## TOBACCO GROWERS AT FOUNTAIN PLAN TO CUT ACREAGE

Township Organization Formed At Enthusiastic Meeting at Fountain Last Night

**CANVASSING COMMITTEE TO SCOUR SECTION TODAY TO BETTER MEMBERSHIP**

Ben Diddy Elected President of Temporary Organization and G. P. Owens Vice-President.

The campaign to organize farmers of this county for reduction of tobacco acreage next year was virtually brought to a termination last night with a meeting in Fountain township, which resulted in the formation of a temporary organization to canvass the section today to secure members in preparation for the meeting to be conducted in Greenville tomorrow. Numbers of planters attended the meeting and were unanimous in opinion that organization was the only advisable way to bring about better prices.

It seemed generally agreed that the fight waged by the tobacco growers' association and warehousemen would result in a general cutting of acreage all through the bright leaf belt as well as in burley districts where the fight is in its first stages. Several speakers well acquainted with national conditions explained the situation thoroughly, showing conclusively that reduction of acreage at least one-half will be imperative if better prices are to be anticipated in the near future. Food crops were suggested as appropriate for the surplus acreage, as it was pointed out that the planter would not be dependent on other sections for supplying commodities.

In selection of officers to preside over the township organization Ben Diddy was chosen president; G. P. Owens, vice-president; J. A. Wooten, secretary-treasurer. The executive committee is composed of L. R. Bell, J. T. Gardner, J. Diddy, J. R. Dozier and W. E. Smith. The canvassing committee chosen to canvass the territory today to secure additional members is composed of A. J. Gardner, J. T. Gardner, J. Diddy, Ben Diddy, G. P. Owens, W. J. Killebrew and L. R. Bell.

W. B. Pace, secretary of the county organization, this morning expressed great pleasure with organization work up to the present, declaring the future was most promising for reduction of acreage in this district, which is probably leading the state in activity along this line. At the meeting in Greenville tomorrow, he stated, delegates will be appointed to attend the meeting of the State Tobacco Growers' association and Eastern Carolina Tobacco Warehousemen to be held in Raleigh January 12th. The situation will be considered from every angle at this meeting and definite steps taken to govern the planting of next season's crop.

## THIS COW POOLED GOVERNOR COOLIDGE

Springfield, Mass., Jan. 7.—Vice-President-elect Coolidge can milk a cow, but he did not milk the one he was represented as milking in a photograph taken last July while he was on a vacation at his father's farm in Plymouth, Vt., after his nomination at Chicago. However, it was the cow's fault and not the governor's.

In explaining the misrepresentation to Horace A. Moses, president of the Hampden county improvement league, who was his host recently, Governor Coolidge said that that cow was a creature of temperament and insisted on being milked indoors. The picture released to the press last summer, showed the candidate in the accepted position for milking, and apparently getting results.

"You see," he said, "she had always been accustomed to being milked indoors and when I approached her with a pail and milking stool she quite naturally and in accordance with long established precedent, started for the barn door."

## CURFEW LA WHITS CITY OF DUBLIN IN MIGHTY BAD TIME

Social Functions Forced to be Abandoned At Ten O'Clock As Well As Business.

Dublin, Jan. 7.—The 10 o'clock curfew, lately put into effect, hit Dublin a hard blow. The city had accommodated itself easily to a midnight closing hour previously in force, but the 10 o'clock embargo on all activity meant the complete abandonment of all social functions in the evening. The result has been to kill all the trade serving such events.

The great stores are almost idle, and the managers of some of the most popular of them say that they are operating at a loss. There is no demand for new dresses.

The theaters are suffering most. At one house the first night after curfew, there were only eleven people in the auditorium. The moving picture houses are doing better, but they all have to close at nine to enable their patrons to get home before the curfew hour. The music halls which used to open to two houses a night have now only one. As they were always full for each performance this means cutting off half their income. The tramway company's cars are now nearly empty in the evenings. They lately raised the fares by parliamentary authority to enable them to meet increased expenses, but the drop due to the curfew has more than wiped out the additional receipts.

The regulation is declared to be imposed in the interest of the public to induce them to avoid the risks of being abroad after dark. In present conditions, even if there were no curfew, many people would be too timid to leave home in the evenings.

Still there is much criticism of the imposition of a curfew at 10 o'clock at night, provoked by assassinations which took place at nine in the morning.

## GRIMESLAND BANK IN ANNUAL MEETING THURSDAY EVENING

J. C. Galloway Elected President; W. E. Proctor, Vice-President; J. H. Brooks, Cashier.

The annual meeting of the stockholders of the Bank of Grimesland was held in the auditorium of the high school in that place Thursday, January 6th. The meeting was probably one of the most interesting conducted by the institution since its organization in July, 1920, featuring in the election of officers and directors for the ensuing year, the payment of a five per cent. dividend and several interesting talks by prominent stockholders.

In election of officers, J. C. Galloway was elected president; W. E. Proctor, vice-president, and J. H. Brooks, cashier.

The stockholders elected the following directors: W. E. Proctor, J. C. Galloway, R. L. Little, J. B. James, W. S. Galloway, J. P. Wilson, J. J. Elks, F. A. Elks, W. H. Arnold, W. C. Faucette and C. M. Jones.

Remarkable progress was presented in the report of the cashier which showed that the institution had experienced healthy growth regardless of apparent depressed state of finances and was completely clear of all indebtedness. The talk of each stockholder was particularly interesting because of existing optimism for the future, and it is believed the spirit is going to have much to do with the continued growth of the bank in the next several months.

## KANSAS FARMERS PLAN TO FINANCE BIG WHEAT CROPS

Financial Plan to Market Wheat At Fair Price to be Proposed at Convention in Wichita.

**PROPOSAL WILL CARRY FARMERS OVER TO GOOD PRICES ARE EVIDENT**

Needy Farmer Will Also Be Able to Borrow Money at a Reasonable Rate of Interest.

Wichita, Kan., Jan. 7.—A financial plan to "control and market wheat at a price based on cost of production plus a fair profit" will be worked out at a national convention of the Wheat Growers' Association of America early in the spring, it is announced by W. H. McGreevy, secretary-treasurer.

Organization of the association, the membership of which exceeds 100,000 according to Mr. McGreevy, will be completed in the early months of 1921 in the wheat producing states of the middle west, he declared. He included Minnesota, North and South Dakota, Nebraska, Kansas, Oklahoma, Texas and parts of Colorado and Montana.

"The financial plan to be adopted is one that will enable the wheat grower, who requires money to carry him over the period while he is waiting for suitable market conditions, to borrow money on his wheat at a reasonable rate of interest," said Mr. McGreevy.

