BANKING & TRUST COMPANY RENDERS SPLENDID REPORT

Annual Statement Read at Meeting Yesterday Showed Gratifying Progress for Year.

SIX PER CENT DIVIDEND CHECKS COMMENDED BY MAJORITY STOCKHOLDERS

Practically All Old Officers Re-elected For Service During the Ensuing Year.

The twentieth annual meeting of the stockholders of the Greenville Banking and Trust Company was held yesterday afternoon in the court house with 744 shares represented. The president read the statement of the bank for December 29th as made to the corporation commission, which will be found printed elsewhere in this paper. This was followed by remarks by the vice-president and cashier upon the splendid co-operation that has been given him by the officers and directors since he became associated with the bank the first of September.

Reports were made by the chairman of the examining and finance committees of the work in their respective departments, showing that every paper in the bank was sound and the general condition most gratifying. These talks by the officers showed that while the past year had been one of more or less depression in all lines of business and collections correspondingly slow, yet in the last four months this bank had reduced its bills payable from \$1,050,000 to \$391,000, which correspondents had written was the best record made by any bank in Eastern North Carolina.

Of course, under existing business conditions the profits of the bank were not as large the past year as during the previous year, and the dividend checks distributed were for six per cent, half as large as was paid in the previous remarkably large year. The stockholders were gratified at the record the bank had made in such a hard business year as the one just closed, and expressed their thanks to the officers and directors for the efficient management given the institution.

No ban throughout all this section stands higher or shows a better record than the Greenville Banking and Trust Company and it has constantly grown in the esteem of the public through the twenty years of its existence.

The following directors were unanimously re-elected: E. G. Flanagan, H. A. White, E. B. Higgs, A. M. Moseley, W. E. Proctor, R. L. Smith, J. R. Moya, N. O. Warren, R. C. Flanagan, C. O'H. Laughinghouse, J. L. Hassell, S. J. Everett, R. R. Cotten and J. L. Starkey. Upon request of E. B. Ferguson, because his present interests take him elsewhere, he was not re-elected a director, and it was decided to leave the number at fourteen, the same as it was before he was added to the board a year ago.

On motion a telegram of sympathy was sent director N. O. Warren, who is in Richmond with his wife who is very sick in a hospital.

The directors at a subsequent meeting re-elected the following officers: E. G. Flanagan, president; E. B. Higgs, vice-president; W. E. Proctor, vice-president; W. H. Woolard, vice-president and cashier; A. J. Moore, assistant cashier; J. H. Waldrop, assistant cashier.

MR. J. H. WILSON DIES IN THIS CITY TODAY

Mr. J. H. Wilson, assistant superintendent of the Greenville Cotton Mills, died this morning at six o'clock after an illness of several weeks.

Mr. Wilson came to Greenville about two years ago and since that time has made a most efficient assistant superintendent. He is survived by his wife and three children.

The remains will be carried to Tyrone, Ga., for interment.

JOHN GETZ PLAYS PRINCIPAL PART IN CHEER UP MABEL

Nyra Brown Also Takes Leading Role in Musical Comedy at White's Theatre Tonight.

A clean, wholesome, undeniable, sparkling and wholly enjoyable musical attraction is announced as coming to White's Theatre, Wednesday, January 12th, when George E. Wintz presents the brilliant musical revue entitled "Cheer Up Mabel." This lively and optimistic title conveys the purpose of the story, and the story merely serves as an excuse to introduce an extraordinary array of musical comedy talent and a galaxy of extremely beautiful and delightfully youthful girls, who through vocal ability could sing in opera and do at all times dance like fairies. These entertainers flash into and out of view in a series of riotously humorous scenes with a continual and bewildering change of ravishing costumes. In witnessing the process of "cheering up Mabel," it is said that every audience is cheered to the point of exhaustive laughter—a riot of laughter—the kind that makes the eyes stream and the ribs ache. The story, of importance only as a foundation for the numerous songs, specialties, dances, and entertaining novelties, deals with the adventures of Mabel, a beautiful Californian "movie" queen, who falls in love with an aviator, and is induced to abandon her screen successes and go for a three years' honeymoon trip to the Hawaiian Islands, the joyland of tropical flowers, song, dance, and romance. The entrancing musical score includes every phase of hitting harmony from the jazzy to the classical. It is the kind you'll whistle and hum as you leave the theatre, and remain in your memory. For a nearer view of the charming beauties of the feminine ensemble, a feature of the production will be the "Jewelled Illuminated Runway," an elevated strip of brilliantly illuminated footpath extending from the stage to and over the orchestra seats in the auditorium. Over this runway the singing and dancing maidens will from time to time trip their fascinating selves over the heads of the audience, but not too far above to hide their smiling lips, flashing eyes and alluring dimples. In the whirl of musical numbers those most noticeable will be "Hold Me," "Cheer Up Mabel," "Old Fashioned Garden," "Land of Nile," "Koolen Off," "Huddle Me Alone," "Island of Dreams," "My Cuple," "Why Baby."

