Monday May 29th, 1922.

If the Democrats continue to bring charges against Attorney General Daugherty he may get mad and resign. That's the way they generally do.

Construction work on the white way system will be received with general satisfaction throughout the city, as this is an improvement in which everyone is more or less interested. Greenville has set a pace others are endeavoring to follow. Therefore, it is only proper we should travel at a fast rate all the time.

Members of the Republican party can't recall any of the promises made the public during campaign days, and it is probably well they do not. In fact, the most of them would never find it possible to fulfill demands because most of them were so far fetched that even the intelligent class of people didn't expect them.

The town of Winterville is to be congratulated in its decision to issue \$10,000 in bonds for improvement of the light system. This is a step forward no one will have cause to regret and the sooner the work is completed the better off Winterville people will be. The town is a small one, to be sure, but it has some mighty progressive business men who are ever on the alert for constant development.

While good roads are being constructed in Pitt county the commissioners should not forget the necessity of danger signals at all curves where these are necessary. The Farmville road has two or three dangerous curves and the life of the traveling public is jeopardized as long as the danger signals are neglected. It is hoped this matter will be given immediate attention. It is something in which everyone is more or less interested and deserves the consideration of the commissioners.

Potato storage warehouses are receiving a great deal of attention in many parts of the county at the present time, and it is hoped each community will find it advisable to erect such a building. Preservation of the potato crop is exactly what the farmer has been needing for a long time and unless they do they can't expect to accomplish anything better than the past. Storage warehouses have proven their value to other districts and there is no reason on earth why they should not prove of similar value here.

Greenville has realized several much needed improvements recently, and completion of the white way system will mean the realization of another improvement of the court house lawn, purchase of a new fire truck, construction of the municipal home widening Dickinson avenue and fixing the bad place at the Norfolk & Southern tracks are improvements that mean much to the city, and no one realizes it more than the fellow who sits down and calmly compares the present with the past. This is a good old town, filled with good people and such improvements are a reward for the interest in civic pride.

The contract has been let for establishing the Ayden white way and from all indications the system will be completed by the time of that in Greenville. It is certainly pleasing to know that these two progressive Pitt county towns are providing themselves with such needed improvements as it denotes a spirit of thrift and progress which is bound to mean much in the future. While Farmville hasn't made any move to install such a system, it's safe to say they will get in line in a few months and have a white way also. Farmville people are not the kind to remain in the rear ranks of the progressive, and if Ayden and Greenville can raise money for such a purpose Farmville can too.

Everything is all set for opening of the Eastern Carolina league and the sooner that great day comes the

better hundreds of fans in this section of the state will like it. Practically every club has a full line of players now and the next few days will see complete teams picked from them. The selection will embrace some of the best material produced in this and other states and this assures our fans of seeing something well worth their time. The league is growing in importance with each succeeding year and promises to develop into something everyone will be proud of. It is in the same class with the Virginia league and would occupy the same place in the public eye if organized. Outlaw baseball, however, is sometimes the best kind, and our people will be satisfied to enjoy the same brand so long as it remains on the same high plane of previous years.

Eugene Meyer, director of the War Finance corporation, is coming south to study conditions existing among cotton and tobacco growers, having an idea that additional funds will be necessary in housing the coming crop. This is very gratifying indeed, and it is to be hoped he finds room for putting out a million or so, in event this much is available. The southern planter is willing to accept anything tending to improve depression and anything the corporation may do will be favorably received.

Investigation of an alleged fertilizer trust has been ordered by the senate. They might begin somewhere besides Muscle Shoals as it is certain Henry Ford has not entered into any agreement with trusts. In fact, if there is any such intention it must be among others. The Detroit manufacturer would be the last one to enter into such a scheme.

The miners evidently are having such a good time on their vacation that they do not care to accept such proposals as mine owners so far have offered. It is to be hoped they will get together at an early date and conclude an issue that very soon will disrupt industry as nothing else can do. While the reserve coal supply is holding out fairly well it cannot be expected to last always. The operators realize this and they may wait until the last minute to make such proposals as they know will be accepted. Then they can send prices skyrocketing as much as they like and the public will be glad to pay the price it's a pity the low supply of demand can't be changed so the other fellow may sometimes be the goat. The public is getting tired of paying the penalty all the time, and the sooner things straighten out and become normal the better everybody will feel.

