## NINETEEN MEN TO REPORT FOR WORK WITH LOCAL CLUB

**Training for Opening of League to Begin in Earnest Next Thursday.**

## MORRIS BROTHERS TO PLAY IN GREENVILLE, SO DIRECTORS RULE

**Beall, Carson, Leftwich and Other Well Known Players Signed Up.**

Actual training for opening of the Eastern Carolina league will begin in Greenville next Thursday, according to an announcement made this morning by Manager Guy Smith. While only a small number of players are on the bench at the present time, the majority will report for actual service the end of this week and some earlier.

While Manager Smith doesn't intend to start out like a house afire he has a total of nineteen men on his string and expects to be able to pick a winning team from this number. Among the old players to return this season are Beall, Doran, Massey, Jim White, Leftwich, Kittrell and Fred and Casey Morris, who played with New Bern last season.

Although it will be impossible for the Morris brothers to report here before next month, Manager Smith hopes to be able to have everything in readiness for the opening. In fact he has no doubt about the ability of the men he has chosen and is confident of making a good showing despite what other teams may have.

The nineteen men so far secured are: Casey and Fred Morris, Beall, pitcher, Carson, Cather, Doran, third baseman, Hathway, pitcher, Massey, first baseman, Ed. Brown, pitcher, Cox, short stop, Jim White, second baseman, Duncan, left fielder, Leftwich, center fielder, Eldridge, outfielder, Hathway, fielder, Halbrook, pitcher and fielder, Spikes, infielder, Hines, short stop, Robert, infielder.

While all these men will not be on the bench at the opening of the season it is probable twelve or fifteen will make good. The selection of players will take place within the next several days, or a day or so prior to opening of the season. Then it is probable other new men may receive tryouts, as Manager Smith is in touch with two or three who may appear here about the time the season opens.

There seemed to be some indecision as to whether the Morris boys would play with Greenville or New Bern. This was settled, however, at a meeting of league representative here Saturday night when Greenville won out in a showdown. The brothers will either report to Greenville or not play in the league.

Manager Smith had much difficulty in getting Beall, the pitcher who did such splendid work in the championship series last year, but he finally consented to come under certain conditions which the club met. He is considered one of the best hurlers of the league and with him to fall back upon in a pinch Greenville may well feel confident of making a good showing.

Such men as Jim White, Leftwich, Duncan, Doran, Massey, Carson, Beall and Kittrell can be depended upon to make a good showing. They have seen service with the local club, and fans have no doubt as to what they are expected of them. The other men have seen service in fast company, and that they will measure up to expectation cannot be doubted in the least.

## FOUR DEEDS OF TRANSFER FILED SINCE SATURDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of Saturday afternoon:

R. C. Flanagan to W. M. Weaver, consideration \$300; F. A. Elks and wife to Noel Lee, consideration \$1; J. S. Dixon and wife to Roanoke Railroad Company, consideration \$50; E. S. Arnold and wife to Roanoke railroad company, consideration \$40.

## MAY CIVIL COURT OPENS HERE TODAY WITH PLENTY WORRY

**Judge Cranmer Expected to Get Results During Present Week's Sitting.**

The regular May term of Pitt county superior court for the trial of civil cases convened in Greenville this morning with Judge E. H. Cranmer, of Southport, presiding. The civil calendar contains a number of cases of interest to people in this section and the week will be as busy as usual.

While there is little hope of relieving the congested docket to any great extent it is hoped to clear the calendar if possible. Judge Cranmer is a great dispatcher of business, as past sessions have proven and that he will accomplish as much this time as in former sessions is not to be doubted.

Interest in civil court is never as great as criminal and while a good crowd will be in attendance this week it will be small in comparison to criminal court week. The week's session may be retarded somewhat by the busy farmers, but whenever witnesses are available it's a safe bet they will be here. That's one of Judge Cranmer's long suits getting witnesses to appear when wanted and that he will get results this week is settled fact.

## BAPTIST DEMAND LAW ENFORCEMENT

**Closing Session of Convention Asks Full Co-Operation of All Churches.**

(By International News.)  
Jacksonville, Fla., May 22.—The Southern Baptist convention at its concluding session here adopted a report of its social service committee, reporting activities and other efforts to take the law in the hands of the public. The convention demand fair and impartial trial to every citizen and warned local churches affiliating with any organizations which seeks to set itself up to administer to affairs of the community.

## TENNESSEE BOOSTS ALABAMA PROJECT

**Muscle Shoals Received Support at Commercial Congress Today**

(By International News.)  
Florence, May 22.—The greatest effort of Florence, Sheffield and other cities of the Tennessee valley to put the government's nitrate and water power projects in a most favorable light was under way today following the arrival of delegates to the Southern Commercial congress which opened this afternoon.

## DAUGHERTY WILL REMAIN SILENT

**Attorney General Will Not Reply to Attack of Democratic Members.**

Washington, May 22.—Attorney General Daugherty is to remain silent regarding charges of the Democrats that he contracted to aid in the release of Charles Morse from the Atlanta prison for \$25,000, it was authoritatively stated by the department of justice today despite advice of friends that the attack can't be accepted politically, but must be answered directly and unequivocally.

