LEADERS HOPE TO AVERT STRIKE

FATE OF 400,000 RAILWAY WORKERS TO BE DETERMINED AT FINAL SESSION OF THE RAILWAY LABOR BOARD TODAY

Undercurrent of Feeling That Basis of Compromise May Yet be Reached

ACTION OF FEDERAL GOVERNMENT TODAY ONLY END IN VIEW

Union Heads and Railroad Executives Summoned to Board Meeting in Afternoon

(By International News.)

Chicago, June 30.—Whether four hundred thousand railway shopmen will walk out at ten o'clock tomorrow morning on a strike that would seriously handicap operation of the country's railroads will be decided at the hearing to be held under the supervision of the railway labor board this afternoon.

There is an undercurrent feeling that a basis of compromise will be found and that the walkout may be momentarily averted.

Intervention of the federal government under authority of the Transportation Act, created to maintain the orderly course of the nation's transportation arteries, loomed this afternoon as the only final hope of averting the walkout of the four hundred thousand shopmen and half a million more railroad workmen.

With the union heads have been summoned the executives of twenty-three railroads, charged by their employes with illegally contracting shop work in violation of the board's order, one of the three questions on which the shopmen have been casting strike ballots for the last two weeks. Other railway executives of the minor classes have also been asked by the board to be present during the afternoon hearing.

Developments in the strike situation came in rapid order last night and today. International presidents of the six great shop unions announced telegrams authorizing their membership to walk out Saturday morning until the situation has been satisfactorily adjusted.

The labor board immediately recognized the threatening situation facing the country and acting upon the authority of the Transportation Act, issued a call to the strike leaders to come before it for the official inquiry this afternoon.

The Association of Railway executive declared that a strike would be against the orders of the labor board and against the United States government and thus absolved themselves from other responsibility in the present situation. The outcome of the conference this afternoon, on which rests the fate, of the entire situation, is watched anxiously from all parts of the country, and its decision will be received nervously.

PROHIBITION FIGHT IS STARTED BY JAPANESE

Tokio, June 30.—Japan may be the first country to follow the United States into the age of corn whiskey and home brew. It won't be very soon, but the movement to deprive the ricksha man and the geisha of their "snake" and those who have acquired Western culture of their beer and Scotch whiskey has started.

The W. C. T. U. and other organizations, similar to those which consider a cocktail a crime in merica, are interested. They have been doing prohibition work for years, but it was not until recently that the campaign started with force. Encouragement by the passage of the Minor Prohibition law by the Diet is responsible for the activity, and now one sees five months of the year seven hundred girls and women with an occasional man on prominent street corners handing to passers-by circulars telling of the evils of drink.

BEARS TO INVADE CITY OF BLUE SOX FOR SINGLE CLASH

Bears Expected to Make Great Showing on First Visit Here During the Year

After playing the final game of the double header at Farmville this afternoon the Blue Sox will return home and prepare for receiving the Bear club from New Bern tomorrow afternoon at four o'clock. This will be the first visit of the Bears to Greenville this season and the clash therefore is looked forward to with more than usual interest.

The New Bern outfit has been materially strengthened by the acquisition of Lefty Wilson, premier Carolina hurler who pitched them to victory over Greenville in the final championship game last season and a Mr. Watts, who also seems to have won an enviable reputation for himself somewhere, sometime. Wilson is in the finest trim of many seasons, reports from the Bear camp state, and if he is pitted against Thompson tomorrow locals fans may be assured of something out of the ordinary.

While the Sox lost heavily to Kingston and Farmville this week the entrance into the game of what veteran catcher by the name of "Monk" Frazier is expected to inject new life and ambition into the entire outfit. "Monk" is one of those kind of players literally running over with animation and good feeling and should he fail to stimulate the boys with a desire for greater things, then we don't know what will happen.

The Sox, however, haven't given up hope of finishing the first half either in first or second place, and with this end in view the indomitable spirit of Frazier may be an invaluable asset to them. Manager Smith, it is understood, is scouting over the country in an effort to secure more material for the mound, and if he should succeed the race will become slightly more interesting in the near future.

The Greenville fielders are believed to be among the fastest in the league, but have never been able to give a weak pitcher a right support. This fact has been very much in evidence throughout the entire season, and if the pitching staff is materially strengthened the public may rest assured that a much different brand of ball will be given them.

If we win the first half it is about time to quit losing, and realizing the fact in all its seriousness, it is probably the boys will tighten up after this afternoon and play a brand of ball that would do credit to old and experienced leaguers.

MANY KILLED IN MINE ACCIDENTS

(By International News.)

Washington, June 30.—Accidents at the coal mines during the month of May resulted in the death of seventy-four persons, the bureau of mines announced today. During the first five months of the year seven hundred and twenty-two were killed in mine accidents against eight hundred and thirty for the same period last year.

