LARGE TOBACCO FIRMS MERGE IN NEW YORK CITY

J. B. Duke, Founder of American Tobacco Company, said to be Guiding Hand

PURCHASE INVOLVES SUM OF \$175,000,000 ACCORDING TO HEADS

United Retail Stores Corporation and Tobacco Products Concerned

New York, May 30.—A new tobacco merger, representing a combined capitalization of \$175,000,000 involving the United Retail Stores Corporation and the Tobacco Products Corporation, was announced tonight by James M. Dixon, president of the Tobacco Products concern.

The United Retail Stores Corporation, by stock ownership, controls the United Cigar Stores Corporation.

James B. Duke, founder of the American Tobacco Company and the British-American Tobacco Corporation, will be the guiding head of the merged company.

Under the terms of the proposed consolidation, declared a report given out tonight by the Tobacco Products Corporation, that concern is to increase the capital stock from \$33,000,000 par value to \$157,354,000 par value.

"The increase in the capitalization of Tobacco Products is merely sufficient to take care of the exchange of the two companies," said the statement. "The merger, therefore, is without stock increase. The new stock to be issued by the Tobacco Products Corporation is to be composed of two classes, one 'A' and the other common. Class 'A' is to be 7 per cent non-cumulative on which dividends are to be paid soon after the completion of the merger. The common, it is believed by the officers of the Tobacco Products Corporation, will receive a dividend of not less than 5 per cent for the coming fiscal year beginning July 1, 1922. That belief is based on the present earnings of the corporations and on an estimate of the increased earning capacity which will be the outcome of the combination of the two companies.

"The proposal of the stockholders of each company is an example of their holdings of common stock in each corporation for one-half share of Class 'A' of the new seven percent Tobacco Products stock and one-half share of the new common, for each share of the present holdings of the common stock. The option, however, is extended to the stockholders of both companies of taking all common stock of the new merger in exchange for the common stock of the present corporations."

JEALOUS HUSBAND SLAYS HIS FAMILY

(By International News.)
New York, May 31.—Crazed by jealousy of his wife for love their son George Krumpet beheaded his wife and slew the seven year old son by cutting his throat. He then slashed his own throat and later died in a hospital.

TWO DEEDS OF TRANSFER FILED SINCE YESTERDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of yesterday afternoon: R. C. Flanagan and wife to Henry Dupree, consideration \$1150; W. Z. Morton and wife to J. T. Pile, consideration \$500.

NO PRAYER MEETING AT METHODIST CHURCH TONIGHT

Owing to the graduating exercises at the high school tonight there will be no prayer service at our church this evening.

W. P. SCOVILLE, Pastor.

RALEIGH BUILDER WILL ERECT NEW COLLEGE BUILDING

J. E. Beaman Awarded Contract for Two Buildings to Cost \$163,200

NEW DORMITORY TO BE LOCATED NEAR EAST DORMITORY

Administration Building to be Completed by the Raleigh Contractor

The building committee from the board of trustees of East Carolina Teachers College, composed of Hon. F. C. Harding, chairman, Mr. A. B. Andrews, of Raleigh, and President Robert H. Wright, met on Monday, May 29th, to open the bids for the new buildings to be erected at the college and to award the contracts.

There were a great number of bids submitted for everything and a number of men were on the campus ready to present their claims. The contract for the completion of the administration building and for the erection of one unit of a new dormitory was let to John E. Beaman, of Raleigh, for \$163,200. The contract for all the plumbing in the two buildings was let to W. O. Mitcham, of Goldsboro, for \$7,188, for the heating, to Grinnell Co., of North Charlotte, for \$12,362. The contracts for elevators and furniture will be let later. The architect, H. A. Underwood, of Raleigh, met with the committee.

The bids would indicate that building is considerably cheaper than it was in 1920.

The new dormitory will be east of East Dormitory. The additions to the administration will be a wing on the west side corresponding to the wing on the east side of the building. The enlargement of the auditorium and completion and equipment of the stage, and the addition of practice rooms back of the auditorium. More room will be given to the library, arrangements have been made in this building for some gymnasium work, the societies will have halls, and the addition of elevators will make the third floor more available for service.

Work will begin as soon as possible and will be pushed forward as fast as possible.

LIGHT DOCKET IN TODAY'S SESSION OF POLICE COURT

Only Three Cases Given Hearing by Mayor Clark in This Morning's Session

Another light docket faced Mayor D. M. Clark in this morning's session of police court and hearing was completed long before the usual hour. There were no vagrants before the court this morning, and police are of the opinion that most of the street walkers and loafers have gone to work.

Guy Decker, charged with operating an automobile truck without state license, was fined \$10 and cost of action, but filed notice of an appeal to the next term of superior court. Ernest Hall, charged with operating a store on Sunday for the purpose of dispensing soft drinks, was released upon payment of \$5 and cost of action.

Jack Harper, charged with permitting his dog to run at large, was taxed with the cost of action and released upon promise to keep the dog off the streets.

MISS LILL WILSON RETURNS FROM HOSPITAL

Miss Lill Wilson, who a few days ago received painful injuries in an automobile accident has returned from the Goldsboro hospital. Her many friends will be glad to know engine did the work before the truck arrived. Damage was very slight.

GREENVILLE READY FOR WENDELL CLUB IN GAME THURSDAY

Practically All Players Will be in Position in Time for This Contest

Much interest is centered around the baseball game to be played at the fair grounds in this city tomorrow between Wendell and Greenville and it is believed a large crowd will be in attendance. Practically all men who are to play regular positions on the team this season will be in the game tomorrow, Manager Guy Smith announced this morning, and fans will be given an opportunity of seeing the entire team in action.