## EASTERN CHAMBER CREATES INTEREST IN THIS SECTION

**Public Much Interested in Developments of the Big Organization**

That the program of the Eastern Carolina Chamber of Commerce is meeting with much enthusiasm by the people of the district is evidenced by the many letters of encouragement that are being received by the office force of this organization here in Greenville. Temporarily, the headquarters for this organization are in Greenville, and Mr. Bartlett, vice-president-manager is at the office of the local chamber of commerce the days he is in the city. However, the larger portion of the time will be devoted to field work, and he is now planning a series of meetings in several of the counties of the district to be held next week.

In addition to Mr. H. L. Smith, secretary of the Pitt county chamber of commerce, Mr. C. E. Wilkins, of Goldsboro has been secured to aid in putting on the campaign for memberships. Mr. Wilkins is an experienced man in this line of work, and together with Mr. Smith will help Mr. Bartlett with the initial campaign for memberships.

In discussing the prospects of the work this morning, to a reporter of this paper, Mr. Bartlett said "I have never seen people more willing to give support to any movement of a similar nature, when once they are thoroughly familiarized with the plans, purposes and details of the organization." "Eastern North Carolina has a wonderful opportunity to 'sell' herself to the outside world, if she will only grasp it," Mr. Bartlett said. "There are hundreds of good substantial farmers in other states that are literally looking for a land, that has the advantages to offer that this section, has and will make this their permanent homes, if we get the good news to them. The best way in the world to let the world know what you have, is to advertise and this is one of the planks in the program of the Eastern Carolina Chamber of Commerce." Mr. Bartlett concluded.

## NATIONAL LEADERS SHOW IMPROVEMENT

**Government Men Have Better Balance Than During 1921, Officials Say.**

(By International News.)  
Washington, May 22.—Leaders of the national government show a better balance at the close of the fiscal year June 30th than in 1921, treasury officials declared today. The reports were received with considerable interest throughout the entire city and is taken to mean a greater spirit in national affairs.

## HARDING FAVORS PARKS MOVEMENT

**President Endorses State Park Program in Letter to Barton Haynes.**

(By International News.)  
Washington, May 22.—President Harding has given his endorsement to the movement for establishment of state parks in a letter to John Barton Payne, chairman of the conference committee of the national conference of state parks, it was announced today.  
The president's letter will be read this afternoon when the conference opens at the Palisades interstate parks, New York. The session is expected to be the greatest of its kind in years, and the letter of the president is expected to create greater interest.

## WILL NEWSOME IS KILLED BY MEMBER WHISKEY TRAFFIC

**Colored Man Shot Down by William Fleming Sunday Following Dispute.**

## FLEMING'S WIFE SHOT IN GUNFIGHT SATURDAY EVENING

**Trouble Started Following Refusal of Newsome to Pay for Pint of Liquor.**

William Fleming, colored man of Carolina township, is being sought by county authorities today for the killing of another negro by the name of Will Newsome, which occurred Sunday following a misunderstanding over a pint of contraband whiskey which Newsome is alleged to have purchased from Fleming Saturday night. Fleming used a shotgun, firing an entire load of shot into the body of his victim as he turned to run towards his home.

While Fleming was still free this morning, county authorities hope to bring about his capture within the next few hours and are working hard with this end in view. A verdict returned by the coroner's jury yesterday afternoon declared that Newsome came to his death as result of a gun in the hands of Fleming.

The misunderstanding between the two men is alleged to have started Saturday night while a large crowd of negroes were gathered at the home of Fleming, who is alleged to be a member of the whiskey traffic. Newsome purchased a pint of whiskey from Fleming, refusing to pay him for it.

Words followed as did an exchange of shot in the front yard. Fleming's wife was hit by a stray bullet, but injuries were not serious. Fleming's ammunition gave out at this moment, but he swore to kill his assailant before sundown the next day.

Sunday morning Fleming went to Whichard's where he secured a gun and shells. The gun was carefully concealed in the buggy, and he drove to Newsome's home. Newsome was called out to the buggy. Words ensued, and when Fleming reached for his gun the other man turned to run towards his home.

Fleming fired directly at the fleeing figure, the entire load taking effect in the back and producing instant death. The murderer immediately made his escape.

A coroner's jury composed of W. S. Moya, A. H. Taft, J. L. Woolen, C. B. Whichard, Henry Johnson and J. R. Carraway conducted an inquiry into the shooting, returning a verdict, declaring that Fleming was responsible for Newsome's death.

## P. L. CLODFELTER CHOSEN PRESIDENT OF LOCAL CHAMBER

**Other Officers Elected at Meeting of Organization if Recent Date.**

Four members of the directorate of the Pitt County Chamber of Commerce recently tendered their resignation as follows: H. A. White, E. G. Flanagan, J. R. Turnage and J. I. Morgan. Succeeding these are: P. L. Clodfelter, D. L. Turnage, J. H. Coward and Jno. T. Thorne. This action was taken by the directors at their recent meeting.