Many improvements have taken place in Greenville in the past month or so, and the fact that they meant much in the appearance of the city causes them to be of more than usual importance. The improvements consist of those at the court house in lowering the sidewalks and returfing the lawn, widening of Dickinson avenue, fixing the bad places at the Norfolk and Southern tracks on Dickinson avenue, preliminary plans for establishing a white way and the purchase of a new fire truck. The Reflector used its every influence in these issues, and if we were in any way instrumental in bringing about these developments we feel we have been fully rewarded. No town can

go forward as it should without proper attention to the little things which really mean more than the public thinks. The town has been retarded in development in past years because of lack of attention to details, but we are going forward now and it is to be hoped we won't stop now so many things have been accomplished.

Reports from other sections indicate an active interest in erection of potato storage warehouses. This is very gratifying indeed as this country can never take its proper place in the great industry without first preparing to preserve the crop. It doesn't make any difference how large our crop are if we are to lose heavily throughout lack of preservation, and the only way to remedy the situation is to build warehouses. Pitt county has given the matter consideration before, and it is hoped the coming harvest season will find a warehouse in each locality.

Many large cities of the country report business improving these days and the future is probably brighter than in several months. Business has had a mighty hard time in turning the corner towards better things, but now the turn has been made the public will certainly feel much better satisfied. Depression sometimes has a wholesome effect upon the buying public. It at least has a tendency of reducing extravagance which featured the days immediately after the war. This country would be in much better condition now could the reckless spending have been avoided. But since it could not the public will be forced to do the best it can and take the turning with all grace possible.

Hines Motor Co.
Fifth Street.

When Buick engineers designed the present line of Buick cars, the spring suspension received long and careful consideration. Buick engineers decided that the springs in automobiles should serve but one purpose—to make the car ride easier—although they could have saved considerable money by using the springs as a medium through which the power was conveyed to the rear axle.

The evident drawbacks to this method of drive were enough to justify Buick, always jealous of Buick reputation, in adopting a type of spring that would serve but one purpose, but do that one thing in the best possible way. The torsion rods keep the rear axle in line and the springs are used only to smooth out the rough roads. Therefore, Buick spring suspension is the most successful and satisfactory of any on the market today.

The Paramount Issue

Which System of Selling Tobacco Pays the Farmer Most Money and When?

All broad-minded and open-minded men respect the honest opinions of others, and certainly this is true as to best methods of selling tobacco. The system that pays most money to the farmers will prevail, regardless of those looking for big jobs and fat salaries, and others who have property paying a loss, to unload on the tobacco farmers. Are such people thinking of themselves first, or are they thinking of the Dear Farmer, whom they expect to raise the tobacco out of which to pay these bills. Reports from Kentucky show that only 7 or 8 cents per lb. was advanced to the pool growers, and that the same amount was paid this week. This would still leave millions of dollars behind the average paid growers selling by auction. Does the Association pay their salaried officials and their long line of assistants regularly, each month, or are they paid like the farmer 25, to 30 per cent?

The nearest Association to us is the peanut people. If you will talk to them, you will find them dissatisfied; a great many are enduring hardships hitherto unknown. The Mighty Aaron seems helpless to improve the situation. No one claims the Auction System, the Banking System or the Co-operative System to be perfect, but it is a fact that the farmers who sold their tobacco at auction in Kentucky have received more money than those who did not sell at auction and we have every reason to believe that tobacco sold at auction in Greenville will pay the farmers most money and pay him all cash.

Adults \$2.50, Children \$1.00
Greenville, N. C., June 12th to 18th.

Schultz and Miss Christine Johnson, and husbands, which was beautiful trunks, bags, jewelry, etc., and can Mr. Frank Rice and Miss Mae Mc. Curry; Dr. K. B. Pace and Miss Jessie Moye; Mr. Ed. Williams and Miss Novella Moye, Mr. W. A. Darden and Miss Corinna Mial; Mr. Avery and Miss Arnette Hathaway; Mr. Ed. Batchelor and Miss Louisa Hubbard; Mr. Samples and Miss Doris Overton; Mr. Duncan and Miss Annie Higgs; Mr. Closs Hearne and Miss Marguerite Higgs; and Little Miss Margaret Shields Everett.

