GREENVILLE, NORTH CAROLINA, FRIDAY AFTERNOON, APRIL 15, 1921

No 196

## FIVE CASES HEARD IN COUNTY COURT IN CITY THURSDAY

**E. H. Hatcher, of LaGrange, Failed to Recover Car Seized By Police Several Days Ago**

Only five cases were disposed of in yesterday's session of Pitt county court and consequently the splendid record established the early part of the week failed to be maintained as expected. The session was altogether different from that of the day before in the jail and road sentences failed to predominate, and only fines were entered against those appearing for trial during the day's proceedings.

The most important case taken up by the court and one that consumed practically the entire afternoon session was that against E. H. Hatcher, charged with transporting liquor. Judgment was suspended on payment of cost and an auto which was seized and condemned by the court. The case originated in Ayden. A negro man driving Hatcher's car was arrested by Ayden police. Liquor was found in his possession, but he claimed it was not his and that he was hauling for someone else. Mr. Hatcher heard of the affair and immediately claimed the car, contending the negro stole it from him.

The negro, whose name is John Willoughby, pleaded guilty of transporting liquor, but said both the automobile and whiskey belonged to Hatcher and that he was trying to frame up on him. He apparently told a straight tale about the affair, and the jury returned a verdict of guilty, declaring the car should not be returned back to Mr. Hatcher because of it being used for an unlawful purpose.

Hatcher is said to be a well to do business man of LaGrange, and testimony presented in his interest yesterday by citizens of that place tended to show he was a man of character and integrity. The only witness appearing for the state were members of the Ayden police department and the negro who confessed his guilt without parleying.

Charlie Exum, colored, charged with selling contraband liquor, was fined \$100 and costs. Prayer for judgment was continued for a period of two years in case the defendant proves himself a law abiding citizen.

Nathan Meakes, white man of the Stokes section was charged with stealing a watch from Mr. Bill Whitehurst, was fined \$50 and costs and \$15 as price of the watch. Notice of appeal to superior court was immediately filed. It was alleged that Meakes found the watch shortly after lost by Mr. Whitehurst and when questioned about it said he didn't have it. Two persons happened to see the young fellow when he picked up the watch, and they constituted the principal witnesses in interest of the state.

Beady Gardner, charged with slandering, was found not guilty. William Langley, colored, reckless driving and assault with deadly weapon not guilty. Cleve Alford, carrying a concealed weapon, was found not guilty.

### TWO DEEDS OF TRANSFER FILED SINCE YESTERDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since reports of yesterday afternoon: R. C. Flanagan and wife to Charles Sparkman and wife consideration \$275; R. B. Newton and wife to J. H. Holmes, consideration \$500.

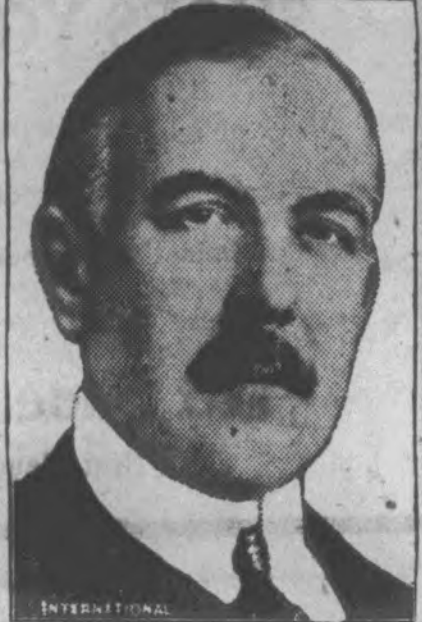

### CAKES FOR SUNDAY

Place your order for a Sunday cake with the Ladies Exchange—Phones 26, 56, and 261-J.

Messrs. J. A. Jarrell, E. W. Fleming and G. T. Gardner, of Grifton, attended county court in this city today.

Miss Emily H. Walker, of Atlanta, representing the American Red Cross, was in the city today conferring with members of the local chapter.