ANOTHER STILL IS CAPTURED IN RAID BY LOCAL OFFICERS

Hundred Gallon Copper Still Captured By Sheriff Dudley Near County Home Yesterday

OPERATORS MAKE ESCAPE ALTHOUGH IT IS THOUGHT THEY WILL BE ARRESTED

Five Gallons of Whiskey and Molasses Also Captured With the Outfit Complete.

The monkey rum traffic may be on a general increase in this section of the State, as some like to claim, but if the capture of several stills a month has a tendency to interrupt it, then many distillers are suffering. This fact was made more evident yesterday when Sheriff Dudley and deputies succeeded in capturing another still, about three miles southeast of Greenville, together with five gallons of whiskey and one barrel of molasses. Two hundred gallons of beer were also taken with the outfit and destroyed a short time prior to the return of the officers to this city.

The still was located in a broad stretch of woodland a short distance back of the county home and had probably been in operation some time, the officers believe although it was not in operation at the time they made their appearance. It was of the pump type used in distillation of beverages in this section of the State, constructed of copper with worn and all necessary accessories. There were persons at the time the officers appeared but escaped in time to prevent capture. It is believed, however, they were recognized and that apprehension will come about in the course of the investigation now in progress.

Sheriff Dudley and deputies are of the opinion that the traffic is on a slight decrease in many vicinities at this time. This conclusion has been strengthened by lack of monkey rum in evidence in public places, and the absence of blind tigers which were de-

BRITAIN PLANS TO KEEP SUBJECTS IN LOCAL BOUNDARIES

Emigrants from Scotland and Wales To be Urged to Settle Within Own Territories.

London, Jan. 12.—The British government is beginning to put into effect its plan to keep within the boundaries of the British Empire the emigrants from England, Scotland, Wales and Ireland who want to seek new homes in distant parts of the world.

This empire settlement scheme has been held in abeyance since the war because there were so many soldiers to be repatriated; but the first large party comprising 1,100 emigrants has just left for Australia. This party is under government direction and the emigrants received a certain amount of government assistance.

Sir James Connelly, agent for Western Australia, announces that for the next two years 1,000 emigrants will be sent to Australia each month, their passage being paid by the government.

The government has openly expressed its disfavor toward schemes for emigration from the British Isles to South American countries. In consequence, a campaign by Peru to induce English and Scotch to come there and settle has been abandoned after hundreds of them had accepted offers for free transportation to that country.

SEVERE DISORDERS FINALLY ENDED IN MANY PARTS CHINA

Arrival of American, French and British Gunboats Quite Mutinous Soldiers

TELEGRAPH SERVICE SERIOUSLY HAMPERED DURING DISTURBANCE

Japanese Residents of District Said to be Principal Sufferers Among Population

Shanghai, Jan. 12.—After the looting and burning of the important Yangtze river port of Ichang mutinous Chinese soldiers the arrival of British, American, French and Japanese gunboats has brought an end to the outbreak. The insubordinate soldiers held undisputed possession of the city, which numbers upward 40,000 people, for more than five days.

For three days after the outbreak telegraph service down the Yangtze was seriously interrupted. Messengers later found their way down the thousand mile river to the coast carried the information that about 60 Chinese had been killed in the insurrection and that it was ended only when the Chinese Chamber of Commerce of Ichang had agreed to pay \$100,000 to a Chinese officer commanding the mutinous troops.

