MORRIS BROTHERS TRADED TO BEARS FOR BILL ORMOND

Managers of New Bern and Greenville Trade Follow Directors' Ruling.

ORMOND REFUSED RECENT CONTRACT WITH ST. LOUIS

Trinity Second Baseman Considered Something Strong With the Willow.

Although directors of the Eastern Carolina league in session here last Saturday night ruled that Fred and Casey Morris were property of the Greenville base ball club, an agreement has been reached between managers of the New Bern and Greenville clubs whereby the brothers will play with New Bern.

The exchange will be received with a great deal of interest here, as it was plainly evident the Morris Brothers desired to play with New Bern, although signing a contract with Greenville also.

Ormond played second base for Trinity College the past season, and at the close of the season was offered a contract with the St. Louis Nationals.

Ormond's ability with the bat was one of the main reasons why Trinity made such a good record the past season. He set a rapid clip for the entire team hitting at the four hundred rate.

It is stated by those not well informed regarding the meeting here Saturday that directors ruled in favor of New Bern. This was a mistake as everyone knows, and should be corrected by those acquainted with conditions.

BELLAMAY UREGS EVERYONE TO HELP NEAR EAST RELIEF

State Leader Says Everybody Should Respond to Call For Aid.

Raleigh, May 26.—Members of the American Legion, all ex-service men, their friends and families are asked to aid the Rev. Thomas E. Beaman in his campaign for Near East Relief funds in Pitt county next week in a special message sent today to Greenville by Col. George H. Ballamy state chairman of that great humanitarian organization.

"Many of you are back home today," Col. Bellamy declared, "only because of the sacrifice of the brave fathers of these children whom we are asking you to keep from starvation. Three hundred thousand Armenian troops laid down their lives in defense of the Baku Oil Fields. These little children were left helpless when their daddies didn't come back, but the Germans did not get this precious oil supply.

"You all know the importance of oil in warfare. The submarines were run by it. Without it it would have been impossible to run the airplanes, the big guns, the field pieces, the tractors, the munition plants—even the small arms.

"When Germany failed to get this oil she saw her case was hopeless and they just curled up and quit. Military experts agree that her failure to get this oil was the final straw which caused her collapse.

"They were killing men off at the rate of 10,000 a day when the war ended. You can see how much chance those of you who were in France or those of you who were on your way would have had if the war had lasted a few more months. Many of you who are back home today would be sleeping beneath a little wooden tombstone.

COMMISSION FIXES BONLEE VALUATION

Washington, May 26.—The Interstate commerce commission today fixed tentative valuations at \$79,693 on Bonlee, N. C.

FOREIGN DEBTS INJURE NATION

Comptroller Crissinger Claims Conditions Would Be Better Otherwise

Pittsburgh, May 26.—Comptroller of Currency Crissinger, addressing the Pennsylvania bankers association today, pictured foreign debts due the United States as one of the chief handicaps of restoration of the gold standard of the world. He urged immediate adjustment of rates.

BROTHER OF LOCAL MAN RUNNING FOR COMMISSION

The people of this section will be interested in knowing that Mr. A. C. Avery who is now running for member of the Corporation Commission is a brother of Mr. L. T. Avery, of Greenville, with the Export Leaf Tobacco Company. Mr. Avery's candidacy is being watched with considerable interest from all sections and the outcome of the contest will be closely followed.

TRAINING CAMPS OFFER SERVICES TO COUNTY MEN

Vacations, Educational Features Offered By Military Training Camps.

TWO CAMPS WILL OPEN JULY 27TH TO AUGUST 26TH

Persons From 17 to 25 Years of Age are Eligible for the First Course.

An interesting vacation fraught with pleasures, educational features and excellent physical training is offered young men of this section by the Citizens' Military Training Camp for the summer of 1922, according to announcement by the Fourth Corps Area Headquarters at Fort McPherson, Ga.

The announcement is of particular interest to civilians residing in Georgia, Tennessee, Florida, Alabama, Mississippi, Louisiana, North and South Carolina. Two camps are to be opened July 27 to August 26 inclusive, at Camp McClellan, Ala., where instruction will be given in infantry, cavalry and field Artillery, and at Fort Barrancas, Florida, which will offer a course in coast artillery training.

Three courses will be given at both places, an elementary course, for citizens between the ages of 17 and 25 years, which qualifies an entrant for admission as a private in the organized reserves or in the national guard, the white course for non-commissioned officers, and the blue course for commissioned officers, qualifying each candidate of the latter two to admission in the National Guard or Organized Reserves, as non-commissioned officers respectively.

