

ARE YOU BETTER THAN A PHARISEE WILL BE EVANGELIST McLENDON'S SUBJECT IN GREENVILLE TONIGHT

That is the Question Which Evangelist Will Fire at His Congregation Tonight, in Which it Will Be Shown that Merely Going to Church Does't Make a Man a Christian.

His text was taken from Matthew: "For I say unto you that except your righteousness shall exceed the righteousness of the scribes and Pharisees ye shall in no case enter the kingdom of heaven."

"Now the Pharisee was the most religious person externally that the world has ever known," began McLendon. "There is not a man or woman who walks that could hope to live up to any other standard of morals than the Pharisee attained in the days of Jesus Christ. Now, you see how much religion a fellow can have and not have any."

The Pharisee was observed by the idea of churchianity. He was a kind of religious snob. They were a sect that affected piety superior to the rest of the people. The Pharisees with all their Pike's Peak profession was the worst bunch that Jesus had to contend with, and they are the worst foes to real, genuine, vital godliness that walk God's green earth.

"You say 'I am a church member.' That doesn't save you; that is not analogous to Christianity. It is one thing to have your name on some old, dusty, musty, rusty church record, and it is another thing to have it on the record in the sky. Church membership is the greatest plank that the devil is using to slide millions into hell on."

The Pharisees were the church-going bunch of their day. We have the same God-forsaken bunch, only we don't call them Pharisees. Yes, they are led by the same God-forsaken, high-browed, stiff-necked, ossified, petrified, mildewed set of mutes.

You say: "I believe in working for my church." So did the Pharisee. Christ said, "Woe unto you scribes and Pharisees, hypocrites, for you compass sea and land to make one proselyte, and when he is made you make him two fold more the child of hell than your selves."

Working for your church doesn't any more make you a Christian than working in a livery stable makes you a horse. Our church members seem to have lost their passion for vital religion, and are jelling in their well-fed contentment, satisfied with magnificent buildings, stained glass windows, pipe organs, vestments, rich influential congregation and spiritual death awaits the church unless she hurts herself from her couch of ease.

"Some so-called church work is abominable. What kind do you do? Do you pray? Do you do personal work and lead folks to a saving knowledge of the Lord Jesus Christ? Conduct prayer meetings? Now, I want to ask you church members of this community how much religion does it take to turn the ice cream freezer, and make oyster soup and wash dishes. You are the kind that are conspicuous by your absence at prayer meeting. You are about as cold as the ice cream you make, and as thin as the oyster soup you manufacture. You need a diver's suit to catch one oyster at one of these church 'festivals.'"

"You say, 'Well, I pray.' Let us see if you are ahead of the Pharisees there. Turn with me to Matthew: 'Woe unto ye Scribes and Pharisees hypocrites for ye devour widows houses, and for a pretense make long prayers; therefore ye shall receive the greater damnation.'"

The Modern Pharisee. "I can see the Pharisee now going down the streets with his shad belled coat, and gold headed cane, with a silk lid on his block, standing in the chief places with a pious look, and a sanctimonious whine, and his eyes rolling like

a dying calf as he parades his piety before God and gives him lots of information about what is going on down here."

From there the evangelist turned again to the subject of tithes and tithing, and stated that one-tenth belonged to the Lord anyway, you didn't give it to Him; that your gift to Him should come out of the other nine-tenths. He added that it was impossible for a man to tithe and not prosper, because "God loveth a cheerful giver."

Fasting was the next point. "At one time," said McLendon, "the Methodist people would fast and pray all day on Friday before their quarterly meeting on Saturday, and then it was that he was falling, salvation rolling, the saints shouting and hundreds being swept into the Kingdom, but the Methodists are like other folks today. We are too busy gormandizing and trying to satisfy our epicurian appetites to even think of fasting. Suppose the pastors of this town had churches filled with members who believed in working for their church and would make long prayers, and practice tithing and fasted twice in the week, you know that it would be heralded to the four corners of the earth on the wings of the Associated Press."

A Minus Interest. "You couldn't get a Pharisee to leave home over a mile on the Sabbath," the evangelist went on in speaking of keeping the commandments. "But in this century, on a Sunday morning, instead of attending to the means of grace we are gadding up and down the country in our automobiles."

"You woman instead of serving God and observing the Sabbath you have turned it into a day for frying and stewing, baking and broiling, to satisfy a lot of gluttons and gormandizers."

