## ROTARY CLUB TO ENTERTAIN LOCAL SCHOOL TEACHERS

Faculty to Be Guests of Rotary Club at Meeting Next Monday Night.

## LADIES NIGHT WILL BE FULLY OBSERVED TUESDAY JUNE 6TH

Meeting June 5th Postponed until Night Later Owing to Commencement.

The regular meeting of the Rotary club was held at the home on Rotary avenue last night and proved one of the most enjoyable affairs in several months. Considerable business was transacted during the evening after which a splendid program was enjoyed.

J. E. Winslow will represent the Greenville club as official delegate to the International Rotary conference to be held next month in Los Angeles, California. Practically every club in the state will be well represented and it would not do for Greenville not to have a delegate there when it is the only club in the world with a Rotary building all its own.

Among the visitors present during the evening were J. W. Holmes and T. C. Turnage, members of the Farmville club and Dr. Charles A. Woodard of Wilson. Each guest made a short and interesting talk. Dr. Woodard spoke on the subject of "Optimistic and Pessimist" or the effect of the that of mind on the physical being. He said that tests made by scientists proved that optimism had a great part to play in the lives of men and that they were much happier than the pessimist ever would be.

It was decided that next Monday night's session would be devoted to entertainment of teachers of the city schools. A splendid program will be provided for the evening and an effort made to give the guests a genuine good time.

The regular meeting Monday, June 5th has been postponed until the next night, Tuesday, because of commencement exercises at the Teachers College. At this time the Rotarians will entertain the wives and sweethearts, the occasion to be designated as ladies' night.

## BEGIN INQUIRY OF FERTILIZER TRUST

Senate Agricultural Committee Orders Immediate Investigation of Situation.

Washington, May 23.—Investigation into an alleged fertilizer trust was today ordered by the senate agricultural committee in connection with the leasing of Muscle Shoals. The probe was ordered as result of testimony that seven fertilizer concerns fifty percent of the fertilizer output of the country. Witnesses from all parts of the country will be called to the hearing.

## MASKED MEN FLOG HOLINESS PREACHER

Authorities Seek Three Men Connected With Unmercifully Flogging Minister

(By International News.)  
Pelham, Ga., May 23.—Authorities here are seeking to identify three masked men who flogged the Rev. Temple, Holiness preacher Sunday and ordered him to leave the community.

The preacher was tied over a log, unmercifully beaten and then tied to a tree where he was abandoned. The assault has stirred the community and every effort will be made to apprehend the men.

## GIRL THROWS BABY IN HOG PEN WHERE IT IS EATEN ALIVE

Nellie Fisher, Colored, held for Murdering her Own Baby Sunday.

## CRIME CONSIDERED MOST HORRIBLE IN HISTORY OF COUNTY

Girl To Be Held in Jail Without Bail Awaiting Preliminary Hearing.

Nellie Fisher, sixteen year old colored girl of the Swift Creek community is being held in the county jail here today charged with committing one of the most heinous crimes reported in police circles in history of the county. The girl is charged with throwing her own infant into a hog pen where its leg, arm and half of the head was greedily devoured by the hogs within a few minutes after the crime was committed. The only explanation of the rash act which she gave a jury of the county coroner investigating the case yesterday was that she did not want the child and threw it away just to get rid of it.

The report of the crime reached the sheriff's office shortly after the noon hour yesterday and he immediately dispatched a deputy and Corporal Wilkerson to the home of an uncle whom the girl lived with. While they thought the story was exaggerated to some extent the horrible tragedy was revealed to them by relatives of the girl who made no attempt to shield her from the reprehensible crime with which she was charged.

The story as told by the girl herself is without doubt the most ghastly to be imagined. It is alleged she gave birth to the illegitimate child out in the yard Sunday afternoon. Shortly afterwards she went into the house to get her shoes and handbag, probably with the intention of banishing herself when several young colored men of the neighborhood appeared at the gate to call on her.

She was so terror stricken at the unexpected interruption that she ran to the hog pen where several large hogs were kept, tossed the tiny bundle of flesh over the fence where the hogs viciously mangled the body before her own gaze.

She returned to the young men as if nothing had happened, and they were not aware of the awful tragedy until one happened to walk over to the hog pen and discovered the small human body as it was being torn to pieces by the hogs. The young fellow is said to have jumped over the fence and rescued the child which was then at the point of death. He placed the body on top of a shed and when the girl's uncle a few minutes later appeared the child was dead.