"The pooling plan of holding wheat requires the wheat grower to sign agreements which are binding and effective, wherein he agrees to market no wheat until the price of our association, based on cost plus a fair profit, is received."

"The wheat grown by the members of the association shall be marketed gradually and uniformly throughout the year as the flour mills and the exporters may require to supply the le-

## AMERICAN RUBBER INTEREST IN BRAZIL BITTERLY ASSAILED

Members Chamber of Deputies Charge American Trust With Keeping Prices Down.

**NATIVE PLANTERS ARE FORCED FROM FIELD BY UNFAIR COMPETITION**

Claim Governmental Assistance Is Necessary In Order to Still Continue Industry.

Rio de Janeiro, Jan. 7.—Activities of United States rubber interests in the Amazon region of Brazil have been bitterly denounced in speeches before the Chamber of Deputies by three of its members during consideration of the critical situation through which the Amazon district is passing because of the low value of rubber.

The speakers, deputies Salles, Valladares, and Lacerda charged what they termed as the "rubber trust" of the United States with driving down the price of rubber, forcing the native native of estate shrdiu emfwp... planters from the field and then purchasing the plantations at very low prices. The government was called upon for prompt financial assistance to be by the United States interests.

Deputy Salles, representing Amazonian real telegrams from his state affirming that unless prompt governmental assistance was given there would be a general closing down of business in the principal cities of the Amazon district, after stating that the difficulties in the Brazilian rubber industry began in 1914 when the outbreak of the European war left North American buyers alone in the field, Deputy Salles added: "Our nationality is threatened by purchase in small pieces. The rubber planter, losing interest, is abandoning the plantations which the Am-

## City Aldermen Revoke Licenses Of Pool Rooms In Session Last Night

DR. EDWARD BENES  
Dr. Edward Benes, foreign minister of Czechoslovakia, has been the leader of the organization of what is known as the "little entente"—a league of Czechoslovakia, Jugo-Slavia and Roumania, designed to guarantee their integrity and to prevent the return of the Hapsburgs to the throne of Hungary.

## STATE SENATE GRANTS INCREASED SALARIES UNDER THE LONG BILL

Raleigh, Jan. 7.—Following a twenty-minute session of the senate today, during which time Senator Long offered a bill proposing an increase in the salaries of state officers to six thousand dollars, the senate adjourned until 11 o'clock Saturday with the understanding that only routine and local matters would be considered.

Immediately after adjournment the committee on salaries and fees of the senate considered the Long bill and agreed on an increase of \$1,500 for all constitutional officers and \$1,000 for judges of supreme and superior courts. The bill gives the auditor and attorney general \$4,500; the treasurer and secretary of state \$5,000 and the superintendent of education \$5,500.

## CHARGES HAITIANS WITH EFFORTS TO BANISH AMERICANS

Report Gains Sway That Business Interests Desire Removal of Occupation Forces.

Port au Prince, Jan. 7.—Reports that Haitians formerly active in the politics of the republic were trying to put forward a movement looking to the withdrawal of American occupation forces have been widely circulated in Port au Prince. It was said that arrangements were being made by leaders of the movement to send a delegation to Washington to urge that, inasmuch as the bandit bands had been subdued, the government be turned back to the people. Military authorities do not believe that the agitation will be far reaching.

Withdrawal of marines would mean instant departure of nearly every American in business in Haiti, according to the view expressed by Americans generally. Indeed, it is said that if the marines should go, President Dariguenave would start ahead of them.

Discussing this possibility, the President has declared that, under the treaty, the occupation forces will remain until the Washington government is convinced that the gendarmerie is prepared to deal with any situation. It is because of this understanding that the agitation for withdrawal is not taken seriously by the Haitian or American authorities, although it appears to be growing in some quarters.

## Action Taken at Request of Petition Containing Names of Prominent Business Interests.

**SEVERAL WOMEN WITH DELEGATION REGISTER STRONG DISAPPROVAL**

Saleeby and Curry Pool Rooms To Be Closed Today, So Mayor Clark Stated This Morning.

The regular monthly meeting of the board of aldermen conducted in the mayor's office in this city last night proved probably one of the most interesting in several months, as several matters pertaining to civic improvement were discussed at length and permanently settled before the session was finally brought to conclusion. Mayor Clark presided over the session which was largely attended by representatives of various town societies and other organizations registering their protest against the undesirability of two city pool rooms.

A petition presented by the committee, containing names of prominent citizens, requested revocation of licenses of the Saleeby pool room on Evans street and that operated on Ninth for colored people by R. S. Curry. The matter was aired in a number of lengthy speeches presented by members of the delegation headed by S. B. Underwood, superintendent of public instruction in Pitt county, and J. L. Shumose, attorney representing the defendants.

Practically all evidence produced showed conclusively that both pool rooms had declared from the regulations governing their operation. In fact, this was presented in a forceful way by reports of investigations of plain clothes men and city policemen, who declared that both places had been found guilty of selling whiskey, admitting minors and permitting gambling to be indulged in by persons having little respect for morals of the towns. Messrs. J. E. Winslow, J. B. Kittrell, W. L. Best and Mrs. Ada Cherry warmly denounced the part in which both Syrian owners had taken in violating legislation.

Michael Saleeby attempted to show that the reputation of his place was everything it should be, and denied several statements as to his personal career, but regardless of all facts presented in this direction evidence against him was so overwhelming that, with only short consideration the board returned a decision declaring licenses revoked. Both houses will be closed today, Mayor Clark stated this morning.

The storm against the demoralizing influences of the two pool rooms had been brewing for several days, and came to a bursting point when officers discovered that minors were being allowed in the Evans street place. A petition was immediately placed in circulation by members of town societies, resulting in several prominent business interests registering their disapproval. A number of matters pertaining to the city's welfare were taken up after the pool room question had been disposed of, chief among them being the appointment of a whole time sanitary inspector. Dr. Moore was selected to fill this place to take charge immediately. Regular routine work, consisting in settling accounts and the hearing of reports from various city departments consumed the remainder of the session.

## TAG DAYS INSTITUTED BY BERLIN MERCHANTS

Berlin, Dec. 20.—"Tag days" have been instituted in Berlin and other cities to raise money for the relief of children and indigent mothers, of whom it is said the American Friends Service Committee (Quakers) alone are feeding 604,000 daily. In Berlin the Quakers are issuing rations daily to 150,000 mothers and children. The number is reported increasing as the winter advances.