It was stated that the outbreak developed because the troops had not been paid for six months.

Reports are that Japanese were the principal sufferers among the foreign population, which numbers upwards of 100 persons. Offices of the Robert Co., which operates a line of river steamers up the Yangtze, were among the other foreign establishments looted, according to reports of the company's agent.

The Standard Oil Company's office in this same building was not damaged. It is understood that, probably to avoid international complications, forces were not landed from the gunboats, when it was found that foreign lives were no tin danger and no further damage to foreign property was imminent.

BUILDING AND LOAN SETS GOOD RECORD DURING PAST YEAR

Annual Report Shows Steady and Uninterrupted Growth Through Period of Depression.

For something worthy the consideration of every reader of this paper, attention is called to the annual statement of the Home Building and Loan Association, published on another page. This is a financial institution that was not adversely affected by the business depression of the past year, but went right on growing better and stronger, and making just as much money as ever for its stockholders. Last year there was a gain of nearly four thousand in the number of shares in force, the series of shares were matured and paid off in record time each six months. The loans in force aggregate nearly four hundred thousand dollars which is helping people to own their homes. There is not an institution here that brings more benefit to the people of the community than this association, and neither the home seekers nor investors can put their money in a better place. Anybody who can spare 25 cents a week, and that is easy to do, can own a building and loan share.

SHANGHAI CLAIMS SLIGHT INCREASE IN ITS POPULATION

Latest Census Reports Show City Has Population of 2,000,000 Souls at Present.

Shanghai, Jan. 12.—A quinquennial census taken in October in the French Concession and the International Settlement gives Shanghai a foreign population of 26,800, according to official returns.

A census of the entire city, native and foreign, has never been taken, but careful estimates give the city a total population of over 2,000,000.

The returns show that the International Settlement has a foreign population of 23,307 and the French Concession 3,502. In the two concessions the Japanese lead in point of numbers with 10,521. British are second with 6,385, Americans third with 2,813, and Russians fourth with 1,382. The number of French in the two districts is 846.

The census revealed that the International Settlement has 35 known different nationalities with 18 of undefined nationality.

Most of the Japanese in Shanghai live in the International Settlement where they make up nearly fifty per cent of the foreign population as they number 10,215, an increase of 3,046 since 1915. The heavy influx of Russians from Siberia to the International Settlement in recent years is seen in their number, 1,226, a gain of 905 since 1915.

The German population which in 1915 totalled 1,153 has dwindled in the International Settlement to 280.

The British predominate in the French Concession as they number 1,044. The American residents of the French settlement not only hold second place, but they outnumber the French by 19 as the census gives 549 Americans in the concession and but 530 French.

Charlotte Man Takes Oath of Office in Presence of People From Many Territories

APPEALS FOR CHRISTIAN CONCORD AND PATRIOTISM IN INAUGURAL ADDRESS

Education Problems Confronting State Discussed at Length and With Much Feeling

Raleigh, N. C. Jan. 12.—Cameron Morrison, of Charlotte, was inaugurated at-noon today in the Raleigh Auditorium as Governor of North Carolina in the presence of five thousand citizens representing every section of the commonwealth. The oath of office was administered by Chief of Justice Walter Clark of the North Carolina Supreme Court.

The governor, accompanied by 200 citizens of Charlotte, his two sisters, Mrs. Ada Morrison Nuttall and Miss Ida Morrison, who will reside with him at the mansion, and his eight year old daughter, Angelina, arrived on a special train at 10 o'clock this morning. Following the inauguration, he was escorted to the executive offices in the capitol, where the reins of government were formally turned over to him by the retiring governor, Thomas W. Bickett who, leaving the office, will become a private citizen, residing in Raleigh.

Good roads, education, law enforcement, taxation and health were subjects dealt with by the retiring Governor Morrison, in his address of appeal to all the people of the State to unite in a great spirit of Christian concord and patriotic cooperation to write into the life of the State the program I am about to suggest.

The governor then, concisely outlined the principal aims of his administration beginning with the expression of a desire for law enforcement.