DAMAGE BY RAIN NOT CONSIDERED QUITE SO HEAVY

Only Small Acreage of Tobacco Affected by Recent Heavy Rainfall

While crops have been badly damaged by recent rains, the loss will not be as severe as at first expected. The damage, it seems, is confined to only small acreage over the county, and in other sections the situation is as favorable as could be desired. This is the consensus of opinion of a number of prominent men who have made it their business to inspect the crops to see how badly they had suffered.

While Greene, Lenoir and Pitt counties sustained about equal loss, Beaufort county will come out as last season, it is believed. It was at first claimed that damage of the tobacco crop in the upper section of Beaufort would be terrific, but a great change has come over the crops since that time and the loss will not approximate a thousand dollars by either rain or hail.

Tobacco appears to have suffered more than any other single crop in this section because it is grown more extensively than other products. In fact, a large percent of farm acreage in the three counties affected by the storm are among the largest producers of bright leaf tobacco in the state, and it was perfectly natural that this crop should be more seriously affected.

Although the bright leaf crop will be materially curtailed because of the excessive rain, those who have looked over the farms do not believe the farmers will check up so short at the end of the season. In fact, the loss is confined to a very few and these, it is believed, were able to replant other crops in time to save themselves from such terrific damage.

Another thing which causes those who have inspected the crops to be so optimistic is the large acreage of bright leaf planted this year. There is no doubt that the yield would have been greater this year than the previous season because of the uncertainty of the market and the two mediums through which the farmers will have to sell the crop. This condition will greatly relieve the loss by rain and not very few farmers will check up as short as at first expected.

THIRTY LYNCHINGS OCCUR THIS YEAR

Montgomery, Ala., June 30.—According to records of Tuskegee institute, thirty lynchings occurred in the first six months of the present year, which is six less than for the same period last year and eighteen more than for the same period in 1920. Those lynched included two white, twenty-eight negroes. Eleven were charged with rape. One was in Alabama, two in Arkansas, one in Florida, four in Georgia, one in Louisiana, seven in Mississippi, one in South Carolina, one in Oklahoma and twelve in Texas.

MEXICAN BANDITS FREE PRISONERS

Washington, June 30.—Eighty-five employes of the Lacorona Oil Company in the Tampico district who were captured by Mexican rebels several days ago, have been released also, the state department was advised today. Six members of the party were Americans.

SACHSE IMPRESSED WITH GREAT TIMES OF CAMPING TRIP

Member of Scout Camping Party Returned Yesterday, Enthused Over Outing

Mr. T. J. Sachse, who has been spending the past ten days at Camp Leach with boy and girl Scouts, returned to Greenville yesterday morning in advance of the Scouts and reported a good time. He said he was greatly impressed by the courtesy shown them by the Washington people and believes the camp is to receive more extensive patronage from Scout camping parties from other sections of the state.

While the Scouts were reluctant to leave the good times at Camp Leach behind them, Mr. Sachse said they were delighted at the prospect of returning home to relate wonderful tales of their experiences. Each day brought something new for them, and the hiking trips always resulted in new found pleasures. They visited all points of interest, and amassed considerable information which should be of value to them in the future.

Camp Leach is one of the finest locations in the state for Scout outings, Mr. Sachse said, and that it will grow in importance from year to year is not to be doubted. Washington people are using their influence in this direction and if they have their way about it the place will not only become a camp but a regular pleasure resort for youngsters and grown-ups. Comfortable buildings have been provided through funds bequeathed by the late Capt. Leach of Washington and it is probable these will be enlarged or others erected in the next few years.

Panlico Beach and the vast expanse of water at Camp Leach affords all the opportunities for fishing, bathing and boating to be desired by the Scouts and it is this single feature along that adds to its prominence. When other Scouts of the State realize what a fine place it is every summer will see many camping parties at the place.

CHEERFUL OUTLOOK NOTED IN BUSINESS

(By International News.)

Atlanta, June 30.—A more cheerful and confident feeling exists among business men of the southeast than in months, and the section is continuing its steady progress towards business stability and permanent prosperity, according to a monthly report of the federal reserve system made public today.

Record breaking construction activity, increased production of textile manufacturers, coal iron and steel is contained in the report. The Alabama section has experienced an unusual improvement in the employment situation, it was stated.

FEAR TROUBLE IN COAL MINE SECTION

(By International News.)

Charlestown, W. Va., June 30.—Fearing trouble in the Cabin Rock coal district where a large number of strikers are reported to be gathering, two companies of national guards are assembling here. They are expected to leave today to be present in case of any disturbance.

BLUE SOX TRIM HEFTY FARMERS IN GAME TODAY

Beall Hurls Masterly Ball for Locals and Noses Out 4 to 1 Victory over Visitors

With "Iron Man" Beall hurling an invincible brand of ball the Blue Sox were enabled to nose out a 4 to 1 victory over Farmville in the first game of the double header here today. The Farmers went scoreless until the ninth inning, when an error of a grounder at second by White, a walked batsman and a couple of singles enabled them to send the only runner to the checking station.