## Facts Concerning Cemetery

TO THE EDITOR:—

Replying to an article of recent date, in which Mr. E. B. Ficklen states that our cemetery as at present kept is a disgrace to the community. Since his article no work has been done in the cemetery, and it is open to inspection. Those familiar with the cemetery will say that it is in better shape than usual at this time of the year. Every street is open and no weeds. The cemetery committee controls the streets only. The cemetery committee has no control over the individual lots or the Methodist lots, and should not be censured for condition of same. Majority of the lots are in excellent condition but some are in a deplorable state. The attention of the owners has been called to their condition several times. The committee, through Mr. J. G. Bowling and Mr. J. L. Whichard in the past year have agreed to clean all lots at \$1 per lot. We have no right to do it free. Notices were published four times in the past year. With no response.

We are glad that Mr. Ficklen calls attention to the fact that the cemetery is small. We know that to be true, and that fact that Greenville is a live town, with room for live people, and we said that we have no room for dead ones, even though they be friends or relatives.

Realizing the necessity, the cemetery committee, composed of W. A. Bowen, Clows Hearne and myself, made numerous attempts last year to either enlarge Cherry Hill and improve it to conform to modern times or secure a new site. Options were secured on the adjoining Cowell and Cobb property and a landscape gardener consulted. Due to lack of interest on the part of citizens and divergent opinions, the recommendation was rejected by the board. Then we went after a new site. Many miles of plowed ground were tramped over by the committee inspecting the Rock Spring site, the Brown site, the Munford site, the Johnston site and a few more desirable ones.

Then due to the fact that it was a community need, we appeared before and requested the co-operation of the various organizations of the city. A day was appointed to inspect sites and conveyances secured for all to ride. Candidly, the attendance was disgusting. Since then we have merely endeavored to keep Cherry Hill cemetery the best we can in its antiquated condition.

Mr. Clows Hearne is chairman of the city park committee and we stand ready to work with and co-operate in every way with any concerted effort to establish a city park or a new cemetery, or to improve the old, and we request an early effort, as there will not be much done until we receive co-operation instead of criticism. The mayor should not be censured for the action or inaction of committees, as we direct him and he is subject to our and your decisions. My term of office expires July 1, 1921. Yours to serve,

CLAUDE TUNSTALL, Chairman Cemetery Committee

## RURAL SCHOOLS TO BE CONSIDERED AT ATLANTA MEETING

Great Problem of American Education to Be First Subject Taken By Superintendents

PROMINENT EDUCATORS TO DISCUSS SITUATION FROM EVERY VIEWPOINT

How to Get Better Teaching Also Will Be Important Topics for Session of March 3

Washington, D. C. Jan. 6.—The great problem of American Education in the rural school will be the first topic considered by the department of superintendence of the National Education Association when it meets at Atlantic City, February 26 March 3. Association headquarters here have estimated that 8,000 Educators will attend this meeting and those of the National Society of Vocational Education, the National Council of Education and other department and allied associations which will also meet in Atlantic City at this time.

One entire session of the department of superintendent will be given over to the consideration of what the rural schools have accomplished and what steps have been taken to better them. The tentative list of speakers on this topic includes Will C. Wood, state superintendent of Education in California; W. L. Harding, retiring governor of Iowa; W. C. Bagley of the Teacher's College, New York and Ralph Decker, superintendent of schools in Sussex county, New Jersey.

How to get better teaching will be another topic at the meeting and other sessions will be devoted to problems peculiar to the duties of school superintendents. City county and state superintendents from all sections of the county have been asked to take part in these discussions.

A number of special addresses are also on the tentative program of the convention. The list of speakers includes Sir Auckland Geddes, ambassador from Great Britain; Representative H. M. Tower, of Iowa who introduced in congress the bill to create a federal department of Education; Nicholas Murray Butler, president of Columbia University; Henry Van Dyke of Princeton University; Dr. P. P. Claxton, United States Commissioner of Education, and Dr. John H. Finley, commissioner of Education for the State of New York. These addresses are to be given at general evening sessions of the department but their subjects have not been announced.

# NOTICE

## To All Our Customers

In view of the fact that there has been some talk among our customers that unless cotton seed went up in price or exchange value they were going to use their own cotton seed on their land instead of selling or exchanging them, we take this privilege of notifying you that unless you are going to be willing to take market price or exchange value for your seed at some time during the present milling season, you will have to call and get your seed prior to February the First or we will not be able to furnish you the seed.

We will gladly let any customer have his seed provided he call for them while we have them. But if he waits until after February the first and we have shipped or crushed them he will have to take the exchange or selling value of the seed instead of the actual seed themselves.

Thanking you for all past favors and assuring you of our desire to serve your interest at all times, We wish you a happy and prosperous year.

Friday, January 7, 1921.

General cut in wages of lumber workers in the Greensboro district has been reported. Another instance assuring us that readjustment is in progress.

The stowaways from Cork may be in this country for a good purpose, but the fact that people from that section appear queerly affected is good reason for officials being cautious as to what they do.

Calvin Coolidge has just retired as governor of Massachusetts, and had better make good of his short life as a private citizen, for after he gets tangled up in government affairs as vice-president sleepless nights will be more in order than happy days. Mr. Harding may not think so, but he has something to learn which Mr. Wilson hasn't divulged.

Labor may not grumble over reduced wages, but it is better to take the reduction and stay at work than to demand high wages and be laid off indefinitely. There are few who look at the matter from a logical point of view, but the wolf playing around the door will bring most any man to his senses, that is, if he hasn't been drinking bad liquor.

Kentucky farmers, especially growers of barley tobacco, seem determined to improve prices next year even if the crop has to be cut out completely for a period of one year. That might be advisable, but the first thing they had better deal with is the present crop, as cost of production of the past was considerably more than it will be in the future.

Union labor leaders in Asheville have announced that they stand pat on present wage scales even in the face of much work being taken out of their hands. Nearly everybody would be glad to stand pat on present wages a year hence, but declining prices of necessities indicate that reductions will be more in order everywhere in the near future.

Halifax taxpayers, it is stated are going to ask for a reassessment of property. Revaluation figures, many claim are too high, particularly to the man that had his over estimated. Complaints of the kind are being heard in this section, too, and it is not improbable that many pieces of property will be assessed again within the next several months.

Representative Clark, of Florida, has seen fit to denounce the National Association for the Advancement of Colored People as a body of "meddling, fussy persons worrying over matters that do not vitally affect the colored man in the least. And if the recent investigation into the Florida affair is to be taken as an example he seems to be perfectly in the right.

The senate immigration committee investigating the coming of aliens to this country has been impressed with the necessity of examining closely every fact connected with the question, and if information counts for anything it feels as if members will be pretty well "up to the hilt" before the inquiry has been completed. With some over two million persons out of employment in America it appears deportation might be carried along much faster than in the past without seriously affecting industry. In fact, industry ought to be much better off.