McLendon scored worldly pleasures and living right outwardly, and touched upon baptism and communion, then passed to the lack of interest in things religious. "They want a preacher to close at nine o'clock," he said, "but they can go to a theater, lecture, show or dance and stay up until 11 o'clock. Why do they go to church, and snap a watch in the face of the preacher, and sigh, groan, gap and yawn? Because their heart is not in it! I have never heard a sermon since the Lord saved me that I didn't get interested in. If the preacher was doing a lot of talking, and not saying anything, I would sit there with my mouth open and ears burning, and get excited expecting him to say something."

"Suppose some young Buck Wart in this town would call on his sweetheart about eight o'clock, and about eight forty-five he would begin to stretch, sigh, yawn and gap, and pull out his watch and say, 'This is mighty no-motuous and thresome,' do you know what would happen to him? I will tell you. He would leave there on high gear with everything wide open, and you couldn't see him for the dust, as he went over the hill. We have the biggest thing there is, and the reason you get tired is because your heart is not in it."

"Now, I want to ask you church members, where are you ahead of the Pharisee? You say, 'I work for my church,' so did the Pharisee. You say, 'I pray,' so did the Pharisee say long prayers. You say, 'I pay my preacher, so did the Pharisee pay one-tenth of all he made. You say, 'I fast,' so did the Pharisee fast twice every week. You say, 'I keep the commandments,' so did the Pharisee. He was a stickler for keeping the commandments. You say, 'I have come out from the world,' so was the Pharisee separated from the world. You say, 'I live right outwardly,' so was the outward correctness of the Pharisee's life perfect. You say, 'I have been baptized, and take communion.' We have proved in the sermon that these things are not analogous to the New Birth.

TENNESSEE SHATTERS SOUTHERN TRADITIONS BY GOING REPUBLICAN

New York, Nov. 4.—Tennessee swung into swelling Republican columns shattering Democratic traditions of a "solid south." Unofficial but nearly complete returns show Tennessee is coupled with a similar upset in Oklahoma which assured Harding of 386 electoral vote against Cox 127, leaving 18 doubtful, divided among Arizona, Montana, Nevada, New Mexico and Dakota. Commercial Appeal returns in 93 out of 95 counties in Tennessee give Harding a lead of 16 thousand votes. Governor Roberts is beaten by Alfred Taylor decisively. No further actual reports are reported from the South, although several towns in Florida and Louisiana and several counties in Georgia and Alabama broke precedents by a large Harding plurality. The Republicans secured 254 seats in the house of representatives and the Democrats 121, and other parties 4 with 43 contestants. Former speaker Champ Clark is beaten. The Republicans are assured of a lead of ten in the senate with five undetermined.

GERMAN CONGRESS REFUSES TO FAVOR RULE OF RUSSIANS

Sharp Clash Between Communists and Independent Socialists Occurs.

Berlin, Nov. 4.—The first Congress of Shop Soviet recently held here refused to go on record as favoring the Soviet government of Russia. There was a sharp clash between the Communists and Independent Socialists over the question but the motion was voted down about 1,000 delegates attended the meeting.

The workers in the German industrial and commercial establishment, who are now given an active voice in administration of them, were impressed in the congress with the need of conserving raw products so that Germany may produce sufficient finished commodities to enable her to establish credits abroad with which to pay for the importation of the most necessary food and raw materials.

Rudolph Wissel, formerly Minister of Economics said that German textile and iron industries were in need of foreign supplies. The 28,000,000 tons of ore which Germany formerly obtained from Alsace-Lorraine and Luxemburg must now be produced through foreign credits. The Versailles Treaty had deprived the nation of one third of its grain producing areas while the remaining soil had been impoverished by intensified wartime cultivation and lack of fertilizers.

"Now up to this point, the Pharisees' religion will make you people look like a plug copper cent beside a thousand dollar Liberty Bond, and yet with all their morality, churchianity, and religiousness, and commendable qualities, and good traits, and many virtues Jesus said unto His disciples, 'Unless your righteousness exceed their righteousness, ye shall in no case enter the kingdom of heaven.'"

He concluded with saying that what they should have that the Pharisee didn't have was the new birth, the true feeling of religion. "If we preachers don't stand on the wall as watchmen, and lift up our voices and cry aloud, and call the church back to the new birth," he ended, "you may turn your churches into mutual congratulation societies, social endeavors, or third-rate amusement bureaus."