A. H. SMITH

A. H. Smith is president of the New York Central.

## BAPTIST REVIVAL SERVICES DRAWING SPLENDID CROWDS

**Immanuel Series of Services Has Not Yet Slackened In Interest as Attendance is Still Large**

The revival at the Immanuel Baptist church has not yet slackened in interest, though Dr. Vines preached his last sermon Wednesday night. The pastor occupied the pulpit last night and was greeted by a splendid congregation. There were two additions to the church, one by baptism, the other by statement. The theme discussed was based on the story of Simon's feast given in honor of Jesus, recorded in the 7th chapter of Luke. The woman who was a sinner was the immediate basis of the sermon. She broke all social barriers and customs and came to see Jesus, knowing full well that He would give her the ease from worry her heart yearned for. Three points were stressed. First, the woman was where a sinner ought to be at the feet of Jesus. The speaker made the point that the sinners' primary place is at Jesus' feet. He is not the child of God. The prayer of the publican in the temple, 'Lord, have mercy on me a sinner,' is his only prayer. He is not an adopted member of the great family of God, for to become an heir and a joint heir with Jesus Christ one must accept the conditions laid down by Jesus. The second thought had to do with the woman's penitence. She was doing what a sinner ought to do, telling Jesus of her sins. Penitence is sorrow, but it is more than sorrow. Anyone is sorry of the consequences of his sins, when once they are brought to light. True penitence is sorrow for the sin principle in one. That was the condition of Peter, not of Judas. The last point stressed had to do with the Christ's words to the woman she was hearing, what a sinner ought to hear, words of forgiveness from the lips of Jesus. All the Heaven bound people have heard these words. The idea of Christ's death standing the redeemed a good stead when they meet God was illustrated. Von Hindenburg and Bethman Hollweg offered to stand trial for the Kaiser, but the offer was rejected. The sins of the Kaiser would still blacken his soul and mar the relations between Germany and the rest of the world. But Jesus paid our debt to God in the complete only an infinite being can pay an infinite debt. Our sin against God is infinite. Jesus is God's revelation. His death can satisfy the Father but only His death. Trust in what Jesus did in his life and death will pay the debt and set us free.

There will be services tonight at 7:45. The meeting will close Sunday night, at which time the rite of baptism will be administered. The public is cordially invited to attend these services.

### MEETING OF CHILDREN'S FINE ARTS DEPARTMENT

The Children's Fine Arts department of the Woman's Club, will meet Saturday afternoon at 3:30 o'clock with Miss Patie Wooten. Music will be the subject. Every member is requested to be present.

## THREE MEMBERS TO COLLEGE MORALS QUIT LABOR BOARD IN SESSION TODAY

**Henry Hunt, W. L. Oak and J. J. Forester Among Members Whose Term Expires With Today**

Chicago, April 15.—The terms of three members of the United States Railroad Labor Board expire tomorrow April 15, marking the first birthday of the federal body as established under the Transportation act of 1920. One member of the public, railway and labor groups terminates his one-year appointment.

The one year members were Henry T. Hunt, of Cincinnati, for the public; W. L. Park, of Chicago, railway member; and J. J. Forester of Washington D. C., representing labor. They may be reappointed or successors appointed by the President, with the confirmation of Congress.

The Railroad Labor Board consists of nine members, three in each of the public railway and labor groups. When the first appointments were made on April 15, 1920, one member of each group was appointed for one year, one for each group for two years and the third from each group for three years. Appointments as vacancies occur are to be for five years.

The outgoing public member, Henry Thomas Hunt, is a lawyer and former mayor of Cincinnati. During the war, he attended the first officers' training camp at Fort Ben Harrison commissioned first lieutenant and subsequently being promoted to major in May, 1913, Maj. Hunt served with the A. E. F. from September of that year until the following January and was a member of the War Department Board of Contract Adjutant in Washington when appointed to the Labor Board.

## NEW YORK FIRST STATE TO VISIT IN YOSEMITE VALLEY

**State to be First Represented at New Resort Recently Opened in That Section of Country**

Yosemite, Cal., April 15.—New York was first on the list of home states of the many who visited Yosemite National Park during the resort's first season, which closed today. In all, the Yosemite visitors of the winter months registered from thirty seven states and twenty foreign countries.

Ohio was next to New York with Illinois, Pennsylvania, Massachusetts, Michigan and New Jersey following in the order named. The middle west which sends thousands of tourists into the coast mountains during the summer, was scantily represented.

Of the foreign countries, the Englishman predominated with the Hollander a close second. Australia, Japan, Canada and Java sent large delegations.

Park officials said the chief difficulty encountered in introducing Yosemite in winter was to convince travelers the valley was not snowed in twenty feet, because of its 4,000-foot altitude. Many easterners, wintering in California, believed the valley could not be reached at this season.

