with the old world centers of finance, commerce and industry. National interests and prestige, competitive enterprise and local influence have governed location,

NOTICE OF DISSOLUTION.

Notice is hereby given that the partnership heretofore existing between L. L. Hearne and P. O. Forbes under the firm name of Greenville Auto Supply Co., has been dissolved by mutual consent and agreement, and that P. O. Forbes will continue the firm of the Greenville Auto Supply Co., at their stand on Dickinson avenue.

This the 16th day of Oct. 1920.

L. L. HEARNE, (Seal)
PERCY O. FORBES, (Seal)

NOTICE OF DISSOLUTION OF WINSLOW-WEBB MOTOR CO.

All persons will take notice that Winslow-Webb Motor Company, a co-partnership composed of J. E. Winslow and E. S. Webb, has been this day, by mutual consent of the co-partners, dissolved. All persons indebted to said company will make settlement with J. E. Winslow, and said J. E. Winslow will likewise pay such indebtedness that may exist against said company.

This dissolution has nothing to do with the garage owned and operated by E. S. Webb, and which the said J. E. Winslow has never had any connection.

Witness our hands this the 25th day of October, 1920.

J. E. WINSLOW,
E. S. WEBB.

FRIDAY, OCT. 29TH, 1920.

INCREASED SAVINGS.

Savings depositors in the national banks of the United States increased more than a million in the last ten months, according to a statement just issued by the Treasury Department. This is an increase of something like 14 per cent, and brings the total number of savings depositors in the national banks of the country to 8,065,000. The amount of money saved by these persons, the Treasury statement shows, is in excess of three thousand million dollars.

This accumulation of money saved over and above living expenses was made possible, bankers and financiers agree, by the growing habit of thrift which is being fostered not only by the Treasury Department in Washington but by banks in all parts of the country, and which, official records show, is turning the people of the United States from extravagance and waste to savings and safe investment.

In the eastern and southern states the volume of total deposits, savings accounts and individual deposits shows a healthy increase, the tabulation indicates. In North Carolina, for instance, savings deposits increased in the last fiscal year \$21,000,000 to banks having 238,000 separate savings depositors. In Richmond, Va., there are five savings accounts to every nine persons in the city. In Virginia savings accounts grew \$17,000,000 in the last fiscal year. The people of South Carolina increased their savings accounts \$26,000,000 during the fiscal year and there are between 25,000 and 35,000 more savings accounts there than ever before.

All of these figures are exclusive of the tremendous volume of savings invested in Liberty Bonds Savings Stamps and other forms of government obligations, the Treasury statement shows; they represent only a portion of the results to the nation of the promotion of thrift as a national habit.

Time deposits far exceed the checking accounts in the banks of the western states. Michigan, Minnesota and Wisconsin have a total of 1,076,000 time depositors in national banks. In Maine, Vermont and Massachusetts the depositors outnumber the demand accounts 463,000 to 397,000. In Oklahoma, Oregon and California, one inhabitant of every five has a checking account and the proportion is even greater in Texas, Montana and Wyoming.

FORTY-FOUR PER CENT INCREASE

Increase in investment in government savings securities is indicated by figures for the first fifteen days of October, made public today by the Savings Division of the United States Treasury. The sales of savings stamps and treasury savings certificates for the first half of the present month, the Savings Division announced, showed an increase of approximately 44 per cent over the similar period for September and indicated that this percentage will be maintained throughout October. This 44 per cent increase is attributed in part by officials of the Division to the recent revival of interest in safeguarding saving by industrial business and civic organizations all over the country.

Every store advertisement these days with the reduction in prices affords much good reading to the people. The merchants are certainly doing their part to help equalize the low price of cotton and tobacco this season.

BETTER COTTON PRICES.

The South has in the American Cotton Association the most powerful, influential and far-reaching organization ever attempted in America. The aims, objects, and purposes of the Association will be of inestimable value to the people of the entire South if they can be accomplished.

The Association cannot function unless those it is intended to benefit will back it up. Who will benefit if it succeeds? Every one affected by the price of cotton.