Democratic National Chairman Geo. White in a statement issued to Ohio newspapers, says the action of Congress in over-riding President Wilson's veto on the measure of establishing the war finance corporation is a "complete reversal of the stand taken by Republicans who in the past claimed President Wilson had been bringing to himself unusual powers and authority by re-establishing a body with such autocratic powers as the war finance corporation. The criticism is not altogether misplaced, but if the corporation should function as successfully under Republican administration as under Democratic control there is little reason to believe that the senate's action will not help the South materially. It is simply a measure to relieve present money stringency felt probably more severely in this section of the country on account of poor prices for farm products, and the revival of the corporation will have a tendency of relieving the situation considerably. It cannot possibly work any great harm to the Federal Reserve Board, as Mr. White seems to believe, nor upset readjustment for this will come about more surely with conditions improved in the South.

Prominent financiers seem to think the safest way back to stable financial conditions is for everybody to take his medicine. The suggestion is very appropriate in one sense of the word, but it was probably forgotten there are different kinds of medicines and some bitter as gall. The man that started the new year several hundred dollars in debt has a different kind of dose from the one even with the world, while the fellow with several hundred dollars laid away to his credit is the one that gets the sweets. Yes, such advice is very appropriate, if you happen to get the right dose.

Repeal of state primary laws was the first question to be taken up by the General Assembly yesterday. Its members have been expecting something interesting, and it really seems they are going to get it in the beginning.

Personal

AS YOU LIKE IT

By Uncle Sol

Various and sundry are the ways  
That some poor Jays do their have  
their ways.  
It's tattle in and babble out  
And rattle till you've got the gout.  
They talk of this and speak of that,  
Forgetful o' the dangerous chat.  
But don't get downcast, neighbor mine,  
The swagging tongue is like a line:  
It has an end, and when it says  
The chances are it has the jags.  
Or mayhaps—I'll make a guess—  
That such a tongue doth need a rest,  
For often weary hath it been  
In speaking to too many men  
And women as they pass, in fine  
Of every dirty, nasty line  
Of slander vile and gossip foul  
Enough to make old Ringoul howl.  
But have a heart, my dear old Top,  
For all such tongues will have to stop.  
And then the wilful, tattling guy  
Will pay the price of all who lie.  
So boys and girls, advice from me,  
Don't ever be called a "Busybee."

Mr. W. A. Corbett, of Wilson, was in the city this morning on business.

Mr. W. C. Edwards, of Fountain, spent several hours here Thursday.

Mr. H. M. Jenkins, of Washington, is among business visitors in Greenville today.

Mr. R. A. Small, of Washington, was here for a short while yesterday afternoon.

Mr. C. M. Walker, of Goldsboro, spent several hours in Greenville yesterday afternoon.

Mr. and Mrs. A. D. Sugg, of Snow Hill, were in Greenville yesterday afternoon.

Mr. J. C. Perry, of Elizabeth City, spent a short time in Greenville Thursday.

Miss Eura West, who has for the past few months been bookkeeper for the Centre Warehouse has accepted a position in the office of Blount-Harvey Company.

TURNAGE-GALLOWAY

The home of Mr. and Mrs. W. S. Galloway, of Grimesland, was the scene of a beautiful wedding yesterday morning when their daughter, Mabel Elizabeth, became the bride of Mr. Harvey Williams Turnage, of Farmville, N. C. Prior to the ceremony, Miss Ada Grey Dixon, of Farmville, sang "Until" and "I Love You Truly." Miss Alice Galloway, sister of the bride, was maid of honor. She wore a frock of black charmeuse with hat to match and carried pink sweet peas. Mr. J. W. Turnage, of Farmville, was best man. Little Miss Elizabeth Dixon, of Farmville, carried the ring on a silver tray.

The bride was given in marriage by her father. She wore a going away suit of blue duvetyn with grey accessories and carried a shower bouquet of bride's roses, orchids and lilies of the valley. Rev. Perry Case, of Wilson, performed the ceremony.

Mrs. Turnage is one of the state's most attractive young women and numbers her friends by the score.

Mr. Turnage is the son of Mr. and Mrs. J. W. Turnage, of Farmville. He is very popular in the business circles and has a bright future before him.

After a tour of northern cities they will return to Farmville where they will make their home.

A large number of out-of-town guests attended the wedding.

THE REFLECTOR'S SATURDAY MARKET BASKET

We wish to call the attention of our many readers to our Saturday Market Basket which appears for the first time in today's issue. Our Market Basket will be of invaluable service to the housewives of the community, as it contains a splendid menu for the Sunday dinner, and in fact is brimful of good things to eat. The basket, which is only a page today, will be enlarged as the weeks go by, and will appear every Friday afternoon. Those who are interested in buying the very best groceries and meats at the lowest prices and the best quality should pay special attention to the "Reflector's Market Basket."

BRIDGE CLUB

Mrs. D. E. Taylor was hostess to her bridge club yesterday at the home of her mother, Mrs. A. H. Critcher, on Dickinson avenue. Many spirited games were enjoyed, at the conclusion of which the hostess served refreshments. Mesdames Roy Batchelor, Earle Carter, O. B. Peatross, of Danville, Mrs. Woolfork and Miss Ward Moore were guests of the club.

CONFISCATED SHIPMENT OF OPIUM IS RETURNED TO CUBA

Manila, P. I., Jan. 7.—Approximately 1,000 pounds of confiscated opium which was sent by the Bureau of Supply of the Philippine Islands to the chief of the Bureau of Insular Affairs at Washington for sale in the United States more than a year ago has just been returned here.

Several months after the opium reached the United States, the chief of the Bureau of Insular Affairs sent the following cablegram to the Governor-General:

"The pharmaceutical manufacturers here do not make any offer for the purchase of the nineteen cases of opium. There is an abundant shipment of Turkish opium in New York city with a more uniform amount of morphine. It is believed that the shipment will be a complete loss."

In view of this cablegram the opium was ordered to be returned to Manila, where it is now being held by the Bureau of Supply.

The publication of an article by an afternoon vernacular newspaper that the opium had been abstracted from the cans during the round trip across the Pacific and molasses substituted, brought forth a denial from the Bureau of Supply. It was asserted that the cans had been opened by the secret service agents and all of the drug had been found intact.

The value of opium confiscated during the last year and now in the hands of the Bureau of Supply is said to amount to several hundred thousand dollars.

COLLECTION AGENCY

R. Greene, Sr., announces through the columns of this paper that he is prepared to collect house rents, and any and all kinds of accounts on small percentage and that he will look after property for owners. This is a splendid idea on Mr. Greene's part and a good opportunity for the people of Greenville who have small accounts or large accounts which they want collected. Mr. Greene has had experience in this line of work, and knows how to go about it in a satisfactory manner both to the creditor and the debtor. He expects to establish an office in a few days and can be found by calling phone 52 or writing P. O. Box 245.