### TICKETS FOR MONSIEUR BEAUCAIRE TO GO ON SALE SATURDAY 75 and 1.00

Tickets for the Senior Play, Monsieur Beaucaire, will be on sale at the Warren Drug Co., on Saturday. Prices for admission are 75 and \$1.00. The performance will be on next Friday evening, April 22, at 8:30 in the auditorium of East Carolina Teachers Training School.

### ST. PAUL'S CHURCH

Friday: Litany 8 P. M. and address by Miss Watkins, Field Secretary of the Girls Friendly, Public invited.

## TO BE CONSIDERED BY STUDENT BODY

**University Faculty at Princeton University to Turn Situation Over to Students of School**

Princeton, N. J. April 15.—University faculties throughout the United States are watching with keen interest the experiment put in effect at Princeton to have the under graduates handle the situation with regard to the morals of the student body. The ruling marks the beginning of an epoch in student government in American universities. The professors of Old Nassau have decided the time has come when the under graduate is better able to handle the question of morals than the discipline committee of the faculty itself. Accordingly they have placed in the Senior Council the power to recommend the punishment of students for acts tending to injure the good name of the moral tone of the university without giving reasons or evidence to the faculty.

Princeton has an efficient proctorial system under the guidance of Henry Bovie, known to Princetonians in song and story as Hank the Cop. The duty of the University Proctors has dated from the days before the American Revolution when all the Princeton students lived in Nassau Hall, and as the old records show, indulged in smuggling roast fowl and beer into their rooms through the medium of the negro slaves residing in Princeton. But with the introduction of the Honor system into University life the nineties, much of the duty and importance of the Proctor was absorbed by the various under graduate bodies, chief of which is the Honor Committee itself. Almost all phases of undergraduate activity come under this system, from cheating in examinations to the use of plants in the seats of absentees in lecture rooms.

## POLITICAL PITFALL IS CONSIDERED BY LADIES CONVENTION

**Pitfalls in Politics Given Serious Consideration at Convention in Cleveland, Ohio**

Cleveland, Ohio, April 15.—A symposium on Pitfalls in Politics was the feature of the annual banquet tonight of the second annual convention of the National League of Women Voters here.

The League, with characteristic fairness, chose a democrat and a republican woman to lead the speaking. Mrs. A. B. Pyke, of Cleveland, Ohio, member of the National Democratic committee, the first Democratic woman delegate elected to a national National Convention, and Mrs. Harry Taylor Upton, of Warren, Ohio, vice chairman of the National Republican Committee.

The two leaders were assigned by members of their respective state delegations and at the conclusion of the speeches the pitfalls were well exposed.

Mrs. Pyke in part spoke as follows: Political life of America is told in the history of Major Parties and these parties up to August, 1920 were man made entirely. Men made the platform and rarely stood on them, made their organizations in a loose joined fashion and looked after patronage and the making of laws unassisted by women for several hundred years, and it is to be wondered at that these men hesitate and doubt the need of woman's wisdom.

But, here we are 27,000,000 women with 27,000,000 votes to deposit, not as the Political Boss, his serene secretary, his hectic harker, and mild mannered henchmen dictate, but deposit according to our own conscience, and our own understanding.

## Local Rotarians Win Loving Cup At Norfolk Meeting

**JAMES BARNARD**

James Barnard, sixty-eight-year-old cobbler of Quincy, Mass., who has been notified that he is one of the heirs to a vast estate which dates back to the Revolutionary war days, consisting of property in Philadelphia, Chillicothe, O., and Prince Edward Island, Canada.

**First Club of the Seventh District to Establish Record by Having 100 Percent Members Present**

Members of the Greenville Rotary club who have been attending the Seventh District convention of International Rotary conducted in Norfolk this week returned home this morning reporting a trip that proved decidedly one of the best since organization of the club here over a year ago. The principal feature connected with the convention is the fact that Greenville was awarded a loving cup for being the first visiting club to a convention in any district having one hundred percent membership present. The cup for the largest attendance was won by Wilmington on basis of attendance and mileage figures. Greenville also would have captured this had it not been for the fact that Wilmington's distance from the convention was greater than Greenville's, and gave it a better average on the mileage basis.

