RAILROAD UNIONS TAKE FIRST STEP IN STRIKE ISSUE

Strike Ballots Sent to Members of All Shop Unions of Country Involved

CERTAIN WALKOUT WILL TAKE PLACE IF VOTE IS TAKEN

International Heads Ask for Vote on Three Propositions Submitted

Cincinnati, June 7.—Three strike ballots were ordered dispatched to the 400,000 railway shop men of the country today, with an urgent appeal that the vote be returned to union headquarters in Chicago by June 25, leaving a margin of five days to clear the deck for action before the shopmen's \$60,000,000 wage cut ordered yesterday by the Railroad Labor board goes into effect on July 1.

Following the release of the ballots by the executive council of the six federated shop crafts here today, international headquarters of the six unions were instructed to send out a letter to all locals urging immediate action on the ballots.

"This is time for action and not talk or unnecessary delay," the letter read. "Every ballot is desired to be in Chicago at the earliest possible moment, and in no case later than June 30. While the ballots are marked returnable June 30, every local lodge should rush the return of the ballots as soon as the vote is taken, and if it is humanly possible, all ballots should be in Chicago before June 25, 1922, thus making it possible to advise the membership before July 1. That can and will be done if the membership will do their parts as here requested.

The letter was regarded as a certain forecast of a walkout on July 1, if the vote of the membership favors a strike. To facilitate taking the vote, every local lodge was instructed to call a special meeting immediately on receipt of the printed ballots, which are now on the press in Chicago.

SEVERAL THOUSAND JEWS ARE KILLED

(By International News.)

London, June 8.—Thousands of Jews are reported to have been killed and wounded in recent disorders in the Ukraine territory, according to reports reaching here today. The Exchange Telegraph Dispatch gave only a brief account of the horrible crimes said to have been committed.

MARK WEBB PITCHES TARBORO TO VICTORY AGAINST MIGHTY BEARS

New Bern, June 8.—Mark Webb, erstwhile slab artist of this league last season, and a member of Greenville, Washington and New Bern clubs in that order, today humbled the Bears in their debut of a new season at Ghent Park, when Tarboro knocked in 4 good tallies and put the game in the baseball refrigerator. The final result was never in doubt, for the Bears got but two measly singles. It was not a good day for pinch hitters, either, for Manager Davies himself, as well as Blessing and Kiernan, couldn't connect with Webb's offerings for anything more than a grounder.

Tarboro got busy in the third inning, putting over two runs, and came back again in the fifth with two more. A crowd of nearly a thousand fans went out to welcome the Bears home, but were given a severe surprise. However, it was a good ball game, enjoyed thoroughly. The same clubs play again tomorrow.

FARMERS SUSTAIN HEAVY LOSSES AS RESULT OF RAINS

Fields Flooded so Badly That Production Will be Decreased Considerably

Farmers of this section have sustained severe loss from the heavy rainfall of recent date, and production this year will be greatly decreased. Reports reaching here state that fields are in such condition that production will be decreased at least twenty-five percent. In fact, the situation is so severe in some sections that farmers are plowing up their crops preparing to plant other things.

The rainfall between here and Greene county yesterday afternoon increased the seriousness of the situation to no little extent. Bridges have been washed away and roads in some places are impassable. Fields have been flooded and the plants that were not drowned will be stunted so badly that production will be much smaller than under ordinary conditions.

This immediate section of Pitt county has suffered probably more severely than others, it is believed, as the rainfall has been heavier. From Greenville to Black Jack and from Black Jack to Wilson the crops have suffered to such extent that the damage cannot be estimated at this time.

It is believed loss will approximate 20 to 30 per cent of the crops, not considering the time and money that will be required to replant, as many farmers are planning to do.

While growers have been momentarily paralyzed by seeing their crops destroyed in such an unexpected way, they mean to make the best of a bad situation and intend planting and making what they can at this late hour.

FORD ACTION MAY AGAIN BE DELAYED

(By International News.)

Washington, June 8.—It was very evident this morning that House leaders would make an effort to delay action on legislation looking to disposal of Mexico Shoals until the winter session.

Unless advocates of the Ford offer presentable resistance consideration of the bill accepting the Ford offer with modifications will not be called up immediately. Reports on the legislation are being drafted. The majority report will favor acceptance, with provisions excluding the Gorras plant. Other reports will be presented in favor of the Ford offer.

RAILWAY LINES TO FILE TARIFF

(By International News.)

Washington, June 8.—The Interstate commerce commission today granted special permission to all railway and electric lines to file new tariffs on freight rates to be based on reductions announced two weeks ago. Three days notice is required, it was stated, and new rates will become effective July 1st.

TAR RIVER TO RISE FIFTEEN FEET WITHIN TWO DAYS

According to information received from Raleigh today by Mr. B. T. Clark, Tar river will rise to the height of fifteen feet within the next two days. The river is now thirteen feet and the low grounds are covered.