The Blue Sox fielded brilliantly behind Beall, making only one bobble in the ninth that figured in the scoring of Farmville's only run. The Farmers, on the other hand, were credited with five bobbles, all of them proving of a minor nature except one in the third inning which helped the locals to gain their first run.

The Sox scored one run in the third, two in the sixth and one in the eighth. The heavy stick work was done by Dezan and Duncan who succeeded in securing two safeties each against Massey and Stringfield one each.

"Saxo" Barnes, a last season member of the Greenville club, went the entire nine innings for the visitors and at times had things going entirely as he desired. He was unable to prevent the Sox from bunching hits in the sixth and eighth innings, however, and they piled up a lead which his teammates found impossible to overcome.

Beall was master of every situation until the ninth when the Farmers staged a weak but decidedly effective rally. In fact, the "Iron Man" kept their four hits so well scattered that only the two in the last inning figured in the scoring. Keating caught a consistent game for the Sox and Beall was able to show up much better than under ordinary circumstances.

The second game of the double bill will be played in Farmville this afternoon, and will determine whether the Sox or the Farmers will make it two out of the three game series. Both clubs are striving hard to increase their percentage in the standing of clubs and the outcome of the final clash will be watched with much interest.

NEGRO INJURED IN LEAP FROM TRAIN

(By International News.)

Atlanta, June 30.—John Nelson, negro convict is confined in a hospital here today suffering from injuries received when he leaped from a train moving at sixty miles an hour in an effort to escape from Sheriff Mallard, who was taking the negro to Statesboro where he escaped from the chain gang eight years ago. The negro's skull is believed to have been fractured in the jump from the speeding train.

DAWES TO RETURN TO PRIVATE LIFE

(By International News.)

Washington, June 30.—Charles Dawes, dynamic director of the budget in its first experimental year, wound up his official duties today and prepared to return to private business in Chicago.

VARSER ELECTED HEAD OF CAROLINA BAR ASSOCIATION

Lumberton Man Chosen as President to Succeed John McRay by Acclamation

Wrightville Beach, June 29.—L. R. Varsar, of Lumberton, is the new president of the North Carolina Bar Association. His election today was by acclamation, which is customary with the lawyers in electing president.

Friends of E. S. Parker, of Graham had hoped to put him across, but it was apparent from the beginning of the convention that Varsar would be named unless he refused to permit his name to go before the body. His friends had been active in his behalf for some time. He is a member of the law firm that is headed by A. Wilton McLean and is recognized as a leader in his profession. Mr. McLean had been attending the convention, but took no part in the deliberations of the meeting of the last three days.

He is one of the most popular lawyers in the State as well as one of the most capable and will make a worthy president. The main objection to his election was the possible political significance that might be attached to his selection in view of the generally accepted candidacy of his law partner for the Democratic nomination for Governor in 1924. Mr. McLean was president of the association four years ago.

G. Vernon Cowper, who wanted to run for judge to succeed Judge Oliver H. Allen, but backed out at the last minute, sponsored a resolution to name a committee to devise some other plan than the primary for the selection of State and district judicial officers. The resolution was submitted by Charles Rose, of Fayetteville, and was adopted without discussion. The committee is to print its report and distribute it among the members of the association sixty days before the next meeting.

KIWANIANS RETURN FROM CONVENTION IN GOLDSBORO, N. C.

Eight members of the Greenville Kiwanis club who attended the "Inter-City" convention in Goldsboro yesterday, returned early this morning and reported a fine trip and one of the most interesting meetings in years. Practically every city and town in this part of the state was represented and entered into activities of the meeting in a way that caused the day to pass away pleasantly for everyone.

President Bert James didn't attend the convention as at first expected on account of pressing business matters, but the others who did brought back a cheering report to him this morning. Virtually the entire day was consumed in disposition of general business matters, except the time devoted to social features.

The "Inter-City" conventions have a tendency of drawing the members together in greater harmony, members declare, and those who attend get a better opportunity of fully realizing what the various clubs are accomplishing. Kiwanians are thoroughly enthused with the outlook for the future and their influence should have a great effect upon every community.

The local club will meet at Amaze Park today at 12:30 o'clock, this being their regular meeting date, where business matters will be discussed, followed by a delightful social program.

GRANT PURCHASE OF DISMAL SWAMP CANAL IN STATE

Senator Simmons Wins After Hard Fought Battle in the Senate Committee

NEW CHANNEL OVER CAPE FEAR RIVER RECEIVES APPROVAL

Committee Provides for Surveys for Other Waterways of North Carolina

Washington, June 29.—Two big things for North Carolina came through today, one of them after all appearances were that the matter had by the board, both of them having to do with affairs of great importance to the State. In each case the measure are those to which Senator Simmons has given the closest attention, being untiring in his efforts to have the Senate committee on commerce approve the measures for which he was fighting. That he succeeded both in the matter of the purchase of the Dismal swamp canal and in that of the measure providing for the construction of a new channel across the bar at the mouth of the Cape Fear river is a high tribute to the wise and vigorous campaign he waged in behalf of both measures.