The Greenville club came in for greater consideration than any other organization in the district because of the splendid record established in attendance and the fact that it is the only club so far heard of in the United States having a Rotary building of its own. Throughout all activities Greenville members played an important part, and judging by the hoarseness of some of the members they did the biggest part of cheering of the convention. There was some 1,500 visitors attending the convention, including wives of members, and it proved one of the most orderly affairs ever before conducted in Norfolk.

The key to the city of Norfolk was turned over to the Rotarians in the opening session Tuesday, and after that time they had such a time only members of International Rotary can have when together. They visited practically every point of interest in and around Norfolk and the great army of representatives proved the principal attraction of the city throughout their stay. The loving cup was presented to the Greenville club aboard the steamer Maryland yesterday afternoon while bound for Old Point Comfort. The presentation was made by Mr. Roger Davis of Charlotte, former president of the Seventh District, who paid a glowing tribute to the progressiveness of the Greenville club and the splendid spirit exhibited in erection of its home and attendance record. The cup was accepted by S. B. Underwood in a happy vein.

Wednesday afternoon the Rotarians were given one of the most elaborate oyster roasts at Cape Henry ever presented in Norfolk and that the members did full justice to the repast cannot be doubted in the least. Thursday morning they were taken to the navy yards where they were met by officials of the navy and piloted through the yards and from there the delegation went to the naval hospital where they boarded the Maryland for Old Point Comfort. At Old Point Comfort the fort was visited together with other points of interest, then Newport News and the ship yards where new vessels were seen under construction.

At practically every point visited by the Rotarians schools turned out and students were lined up in formation on campus and streets where they cheered the visitors probably as they never cheered before. Norfolk did everything possible to make the convention one of the greatest in the history, and everywhere members of the convention went they were cheered and greeted in a pleasing way.

The trip will be long remembered by members of the Greenville club, for the fact that they won another loving cup to go with that won for attendance at last year's convention gives it greater prestige than any other organization throughout the entire district. Many members are hoarse, but that is to be expected. They went to win and is winning did their part in making things hilarious throughout the convention.

## SLIGHT INTEREST BEING MANIFESTED IN TOWN PRIMARY

**Registration Continued Slowly Yesterday With Only Slight Interest Coming From the Women**

Registration for the municipal primary to be conducted in Greenville May 2nd progressed slowly yesterday, in fact probably slower than any day since opening of the books last Friday morning. The women are not taking much interest in the primary has been very evident for the past several days and particularly yesterday when only five appeared for registration. This fact is causing considerable uncertainty and speculation in political circles as it seems very evident now that men are going to be the deciding factors in the contest by an overwhelming majority.

The registration books this morning showed 49 persons registered during the day, of which only five were women and the remaining 44 being men. This brings the total registration up to 438 at the present time, of which number 87 women have a say. Only three persons registered in the first ward yesterday, all three being men. The third ward captured honors of the day by registering a total of thirteen men and no women. The second ward ran a close second with 12 registrations, of which 3 were women. Eleven registered in the fifth ward, which includes one woman, and ten in the fourth ward, with one woman.

Fourteen days are left in which the estimated 1100 voters of the city will be given an opportunity of registering. If they fail to do so, there is no one to blame but themselves. Registrar Bowling is doing everything possible to cooperate with the public, but unless more active interest becomes evident it is probable there will be numbers unable to vote. An entirely new registration is necessary this time and consequently former registrations fall to count in the slightest sense of the word.

This is the first time in a number of years that interest has been lacking in such a noticeable way. It was thought the woman vote would be instrumental in creating greater interest in the contest, but so far they have failed to measure up to expectations. However, registration may pick up within the next several days and the situation may undergo a great change.

Friday Afternoon, April 15th

Harding's advice pertaining to in-  
ternational relations is not plain  
enough to show any relation exists.

Congressman Kitchen says President  
Harding's address was about as good  
as could be expected. Which suggests  
that he wasn't expecting very much.

President Harding's message to con-  
gress was indefinite enough to prevent  
anyone cornering him as to his position  
in various questions in the future.

Swat the fly while you have a chance  
Greenville's Anti-Fly Campaign will be  
instrumental in killing thousands of  
the little pests, and every home should  
begin incessant warfare immediately.

President Harding intimates he will  
not try to drive congress. As congress  
has ideas particularly in harmony with  
his there is every indication the future  
will be one long spell of uninterrupted  
harmony.