The showing made by the club yesterday was very commendable considering the number of the regular infield men in place, and indicated that the club will be much stronger when the team gets in shape. While it is probable that White and Ormond will not reach Greenville before the opening game Beall and other well known players will be here the latter part of the week. In fact, it is quite probable Beall will take part in the game against Wendell, as he is expected to reach Greenville sometime today. Sammy Carson is also expected to be in the game within the next several days and with this number of players it is very likely an unusually splendid showing will be made.

That the club will be one of the strongest in the league is not to be doubted in the slightest sense of the word. Manager Smith is making an effort to get his men in shape to win the first half, and if nothing happens he will do just that. While the team will be rather late in getting together all men have been in training somewhere the entire season and will be able to fill their positions with credit right in the beginning.

TO INVESTIGATE CHARGES OF FRAUD

Washington, May 31.—A special federal grand jury opened a searching inquiry here today to ascertain the truth or falsity of allegations that the United States government had been swindled out of billions of dollars through fraudulent war contracts.

URGE AMERICA TO ATTEND CONFAB

(By International News.)
Washington, May 31.—World powers participating in the Genoa conference haven't yet abandoned hope that the United States will be persuaded to go the Hague conference June 15th and participate in deliberations over the world policy towards Russia, it was revealed at the state department this afternoon.

Ambassadors and ministers of the countries concerned are still exerting all possible pressure upon the administration to reconsider the refusal and attend. So far efforts have been unsuccessful.

MR. D. G. MOORE EXPECTS TO REACH HOME THURSDAY

A telegram was received today from Mr. D. G. Moore stating that he was leaving the Memorial hospital, Richmond, this afternoon and that he will arrive in Greenville tomorrow morning. Mr. Moore has been ill several weeks and his large number of friends throughout this county will be glad to know that his condition is improved to the extent that he is able to return home.

FIRE DEPARTMENT CALLED OUT TODAY

The fire department was called out at the noon hour today to extinguish a fire in a bale of cotton at the Norfolk Southern depot, but the shifting engine did the work before the truck arrived. Damage was very slight.

NEGRO MAN SHOT IN EXCITING RACE WITH CITY POLICE

Arthur Moore Receives Injuries While Trying to Escape From Cops

HUDSON CAR AND ANOTHER MAN AND WOMAN ARRESTED

Keq of Whiskey Located by Cops After Party is Rounded Up in Farmville

Three negro men, a woman and a Hudson Super Six automobile are being held by the city authorities today following their arrest on a charge of connection with the illicit whiskey traffic. Arthur Moore, supposedly from New Bern, who drove the car suffering from injuries which he received when shot by one of the officers immediately preceding the chase from Greenville to Farmville where the car was rounded up.

Officer Whitehurst had a narrow escape from death when fired upon at close range by Moore, but fortunately the bullet missed its mark. The party probably never would have been convicted had not two members divulged the entire story after being locked up here awaiting preliminary hearing, and officers this morning were enabled to locate one of the three kegs of corn whiskey which was thrown out of the car near Red Oak church in the exciting race from Greenville to Farmville. The other two kegs are expected to be located during the day.

The car containing the party came through Greenville shortly after four o'clock in the morning, and the officers followed it to the forks of the Ayden, Greenville and Farmville roads where the driver pulled up with the intention of getting water. The police, in a Ford car, drove around in front of the Hudson and stopped.

As they did so, Moore saw that he was suspected of having load of whiskey, jumped in his car, fired at Officer Whitehurst and sped off towards Farmville. Although the Ford was forced in a ditch when hit by the large car, the officer returned fire, but did not know what damage had been done until after the capture.

The Ford was pulled out of the ditch in short order and the Hudson was chased to Farmville where the party had stopped again. They were placed under arrest and brought back to Greenville, although no whiskey was found in the car at the time. It was while in jail here that two members of the party told where the liquor had been thrown out. Moore and the woman firmly denied having any whiskey, but the officers went to the place indicated by the other two and located one keg. That the other two barrels will be located in order to insure adequate flow of water at Muscle Shoals.

CHARGES BRYAN IS SEEKING PUBLICITY

Rome, Ga., May 31.—Professor William Harris, brother of Senator Harris and superintendent of Georgia college for the deaf and also a prominent biologist today characterized William Jennings Bryan's denial of evolution as an effort to keep himself before the public eye by grabbing at the popular side of every question. He denied that he had planned to meet Bryan in a series of debates on the subject.

MR. W. T. FORREST LEAVES FOR ASHEVILLE

Mr. W. T. Forrest, secretary and treasurer of the Pitt Lumber Company, has sold his interest in said business and gone to Asheville where he will make his future home. Mrs. Forrest and Master Richard Forrest have been in Asheville several months. The friends of Mr. and Mrs. Forrest regret to see them leave Greenville but wish for them every success in their new home.

POLK TO DELIVER FINAL ADDRESS AT CITY HIGH SCHOOL

Warrenton Man to Speak Before Graduating Class Tonight 8:15 O'clock

THIRTY GRADUATES TO RECEIVE THEIR DIPLOMAS TONIGHT

Commencement to be Brought to Close With Awarding of Prizes and Diplomas

Graduating exercises will be held in the auditorium of the Greenville high school tonight at eight fifteen o'clock when Hon. Tasker T. Polk, of Warrenton, will deliver the literary address before the graduating class. Commencement started Sunday with the baccalaureate sermon by Dr. W. W. Peele, of Raleigh. Yesterday the economics department presented a display at the high school building, and last night the annual music recital was held. Both of these feasts were of more than usual interest and attracted large crowds.

Thirty some odd students will be presented diplomas following the address tonight, the number being the largest in several years. The program for the evening consists of two numbers by the high school glee club, presentation of diplomas, announcement of prizes and awards and a concluding number by the glee club.

There will be two graduates in music to receive diplomas tonight. They are Misses Maude Johnston and Mary Frances Taft who participated in the recital last night. This brings the total number of graduates to approximately forty a record which almost any institution would be glad to claim.