NOTICE

In signing the petition to continue the poll room license, I did not know of any violations of the law, nor did I know of any movement on foot to close this place for such violations, nor of any meeting last night for this purpose, until I came to my place of business this morning. I have always endeavored to stand for those things that tend for the betterment and uplift of the community. I regret the signing of any petition that seemingly places me in any other light. I hope this will fully explain my position to my friends in Greenville.

CLAES LIND

Little of the glory of his famous sister, Jenny Lind, has come to the life of Claes Gustave Wilhelm Lind, superintendent of a Brooklyn (N. Y.) apartment house. He says he never even saw his sister, who left home before he was born. He was twenty-nine years younger than the great soprano, and was born in 1849, the year of her first great success. He came to this country when a young man.

TRUSTEE'S SALE OF LAND

By virtue of power vested in me by that deed of trust executed to me by F. D. Alexander on the 17th day of February, 1917, and recorded in the Register of Deeds' office for Pitt county, in Book I-12, at page 191, default having been made in the payment of the bond due January 1, 1921, and interest on the whole indebtedness, I shall sell at public auction, to the highest bidder for cash, at the Court House door, in the town of Greenville, on the 3rd day of February, 1921, at 12 o'clock, noon, the following described parcel of real estate, lying, being, and situate in the county of Pitt, and State of North Carolina, to-wit:

Being Lot No. 8, according to a plat of R. D. Harrington's George Moore-Little-Ward farms, made by Jarvis B. Harding, civil engineer, on the 6th day of October, 1917, which said plat is duly recorded in the office of the Register of Deeds for Pitt county in Map Book at page , to which said map reference is made for a particular description, the said lot containing 37.45 acres of cleared land and 80.07 acres of wood land, and being the same parcel of land that was conveyed to the said F. D. Alexander by R. D. Harrington.

What is Fifty Dollars To You?

In the fashionable hotel where Rowena worked as a check-room girl, she saw people pay fifty dollars for one little dinner party. All about her was luxury, and she was sick and tired of being poor and shabby. So she decided to get into the game herself. Borrowed finery, stolen pleasures, innocent pretense, serious fibbing—soon she had herself involved in all sorts of embarrassing situations. All might not have ended well had not her Prince Charming happened along at the critical moment. Don't let anything short of a cyclone prevent you from seeing vivacious BEBE DANIELS romp through "YOU NEVER CAN TELL."

## ASKS CONGRESS TO LIMIT IMPORTATION OF GERMAN DYES

American Chemical Society Issues Appeal for Restricted Imports to United States

AMERICAN CHEMISTS  
CANNOT WITHSTAND  
FOREIGN INVASIONS

Dr. Charles Hearty Gives Description of Conditions Prevailing in Dye Industry

New York, Jan. 6.—A plea for Congressional action to restrict the importation of German dyes into the United States has been issued here by the American Chemical Society (through Dr. Charles Hearty, former president of the organization. Dr. Hearty was appointed by President Wilson to negotiate for the American share of the German dyes impounded in France af-

ter the war.

The Eminent chemist calls attention to the action of Great Britain in passing an act similar to the Longworth Bill, which was passed by the United States House of Representatives and held up in the Senate Committee of Finance.

Pointing out the similarity of the dye situation confronting Great Britain and the United States, Dr. Hearty recalls that during the war poison gases were made in German dye factories and adds when our textiles, leather, paper and other industries were smarting under the experience of servility to a foreign nation for supplies of needs dyes and thought of the nation was as to the necessity of a complete self-sustained American dye industry.

Although the American makers of dyes have \$100,000,000 invested in factories and apparatus, prominent American chemists maintain that these manufacturers cannot withstand a German invasion without suitable legislation. They are, however, industries and would be able according to the bulletin of American Chemical Society, to make the other 15 percent if they had time to develop the special processes under favorable auspices.

#### KANSAS FARMERS PLAN TO FINANCE BIG WHEAT CROPS

(Continued from Page One)  
itimate demands of trade.

"That no injustice may occur to the wheat growers while holding their wheat to be marketed under this plan, a storage price that will be fair and just will be allowed to the wheat grower for each month he is required to hold throughout . . . ETAOIN SH hold his wheat for proper marketing conditions. This storage price will enable the wheat growers to deliver their wheat uniformly to market throughout the year without discrimination and injustice to any one of them.

"In answer to the question some time asked as to the meaning of the words on our membership cards where a member signing agrees to abide by the regulations adopted by such organization for the purpose of regulating and marketing the price of wheat after 1919. I would say that this obligation of our membership is necessary to a uniform and concerted action by it to accomplish the objects of our association."

"All rules and regulations are adopted by our membership either in national convention or by committees so authorized by it; so that all obligations of our membership are of its own choosing and are not at any time arbitrarily forced upon it."

## BUILDING PROGRAMS OF FEDERAL RESERVE TO BE INVESTIGATED

**Senator Harris of Georgia Says Expenditures in New York City Have Been Too Great**

(By International News.)  
Washington, Jan. 7.—Inquiry into all expenditures of the Federal Reserve board for buildings was begun today by Senator Harris of Georgia, when he sent a letter to the board demanding that it hand him before January 17th a complete statement, showing expenditures for buildings, furniture and similar items.  
Part of the drive was started by Democrats who have been stirred over the expenditure of \$20,000,000 for a building in New York, which they declare was more than the sum which the government spent for the capitol house, senate office building and state, war and navy buildings.

## SERIES OF SERVICES AT ALLEN'S SCHOOL HOUSE HAVE CLOSED

A series of services which has been in progress at Allen's School House for the past week was brought to a close last Thursday night. Rev. Frank Harrington, of Winterville, had charge of the series, and splendid results were in evidence. Much interest was manifested and several were added to the different churches of the community.

## TINKLER PROPOSES FEDERAL CONTROL OF MUSCLE SHOALS

**Presents Offer to Government, But Thinks Ford Would Be More Gladly Received**

(By International News.)  
Washington, Jan. 7.—Semi-government control of the nitrate plant water power project at Muscle Shoals was contained among suggestions made to Secretary Weeks today by Charles Tinkler, president of the North American Construction company, of San Francisco, when he presented a formal proposal to take over the properties.

"Muscle Shoals is a wonderful proposition and must be finished," said Tinkler. "Wilson dam must be completed. It would be a crime to allow this wonderful proposition to remain uncompleted."