The outcome as to the Dismal Swamp Canal was in doubt all day long. This morning when the Senate commerce committee, considering the rivers and harbors bill and its 200 waterways projects, came to the time of adjournment, there had been no disposition made of the Dismal Swamp Canal matter. Chairman Jones, of Washington, was instructed to poll the full committee membership with a view to reaching a decision later in the day. Then Senator Simmons redoubled his efforts in behalf of the bill and late this afternoon, having watched success from apparent defeat, was glad to announce that after an all-day struggle he had been able to secure a poll of the Senate committee on commerce following the final meeting this morning sufficient votes to put into the rivers and harbors bill and to have reported to Senate committee on commerce the adoption and authorization of the project for the purchase by the United States government of the Dismal Swamp Canal, purchase price to be paid being five hundred thousand dollars. Authorization is made for thirty thousand dollars per year for maintenance of the canal.

AYDEN METHODIST AND EPISCOPAL SUNDAY SCHOOLS PICNIC AT PARE

Yesterday the Episcopal and Methodist Sunday schools gave a joint picnic to their young folks. Rev. Mr. Alligood the Episcopal minister was ably assisted by Messrs. J. R. Turnage, Geo. Johnson, W. C. Edwards, Mr. Andrews and others. Dr. Grady Dixon demonstrated his ability at squeezing, by squeezing most of the lemons. The lemonade was very good. Needless to say that the baskets were all evidently prepared by Lady Bountiful. Miss Lourisa Hubbard was ably assisted by Will James, Crick Whitchard and Claude Tunstall, members of the Life Saving Corp in constructing the young folks in swimming. The fancy diving of Mr. J. McGett a better opportunity of fully realizing what the various clubs are accomplishing. Kiwanians are thoroughly enthused with the outlook for the future and their influence should have a great effect upon every community.

Wednesday there was a nice picnic party from Oak City, but through error failed to find out the denomination, they were full of fun and frolic and seemed to enjoy the day.

Mrs. W. L. Jenkins and little daughter, of Charlotte, who have been visiting Mrs. C. R. Poston returned home today.

Friday, June 30th, 1922

Greenville people are supporting
the baseball club in a splendid way,
and if they continue we are like to
have one of the strongest clubs of
the league. A winning ball club is
one of the best things a town could
have, and a losing club is about the
worst. We are bound for the top of
the standing of clubs now, and with
the acquisition of new players
should be able to rout other contend-
ers in a decisive manner.

Remarkable results have been real-
ized in pork production in eastern
North Carolina, and indications point
to even greater success in the fu-
ture. That this is exactly as it
should be cannot be questioned as
the raising of the meat consumed is
something our farmers should have
given greater attention to in the
past. We have spent too much money
in past for things that could be raised
at home, and we can't expect to ex-
perience the proper kind of progress
unless we do our own work.

Railway shopman say they are go-
ing to strike tomorrow if their de-
mands are not met, and that they
will do so no one doubts in the least.
The union heads have issued the call
and nothing remains but the response
by the men. The shopman have is-
sued an ultimatum demanding wage
reductions ordered by the railway
labor board to be ignored and old
working rules restored, and if this
isn't plain enough they can't possi-
bly make it any plainer without
striking. The strike will occur at
ten o'clock Saturday morning un-
less in the meantime something hap-
pens, and about the only thing the
public can do is to look hopefully to
each succeeding hour, believing
every hour will bring something favor-
able.

John A. McEae, of Charlotte, presi-
dent of the State Bar association,
urged greater unity of action in his
address at the annual meeting at
Wrightsville Beach this week. That
he has struck a concordant note for
his profession is not to be doubted in
the least and if the unity of action
should become evident there is every
indication of greater progress. Law-
yers, however, pull together better
than any other profession, although
the casual observer in the court room
wouldn't think so. They may go af-
ter one another in strong terms while
working on a case, but after the work
is completed they are ready to shake
hands and be on the best of terms. It
is a trick of the lawyer to make the
public believe they are opposed to one
another, but when it comes to a show-
down it will be found that they are
together, one and all.

The Fourth of July will be prop-
erly observed throughout the state,
and it is hardly probable Greenville
and Pitt county people will neglect
to do likewise. Independence Day is
a great one in the history of Ameri-
can people, and the signing of the
great document that gave us our lib-
erty will be remembered as the most
pleasing incident connected with our
history. Stores and business houses
should close their doors so that em-
ployees may have an opportunity of
observing the day, as in this way
alone can they properly respect the
occasion. Some kind of an interest-
ing program should be arranged for
other than baseball, and it is hoped
local people will get busy and do so.