Mr. Cotton Grower: What have you done, and what are you doing now to aid the organization in securing a strong and healthy membership in your country? Upon whom

how much credit can you claim? Mr. Merchant: What have you done in trying to aid the work in your town. How many hours have you given to the cause? What credit can you claim if it fills your money drawers with jingling coins of gold and retires you at an early period with enough to make your last day full of comfort, peace and prosperity? Will history record you as one who had a part in the economic change?

Mr. Banker! What part are you taking in this economic program in the life of the South. Will you allow your vaults to become inadequate to hold the increase of deposits of your customers and not have a part in this great economic reform?

Mr. Professional Man! You, who have for these many years been underpaid for the valuable service you have rendered, what are you doing in this hour of opportunity to bring about a condition that will enable you to be adequately compensated for your work? Will you be satisfied to witness the breaking of the new day and not be numbered among those who had a part in helping to bring it to pass?

Men of the South! The battle for independence is on. Will we win? Not unless every man will do his part in this fight. The leaders in this struggle for freedom cannot win alone. Join the ranks immediately! Put on your fighting clothes and stay in the battle until victory is won. Let us all exclaim, "They shall not have this crop of cotton until they pay us cost of production plus a profit."

LEADING THE STATE.

Winston-Salem and Charlotte with a score of 565 and 564 respectively lead the towns in the state in the number and efficiency of the measures they have taken to control venereal diseases. Asheville with a score of 517 has third place while Greensboro with 491 points, Raleigh 420, Wilmington 403 and Durham 217 are next in order of rank. Norfolk scored 568 and Richmond 510.

These ratings are disclosed in a recent survey made by the U. S. Public Health Service of the 444 largest cities of the country. The scores are based upon a possible 1000 points. The data obtained were in answer to approximately 300 questions regarding medical, legal, educational and general cooperative measures in force in these communities on February 1, 1920.

Authorities issuing the report call attention to the fact that the grades by no means indicate the amount of venereal disease existing in these various cities. Some cities may be graded high because they have had so much venereal disease and prostitution that it has been necessary to inaugurate vigorous measures for combating them, while some small cities may be graded low because it has seemed unnecessary to them to establish clinics and adopt the other measures for which high grades are awarded.

Portland, Oregon, with a grade of 795 made the best showing. Six other cities grading over 700 are Salt Lake City, Grand Rapids, Des Moines, Tacoma, San Francisco and Spokane. Of the ten cities classed as having 500,000 or more inhabitants, Detroit leads with a score of 694; Los Angeles is second with 670 and New York third with 627. Baltimore is sixth with 414 and Chicago seventh with 408. Washington scored 474 points.

The Public Health Service announces that another survey will be made of the same cities early in 1921.