Burlington has provided \$30,000 for  
the erection of a new college.  
college. Another movement that shows  
people of North Carolina are gorging  
to the front as the most progressive in  
the United States.

Senator Knox has introduced his res-  
olution providing that the United States  
declare the state of war at an end with  
Germany. This action sounds mighty  
nice, but it would be better to have  
a more definite understanding with Ger-  
many before the senate goes too far.

Greenville people should not forget  
the clean up campaign to begin prob-  
ably the first of next week. If there's  
anything that adds to the prestige of a  
town and its cleanliness, it is the  
and admirers of a city that  
falls. This fact should not be forgot-  
ten and it is the duty of every person  
to do his part in making the city the  
cleanest on the map.

Eastern North Carolina suffered suf-  
ficiently last fall because of low prices  
for cotton and tobacco. Now Western  
North Carolina is affected likewise by  
its fruit being killed by the recent cold  
spell. People may enjoy prosperity,  
but hard times are bound to come along  
sometime.

Maybe now that President Harding  
has stated his position on international  
relations the irreconcilables will be  
come reconciled. They have been in a  
disturbed state for a long time, but  
now they are in power peace ought to  
be in evidence in the near future.

Josephus Daniels began his story of  
the navy's achievements in yesterday's  
edition of the News & Observer, of  
which he has been editor and owner  
for many years. The narrative is in-  
tensely gripping and deserves to be  
read by every person desiring to be-  
come acquainted with inside facts while  
the great war was in progress. No one  
is so familiar with what transpired in  
naval circles as the former secretary  
and what he has to say may be counted  
authoritative in every respect.  
The Observer is fortunate in being  
able to obtain first hand information  
through one who has been connected  
with the paper so long as there are  
larger papers that would be glad to  
have the same opportunity.

HEALTH BOYS AND GIRLS

A representative of the public health  
department of the United States has  
discovered that city boys and girls are  
much sounder physically than country  
boys and girls. He explains it is large-  
ly due to the fact that city children  
are accorded greater advantages for  
physical development than those resid-  
ing in rural districts, and that health  
specialists are also accessible at any  
time of the year.  
This goes to show that it is very  
imperative for every county to extend  
work of its health department to every  
nook and crook possible. If longevity  
is to be increased by enlightenment  
along lines of health development and  
medical aid it is incumbent upon coun-  
ty commissioners everywhere to get  
busy and do everything possible and  
help the country boy and girl develop  
as rapidly as those in towns and cities.  
The difference in the physical and  
mental conditions of young men coming  
from town and country were brought  
out with great force during the war,  
showing beyond doubt the need of more  
interest in the welfare of that great  
mass of people who directly are the  
backbone of the nation. Health is one  
of the greatest things to be considered  
these days, and the progress of various  
state boards of health is very gratify-  
ing indeed, especially when it is known  
they are to operate extensively in  
rural territories.

Just because they wear a uniform and  
hold a tambourine or cup for contri-  
bution is no guarantee that they are  
collecting for a worthy cause. Not a  
few of them are merely using this beg-  
ging scheme for their individual benefit  
as they find it an easy way to make  
a living and just as easy to extract  
coin from an unsuspecting public. Char-  
ity is a noble virtue, but it's bestowal  
should be to objects that are known to  
be worthy. There are plenty of oppor-  
tunities to extend charity without giv-  
ing to unknown itinerant professional  
beggars.

I seems that Governor Cameron  
Morrison met with some difficulty in  
borrowing money in New York for road  
construction throughout the state. New  
York bankers, it is stated, were per-  
fectly willing to grant the enormous  
loans providing the money was left on  
deposit with them. This is somewhat  
out of the ordinary, but it will hardly  
be sufficient to daunt Governor Morri-  
son now he has set his head on begin-  
ning road work as early as possible.  
The financial situation is rather severe  
in every part of the country at this par-  
ticular time and it is probable the state  
is going to have more trouble than  
anticipated in getting bonding com-  
panies to float its loan for construc-  
tion of both school buildings and good  
roads. However, it's a safe bet Gover-  
nor Morrison is going to do everything  
possible in the interest of both issues  
and if the money cannot be raised  
it won't be his fault, and that's a safe  
bet.