Accident Fatal to Famous Stage Beauty

Lillian Russell. A slight accident, sustained on shipboard while on her way to Europe to study immigration conditions as President Harding's representative and to which she paid no attention at the time, caused the death of Mrs. Alexander P. Moore, wife of the published of the Pittsburgh (Pa.) Leader. Mrs. Moore was the famed Lillian Russell of by-gone days, "the airy, fairy Lillian" of the comic opera stage. This is her latest gallery portrait.

NOTED TRAVELER TO HAVE CHARGE OF CHAUTAUQUA

Dr. Fred Boardman to Present Many Experiences of Extensive Travels

Mr. Fred A. Boardman, an extensive traveler will be superintendent of the Chautauqua which opens in this city Monday for a one week engagement. Mr. Boardman is considered one of the most versatile speakers on the Chautauqua platform, and that he will bring a great message to Greenville is certain.

Chautauqua this year will bring to Greenville the most complete and entertaining program in years, and those who fail to attend will certainly miss something. Mr. Boardman has visited China, Hawaii, Philadelphia, Japan and many European countries and his experiences have been so varied that he is able to present many splendid features.

CHAUTAUQUA TO PRESENT GREAT PROGRAM HERE

Twenty-five Events to be Presented When Tent Opens Next Monday Morning

Twenty-five events! Music, entertainments, lectures. Accounts from the towns where Chautauqua has already opened are most enthusiastic. Everything points to a great Chautauqua next week. Mr. Boardman is to be the superintendent this year. The photo programs were distributed yesterday. Be sure and get yours and you will say you can't miss Chautauqua. It believes in clean fun, high grade popular music, and lectures that inspire and inform.

Mrs. Utter, the Chautauqua advance worker is in town making final arrangements. She wants the boys and girls to be ready for a big Junior parade Friday. She will meet the guarantors at 8 o'clock Friday night at the Chamber of Commerce.

KU KLUX KLAN TO FACE EXTRADITION

(By International News.)

Los Angeles, June 8.—William Corburn, former grand goffin of the Pacific domain of the K. K. K., who is now in Atlanta, does not indicate willingness to return to California and face an indictment against him in connection with the Inglewood raid April 22, which culminated in the death of a constable. Georgia officials will be asked to arrest him and extradition proceedings will begin, officials stated.

AMERICAN IS CAUSE OF SENSATION IN EGYPT

Cairo, June 2.—It took an American to cause a social sensation in Egypt. The American Diplomatic agent and Consul-General in Cairo recently gave a banquet in honor of Premier Sarwat Pasha. He was mindful of his country's laws, and the fact that his consulate was American territory, hence the banquet was dry. This was a sensation for Cairo and is still the subject of conversation about the clubs.

M'CUMBER REPORTS BONUS TO SENATE

Washington, June 8.—Ignoring suggestions that the treasury cannot stand the bonus drain and hints that President Harding will veto the bonus measure, Senator McCumber reported the bonus bill to the senate with a lengthy report favoring its passage. The bill puts squarely up to the administration the necessity of paying the bonus from interest collected from British and other debts. The measure is expected to slumber on the senate calendar a few days and then an effort will be made to displace the tariff and rush passage.

DR. BRIGGS TO CONSTITUTE BETHLEHEM COMMANDRY HERE

Dr. J. B. Briggs of Elizabeth City, grand recorder of Knights Templar will constitute Bethlehem Commandry tomorrow night at eight o'clock, according to an announcement made this morning. All six knights are requested to be present, as the Commandry will be closed following this meeting until after the fall.

AVERY CONCEDES DEFEAT IN RACE FOR COMMISSION

Morganton Man Thanks for Loyal Support Accorded by Thousands

Morganton, June 7.—Mr. A. C. Avery conceding his defeat for nomination for Corporation Commissioner made the following statement this afternoon:

"Judging from late reports addressed to me received from counties I was led to believe would return majorities in my favor, it seems I am defeated for nomination for Corporation Commissioner. I have sent Mr. Lee congratulations. I cheerfully submit to the result. I am consoled with the thought, however, that if my friends in the State could do so handsomely by me in 30 days what might we have done if we had had 60 days to conduct the campaign.

"I realize it was an uphill proposition to buck Mr. Lee's organization within the short time before the primary but I rather like taking chances. I want to take this opportunity of thanking the thousands of friends throughout the state who so loyally supported me."

STRINGFIELD TO JOIN THE BLUE SOX CLUB THIS WEEK

Former Short Stop is Here and Will Probably Get in Line Any Day Now

Van Stringfield arrived in Greenville yesterday afternoon and in all probability will join the Blue Sox during the week. Stringfield is considered one of the best short stops that ever played in this league and his arrival here will be received with genuine pleasure by everyone who has had an opportunity of watching his work in past seasons.

Stringfield had no idea of playing ball this season, but has changed his mind, and will do his part in helping the locals come out at the big end of the horn. There are several infielders on the bench at the present time, but just how many will be retained cannot be said at this time. They will be given an equal chance and the best of course will remain in the lineup.