PINCHOT OPPOSES FORD'S OWNERSHIP

(By International News.)
Washington, May 31.—Gifford Pinchot, Pennsylvania gubernatorial candidate and America's best known conservationist will appear tomorrow before the senate agriculture committee to recommend permanent government ownership of Muscle Shoals. It was learned here today.

He will also pass judgment on the offer of Henry Ford owing to the failure of the Detroit manufacturer to guarantee the title of the project for the government. It is expected he will also urge reforestation at head of the waters of the Tennessee river in order to insure adequate flow of water at Muscle Shoals.

RAILROAD STRIKE IMMINENT TODAY

(By International News.)
Chicago, May 31.—Strike clouds are accumulating rapidly on the railway horizon as result of the thirteen and two tenths per cent reduction of wages of maintenance way employees order by the United States railway labor board effective July 1st. The prospect of other reductions has accentuated the situation to no little extent and various unions affected are already planning strike vote. Leaders predict that memberships approve the strike by overwhelming majorities.

BLUE SOX TAKE FINE GAME FROM PAMLICO OUTFIT

Locals Nose Out 4 to 3 Victory in Fairly Well Played Game Here Yesterday

With Loach pitching an invincible brand of ball in the last four innings of a seven inning game, the Blue Sox yesterday afternoon nosed out a 4 to 3 victory over the Washington Pamlicos in the first skirmish of the season. While Washington started out like a house afire, and scored two runs off Thompson in the first three innings, they failed to solve the puzzling twisters of "Lefty" Loach, who exhibited world's class stuff.

While the Washington club is made up of a bunch of husky men who promise to accomplish much during the season, they failed to show up so well in the field and at the bat yesterday. Greenville only had one regular man playing in the infield, that being Massey, but the boys played a fairly good game, although fielding erratically at times. Neither team used the stick to any direct advantage, the only heavy work being credited to Lloyd of Greenville who pounded out a double with one man on base. Two men had been sent across the rubber prior to this time, however, and the lead was sufficient to win the game.

Washington staged a rally in the seventh inning, succeeding in sending one runner across the rubber. Another man attempted to get home on a squeeze play, but Loach shot the ball straight across the rubber and the batter popped up a weak fly which retired the side.

Denny appeared on the mound for the visitors and exhibited pretty good form throughout the game. He let the locals down with four or five safeties, which coupled with the wild fielding of the Pamlicos enabled Loach to come out of the fray victorious.

Smith held down the third corner for Greenville in a surprising way, while Massey on first exhibited old time form and permitted nothing to get away from him. Hines and Cox fielded in fairly good form at second and short, considering that they belong to the outfield.

The principal feature of the game, however, was the hurling of "Lefty" Loach who promises to make his mark in the Eastern Carolina league this season. If he turned out his best on the Pamlicos yesterday it was done so easily that no one knew it. Duncan, Kittrell and Lloyd did good work in the outfield as did Roberts behind the bat.

The game with Wendell Thursday will be Doran on third and other positions of the infield filled with regular men. Beall will also arrive in time for this game and from all indications it will be superior to the exhibition yesterday.

URGE PASSAGE OF THE TARRILL BILL

(By International News.)
Washington, May 31.—By a vote of nine to four the senate finance committee today voted to report the McCumber bonus bill to the senate and press early passage, it was given out authoritatively by members in close touch with activities.

THOUSANDS OF PEACH TREES TO BE BUDED

Aberdeen, May 31.—A few days ago a big nursery made a proposition to W. A. Blue at Aberdeen to furnish him a stock of peach trees at a favorable price for fall planting if he would accept them now, that the buds might be set with the kind on trees he could use. He at once brought the matter before some of his acquaintances, and among them they have ordered about 25,000 trees to be budded with Elberta stock for this fall planting.

BONNER SPEAKS AT FINAL EXERCISES OF NEGRO SCHOOLS

Winston-Salem Minister Delivers Powerful Appeal for Better Education

SPLendid PROGRAM FEATURES EXERCISES AT THE COURT HOUSE

Diplomas and Certificates Presented Students During the Evening

Dr. Jams A. Bonner, pastor of the colored Presbyterian church of Winston-Salem, delivered the baccalaureate address at the closing exercises at the colored schools of Greenville held at the court house last night. The speaker delivered a stirring appeal in the interest of higher intellectual development and urged his hearers to use every influence for the promotion of those things so essential to a better educated and more cultured civilization.

Preceding the address Rev. J. A. Britt, pastor of one of the city churches, led in prayer after which the Plantation Melody was rendered by the student body. Prof. C. M. Epps introduced John Peele, the single graduate from the high school, who spoke on the subject of "The Night Brings Out the Stars." The theme was well prepared and delivered in a way that would have done credit to a student much older.

Bessie Lewis sang a solo after which Superintendent Epps introduced the speaker of the evening. After the address diplomas were presented high school graduates and three from the domestic science department by J. H. Roes, superintendent of white schools of the city. Those receiving diplomas were Pauline Lewis, Alice Johnson, Laura Maulitty and John Peele.

Mr. Will Hooker presented students of the seventh grade with certificates, after which Annie May Ford sang and appropriate solo.

Judge Frank Wooten presented prizes from the chamber of commerce to Mamie Jackson and Mary Frances Forbes for the best essays submitted in connection with the school closing.

Final exercises will be held at the Colonial theatre tonight when a play will be given by members of the faculty and student body.

MINERS ATTEMPT TO ARRANGE WAGE

(By International News.)
Washington, May 31.—In face of diminishing coal reserve stocks and the menace of a shortage within a few weeks Secretary of commerce Hoover and several hundred bituminous miners and operators met today to attempt to fix a uniform price for coal at the mines to prevent gouging and profiteering. A fight was indicated when retailers charged that the operators got together before the meeting and agreed to hold out on three dollars a ton which the retailers declared was much too high.