TOO MUCH SOLICITING AND  
BEGGING

Vacation season is drawing near  
again, and that is usually the time of  
year when somebody comes around  
with the tale that he is working his  
way through college, or is earning mon-  
ey for some other apparently worthy  
cause by soliciting subscriptions to  
magazine. They go from house to house  
and find it easy to arouse sympathy  
with their spels and get money out  
of the people. This is often just a  
fake scheme to get something for noth-  
ing, for there are plenty of instances  
where those who give them the money  
never get any magazine for it. People  
should not be induced by such tales  
to give money to strangers.  
Another class that ought to be giv-  
ing the go-by is the hords of outside  
beggars who frequently come around.

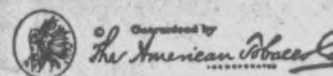

It seems the threatening strike in  
Great Britain is going to be averted.  
Premier Lloyd George has offered terms  
of settlement which seem to appeal to  
most of the mine and railwaymen. The  
situation is one of the most serious  
that has confronted any country since  
the ending of the war, and if the strike  
is really set aside England has some-  
thing to be thankful for, and that's  
certain. Lloyd George has been instru-  
mental in saving his country from  
many bad situations, and it seems he  
comes in for more honor this time.  
Every country has its great statesmen,  
and he happens to be the one of Great  
Britain.

Greenville people should not fail to do

Cigarette

No cigarette has  
the same delicious  
flavor as Lucky  
Strike. Because  
Lucky Strike is the  
toasted cigarette.

their part in making clean-up and anti-  
fly week a great success. Better sani-  
tary conditions are absolutely neces-  
sary and deserve the support of every  
serious minded and appreciative person.  
Other cities have realized great bene-  
fit from recent campaigns and Green-  
ville can't afford to remain behind in  
the race.

NOTICE

Hayes Beaman vs. Lizz'e Beaman  
The defendant above named will  
take notice that an action entitled as  
above has been commenced in the Su-  
perior Court of Pitt county, North Car-  
olina, for the purpose of procuring an  
absolute divorce; and the said defend-  
ant will further take notice that she is  
required to appear before the clerk of  
Pitt Superior Court on the 13th day of  
May 1921, at the court house in said  
county, Greenville, North Carolina, and  
answer or demur to the complaint  
and in said action or the plaintiff  
is bound to the Court for the relief  
sought in said complaint.  
This the 11th day of April 1921.

HAD SUFFERED FIFTEEN LONG  
YEARS STATES A. B. JOYNER

Tar Heel Farmer Says It's Nothing  
Than Wonderful Way Tan-  
lac Has Helped Him

It's a fact two bottles of Tanlac have  
done me more good than all the other  
medicines I have taken in fifteen years  
said A. B. Joyner, a well-known farmer  
of Walnut Cave, N. C., R. F. D. No. 4  
Up to the time I began taking Tan-  
lac I had had not been able to eat a  
square meal in fifteen years without  
suffering afterwards. After eating I  
would have an awful stuffed-up, bloat-  
ed feeling, and at times my breath seem-  
ed to be almost cut off. Sometime I

had such severe pains in the pit of my  
stomach that I would nearly double up  
and I was so restless I could never get  
a night's sleep.

I just tried nearly everything but  
kept going from bad to worse until  
my farm work got to be an awful drag  
to me. I finally got a reading about  
Tanlac and decided to try it.

What two bottles of this medicine  
have done for me is nothing less than  
wonderful. My appetite is splendid al-  
ready and I never feel a touch of in-  
digestion. I sleep like a log every night  
and am feeling fine.

**Personal**

Mr. T. R. Hodges, of Washington, was in Greenville this morning attending to legal business.

Dr. George Kirkman, of Kinston, is numbered among business visitors in Greenville today.

Messrs E. S. Taylor, E. B. Bangh, A. T. Allen, J. W. Coppedge, J. H. Humphrey and W. F. Wyatt, of Raleigh were business visitors in the city this morning.

Mr. R. H. Powell, Jr., of Durham, spent several hours in the city yesterday.

Messrs. J. M. Tingle and A. J. Rock, of Washington, were in the city yesterday.

Mr. C. M. Newton, of Wilmington, spent Thursday afternoon in Greenville on business.

**FORMER GREENVILLE MAN DIES IN CHICAGO**

The Economist of last Saturday reported the death of a well known Oak Park citizen as follows.

John B. Johnson who has been associated with The Economist for many years, and as advertising manager for the past seven years died of heart disease Thursday evening. He was a good business man. Few people in life are more sincere or more manly than Mr. Johnson was and none had more friends. It seemed that his greater consideration in life was the other fellows, and he had a happy faculty of suspending judgment and of being able to put himself in the other man's shoes.