The uncle questioned the girl concerning the new born babe and she is alleged to have immediately divulged every fact connected with the crime. She told of the birth and her effort to conceal her connection.

The girl will be held in jail here until she is given a preliminary hearing. The outcome of the trial will be watched with considerable interest. The girl in the meantime will be held here without bail.

## WAR CORPORATION TO HELP FARMERS

Eugene Meyer to Study Needs of Cotton and Tobacco Growers and Then Loan

(By International News.)  
Washington, May 23.—Eugene Meyer, managing director of the war finance corporation left today for a visit to Lexington, Ky., Chattanooga, Tenn., and Atlanta, Ga., to study the needs of credit of cotton and tobacco growers, it was stated in official circles this afternoon. Just how much money the corporation has on hand could not be learned and the extent of the loan is now known.

## COUNTY CHAPTER OF RED CROSS TO MEET HERE TODAY

Full Report of Past Month's Work to be Received During Meeting.

M. K. Blount, chairman of Pitt County Chapter called the monthly meeting of the executive committee for this afternoon at 4 p. m. in his office. All members were notified by Miss Elloise Ellington, secretary, during past week.

Full reports of the past month's work will be given by the chairman of each committee, and every one is particularly interested to hear the reports from the new members of the committees which were appointed at the last meeting.

G. W. Prescott, chairman of Ayden branch will speak of community work in Ayden, A. B. Corey of the Live Saving Corps, W. B. Brown on the Community Sing committee, and Dr. K. B. Pace, on the Health Department.

Full attendance is expected. The executive committee is composed of the following:

Chairman, M. K. Blount; V-Chairman, W. H. Moore; Secretary, Miss Elloise Ellington; Treasurer, A. B. Ellington; Chairman Grifton branch, G. T. Gardner; Chairman Ayden branch, G. W. Prescott; Chairman Motor Corps, Mrs. R. Williams; Chairman Junior Red Cross, Miss Maude Lee; Chairman Life Saving Corps, A. B. Corey; Chairman Community Song Sing, W. B. Brown; Chairman Home Service, H. E. Austin; Chairman Membership, J. C. Gaskins; Chairman Health Department, Dr. K. B. Pace.

## UNCLE SAM AGAIN FORCED TO BORROW

Government Needs Millions of Dollars to Meet Obligations Now Pending.

(By International News.)  
Washington, May 23.—The government will soon go on the money market for the purpose of borrowing sufficient money to pay outstanding obligations maturing June 15th, it was learned today.

Obligations include three hundred and eighty million dollars in treasury certificates and two hundred and seventy million in victory notes. The nation will also have to pay a hundred and twenty-five million interest on first and second Liberty loans.

## REPORT INCREASE IN COTTON EXPORT

Raw Cotton Made Rapid Advance During April Over Previous Ten Months.

(By International News.)  
Washington, May 23.—A large increase in export of raw cotton for the month of April over the preceding ten months was announced by the commerce department today.

April exports amounted to 598,206 bales, and increase of 207,276 bales over the previous month of April. These figures were received with general favor by the industry this afternoon and are believed to be an index to future business.

## POSTOFFICE JOBS STARTS SENATE ROW

Washington, May 23.—The Georgia postmaster appointments started a hot exchange between Senators Watson of Georgia and Phipps of Colorado. Business was disrupted several minutes, after which both took their controversy into the corridor. Phipps declined Watson's challenge for a personal combat.

## SEVEN DIVORCES HEARD IN COURT HERE YESTERDAY

Two Weeks term Adjourns Until August After Settling Several Compromises

After disposing of seven divorce cases and a number of compromises the two week term of Pitt county superior court for the trial of civil cases which convened in this city yesterday morning, adjourned shortly after the noon hour yesterday until the regular August term. The majority of cases on the calendar for this term had either been compromised or satisfactorily settled outside of court and Judge Cranmer declared it would be an unnecessary expense to the county to continue the term with only a few matters remaining for consideration. This is one of the shortest terms probably in history of the county, considering the amount of work accomplished, and court officials and the presiding judge were highly gratified at the splendid showing made in such a short time.

Hearing of the seven divorce cases consumed very little time, and Judge Cranmer was able to order adjournment shortly after the noon hour, although the session did not get started until after ten o'clock. Practically three months will pass before another session, but when the time rolls around farmers will have completed harvesting their crops and witnesses will have little trouble in attending court.