FROST REPORTED IN EASTERN CAROLINA

Kinston, May 31.—Frost was reported from several points near this city yesterday, the latest known in the section in many years. The temperature, almost of the overcast kind, may have established a record for the last week of May. Farmers reported no material damage from the frost, which failed to penetrate the sheltered spots, but said the cotton and tobacco crops would be "set back" by the chill wind.

HOOVER CHARGED WITH APPROPRIATING FUNDS IN RELIEF CAMPAIGN

Washington, May 31.—Senator Watson of Georgia, created another sensation in the senate today by charging Herbert Hoover with appropriating ten thousand dollars a month from relief funds for personal use.

Wednesday, May 31st, 1922.

We don't know exactly what Germany expects, but what they expect and get is going to be entirely different and not at all satisfactory. The reparations commission has dickered with them long enough now and the sooner they come to terms the better off they will be. Prolonging the issues will not do them any good. The allies are firm in their convictions and Germany certainly must yield whether she wants to or not.

The seventh grade of the Evans street school was the first to donate in the Near East relief campaign in progress in Pitt county at the present time. The children are to be congratulated in this effort to help the suffering thousands, and everyone may rest assured of being rewarded in some way when they are not expecting it. People who do good do not go unrewarded. And there is no greater good anyone could possibly do now than to give liberally to the famine stricken people of Russia and the Near East, many of whom have already died horrible deaths.

Starvation has become of such magnitude in the Near East that human bodies are stacked up in piles in graveyards where they are eaten by hungry dogs and other animals. Yet there are some who claim they should not give to the cause of the suffering in the near East drive now in progress throughout the nation. The situation is the most horrible to be imagined, and American people cannot fail to respond to the call for aid when such distress and suffering is in view. We have been blessed as no other section and unless we give to those in distress we do not deserve what we receive.

Prohibition commissioner Haynes says whiskey won't be available within the next year and that it will be entirely forgotten before the next ten years pass by. While many may believe this statement people residing in this district where the woods are chock full of moonkey rum makers have an idea the commissioner doesn't know what he is talking about. It may be true that whiskey making is on a decline, but it will require longer than ten years to convince the distiller of the futility of manufacturing the beverage. Blockading is probably on an increase in some sections and many years will pass before followers of John Barleycorn will be convinced they have enough.

Grand chief of the brotherhoods are going to wait and fully consider the order of the railway labor board before taking any action in calling a strike, it was stated yesterday. If they know what's best for all involved they will let the matter remain as it is. Five cents for each hour of the railroad laborer won't injure anyone in the slightest sense of the word. If fact the men can live handsomely on what they will receive and should thank their stars they are so fortunate. Railroad men can't expect to receive high wages when reductions are in progress in all professions, and the wise thing for them to do will be to accept the change as gracefully as possible and forget the strike habit.

While Memorial day was observed here yesterday by the closing of banks the postoffice and a few business houses the observance was not as marked as it should have been. Our people should not permit this occasion to pass again without planting appropriate exercises of some kind. The part which our soldiers played in winning the great war was no small one, and it is the duty of everybody to pay tribute to the living and dead on Memorial day, which has been set aside as a national holiday. Armistice day and memorial day be celebrated together as the occasions are separate and distinct. When we observe the signing of the armistice we do not pay tribute to the heroism of the boys who made the signing possible. Therefore, it is very necessary that both occasions be noted.

MAYOR CLARK FOR SOLICITOR.

Greenville and Pitt county people are much interested in the candidacy of Mayor D. M. Clark for the office of solicitor of the Fifth Judicial district and believe he is capable of serving the public in an intelligent and impartial manner. That he is qualified to fill the position with credit to himself and county goes without question. He has practiced his profession long enough to be fully familiar with even the fine points and his administration therefore would occasion more widespread satisfaction than is at the moment possible to comprehend.

During his administration as mayor of Greenville Mr. Clark has inaugurated a law enforcement program which has eclipsed anything in history of the city, and at this time no town of similar size in the state has a lower record so far as criminality is involved. By augmenting the police department with courageous, intelligent officers he has been able to demand a respect of law that is very evident in the small dockets of police court. Persons of questionable character have been under observation of the department through his administration, and as a result Greenville's number of vagrants is small indeed compared to other cities.

Aside from serving the city in this capacity he has rendered great service along other lines. Improvements in many lines of industry have taken place in recent years, and the head of our government in a large measure has been responsible for them. He believes in progress, and has sounded the keynote to the things so essential to the welfare of thriving municipalities and commonwealth.

Mayor Clark served Pitt county in the legislature, being active in the passage of such legislation which he believed to be to the advantage of the people, and condemning that which he deemed unwise and unjust. His services in this office were of inestimable value to the section and will not soon be forgotten by those who watched him attentively and commended when the time for commendation came.

When the call for men to the colors came he was one of the first to enter the ranks. He served as a lieutenant and did his part in winning a war which would have placed Europe under the heel of German autocracy had it been otherwise.

The Reflector has always taken particular pride in watching the advancement of Pitt county people. While Mayor Clark is not a native Pitt countian he has lived here long enough to demand recognition of the public and to cause those who desire complete law enforcement, justice and progress to support him as they never supported a candidate before.

That he would fill the office with honor to the district cannot be doubted in the least and those who support him may rest assured his services will be as untiring and faithful as featured his administration as mayor of Greenville.

When Buick engineers designed the present line of Buick cars, the spring suspension received long and careful consideration. Buick engineers decided that the springs in automobiles should serve but one purpose—to make the car ride easier—although they could have saved considerable money by using the springs as a medium through which the power was conveyed to the rear axle.