Stringfield is considered one of the best men for his position. Wake Forest has ever had, and that he will be able to render as great service to Greenville cannot be doubted in the least. He is not only an exceptionally fine fielder, but a great wielder of the willow, and will probably fatten his batting average materially this season.

PRESIDENT VISITS NEW JERSEY TODAY

(By International News.)

Washington, June 8.—President and Mrs. Harding left this morning for a two day trip to New Jersey where the president will deliver two formal speeches. He will receive a degree of doctor of laws at Princeton university.

GIRL GRADUATES WILL WEAR RAINBOW DRESSES

Cheyenne, Wyo., June 8.—Graduating frocks of rainbow hue will take the place this year of time-honored white dresses. The senior girls of the Cheyenne High School decided to make commencement more colorful this year and voted for colored dresses. All the previous classes have worn white.

FARMVILLE GIVES GREENVILLE FINE WELCOME AT GAME

Walter Sheppard Speaks at Game; Urges Spirit of Friendship Between the Towns

That the present baseball season will have a tendency of establishing a closer relationship between Farmville and Greenville people was very evident in the first game of the season played at Farmville yesterday afternoon. The game was away pleasantly for the hundreds of Greenville people in attendance and Farmville folk exerted every effort in giving the victors a cordial welcome.

An outstanding feature of the first game between these two clubs was an address delivered by W. G. Sheppard shortly before the umpire called the game. Sheppard said that Greenville and Farmville people should feel as if they were all one family. "We all live in the same county," he declared, "and should do everything possible for the best interests of the county."

He urged the men to conduct themselves as gentlemen, and to act so that not a single woman of the several hundred present could become offended. He said it would be perfectly all right for everybody to support their own club—in fact, it was expected, but this should not be carried so far that it becomes personal and offensive.

He said the season would be successful so far as the people made it so, and urged everybody to pull together to put the game on as high a plane as possible. This can be accomplished by everybody working together in accord, and it is the duty of everyone to do his part.

Greenville people enjoyed the game immensely, although defeated, and appreciated the kindly spirit exhibited by the Farmville people. That the same spirit will be returned is assured.

BISHOP KILGO TO BE MOVED HOME

(By International News.)

Memphis, June 8.—Bishop John Kilgo, noted Methodist prelate who has been at the point of death for more than a week will be removed to his home at Charlotte, North Carolina, tonight, aboard the private car of the president of the Southern railway. His condition was reported as somewhat improved but anxiety is felt as to whether he will stand the trip.

KINSTON HIGHWAYMEN DEFEAT WASHINGTON CLUB

Washington, June 7.—On their first appearance here this season the Kinston Highwaymen gave Johnnie Honig's Pamlicoex a surprise, and romped away with the big end of a 5-3 ball game at W. C. I. park before a crowd approximately of 800 fans. A gentleman by the name of Powell had the number of local batters and up until the seventh inning, had allowed but two measly singles. All told he allowed but 4 safeties. Harrison for the locals should have won out with better fielding and more hitting on the part of his teammates.

Kinston drew first blood in the second game when, after two were down they wouldn't let up until three runners had been shoved over the plate. There was nothing else doing for them, however, except putting out local batsmen, until the ninth, when they shaved over a brace of runs, making the count for the day an even 5-5. Washington got a runner home both the fifth and sixth when the Kinston infield had a temporary blow-up. They quickly settled down again, however, and talked the game away, seen in several years.

ELECTION BOARD CONFIRMS FIRST PRIMARY REPORT

Orders Another Primary to be Held July 1st to Determine Sheriff

THAD WILLIAM AND SAVAGE TO ALSO BE IN SECOND PRIMARY

In Chicod Township Luke Mills and Lonnie Tucker to Run for Constable

The Pitt county board of elections held its regular meeting in the court house and canvassed the votes cast at the primary on June 3, 1922. They declared the following, in addition to those already declared, nominees of the Democratic party to be voted on at the general election in November:

For the Senate: S. J. Everett.
For the House of Representatives: Julius Brown and R. W. Smith.
For Solicitor of County Court: J. Conrad Lanier.

For County Commissioners: W. J. Smith, W. W. Dawson, S. M. Crisp, John W. Holmes, L. A. Stocks.
For Sheriff there was no nomination. There will be another primary held on Saturday, July 1, to determine the Democratic candidate for Sheriff. The candidates for nomination will be Amos C. Jackson, R. E. Corbett, they having received the highest number of votes in the primary.

Also there will be a primary to determine the candidate for constable in Greenville township.

Thad J. Williams, Heber Savage will be the candidates. In Chicod township there will be a like primary to determine the candidacy for constable between Luke Mills, J. Lonnie Tucker.

FLORIDA WOMAN HELD BY POLICE

New York, June 8.—Mrs. Madeline Wells, aged nineteen, who is said to have pleaded guilty in West Palm Beach, Florida, to stealing approximately a thousand dollars worth of goods from a shop where her husband was employed, is being held here today charged with being a fugitive from justice. She will be given preliminary hearing tomorrow. Mrs. Wells was arrested when she failed to comply to pay for the goods as promised.