The following officers were elected for the present year: P. L. Clodfelter, president; W. E. Proctor, vice-president; Jno. T. Thorne, vice-president; J. H. Waldrop, treasurer. These men are prominently known and will make an excellent set of men to direct the affairs of the organization. Given the support of the entire membership, they will make an enviable record.

## BUILDING & LOAN SELLS OVER 1400 SHARES IN SERIES

**Thirty-Third Series Proves Largest Spring Sale Ever Recorded by Association.**

The 33rd series opened by the Home Building Loan Association on the first Saturday in the month has proven to be one of the largest spring series ever started by this association, over 1400 shares having been sold. This is certainly an indication that times are again becoming normal. Greenville has never experienced a greater building movement than is going on at present time, a large percentage of which is being financed by The Home.

Secretary White says that the association is bigger and stronger than ever and is in a splendid position to finance home building projects. The annual meeting of the association will be held in the mayor's office tomorrow night at 8:00 o'clock every stockholder should attend and hear the report of the officers.

## SWEEPING JUBILEE TO BE STAGED BY CITIZENS OF AYDEN

**Clean Up Campaign to Begin Under Direction of Red Cross Chapter.**

The executive committee of the Ayden Red Cross met last week in the board of directors rooms of the national bank of Ayden and discussed several pertinent facts in regards to the civic and recreation program to be adopted by the branch.

Every member of the organization was present and entered into discussions with much enthusiasm. The meeting was presided over by G. W. Prescott, chairman. The minutes of the last meeting were read by Mrs. L. E. Turnage. The civic committee, composed of Mrs. L. E. Turnage, chairman, Mrs. Clarence Cannon, Mrs. K. A. Pittman and Dr. J. C. McKinney, definitely outlined the program for their "Sweeping Jubilee," the name suggested by Mrs. K. A. Pittman, which will clean up the town of Ayden. The board of aldermen will co-operate in having the refuse moved.

The civic committee will get in touch with the board of aldermen and ask that a base be laid at the corner of Third and Lee streets for a fountain. Plans were discussed for having a landscape garden this fall, and plans at an early date will be perfected for planting shrubs and trees after the streets are finished.

Much time was consumed in discussion of community entertainment to make money for civic improvement. First of all it was decided to buy garbage cans for the town.

## BOMB WRECKS HOME OF COLUMBUS MAYOR

**Police Offer Large Reward for Those Connected With Bombing of Home.**

Columbus, Ga., May 22.—A reward of twenty thousand dollars was offered here today for the arrest of persons responsible for the bomb in front of Mayor Simon's home yesterday. While the front part of the house was badly damaged by the terrific explosion no one was hurt. Police have formed a dragnet around the entire city and hope to bring the responsible ones to account.

The government is to be commended upon recent action looking to the erection of fourteen additional hospitals for ex-soldiers. Too much can not be done for the men who played such an important part in winning the world war.

## RECORD VOTE TO FEATURE PRIMARY IN THIS COUNTY

**Closing of Registration Books Saturday Showed Much Interest in Election.**

Registration books for the coming primary closed Saturday afternoon at sundown and those who failed to register this time or during the national election have no one to blame but themselves. The registration was probably the heaviest in years because of the woman vote, and it is expected a record vote will be cast in the June primary.

The pot is beginning to boil furiously at this time, and the fight of the various candidates for county office is for the moment offsetting attention created by the Co-operating marketing battle. Candidates for sheriff of the county are consuming every hour in diligent canvass and it is a safe bet that a single community has not been missed.

Greatest interest will be centered around the race for sheriff and solicitorship of the Fifth Judicial district. Never before has quite so many candidates tossed their hats in the ring for sheriff, and a second primary at this time seems to be inevitable. It is hardly probable any one candidate of the dozen or more will win out in the first count, and for that reason it is believed a second race will be necessary.

The vote of the recently enfranchised woman will play a prominent part in the primary this time, especially where county authorities are concerned, and candidates are catering to the ladies as they never did before. This will enliven the battle to no little extent and produce more spirit than ever.

## YOUTH SEVERELY INJURED BY MOB

**Georgia Boy Rocked by Boys While Visiting Girls in Strange Neighborhood.**

Atlanta, May 22.—Because he went to a strange neighborhood to escort a girl from church C. Russel, seventeen year old youth, died of a fractured skull which he suffered last night when he and Rudolph Coleman, also about seventeen years of age, were rocked by a gang of more than a score of West End boys who resented the outsiders calling on the neighborhood girls.

Police are holding Bert Braidsen, fifteen, Preston Hurd, fifteen and Charles Cook, sixteen, who are said to have admitted part of the rocking and promised to implicate a gang of twenty others.

## DALLAS VISITED BY DISASTROUS BLAZE

**Texas City Suffers \$170,000 Loss as Result of Electrical Storm.**

(By International News.)  
Dallas, Texas, May 22.—Damage estimated at a hundred and seventy thousand dollars was caused by fire during a severe electrical and rain storm which passed over this city at an early hour this morning. The storm was the most terrific that has passed over this section in years, and was accompanied by heavy wind that made the fire spread rapidly.

## TWO MARRIAGE LICENCES ISSUED SINCE SATURDAY

Two marriage licenses have been issued by the register of deeds since the report of Saturday afternoon, one couple being white the other colored. Mr. Charlie Jones to Miss Mamie Stocks, both of Ayden township. Charlie Hollins to Ella James, both of Carolina township.