All parties involved in the divorce hearings yesterday were colored. Divorce absolute, was granted in the following cases: Willie Gardner vs. Ida Gardner; Willie Vines vs. Louisiana Vines; Ernest May vs. Ruth May; J. A. White vs. Geneva White; George Hamilton vs. Essie Hamilton; Willie Hymen vs. Blanch Hymen; John Teel vs. Maggie Teel.

## HUGHES TO DECIDE IMMIGRANT ISSUES

Secretary to Determine How Many Foreigners Will be Admitted to Nation.

(By International News.)  
Washington, May 23.—The number of immigrants who will be permitted to enter the United States next year will be fixed by Secretary Hughes, Davis and Hoover within a few days, it was learned this afternoon.

Congress has extended the three percent law over a period of two years, it was stated in official circles, and it is up to the secretaries to determine upon its application.

## NEW YORK POLICE SEIZE OPIUM DEN

\$50,000 Worth of Drugs Captured With Seven Men in Metropolitan Monday.

(By International News.)  
New York, May 23.—Members of the police department here today swooped down upon a basement near 27th street and Broadway today and seized seven men and fifty thousand dollars worth of opium, heroin and other drugs.

The haul was one of the greatest made by the department in years, and will probably decrease the traffic to some extent.

**MAJOR LANGFORD DIES**  
Petersburg, Va., May 23.—Major Joseph Samuel Langford, aged 102, veteran of the Mexican and Civil wars, died this afternoon at his home here. He was born in Norfolk, September 15th, 1819. He attributed his longevity to abstinence from intoxicants and tobacco.

## BIBLE CLASS IS ORGANIZED HERE BY EPISCOPALIANS

H. A. Bost Elected President and Mrs. O. F. Clark, Sec. and Treasurer.

A bible class was organized by members of St. Paul's Episcopal church Sunday morning with the following officers being elected: H. A. Bost, president; J. C. Gaskins, vice-president; Mrs. O. F. Clark, secretary and treasurer, F. C. Harding, teacher.

This class has made such remarkable progress within the last three months that permanent organization was found necessary. It is composed of both men and women who have taken an active interest in the work and plan to make it even a greater force in church activities.

## MINERS DYNAMITE OPERATORS HOME

Police Begin Investigating of Dynamiting Home of Emmet Diamond.

(By International News.)  
Uniontown, Pa., May 23.—Police today began investigating alleged dynamiting of the home of Emmet Diamond at Masontown. Diamond, who is a coal operator resumed operation on a non-union bases yesterday. His home was blown up by unknown parties during the night.

## CLAIMS DAUGHTERY DIDN'T GET PAID

Attorney Felder Defends Attorney General in Connection of Morse Charges

(By International News.)  
New York, May 23.—Denial that Attorney General Daugherty received a penny compensation for efforts in behalf of securing the release of Charles Morse from the federal prison was made today by Thomas Felder, Georgia attorney, partner in the Daugherty case.

Felder admitted receiving a retainer of five thousand dollars from Morse, but said he was paid before Daugherty entered the case.

## TREASON HEARING STILL CONTINUES

Blizzard Case Brings Out New Facts in West Virginia Trial Today.

(By International News.)  
Charleston, W. Va., May 23.—Defense in the case against union miners charged with treason in connection with marching on Logan county last summer was revealed in the trial of William Blizzard, as contention for alleged rebellion against the "system of coal operators government" and not against the state of West Virginia.

## FARMVILLE RECREATION CLUB, BATCHELOR MAIDS PIC NIC AT AMUZU PARK

The teachers of Farmville, were delightfully entertained at the Park last evening from 6 to 10 p. m. by the members of Farmville's Recreation club and Batchelor Maids. Luncheon was served in the pavilion about 8 p. m. and needless to say was enjoyed by all. About seventy people and there was not a dull moment from the arrival of the first car to leaving about 11:15. Farmville folks are particularly in knowing how to enjoy life.

## TWENTY KILLED IN ULSTER DISORDERS

Fifteen Hundred Sinn Feiners Arrested as Result of Murder Orgy.

(By International News.)  
Belfast, May 23.—Fifteen hundred Sinn Feiners and members of the Republican party were arrested by police and British troops following the murder orgy in the Ulster district during the past week-end in which more than twenty persons were killed.

The arrest is the largest made since disorders started here and shows to what extent police are trying to produce more favorable conditions.