NASHVILLE WOMAN KILLS HER HUBBY

(By International News.)

Nashville, June 8.—Mrs. Will McMurry shot and killed her husband at their home this morning, according to statements she is alleged to have made to the police. He attempted to strike her with a stick when she opened fire with a revolver. "He has beaten me for years," the woman said. Police are said to have found a large hickory stick in the McMurry home.

SEASON IS PROSPEROUS FOR GROWERS OF FRUIT

Denver, June 8.—Reports received here from the orchard districts of Colorado and Utah indicate that fruit growers will enjoy a prosperous season, with good crops of apples, peaches and plums. The campaign to "fight worms, prune for quality and keep trees healthy" has resulted in cleaner orchards than have been seen in several years.

Thursday, June 8th, 1922.

Every other country has compensated its men for their part in the great war, and it would be a pity for America to refuse to do so. The Republicans seem to be the only ones opposing successful passage of the bonus and should it meet with defeat the soldiers should not forget the fact at the next election. This is realized and is one reason why so much delay is in evidence.

There's a vast difference between Senator Watson of Indiana and the Senator Watson of Indiana and the Georgia. While both seem to have the same proclivities and like to wrangle the Georgia man has a little more consideration for the south and is ready to respond to any kind of an attack. The Indiana man probably means well, but he can't see things in the same light as the man from the south.

The bonus is still causing trouble to members of the Republican party. They know that refusal to back the soldiers will mean an overwhelming vote against them in the next election, and what senator would directly oppose it under such condition. As much as the Republicans love victory, it does look like they would come across and do the right thing for the boys who gave their all that civilization might be saved.

Senator Pat Harrison didn't miss the mark very far when he charged the Republicans with a broken morale. This has been in evidence since the party gained ascendancy but the public didn't get an opportunity of realizing the fact until sometime later. No wonder nothing can be accomplished. The country is in an awful predicament and unless the administration braces up and gets down to business the future isn't the brightest in the world.

Greenville people will be gratified to learn of the re-election of Judge E. H. Crammer, as his victory at one time was very much in doubt. It is a pity more men of his type can't be given seats on the bench. He is a staunch believer in law enforcement and is no respecter of persons when this is involved. What he did for Pitt county will not soon be forgotten, especially by those who paid the penalty for their meanness.

That Pitt county has an efficient and capable set of officers was evidenced by the absence of opposition in the recent primary. For the office of clerk of superior court, register of deeds and county treasurer there were no candidates out because they knew the present incumbents were giving entire satisfaction. This is a tribute to the enterprise and industry of these men and goes to show the reward that comes to those who give their utmost to serve the public as they would be served themselves.

Greenville people should be proud of that little body of men who every year guarantee the chautauqua to come here and present its splendid program for one week. This kind of attraction is the most elevating a community could have and people who fail to patronize it haven't the community at heart. There are men with the Chautauqua who could earn considerably more money at some other kind of work. But they realize what they are doing for humanity and travel from town to town, day after day in an effort to improve the public moral. This is a commendable spirit and it is the duty of every appreciative man and woman to support the movement in every way possible. Unless they do the guarantors will be forced to pay out their money for the benefit others receive. They would gladly do this if everybody benefited, but since they have no power over this it is merely the duty of the public to attend and get the benefit.

HELP THE STARVING.

American people are being asked to contribute to the Near East Relief. To all of those familiar with the case of this great martyr nation no admonition to give is necessary. The fact that long before an organization was perfected in this county more than \$170 had been sent in to the State office entirely unsolicited dispels any doubts on this score.

Armenia has for centuries been persecuted by the Turks because the people would not renounce Christianity and become Mohammedans. Throughout 1,000 years of persecution there is no record of even one Armenian turning Mohammedan. The Turks are the most cruel race in the world, partly by natural bent and partly because they believe that murder and torture of "un-believers" pleases their Allah.

During the time when the on-rushing tide of Mohammedanism threatened to engulf Europe and then spread its tentacles in the direction of America the Armenian nation formed the buttress on which the movement beat itself to pieces. In the last ten years population has been reduced from 17,000,000 to 1,125,000. Of these latter, 200,000 children and 700,000 adults have been kept alive solely by food and clothing sent by the American people through the Near East Relief.

Then came the war. Our boys marched away to the camps and transport ports clad in olive drab and we were proud of them. Many were the anxious days you waited—and prayed that every strange step was not a messenger boy with a telegram for you from the war department at Washington.

The war was over. The percentage of our boys who did not come back to us was small indeed. As the inside story of the great war seeped out, it was found that one of the principal causes of Germany's sudden collapse was her failure to capture the vast oil fields of Baku. Military machines need oil every minute of the day and her oil supply was about exhausted.

Why did her human juggernaut, which had met its match only at Verdun when it was willing to sacrifice countless German lives, fail at Baku? Because the Armenians—the greatest defensive fighters in the works—laid down their lives to the extent of 300,000, and the German did not pass. This heroic defense broke the back of the last great German offensive.