We must enforce the laws against crime in our State with God-like impartiality and justice, he declared. We must let the criminal in our midst know that organized society in this State will make no quarter with crime; that our State's conception of justice though seasoned with mercy, is inexorable and that in our practices of mercy justification for lawlessness can not be found.

The incoming governor, in his plea for health, declared "We must throw around the home and life of our people enlightened world's knowledge of preventive medicine and make ceaseless war upon sickness, suffering and death in this State."

Governor Morrison devoted considerable time to a discussion of the educational problems confronting the State and outlined a constructive program that would enlarge the common school system and provide adequate facilities for giving graduates of high schools an opportunity for pursuing and concluding their education in the State's institutions of higher learning.

"It is not only a duty which must be performed," he declared, "but it is a glorious opportunity to make an investment which is absolutely certain to result in greater profit than any investment which our people could possibly make, and which will result in increased prosperity and strength to every industry in North Carolina."

Discussing the good roads Governor Morrison declared: "We must have good surfaced roads in this State. The main highways must be of hard surfaced and dependable every day in the year. The construction of the main highways must be forced by the State and constructed under its agents in order to get them through a few unprogressive counties that will not construct them and through a few poor counties which do not have sufficient wealth to justify their construction."

"These main highways, in my judgment, should be constructed without delay, and as a whole system, and not stretched over a long period of years, during which the whole State will be paying for a completed system under which there can be no injustice to any section."

The State Department has ruled that the Mayor of Cork will not be admitted, under present law, to the "Irish stew" right here in America.

If the price of beef in Greenville

It would be natural for anyone to assume that prices are really high and efforts of the profiteer earnest.

Senator Overman opposes the repeal of the State primary law. He is a great believer in democracy and his opposition therefore, is not surprising.

Eight cotton mills have resumed operation in Mecklenburg county. This goes to show that industry may be stopped for a short while by reports of hard times, but not for long in a state like North Carolina. Mecklenburg county is thrifty and enterprising and it is natural to expect its industries to go forward.

A prominent member of the National Association of Manufacturers has advised manufacturers to buy raw materials and aid business. The advice is timely, and it considered will mean much in improving conditions. A consumer's strike such as the country has been witnessing is bad enough but a manufacturers strike is probably more severe and will be felt to great extent. It is time the strike idea was abandoned in every form of industry and when this takes place the nation will experience gratifying economic improvement.

Declining prices continue to be in evidence throughout the country, but decidedly slower in rural communities than elsewhere. When merchants dispose of present stocks which in many instances are being literally sacrificed, lower prices are offered, and then, only will the public be in a position to appreciate the extent of the fall. The change has not been so radical for the past several days, and that in the reason the consumer has not been so favorably impressed. However, even better things are in store as the next few weeks will show.

TRADE WITH GERMANY

Trade of the United States with Germany in the year just ended aggregated nearly \$400,000,000 against \$533,000,000 in the biggest year preceding...

Of course, it does not allow, adds the banks statement, that the approximate \$400,000,000 worth of merchandise forming our trade with Germany in the calendar year 1920 represents anything like the quantity of material represented by an equivalent sum prior to the war...

The articles entering the trade with Germany are, on the export side, chiefly food and, in a limited way, manufacturing materials, while on the im-

port side, for the ten months for which details are available, the exports to Germany include \$15,000,000 worth of wheat, \$10,000,000 worth of flour, \$5,000,000 worth of fresh beef, \$10,000,000 worth of bacon, \$14,000,000 worth of lard, \$4,000,000 worth of condensed milk, and a half million dollars worth each of hams and oleo oil.

The State senate committee receding the fate of the measure to increase salaries of state officials has started out in a discouraging way. In fact, if it continues to deliberate as during the first session it is hardly probable increases will be granted at all.

Ninety per cent of national taxes result from war according to reports issued by authorities of the Federal Reserve Board. That being the case it might be advisable for America to swing its skirts clear of anything in the form of war.

The inauguration of Cameron Morrison, of Charlotte, as governor of North Carolina, which occurred in Raleigh today, marks another eventful period in the state's progress. Mr. Morrison's tenure has been varied since entering the political field, and he will be able to serve the state with credit from the things he has learned in dealing with questions of public interest.