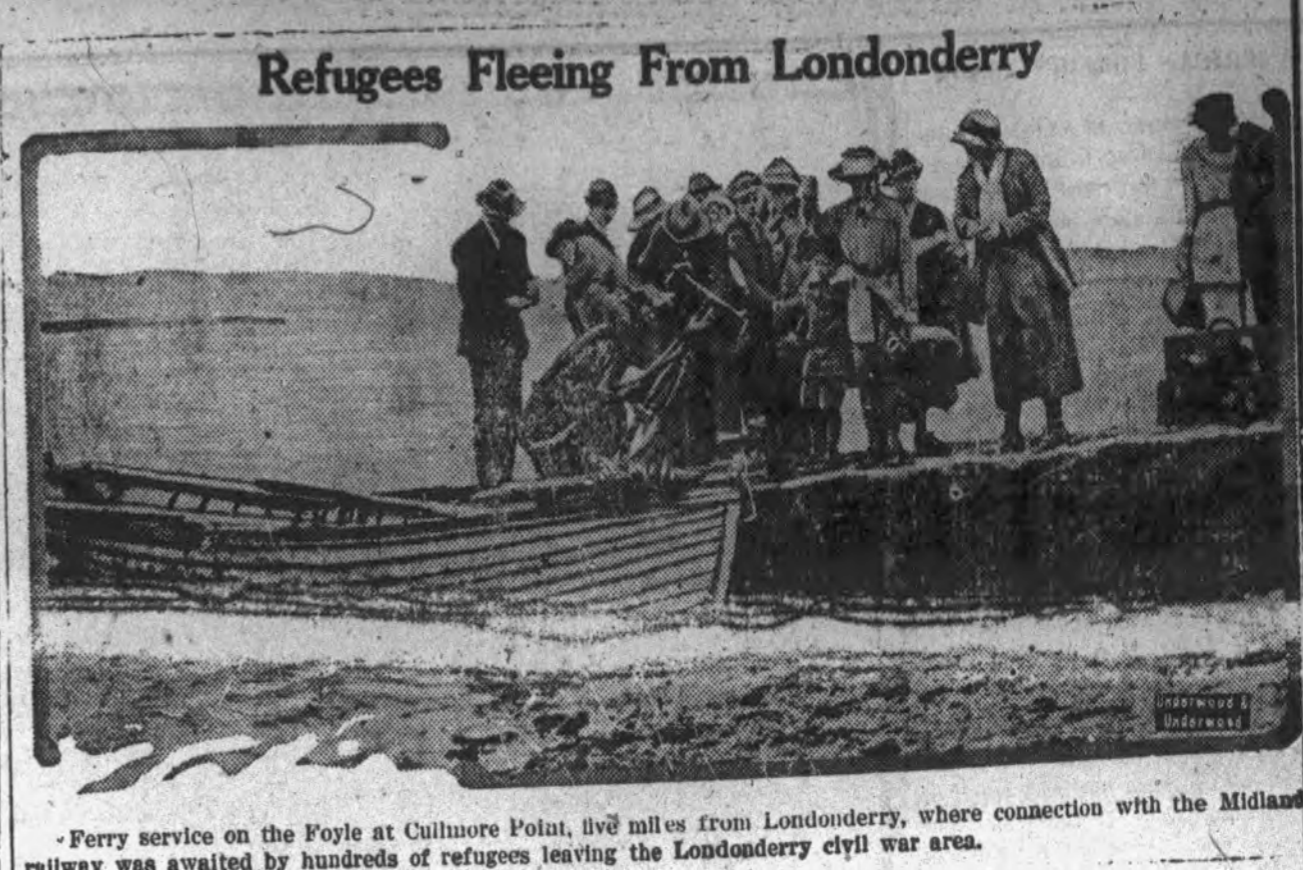

The man or woman who wants to see this nation prosper and peace guaranteed throughout the world will vote the Democratic ticket next Tuesday.

Candidate Harding is likely to make up in a frost next Wednesday morning.

Social And Personal

CONFIDENCE.

It is not to the friend we strive to show our courage and our strength, but to the foe, or to the stranger, passing on his way, who seeks to overwhelm with proud display. But, as in childhood, when the day was through, in looking with we turned to those who were true to us.

Only to those we love may we confess the night's foreboding and the weariness. —Philander Johnson, in Washington Star.

Dr. and Mrs. A. P. Pugh, arrived here this morning from Ridgecrest. Dr. Pugh will supply as pastor of Memorial Baptist church during November. Rev. F. H. Scattergood returned this morning from Wilmington. Mrs. M. A. Whichard, who spent a few days this week with Mrs. D. J. Whitehard, returned home yesterday evening.

PACK HOUSE DESTROYED BY FIRE LAST NIGHT

The pack house on Mr. L. A. Mayo's Whitehead farm, two miles from Greenville was destroyed by fire last night. The pack house contained a large quantity of tobacco which was lost. The total estimate of the loss could not be ascertained.

MRS. MARY STEIDLEY TO CONDUCT SERVICES PRES. CHURCH

Owing to the continued illness of Rev. S. K. Phillips, Mrs. Mary Steidley, of the McLendon team will conduct services in the Presbyterian church next Sunday morning.

BRIDGE CLUB.

Miss Ernestine Forbes was hostess to her bridge club Wednesday evening. Miss Iver Shelburn making the top score was awarded a large bunch of chrysanthemums. At the conclusion of the games an ice course was served. Misses Gladys Bagwell and Elizabeth Tibats were guests of the club.

HALLOWEEN PARTY.

A Hallowe'en party will be given tonight in the Sunday school rooms of Memorial Baptist church for the children of the Sunday school.