Mr. Tinkler declared he had been shown every courtesy on his inspection trip to Muscle Shoals, but that the turning over of the properties to Henry Ford would be received with gladness throughout the south.

Tinkler was asked to hold himself in readiness for further conferences.

## TRAINING SCHOOL STUDENTS TO HEAR NOTED MAN SPEAK

**Dr. Waldo of Kalamazoo, Michigan, to Talk of Conditions Prevailing in American Schools**

On Monday evening at 8 o'clock, there will be an interesting address at East Carolina Teachers college by Dr. D. B. Waldo of Kalamazoo, Michigan. The public is cordially invited to attend.

Dr. Waldo is president of one of the best teachers colleges in America and is one of the foremost educators of the country. When President Wright heard that he was in Washington city he wired him at once to come to Greenville.

It is only occasionally that the people of the town and school have the opportunity to hear such a man speak. It will be interesting to get the point of view of a man at the head of a school similar to the one in Greenville and yet in such a different section.

## NOTED PIANIST TO APPEAR IN RECITAL HERE JANUARY 23

**D. Hendrik Ezerman of Philadelphia Conservatory, to Appear at the College One Evening**

On the evening of January 23 D. Hendrik Ezerman, one of America's most noted pianists, who is director of the Philadelphia Conservatory, will give a recital at East Carolina Teachers College. The Edgar Allan Poe Literary Society is bringing this famous musician to Greenville. The proceeds from the recital will go towards a fund that the two literary societies are raising to get a portrait of Mr. James L. Fleming to hang on the walls of the institution with those of the other two founders.

At the anniversary of the opening of the school two contributions for this purpose were given to the societies, ten dollars from Dr. Laughinghouse and ten from President Wright, thus making a good start. The people of Greenville will be delighted to know that the students are taking up this work with enthusiasm and are eager to show their gratitude by honoring the memory of the man who introduced into the State Senate the bill for the establishment of the school and who did so much for the cause, yet who lived just long enough to see the doors opened. The town will be glad of an opportunity to help in the movement.

## JACK DEMPSEY THINKS ABOUT BUSINESS CARRIER

Los Angeles.—Forced to remain out of the ring because he has no available opponents, Jack Dempsey has practically given up ring plans for the future and is considering a business career, according to Senator "Bill" Lyons, one of the heavyweight champion's closest friends, in a statement here.

"Dempsey is doing well in vanderbilt," said Lyons, "and from reports I have received is making pretty fair money. Jack is eager for an opponent to loom into view, but there seems to be no prospect of this in the immediate future, so he has practically given up hope of an early fight."

Dempsey is planning to buy a home for his mother in Southern California, according to Lyons, but it is unsettled whether he will enter business in Los Angeles or New York if he decides to cut loose from the fighting game for awhile.

## Locates in This City

Mr. E. L. Roper, who recently accepted a position with the Young Mercantile Co., as manager of the shoe department, has moved his family from Washington to this city and are located at present on Jarvis street. Mr. Roper has had 33 years experience in the dry goods and shoe business. And has many friends in Greenville and Pitt county who wish him such success in his new field of labor.

## BASKETBALL CLUB DEFEATS TARBORO IN OPENING GAME

**Locals Go Over to Tarboro and Win Opening Game of the Season by Score of 23 to 8**

The Greenville high school basketball club defeated Tarboro high school last night in Tarboro by the score of 23 to 8. The contest was the first of the season, and featured in splendid work of both teams, although Greenville showed superior form from the outset. Tarboro made a desperate attempt to overcome the lead gained by the victors in early stages of the game, but made a miserable failure.

Zeno Brown, Dick Williams, Jimmie Barber and Tom Foley made victory possible for Greenville, as it was their work in every stage of the game that caused the score to increase so rapidly. Brown had a total of five field goals to his credit when the game was brought to a conclusion. Williams had four and Barber and Foley one each.

Captain Barber at left guard played an especially fine game, and the success of the club was due largely to his work, combined with that of Brown at right forward, Williams at left forward and Foley at left guard. Three substitutes were placed in the game by Coach Duncan, Joe Mayo taking the place of Gullford Smith at right guard, Norman Williams as guard and Robert Mayo as forward in Barber's place.

Coach Duncan was highly gratified at the outcome of the game, and considered the splendid showing almost unbelievable for the short period of training his club has had this season. He looks forward to even a better showing against Clayton Friday night, and the club will work hard next week with this end in view.

## Epworth League

## AMERICANS IN HAWAII DEEPLY INTERESTED IN WASHINGTON CONFERENCE

**White Residents Greatly Out-numbered by Japanese, Would Fear to See Forts Diminished or Sold as Result of Any Pact Between the Powers.**

(By International News.)  
Honolulu, T. H.—While representatives of the world powers gathered at President Harding's Washington Conference discuss limitation of Naval Armaments, the people of Hawaii, which, by virtue of its position in the middle of the Pacific, is generally considered the strategic key to the entire situation in those waters, await with some anxiety the effect of the conference, and particularly of the formation of the proposed quadruple entente, upon her military and naval defenses.

For, wherever the outcome of the Washington conference, the cold, hard fact remains that out of an estimated total population of 260,000 the territory of Hawaii has less than 30,000 whites all told, while of the remaining 230,000 114,000 are Japanese.

Four coast-defense fortresses command the great semi-circular bay, on the shores of which stands Honolulu, and of which Pearl Harbor is an arm.

At Schofield Barracks, located upon the high plateau over which invading troops landed upon the northern side of the island of Oahu would have to pass, are stationed some 12,000 troops of all arms, a skeletonized division which could be put into the field, fully equipped, almost at a moment's notice.

At Pearl Harbor, the greatest naval base in Pacific waters, are stationed submarines, mine layers, destroyers and seaplanes.

And when the American citizen of Hawaii looks about him and sees a superfluity of brown faces—and re-

## TOBACCO MARKET IS TO RE-OPEN FOR ACTIVITY TUESDAY

**Tobaccoists Looking For Continued Good Prices, Although Amount Tobacco Will Be Small**

The Greenville tobacco market will open following the holiday season Tuesday morning, January 10th. By that time practically all buyers and warehousemen who have been out of the city spending the holidays will have returned and everything will be in readiness for whatever the last half of the season has to offer.

While a greater part of the crop has been disposed of when the market closed for Christmas, tobaccoists are expecting offerings to be fairly good the remainder of the month. Many farmers sold when the market first opened, but there are number who probably held much bright leaf in reserve waiting to see what turn prices would take.

While no one can say definitely how prices will be Tuesday, it is believed they will continue to show as much strength as when the market closed. In fact, numbers of tobaccoists are anticipating an improvement in prices because of unsettled conditions produced by agitators of late marketing measures. Whether there is anything to this suggestion remains to be seen, but it is safe to say buyers and warehousemen are going to exert every effort to keep prices in proportion to cost of production.

