## Allied Troops to March Into Germany

### EDITORS TO MEET AT ST. AUGUSTINE MONDAY MORNING

Thirty Six Annual Session of National Association to be Greatest in Many Years

### TOUR OF FLORIDA TO BE MADE BY SPECIAL TRAIN AT PENSACOLA

Arrangements Have Been Made With Steamship Companies for Trip to Cuba by Interested Editors

Pensacola, Fla., Mar. 7.—The thirty sixth annual convention of the National Editorial Association to be held at Pensacola and St. Augustine, Fla., from March 7 to 12 will be the most important gathering of the association ever held, as far as newspaper interest are concerned, says the announcement of the meeting by H. C. Hotalings of St. Paul, financial and field secretary of the association.

The business session of the convention will be held at St. Augustine over a period of three days but the meeting of the newspaper men will extend until March 25 to permit a tour of the state by special trains and automobiles under arrangement of the Florida press association.

President Warren G. Harding is on the tentative program for a message on Greetings From the Newspaper Men in the White House, and many addresses on various phases of newspaper activities and attendant problems will be heard.

The report of the resolutions committee will be read and officers and the next meeting place selected on the last day of the convention, March 12 on which a banquet will be given the visiting newspaper men by the city of St. Augustine.

After assembling at Birmingham on March 6, plans are for the newspaper men to spend March 7 at Pensacola, where elaborate preparations for entertainment are being made, March 8 at Panama City and Tallahassee, where a banquet will be served.

### Germany Proposals Are Unacceptable To Allied Powers

New Proposals Today Fail to Create Satisfaction Among Members of Supreme Council

London, Mar. 7.—German proposals which French quarters stated today were unacceptable have been submitted to the supreme council before preparations council began session. Dr. Simmons, head of the German delegation told the Allies that German rejected the proposals formulated in Paris and had decided to revert to the idea of provisional arrangement which had been prepared calling for payment thru fixed annuities for the first five years and would give equivalent of the twelve per cent tax on German exports.

### CHINA RELIEF FUND INCREASING RAPIDLY

The following have contributed to the China Relief Fund since Saturday's paper.  
Previously reported \$811.42.  
Sophomore of High School per Miss Elizabeth Hinton, \$20; Mrs. T. A. Person, \$5; A Friend, \$2; W. B. Tilghman, \$2; Immanuel Baptist B. Y. P. U., \$17.88; Endeavor Society of Christian Church, \$118.35; Memorial Baptist B. Y. P. U., \$7.  
Epworth League and Christian Endeavors of Presbyterian Church will report later. The goal is in sight. Let every one do his part today. Send in Your check.  
J. B. Turner, Chairman

### DR. VICTOR BELAUNDE

Dr. Victor Andres Belaunde, who is delegate to the United States from the University of San Marcos, Lima, the oldest university in the new world.

### GREEN STOCKINGS TO BE PRESENTED HERE MARCH 11TH

Raleigh Community Players Promise Entertainment of Great Merit At the Training School

The Lanier Literary Society in bringing to Greenville the Raleigh Community Players to present the play Green Stockings on next Friday evening, Mar. 11, is carrying out their policy of bringing each year something of interest to the School a policy which has been followed during the war. Some years they have brought speakers of note who delivered literary addresses such as Dr. C. Alphonso Smith, Dr. B. F. Slead, and others. Some years ago they brought to the town the Robin Hood Players, who presented Pomander Walk. For the past two years Dr. Hubert Fleet, under the Laniers, has given song recitals; the one last year was free to the public. The Society has charged for the attraction it has presented only when there was a great expense.

Knowing that there would be heavy expense connected with what they proposed to bring here this year, they gave free of charge in the fall a play Standish of Standish. If they find that the people of Greenville give them a full house on Friday evening, thus showing that the town will support them they hope to do greater things in the future.

### Harding Reaches Office Today In Lead of Officers

President Arises Earl and Egan Conference with Secretary Hughes About Panama

Washington, Mar. 7.—Harding began his second day at work at the White House by beating the entire force of secretaries and clerks to the executive offices. He arrived at 8:30, half an hour before work begins. Secretary Hughes and the president went into conference this morning. It is understood they discussed the Panama question.  
Putting into practice the policy of personal consultation with congressional leaders, the president will tonight discuss numerous policies of administration at the White House.