PASTOR'S FAREWELL SERMON

On next Sunday morning Rev. W. H. Moore, who is to leave early the coming week for his new charge in Richmond, will preach his farewell sermon as pastor of Memorial Baptist church. Every member of the church especially should be present at that service.

MCLENDON MEETING STARTS NEXT SUNDAY AFTNOON

The large tent being placed on the lot in the rear of the postoffice for the McLendon meeting is nearly in readiness. The tent will seat about 4,000 people and it ought to be filled at every service during the series that will last through four weeks. "Cyclone Mack" arrived today and will hold the first service in the big tent here at 3 o'clock Sunday afternoon. Mr. Carroll who will lead the singing is mustering his forces for a big choir.

DEMOCRATIC NOMINEES.

The Reflector stands square for the entire democratic ticket which the voters of the county will be asked to cast their ballot for on November second; therefore, the names of the nominees will be carried in these columns until the day of election so that all may familiarize themselves with the men who will represent us in America:

For President: JAMES M. COX.
For vice-president: Franklin D. Roosevelt.
For U. S. Senator: Lee S. Overman.
For congress (first district): Hallet S. Ward.
For governor: Cameron Morrison.
For lieutenant-governor: W. B. Cooper.
For secretary of State: J. Bryan Grimes.
For state auditor: Baxter Durham.
For state treasurer: R. B. Lacy.
For superintendent of public instruction: E. C. Brooks.
For attorney general: James S. Manning.
For commissioner of agriculture: W. A. Graham.
For commissioner of labor and printing: M. L. Shipman.
For commissioner of insurance: Stacey W. Wade.
For corporation commissioner: A. J. Maxwell.
For associate justice of supreme court: W. A. Hoke, W. P. Stacy.
COUNTY TICKET.
For county commissioners: H. V. Staton, W. W. Dawson, J. W. Holmes, J. B. Hardee and S. M. Crisp.
For board of education: L. C. Arthur, M. O. Blount and A. G. Cox.
For Register of deeds: J. C. Gaskins.
For sheriff: E. R. Dudley.
For State Senator: N. W. Outlaw.
For representatives: R. W. Spith and Julius Brown.
Surveyor: W. C. Dresbach.
Coryoner: S. G. Wilkerson.

WILSON EXPRESSES

UYMOST CONFIDENCE IN DEMOCRAT CHOICE

Washington, Oct. 29.—President Wilson wrote Governor Cox expressing his confidence in the Democratic presidential nominee and expressed a hope that under Cox's leadership "we shall carry the policy of the national government forward along the path of liberal legislation and humane reform until the whole world again sees an illustration of the wholesome strength of Democracy and the happy fruit of what founders of the republic purposed down they set this great government up. "He said that he had followed Cox's course throughout the campaign with admiration and expressed belief that the governor would receive an emphatic endorsement of the voters of the country.

AUTHORIZES OFFICERS TO ENFORCE ELECTION LAWS IN EVERY SECTION

Washington, Oct. 29.—Attorney General Parker is special instructions to all federal law enforcing authorities to give careful attention to violation of election laws and to show no leniency.

WHITE SAYS GREAT IMPROVEMENT TAKES PLACE IN POLITICS

New York, Oct. 29.—Democratic national chairman, George White said that the political situation points unmistakably to Democratic success and said "Republicans are demoralized from the Canadian boarder to the gulf, and from the Atlantic to the Pacific, and Pacific, and that their forces were in full retreat everywhere."

UNMASKED MAN ROBS BRANCH CITY OFFICE OF OVER \$500 IN CASH

SALE OF PERSONAL PROPERTY, PITT HARDWARE COMPANY, AYDEN, N. C.

Pursuant to an order entered in the cause pending in Pitt Superior Court, entitled Mascot Stove Manufacturing Co., and others, against L. C. Turnage, trading as Pitt Hardware Company, Ayden, N. C., made on the 20th day of October, 1920, by His Honor, W. M. Eoné, Judge riding the Fifth Judicial District of the Superior Courts of North Carolina.