## MORRIS BROTHERS ORDERED TO PLAY WITH GREENVILLE

**League Directors Declare Former New Bern Men Greenville's Property.**

## BEALL AND HONIG RULED ELIGIBLE TO PLAY THIS SEASON

**Washington to Play Opening Game of the Season With Greenville Club.**

Several matters connected with opening of the Eastern Carolina league June 5th were discussed at a meeting of directors at the Carolina club Saturday night. Judge J. Lloyd Horton, of Farmville, presided over the meeting and urged the importance of close co-operation of all clubs in making the season the great success it is destined to be.

One of the most important matters taken up during the evening was the selection of the brand of ball to be used this season. Selection centered on the "Rawlings" as the official league ball. This adoption, however, can be changed at any time the directors consider it advisable and is not necessarily of an arbitrary nature. The Rawlings ball is being used in the South Atlantic league this season and has given general satisfaction.

Indecision as to whether Fred and Casey Morris were the property of Greenville or New Bern was set aside when the directors ruled in Greenville's favor. It seems that New Bern had been in touch with the brothers and understood they had agreed to play with them. Evidence offered by the Greenville manager, however, showed him to have first choice.

Eligibility of John Honig, manager of the Washington club and Beall, Greenville pitcher was established. The league ruling provided that no man who has jumped a contract in organized ball can play in this league unless getting consent of the club he was playing with. This point as it pertained to Beall and Honig was settled to the general satisfaction of the directors.

The schedule for the coming season was adopted during the meeting and will be made public within the next few days. Washington will play the opening game in Greenville.

## TWO ATLANTA MEN KILLED IN WRECK

**J. A. Branch Dies Today as Result of Automobile Wreck Yesterday.**

(By International News.)  
Atlanta, May 22.—J. A. Branch, Jr., claim agent of the Louisville and Nashville railroad, died here today as result of injuries received last night in an automobile wreck. The second victim, A. Rose, who was with Branch at the time of the accident, died yesterday.

## CRY FOR LABOR RAISED IN WEST

**Every Branch of Industry Reports Increase of Demand for Ever Class Labor.**

Chicago, May 22.—From all over the middle west the sudden and unexpected cry for men to work is being raised. Farmers are appealing, so is the lumber industry, steel mills, state road builders, railroads, lake boats and summer resorts. Labor agencies of every description report a great movement, and the demand for labor, both skilled and unskilled, the greatest in months. The situation is the most favorable that has developed recently and every one is looking forward to better times.

Greenville people should not fail to support the chautauqua to appear in Greenville next month. The attraction this season will be superior to anything ever before seen here, and those who attend may rest assured of seeing something out of the ordinary. Heretofore local people have measured up to expectations in this direction and they certainly won't fall this time.

Now that Babe Ruth has taken his place with the New ork club again readers of the sports page will peruse the columns with greater expectation than heretofore. This king of swats, he is familiarly known among thousands of admirers throughout the nation, is capable of slamming out home runs to the satisfaction of everyone, and his reinstatement will be received with evident pleasure everywhere.

The absence of vagrancy cases in police court goes to show that conditions are improving somewhat in this city. In fact, the law has become so strict that men without jobs make it their business to keep out of the way of members of the police department. This attention has reduced criminality to no little extent and may be the means of establishing one of the best records of any other town in the state.

Farmville people are going ahead with preparations for participation in the Eastern Carolina league, and when the first ball is tossed they will have completed one of the best ball parks in the league. This is very commendable on the part of the smallest town in the league and indicates they mean to make an interesting showing. Such spirit can accomplish wonderful things and certainly will not go unrewarded.

The public should make an effort to give deserving consideration to the Near East Relief campaign which received such a good start Sunday, as it is a cause in which every American should be more or less interested. When it is considered that thousands of people are suffering unappealable agony from starvation every one can readily see need of support. American people have always given liberally to such campaign and it is certain they won't fail this time.

Civic and recreation programs promoted by the American Red Cross in Pitt county should receive favorable consideration of people interested in the development of the school children. The work is exciting the interest at practically all schools and may assume a broader scope next session after it has been given more time to develop. Miss Louisa Hubbard has done a remarkable amount of work in past months and is to be congratulated upon the splendid showing which her department has made.

That Eastern Carolina people enjoyed a particularly fast class of ball last season is very evident when considering the number of players who have gone up into the larger circuits. Quite a number of the boys who constituted the best players of the various teams of the league will this year see service with players of world wide reputation. This goes to show the league is faster than some give it credit of being and that our people are enjoying the best the national sports affords.

Although the new fire truck has not yet been turned over to the city it is consulting to know it is housed up at the fire station ready for action in case of serious need. The truck is one of the latest placed on the market and embodies those features so absolutely necessary to efficient service among the smaller towns. An enormous sum of money is involved in the purchase of the machine, but no one regrets it when realizing thousands of dollars may be saved in its timely use.

CONSISTENCY

Thou Art A Jewel!