### STEPS TO SOLVE MAIL ROBBERY TO BE TAKEN BY JURY

Illinois Jury to Endeavor to Clear up Charges Against Vernon Kyle Recently Charged With Robbery

### MINISTER REFUSES INFORMATION AS TO PART IN THE AFFAIR

Beyond Admitting His Participation, Kyle Absolutely Refuses to Divulge Anything

(By Associated Press)

Danville, Ill., Mar. 7.—Steps to clear up one of the largest mail robberies of recent years will be considered by the grand jury that meets here to that his credentials had been recognized by that other church. In view of the fact that Mr. Kyle had taken this step while still posing as a minister of the Free Methodist church, Rev. Griffith said, his request for a certificate was denied by vote of the conference he was declared withdrawn from the conference and the church.  
It involves principally Guy Kyle of Mt. Vernon, Illinois, formerly minister, in whose home \$100,000 in cash was found and who confessed. Another lot of \$85,000 mostly cash was found stuffed in auto parts and other places in a garage in Mt. Vernon jointly owned by Mr. Kyle and Loren Williamson. Williamson has denied any connection with the robbery.

Beyond admitting that he participated in the robbery, Mr. Kyle has refused information for publication. There have been stories that a band of expert robbers was involved and others that Kyle was alone.

### TWO SUB CHASERS STANDING WATCH ON FLORIDA COAST

Western-Union Cable Ship Is Berthed At Miami With Naval Boats Close By

Miami, Fla., March 6.—The United States submarine chaser 320 arrived here today to join the S. C. 154 which yesterday halted work on the Western Union Miami-Barbados cable after it had fired a shot across the bow of the cable ship Robert C. Clowry, four miles off coast.

The sub-chaser 320 was dispatched here this morning from the Key West naval base, under order of the commandant of the naval district.

Tonight the Robert C. Clowry, the Western Union own ship, was berthed at the municipal dock awaiting further instructions. The two chasers were standing by, maintaining close watch over it.

The story of the incident yesterday was related briefly today by the commandants of the two ships.

I signaled the cable ship, which was maneuvering, about in search of the buoy, to stop, said Ensign Mm. H. Klapproth, commandant of the sub-chaser 154. When it paid no attention we fired a shot across the bow of the clowry.

Klapproth declared that he was still under orders to prevent work of connecting the cable to the mainland here, but declined to make further comment.  
Capt. H. M. Smith of the Robert C. Clowry refused to make an explanation of the cable ship's activities. I have to immediately after the shot was fired, he said, and proceeded into Miami with the naval vessel, as it ordered me to do.

Mr. J. K. Turnage, of Ayden spent several hours here today.

### ALLIED TROOPS TO MARCH INTO GERMANY TOMORROW MORNING

(By Associated Press)  
London Mar. 7.—Allied troops will march into Germany tomorrow in accordance with decision of the Allies to inflict on Germany penalties provided for because of nonfulfillment of reparations obligations. It was officially announced this afternoon.

### COUNTY BOARD OF AGRICULTURE IN HELPFUL SESSION

Discussion of Co-operative Marketing Plan and Addresses Featured Meeting Here This Morning

The co-operative marketing plan that is receiving such interest by farmers in many sections of the state was discussed in an interesting manner at the regular monthly meeting of the Pitt county board of agriculture at the court house in this city during the morning. Practically every member of the board was present and heartily endorsed the movement for a more direct way of marketing principal crops produced this section of the country. There were only a few holdovers who were only one or two that failed to understand the plan in its entirety, and agreed to wait until the matter is discussed by Dr. Clarence Poe in Greenville next Monday before passing judgment.

O. F. McCary, district demonstration agent appeared before the board and explained the enthusiastic way which the marketing plan is being received in other sections of the country and expressed confidence in the fundamental principal embraced in the movement. He declared that practically all prominent planters, bankers, and business men have been favorably impressed by the new system of marketing recently proposed as a solution to farming problems and evinced a desire to see it accepted by every planter interested in development of the industry.

Mr. Lynd, drainage engineer of Raleigh told of advantages to be derived from proper drainage, and asserted that every farm would be far

### HONOLULU PLANS BIG RECEPTIONS FOR PRESS MEET

Editors and Publishers of World Be Given Typical Hawaiian Reception in October

(By Associated Press)

Honolulu, T. H., Mar. 7.—Editors, publishers and representatives of twenty four newspapers and press associations in the island including five different race organized recently to start immediate preparations to welcome the meeting of the press Congress of the world, which will convene in Honolulu early in October, probably October 1. The exact date will be fixed to coincide with steamship arrivals.

A typical Hawaiian Aloha will be extended to the members of the congress, who are expected to represent forty different countries. Hibiscus, of which there are 2,000 varieties in the island will play the prominent part in the floral welcome to the journalistic visitors which will begin with the old Hawaiian custom of hanging leis, or garlands of flowers about the necks of the guests before their ship reaches the dock.