## BALL PLAYERS TO REACH GREENVILLE IN TIME TO TRAIN

Majority of League Men Expected to Reach City During Latter Part of Week

## TWO PLAYERS ARE SECURED FROM THE VIRGINIA LEAGUE

The Majority, However, have Seen Service in Eastern Carolina Circuit.

The nineteen players so far secured for training by the Greenville baseball club have seen extensive service on the diamond, and promise to make a splendid showing when the first ball is tossed at the opening of the league June 5th. Several of the players were either with the local club or members of the league last year and fans are already familiar with what they are capable of doing.

A few facts regarding the new players were given out this morning by the club and should prove of interest to those who intend following the club during the hot summer months.

Halbrook, an outfielder is a former member of the Georgia state league, having established an enviable record in the field and at the bat. Elridge is another Georgia player, having seen service in the outfield with the University of Georgia at Athens.

Spikes is a former Trinity college player and is considered quite handy with the bases loaded and a hit necessary. Hathway is a pitcher from Miami, Florida, and members of the local club are expecting something out of the ordinary from him.

Cox, a former Baltimore player secured from the Rocky Mount club of the Virginia league is said to be quite useful around short stop, having established an enviable record. Roberts hails from Baltimore and was secured from the Wilson club of the Virginia league.

Ed. Brown, former Ayden boy, was secured from the Baltimore Orioles, and is in position to render invaluable services on the firing line and with the willow also.

The record of Beall, the hurler who rendered such fine service here last year, is already known here and no one is in doubt as to what he is capable of doing.

The two Morris boys are former members of the University of North Carolina team and played with New Bern last season.

While three or four players have already arrived and are ready for practice Thursday of this week, the majority are not expected until next week. In fact it will be impossible for some of the college men to reach here until the first of June, but after that time practice will be carried forward rapidly until the team is ready for the opening.

Beall quite likely will reach Greenville the latter part of the week, it was stated this morning. He advised the local club yesterday that he would reach the city this week, and when he does come he will begin training immediately.

Manager Smith is confident of making an enviable record with his club this season and is going after the first half in a way that will be bound to appeal to everyone. Herebefore the team could never get a good start for the first half but this year conditions are different and everything will get a different start.

## SENATE PASSES MARKETING BILL

(By International News.)  
Washington, May 23.—The senate today passed the bill of Senator Harris, of Georgia, providing for improved marketing conditions under federal control at government licensed warehouses. The bill also calls for cheaper loan rates to farmers on warehouse receipts, reduced insurance and liability of warehouse stored crops.

Manager Guy Smith promises to lick the socks off of anything in the league if his club is given the right name in the contest now in progress. This statement should be considered in all seriousness by the public, as Mr. Smith generally lives up to his word, and will do so in this case if such a thing is possible. Baseball, however, is a curious thing, and despite everything the versatile manager might do his team may hit a losing streak. Let's all hope not, anyway and believe he is capable of living up to the statement.

The notable victory of Gifford Pinchot in the Pennsylvania election has stunned national Republicans to such an extent they will be long in completely recovering. They felt sure of an overwhelming victory for the administration candidate and when the Independent won so easily it was enough to take their breath and cause a long spell of depression even in the ranks of the old heads. Politics is a game no one may be too sure of, and not until after an election is over is the victor really sure of a victory. Public sentiment may be given a powerful impetus either way in a few hours time and this is the reason the political issues receive such wide attention in this country.

The victory of the progressives in a Republican stronghold like Pennsylvania is just cause for consternation in camp of old line members of the party, as it shows sentiment is daily swinging back like it was during the days of the world war. While the victory cannot be claimed anything of particular importance to the Democrats, it nevertheless proves the present administration isn't giving satisfaction and that a desire for a change may swing the Democrats into power again in the near future. This is a great country, as long as a political party wants to stay in the lead it is important proper attention be given public sentiment.

**RESERVE SAVING THE NATION.**

Experts say the supply of coal in America will last two months, or probably longer, despite efforts of the miner to freeze the operators out.

This is mighty gratifying as it is probable some kind of an agreement may be reached before the reserve gives out. It is to be hoped so at least, as a coal shortage is something the ordinary run of people don't like to contemplate long at a time.

The operators are as much responsible for the strike probably as the miners. They may yet use the strike as a cover for increasing prices. But the government, however, has taken action to prevent this and may meet with results.