The Greenville market has made a mighty good average and at present time has the distinction of being the second largest highest leaf tobacco market in the world. It also made a favorable average in prices compared to surrounding markets. If this should be continued the season will be one of the best in many years.

## MEDICAL SOCIETY TO HOLD MEETING HERE JANUARY 12

**Number Important Matters Be Taken Up at First Meeting of Year Held at Christ Church**

The regular meeting of the Pitt County Medical society will be held at the Christian church in this city Thursday evening January 12, according to announcements that are being mailed out to members of the society in various parts of the county.

An interesting program has been arranged for the meeting, and it is expected a number of important matters dealing with success of the organization during the year will be taken up and fully decided upon. Drs. Dawson and Whitfield will be guests of the society.

The meeting will be presided over by Dr. K. B. Pace, president, and Dr. Schultz will act as secretary. Much interest is centered around the first monthly meeting of the year, and many constructive plans probably will result.

## GENEVA PLAYERS TO APPEAR HERE IN NEXT LYCEUM

**Third Course of the Year to Appear Here Tuesday Night, January 19, at Eight O'clock**

The Geneva Players will appear in the third Redpath Lyceum attraction to be presented at the high school auditorium in this city Tuesday night January 19th, at 8 o'clock. The lyceum comes to Greenville under auspices of the Woman's club and Pitt county post of the American Legion, and it is hoped attendance will be greater than ever before.

The Geneva players have won favorable recognition in every town which they have so far appeared, and Greenville people are assured of an interesting and instructive program. The two local organizations will apply all surplus funds to worthy purposes, and the greater the amount the greater the service to the city.

The first two courses proved interesting in every way and those who were present were impressed by the program.

## GOES HUNTING AND FINDS SITE OF SIX STILLS

A certain man living in Belvoir township had a most unusual experience one day this week while hunting on Cheek's mill run and instead of finding birds he found the sites showed evidence of operation. Still had just been moved the coals were still hot, and a barrel of beer had been left behind. In another place a large number of grape hulls were found and the remaining four sites showed evidence of operation.

## KIWANIS CLUB TO SECURE LOCATION FOR REGULAR HOME

**Site For Building Offered by W. E. Hooker at Interesting Meeting Held Last Night**

The Greenville Kiwanis club held their regular meeting at the Rotary club in this city last night, and enjoyed one of the best programs of the year. The meeting was presided over by J. B. James, recently elected president, with J. A. Applewhite acting officially for the first time as secretary. The usual luncheon was enjoyed, during which time numbers of timely addresses were made.

The most important matter to come up during the evening was the proposal regarding the erection of a Kiwanis home. W. E. Hooker offered a site for the new home, and outlined in detail a plan under which the gift to the club would be made, without any cost whatever. Members expressed their appreciation of the offer and appointed a committee of three to consult with Mr. Hooker regarding the proposed gift. The committee is composed of E. G. Flanagan, chairman, A. M. Moseley and H. A. White.

The committee was also instructed to investigate other suitable locations, either for sale or gift, and report at the next meeting. The public is also requested to notify Chairman Flanagan of any piece of land that might be suitable for the club, and in this way help in establishing the home.

Dr. R. S. Ralley, who recently came to Greenville as director of public health of the county, was a guest of the club last night, and in a few well chosen words expressed his appreciation at the splendid spirit of co-operation shown by the public.

J. H. Little, cashier of the National Bank of Greenville, made an interesting talk, reminiscent of days 28 years ago, when he first entered the banking business here. He said the resources of Greenville banks at the time were only \$20,000, whereas today they approximate ten million. He presented many interesting descriptions of early days of the city and showed to what extent the municipality has progressed.

Dr. Paul Fitzgerald made a witty talk about dentistry, giving the history and other facts of interest in connection with the profession. Kiwanian Heber Forbes talked on "Why short Skirts should be shorter." He presented many original points that provoked much laughter.

J. A. Applewhite discussed the absence of the knot hole in lumber in former days, saying that saws run so slow the knots were pulled out, whereas today they run so fast they are left in the lumber.

President Bert James announced the appointment of the following committees:

Public affairs: B. W. Moseley, chairman; J. B. Harding and M. E. Blount. Reception committee: C. S. Forbes, chairman; E. G. Flanagan and J. S. Ficklen. Classification committee: J. L. Kilgo, chairman; H. L. Smith and A. M. Moseley. Educational committee: T. J. Schee, chairman; C. W. Wilson and K. T. Futrell. House committee: C. Heber Forbes, chairman; Carey Warren and R. L. Moore. Publicity committee: H. L. Smith, chairman; E. G. Fitzgerald and Jim Applewhite. Inter-city committee: H. A. White, chairman; Dr. L. C. Skinner and Albion Dunn. Grievance committee: J. F. Harrington, chairman; J. L. Starkey and Roy Flanagan. Attendance committee: Henry L. Rivers, chairman; Charlie Laughinghouse and Paul Fitzgerald. Finance committee: N. O. Warren, chairman; W. H. Woolard and G. B. D. Hadley. Business methods committee: Zack Vaughan, chairman; I. G. Cooper and H. L. Hodges.

Major Opie denies that he shot any men in his company during the war. Everybody else would do the same if they had only the testimony of a shell shocked victim against them.

Production of cotton may be curtailed because of the coming of the boll weevil this year, but that isn't worrying the public. This surplus acreage is to be planted in food crops, and the boll weevil can do his worst and no one will be injured.

Senator Tom Watson started out with the firm intention of convicting some of the officers who saw service in France, but from all indications he is going to meet with absolute failure. He has presented many accusations, but proving them is entirely another matter.

President Harding can talk disarmament as much as he pleases, but he can never gain the confidence of the public until some of the planks in his platform are cut and measured according to the way the public thinks. It's mighty easy to make promises, but fulfilling them is another thing, as party members have learned.

Members of the illicit whiskey traffic in this part of the state should be punished by the courts at every opportunity, for in this way alone will the traffic ever be reduced as desired. Manufacturers are going to make the vile stuff so long as officers stand on the outside and look on, but when they are punished such brazen effort will cease.

Greenville continues to hold her own as far as cotton prices are concerned, and indications seem to point to even better things during the present year. When the price of cotton and tobacco are in proportion to the cost of production this is destined to be the most prosperous section of the state.

Pitt county people will be gratified when all hard surfaced roads are completed, as every section will be linked together better than ever before. This has been needed for years, but the fact was not realized until some months ago when the government offer for aid was matched by a bond issue of the county.