### ACCIDENT RATES CUT IN HALF BY STEEL COMPANIES

United States Steel Corporation Spend Over Seven Million In Accident Prevention

(By Associated Press)

Chicago, Mar. 7.—The accident rate per thousand employees in the United States Steel Corporation has been cut more than half through the application of organized accident prevention work, according to a report from the corporation received here by the National Safety Council.

This result has been obtained thru 14 years and at a large expenditure the report shows. In the eight years from Jan. 1, 1912 to Sept. 30, 1920 the corporation spent \$7,538,241 in accident prevention work. More than \$35,000 employees have served on safety committees.

The exact decrease in 1920, as compared with 1906 when the corporation began to do organized preventive work was 54.04 per cent. In terms of men it is estimated that 29,550 employees were saved from serious injury in this time.

In the period from Jan. 1, 1912, to Sept. 30, 1920 the steel corporation spent \$23,002,027 for relief of injured men and families if men killed.

For sanitation it laid out the sum of \$14,724,964.

In welfare work it expended \$14,411,487.

The report also contains an analysis of the causes of 220,000 accidents in the companies' plants, constituting according to the National Safety Council the most comprehensive analysis of accident causes ever made by a single industrial organization.

This analysis shows that 44.2 per cent of these accidents or 97,724, occurred in hand labor, while machinery excepting accidents in connection with overhead electric causes caused but 4.94 per cent or 10,808.

### MASTER CHARLES COBB RECOVERS FROM ILLNESS

The many little friends of Master Charles Cobb will be glad to know that he is able to be out again after a few days of illness.

### Large Credit Corporation Goes Into Hands of Receiver to Protect Creditors Threatening Litigation

### NINE LARGE STORES IN EASTERN NORTH CAROLINA AFFECTED BY ACTION

All Stores Will Remain Open It Was Stated by Legal Representatives Here This Morning

Willard & Smith Co. Inc., one of the largest credit corporations in this section of the state today filed notice of voluntary assignment before the Clerk of Superior court, the action resulting principally from business depression and an effort to offset litigation which would cause the organization apportioning losses. Carl L. Willard, legal representative of the firm was appointed temporary receiver under bond of \$5000.

The action vitally affects nine stores of the organization locate at Rose Hill, Pink Hill, Greenville, Wilson, Rock Mount, Washington, Kinston and Tarboro, but it is understood that all stores will remain open while officers endeavor to satisfy creditors in the sum of \$50,000. The complaint was filed by Mr. Jones Smith who has been actively connected with the firm since its organization and extended business relations several months ago, and was precipitated mainly by pressure of impending litigation and protection to creditors.

Statements set forth in the complaint filed before the clerk this morning declared that the corporation, owing to depression in business during the last few months and its inability to collect outstanding accounts, is unable to meet its obligations promptly and continue business in the several localities in which the stores operate. Threatening litigation, which if permitted, would close out the business and waste and dissipate its assets to such extent that the corporation, stockholders and creditors would be threatened with great damage and loss.

The assets of the corporation consist principally of merchandise and building lots located at Pink Hill and outstanding notes. The capital stock is roughly estimated in the neighborhood of \$1,000,000. The company is indebted to its creditors for \$50,000 but believe with continued business and careful management that all obligation will be met in a short time.

The company established a branch store in this city about two years ago, and conducted an extensive time business prior to the period of depression which seriously affected business organizations throughout the entire country. The main office has been located in Pink Hill ever since the corporation was formed and from time to time after the business was opened here, other stores were opened in other cities making the chain one of the largest of its kind in Eastern Carolina.

Attorneys for the corporation stated this morning that prospects for an early recovery have brightened considerably since the complaint was filed, and it is believed, the company will be able to meet its indebtedness and satisfy all creditors and set aside the prospect of litigation which would work great injury and almost irreparable losses.

### ROUTINE MATTERS FEATURE SESSION OF COMMISSIONERS

Only routine matters featured the regular monthly session of the board of county commissioners in this city today, and consequently the session adjourned about the noon hour. Practically ever member of the board was present and evinced much interest in the several matters considered.

Mr. G. C. Holland, of Pink Hill, was numbered among business visitors in Greenville this morning.

Monday Afternoon March 7

The people are expecting great things from G. O. P. members of the cabinet. They have made great promises, and the world looks expectantly for fulfillment.

Germany is placing itself in position for another licking, but fortunately the United States is not sufficiently involved to be troubled about joining the impending state of belligerency.