The situation is serious enough without increased prices, and if the operators know what is best for the industry they will do everything possible to bring the strike to an end and to keep prices at the very lowest. The public has suffered considerably from strike and other labor disturbances in past months, and such a thing at this time is not to be tolerated by even the most enduring and patient.

Strikes are strikes any way you put it and when the product involved is short the situation is much more serious than under ordinary circumstances.

**LET'S HELP THE STARVING.**

Now that committees have been appointed to carry on the Near-East relief campaign in Pitt county it is hoped the public will respond liberally and help them raise the \$3,000 quota set for the county.

This is a cause in which everyone should take particular interest. Suffering in the stricken area has been of the most intense nature the past several months and unless aid is given thousands will die of hunger.

America is a prosperous country and its people can't stand aside and watch such suffering without doing their part to bring relief. Pitt county has never failed any cause of the kind and it is certain they will live up to expectations in this instance.

**Co-Operatives Get The Higher Price**

I have always been taught it was a wise man who could be convinced when in error, and he certainly would not be wise to continue in the same course after he was convinced.

I repeat, "the OPPONENTS have not a single sane reason why a Farmer should not Pool his tobacco," I have said nothing as to the Farmers sanity as they would have you believe in their personal attack on me in your Mondays issue. The statement and my views expressed at the Meeting of the Board of Trade, while not my language exactly, expressed my views at that time: However I am always open for conviction and when I am shown I am in the wrong I am man enough to change and express my views. If these WAREHOUSEMEN had been sincere and told absolutely the truth, they would have told you also of a former meeting at which time EVERY ONE of them expressed their dissatisfaction at the way the Auction System had been conducted on the Greenville Market. When they quote me as having been satisfied with the Auction System they know they did me an injustice for I have said for the past two years, I would welcome any change, for the Farmers as a whole has not had justice. On my return from Raleigh where I heard Judge Bingham speak and talking to Messrs. Stone and Sands, who convinced me of the successful working of the Kentucky Pool: their ability to secure financial backing and changed my idea of the contracts value as an asset; I wrote a statement which you published in which I gave my reasons for the change I had made.

There was no change made in the Warehouse contracts previously offered to me and although I was told the Association wanted to secure my services to run the Greenville Warehouse, not one word was said as to amount of salary, so it was not money that changed my views, as the opponents insinuate.

I fully agree with the opponents as to ("THE PARA MOUNT ISSUE") and if they have any good reason as to how the Auction System can or will get more money for your tobacco, why do they not tell you instead of making a personal attack on me and my affairs, in their attempt to cloud the issue?

I have been maligned, and cussed by these Warehousemen for the past ELEVEN YEARS; yet I have led the Market every year I have been in business, which included the year 1921.

I have advised the farmers as to the selling and handling of their tobacco and those who have followed my advice have made money by so doing. I do not claim to be infallible but I do say I have tried to be fair and honest in my dealings with my fellow man which cannot be said of some of my opponents. They say, "we know the tobacco farmers in Kentucky have not received as much money for the Pool as those remaining out of the Pool received." Are they honest in this? Note this official announcement by the Agricultural Commissioner of Kentucky.

"Tobacco sold by the Burley Co-operative Tobacco Marketing Association brought an average of \$29 a hundred pounds as compared with an average of \$21.25 for tobacco sold independently, according to an nouncement made here today by W. C. Hanna, Commissioner of Agriculture.

"Tobacco sold by the co-operative association up to March 1st. totaled 20,675,455 pounds, which brought \$5,995,961.54, while the tobacco sold independently amounted to 59,837,048 pounds the sale value of which was \$10,588,579.16

"Since March 1 approximately 40,000,000 pounds of the association tobacco have been marketed, according to Commissioner Hanna, at prices far above those received for tobacco sold independently."

These figures are sworn to in Kentucky the same as is done in this state when reported to the department and are open to inspection by the public. These same figures prove the fallacy of the figures and statements made by Mr. J. P. Thompson (Mr. Thompson lives in the "Black Belt" and is as far from the Burley Section as we are from the Sun Cured Section of Virginia) which is given so much prominence in your Monday's issue. IN FACT THERE HAS NOT BEEN A STATEMENT WHICH WHEN SIFTED DOWN IS NO FOUND TO COME FROM SOME SUCH SOURCE AS WAS OETTINGERS AND BOONE'S

Signed,  
J. N. GORMAN

LETTER FROM WINCHESTER KENTUCKY ANOTHER MIS-REPRESENTATION OF CO-OPERATIVE MARKETING

Mr. L. E. Rogers, Warsaw, North Carolina, Dear Sir: Your letter of May 13th enclosing copy of a letter signed by M. F. Boone and published in the Greenville Daily Reflector was received today. We are very glad indeed that you wrote us in regard to the accuracy of the statements contained therein.