Mr. Johnson was born in North Carolina, coming to Chicago about thirty-two years ago, his first employment being with the Economist. He enjoyed an unusual standing in the Masonic fraternity, having been a member of various organizations, including Medinah Temple. He leaves his wife, and mother, who lives in North Carolina to mourn him. The funeral, under auspices of Masonic organization, took place at the family residence, 118 North Lombard, last Saturday afternoon at 2:30 o'clock.

This announcement brings regret to a number of relatives and friends in Greenville, of which town Mr. Johnson was a native. He was a son of Mr. and Mrs. J. B. Johnson, his mother who survives him, now being in Durham. As a boy, nicknamed "Topsey" he began his first newspaper work with The Reflector, and greatly endeared himself to all associated with the paper in those days. He was hard-grown when he decided to go West and selected Chicago as the place of his activities, and became a member of the staff of The Economist, the leading financial paper of that city. He married in Chicago and leaves a wife and three children. Though living more than thirty years in the West, he never lost the love for his old home and was an occasional visitor to the scenes of his boyhood.

**F. L. CONDOR CITY AUDITOR FOR ASHVILLE ENDORSES D. M. CLARK FOR MAYOR**

**Writes Letter to Local Papers Complimenting D. M. Clark, Stating Work in Assembly**

(Political Adv.)

To the Editor of the Greenville Reflector, Greenville, N. C.

Dear Sir: I note with interest that Mayor D. M. Clark is standing for re-election in your city.

Mayor Clark is a member of the municipal Association of North Carolina, and I had the pleasure of serving on several committees with him in connection with the work of this association, and I unhesitatingly state that I found Mayor Clark not only a courteous gentleman in every particular but one of the liveliest and wide-awake city officials with whom I have ever come in contact.

Mayor Clark, on account of his legislative experience and executive ability, aided the Municipal Association materially in getting through the last session of the General Assembly of North Carolina certain legislation of the utmost importance to all of the cities and

**CO-ED DRESSES ARE CORRECT. THEIR SALESMAN WILL BE AT OUR STORE TOMORROW FOR SPECIAL DISPLAY. YOU ARE INVITED TO INSPECT THEM, SATURDAY ONLY.**  
CLAUDE TUNSTALL

towns in the state. In fact, it was, in a great measure, due to Mayor Clark's legislative experience and his determined effort that the Steering Committee of the North Carolina Municipal Association was able to secure legislation which in my opinion, was absolutely imperative if the cities and towns of the state were to properly function and pay the principal and interest of their indebtedness as same matured.

Among the many things accomplished by the Committee, of which Mr. Clark was a most active member at the last session of the General Assembly, allow me to mention a few:

First, Drafting and passage of the Municipal Finance Act, which simplifies and brings up to date all general laws regulating the financing of municipalities. This act also provides the necessary machinery for holding bond elections for public improvements.

Second, An amendment to the Doughton, Connor, Bowie Road Bill, so as to materially relieve cities and towns through which it is proposed to construct hard surfaced roads.

This act as originally drafted, placed all of the burden of such construction on cities and towns over three thousand inhabitants, and did not even provide for the assessing of the part of the cost thereof against abutting property.

Third, An amendment to the Doughton, Connor, Bowie Road Bill permitting municipalities to license and regulate chauffeurs of automobiles.

Fourth, An amendment to the Doughton, Connor, Bowie Road Bill relative to special taxes assessed by municipalities against public service motor vehicles.

These are only a few things the Association was able to accomplish through the Steering Committee, of which Mayor Clark was one of the liveliest members, and I consider that such legislation was enacted at the instance of this Committee, will unquestionably save the municipalities of the State's thousands of dollars in revenue.

Allow me to reiterate that I consider Mayor Clark exceedingly well versed in municipal activities, and believe that the Tax Payers of your City will make no mistake should they re-elect him to the office to which he aspires.

Very truly  
F. L. Condor,  
City Auditor for Asheville and member municipal Legislative Steering Committee.

Five Points Greenville, N. C.

**Goodyear Shoe Repairing Co.**

I'll not make that mistake this time, declared Mr. O. W. Bricker, the popular blacksmith of Harrisonburg Va.