ANNUAL RED CROSS ROLL CALL BEGINS DURING NOVEMBER

Call of Organization Will Expire on Thanksgiving Day, It Is Said.

The American Red Cross will begin its Fourth Annual Roll on November 11 this year, and the time for answering the call expires Thanksgiving. In other words the Roll Call begins on Armistice Day, the new Thanksgiving Day of the American People and ends Nov. 25, the old Thanksgiving Day.

The American people are at last beginning to realize that the Red Cross is not merely an organization that serves on time of war, but that it also has a definite work to do in times of peace and plenty. It is not provincial; it is not sectarian; it is not provincial in its scope, but on the other hand administers the helping hand in time of need to all races and classes in every corner of the earth. There are today members of the Red Cross army fighting starvation and plague in Russia, Mexico, Armenia, Serbia, and other countries.

GREENVILLE STORAGE BATTERY CHANGES OWNERSHIP.

The Greenville Storage Battery Co., formerly owned by Mr. L. A. Randolph and the late M. H. Phillips, which was sold yesterday was purchased by Mr. W. T. Bryan, who will have as his partners J. Knott Proctor and W. G. Downing. Mr. Bryan will handle the sales end, Mr. Proctor the business end and Mr. Downing will have charge of the mechanical department. They will handle the Willard batteries exclusively and will have the agency for three counties, Pitt, Martin and Beaufort. They are preparing to have a complete, modern and up-to-date vulcanizing plant and they state that they intend to give real service to their patrons.

EMPEROR'S ESTATE TO BE DEVOTED TO BIG PENSION FUND

Vast Estate of Late Emperor Francis Joseph to be Given to Soldiers.

Vienna, Nov. 4.—The vast estates of the late Emperor Francis Joseph will be devoted to the pension fund of invalid soldiers under a decision just taken by the cabinet council. Certain castles and dwellings in this city and the nearby suburb of Baden will either be occupied by them or the fund will reimburse.

Included in the arrangement are the splendid estates of Orth, Woessendorf, Maltgnohofen, Poeggstall, Augonten, Luxenburg, Hetzendorf and many other the decision also covering the Lainz Tiergarten, near Vinnet, on which a group of some hundreds of former soldiers recently squatted.

The income of the Prafer, Vienna's most famous suburban park with its numerous restaurants and amusement places, is also included. Many of the estates contain model farms and others are under rentals of much value.

The late Emperor Francis Joseph, who died in 1916, bequeathed 60,000,000 crowns from his private fortune to a fund for wounded soldiers, invalids and relatives of men killed in the war. To two daughters and one granddaughter he bequeathed 20,000,000 crowns each, the remaining 10,000,000 crowns of his estate to be divided among several other legatees.

IN GREENVILLE FORTY YEARS AGO TO HEAR ELECTION NEWS

Mr. G. T. Tyson, one of Pitt's strongest Democratic voters was in town early yesterday to receive election news. He stated that he was in Greenville forty years ago, on the day after election, to hear election news when Garfield was elected president, and he has been coming the day after election from then until now. Very few men are left in this county who can say that they were here forty years ago.

RECENT DISORDERS IN IRELAND CAUSES TAXPAYER TROUBLE

Damage Resulting from Sinn Fein Reprisals Produces Unusual Agitation.

DAMAGE FROM RECENT REPRISALS ESTIMATED AT EARLY \$10,000,000

Unionists Probably Hardest Hit of Any Other People in the Country.

Dublin, Nov. 4.—Taxpayers in Ireland are agitated over the question who is to pay for the damages resulting from reprisals committed by the Black and Tans, or semi-military force, employed by the government to suppress Sinn Fein disorders.

The total amount of damages resulting from Sinn Fein disorders, and reprisals by orangemen and government agents in Ireland is estimated to be nearly \$10,000,000. Already awards amounting to \$5,000,000 for damages inflicted by the Sinn Feiners have been assessed against the taxpayers.

The law prescribes that the taxpayer shall pay for all willful damage to property or life maliciously inflicted. The county judges who pass upon claims arising from damages in Black and Tan reprisals have granted awards to the claimants and attempted to make them the charge against the local authorities. They have however, indicated in their judgments that they believe the government should make good the losses caused by its own servants.

The principal taxpayers in Ireland are for the most part Unionists who are the largest property owners and would be the hardest hit if the taxpayers were compelled to pay these damage claims. While they are anxious to help the government, put down disorder, many disapprove of the Black and Tan reprisals and are unwilling to pay for the consequences of them.