Persons from 17 to 25 years are eligible for the first course; from 18 to 26 the second, and from 19 to 27 for the third. Physical fitness, good moral character and common intelligence are the basic requirements for admittance to either of the three courses.

During the courses, which will be interspersed with routine army instruction and athletics, augmented with the social and entertainment features, the government will bear all expenses. Applicants are required to pay their expenses to the camps where they will receive reimbursement immediately upon arrival. Other requirements from applicants are a certificate of health, small vaccination and inoculation for typhoid before entering camps. These services will be performed by any government post. In addition a certificate must be presented from a schoolmaster, clergyman, priest or rabbi to the effect that the applicant is of good moral character and average intelligence. Upon arrival at camps all equipment such as uniforms, etc., will be furnished by the government.

GARY PREDICTS BRIGHT FUTURE

Chairman of Steel Board Sees Promising Future Ahead of Business.

New York, May 26.—Judge Albert Gary, chairman of the board of the United States steel corporation in the presidential address before the American Iron Institute today said he is optimistic and predicts the blind, deaf pessimistic business men who have not passed entirely from under the cloud of adversity.

He said it was to be admitted we are carrying unheard of governmental and financial burdens but we should bear them gracefully and contentedly. There should be a spirit of forbearance and encouragement in every governmental department and that everyone should assist in making the country better.

He also declared that trade unions and farmers should be under the same governmental restrictions as big business, and predicted great success when this becomes so.

WINTERVILLE TO ISSUE BONDS FOR IMPROVED LIGHTS

Ordinance Passed Providing \$10,000 Sale of Bonds for Enlarging System.

The town of Winterville today filed notice of the issuance of \$10,000 in bonds for enlarging the electric light system. This will give the town an up-to-date and modern system, according to its size, and is evidence of a progressive spirit on part of its people.

The ordinance providing the bond issue declares that it shall become effective within a period of thirty days unless in the meantime a petition for its submission to the voters is filed under the Municipal Finance Act.

All expenses of the issue are to be defrayed by the \$10,000 and not additional expenses will be involved, the ordinance reads.

This information will be received with much interest throughout the entire county, as the proposed improvement is strong indication that depression is being forgotten as business turns the corner towards better things.

FOIL ATTEMPT TO BLOW UP LEGATION

Rear of Spanish Legation Wrecked by Bomb But No one Injured.

(By International News.)

Havana, May 26.—An unsuccessful attempt to blow up the Spanish legation with a bomb which exploded in the back part of the building doing small business, was reported this morning. Senor Mariategui, minister, and his wife were absent at time of the explosion, but before this fact became known much fear was entertained for their safety.

MILLIONAIRE SUES WIFE FOR \$25,000

Charles Robillard Seeks Balm for Alienation of Wife's Affections.

(By International News.)

Daytona, Fla., May 26.—New developments occurred in the matrimonial difficulties of Charles Robillard and wife, wife of Roy Bullard, millionaire Minneapolis sportsman when she had her husband arrested on a charge of trespassing.

The Robillard were married May 10th. Yesterday he filed notice of suit of \$25,000 against his wife's father and brother, alleging alienation of affections.

PREDICTS LOWER PASSENGER FARES

Reduced Fares Will Follow Reduction of Freight Rates Commission Says.

(By International News.)

Washington, May 26.—Lower passenger rates will follow sweeping reductions of freight rates, high government officials declared today. It is believed the roads must cut fares to attract more earnings from the source which has fallen off considerably in the last few months.

A young man of the city who patronizes the street drinking fountains suggests that ice be placed in the stand pipe or city reservoir each day. We think his suggestion a good one.

NOTED MEN WILL SPEAK AT FINALS OF CITY SCHOOLS

Baccalaureate Sermon to Be Delivered by Dr. Peele of Raleigh Sunday.

TASKER POLK WILL ADDRESS GRADUATES WEDNESDAY EVENING

About Thirty Five to Graduate From Institution During Present Term.

Closing exercises of Greenville graded schools will begin Sunday evening at eight o'clock when Dr. Peele, of Raleigh, pastor of the Edenton Street Methodist church, delivers the baccalaureate sermon before the graduating class. The finals will continue through Wednesday when the most successful term of the school will be brought to a close with an address by Hon. Tasker T. Polk, of Warrenton.