Replying to an advertisement entitled "Wait and See," in the Reflector's issue of May 18th, J. N. Gorman made the following statement:

"The truth of the whole matter is the opposition has not a singulare reason why a farmer should not pool his tobacco."

Everybody knows that there are men of good judgement who have signed the five year -pool, and no criticism is made of those who, thinking it to their best interest have done so: on the other hand there are other tobacco farmers in Pitt County and elsewhere, with equally as good judgement, who are considered sane, and who have not signed the five year pool, they having sane reasons for their convictions. Why should the sanity of those farmers and business men who want to see the merits of this new system thoroughly demonstrated before giving up our present system, be questioned by one whose business judgement in the past has not been too perfect? Why the ridicule of the present system of selling tobacco with insinuations as to two hundred thousand dollars for warehouse charges last season by one who was chief of sinners? Why not tell the farmers of the profit in running his warehouse?

It has only been a few Saturdays ago when a meeting of the tobacco Board of Trade in Forbes and Morton's warehouse was held at which time Mr. Gorman had made his investigating trips to New York and other places about which he has written. He had just returned from Raleigh, attending a meeting with Mr. Sapiro and others called for the purpose of securing warehouses to be used as receiving plants. Mr. Gorman brought back copy of the contract tendered him at Raleigh, passed it around in the meeting of the Tobacco Board of Trade, ridiculed the contract as unbusiness like and said that he could buy the whole state of North Carolina, upon the same terms that their contract offered to buy his warehouse, and that anyone who would sign such a contract was a Fool, that they would have to show him some money, and if they bought his property and gave him a position with the co-operative Association he would not go out and ask his friends to sign the pooling contract, as he had no confidence in it: that in his judgement it could not last more than one or two years. Yet on the following Tuesday we were notified that Mr. Gorman had changed his mind and since then has been condemning the present auction system and those connected with it, which system until 1921 he had boastfully proclaimed himself a leader. Why blow hot and then blow cold in the course of a week?

THE PARAMOUNT ISSUE IS WHAT METHOD OF MARKETING WILL PAY THE FARMERS MOST DOLLARS FOR THEIR TOBACCO. We know that the peanut association at our very door has not been satisfactory. We know that the tobacco farmers in Kentucky have not received as much money for pool tobacco as those remaining out of the pool received. It is certainly fair to all concerned in Pitt County and elsewhere to have both systems tried out during the same season. The system that puts most dollars in the farmer's pockets, will prevail and of course will be backed up one hundred per cent strong by the farmers, business men, bankers, warehousemen and all others concerned in the welfare of the people.

### BIG FAMILIES OF STRIKING MINERS FACING EVICTION

#### Poverty Stricken Women Must Pay Penalty of Industrial War Today.

By ROBT. STARR THORNBURGH, International News Service Special Correspondent.

Williamson, W. Va., May 18.—Women in poverty's rags and their half-starved offspring today told a mute story of West Virginia's industrial tragedy.

These pathetic victims of the "war between capital and labor," who for two years have lived in indescribable misery, are now to be evicted from the squalid homes under an injunction of the Federal Court.

Eight hundred women and children, scattered through a half dozen colonies tucked away in the West Virginia mountains, must abandon their leaky tents and seek new homes because their presence, to the court held, is a menace to the operation of coal mines in Mingo county.

Nearly two years ago, July 1, 1920, miners in the Mingo fields quit work because, they said, the operators would not recognize their union. They took their families to live in tent colonies. The men were fighting for a principle—that of the right to organize into a union whereby they might collectively deal with the big coal associations.

But the women and the little children, who had nothing to do with the industrial war, paid the penalty.

The women, from the time they went to live in the tent colonies, were the real victims of the strike. Some of them have been deserted by their husbands. Tuberculosis, contracted as the result of exposure, has afflicted many. All are poverty stricken, living in filth and under appalling hardships.

Babies have been brought into the world under these conditions. Other children, infants when they were taken to the tent camps by their parents, have never known what it was to have a real waterproof roof over their heads, a floor beneath their feet or a clean, warm bed for their little bodies.

Today I visited the Lick Creek

tent colony. It is the largest of the Mingo camps.

"Where will you move?" I asked a woman.

She was frying a piece of yellow, greasy bacon, while she rocked an improvised cradle. The babe had been born a week before.

The woman looked at me with a vacant, hopeless sort of stare which told its own story of cruel privation of misery, of want and of squalor.

She was a "woman in unwomanly rags" and she sang the song of every other woman in the tent colonies. "Where are you going when the law puts you out of your tent?" I repeated.

"I don't know," she replied. A fit of coughing shook her frail body—the bacon burned, and the infant cried pitifully.

#### Seven of 2 Industries Show Increase in Employment During Month of April.

(By International News.)

Washington, May 22.—Seven of the twenty industries reported an increase in employment during the month of April. White employees decreased in five industries, the department of labor reported today.

The most important increase is 27.9-10 in leather manufacturing 34.9-10 in the hosiery and underwear business. Cotton manufacturing decreased 25 percent.