Promptly at 9:00 o'clock the dining room was opened. The place cards had on one side the drawing of a traveling bag with the name of the guest on it, and on the other side a greeting was written, embracing some idea of travel. Between the courses a contest in answering an "Edison" questionnaire was held, and fortunes were drawn from under the centre piece, by little pink ribbon laid out by each plate, and read. Between the second and third courses Miss Jessie Moye, cousin of the honoree, sang well and beautifully three songs, "By the Waters of Minnetonka," "Sweethearts" from Maytime, and "For You Alone."

At the end toasts were drunk to Miss Madeline Higgs, the honoree, and to Dr. K. B. Pace and Mr. W. A. Darden, June briegrooms-elect, who responded in delightful spirit and in sparkling form, the gentlemen addressing Miss Higgs wished her a happy time in and safe return from the west. Mr. Rose was toastmaster of the evening and carried the party through in delightful manner to the end; about eleven-thirty o'clock. The decorations were done by Mr. H. C. Shafer, florist and decorator of the Greenville Floral Co. Cut flowers and ferns were placed here and there in the club rooms, and the table was very tastefully decorated with six large vases of sweet peas, carnations and daisies. The bright lights were turned out and ornamental candles were used, lending an enchanting effect to the scene of happy ladies, beautifully gowned and gentlemen in light-heartedness enjoying the company of one another over a dinner that will long be remembered. The Edmonds orchestra, which is always good, furnished the music, and this added a great deal to the occasion.

Miss Higgs left Saturday morning at 8:40 o'clock for Raleigh to attend the Meredith College commencement through the week-end. From Raleigh she will cross the continent on the Rotary Special, which insures her a very delightful trip. She will have stop-overs at the Petrified Forests, and Grand Canyon, Ariz., and Santa Barbara and Los Angeles, California. At Los Angeles she will be present at the Rotary Convention, which convenes there early in June.

The favors were very artistic in design consisting of hand painted score cards in the shape of a wedding fan, announcing the approaching marriage of Miss Sallie Bett Quinerly to Mr. W. A. Darden, of Greenville. At the request of the hostess, each guest toasted the bride-elect with beautiful and loving sentiments proving the popularity and high esteem in which she is held by her friends. Delicious salad and ce courses were served; the color scheme of pink and white was artistically carried out in the courses and decorations. The guest-of-honor was beautifully gowned in terra-cotta georgette crepe with hat to match; the hostess wore a becoming costume in the latest applique designs. Mrs. Quinerly had as her guests: Mesdames T. G. Worthington, J. C. Andrews, S. M. Edwards, J. B. Eure, J. K. Quinerly, S. J. Worthington, S. F. Noble, C. V. Cannon, J. D. Cannon, L. C. Burney, H. K. Harrison, J. J. Lyons, M. C. Phillips, J. E. Burgess, C. G. Moore, Will Wood, Sam Pierce, J. S. Holton, H. G. Cuthrell, W. W. Salisbury, Miss Elsie Kinstry, and Mrs. Nita McKinney Brooks.

A Beautiful and Appropriate Occasion.

On Thursday evening it was the writer's pleasure to be present at a most sumptuous dinner party at the home of Mr. and Mrs. William H. Elks at Ballards Cross Roads. The occasion being the 74th anniversary of Mr. Elk's Birthday. At six o'clock a number of specially invited friends gathered at the splendid home to offer congratulations and good wishes. Quite an abundance of appropriate flowers were in evidence to "Say it with Flowers" as well as words. At 6:30 we were invited just across the High Way to the home of Mr. and Mrs. J. S. Elks where on the green lawn was standing groaning under its load, a long table literally covered with every good thing to eat you could think of. This unexpected tribute of love and honor was simply an expression of Mr. and Mrs. Elk's loyal sons and daughters, their wives

THREE DEEDS OF TRANSFER FILED SINCE SATURDAY

Three deeds of transfer have been filed in the office of the register of deeds for registration since the report of Saturday afternoon: J. C. Coward and wife to C. F. Hardee, consideration \$1,250; Grover Garris to Amos Garris, consideration \$1,00; Fred Miller to R. T. Co, et al, consideration \$10.