That ultimatum to Germany probably may cause the Kaiser to hunt a cave in Holland, for it is realized that if the boys get bust again the former emperor will be the first man to be hauled up for personal inspection.

Appropriations for state institutions continue to receive great consideration by the legislature, and there is every indication the closing session will vitiate have shown good judgement in new a considerable increase. The legis many matters, and in this particular.

California ought to be satisfied so long as Japan has public thought centered on the Island of Yap. By dumping some of the Japanese undsirables in the ne wdistrict Japan might for a short time pacify the strained relation existing with California.

Official Washington did well to honor the memory of Champ Clark, for he wa some of the greatest forces of the democratic party. His influence will be missed greatly in the future, but like all great men his ideals will be perpetuated by those who realize what his endeavor meant to the country.

The proposal of the board of moving picture censorship has caused people to realize how unnecessary such an issue is. Yet there are those who would have us believe the general view of pictures are the said ind. It is evident they haven't visited picture shows enough to realize how absurd these charges are.

Reports show continued interest in the China relief campaign in progress in this city. People are giving in a way that indicates they have a feeling for humanity. This is ver commendable, and speaks well for Dr. Turner in his great effort to raise the county appropriation as soon as possible.

Numerous bills received the death blow before congress convened for inauguration. However, the next session will see the Republican majority passing everything it desires. This is sufficient evidence that many bills will be put across without democratic approval.

One of the motion picture reformers suggest now that newspapers and magazines be censored. That's carrying things so far that the public in a short time will be ready to repudiate the whole business. Reformers are all right in the right place, but like other things they can be carried far enough disgust even ardent supporters.

In vetoing the Fordney tariff measure intended to erect high trade barriers President Wilson declared the bill riers such as the country does not need. It would bring the relief necessary to relieve the farmers, therefore it may be easily surmised that the president knows more about conditions than the Republicans gave hi meredit for. It's a safe bet the people realize the wisdom of Woodrow Wilson's policy. He has lat to do an good.

NO SHORT WAY OUT

There is no short way out of existing conditions, President Wilson explained in vetoing the Fordney tariff measure. The sooner the country learn the wisdom of this simple expression and gets down to actual labor the better off everyone will be. The president understands conditions in this country better than any other single man living. He has proved this beyond doubt in past activities, but even staunch democrats will continue believing that somehow there's something wrong somewhere and that the president is wrong. If the world had listened to him months ago instead of arguing over things unfamiliar and foreign wheels of industry would be humming, economic conditions be improved and the entire nation on firmer business basis than in years. It is easy to listen to persuasive arguments from opposing sources, but when logic is weighed in the balance it is generally found that the former president of the United States had ideals for America too lofty and ambitious for his own people to comprehend.

The proposal by Senator Outlaw of Pitt county that the legislature establish a memorial to former Governor Jarvis by appropriating the sum of \$150 monthly for his widow who resides in this city has been received by members of the senate, and it is quite probably it will pass the house by a good majority. The action is very commendable on part of the legislature as the great work of Pitt county's illustrious governor could not be perpetuated in an appropriate way than providing Mrs. Jarvis, who has resided in Greenville since the death of her husband. Such memorials are more expressive of appreciation than any towering shaft of marble and shows to what extent the state remembers the invaluable services of one of its noblest statesmen.

If the city authorities find it advisable to convert the ravine near the high school into a city park the public won't have anything to say against the action. The town for a long time has been in need of some place for recreation and a public place of rest will

meet requirements more than anything. The ravine by proper constructive work could be reclaimed easily, and even if the city is forced to spend a considerable sum of money it will be well worth the price. Every town the size of Greenville has some place of diversion, because it adds to appearance and gives visitors a much better opinion. The proposition is an appealing one and the quicker the committee devises ways and means for making the park possible the better people will like it.

The long list of bills that have been considered by the legislature this year causes one to believe many of the saloons could have placed their time at more profitable employment at odd moments. Many of the measures provide for things absolutely unessential, while others are all right. The legislature has a long way to travel before completing its work, and after its all over about the only thing the state will have to be proud of is the provisions made for road improvements.

People who have been expecting great things to happen after the change of administration may strain their eyes and ears for the unexpected almost any time now. If the price of cotton and tobacco does not advance, however no one need be discouraged, for conditions are not any more subject to improvement now than when the democrats had charge of things. The republicans caught people yearning for something, and made good of the opportunity with false promises of prosperity. Prosperity is the result of personal endeavor, and the quicker communities awaken to this fact the better off the whole country will be.