#### TOWN LOTS UNDER MORTGAGE.

### TO TOBACCO GROWERS OF WESTERN KY.

J. P. Thompson Gives Some Advice.

Hopkinsville, Ky., May 10, 1922

DEAR SIRS:

I am now 88 year old, have lived in this grand old state all of my life and have had many ups and downs and more downs and ups but have always exercised that liberty of speech that our forefathers fought for in '76 and have never been afraid to tell any man what I thought and to "Go to Hell if he didn't like it."

Did you men ever have a slick-tongued salesman sell you a patent washing machine, churn or buggy with a fifth wheel behind? Did you ever have a slick oil man sell you some stock or get a lease on your farm and make you believe that you were going to get rich over night?

Can't you men see that Sapiro and Passonneau are a couple of slick sales men, selling you these contracts at \$5.00 each? They expect to sell 80 thousand to the farmers of the dark tobacco district for a total of \$400,000 WHAT ARE THEIR TACTICS?

When your "Slick Oil Salesman" comes to town what was the first thing he did: didn't he go and get some "influential" men to endorse his proposition, then he cleaned the pockets of all the "Little Fish" and then left town. Leaving them to dam themselves for going in and curse the men who endorsed it?

When your washing machine salesman came to your house out in the country didn't he make you believe that everybody else in the whole country had bought one but you and that if you did not get one, Mrs. Jones was going to break her back and that you would be a widow before the next snow fell?

Mr. Passonneau in his speech at Ownesboro May 6th, is quoted in last Sunday's Courier-Journal as saying "Shoot straight boys, and there will be no flare back." He also said "We don't want any misrepresentation." THEN HE SAID: "Comparison of the prices obtained by the Burley poolers and those outside the organization shows a net price of \$20.50, while the growers in the organization GOT \$23.50."

Your State Commissioner's report at Frankford shows that there was a total of 70,512,505 pounds of burley tobacco sold for growers over the Loose Floors of Central Kentucky for an average of \$23.52 and does not include four and one-half million pounds sold over Loose Floors of Greenville, Tenn. for an average of \$32.00 which means what the "Outsiders" got. And how does Mr. Passonneau or anybody else know what the "Insiders" got when they have only sold less than one half of their crop and may be two years selling the remainder?

Every tobacco man and every farmer knows that it is the top grades that are in demand and sell first, and that if they have sold those grades for an average of \$23.50 that when they sell their common and low leaf and lugs they won't have an average of within \$7.00 per hundred of what the outsiders got.

In the same paper there is a quotation from Mr. Stone, President of the Burley Pool in which he says: "The crop of 1921 was the shortest grown in the Burley District since 1908. If these co-operators can't sell but one half of a short crop in six months; how long is it going to take them to sell a big crop?"

This same article is misleading in as much as they are making the growers believe they have sold enough tobacco to make the second payment when in reality they are borrowing money on the unsold tobacco to make this second payment. Mr. Passonneau that fellow that says he don't want any misrepresentation, is quoted on the next line as saying in the same speech. "The cost to the organization members was 35c per hundred pounds." How does he know what the cost will be when they have not sold one-half of the tobacco? What does he mean by "the cost"? Does he mean the interest on the six million dollars worth of warehouse property that amounts to \$480,000 a year or 40c per 100 pounds on 120 million pounds handled to say nothing of the taxes and insurance on this enormous amount of property? Does he mean the 60c per 100 pounds taken out to make a payment on this property which is not likely worth 50c on the dollar or what it was taken over at? Does he mean the one per cent taken out for a sinking fund that according to his figures would be 23c per 100 pounds? Does he mean the cost of redrying and prizing all of the unsold tobacco on contract, some which was given to some of their officials at \$1.65 per hundred; or the loss in weight on all their redrying tobacco which will run 10 per cent or more than one-half of their receipts, or equal to five per cent on all tobacco pooled, which according to their price of \$23.50 would mean \$1.17 1-2 per hundred loss in weight on the entire 120 million pounds.

Does he mean the salaries of the President (said to be \$50,000.00), Vice President, Sec'y. and Treas., Directors Graders, and Managers of over 100 warehouses and their assistants, or the office force of fifty book keepers, stenographers and calculators employed in the head office of the printing, advertising, stationery, postage and office equipment or the salaries of an expert press agent and his assistant and lawyers employed by the year to look after their legal matters?

How about the weekly pay roll of more than 100 warehouses where they receive and grade their tobacco? Of course I am not saying Mr. Passonneau is misrepresenting anything. He simply forgot all of the above items. The thing that is uppermost in his mind and what he must have been talking about was the \$5.00 per head for 55,000 growers which would amount to \$275,000 or about 23c per 100 pounds on all tobacco handled from which "HE GOT HIS." I do not own a dollars worth of tobacco property in Hopkinsville nor do I get one cent of revenue from any Loose Floor business and have already outlined my allotted time and will be exceedingly fortunate if I should live to see the expiration of a five year contract; so nothing you may do one way or another concerns me personally, but I would hate to leave this world with my beloved country torn to pieces, its women and children in rags and a mortgage on every farm; all for the sake of a \$5.00 fee collected by Aaron Sapiro and Joseph Passonneau.

Do not be swept off your feet by this newspaper propaganda that is trying to make you believe that everybody else is going to sign up but you; for their columns are open to these professional organizers.