Our boys came back. Many of

them would never have returned had the war lasted a few months longer—which it surely has had the Germans gotten to this previous oil supply. The Armenians left these helpless children which the Near East Relief is saving from the horrible pangs of starvation. But your boy came back.

The slogan in Pitt county should be as it was in Guilford, Gaston, Mecklenburg, Buncombe and others which came across handsomely and was glad to do it. "Let everyone give." Give, give 'til it hurts.

CHILDREN OF WAGE-EARNING MOTHERS.

Gainful employment of mothers of young children frequently means that the children receive inadequate care during the day, or no care at all, according to a report entitled, "Children of Wage-Earning Mothers, A Study of a Selected Group in Chicago," just made public by the U. S. Department of Labor through the Children's Bureau. Other conditions found include retarded school progress of the children, over-fatigue and ill-health of the mothers—with consequent loss to the children—and in some instances overwork by children who had the responsibility for household tasks beyond their strength.

The report presents the results of a study of 843 families of working mothers, in which were 2,066 children under the age of 14 years. The

group included families known to the Chicago United Charities and to the day nurseries, and included also a special group of 213 colored families. It was found that the problem of the employment of mothers had to do with both normal and broken families. Where the father was a member of the family group and worked regularly his earnings were, in the great majority of cases, inadequate for the family support.

The 45 day nurseries in Chicago at the time of the study did not maintain uniformly high standards with respect to sanitation and child care and training; many of them had not provided adequately for the care and training of the older children. Only two nurseries, with a capacity of 20 each, were available to colored children. Of the 1,328 children who were not cared for in day nurseries, at least a fourth were left with no provision for their care aside from

that made in the schools.

The school attendance records of a group of 742 children were obtained and these compared unfavorably with the attendance of all the children enrolled in nine selected schools in workers' neighborhoods. A large amount of retardation was found among the children of wage-earning mothers, over one-third of whom were below the standard grade for their age.

It is rumored that Henry Ford may be a candidate for the presidency in the next election but this is hardly more than a rumor and will hardly develop into anything greater. While Mr. Ford wields great influence in this country he is not the kind of timber which the people desire for the presidency and would gain only slight support. When anything in which finances are involved than Mr. Ford is a power to be reckoned with. As a political force, however, he can't give him very much.

**SUCCESSORS TO SIAMESE TWINS
WILL SPURN TOUR WITH CIRCUS**

Violet and Daisy Hilton

(By International News)
San Antonio, Texas, June 8.—Leather-lunged speleers of the World's greatest Combined Shows will never extol to throngs of the midway the odd twinning of Daisy and Violet Hilton, upon whom has fallen the title of "Siamese Twins," following the death in Chicago of the world-famous Blazek sisters.
Daisy and Violet Hilton, sixteen years old, will not commercialize their malformation, declare Mr. and Mrs. Ben Meyer, foster parents of the sisters.
The twins are joined together at the base of the spinal column. This fashion, however, has not interfered with their enjoyment of the customary amusements of childhood and they daily can be seen playing around the lawn of the modest little home of their foster parents.
Medical scientists of two continents have become interested in these sisters, a strange phenomenon of nature. Each girl, declare doctors who have examined them, has a complete set of organs, functioning perfectly.
Strangely, Violet and Daisy spring from lineal descendants who were twins. Their parents both were twins, as were their grandparents on both maternal and paternal sides. It is more than passing strange, assert physicians and surgeons, that the Hil-

ton sisters should be joined together, while coming from parents who were of normal physique.
The mother of the two girls died from Caesarian operation, following the birth of Violet and Daisy. Shortly thereafter the girls were brought to America from their home in England by Mr. and Mrs. Meyer, with whom they now reside in this city.
Violet and Daisy are being given a musical education. They are peculiarly endowed with a love for music, declare their foster parents. Violet favors the violin, while Daisy accompanies her on the piano. Both girls are fond of reading. Violet prefers the works of Edgar Allan Poe, while her sister, Daisy, takes to the writings of Charles Dickens.
The two girls are being educated by a private tutor. Fearing that they could be embarrassed by students at public schools, the foster parents of the twins have persistently declined to enter them in municipal institutions of learning.
The twins, whose curious formation has attracted hundreds of medical scientists, can never be separated, according to the unanimous verdict of physicians and surgeons, who have studied the fashion of their spine. Violet and Daisy, prior to being brought to America, appeared several times before the Royal Medical Society of London.

COTTON CROP SAID TO BE IN SORRY PLIGHT

Washington, June 7.—The cotton crop was described by the weather bureau today in its weekly weather and crop review as late and in poor condition except in the Southern and western portions of the belt.
Summary reports on cotton for the week ending yesterday the bureau says:
Temperatures were mostly below normal in the cotton belt, especially in the central and western portions and rainfall was heavy in many localities, particularly in the eastern and the more western sections. The crop made fair to very good progress in Texas. The nights were somewhat too cool in Arkansas, but very good advance was reported in general from that state, although the conditions varied greatly.