OUR STORE NO PAWN SHOP.

Some people seem to be of the opinion that we are conducting a pawn shop or a store of that type. We wish to correct such an impression because our place is far from such. We conduct an up-to-date store for the sale of sporting goods,

and appropriate. The crowd left the dear old folks amid a shower of good wishes and hopes for many happy returns. H. B.

Miss Mildred Mangum Honoree

On Friday evening Miss Mildred Mangum was honoree at a delightful surprise dinner party given by her mother at her home on Ninth street, the occasion being Miss Mildred's fourteenth birthday. Unknown to her her mother had invited a few of her friends to dinner and just before 7 o'clock they appeared bringing beautiful gifts. The reception hall and dining room were beautifully decorated with pink roses and sweet peas and the color scheme of pink was carried out in the three course dinner. The invited guests were Misses Lucy King, Mary Forbes, Martha Moye, Frances Norman and Mildred Mangum, all of whom thoroughly enjoyed the evening's entertainment.

Mr. Alonzo Dall, of Winterville, spent the day in Greenville.

Rev. N. D. Wiggs returned Sunday from a trip across the Blue Ridge where he attended the general conference of the Free Will Baptist church.

Mrs. L. A. Stroud left this morning for Raleigh to attend the finals of Meredith College where she has a sister in the graduating class.

Mr. J. C. Galloway, of Grimesland, was numbered among visitors in the city this morning.

QUINERLY-DARDEN.

Engagement Announced. (Reported for The Reflector.

Ayden, May 29.—Mrs. Walter A. Quinerly was charming hostess at a delightful porch party given at her home in West Haven, Friday afternoon from 4:30 to 6:30 in honor of her sister, Miss Sallie Bett Quinerly. As the guests assembled they were introduced to the bride-elect who received them in her usual sweet and gracious manner.

Six tables were arranged for "Progressive Hearts" the top score being made by Mrs. J. E. Burgess who was awarded a beautiful hand-embroidered guest towel; the consolation prize went to Mrs. Sam Pierce; the hostess presented the guest of honor with an attractive candy jar.

ORDER REDUCTION OF WAGES OF ALL RAIL EMPLOYEES

Nearly Half a Million Maintenance of Way Employees Involved in Cut

TOTAL REDUCTION WILL EXCEED ALL FORMER RECORDS

Three Labor Members of Board Refuse to Agree to the Decision

Chicago, May 29. Readjustment of the wages of approximately 400,000 maintenance of way employees of the railways of the country, effective July 1, in accordance with decreases in the cost of living and wages in similar outside employment since the decision of the board last July, was provided for in a decision by the United States Railroad Labor Board and made public tonight.

The decision is expected to reduce present pay rolls of the railroads about \$48,000,000 per year and to reduce the pay of the majority of the maintenance of way men five cents per hour, but important classes of the employees were given a smaller cut. Under the majority head were included laborers and other classes usually designated as "common laborers."

The decision was signed by the three railroad members of the board and the three members representing the public group. A dissenting opinion was filed by the three members representing the labor group. The dissenting opinion contended that the wage scale provided in the decision was sufficient to sustain life on the basis of American standards. Under the terms of the decision the classes designated as "common labor" and estimated to number some 187,490, were cut five cents an hour. Labor of a similar class employed around shops, round houses, yards and terminals, numbering 91,249, also was cut five cents an hour. Drawbridge tenders and assistants, pile drivers, ditching and hoisting engineers, firemen, etc., were cut five cents an hour. They number 29,740. Section, track and maintenance foremen and assistant foremen were cut three cents an hour.

HELEN YORKE TO GIVE RECITAL AT COLLEGE JUNE 5

Noted Singer to Appear in Behalf of Alumnae of Teachers College

Miss Helen Yorke, Soprano, who has achieved a pronounced success in recitals which she has given throughout the United States and in foreign countries will give the Alumnae Recital at the East Carolina Teachers College on Monday evening June 5th at 8:30 o'clock.