If you are led into this thing by them, you are going to bankrupt yourselves and country by tying up your money crop for five years, just as the cooperators did the wheat growing country of Minnesota, North and South Dakota and bursted 75 per cent of the banks.

My advice to you is sign your name to nothing, sell your tobacco where you can get your money the same day and pay your debts. Live happy and contented and watch for the next two years what happens to the cooperators in the Burley District.

Respectfully yours, J. P. Thompson

## IMPROVED PRICES ARE ASSURED BY CO-OP. MARKETING

Price Control Boosted by Advocates of New Marketing System Today.

Hello Bill, I haven't seen you in some time, how's things?  
Crops doing fairly well, too much rain.

Have you signed yet Bill?  
No. "I am going to Wait and See."  
If it sells best on the floors, I will sell there. Bill; can you afford to do this? You know if the prices on the floor are high with the size of this crop, it will be a bait given to try to disorganize or break up the Co-operative Marketing, and if the association is broken up you will have sold your future for this bait. Are you willing to go on as you have been doing and should you die leave your wife and children a haphazard method of selling your crops? The association is well organized, has hired the best men they could get to handle its affairs, can get all the money it will need to finance the proposition, and all it needs now is for the planter to back it. Can we planters afford not to sign and deliver our tobacco?

Well, Jim you hear so much talking against it, I hardly know what to believe.

Bill. Who is doing this talking and knocking? What do they do for a living and how will the pool affect them? Have they tried to learn anything about it? Have they been out of Pitt county? What do they know? They are just as well posted as you are as to the affairs of the association and are only repeating the bad things they have heard which is being written or told by those who are situated like they are; and every bad thing they have told when sifted down has turned out to be false.

Bill. You know that when any commodity is handled through one selling agency that the price can be controlled. If the tobacco dealers were allowed by law, the opportunities of this association and could get the financial backing you would see the last one of them in it within the next 24 hours. Well Jim; I owe money to be paid this fall and if I pool I am afraid I can't pay it.

Bill; The association will advance on your tobacco as you deliver it and give you a receipt which you can use as collateral. If there was no association and you did not get enough for your tobacco to pay your debts. How would you do? Bill; how much tobacco have you ever sold at auction that did not bring you half you expected? Did you have any more coming to you?

I know tobacco at auction when there is competition and the buyers are on the job, sells well, but even in your best barns you have grades that only one buyer wants and then you fail to get its value. Under the Co-operative method you will sell in the green state what is wanted and your officers say at what price: What is not wanted we will redry and carry until we find a market. In this way we do not dump on the market what is not wanted, do not sell more than is wanted; and all of us will get the same price for the same grades. If the association had delivered to it 85 per cent of the crop the success is assured for they will be able to sell fifty to sixty per cent in pounds in the green state and this will mean 80 to 85 per cent of the money value. Then they will redry the balance and sell to the trade as they need it, the same as the speculators have been doing. In this way, even if the crop turns out large there will be no break in the market for the association will sell only what is needed. I believe if we farmers stick together that we will have more dollars from this crop in January than we will have if it is sold by auction, and still have a goodly sum coming to us. It is association. We have hired good men, they are under bond. We are assured of finances to handle the crop, so it looks to me that any farmer is better off with his tobacco in the pool than on the outside and that we should all work to make the sign up a hundred per cent. Well good bye Bill, think it over, talk to the wife and I feel sure you will sign and help us get others. Adv.

## HERSELF AIDED SHE WOULD NOW BENEFIT OTHERS

**Portsmouth Woman Restored by Taking Tanlac Gives facts to Public for Benefit of those who Suffer as She Did—Gains 12 Pounds.**

"Others helped me by telling what Tanlac did for them and now I want to help someone else by telling what it did for me," said Mrs. C. A. Hog-gard, 225 Sixth Ave., Portsmouth, Va.

"I was a victim of nervous indigestion and for three years everything I ate lay like lead in my stomach. Gas from this undigested food almost stopped my breath and my heart would palpitate until it alarmed me. I couldn't lie on my left side at all. Then, too, I had chills at night which made sleep almost impossible. I fell off in weight alarmingly and got so weak that when I began taking Tanlac I didn't have strength to go to the front door."

"But now my friends say I am like a different person and I certainly feel like one. I can eat anything, haven't had a chill since I finished the first bottle of Tanlac, and feel well and strong all the time. I have gained twelve pounds in weight, too. Tan-lac is just grand."

Tanlac is sold by all good druggists.

## RAILROAD RATES HEARINGS OPENS

Greatest Inquiry in History of South Begins Hearing at Atlanta Today.

Atlanta, May 22.—The most important railroad rate hearing ever held in the south opened here today under direction of the Interstate commerce commission. Five members of southern states railroad commissions are expected to continue the hearing several weeks. The request for a hearing came from shippers and carriers who declared that interstate rates in southern territory were too excessive. An effort will be made to smooth out difficulties so far as possible and relieve any discriminations.

# One Quality But 3 Flavors

Do you know there are three kinds of Karo? In the *Blue Can* you find a delicious golden brown syrup for pancakes and sliced bread—for cooking, baking and candy-making.