CENTENARIAN COUPLE SEE FIRST MOVIE SHOW

Parsons, Kans., June 9.—Although they have been married nearly four score years, A. J. Brant, 102 years old, and his wife, ninety-three, saw their first movie picture show here recently.
"It certainly beat anything I ever saw," said Mrs. Brant. "I always wanted to see a 'movie' but just did not seem able to get around to it."
The elderly couple reside at Cheyopa, Kan.

FARMERS TAKE INITIAL CONTEST FROM BLUE SOX

Local Team Loses to Farmville by a Close Score in Exciting Game

After battling for ten consecutive innings Greenville yesterday afternoon dropped the second game of the season to the Farmville Farmers by the score of 5 to 4. The contest was exciting and stubbornly contested despite erratic fielding, and both clubs at times showed brilliant spurts both in the field and with the willow.
Farmville scored their first run in the first inning, and held it until the third when Greenville succeeded in pushing two men across the rubber. In the fifth Farmville scored three more runs, and held Greenville runless until the ninth when two runners were sent across forcing the game into extra innings.
Farmville, however, rallied in the tenth and sent the winning runner over with only one man down.
Beall did the mound work for Greenville, but was as wild as a March hare, and proved ineffective at critical stages. Betsell and Snyder allowed a total of eleven hits, while Beall allowed Farmville only ten. Greenville, however, was unable to bunch hits with men on bases and this was largely responsible for their defeat.
Massey featured both in the field and at the bat for Greenville, being credited with three hits and nine putouts. White also secured three hits, but was credited with one error. Cox and Bealle each made two bobbles each and White and Carson one each. Farmville was credited with only two errors.
Inability to hit when hits would have resulted in runs was mainly responsible for Greenville's defeat. The box score of the game follows:

KING'S DAUGHTERS HOLD INTERESTING MEETING

The Patient Circle of the King's Daughters held a most interesting and enthusiastic meeting on Tuesday evening, at the home of Mrs. John Parden. On account of the inclement weather only nineteen members were present. Three visitors, Mrs. Pierce, of Warsaw, Mrs. Komp and Mrs. Willard enjoyed the hospitality of Mrs. Parden.

After the reading of the Bible and prayer Mrs. Lizzie Griffin read the minutes of the last meetings. Several important matters were disposed of. The next meeting will be held with Mrs. N. S. Fulford.

The hostess served an ice course.

TO COTTON GROWERS OF PITT COUNTY

Gentleman are you not as intelligent and deserve as much for your labor as the farmers of other cotton states and counties where cotton is grown? I should say yes a hundred times yes, for your farmer produce more cotton per acre in North Carolina than any other state in the cotton belt.

Then let's get busy and follow the other states in the Co-operative Marketing of cotton and even surpass here in Pitt county, what the farmers did in Lee county, Arkansas. The following is taken from one of the Daily papers of that section.

Total of 2,600 Bales Pledged at Marianna.

The sign up campaign of the Arkansas Farm Bureau Cotton Growers Co-Operative Association in Lee county got away to a flying start Monday night according to J. D. Eldridge, present of the Arkansas farm bureau federation, who returned to headquarters here yesterday after having attended a meeting at Marianna, Lee county Monday night.

A total of 2,600 bales was signed up at the meeting and an additional 2,000 bales were signed up on the next drive, following the meeting. Mr. Eldridge said that practically all the large planters of the county attended the meeting and that all were strong for the new association. He says there will be no difficulty in signing up the county's quota of 8,914 bales.

It was announced yesterday that 11 counties signed, have signed up half or more of their quotas, since the quotas are arranged on basis of 400,000 bales for the state, which is more than twice the minimum quota and the showing is more than encouraging. The counties are Pulaski, Jefferson, Lincoln, Brew, Bradley, Ashley, Desha, Independence, Jackson, Woodruff, and Phillips.

The above is true of all the cotton growing states further south and several of the cotton growing counties in this state. Therefore, lets get behind this movement in this county and push it over the top.

Nobody says that Co-operative Marketing of cotton is not a good thing and the proper thing for the farmer. For they will get more for their cotton through the association than otherwise.

Write or ask J. W. Sears, P. O. Box 616 Greenville, N. C., to explain the many advantages in Co-operative Marketing of cotton over the old way of selling it. He is here to work with you so use him to put this through for you.

HOSPITAL OPERATIONS FOR SIX IN FAMILY

Spencer, June 7.—Gray Young a young son of Mr. and Mrs. W. P. Young, well known residents of Spencer, is in the Salisbury hospital recovering from an operation from appendicitis, making the sixth member of the family to have an operation in the same hospital. Other members of the family have been operated on at other places but it is believed that a record of six members of the same family as patients in one institution has not been made anywhere else in North Carolina. Speaking of the matter Mr. Young stated that it's a mighty good thing to have a well equipped hospital, that the people might as well support a good hospital as to spend their money in some other way, that it will go for something anyway. Young Mr. Young has been desperately ill but is making good progress and it is expected will soon be out again.