Congress intends to observe "hands
off" policy in the coal strike until
after President Harding has had his
say. That this is the right thing to
do is not to be doubted in the least,
as it is probable the miners may lie-
ten to the chief executive in this
moment. That they should do so is
evident. The time has come for some-
thing to be done and unless action is
taken the dwindling coal supply will
very soon give out and the country
will be faced by one of the worst
situations in history. Government
operation of mines, as proposed in
congress yesterday, is about the only
way to save the country from the dis-

aster unless the president succeeds
in settling the controversy, and con-
gress should not fail to act in the
emergency. Something must be
done and if it isn't done soon we will
be in a plight that will disrupt in-
dustry more than any thing that has
happened in years.

Fayetteville, North Carolina, is
planning the erection of a ten or
twelve story "skyscraper" and the
National Bank of that thriving old
city is to be the owner. That this is
something to be proud of is very evi-
dent as there is not another city in
the state that can boast of a building
as high. While an enormous sum of
money will be necessary to complete
this great building, it will be well
worth every cent it costs. The rea-
son southern cities do not look more
city like is because they do not give
proper attention to the erection of
tall buildings. Not as much space
would be necessary if buildings were
made several stories higher and they
certainly add greatly to the appear-
ance of the city. It is hoped people
planning to erect two and three story
buildings will go one or two stories
better and consider the demands of
the future instead of the present. In
fact, great savings will be realized
and the city will gain greater atten-
tion from the outside world.

Kinston people seem to be rather
slow in signing up for the chautauqua
next year, and the daily newspapers
of that place are regretting the fact
exceedingly. They contend chautau-
qua is an institution of great value
to every thriving community and be-
lieve the citizens haven't the com-
munity at heart unless they provide
for this kind of entertainment. That
this is the right spirit the papers have
taken is no one doubts. Greenville
has had the pleasure of witnessing
chautauqua programs for many years,
and hopes to have them in the fu-
ture also. At least the attraction
has been signed for another year
and it is hardly likely the men of
vision will let it go through next
years. Kinston people are prosper-
ous and can't afford not to have
the elevating effects of the attraction.

Congress is greatly divided over
the question of immediate resumption
of work at Muscle Shoals by army en-
gineers and action of the House pro-
hibiting the appropriation of seven
and a half billion dollars to carry on
this work has greatly complicated the
issue. While this can mean nothing
of my importance to the different bid-
ders for the project, it is believed
Henry Ford is still gaining in strength.
Some seem to think the government
can take the plant and make it a pay-
ing proposition, but whether it can
do so as quickly and efficiently as
Henry Ford is where the question
comes in. There can be no doubt
about the sincerity of Ford's offer to
develop the plant. He has said he
would employ a million men and guar-
antee results. That being the case,
it looks like it might be the wise thing
for the government to let him have
it and maintain a "hands off" policy.
It at least would be more inexpensive
and expenses are certainly to be con-
sidered by the government at this
time when every cent is needed to
pay ordinary bills. The question a
mooted one indeed and the outcome
will be received with great interest on
all sides.

To the Public.
During the summer months the
Woman's Exchange will be open only
on Mondays, but anyone desiring to
see anything in the exchange can see
them any day in the week by calling

TOBACCO-FLUES AND GRATES

I have on hand, ready for immediate delivery, plenty of Flues,
and for best service, advise that you get your wants supplied
NOW. The trade in Flues is the most erratic of anything that
is generally used in our section, ranging as much as 5 1/2 times
more, or less, in one season, than the one preceding or following.
It is certain that the demand this year will be considerably larger
than last, and while I have tried to anticipate this, it is by no
means certain we will not be troubled by shortage of material be-
fore the season is over.

I also have in stock the Dewey Bros. grates and doors for barn
furnaces which are the best on the market, and at a very reason-
able price.

**GRIMESLAND CHIEF
CONDEMS LIQUOR**

I noticed a piece in your paper the other day in regards to the work I am doing to break up the whiskey traffic in Pitt county. I feel thankful that the better class of people in Pitt county are becoming to realize the great curse the whiskey traffic is to North Carolina. And I will say as the better class of people of Pitt county gave me their support I shall endeavor to break it up.

I noticed that since that piece came out in your paper the other day in regard to the work I was doing that a good many of the underworld bunch have tried to criticize the writer. There is an old saying that "where the law directs a house of prayer the devil starts a theatre there." It seems as if this happens in this case. I will tell you that the whiskey traffic in the night fights under the cover of darkness and attacks the defenseless womanhood and childhood.

The whiskey traffic is a coward; it is a thief, it is not an ordinary cost offender that steals your money and robs you of manhood and leaves you in rags. It takes away your friends and robs your family of what should justly be theirs.

Illicit whiskey impoverishes your children and brings insanity and suicide. It takes the shirt off your back, and will steal a coffin from a dead child. It would take the last bucket of coal out of your cellar and the last cent out of your pocket, and will send you home bleary eyed and staggering to your wife and children. It will take the virtue from your daughter. It is the dirtiest, lowdown business that ever came out of hell. It is a sneak and a thief and a coward, an infidel that has no faith nor religion and would close every church in the land. It will hang its whiskey signs in every home and close every school. It respects a thief and esteems the blasphemous.