The evident drawbacks to this method of drive were enough to justify Buick, always jealous of Buick reputation, in adopting a type of spring that would serve but one purpose, but do that one thing in the best possible way. The torsion rods keep the rear axle in line and the springs are used only to smooth out the rough roads. Therefore, Buick spring suspension is the most successful and satisfactory of any on the market today.

Hines Motor Co.
Fifth Street.

Information farmers should Obtain before signing their Tobacco crops for five years To the Co-operative Marketing Association.

1. That the project is of a permanent character and will render a service which is of merit and an improvement over the present method of selling tobacco.
2. That appropriate physical equipment has been provided at a reasonable cost for rendering the service.
3. That the equipment will be kept up to date and is being kept up to date, in good repair and fully intact.
4. That a constructive valuation is placed upon all assets and especially upon real estate and tobacco stocks.
5. That sufficient assets are maintained to meet the claims of current and future liabilities.
6. That there is an excess of current assets over current liabilities sufficient to provide ample working capital.
7. That accounts are paid promptly and collections made promptly.
8. That fixed expenses are kept down to a safe figure. Such as interest, taxes, reserve fund requirements, salaries, etc.
- 9.—That there is efficiency in operation.
10. That reserves are maintained sufficient to provide for depreciation of property, losses through bad accounts, and other similar contingencies.
11. That in general the management is conducting the business upon principles which are fair, candid and far-sighted.

All this information can be secured from the balance sheets taken from the books of the Cooperative Marketing Association. A balance sheet of this kind, made by outside Auditors, from the books of the Association from organizations to date would be of great benefit to the farmers in determining the success of Cooperative Marketing of tobacco in Kentucky.

A proper balance showing itemized Assets, Liabilities, income and disbursements would be of more value in helping the farmers get true information about the Cooperative Marketing proposition than all the speeches, letters, news items, advertising and talking combined has done to date.

Most of the Industrial Corporations publish reports. Secrets in business which are worth while do not long remain secrets. All securities of companies which maintain a policy of secrecy in their accounts and in the customary data of Corporation reports should be looked upon as too speculative for the average investor. Yet the farmer is asked to invest his tobacco crop for five years in a Cooperative Marketing Association, which is patterned after a like association in Kentucky, said Association in Kentucky has never made public so far as known, a balance or sheet report and farmers here are asked to invest their crops for five years in a like Association the success of which is set forth in speeches, newspaper items, advertising and by word of mouth. The farmers should demand the same information that any other business man would demand before investing his money. It is not necessary to write to banks or individuals as to the Kentucky Association because the Association should be able and willing to furnish interested farmers here with regular and proper statements as mentioned above. A statement of a Corporation showing the condition of the Association, clearly and in full.

When a salesman comes along to sell stock or bonds he does not call a meeting in some public place and make great speeches about his proposition, but instead, he calls on a man at his place of business and presents for his consideration, the proposition he has for sale. He offers substantiating figures and facts. The prospective investor has time to investigate and consider the proposition and if after cool and calm consideration he makes up his mind to invest, he does, and Oh, how often he finds he has made a bad investment.

Yet the farmer is asked to invest his tobacco crop for five years and is persuaded to do so in some cases by speeches, without being tendered a financial statement of a like proposition to substantiate the claims of the speakers. Is it good business to invest your tobacco crop for five years because of good speeches and claims for a like Association which are not supported by customary Corporation data which can be secured by audits of the books of said Corporation or Association? Let's have some real facts about Cooperative Marketing and cut out all the argument and circus stunts.

In 60 days the Greenville Tobacco Market will open for sale of leaf tobacco at auction. Some time after August 8th, 1922, the Cooperative Market will perhaps be open to buy your tobacco on a credit, giving a small loan advance. Now, gentlemen are you willing to wait and see or are you going to sell your tobacco on credit for 5 years to the Cooperative Association rather than get all your money at auction in fifteen minutes after sale?

Farmers listen, you can join the Co-Ops anytime; it will take five years to get out. Are you willing to wait 60 days. Five years is a long time to be sorry.

J. F. DALTON, General Passenger Agent, Norfolk, Va.

5,000 VETERANS AT RICHMOND REUNION

Richmond, Va., May 29.—(Special)—Richmond is completing preparations to entertain the 32d annual convention of the United Confederate Veterans...

Comfortable Quarters. Because of their age, the veterans this year will sleep in comfortable quarters. Thousands of them will stop at hotels and with relatives and friends...

Reduced Railroad Fares. The Southern Railway and the Chesapeake and Ohio Railway and, in fact, practically all the transportation systems in the South have agreed to give the veterans, accompanying members of their families, and members of auxiliary organizations the benefit of reduced fares to this city and return.

Identification Certificates. Tickets will be placed on sale through the South in ample time for visitors to reach Richmond on or before June 19. As customary and in order to eliminate trouble in procuring tickets at the reduced rates of fare, identification certificates have been prepared and are being distributed to all veterans and members of Confederate and affiliated bodies.

Richmond is Ready to Greet Veterans. Richmond, Va., June 5.—(Special)—Richmond has called for the remnants of that army which defended her for four years and by the thousands will be here on June 19, 20, 21 and 22.

Provide Comfortable Quarters. Upon their arrival at the railroad stations in this city, each veteran will be met by a member of the Reunion Committee, given an identification card and assigned to quarters...

Elaborate Program. The program of exercises and entertainments probably will make this the greatest reunion in the history of the United Confederate Veterans.

Addresses will be delivered by some of the South's greatest orators, there will be a great parade and review, band concerts, a Confederate ball and dozens of other features designed particularly to entertain and please the Old South's heroes.