Both speakers of the occasion are considered the most eloquent in the state and that they will bring messages of vital interest to everyone is not to be doubted in the least. Superintendent J. H. Rose considers himself fortunate in securing the services of such distinguished men and it is hoped the high school auditorium will be packed to its capacity.

The next feature in connection with the commencement will occur Tuesday afternoon at the high school building when the Home Economics and Arts department will present exhibits. This department will remain open to the public until noon of the following day.

Tuesday evening at eight o'clock a grand recital of music graduates will be held. This will be the only feature of the evening, according to the tentative program.

Wednesday morning at ten-thirty there will be a reception of the Seventh grade graduates into the high school. Wednesday evening at eight o'clock graduating exercises will be held and the annual address before the graduating class will be delivered by Hon. Tasker T. Polk.

The senior class this year is without doubt the largest the school has ever had. There will be about thirty-five students who will receive diplomas. This in itself is a credit to the school and shows the remarkable progress made this year.

NEW EVIDENCE IN BUCKINGHAM CASE

Evidence of third Bullet Brought Out in Habeas Corpus Hearing Today

(By International News.)

Canton, Miss., May 26.—A third bullet said to have been imbedded in the automobile which Miles Buckingham and wife were riding when she was fatally shot was produced in the habeas corpus hearing today, in which attorneys were seeking bond for Buckingham's release.

ELEVEN MINERS KILLED THURSDAY

Five Whites and Six Colored Killed in Explosion at Coal Mines.

(By International News.)

Birmingham, May 26.—Eleven miners, five of whom were white and six negroes are dead following an explosion here late Thursday at the mine of the Alabama Fuel and Iron Company, in Acmar county. The tragedy is one of the worst that has visited this section in sometime.

College girls are graduated in June; but brides just start learning to no little extent.

ACTUAL TRAINING OF BASEBALL CLUB GETS UNDER WAY

Boys Showed up Well in First Day's Practice at Fair Grounds Yesterday.

Actual training of the Greenville baseball club got under way at the fair grounds yesterday afternoon and from now until the sixth of June the baseball ball park will be the scene of the most intense activities. While there are only a few players here at this time, Manager Smith hopes to be able to have the majority in action the middle of next week, with exception of course the two or three college men who cannot possibly reach here before the opening day of the league.

The boys showed up mighty well in the initial practice yesterday, and Manager Smith believes they will be able to develop into a smooth running machine within a few days. Although Doran was not able to appear on the field because of injuries received Wednesday he helped the boys in every way possible and endeavored to strengthen up weak points.

Practically all clubs of the league are in training at the present time, and while Greenville may be somewhat slower in getting the players on the diamond it is believed they have material that can be easily and quickly whipped into form. The majority of the men have either played with Greenville or seen service in some league or other during the season and there is no doubt concerning their ability of handling the ball to the entire satisfaction of the public.

The arrival of Beal and Massey is awaited with considerable interest. These two players performed admirably in the championship games last season and were largely responsible for the showing of the Greenville club. Massey will again appear on the first corner this season, while Beal will hold up the big end of the pitching staff. This hurler is considered the best in the league and there is no doubt that he will play a big part in putting Greenville in the win column this year.

BISHOP KILGO IS REPORTED BETTER

Memphis, May 26.—Bishop Kilgo, of the Methodist church, South, of Charlotte, N. C., who was reported near death yesterday, was resting easily today. The bishop had been in ill health for the past four years and was recently retired by the conference.

NINE KILLED IN MILL EXPLOSION

Powder Mills of Mahoning Company at Emporium, Penn., Total Loss.

(By International News.)

Emporium, Penn., May 26.—Nine persons were reported killed when three powder mills and packing plants near this city were blown up last night. The mills were the property of the Mahoning Company and involved considerable loss. Members of the police department today began an investigation which may result in several arrests.

LOCAL MEN PREDICT BIG TOBACCO CROP

Messrs. K. W. Cobb and Madison McGowan made a trip through the lower part of Pitt, Craven and Lenoir counties yesterday in interest of the Greenville tobacco market and found a big crop of tobacco everywhere. The crops are looking fine, before, and that it will reach twenty million bales a year in the near future.

Despite textile strikes he said that the ending April witnessed exports greater by seven hundred thousand dollars over the previous year. He declared indications point to greater cotton consumption than ever before, and that it will reach twenty million bales a year in the near future.

RAIL REDUCTIONS NOT WHAT HARDING EXACTLY DESIRES

Further Cut for Political Reason, Was Really What President Wanted.

THINKS REDUCTIONS ON IRON AND STEEL REALLY NECESSARY

Effort may be made to Modify Cummings Bill in Near Future, Said.