Knotty Problem Presented in Extradition Demand from Belgians.

The Hague, Nov. 2.—Holland, which refused to surrender the former German Emperor to the Allies for trial, has another knotty problem in a demand from the Belgian government for the extradition of Professor de Vreeze, formerly librarian of Ghent university, a political refugee and now librarian Rotterdam.

Professor de Vreeze is one of the Flemish Belgians who during the German occupation of their country sought with German aid, to separate Flanders, the Dutch-speaking part of Belgium, from the French-speaking part. Many of them, when the armistice

showed Germany beaten, fled to Holland. In their absence, they were convicted of treason and some of them are under sentence of death. Professor de Vreeze is accused as a leading "activist" in the Fleming separation movement. Considering this a political offense and therefore not extraditable, the Dutch government would not give him up.

Howdy from New Orleans, Pete!

Shorty gets an earfull!

Say, old clock, you've got the time—maybe you'd like to hear this one! As we were rolling into New Orleans yesterday one of the men in the club car was recounting his cigarette experiences; how he finally pulled a trick on his luck and got set right!

"Well—I've had my cigarette lesson," continued the traveller, "I went up and down the line on cigarettes until I got hold of Camels and got deep into their quality and mildness and delightful flavor! There never was a blend such as Camels combination of choice Turkish and choice Domestic tobaccos! I'll say it—Camels taught me what a cigarette should be and they'll teach any man who smokes!"

Thinks I to myself—"Sic 'em, judge, every word you spill is a sentence!"

Now, Pete, that's the kind of Camel thanks-giving stuff you get north, east, south, west and through the middle! That's all as true as that little sheep will wag their tails!

I did some tall thinking as I browsed through the quaint old French Quarter this evening—how universal the appeal of Camel Cigarettes really is! Figure the travelling I've done and the people I've met—each city different from the other—AND Camels have been the ONE cigarette to be found everywhere—and the cigarette most smoked, at each point! Pete, old backstop, it's wonderful the way folks are sliding home to Camels!

Dallas, Texas, for me!

Yours Shorty.

PATIENT CIRCLE HOLDS MEETING WITH MRS. R. GREENE.

Every Energy to be Devoted to Help Suffering Orphans.

The Kings Daughters held their regular monthly meeting Tuesday evening at the home of Mrs. R. Greene on third street.

The meeting was opened by the president by reading a part of the 10th chapter of St. Luke, which was followed by the prayer of the order. The minutes were read by the secretary which was followed by a long discussion from the visiting and investigating committee.

The circle decided unanimously to devote their every energy in doing their part towards aiding the orphaned, waif and undernourished children now in Europe through the American Relief Administration. There are more than 3,500,000 of these children now crying to America for help. The King's Daughters wish to be a part of those Americans to succor and comfort them if possible. This will be the work of the circle during November. There being no other business the circle adjourned to meet the first Tuesday night in December at the home of Mrs. Jolita Hassell. After the regular meeting those present were treated to delicious refreshments so beautifully served by the hostess, Mrs. Greene.

BIRTHDAY LUNCHEON.

Mrs. A. R. House entertained the members of her family at a six course luncheon yesterday complimentary to her mother, Mrs. Melle Harris, the day being her seventieth birthday. The dining room was beautifully decorated and lighted with shaded lights and cut flowers. The birthday cake with its seventy candles formed the center piece. Mrs. Harris is perhaps one of the most remarkable women for her age, in the state. She enjoys perfect health, possesses a most beautiful Christian character, and to know her is to love her. She numbers her friends by the score.

Immediately after the luncheon a number of her neighbors and friends gave her a surprise shower. The shower contained many useful presents.

**BOSTON ORGANIZES
TO PROMOTE THRIFT
AND SAVINGS HABIT**

Organization Formed and Incorporated to Encourage Savings in State.

Boston, Nov. 2.—An organization to promote thrift and to protect savings has been incorporated here as an outgrowth of the war-time conservation campaigns and the recent Ponzi high finance fiasco. It will be known as the Association for the Promotion and Protection of Savings and will combine with the encouragement of safe investment on educational program to combat quick-rich schemes.

At the head of the association is Alfred L. Alken, former governor of the Federal Reserve Bank in this city. Those associated with him include leaders in the thrift, Liberty Loan and other campaigns of recent years. The association will co-operate with the work of the Savings Division of the Treasury Department, but its activities will be distinct from any government branch.