AVERY FOR CORPORATION COMMISSION

Mr. A. C. Avery, Candidate for Corporation Commissioner, In A Letter to Mr. Peele, Tells Why Chairman Lee's Course Has Given Dissatisfaction

Morganton, N. C., May 22, 1922.
Dear Mr. Peele:
I have been asked to give a "bill of particulars" as to why Mr. Lee's administration of his office as chairman of the Corporation Commission has given dissatisfaction. . . .
Mr. Lee, being the moving spirit, as I am informed, granted the Telephone Company a raise in rates, not only when there was no necessity for doing so, but allowed the raise in many towns and cities, which had solemn contracts with the telephone company as to rate charges and allowed the said company to violate these contracts. Many of these towns filed answer to the petition of the Telephone Company, setting up the franchise and contract existing between them and the Telephone Company and the Corporation Commission ignored such defense. Mr. Lee does not regard contracts, when certain corporations want to violate them, with any sanctity. . . .
I am informed that dozens of municipalities in the state have filed petitions asking for improvements in passenger and freight facilities at their respective stations and that these petitions were either ignored or the relief asked for refused. The citizens of the state have at least the right to be heard in such matters on the merits of each case and the petitions granted if deserved.
Freight rates should have been re-

duced. Every right-thinking citizen knows they are excessive. The Commission has the right to initiate many proceedings for the betterment of conditions. Instead of performing such duties, pressure must be brought to bear before anything is done. I am informed Mr. Lee always blocks any progressive movement desired by the other members of the commission.
The re-valuation of the property of the State is right in principle but where there has been great deflation of values, as there has been, the tax-payer should have relief. In some Eastern counties, I am informed, land is selling in the open market for from one-third to one-half of what it is assessed for. The Corporation Commission should use its utmost endeavor to correct inequalities and injustices. . . .
Beyond all question, quibble or debate Mr. Lee's sympathies, leanings and decisions as chairman of the commission are with the powerful corporate interests. Do the people want him retained or do they want to replace him by one who is absolutely unhampered, with no man's or corporation's collar around his neck and whose only desire would be to give exact and equal justice to all?
A. C. AVERY.

ADVERTISE IN REFLECTOR FOR RESULTS

WHY YOU SHOULD VOTE FOR D. M. CLARK

For Solicitor of The Fifth Judicial District

A Few Extracts From Speeches Being Made in the District by Mayor D. M. Clark, of Greenville, Candidate for Solicitor:

"There are more ills that need the attention of a skillful physician than those that beset the human anatomy."

"Anybody with the gift of seeing things straight knows that despite all of the national and international crisis that perplex the world the most important question of all is what kind of children are succeeding to life's responsibilities. All things hinge on the character of the sons and daughters that are succeeding the fathers and mothers."

"None of us are seeing straight unless we are realizing that the most vital question of every time is the character of the oncoming youth, for the country's hope is unquestionably bound up in the boy and girl crop."

"Law and order are important to all of us in the preservation of life, property and the pursuit of happiness, but its most important role is its relation to the youth of the land and its bearing on the moral fibre of those who succeed to our responsibilities in life."

"This fight is being made in the interest of good citizenship, as it concerns the youth of the land, the development of whom into useful men and women, worthy of their place in life, renders it imperative that we should remove the well-known illegal environment tolerated through lax enforcement of the law."

"I am running on the one issue, to wit: Impartial conscientious law enforcement, and if elected, my guiding principle will be equal rights and personal attention to all, but special favors and unjust privileges to none."

Endorsement By Board of Aldermen

WHEREAS, the Board of Aldermen of the town of Greenville at a regular meeting held on the 6th day of April, 1922, considered the candidacy of Honorable D. M. Clark for Solicitor of the Fifth Judicial District of North Carolina; and

WHEREAS Mr. Clark has been Mayor of the town of Greenville for the past three years and associated with this Board in his official capacity; and

WHEREAS, we have had under his administration less crime, higher respect for law and order by the criminal elements than ever

before, and economic administration, in keeping with civic development; and

WHEREAS, that as Solicitor of the Fifth Judicial District he will render the same efficient and impartial service, being able to serve a greater number for the greatest good.

THEREFORE BE IT RESOLVED, that we, the Board of Aldermen of the town of Greenville, unanimously endorse Mayor Clark for Solicitor of the Fifth Judicial District and recommend him to the voters of the District.

PAUL L. CLODFELTER,
Cashier Farmers Bank.
G. A. CLARK, Sales Stables

CLOSS W. HEARNE, Broker
Z. P. VANDYKE, Merchant

PROFITS FOR ALL URGED BY SAPIRO

Calls on Farmers to Get Together and Manage Their Selling

Washington, N. C., May 30—Every person who touches tobacco gets a profit from tobacco—save the producer, and he is the fellow who takes all the hazard. That is what Aaron Sapiro, counsel for and organizer of the Tobacco Growers' Co-Operative Association told more than fifteen hundred farmers and business men of Beaufort county in the theatre here to day when he made the first of a series of speeches which will take him to Farmville, New Bern, Kinston and Goldsboro on successive days this week.

"The storekeeper who supplies the farmer, the warehousemen who handles his tobacco, the buyer who buys it, the railroad that hauls it, the factory hands who work in it, the manufacturer who prepares it for the consumer, the wholesaler and the retailer, all," declared Mr. Sapiro, "get a handsome profit from their contact with the farmers' tobacco. But the farmer gets nothing."

He had no complaint against allowing profit to all of these, but he was determined that the system which permits the farmer to go profitless should be succeeded by the co-operative sales system which has brought prosperity to every grower who has given it a trial. He advised his hearers to begin handling their own business. "The warehousemen have been handling it for you until now," he declared, "and see what they have brought you."

"How many of you have nice Cadillac cars and are sitting on bags of gold?"

"How many warehousemen, pinhookers and tobacco manufacturers haven't these things?"

"Think about this and see whether or not you will hurt yourself by taking your business in your own hands."