Washington, May 26.—The railroad rate reductions please nobody. They were not what President Harding wanted. They were not what the various interests here which were seeking lower rates wanted. And the railroads did not want any rate reductions.

The result will probably be an effort in congress to secure a modification of the Esch-Cummings law which will permit the making of rates by commodities instead of by the process of horizontal cuts and increases.

In particular what was desired here for political and business reasons were a further cut in rates for agricultural products and rather deep cuts in rates on coal, iron and building materials.

No cut was made in agricultural products generally on the ground that rates on them had already been reduced. And coal, iron and building materials were cut only as other things were instead of receiving special treatment to promote the flow of business. The failure to cut further into agricultural rates will prove disappointing to that strong section of voters, the organized farmers.

Various histories of this decision have been published describing it as a surprise. And the fact that it followed so quickly upon Mr. Harding's conference with the railroad presidents and the White House announcement which led people to believe that there would be no cut in rates, has contributed to the idea that the Interstate Commerce commission sprung an unexpected action.

The fact that Mr. Harding was of course fully informed as to the intentions of the commission which had decided that it could do nothing under the law but make a horizontal cut. He sought to obtain the consent of the railroad executives to the cuts about to be ordered and further commodity cuts on agricultural products, coal and building materials.

MEYER DECLARES BUSINESS BETTER

Member of War Corporation Sees Steady Improvement in Conditions.

(By International News.)

Atlanta, May 26.—Eugene Meyer, Jr., head of the war finance corporation, addressing the Georgia Bankers association today, insisted that business is in better condition now than since 1914.

He declared that the outlook is for gradual and steady improvement. He reviewed action of the corporation in 1920 providing a loan of five million dollars to finance the cotton crop, which increased a hundred percent last year, and marked the strengthening of the cotton market.

Despite textile strikes he said that American mills for the nine months ending April witnessed exports greater by seven hundred thousand dollars over the previous year. He declared indications point to greater cotton consumption than ever before, and that it will reach twenty million bales a year in the near future.

Friday, May 26th, 1922.

Members of the Republican party made great claims in past months, but evidently have enough of it. The public may be fooled awhile but not all the time.

Think of fifteen hundred Sinn Feiners being arrested at one time. Fact is, we didn't know there were that many people in Ireland. Judging by reports they were all shot to pieces long ago.

General disorders accompanied by murders and serious injury to soldiers and civilians are reported from the Belfast district of Ireland. While it is to be regretted it is nothing new and isn't any indication conditions are any the worse. Ireland is to be pitied, but not until its people realize how futile dissension is will they be able to recover.

Delegates of the Southern commercial congress have an idea that Muscle Shoals would be better developed if the government has nothing to do with it. That convention members have the right idea about the matter is not to be doubted in the least. In other words they seem to be on the right track and deserve to be heard.

Large increase in exportation of cotton products is reported in this country. This causes the farmer to feel some better at least and to hope the future will see the industry continue to prosper. Business is turning the corner towards better times and by application to duty the business man will find the turning much easier than expected.

While Attorney General Daugherty hasn't denied charges of assisting Morse in gaining release from the federal penitentiary at Atlanta, an associate has come out in his defense. The public will receive the denial with interest as the allegations are not the most favorable in the world and can do the attorney general no good. It is hoped he may be able to clear up the affair and leave no one in doubt as to his innocence.

Persons connected with bombing of the home of the Mayor of Columbus, Ga., should be brought to account as this kind of lawlessness should not be allowed to go unpunished. This is the nearest approach to bolshevism yet attempted, excepting occurrences in New York, and unless discouraged may spread until serious proportions. The south heretofore has been free of such disorder and it is hoped this is the last time such will occur.

Delegates attending the Southern Commercial congress at Florence, Alabama, are making an effort to get the government to realize the importance of operating the plant at Muscle Shoals, and from all indications will make an impression. That they deserve to succeed is not to be doubted in the least as Muscle Shoals is a valuable piece of property and the longer it is idle the greater the government loss. Alabama and Tennessee people are doing their part in getting the mammoth plant going and if they succeed the public have them to thank.