ANOTHER WAREHOUSE FOR SOUTH BOSTON

South Boston, Va., June 5.—R. R. Motley, South Boston, has let the contract to build a new warehouse to be completed in time to sell tobacco in under the "Open Market System." Prior to May 16, the co-operators had 100 per cent of the warehouses of South Boston leased, but it is reported that about that time the Imperial Company, which has a plant in South Boston became greatly concerned over the prospects of no auction sales and the result was the sale of the Independent Warehouse at auction, purchased by citizens to be run at auction and now comes the building of another auction sales house.—News and Observer.

BUSINESS TRAINING AVAILABLE FOR VETS

Washington, June 8.—Disabled ex-soldiers who desire to become proficient in accountancy, business administration, commerce and finance may qualify for this work by pursuing an intensive course of training at Duquesne University, Pittsburgh, Pa., the Veterans Bureau announced recently.

The Bureau has just inaugurated a special short course in this field which will be continuous throughout the year. Disabled ex-service men with two years of high school education, qualified to pursue this work, can finish any of these courses in university the degree of B.S. in economics.

This course, the Bureau stated, is open to trainees throughout the United States. More than forty students already are enrolled and forty additional trainees can be provided for during this period.

INDIAN KILLED FROM AMBUSH WHILE AT HOME

Lumberton, June 7.—Crason Lowry Indian, was shot and killed in Smith township, Robeson county, last night. He was shot through a window in home of Nora Locklear, the load from a shot gun entering the back of his head and blowing out his brains. Brittan Locklear, another Indian, is in jail here charged with the shooting.

Henry Spencer, well-known and respected citizen of Watertown, N. Y., who reports he has gained 15 pounds since he began taking Tanlac and always tells his friends how this medicine restored his health.

"My friends often say: 'Never saw you looking better; what are you doing for yourself?' and I always tell them: 'Well, I am taking Tanlac now,' recently declared Henry Spencer, 415 East St., Watertown, a well-known and highly respected citizen.

"For more than a year," he said, "I seemed to be run down all over. From 160 pounds I fell off to 130. My appetite (and my stomach) gave me no end of trouble. The little I ate caused me to bloat with gas and I was subject to dull, heavy headaches. I had no energy and it was all I could do to get around the house. I had dizzy spells when everything would blur before my eyes and I had to catch myself to keep from falling.

"Well, now, I have gained 15 pounds, feel better in every way and can work as well as ever, since taking Tanlac. I relish what I eat, with a fine appetite, and gas, indigestion, headaches and dizziness are completely gone. Yes, sir, I just can't say too much for Tanlac."

Tanlac is sold by all good druggists.

Miss Margaret Rene May is visiting Miss Susie Clark in Washington.

Miss Edna Campbell, supervisor of schools of Craven county, is visiting her aunt, Mrs. Lizzie Griffin.

MRS. W. E. HOOKER ENTERTAINS

Hostess at a Delightful Barbecue.

On Wednesday at her country place about three miles from Greenville, Mrs. W. E. Hooker was hostess to a hundred guests at a barbecue complimentary to Mesdames Larry James and James Ficklen and Miss Josephine Skinner, who wed next Wednesday.

Four tables were arranged on the lawn, upon which were placed large trays containing barbecue, slaw, pickles and bread sticks. The menu was served in picnic style. Refreshing lemonade was served by Mesdames F. J. Furbush, J. B. James and S. T. White.

The hostess presented Mrs. James, Mrs. Ficklen and Miss Skinner with a shower, "How to Keep a Husband." The shower was fastened to a rolling pin and consisted of a cook book, carving knife, drinking cups and cup towel.

It was a most delightful occasion and thoroughly enjoyed by the large number of guests.

McKeithan-Andrews.

Popular Young Couple Weds in This City.

The many friends of Miss Mary Andrews received quite a surprise yesterday when Miss Andrews and Mr. John Daniels McKeithan were married at the home of the bride on Greene street. Rev. C. H. Bascom, assisted by Rev. S. K. Phillips, performed the beautiful and impressive ring ceremony.

The home was beautifully decorated with ferns, Shasta daisies, and burning tapers. An improvised altar was arranged in the drawing room. It was one of the prettiest home weddings ever solemnized in Greenville and was attended only by relatives and a few intimate friends of Mr.

and Mrs. McKeithan. Mrs. McKeithan is a daughter of late Mr. and Mrs. J. A. Andrews. She is one of Greenville's most attractive young ladies and a popular member of the younger social set. She numbers her friends by the score, and is well known throughout this section of the state.

Mr. McKeithan holds a position with the Greenville Drug Company. He has only been in Greenville a short while, but by his winning personality and strong traits of character has won a large number of admiring friends.

Immediately after the ceremony Mr. and Mrs. McKeithan left by the A. C. L. for an extended bridal tour. A large number of friends accompanied them to the station where they were showered with rice and best wishes. The bride's bouquet of bride's roses and sweet peas was caught by Miss Helen Joyner.

Upon their return Mr. and Mrs. McKeithan will make their home in this city.