Whiskey causes the employe to lie to his employer; it is God's worst enemy and the devil's best friend. It respects neither youth or old age; it is waiting with a dirty blanket for the baby to crawl in. It lies in wait for the unborn. It puts the rope in the hand of the mob; it is the anarchist of the world.

It is a dirty red flag dyed with the blood of women and children. It sent the bullet through Lincoln, Garfield and McKinley. Yes, it is a murderer. Every plot concocted comes from liquor. Every scheme hatched against the government is found among the sets of our land.

C. E. SWAIN,
Chief of Police of Grimesland.

Dr. B. McK. Johnston
DENTIST

Building

To the Voters of Pitt County:

Having received the largest vote of any other candidate for sheriff in the first primary, I believe the people have confidence in my ability to fill the office. Therefore I enter the second primary soliciting the vote and support of all. If elected I will fulfill the duties as an officer to the best of my ability.

AMOS C. JACKSON.

We can't have the exhilaration on July 4th of tearing the sky aboard a skyrocket, but we can enjoy the exhilaration of a swift dash over the highways in the New Buick 4 or 6-cylinder model.

Declare your freedom from motoring trouble. Make Independence Day the beginning of your independence from motors that are extravagant users of gasoline and oil; of clutches that are stiff and grab; of gear shifts that clash and burr; and of springs whose action is stiff and uncomfortable.

The New Buick does away with all of these bug-a-boos.

Hines Motor Co.
Fifth Street.
Greenville, N.C.

**STAR RIGHTLY GOWNED IN
HER HUSBAND'S TRADEMARK**

The skins of twenty-two Australian opossum were required to make up the new, rare opossum-fur coat worn by Gloria Swanson in some of the scenes of her latest Paramount picture, "Her Husband's Trademark," which will be presented next Tuesday at White's theatre.

The beautiful fur of the Australian black and white opossum and the black opossum is the newest thing in fashions, but is a rare product and is seldom seen outside of the most exclusive circles.

Mrs. Ethel Chaffin, head designer at the Lasky studio, secured only after much time and search, the ten black and white opossum skins and the twelve black opossum skins with which the coat is made. Mrs. Chaffin designed this stunning new creation especially for Miss Swanson to wear in this picture.

The star also wears six very lavish style creations and two beautiful and striking negligees in the picture, in which beautiful clothes are a necessary feature of the theme of the story.

Sam Wood directed the picture. The original story was written by Clara Beranger and the scenario by Lorna Moon. Richard Wayne and Stuart Holmes have the leading male roles and others in the cast are Lucien Littlefield, Charles Ogle, Edythe Chapman and Clarence Burton.

**PARISIAN RESTAURANTS
CATER TO AMERICANS**

Paris, June 30.—Department store restaurants and tea rooms, a la Americane, are becoming the rage in Paris. The Trois Quarters is the latest to open such a restaurant. The Louvre has enlarged its tea room and now serves hot lunches. Prices on most of the department store restaurants are more than the average American shopper usually cares to pay for her lunch.

FARMERS DEFEAT SOX BY POUNDING HATHWAY AT WILL

Matthews Pitches Farmville to 9 to 0 Victory Over Helpless Blue Sox Outfit

Farmville won the first game of the series from the Blue Sox in Farmville yesterday afternoon by the score of 9 to 0. The "Farmers" came back strong at their victors of the double header several days ago, and exhibited such an amount of pep in the field and with the bat that they were able to pile up a lead which the Sox found impossible to overcome.

The game was one of the most unusual probably played this season, as the Farmers had things entirely their way with only the weakest kind of opposition from the visitors. Hathway was pounded unmercifully throughout the entire game, and while the batters felled ragedly behind him he was touched up for a total of fifteen hits of which one was a triple and four doubles.

Matthews hurled a brilliant brand of ball for the Farmers and at no time found himself in immediate danger of being scored upon. He yielded four hits, but they were so well scattered that converting them into scores was a matter of impossibility. Never before probably have the Sox been so helpless before a pitcher's offering, and the defeat was one of the most decisive and unexpected administered this season.

Williams, Walker and Sneed did the heavy stick work for Farmville, securing three safeties out of four trips to the plate, Sneed being credited with two doubles. Holding singled twice and was followed with one hit each by Matthews, Barnes, Acton and Brandimer, Acton securing the only triple of the game.

For the Blue Sox Hathway, Keating, Stringfield and Carson secured one hit each, the remainder of the rib being absolutely helpless before the delivery of the Farmer moundsman, who had five strikeouts against Hathway three. Greenville and Farmville each had a total of eight runners left on bases.

While the Sox bobbled freely, this figured only in a minor way in the scoring. The Farmers pounded the old apple almost at will and were enabled to send nine runners to the checking station before the ninth inning. They scored one in the second, two in the third, three in the fifth and three in the eighth.