**AVERY OF BURKE
IN COOPERATION
COMMISSION RACE**

**Man Running Against Lee Has
Enviably War Record.**

Morganton, May 26.—A. C. Avery, of Burke county, prominent attorney and at present mayor of Morganton, is in the race for the nomination for corporation commissioner against W. T. Lee. Mr. Avery did not decide to take this step until after he had received letters and telegrams from prominent Democrats throughout the State urging him to run for the nomination. Mr. Lee has held the office for 12 years and it is argued that a change would be good for the party, especially if a man of the character and ability of Mr. Avery can be induced to accept the position. He is the son of the late Judge A. C. Avery and was his law partner for 15 years. Erwin Avery. He has unquestioned ability is an able lawyer and absolutely fearless and impartial in the discharge of his duties. His friends claim there is no man in the state who has given more unselfish service and devotion to the Democratic party without reward. He was chairman of the Democratic executive committee of Burke county for 12 years and always carried the county. His first service was as chairman under F. M. Simmons in the white supremacy campaign, when nerve and fearlessness were the requisite for leadership.

His war record should appeal to the ex-service men of the state. When war was declared against Spain, though a boy in years, he raised a company in Burke county, was elected lieutenant and served through out the war, his company being a part of the second North Carolina volunteers. During the world war he was appointed by Governor Bicket chairman of the exemption board of Burke county. He served for some months in that capacity. But though beyond the then age limit and having a wife and family, he was not satisfied with rendering such tame service in the great struggle and volunteered his services and was appointed senior lieutenant in the navy, later promoted to lieutenant commander and assigned to duty as the representative of naval intelligence on the mail censorship board in New York city, where he rendered most valuable

service in detecting the propaganda and conspiracies of enemy agents of this country. He organized the first American Legion in Burke county and was elected its post commander. Mr. Avery is well and favorably known over the state and Burke county expects the Democrats of the state to recognize his claims to the nomination in the primaries to be held June 3rd.

"Through Service We Grow"

**Poor Old "Auction System"
It's On Its Last Legs**

Isn't it strange that it cannot muster a friend outside the following?

- (1) Pinhookers and speculators.
- (2) Tobacco buyers.
- (3) Warehousemen.

And that it fills the newspapers with wails about Kentucky written by such men, often with unsigned statements or camouflaged signatures without address? Why can't the "Auction System" find a single tobacco grower, banker or a man not connected with the "Auction" markets to defend it?

Because the "Auction" men are fighting desperately to bolster up the rotten fabric of a system which has been tried for 50 years and FOUND WANTING—A system under which tobacco growers pay the value of the warehouses every three or four years in auction fees and warehouses charges.

The 70,000 plus growers who are organized in North Carolina, Virginia and South Carolina have dozens of letters from growers, bankers and professional men from Kentucky, and they are publishing their names and addresses so that any one interested in the Kentucky Burley Pool can write and find out from them direct.

Here are a few of the growers names:

| J. W. GAINES, Pres., Anderson National Bank, Lawrenceburg, Ky. | A. P. WINKLER, Pres., Liberty Insurance Bank Louisville, Ky. |

If the "Auction" men really want information about how the Kentucky tobacco growers feel about co-operative marketing, why not write to some of these men?

"I Just Want To Tell Every-body What a Wonderful Medicine Tanlac Is," Enthusiastically Declares Lynchburg Resident.

"I only weighed one hundred and five pounds when I began taking Tanlac but now I weigh one hundred and twenty-five pounds and feel perfectly splendid," said Mrs. E. R. Chewing, 815 Filmore St., Lynchburg, Va.

"I was never a very strong woman, and an attack of influenza which kept me in bed several weeks, left me in a terribly weakened condition. I could hardly digest a thing and simply suffered tortures from gas on my stomach, which nearly cut off my breath and caused pains that were almost unbearable. I was too weak to do any of my housework and had such a swimming in the head I was afraid to go up or down the steps without help. Once I fell right out of my chair and had to remain in bed several days.

"My daughter got a bottle of Tanlac for me and it did me so much good I kept on taking it with the result that now I am in better health than for years. I feel fine all the time, eat anything on the table and am enjoying life more than I ever expected to again. Tanlac is just grand. Tanlac is sold by all good druggists.

**To the Voters of Pitt
County**

On June 3, the Democratic Primary is to be held in our county. On that date you will be called on to choose the man who is to be sheriff for the next term. You have a large number of candidates to select from: I have no criticism to offer on any of my opponents. However I do ask that you consider carefully the character of every candidate, myself included, before you cast your vote. Sometimes a candidate makes promises that he is later unwilling or unable to fulfill; Sometimes a candidate is tied up with a certain political clique, and if he is elected, he will naturally administer the laws in a partial manner: sometimes a candidate is supported by the lawless element and if he is elected the lawlessness will continue to exist.