Mr. Sapiro had heard that an organization of 32 warehousemen had been formed with a fund of one hundred thousand dollars to combat the co-operative idea. "These men," he said, "are striving to keep you from running your own business; they are trying to tell you that you cannot sell your tobacco in the way you want to sell it."

That the co-operative method is best for the farmer, is proven, the speaker sought to show, by the fact that in California has thirteen of the fifty richest counties in the United States and that all of them were co-operative counties. Co-operative marketing, he stated, is the orderly merchandising of farm products, the present system of auction tobacco sales is a system of dumping products indiscriminately on the market and compelling every farmer to compete with every other farmer.

The present system, according to statistics quoted by the speaker, has resulted in reducing the average income of the tobacco growing family of Virginia, North and South Carolina to \$340 a year, "and the United States' government says that the average American family needs an annual income of \$1,560 to live comfortably."

As Mr. Sapiro arrived in town today from Raleigh where last night he delivered an inspiring address before the students of A. and E. College, agents of warehousemen in other towns who oppose the co-operative system were distributing circulars designed to discredit the movement. It was predicted too that they would have many questions to ask him when he made his speech.

When he began his address he paid his respects to these, stating that he desired all who were not familiar with the workings of the system to ask him all the questions they might choose. To agents of the recalcitrant warehousemen he stated that they were cowards if they did not ask him the questions they had been putting to the farmers in their efforts to keep them out of the organization.

No questions were asked by the agents. But when the young enthusiast who has aided in the organization of sixty marketing associations with not a one going bad—concluded his speech hundreds of farmers swarmed to the stage to shake his hand and applaud his stand.

Replying to the accusation that he and his associates received a percentage of all the funds collected during the membership drive, Mr. Sapiro

said that those who made such accusations lied. "When I come to North Carolina," he declared, "I had no contract to get any money at all. My compensation was left entirely to you farmers who make up the organization."

Had it been one dollar I would have been glad to get it. Had it been a thousand, I would have been glad to get that. I am in this thing surely and only because I am interested in bringing relief to victims of a system.

The southern farmer and his wife and children are victims of a system, and it is to his wife and children that I want to bring relief.

Mr. Sapiro spoke of having been reared in an orphan asylum. "A system kept by father from earning enough money to give me the training other more fortunate children were given. I remember what I suffered. If I can save other children from poverty, I will feel amply compensated for the work I am doing, and I am going to die with my boots on in the game." Adv.

We are giving away free a new wheel at Christmas, to the one giving us the most work this year. — Ed Moore & Son, corner 12th and Evans st. ev Mon. if

NOTICE OF SERVICE BY PUBLICATION.

State of North Carolina, County of Pitt.

In the Superior Court.

Henry C. Bourne, Trustee of Jacob Bloom, Bankrupt,

vs.

Jacob Bloom, and wife, Mollie Bloom. The defendants above named will take notice that an action entitled as above has been instituted in the superior court, summons therein having been issued on the 5th day of May, 1922, returnable on the 18th day of May, 1922, and duly returned by the sheriff of Pitt county, the defendants not to be found in Pitt county, and the defendants will further take notice that they are required to

appear before the clerk of the superior court of Pitt county, at his office in Greenville, on the 19th day of June, 1922, and answer the complaint which has been deposited in the clerk's office in this action, and let the defendants take notice that if they fail to answer said complaint within twenty days after June 19, 1922, the plaintiff will apply to the court for the relief demanded in the complaint, said action being instituted for the purpose of declaring void a certain deed executed by the defendant, Jacob Bloom, to the defendant, his wife, Mollie Bloom, dated May 7th, 1921, duly recorded in book X-13, page 170, of the Pitt county public registry.

This the 18th day of May, 1922.

J. F. HARRINGTON,
Clerk of Pitt Superior Court.

A WONDERFUL HOUSEHOLD TONIC

MUNYON'S PAW-PAW TONIC WITH IRON AND NUX

When you take Paw-Paw Tonic with Iron and Nux you are taking a stomach, heart and nerve compound that is a real remedy and that contains no dope or habit-forming drugs.

Every person who suffers from indigestion, stomach or liver troubles; all those who suffer from food distress, belching, dizziness, biliousness, sick headache; every weak, nervous or debilitated person, should cast away all drugs and stimulants and rely upon Paw-Paw Tonic to make them strong and well.

It tones the nerves, stimulates digestion and promotes good health. It gives exhilaration without intoxication. Keep it in the family medicine chest; it will help to ward off many an illness.

Ask your druggist for Munyon's Paw-Paw Tonic and be sure it is the genuine, prepared only by the Munyon Homeopathic Home Remedy Company, Scranton, Pa.

GET RICH QUICK

Some people have got rich quick. But a sensible man watches the law of averages. He knows that for every one who succeeds by the quick route, ninety-nine come to grief. If you are increasing your holdings by depositing them in a savings account you are traveling by the road where just 100 per cent are successful.

Ward's Orange-CRUSH

The "Crinkly" Bottle is your protection against substitution. It insures to you the deliciousness, purity and quality which have made the "Crush" drinks the undisputed leaders among all fruit-flavored beverages. Also dispensed ice-cold at fountains.

Ingredients

The three "Crush" drinks get their flavors from the delicate fruit oils pressed from the fresh outer-skins of oranges, lemons or limes, to which are added juices from these fruits, cane sugar, U. S. certified food color, carbonated water and citric acid, the natural acid of oranges, lemons and limes.

Junior Chautauqua Tickets ONE DOLLAR Admit to Everything

Adults \$2.50, Children \$1.00 Greenville, N. C., June 12th to 18th.

in which were Mrs. R. H. Wright, Mrs. T. E. Hooker, Mrs. W. B. Brown, Mrs. E. A. Moye, Jr., Mrs. C. A. Bowen, Mrs. H. E. Austin, Mrs. J. D. Rodgers, Mrs. S. T. White, Misses Maupin and Muffy and Mrs. J. L. Little. They also wore the organdies in pastel shades with hats to match. Refreshing punch was served by Mrs. L. C. Skinner and Mrs. J. L. Hassell.