To box scores follows:

Greenville	AB	R	H	E
Stringfield, ss.	4	0	1	2
Carson, cf.	4	0	1	2
White, 2b.	4	0	0	0
Smith, rf.	4	0	0	0
Leftwich, lf.	4	0	0	0
Doran, 3b.	3	0	0	0
Massey, 1b.	4	0	1	0
Keating, c.	3	0	1	0
Hathway, p.	3	0	0	1
Frazier, x	1	0	0	0
x hit for Hathway in 9th.				

Farmville	AB	R	H	E
Brandimer, ss.	4	1	1	1
Acton, lf.	4	1	1	0
Holden, rf.	5	0	2	0
Minton, 1b.	5	1	0	0
Barnes, 2b.	5	0	1	0
Sneed, cf.	4	3	3	0
Walker, 3b.	4	1	3	2
Williams, c.	4	0	3	0
Matthews, p.	4	2	1	0
	39	9	15	3

Base on balls off Hathway 2, Matthews 2; left on bases Greenville 8, Farmville 8; two base hits Grandimer 1, Holden 1, Sneed 2; three base hits Acton 1, struck by Hathway 2; Matthews 5; first base on errors 3, Farmville 5; double plays Stringfield to White to Massey 1.

DIAMOND DUST BY ZEKE

That nine to nothing licking the "Farmers" gave the Blue Sox yesterday was about the sweetest revenge they could ask for.

We are now tied for fourth place with Kinston, as Washington trimmed the Highwaymen as neatly as it has ever been done before even though it did Frost all through the game.

And Tarboro turned around and spitefully took third place by skinning the Bears to the tune of four to one. Truly, the Tar Babies are picking up also.

That double bill with the Farmers today, however, is going to result in a remarkable change in the standing of clubs, mark what we say, Mabel.

Before another sun sets in the west either the Blue Sox or the Highwaymen will be in undisputed possession of third position.

The climax in the official standing of the Highwaymen and Blue Sox occurs today, and it is rather strenuous on the nerves too, we wouldn't fool you.

After licking the Jim Holden's "Farmers" today we want to repeat the performance by trimming the Bears tomorrow afternoon.

The Bears, of course, are coming to Greenville confident of winning, but that this confidence will be severely shaken is not to be doubted in the least. The Blue Sox are in trim now for shaking the confidence of even the best of them, and the Bears will be shown this in no uncertain terms.

The Highwaymen are praying for the Bears probably for the first time this season, but their prayers hardly will be answered. In fact, if we have anything to do with it, and we certainly will, the prayers will be ineffectual.

Everybody believes Jim Holden's "Farmers" will be able to make an enviable showing the last half, although their chances seem to be mighty slim in the first. Still, one can never tell they might give the leaders a close race even now.

The Kinston Morning News can't understand why Welk was not given credit for a triple in the final game of the series Wednesday when he never stopped running until reaching the third corner. That may be, but when considering that the third bag was made while the ball was being delayed in another play the reason is very plain. We endeavor to give them everything coming to 'em "Caro" and if we make an error it isn't done intentionally, you can rest assured of that.

The Blue Sox camp has been greatly strengthened by the addition of "Monk" Frazier, as he is not only a good player but is optimistic enough to take defeat and victory alike, although victory is much preferable. "Monk" rendered invaluable services season before last and that he will do so this year is not to be questioned.

The Washington Daily News is dealing in more facts and less poetry these days, although its writers still show a preference for humor in the writeups of games. This is all right just so it doesn't become ridiculous, and we are certain the News would never get that way.

The Washington News thinks the Kinston Free Press is rather sober in its expressions concerning baseball happenings. That may be so, but the News furnishes enough life to make up for what the other leaves out.

Carl Goerch is evidently remaining on the "perch," as the Washington News expresses it. In fact, Goerch doesn't seem to have anything to get off the "perch" about these days and if the Bears don't stiffen up and pull out of the rut we may have publish the demise of the resourceful editor of the New Bern sheet.

People who don't believe there is luck in baseball are absolutely fooling themselves. For instance, consider the two games with Kinston here Wednesday. The Highwaymen were stealing everything the Blue Sox had, when suddenly a lean, lank countryman by the name of "Joe," leading his little dog "Boll Weevil" made

What-a-ya say for STROLLERS

A Movie Star in Every Package

his appearance. And, lo! At that very instant the Blue Sox seemed to recover as if by magic and licked the "stuffing" out of the Highwaymen in the last game. "Joe" contends his little dog was born with a string of rabbit feet around his neck, and we have had occasion to notice that the Sox find it impossible to win if the little animal isn't on the job. So hereafter, Joe, don't fail to be on the job when the first ball is tossed.