Miss Yorke's voice is unusually fresh and beautiful. She possesses a charming personality and a rare dramatic ability. The New York American has the following to say "Miss Yorke is a most vivacious young woman and revealed exceptional dramatic ability throughout her program."

"There was much to praise in Miss Yorke's singing, and the recital as a whole may easily be ranked as one of the most successful heard in some time."—Sun Herald.

"Helen Yorke seems to have practically everything with which to please the eyes and ears. Her voice floated to every part of Carnegie Hall with the same crystalline charm as it did in Asollian. She is pretty, spirited, very winning, with a voice of marked individuality."—Evening Mail.

Miss Yorke has been hailed by some as the second Adelina Patti, and the Cumberland Evening Times says that the verdict of New York reviewers is that Helen Yorke is the most gifted and promising young artist there this season.

Where Does the Farmer Come In? After carefully studying for over a year the co-operative marketing plan, I fail to see where the farmer can be benefited by the untried and in probable each year, finds greater over estimated tobacco pooling proposition. First he is supposed to loan his crops and rights of his honest sweat for five years. To whom are you lending your only means of support? And they people who have earned their support by the sweat of their

brow or are they the kid glove fees and your taxes? Reflect and I will accept your answer. Do you think that they are satisfied with what they have received of you and now intend forming an imaginary plans by which, with their kindness, will make it easy for you to repay yourself? Are they striving so hard for the farmers' interest? Examine your own wisdom and see where you and your family come in. Remember we have had a war and people are looking for jobs. The world could no more control the aftermath of that great war than a fly could hold back a tornado. The government warns you to watch your step and hold your hat for there are lots of fakers. For generations it has been said that eighty per cent of the people jumped for allusions, spent and wasted fortunes, while all tanks and tubs were only twenty per cent hoops and yet they held the water. So with the progress of the world, only a small per cent is endowed with care and wisdom to stand their ground and see that the masses of God's creation is furnished bread and raiment. But I am proud to know that a large majority of the best thinking people in this country are not going to deliver their past and future earnings into the hands of any one, and depend on being fed by the worm as the young bird receives his food. About fifteen years ago North Carolina held seventeenth place as an agricultural state and I think it was forty fourth in education. In 1919 we took fourth place in agriculture, then in 1920 we experienced a calamity and we jumped a cog and caught seventh place, but the following year we took up the slack and bravely again held our position as fourth which we propose not to surrender. No wonder we have aroused jealousy in California and caused them to send a lawyer even thru the rich western states where it is nicer to use corn for fuel than to smut their hands with coal and all for a purpose, what? to retard us in our progress. In education we have for the past few years made greater strides and progress than any other state. Who paid more debts and exceed all other states in paying to the War Finance Corporation last year? North Carolina holds the record. What system of marketing caused this achievement? Why should we worry, keep away your poison dope and we will again soon be a satisfied and happy people. I have from a boy tried various vocations, clerk, merchant, farmer, farmer, warehouseman, horse trading, saw milling both city and county, commissioner, and today own and am interested in over nine hundred acres of land that is in cultivation. Something over one hundred and fifty of it is in tobacco and I have always been pleased with our method of selling tobacco, for I could plainly see that it is sold on its merits and today I do not own an interest in any warehouse. In my day I have seen several organizations that were boosted up to help the farmer, but in every case they were failures. Some officers in charge made money, and the farmer paid the bill. Who can force prices beyond supply and demand? How can expenses be reduced in marketing if we have to pay such high prices as to capture the men of influence and ability? Also are we going to pay the big prices for the warehouses in towns that have failed to stand the test as tobacco markets? It is better to be safe than sorry. I will be the governor of my household and I will not leave it to any one to take charge of my affairs. I shall not sign.

CHARTER APPLIED FOR LIFE SAVING CORPS OF COUNTY

Recently a very sad death occurred in a near by lake by the death of a young boy 16 years old, who was drowned in water only 2 feet above his head. The boy was swimming along and suddenly became tired and frightened. One of his friends, a good swimmer, with him and struggled with the drowning boy from the minute he called for help on. The drowning boy grabbed his friend by the neck and the latter struggled under water trying to release his hold. One boy was drowned and the other unconscious before any one could reach them. Had the second young man been able to release him self there would have been no trouble.