The undersigned receiver will on the 15th day of November, 1920, at 2:30 P. M., in the Town of Ayden, North Carolina, sell to the highest bidder for cash all the goods, wares, merchandise, hardware, fixtures, furniture and all other personal property of the Pitt Hardware Company, Ayden, N. C., and all stock inventories at about \$12,000.00. This is the property of said L. C. Turnage in the business of the Ayden Storage Battery Company, which is inventoried at about \$900.00; said property will be sold as a whole and separately. This sale is made for the purpose of satisfying the creditors of the defendant above named. The purchaser will be required to deposit 10 per cent of his bid with the receiver to await confirmation by Court.

All creditors take notice and attend said sale. Any person interested can see an inventory of same by calling on the receiver, or at the office of Lewis G. Cooper, Esq., in the Edwards Building, Greenville, N. C.

This the 20th day of October, 1920.
R. T. COX, Receiver.

URGES TESTING OF RAILWAY ACT FOR REASONABLE TIME

Alfred Thom Tells Boston Chamber Commerce of Demands of Future.
SAYS TRANSPORTATION ACT VITALLY AFFECTS NATIONAL RAIL SYSTEM
Says Act Is Founded on Recognition of Private Ownership to Public.

Boston, Oct. 28.—Declaring a new conception exists as to the relationship transportation bears to the public welfare, Alfred P. Tom, of Washington, D. C., general counsel for the Association of Railway Executives, in a speech here tonight urged that adequate

opportunity be allowed for the testing of the efficacy of the Transportation Act and the new regulatory policy over the carriers which it prescribes.

Addressing the annual dinner of the Massachusetts State Chamber of Commerce, Mr. Thom declared that a new constructive transportation policy outlined in the act calling for the preservation "in full vigor" of both rail and water transportation has now begun in earnest. This policy, he said, supersedes the "punitive and restrictive governmental policy of regulation" of former years through which a condition of transportation was reached constituting "one of the economic tragedies of history."

The Transportation Act, he said, is founded in part on recognition that private ownership and operation is in the public interest to be preferred to government ownership and operation and that it is more equitable to distribute the cost of supporting it among the persons who use it in proportion to their use than to impose it on all the people irrespective of their use by levying it as an universal tax.

The Act also recognizes he said the principle that the proper financial credit of the railroads is primarily and principally a matter of public, and only in a minor degree of private, concern.

Mr. Thom said that not only is the Transportation act now on trial but also the Interstate Commerce Commission, organized labor, the various state commissions and the carriers themselves.

"The powers conferred upon the Interstate Commerce mission by this act are so enormous and far reaching, that it will become largely responsible for the success or failure of the system of regulation," he said.

"The labor unions are on trial, because the government itself has created an official agency for the fair and equitable adjustment of grievances and controversies as to wages and living conditions and if, in defiance of the conclusions thus officially reached, the labor organizations, contrary to public opinion, interrupt the orderly and continuous movement of interstate commerce upon which the welfare of the whole public depends, they can not expect to be sustained by the people whose will at last, all must bow.

"The carriers are on trial, because an effort has been made to extend to them help of a substantial character in the performance of their public duty which will hold them to a strict accountability for the fidelity and efficiency with which these duties are performed."

ARMY SENDS SOLDIERS TO COLLEGE.

The chance for a thorough college education will soon be open to qualified soldiers of the United States army. From the first grade to the final collegiate degree, the way is being paved by the War Department, with the co-operation of numerous educational institutions, for a complete training in all academic and in many technical courses.

By the autumn of 1921 it will be possible for more than 100 qualified soldiers to lay aside their uniforms and enroll as students in as many colleges throughout the country.

While this project is an entirely new departure for the military establishment, it is the result of a definitely conceived plan to make the army an organization of the fullest educational opportunity and to offer soldiers the same chance for mental improvement which they might secure in civil life.

The present educational and vocational program of the army, which has been in operation for more than a year, includes elementary and secondary subjects and it is now possible for the soldier to obtain the equivalent of a high school education.

GERMANY TO FIGHT STRIKE IN NATION WITH RED CROSSES

"Red Cross of Industry" Organization Assumes Form in Many Sections.

UNIVERSITY STUDENTS ENLISTED IN PLAN TO END GENERAL STRIKES

Organization Operates in Number of Communities Threatened by Disruption.