The register which was presided over by Mrs. C. L. Porter and Mrs. E. B. Ferguson was arranged under a green and white May pole. At this pole the green ribbons were held by Mrs. Richard Williams, Mrs. W. L. Best, Mrs. C. S. Forbes, Mrs. J. L. Fleming, Mrs. G. V. Smith, Mrs. W. T. Lipscomb, Jr., and Mrs. H. W. Whedbee, who after the guests had registered, gave them a most cordial welcome.

After the registration the guests passed to different parts of the lawn where rustic seats were arranged, and were served an ice course by Misses Hannah Fulford, Alice Fulford, Hannah Dixon, Frances Whedbee, Elizabeth White, Alice Lee Hooker, Hennie, and Anna Long, Lillian Helen Joyner, Pearly Wright, Rose Hadley, and Nancy King. The ices were in green and the cakes in pastel shades. The young ladies serving wore beautiful colored organdies with hats to match.

The party was one of the most delightful of the season and Mrs. Arthur's hospitality was greatly enjoyed.

INCREASED DEATHS FROM DIPHTHERIA

Because there has been an increase in the number of deaths due to diphtheria within the last three years from 242 in 1919 to 286 in 1920 and 365 in 1921, an appeal is being sent out by the N. C. State board of health to every physician in the state and to the mothers in many sections, by letter and through the press, to begin immediately to take steps to lower the death rate from diphtheria and croup.

There has been a gradual increase in the number of deaths from diphtheria and croup in the registration area the last few years, but that should be no consolation to the physicians and public who have placed their state from the one that had about the highest death rate from typhoid in the South to almost the lowest.

The number of children that will die from this disease in 1922 depends upon the promptness of parents in calling doctors in suspected cases of sore throat, the immediate administration of sufficient doses of antitoxin, the early reporting of cases and strict observance of quarantine.

However, the best measure to control the disease is to give every child between six months and six years three doses of toxin-antitoxin. As it takes several months for the effects of this treatment to be established, now is the time for the mothers and doctors to act.

Very truly, DR. P. J. CHESTER, Quarantine Officer.

FIRE FIGHTER ALMOST GAVE OUT AT WORK

Peters Was So Crippled Up With Rheumatism He Could Hardly Answer a Call—Is Now Like a Brand New Man

"A month ago was so weak and crippled up with rheumatism I could hardly answer a fire call but today there's not a man at this station who is in better health than I am," said W. T. Peters, 117 Cabell street a fireman at station No. 3, Lynchburg, Va.

"How I managed to hold my job I don't know. Indigestion simply had the best of me and I couldn't eat enough to keep a bird alive. Then rheumatism set in and I got so I could hardly hobble around and every time I moved pains would shoot thru my whole body. It certainly looked like my days in the service were over."

"But if ever a man was made over new I'm the man. Tanlac soon ended both my stomach trouble and rheumatism and I can eat anything on the table and haven't a pain left. I have gained ten pounds and don't believe anybody could feel better."

Tanlac is sold by all good druggists.

MERCHANTS TO MEET THURSDAY MORNING

A meeting of the Merchants Association will be held Thursday morning at 11 o'clock for election of officers, also to discuss the closing of the stores for the baseball game to be played here on Monday, June 5th. Each and every member is urged to be present so the question can be gone over in full detail.

NOTICE TO CREDITORS.

Having qualified as administratrix on the estate of the late Noah Sutton, late of Pitt county, all persons having claims against said estate will present them to the undersigned within twelve months from this date, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This the 15th day of February, 1922.

MAGGIE SUTTON, Administratrix, F. G. James & Son, Atty. 31 1/2 w 4

Quartet Chosen In Contest By Czar

The Russian Cathedral Quartet, which will appear at the Chautauqua, is recognized as one of the finest in both Europe and America. They are musicians of high standing who have sung from early boyhood in the famous Cathedrals of Russia under the personal patronage of the former Czar.

These four singers were selected by Czar Nicholas to come to America to interpret Russian folk songs and church music. They were also selected to sing at the Russian Cathedral in New York where a quartet was needed which should embrace the highest and lowest voices, conditions made necessary by the fact that the Cathedral has no organ, and accordingly required long range voices to give substance and variety to its music.

In addition to the local Russian population the quartet has been known only to music lovers who made pilgrimages to the Russian Cathedral to hear them, as they were permitted by the Russian Government to give but one concert a year in this country, but now that the reign of the Czar is ended the public may hear them.

Some time ago they sang in Washington, D. C., and received the high compliment of being personally invited by the President to visit the White House.

Their programs are made up entirely of Russian folk songs and church music, which is of a character that has for years challenged the admiration of the musical world.

MORTGAGE SALE.

By virtue of a Chattel Mortgage executed to the undersigned on the 3rd day of January, 1921 and registered in book A-13, page 635 in the register of deeds office of Pitt county by C. G. WE SELL AND RECOMMEND THE LEONARD CLEANABLE Refrigerator

Forty years of achievement are back of every Leonard. One out of every seven refrigerators sold is made by Leonard.

The Leonard's one-piece food chamber, triple-coated with porcelain, is the last word in cleanliness. It has rounded inside front corners, with the glistening porcelain extending right to the edge of the door frame. No seams or cracks to catch dirt or dust.

The Leonard's ten walls of insulation keep in the cold and keep out the heat, dust and contamination. Other exclusive Leonard features are the self-closing airtight lock, non-leaking device, non-sweating waste pipe, retinned shelves and all-metal ice rack.