The educational department will be divided into school and home economic sections, the former covering education in thrift in colleges, public, private, parochial, normal and vocational schools and the latter working with women's organizations, fraternal bodies, the army and navy, the churches and professions.

The business department will be divided into industrial and commercial, agriculture and banking sections. The industrial and commercial section will work with labor unions, associated industries, the wholesale and retail trades Americanization committee and the Young Men's Christian Association industrial secretaries. The agricultural section will be concerned with the granges and farm bureaus and the banking section will have it work with the savings, national, trust company and co-operative banks, insurance and investment banking concerns, and trust companies.

**Every man in the
class knew the answer**

PROFESSOR HASKINS,
WAS A kindly soul,
BRIGHT ON some subjects,
BUT SO absent-minded,
THAT ONE day at the barber's,
HE TOOK off his collar,
TO GET shaved,
AND FORGOT where he was,
AND KEPT right on,
TILL THE cash-girl screamed,
AND A barber stopped him,
HE WAS a great smoker,
BUT HE'D often put
THE BURNT match in his mouth,
AND THROW away
THE CIGARETTE,
HIS STUDENTS loved him,
HE WAS so full
OF FUNNY surprises,
ONE DAY he had a tube,
OF RADIUM and he told
THE STUDENTS all about it,
AND FINALLY, by mistake,
INSTEAD OF the tube,
HE PULLED out one,
OF HIS cigarettes,
AND ASKED the class,
"WHAT IS the one thing,
WHICH DISTINGUISHES,
THIS MARVELOUS substance,
FROM ALL others on earth?"
AND THE class roared,
"THEY SATISFY."

WHAT is it you've always wanted a cigarette to do? You know the answer! Chesterfields do it—they not only please your taste, they satisfy! It's all in the blend—a secret blend of fine Turkish and Domestic tobaccos. It puts Chesterfields where none can touch them for quality and value.

What the Manufacturers Say About the Prices of
MAJESTIC RANGES

To the right is printed a letter just received from the makers of the **GREAT MAJESTIC RANGE**. The price and the range is right.

Buy Your **MAJESTIC RANGE NOW**

While you need it. We will refund to you the difference should the price be lowered between now and March 1, 1921. Fair, Isn't It?

WHY MAJESTIC RANGE PRICES CANNOT BE LOWERED

There are two kinds of prices—honest prices and inflated prices. Sound reasoning will convince anyone that honest prices on ranges cannot be lowered until material and labor is lowered.

Only prices that are inflated (too high) can be lowered today, and leave an honest profit for the manufacturer.

Majestic Range prices are honest prices, they have always been based on actual costs of material and labor, plus an honest living profit. To lower the price of Majestic Ranges today, would be the same as saying our prices WERE inflated, because, material that goes into our range, and labor, is not one cent less than it was when we made our last price—in fact, material is higher right now.

Iron, Steel and Copper, of world-wide demand now, show no indications of a decline.

Skilled workmen who make Majestic Ranges, have never been paid inflated wages, but have always been given honest wages based on costs of honest living. Remember this—the lowering of inflated prices and inflated wages should never be confused with honest prices and honest wages.

Majestic Ranges may seem high—and on the surface they are higher than many other ranges, but, in the long, economical service they give, **THEY ARE THE LOWEST PRICED RANGE ON THE MARKET TODAY.**

SHOWERED WITH BARRAGE OF OVER RIPE EGGS.

Farmville is a Democratic town and a certain Republican sympathizer who was a visitor to that city yesterday will certainly vouch for the same. This person, in question made some remark concerning the equality of the races, and he at once was given a warm reception. After being made to apologize for his remarks he went to the hotel

where he remained until the midnight train, which was the time limit given for his sojourn in Farmville. Thinking that under the cover of night he would be unharmed he went to the train but the "Democrats who never sleep," had secured a shower of over ripe eggs and as a parting gift they gave him a complete shower bath. One egg missed its mark and the conductor received that which was certainly not

intended for him, but which stopped the "get out and stay out" reception.

ORGANIZING BAND IN WINTERVILLE.

Mr. J. N. LaForce, of New York, is now in Winterville organizing a band which will be composed of fifteen high school and town boys. Mr. LaForce has a national reputation as an organizer of bands, and has accomplished much good in the musical world. He stated this morning that the Winter-

ville band was progressing rapidly and in a short while he expects to bring the boys to Greenville and give a concert.