Let me state frankly but pointedly that if I am elected to this high office. I shall do all in my power to see that the laws are strictly enforced, and that, as much as it is possible to do so, all lawlessness will be eliminated in Pitt County. I am not tied by any promises to political cliques and am therefore prepared to see that the laws are impartially enforced, I shall appreciate your support.

Sincerely yours,

R. L. JONES

Can You Keep Sweet at Home?

Our religion is measured by the way we act at home. Our families usually know us as we really are. Away from home some of us put on company manners.

Does your religion help you bear with a smile the monotony, the pain and the struggle of every day life?

We can be religious without church, attendance, but without the church, religion would not persist, and the church will die unless believers attend its services. The church merits your earnest support. Can we count on you? We need your support.

GEORGE SINGLETARY CHAPTER MEETS WITH MRS. F. G. JAMES

The George B. Singletary Chapter of the U. D. C. held their regular monthly meeting yesterday evening at the home of Mrs. F. G. James with the president of the society, Mrs. J. L. Fleming, presiding.

After the business meeting a very interesting paper was read concerning the life of Robert E. Lee by Mrs. E. W. Harvey.

Lemonade and wafers were served by the hostess. The next meeting will be held June 3, this being the birthday of Jefferson Davis.

The following ways and means committee was appointed by the president to serve for a period of two months: Mrs. R. Williams, chairman, Mesdames Hortense Moye, C. T. Munford, J. M. Hines, T. T. Hollingsworth and Miss Ward More, assistants.

WEED POOL A "WEAK SISTER" IN EASTERN NORTH CAROLINA.

(Southern Tobacco Journal.)

Withstanding all the "speechifying," "rallies," "drives" and "raising sand," in general, now being carried on by the agents of the "Weed Pool," they seem to us to be making but little if any progress in the sections of Eastern North Carolina in which there are established Tobacco Warehouses, as all the farmers tributary to those warehouses seem pleased with the present "open plan" of selling tobacco, with the charges fixed by the Legislature and which said charges will run from 3 per cent to 4 per cent, according to price and size of buckets of tobacco. The farmers refused, point blank, to swallow "the dope" put out by the Kentucky Pool people as to their charges being only 40 cents and one mill per hundred pounds, for the reason that only about one half of the Burley crop has been sold which was in the "pool" and how then can any one know, with no precedent ever having been established, what it will cost to sell the balance remaining to be unsold and when it will be sold, for Overhead charges, Insurance, Interest and salaries and other expenses, like "little liver pills, work while one is asleep." Then how, as the farmers reason it, and very properly too, can one know what it will cost to sell something yet unsold. The "pool" officers may "hope" for the selling expenses to be "thou and so," but "hoping" and "wishing" for a thing are not facts, as Dickens, one of the greatest English writers, said "Are stubborn things."

The farmers are therefore, jolly well satisfied with the "open market" system, where they "draw all in cash" the day it is brought to market, instead of "drawing" only about one-third of its value and that ascertained by what a similar grade brought on the "Open sales," and then not knowing when the next "draw" will be made and what is to be deducted from that "draw."

One very intelligent farmer, who had evidently at some time in his life played the great American of "Draw Poker," remarked "Boys, if you should by any accident have gotten in that "Weed Pool," when they deal you a hand, "draw" all the cards you can on the first "draw," for they may not deal you a hand again, and, if they do, I have seen games in which after "the Kitty" got its share of the "pot" there was nothing left."

Health Is Joy After a Lingerin Illness

(Friday Health Talk No. 27)
(By J. B. Ball D. C.)

There are many forms of lingering illness from which women suffer that make constant invalids of them. One of the most hopeless of these is what is known as "bone consumption." It is a slow disease usually and unless checked, may keep its victim an invalid for years.

UNCLE BEN SAYS:
"The chap who takes care of his health, Nevvy, along the lines of least resistance doesn't live the longest."

Whether chiropractic is beneficial or not will depend on conditions, the age of the patient, the duration of the disease, and the stage at which it has arrived. But under ordinary circumstances there is good hope of successful correction.

—Suffered for Years and Now is Well.

"I was taken sick at age 16 with a severe white swelling. I was under the care of several physicians and finally in consultation they pronounced it "bone consumption" and incurable. I was in bed three years before I turned to chiropractic. I am well now and feeling fine. —Statement of Pearl Wright, signed jointly by Grover Wright Pearl Wright and Mary Wright, Chiropractic Research Bureau, No. 1277W.