Stuttgart, Oct. 28.—German industrial leaders believe they have found an effective weapon for fighting general strikes in the Technische Nothilfe, known in Germany and Denmark as the "Red Cross of Industry." As evidence they point to the fact that the organization crushed a general strike in the state of Wuerttemberg in five days when that state was menaced with a complete paralysis of all industrial activity.

The Technische Nothilfe was organized at Stuttgart about a year ago and its operating under the direction of the Minister of the Interior. In normal times only a skeleton office is maintained which occupies itself with preparations for an emergency. Wuerttemberg is divided into 100 sub-districts each of which has a leader whose duty is to prepare a list of volunteers able in emergency to operate all the essential industries of the community. The head offices in the city are furnished with a complete list of such volunteers. The active technical emergency managers of essential industries usually are named as chiefs for those industries and they presumably are non-union men. Among the volunteers listed are university students, engineers, professors in the Polytechnic Institute and unskilled workmen from every class of society.

The central organization makes provision for bedding, foodstuffs and army kitchens for the volunteers who camp by their jobs.

Each volunteer is informed in advance where to report and upon notification of a strike proceeds to that post where the Technische Nothilfe has delivered supplies considers sufficient for the duration of the strike. It is claimed that in a very short time the central offices thus can furnish an operating force for each industry.

The general strike here was called as a protest against the ten percent tax on workmen's wages. It was arranged by the communists but adhered by the majority socialists, the more conservative labor elements and trade unions. Distribution of food ceased and gas, electric and water service was abandoned. The community was confronted with possible chaos when the Technische Nothilfe stepped in, assumed control and manned every essential post, vacated by the strikers, including the highly technical positions.

WORLD'S ZINC SUPPLY.

At present the world's chief source of zinc is the United States, which gained supremacy in the zinc industry when the war eliminated Germany and Belgium from this field, it is declared by the National Bank of Commerce in New York, in the November number of its magazine, Commerce Monthly.

The United States had little export trade in this metal until the war forced foreign consumers to turn to American markets, the bank points out, but its trade is now in excess of that of any other nation and probably will remain so because of the continuing incapacity of the former producing countries to supply the market. The United States exported 109,232 tons of zinc in the first eight months of this year, according to the bank, or nearly ten times the normal annual amount exported before the war.

"Belgium and Germany used to supply most of the international demand," says Commerce Monthly, "but these countries are not now able to produce zinc to compete with the American product. In 1918 Belgium exported 194,513 short tons of spelter, or over nine times as much as did the United States. Although many of the zinc plants escaped destruction during the occupation of Belgium, others were completely dismantled. There has been a loss, moreover, through the disorganization of the skilled laboring force as a consequence of the war. At the same time there is a serious shortage of fuel and of zinc ore.

"Unlike the Belgians the Germans smelted principally from domestic ore. Present fuel and labor conditions, however, are not favorable for extensive zinc production in Germany. Although the ore is found in nearly every country in the world, the deposits in the United States and Germany alone

Chain Price Adjustment Sale

Getting a Second Wind and starting off stronger than ever in the fourth week of our Adjustment Sale.

How the news has spread and how gladly it has been received. Such a long wait for lower prices. A great many people grew weary of waiting and skeptical even when the drop actually came with our big announcement a few weeks ago. But the most skeptical were persuaded with no difficulty when the goods and the prices were really seen. So there have been busy weeks of low prices selling and of enthused thrifty buying—and everyone is asking: "What special are you going to offer next?" All the while we knew but saved the announcement until today. So here is the "What Next" in great assortment and at prices that definitely show that the long awaited change has come. This sale is for you. Come and secure your share.

Saturday Morning Specials

Palolive Soap, 5c a cake, 3 cakes to a customer.
Octogan Soap, 5 a cake, 3 cakes to a customer.
Flesher Worsted Yarns, large size balls..... 45c

URGES SUPPORT OF DEMOCRATS LINED UP BEHIND LEAGUE

Governor Cox Leads for Election of Candidates Supporting League.

REITERATES STATEMENT OF HIS PLAN TO MAKE AGREEMENT ON LEAGUE

Characterizes Harding as One of Conspirators Who Strangled Issue.