In the *Red Can*, is the Crystal White Syrup—for cooking, baking and candy-making. Many prefer it as a spread for cakes, biscuits and waffles.

The new Karo in the *Orange Colored Can* has a delightful maple flavor and you serve it just as you serve maple syrup.

One quality—3 flavors—that's the Karo story. And you can get any kind you like at your grocers today.

**Mrs. A. M. Moseley Entertains.**  
 On Friday afternoon at her beautiful home on Fourth street, Mrs. A. M. Moseley delightfully entertained with a bridge party complimentary to Mrs. Larry James, Mrs. James Ficklen, Mrs. R. G. Lassiter, of Oxford, the house guest of Mrs. L. C. Skinner, and Mrs. James C. Cooper, of Henderson, the guest of Mrs. L. G. Cooper.

The reception hall was decorated with pink ramblers and ferns, carrying out the color scheme of pink and green. In the library the color scheme was yellow, black eyed Susans being used in profusion. The dining room was beautifully decorated with red ramblers and green candles, carrying out the color scheme of red and green.

Upon arrival the guests were given a cordial welcome of the hostess and her guests of honor, and invited into the dining room where punch and sandwiches were served by Mrs. B. B. Sugg, Mrs. W. L. Best and Miss Winnie Skinner. The punch table was artistically decorated with red ramblers, which entwined the table and went around the bowl.

Eleven tables for bridge were arranged in the library and reception hall. The score cards were hand tinted roses. The table prizes were miniature corsages of sweet peas, and the guests of honor prizes were large corsages of sweet peas. Miss Josephine Skinner, bride-elect, was presented a prize similar to the ones given the guests of honor.

After many progressions a pink ice course frozen in the shape of roses was served. The cakes were also pink.

It was a most delightful party and Mrs. Moseley was a charming hostess.

**TWO CASES HEARD IN MAYOR'S COURT**

Only two cases were disposed of in Saturday's session of police court which was presided over by Mayor D. M. Clark. Both cases consisted of charges of assault as follows:

D. M. Johnson, assault, fined 5 and cost of action.

Ragnel Vines, charged with assault, released upon payment of cost.

**Mr. Hooks Improved.**

**ALL STAR CAST IN INCE DRAMA**

An all-star cast of unusual merit is featured in "Mother O' Mine," Thomas H. Ince's latest melodrama, which will be featured at White's theatre Monday, May 29th.

Lloyd Hughes, Joseph Kilgour, Betty Blythe, Betty Ross Clark and Claire McDowell are the players who assume the leading characterizations. Hughes, who for some time has appeared in leading and featured roles in Thomas H. Ince productions, recently received high critical praise for his splendid performance in Inces "Beah Revel."

Joseph Kilgour, stage and screen favorite, is a "heavy" of note, his success in that type of role being gauged by thousand of picturegoers who regard him as "the meanest man on the screen." Miss Blythe's beauty, combined with her dramatic capabilities, has elevated her to the upper rank. Betty Ross Clark has, during the past year, played numerous feminine leads opposite prominent stars while Claire McDowell, who is cast in the title role of the production, is noted for her similar characterizations in more than two score screen successes.

**HELEN YORKE TO GIVE ALUMNAE RECITAL AT E. C. T. C.**

It is rare indeed that the debut of a new operatic star is hailed with the delight that marked the appearance of Miss Helen Yorke, the distinguished coloratura soprano, the lyric beauty of whose voice has captivated both the public and critics, and some of her enthusiastic admirers have predicted for the singer a career as brilliant as that of Patti or Galli-Curci.

Miss Yorke possesses a pleasing personality, distinct beauty, a superb stage presence and magnetic charm of manner.

When nineteen she went to Naples, and for four years was the pupil of Carlo Sebastiani, one of the world's most famous maestros. She made her operatic debut in Italy where she sang in "Lucia," "Rigoletto," "Faust," "LaSonambula" and other standard operas, being at once acclaimed as one of the world's greatest coloratura sopranos.

Upon her return to America she made her debut with the De Foe Opera Company, since when her appearance throughout the country has been in the nature of a triumph.

Miss Yorke will appear in the Alumnae recital at the East Carolina Teacher's College on Monday, June 5th at 8:30 p. m.

Born—Monday, May 22nd, to Mr. and Mrs. D. O. Sandlin, a son, Osborn, Jr.

President Harding is reported to be slightly uneasy concerning the next election. No one can blame him when considering the record he has made.

HON. JOHN WANAMAKER
Was asked how it was that he became the largest insurer in the United States, carrying sixty-two policies, and gave these five reasons in reply.

- 1. That he was insurable and accident or ill health might come at any moment when he would not be insurable.
2. That life insurance was one of the best forms of investment because it gave after one deposit an instant guaranty that would repay principle and interest and more.
3. That life insurance in the long run was a saving fund that not only saved but took average care of any deposits and took him into partnership, into possible profits that not infrequently returned principle and interest and profit.
4. That life insurance regarded from the standpoint of quick termination, was more profitable than any other investment he could make.
5. That it enabled a man to give away all he wished during his lifetime by providing an estate for those left behind. Consult us.