President-elect Harding has asked that the inaugural ball be omitted from ceremonies to attend his inauguration. The ball would save money if the ball could be cut out entirely, and Mr. Harding has made a good beginning.

Reports of various banks of the city show that depressed financial conditions have not affected them quite so seriously as some supposed. Each institution has kept far enough ahead to be able to present stockholders with a dividend check. This fact alone shows the thrift and enterprise of men behind the institutions who have been able to protect interests even though money which should have been placed on deposit was being withheld by parties engaged in the "trouble years."

It is too soon to anticipate a return of easy money and industrial conditions, but it is not too soon to expect the laboring class to grind harder than ever to keep the wheels of industry moving without interruption. The downward trend of prices and wages is admittedly disconcerting in many instances, but it must be remembered that readjustment cannot be permanent till the bottom of the hill has been reached.

Congress has provided fifty thousand dollars to defray expenses of President Harding's inauguration, but the way he has cut the social program indicates a much smaller sum will be adequate. This much speaks mighty good for the Republican executive and ought to be a means of promoting a temporary "thrift campaign."

The public is maintaining high war time wages so it appears, therefore it will not be surprising to see numbers of industries cutting and slicing salaries during the next few weeks. This has already taken place in many sections and will be taken up wherever possible. It is one step toward readjustment and should not cause much of a howl.

FRIEND DENIES CHARGES AGAINST DR. FRIZZELLE

TO THE PEOPLE OF PITT COUNTY:

In behalf of Mrs. Ed. Jones and family, and in behalf of Dr. Frizzelle, I wish to discountenance the current report that Dr. Frizzelle has been inconsiderate and cold blooded in a land transaction which was made in the fall of 1919 and by which Mr. Jones and family are losing their savings of a life time. As a friend of all the parties involved I hereby state to the public that Dr. Frizzelle has shown a brotherly interest and consideration as evidenced by his generous donation to the said Jones family of the accrued interest to date, and as evidenced by the additional donation of his professional service given in attending a case of typhoid fever in the family last summer, the aggregate being \$2,500. Moreover, Dr. Frizzelle has proffered an extension of the period of annual payments from 12 to 20 years with the hope of enabling Mr. and Mrs. Jones to meet their obligations as same become due and in order to make their burden as light as possible. But owing to the unfortunate slump in the prices of cotton and tobacco Mr. Jones is unable to meet his obligations and the slump in real estate values makes it improbable and impossible for Mr. Jones to ever pay the purchase price. Mr. Jones, like thousands of others must submit to the inevitable and lose in his deal, not by any fault or inaction of Dr. Frizzelle, but on account of the unforeseen and unexpected fall in the values and prices of everything. Mr. Jones and family are good, honest people; Dr. Frizzelle is a well respected, generous physician and business man. Their mutual attitude is kindly, brotherly and admirable, and the widespread rumor of inconsideration by Dr. Frizzelle is false and unjust. And the public should recall its gossiping tongue and grant to Mr. Jones and Dr. Frizzelle the right to transact and settle their own personal business.

On Tuesday morning, at her home on Fourth street, Mrs. N. W. Outlaw was hostess to her bridge club and a few friends complimentary to Miss Nell White, bride-elect. The home was beautifully decorated with cut flowers and ferns. The five tables for bridge were arranged in the front and back parlors and many spirited games were enjoyed. The score cards represented a bride. Mrs. R. C. Stokes, Jr., made the top score and was awarded a deck of cards.

The table prizes, small sachets, fell to Mrs. Earle Carter, Mrs. L. C. Skinner, Mrs. Albion Dunn, Miss Novella Moye. The hostess then presented the bride-elect with a beautiful piece of lingerie. At the conclusion of the games a tempting salad course was served.

MISSSES MOYE ENTERTAIN FOR BRIDE-ELECT

On Monday afternoon from three until six, Misses Novella and Jessie Moye entertained the members of their bridge club in honor of Miss Nell White, a much-feted bride-elect of the season.

A color scheme of pink, in which the decorations were pink roses, apple-blossoms and candles, was carried out.