I thought when my aches and pains left that I was well, but I know that you have to run it clear out of your system, get the food free from poison and the kidneys in healthy condition. I am beginning the Dreco treatment again before I get in real bad shape and I'm going to keep it up till I know I'm entirely free of it.

The kidneys are the main organs to restore if you would rid yourself of rheumatism. It is the duty of the kidneys to strain the poison from the blood, when they fail to do this these poisons circulate all over the body, but lodge in the joints, so that is why the joints are the first places that rheumatism appears.

Dreco is being specially introduced Dreco is being specially introduced by the Warren Drug Co., in Greenville

**NOTICE OF SALE OF HOUSE & LOT**

By virtue of authority vested in me by the terms of that certain deed of trust executed by Paul Solomon and wife Rose Solomon on the 17th day of June, 1919 and recorded in the Register of deeds office of Pitt county, N. C. in Book Z-12 at page 423, to secure an indebtedness to Mrs. Ione May Hooker, I shall on Saturday, the 30th day of April, 1921 at 12 o'clock m., at the Court House door in Greenville, N. C. expose to sale at public auction to the highest bidder for cash, the following lot or parcel of land:

Beginning at a point where the western line of Vance Street intersects the northern line of Ward Street and runs thence in a westerly direction with the northern line of Ward Street 52 1-2 feet to a stake; then in a northerly direction parallel with Vance Street 142 feet and 10 inches; thence in an easterly direction parallel with Ward Street 52 12 feet to Vance Street to the beginning, it being the house and lot lately occupied by Paul Solomon as a residence.

This sale will be made subject to that certain deed of trust executed by Paul Solomon and wife, Rose Solomon to the Home Building & Loan Association which is recorded in the Register of Deeds office of Pitt county, and upon where is now due approximately the sum of \$700.

F. C. Harding Trustee  
E. G. Flanagan, Owner of debt secured.

**SOMETHING ABOUT EYES THAT ALL SHOULD KNOW**

There are forty-three distinct and easily traced pairs of nerves in the human body. Thirty-one pair are given off from the spinal column. Twelve pair are given directly from the brain, two pair which run down to the lungs, stomach and heart, etc. The tongue is supplied with two pair, one for the motion and the other for the sense of taste. The eyes have 4-13 pairs, no other organ in the body have as much as one whole pair exclusively. This tells us that nature regards the eyes and tongue a two important organs. Poets have called the eyes the window of the soul. Accident insurance companies regard them as much value as life, paying your policy in full if you lose both eyes and half if you lose one eye.

**Normal Vision Does Not Mean Normal Eyes—**

A great many people have normal vision, but suffer from headaches, indigestion, skin eruption, loss of memory, irritable temper, mental dullness and many other nervous derangements, simply from the nerve strain involved in seeing clearly.

The eyes are the only organs of the body supplied with facilities for overcoming the most common anatomical defect, but these facilities were not put there for that purpose. The static or natural condition of a normal eye is when its focal apparatus is adjusted a long distance such as twenty feet or further, when there is no nerve demand whatsoever, but when such eyes are used for near points, the power of the crystalline lens is increased by applying nervous energy to a circular muscle around the lens and the mechanism acts automatically and subconsciously to keep the retina in focus. When the eye is deformed because of deficient development, this apparatus is used to keep the retina in focus, thus neutralizing the deformity but at a fearful expense. Almost anyone can take up a pair of ordinary convex lenses with 40-inch focus and see very well at a distance, though most people would call these window glasses, yet for a person with an error requiring that much for correction, has an excess demand on their nervous system of 23 percent daily, and we find many people in our practice who have three times that much, or 69 per cent strain. Is it any wonder they have nervous trouble? Yet many of these people have normal vision and do not want to wear glasses all of the time.

Some of the effects of eye strain is directly on the eyes, cross eyes are one exhibit, inflamed lids is another, styes, granulation, tumors of the lids; itchy eyes, winking eyes, and etc. All internal ones, such as pain in the eye ball, retina inflammation, atrophy and etc, are signs of eye strain.

If you have eye trouble, and been unable to get relief from other doctors you should try a McCormick Graduate.

Signed  
**DR. GEO. B. KIRKMAN**  
EYE SPECIALIST  
Graduate McCormick Medical College

Dr. Kirkman will be at Hotel Proctor, Greenville, N. C., Friday and Saturday, April 15th-16th for the purpose of examining eyes and fitting glasses.