M. F. Boone is a resident of our city and is a tobacco auctioneer by trade, and since the greater part of the Burley tobacco raised in this district has been pooled and is sold by the association, there is very little for an auctioneer to do. Really he is not defecting from fact when he says that he has found business "as dull as the dickens."

The Burley Tobacco Growers Co-operative Association of this section is being managed by competent men in a very business-like manner, and we all concur in the opinion that if the growers in your district will effect an organization similar to ours, they will be doing a great work and will insure for themselves a reasonable price for their tobacco.

In union there is strength, and as a cable is stronger than any one of its strands—so the association will be more influential in dealing with the buyers of tobacco than independent growers who must sell their product at the price offered or let it remain in their barns.

We can say unqualifiedly that the statements published in your newspaper over the signature of M. F. Boone were inaccurate and very misleading. The pool so far has been a marked success and those who pledged their crops are highly pleased with the results.

Command us if the occasion arises wherein we can be of help.

Yours very truly, J. D. FOOTE, Cashier, J. M. HODGKIN, Cashier Peoples State Bank Trust Co R. P. TAYLOR, Pres. Clark Co., National Bank. P. S.—You may publish the foregoing if you desire. Adv.

IMPROVEMENTS AT COURTHOUSE COMPLETED DURING THE WEEK

Construction work connected with lowering the sidewalks around the court house and terracing lawn has been completed by Ray and Leonard, local contractors who had the job in charge, and the temple of justice presents an entirely different appearance. Those who contended this improvement was not necessary are probably convinced otherwise by this time. In fact the improvement was absolutely necessary and the commissioners are to be congratulated in ordering the work done.

The job of returning the lawn is one of the best and most complete ever seen here, and reflects credit upon those who had the work in charge. The steps leading from the street to the court house grounds also present an attractive appearance and shows to what extent this feature alone was necessary.

### KEEP YOUR HOGS HEALTHY

*Clean and Careful Feeding Essential in Successful Hog Raising*

Here is a secret of successful hog raising—practiced by many stock raisers and prosperous farmers. Don't feed your hogs sour or ill-smelling garbage.

The swill should first be sweetened with Red Seal Lye. Take one tablespoonful of Red Seal Lye and dissolve it in a pint of water. Mix this solution thoroughly with sufficient feed for 10 hogs. One-half a can of Red Seal Lye dissolved in one quart of water will sweeten a 30-gallon barrel of swill. Feed twice daily, night and morning.

Ordinary garbage ferments, forming an acid which is injurious to the hog. Red Seal Lye will remove this acid and make the feed more wholesome.

Swill which has been first sweetened with Red Seal Lye and fed to the hogs, will help make healthy, sturdy animals.

Make a strong solution of Red Seal Lye, sprinkle around your hog pens and wash out the feeding troughs. Use at least once a week.

Be sure and get the old original, highest test, granulated Red Seal Lye. Accept no substitute.

Was asked how it was that he became the largest insurer in the United States, carrying sixty-two policies, and gave these five reasons in reply.

1. That he was insurable and accident or ill health might come at any moment when he would not be insurable.
2. That life insurance was one of the best forms of investment because it gave after one deposit an instant guaranty that would repay principle and interest and more.
3. That life insurance in the long run was a saving fund that not only saved but took average care of any deposits and took him into partnership, into possible profits that not infrequently returned principle and interest and profit.
4. That life insurance regarded from the standpoint of quick termination, was more profitable than any other investment he could make.
5. That it enabled a man to give away all he wished during his lifetime by providing an estate for those left behind. Consent us.

## Stomach Health Is Reason for Joy

Tuesday Health Talk No. 26

(By J. B. Ball D. C.)

The ability to eat without being reminded of the fact by stomach pains or other discomfort is one of the joys of life. This does not imply that a man must live to eat. It simply means that the man or woman with a good stomach is fortunate. Food can be enjoyed and forgotten, while other activities of life are carried forward.

There are many forms of stomach trouble, some of which are not due to stomach weakness but to the weakness of other