Tables were arranged for auction and a number of interesting rubbers played. Marking the places were daintily hand-painted baskets of flowers and the favors were miniature brides-maids' hats filled with salted nuts.

Miss Frances Whedbee, winner of the highest score, was awarded a packet of hand-painted sachet, as were also the winners of the table prizes. The guest of honor was presented with a miniature hat box containing a lovely trunk sachet.

At the close of the games a tempting salad course was served.

MRS. R. C. STOKES ENTERTAINS

Complimentary to Miss Nell White, Bride-elect.

On Tuesday evening at the home of her parents, Dr. and Mrs. Charles Laughinghouse, on Fifth street, Mrs. R. C. Stokes, Jr., was hostess to the younger girls' card club in honor of Miss Nell White, the bride-elect, and Mrs. C. T. Munford, Jr., a recent bride. Tables were set for sixteen, and each guest's appointed place was marked with a tiny calendar. After several spirited games a delightful salad course was served by the hostess, assisted by Miss Novella Moye and Miss Ernestine Forbes. Dainty prizes were presented the honor guests. Mrs. W. P. Bryant was awarded a novel card table cover for making the highest score, and Miss Mary Warren received the booky, an attractive calendar.

The guests of the club were Mrs. Munford, Mrs. E. V. Carter, Mrs. Will Moore, Mrs. J. E. Gorman, Miss Rubelle Forbes, Miss Dorothy Norman and Miss Ruth Andrews.

RECEPTION AT BAPTIST CHURCH

Complimentary to New Pastor and Family.

The reception given last night by the Ladies' Aid Society of Memorial Baptist church in honor of the new pastor, Rev. Leland W. Smith and his wife, was an occasion of much interest and

pleasure, and was attended by a large number of the members and friends of the church.

The Sunday School rooms in which the reception was held were beautifully decorated. After passing the receiving line and getting acquainted with the pastor and his wife, hot tea, wafers, salted peanuts and mints were served by the ladies.

During the reception the callers were entertained with delightful music and readings by Mrs. B. L. Goode and Mrs. W. C. Harris, and a male quartette composed of Messrs. Ned Laughinghouse, Roy Hearne, William Bradshaw and Ed Williams gave several fine selections.

The spirit of the reception was entirely informal and all present heartily entered in the enjoyment.

MR. CHARLES A. MOSELEY DIES ON WAY TO RALEIGH

Mr. Charles A. Moseley, of Charlotte, North Carolina, died suddenly Tuesday afternoon at three o'clock on the Southern train, en route from this city to Raleigh. Mr. Moseley had been spending a few days here with his sister, Mrs. W. T. Lipscomb, Sr., and had also been to Washington and other points. He was on his way to Raleigh to visit his brother, Mr. T. B. Moseley, and his death occurred just before the train reached Selma.

Mr. Moseley was one of the State's most influential citizens. He was vice-president of the firm of Miller-Allaire Company, of New York city, manufacturers and dealers in hats.

He is survived by his wife, who before her marriage, was Miss Sue Summey, and four children, Charles A. Moseley, Jr., of Charlotte; Mrs. Hunter Marshall, Miss Sarah Moseley and Miss Ella Moseley, all of Charlotte. Also four brothers and two sisters, Mr. H. Clifton Moseley, of Brookneal, Va.; Mr. H. E. Moseley, of Finlow, W. Va.; Mr. T. B. Moseley, of Raleigh; D. E. Moseley, Snow Hill, N. C.; Mrs. W. T. Lipscomb, of this city, and Mrs. W. E. Oliver, of Pendleton, S. C.

The body was sent to Charlotte last night, where the funeral will be held today. The body was accompanied to Charlotte by Mr. Moseley's brother, Mr. T. B. Moseley, and Mr. and Mrs. Hunter Marshall, who were in Raleigh at the time of the death of Mr. Moseley.

moralizing influences in every section where they formerly existed. The campaign to bring about further reduction of the traffic will be waged persistently throughout the remainder of the year, and if the public co-operates as it should indications point to great success. Sheriff Dudley has established a record so far which has not been surpassed by another sheriff in the State, as confiscated cells at the county jail will verify, and, if his captures this year equal those of last, he will have established a new one.