The administration has many great issues before it, but the greatest seems to be receiving the least consideration. Tax reduction has been talked, but the only thing the county has seen in this direction is the removal of the luxury tax. That's a good beginning, but if it requires as much time to reach the end, the public will be a long time in seeing the change.

Instead of permitting the railroads to do away with permanent flagman, the city fathers should make the ordinance more stringent. Public life is in jeopardy all the time such crossings are not protected, and it's the duty of those in power to provide adequate protection. If this can't be done through overhead or underground passages, then rigid traffic regulations should be enforced. This is the only direct way human life can be saved, and it's up to the city and county to take such measures as necessary.

Hayes isn't shrewd enough for members of the Republican party, so they are trying to give his job to some one who is. The truth is, maybe the postmaster general doesn't want to take in as many colored workmen as the administration desires, and consequently surreptitious influences are working against him. That's policy of the administration. They like to work in an underhanded way, or not at all.

The police department made only five arrests a day during the month of December, according to records presented by Chief Jones this week. That's a record everyone should be proud of, as it shows the bad element is doing better. If we could make the same average all the year, the police wouldn't be such paying proposition.

It is an assured fact that the white way is to be an actuality in Greenville, and the next several days will see preliminary plans for installation of the system practically completed. Every town the size of Greenville needs better lighted streets, and it's gratifying to know the system is to extend over 2 of the principal streets of the city.

It is gratifying to note the Woman's club of Greenville is planning to erect a club building in the near future. Every progressive institution of the kind should have a home of its own, and Greenville woman should support the movement in every way possible.

Wanda Hawley as Golf Novice Makes Hit in "Too Much Wife"

Wanda Hawley had a hard piece of acting, and T. Roy Barnes did not have to act at all, in the golf scenes "Too Much Wife" the Realart feature which comes to White's theatre Monday.

Miss Hawley who really swings a very capable driver, had to act the part of the novice at golf and madly carve the air with a "long shot" club to the despair of her picture husband who finally hands her a milder and lets her push the ball a dismal few yards into the rough, so that the profane parties behind could at least get to the tree.

These scenes will bring roars of mirth from every golfer in the U. S. and probably non-golfers will enjoy them as well.

Toys were packed in cheap coffins exported by Germany before the war to save space.

MRS. W. C. WILLETT DIES AT HOME OF HER DAUGHTER ON CHESTNUT STREET

Mrs. W. C. Willett, aged 61 years, died at the home of her daughter, Mrs. L. A. Whitehurst, on Chestnut street, yesterday afternoon at 5:15 o'clock, after an illness of only a few days. The funeral services were held from the Whitehurst home this afternoon at 3 o'clock, interment following in Cherry Hill cemetery.

Mrs. Willett was here spending the holidays with her daughter and had appeared to be enjoying perfect health until a few days ago when she was taken seriously ill. She is survived by her husband, Mr. W. C. Willett, of Raleigh, two daughters, Mrs. L. A. Whitehurst, of this city, and Mrs. Bertha Whitley of New "Europe", leader, Miss Nellie Wy-Jersey.

CARD OF THANKS

I take this method of thanking my many friends for their kindness to me during the sickness and death of my husband.

MRS. J. ARTHUR TUCKER.

Infant Improving.

Little William Carson, infant son of Mr. and Mrs. Herbert Carson, who has been quite sick, is improving rapidly.

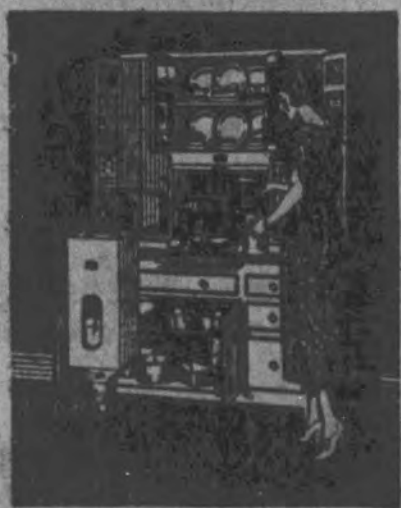

REDUCTION ON ROUGH DRY FAMILY WASH 8c Per Pound

Which means that you can have your family wash done by us for less than what you have to pay a wash woman. There are many features about our service. The work is done as you want it. The price includes the ironing of bed and table linens, towels, or any other flat work. Wearing apparel will be returned rough dry—the few rough dry articles can be ironed in the house at spare times. We use no acids that will shorten the life of the clothes, and guarantee satisfaction on every article.

Phone 10—and permit us to tell you about our family wash service.

## "HARD BOILED" HUBBY NOW HUGS A DIVORCE

Los Angeles, Jan. 5.—Declaring her husband notified her on his return from service in France that he was "hard boiled," and forthwith hugged her so hard her ribs were injured and it hurt her to breathe for several days. Catherine Strode Blakely was granted a divorce from Leslie A. Blakely.

"I want you to understand I am hard boiled," Mrs. Blakely quoted her husband as saying to her. She also declared he said "I have learned something since I have been away."

## BELGIAN GOVERNMENT FIGHTS DRUG TRAFFIC

London.—The Belgian government has decided to employ a corps of women searchers, who will make frequent surprise visits to frontier and outpost stations and subject women passengers in trains coming from Germany to a down-to-the-skin examination.

This decision has been taken because of the ever-increasing abuse of cocaine and heroin in the country. By the law of October, 1919, the importation, production, manufacture and sale of stupefying drugs of this variety, excepting for medical purposes, is forbidden.

These drugs are manufactured in Germany for the most part and brought into Belgium by young women. With some dresses the task of the Customs Officers will be very difficult. A dress with extensive paniers, or a crinoline skirt will offer opportunities for concealing large amounts of drugs.

An increase in the abuse of drugs has coincided with anti-gambling and Pussyfoot legislation in Belgium.

## INSTITUTIONS PROVE TOO GENEROUS WITH DEGREES

Investigation by Bureau of Education Shows Up Too Prevalent Practice.

Washington, Jan. 6.—The United States Bureau of Education has been conducting a quiet investigation into those mushroom educational institutions which spring up overnight and enjoy a short career of commercial success aided by the lavish giving away of "degrees."

A legislative campaign to make it illegal for such institutions to function may be started by the bureau. Annulment of the charter of one university that has been handing out degrees without regard to scholastic attainments may be asked in a civil suit expected to be filed in an eastern court.

The bureau contends that a degree is valuable only when difficult to get, and that when degrees are given they should be bestowed only on men or women of such reputation and qualifications as will reflect credit upon both educational organization and degree conferred. If anyone can get an "LL.D." or "Ph. D." by payment of a fee, real degrees will become of less value.