There are thousands of accidents of this nature which happen every year and for this reason the American Red Cross started Life Saving Corps work as one of their activities. Swimming is the best exercise in the world, and "Service" is the first aim of the Life Savings Corps.

If you learn the different holds, strokes, and methods of resuscitation you may be able to save a life. The Pitt County Charter expects to have one of the strongest corps in the state. Chairman A. B. Corey has applied for a Charter from Southern Division of the Red Cross in Atlanta. The Red Cross insignia to be worn on bathing suits can not be given until each member has won 80 out of the possible 100 points.

The Amuz Park is giving the first twelve members who win their insignia season tickets to the park. Chairman Corey reported this morning that the following had applied for insignia and that he had sent their fee of \$2.50 each to Atlanta. Ed. Williams, R. H. Wright, Jr., L. R. Riddick, Bill James, W. L. Whichard, L. T. Avery, E. H. Cooper, C. D. Tunstall, L. D. Hubbard, E. T. Howard, Bert Greene, Ed. Moyer, Dr. W. I. Wooten, S. H. Foley.

None of the above mentioned have yet past the test but Chairman Corey says he is sure that all will be able to do so with the exception of one or two. We are expecting to have many new members from Ayden, Farmville, Bethel and Gifton.

The Pitt county chapter feels that it is having an unusual opportunity for service in this field and wish every one who knows how to swim to become a member of the volunteer corps, hence making it possible for others unable to swim to learn how. Chairman Corey is having the next try out at Amuz Park on Thursday at 4 p. m.

MRS. MABEL UNDERWOOD DIES IN GOLDSBORO

Mr. H. C. King received a telegram today announcing the death of his niece, Mrs. Mabel Underwood, who died last night at 12 o'clock at her home in Goldsboro. Mr. King left for Goldsboro this afternoon to attend the funeral.

LARGE CONGREGATION AT FREE WILL BAPTIST CHURCH

On last evening the Free Will Baptist church was filled to its utmost capacity. The orphanage class of Middlesex, N. C. was here and rendered a splendid program. To this the people showed great interest and appreciation with their presence and means.

Misses Mattie Lizzie Perkins, Helen Critcher, Ruby Evans and Nannie Bowling spent the week-end with Misses Sammie and Mary Louise Langley at their country home a few miles from Greenville. Mr. and Mrs. R. S. May, Misses Margaret Rene, Ruth and Mary Rivers May and Misses Julia Harris and Ethel Bowling spent yesterday in Washington. Miss Kathleen Spain has returned from Spartanburg, S. C., where she has been attending Converse College. Mr. and Mrs. D. D. Overton and Miss Mary Bagley Overton left this morning for Raleigh to attend the graduation exercises of D. D. Overton, Jr., a student at the N. C. State college. Misses Emily Moyer, Elizabeth White and Elizabeth Harrington have returned from Winston-Salem where they attended school. Miss Douglas Arthur has returned from Winston-Salem where she taught during the past session.

SENATE BILL WOULD ADMIT SMALL BANKS TO RESERVE SYSTEM

Washington.—Eight of eleven governors of the Federal Reserve banks who conferred here recently and a majority of the Federal Reserve Board have expressed their approval of the bill sponsored by Senator Harris (D.) of Georgia, which would permit State banks to enter the Federal Reserve system with a smaller capital than the amount now prescribed.