Cincinnati, O., Oct. 26.—Special pleas for election of Senatorial candidates favoring the League of Nations were made by Governor Cox today in a tri-State tour touching West Virginia and Kentucky and closing tonight with an address here, where he began his career as a newspaper reporter twenty-five years ago.

The Democratic Presidential candi-

date, reiterating that he would construe his election—in which he expressed utmost confidence—as a positive mandate for American entrance into the league, asked support for Democratic candidates here in Ohio and in Kentucky also whom, he said, stood "four-square" upon the league issue.

"Don't tie my hands by electing a hostile Senator," he urged, reiterating statements made in his formal announcement yesterday that he believed he would "reach an agreement with the Senate regarding the league."

"I have found that America is not so much concerned in the words we use in keeping our pledge," said the governor, "as it is that the meaning be clear and that the only possible step now available be taken to keep wars from being in the future."

Governor Cox also continued his attack upon Senator Harding, his Republican opponent, as a "conspirator" against the league by virtue of the Senator's signature to the "round robin."

"I think you will agree," said the governor, "that a conspiracy was formed in the Senate to strangle the League of Nations to death. Now we are asked to upset the conspiracy and the Senatorial crowd proposes as the official upsetter, a member of the conspirators himself. When a case is tried in court the man under charge never sits in the judge's chair, and he never sits in the jury box, and the American people,

in their desire to overturn this base conspiracy, are not going to designate one of the conspirators himself to carry out the job."

SAYS BIG EASTERN STATES CERTAIN TO SUPPORT GOV. COX

George White Says Victory Is Coming So Fast It Can be Almost Seen.

New York, Oct. 26.—In a statement made public here tonight, George White, chairman of the Democratic National Committee, declared that "victory is coming our way so fast now that we cannot only feel it and hear it, but we can see it."

Mr. White's statement, in part follows:

"Developments of the past two days insure that the Democrats will carry New York, New Jersey, Connecticut, Hampshire we already have. The Massachusetts, and Rhode Island. New

Democratic tide has struck the East and has demolished the false barriers erected by Republican propaganda and money.

"There has been almost a revolution going on in the states I mentioned during the last two days. Awakened finally to the methods of the Republican managers, the people of these states have been coming to the Democratic support in such numbers that I am advised tonight that the Republican state leaders confess their inability to prevent a stampede.

HARVARD UNIT HAS COMPLETED WORK IN DEVASTATED AREA

Construction Unit Returns to America After Doing Splendid Work.

Paris, Oct. 27.—The Harvard reconstruction unit which came to France in July has completed its work in the devastated regions and many of its members have returned to America. Considerable work was accomplished by

the organization which consisted of 25 persons. The American architects planned an entirely new town to take the place of Bourreilles and a new site has been selected. This plan was drawn up by Hale Walker of Carthage, O., George Lee of Boston and Prentiss French of Williamstown, Mass. The new town plan has received the enthusiastic approval of the mayor.

AMERICAN PAPERS GIVEN SPECIAL ACT IN EMPLOYING MEN

(Continued from page one.)
 details of the pension system are to be promulgated in the form of ordinances by the departments of education and interior.

The provisions as applying to the sale of a newspaper are interesting. A new proprietor may within one month give notice to an editorial employe that he will not continue his employment, whereupon the latter is entitled not only to the pay of the period as above provided for but, if he has served the former owner less than five years, also to one year's full pay and, if his service was for a period between five and ten years, to pay for a year and a half.

Should a new proprietor fail to give notice of discharge within 30 days the employes are entitled to one year's notice.

Both the seller and buyer of a property are bound to guarantee the claims of editorial employes.

In event of a paper, six months notice or an equivalent of salary are required. Should a paper alter the political policy the employe can claim the same privileges as if the paper had been sold. In case of dispute an arbitration court is provided for two members being chosen by the parties affected, the fifth to be a member of the National Assembly.

WORLD'S ZINC SUPPLY.

At present the world's chief source of zinc is the United States, which gained supremacy in the zinc industry when the war eliminated Germany and Belgium from this field, it is declared by the National Bank of Commerce in New York, in the November number of its magazine, Commerce Monthly.