Mrs. Parham Entertains.

Oxford, June 7.—Mrs. B. E. Parham was the charming hostess to the Recreation Club on Thursday afternoon, which she entertained in honor of Miss Ernestine Forbes, of Greenville, the attractive guest of Mrs. Earl Jennett. The entire home was artistically decorated with baskets of sweet peas which gave an attractive appearance to the home. The guest of honor was presented a lovely collar as prize and Miss Mary Webb, bride-elect, was presented a beautiful fan. The hostess served a tempting salad course. In addition to the regular club members the following were invited: Mesdames J. D. Brooks, Ira Howard, W. P. Parham, Misses Nancy Mooresfield, Sallie Webb, Mary Webb, Sadie Vinson, Mary Landis, Ella Johnson, Mildred Harrington, Ruth Harris, Lila Currin, Mary Wilson, of Baltimore.

WHY CHAUTAUQUA.

Because Man Does not Live by Bread Alone.

Because the soul needs a bath as well as the body. Because there are thousands of people deprived of the opportunities of a longer life, by reason of living in small communities where the finer things of life in the way of music, entertainment and lectures rarely come.

Without a vision the people finish. Bishop John H. Vincent sensitive to this need, feeling that the people of humble means and circumstances should occur to the richer things of life, he given a richer vision, made more sensitive to the great problems of the day, organized what is known as the Chautauqua Assembly, the first being held on the shores of Lake Chautauqua, N. Y., whence the name Chautauqua.

Some years later, Dr. Paul Pearson of Swarthmore College, Pa., larger vision "Why not bring Chautauqua to the people?" Such a dream must be made to come true. He interested a group of wealthy Quakers in Philadelphia. They caught the vision and saw the opportunity for service and without the hope of fee or reward other than service to their fellow-man organized the Swarthmore Chautauqua, specially stating in their charter that it was for educational purposes and if there should be a surplus over expenses at the end of the year, it should go to a better Chautauqua next year or to extend the service to other communities. These men work without salaries, giving their time and rich business experience to the guidance of this organization.

The business offices are modestly housed in a suburb of Philadelphia to keep down overhead, the managing directors receive only salaries like college professors. Believing that they are best helped who are willing to help themselves. They only go to communities where they find men and women filled with the same spirit of service and willing to work in the same way, for the welfare of the people of the community and not for personal reward. These are the local guarantors. These are motives that inspire them to give their time and service freely to Greenville. They ask your co-operation in making this year's program a great success. It is a wonderful program of music and entertainment and lectures.

Remember that behind Chautauqua is the spirit of Rotary and Kiwanis, service and the upbuilding of our community and nation.

Over the Hills and Far Away

THERE'S nothing any driver likes better than the smooth, low hump-m-m of a perfectly running motor. To make a motor run that way you need an even flow of balanced gasoline into the carburetor.

Not every gasoline will do it. For gasolines differ greatly. "Standard" the balanced gasoline, gives consistent, satisfactory results because it has the light, intermediate and heavy constituents ("fractions" the chemist calls them) necessary to afford easy starting and maximum mileage.

This is the unbeatable combination: "Standard" Gasoline and the proper grade of Polarine.

STANDARD OIL COMPANY (New Jersey)

COURT ASKED TO RULE ON THE VALUE OF WINE

Santa Rosa, Cal., June 8.—The question of how much wine is worth under prohibition may soon be settled.

Steps were being taken today looking to the filing of recovery suits against Sonoma county for taxes collected on wine during the past three years.

There are 3,000,000 gallons of wine in Sonoma county vaults. In 1920 it was assessed at twenty cents a gallon. In 1921, on the theory that prohibition had made it more valuable, it was assessed at thirty cents per gallon.

But the wine remained in the cellars, and no means has been found for its legal disposal.

Automobile engineers have long since discovered that the Valve-in-head type of motor is the most powerful and economical in operation. The most convincing proof of this is the fact that practically all racing cars and aeroplane motors, as well as a great number of high-grade automobile motors, are of the Valve-in-head type of construction.

The Buick Valve-in-head motor has patented features which cannot be had in any other motor. For instance, it is possible to take out a single valve in the Buick without removing the whole cylinder block. Think how convenient this is.

Buick motors, fours and sixes, are establishing new economy records all over the country. Join the happy Buick family and not only have the best-looking and easiest car to operate, but save a comfortable sum each month through Buick gasoline and oil economy.

HINES ICE CREAM

Dealers number scores in most of these places. At the most reputable places it will be found, fresh, well-packed—deliciously tempting, pure as 1922 Ice Cream ideals can make it, as good as the best that is made in the region. A variety of flavors, "loose," in whole bricks and in sliced, separately wrapped bricks.

Ask Your Dealer If He Has Hines Ice Cream Regularly?

The chances are that he has. Many new dealers are being added weekly. Special orders are solicited and carefully executed. Try Hines Ice Cream for your party. Order it for the summer-day luncheon or supper. Its moderate price makes it an economical addition to any meal and there is nothing in the usual run that is more nourishing.