GOVERNORS OF FEDERAL RESERVE APPROVE MEASURE PROPOSED BY SENATOR HARRIS

Senator Harris proposed the measure with a view of admitting small State banks to the system with a capital as small as \$15,000. As a member of the "Agricultural Bloc," he is of the opinion that small State banks come in direct contact with the farmers and that through them the greatest good can be accomplished in extending agricultural credits. The Harris bill would also remove the restrictions which bar from the system small banks which possess a smaller capital than the minimum amount prescribed for a national bank in their community, or because of population limitation which prevents them from assuming the status of a national bank. It would also allow a small bank to enter the system if it possesses a paid-up, unimpaired capital of at least 60 per cent of the amount sufficient to entitle it to become a national bank under the National Bank act, and if under such rules and regulations as the Federal Reserve Board may prescribe it sets aside annually

"ONCE OPPOSED NOW CONVERTED"
In response to your letter of this date, making inquiry as to the impression we have thus far formed with reference to the Burley Co-operative Association, will be very frank in my statement:
When this organization was first presented to me, as to its possibilities for good results to our farmers, was decidedly opposed to it, and could not see how it was possible for success to be attained by such organization, but am free to acknowledge that I was absolutely in error.

The results thus far have been eminently satisfactory, and it is generally accepted as the "Declaration of Independence" to the farmers of this section.
Funds are now being deposited with the local banks to take care of the second payment on this year's crop, and the business of the association has been so well managed that absolutely no criticism has been offered upon the management, notwithstanding the fact that the whole matter was intirely new.
Because of this organization, we feel that we are now entering upon an era of genuine prosperity.
O. T. TRENT
Cashier Citizens Bank,
Cynthiana, Ky.

April 29, 1922.

A golden torrent poured into the pockets of Kentucky Tobacco Growers last week when ten million dollars in the form of 75,000 checks was paid throughout the entire burley belt to 60,000 growers in Kentucky, Ohio and Indiana.
Three thousand more tobacco growers joined the burley pool during the meetings in connection with this second payment when the growers learned that third and final payment will soon be made by officers of the Burley Tobacco Growers' Association.
Not only will Kentucky tobacco growers gain higher prices than the unorganized farmers, who sold on the open market but according to the news from Lexington headquarters of the Burley Association, they will also make this additional profit after completing their first payment on the warehouses, which are to become the property of 60,000 tobacco farmers.—News & Observer.
If conditions were as Oettinger and others of his stripe would have you believe. Don't you know the planters who were not in the Association the past season, would not now be signing up their crops in Kentucky as all the papers state.

J. N. GORMAN.

Mrs. Frank Wilkie, of Syracuse, N. Y., formerly matron at the State Reformatory at Industry, N. Y., who says she is delighted with Tanlac since it restored her health after she suffered eight years.

"This is the first time in eight years that I have been free from stomach trouble and it is all because of the wonderful good Tanlac has done me," said Mrs. Frank Wilkie, 229 Cedar St., Syracuse. Mrs. Wilkie formerly reside in Buffalo and for two years was matron of the State Reformatory at Industry, N. Y.
"I was eating scarcely enough to keep alive," she declared, "for I would rather not touch a bite than suffer the misery I knew would follow. Even sweet milk disagreed with me. I was sick in bed for two and three days at a time, and gas on my stomach made such awful pressure on my heart it almost cut off my breath. I had horrible dreams at night and in the mornings was all tired out."
"Well, the longest day I live I will praise Tanlac, for my improvement has been simply remarkable. I have no more heartburn, my appetite is wonderful, I can eat most anything I want, and my sleep is sound and restful. I am thoroughly delighted with Tanlac. It is wonderful."
Tanlac is sold by all good druggists.

To the Voters of Pitt County

On June 3, the Democratic Primary is to be held in our county. On that date you will be called on to choose the man who is to be sheriff for the next term. You have a large number of candidates to select from: I have no criticism to offer on any of my opponents. However I do ask that you consider carefully the character of every candidate, myself included, before you cast your vote. Sometimes a candidate makes promises that he is later unwilling or unable to fulfill; Sometimes a candidate is tied up with a certain political clique, and if he is elected, he will naturally administer the laws in a partial manner; sometimes a candidate is supported by the lawless element and if he is elected the lawlessness will continue to exist.
Let me state frankly but pointedly that if I am elected to this high office. I shall do all in my power to see that the laws are strictly enforced, and that, as much as it is possible to do so, all lawlessness will be eliminated in Pitt County. I am not tied by any promises to political cliques and am therefore prepared to see that the laws are impartially enforced, I shall appreciate your support.

Sincerely yours,
R. L. JONES
(Candidate for Sheriff)