HOMER WITH ONE ON GIVES FIGHT TO HONIC BUNCH

Kinston, June 30.—Approximately 1,500 fans saw the Pamlicoese take the first of a two game series here from the Highwaymen by the score of 2 to 0. The game was considered to be the fastest and most spectacular exhibition of baseball skill which has ever been witnessed on local grounds. Frost and Bond, the twirling sensations of the day, were both in their usual splendid form and there was a dorth of hitting all during the game. Frost was exceptionally effective in the pinches, striking out several batters when scoring seemed imminent and getting fast and whole-hearted support from the team. In the second, the fifth and the sixth frames, the Pamlicoese put men on bases but fast fielding and the perfect, machine-like co-ordination of the entire nine, saved the scoring when it appeared impossible to stop the Pams. The Highwaymen made two bobbles on hard chances while the Pamlicoese played flawless ball but matters were more than equalized by the several double plays and sensational put-outs effected by the locals in time of trouble. Bond, in common with his opponent was kept in hot water nearly every inning, the Highwaymen frequently camping on the way-stations, but were prevented from crossing the finish line by the hard and efficient work of Bond and the support of his team-mates.

TAMES THE NEW BERN BEARS TO TUNE OF 4 TO 1

Tarboro, June 29.—Boy, chalk up another one for Hyman! The little southpaw was the outstanding feature of a hard-fought and well-fielded contest here today when the Tar Babies specialized in "Bear" skin to the tune of 4 to 1. In the absence of an official umpire a player was chosen from each team to call the plays. Tobin and Bird, donning the official toga. Their decisions were better than some which the regulars have been giving, is the opinion of many local fans.

The Tars made two bobbles to the Bears' one but the odds were squared by a fast double play, Marable to Crump, and a spectacular catch by Crump. The fielding generally was effective but not thrilling, both teams executing their chances with dependability and speed. Doughton, McQuinn and Crump were the leading successes at the rubber for Tarboro while Davies, McLean, Wilson and Strickland were the lonesome Bear quartette which found Hyman for even a bingle. None of the hits gathered by these Grizzlies were good for more than one base, and one of them figured in the scoring of the visitor's lone tally.

Forrest and wife to Free Will Baptist Seminary, consideration \$9,920; Walter Marable to Wiley Belcher and wife, consideration \$450.

NORTHERN MICHIGAN "TRIAL PATRON" SYSTEM

Iron Mountain, Mich., June 30.—Prosperity is returning to Northern Michigan after two years of hardships. Thousands of men are being put back to work in the mines throughout the Upper Peninsula. The great demand for iron ore has resulted in the opening of many mines and a steady improvement in the employment situation. Many mines have resumed operations on a large scale, putting on night shifts and operating Saturdays.

LONDON THEATRES START "TRIAL PATRON" SYSTEM

London, June 30.—You can now go to the theatre in London on trial. The Summer slump in the theatrical business has induced managers to accept patrons on a trial basis. You are given two seats for the performance and you don't pay for them unless you feel that you had your money's worth.

DALTON WAS ON THE POINT OF GIVING UP

Since Taking Tanlac He Is Like a New Man and Never Misses a Day From Store, Says Richmond Grocer.

"I reached the point where I planned to give up my work but since taking Tanlac I feel fine and never miss a day from my store," said R. Hull St., Richmond, Va.
"For two years I was in the worst sort of health and when I say I suffered I mean I suffered. My liver was sluggish, I had severe pains in my right side, and had to be always taking laxatives as I was badly constipated. Nearly every day I suffered terrible headaches and nervous spells. My digestion was so bad it looked like everything I ate disagreed with me. I had a mean taste in my mouth and was nauseated all day long.

"Tanlac stopped all my troubles and built me back to where I have regained my lost weight and I never enjoyed finer health. My wife began taking Tanlac too and is looking like a different person. We consider Tanlac simply great."

Tanlac is sold by all good druggists.

BLIND MAN UNMOLESTED BY ILLINOIS ROBBERS

Litchfield, Ill., June 30.—In days of old when knights were bold chivalry held sway. This nobleness of ye olden days is being reflected in some of the modern bandits. A display such as would possibly command the respect of the chivalrous knight was made in a holdup of a pool room here in which bill present were lined against the wall and stripped of their valuables.

When the proprietor informed the bandits it made no difference where he stood as his eyesight was gone he was not robbed or molested.

NOTICE

North Carolina, Pitt County, James Brown vs. George Long and Daphne Long In the Superior Court.

The defendant, George Long will take notice that an action entitled as above has been commenced against him and his co-defendant, Daphne Long, in the Superior Court of Pitt County for the purpose of foreclosing a certain mortgage executed by said defendants to the plaintiff, James Brown; and said defendant will further take notice that he is required to appear before the Clerk of the court of Pitt county, N. C., on or before the 5th day of July, 1922 and answer the complaint which has been filed in said cause in the office of the clerk of the superior court of Pitt county, or the plaintiff will apply to the court for the relief demanded in said complaint.

This June 20th, 1922.

Smithwick-Johnson.

(Reported for The Reflector.)

Winterville, June 30.—A wedding of much interest to their many friends was solemnized Wednesday when Miss Dorothy Lee Johnson, youngest daughter of Mr. and Mrs. J. R. Johnson was married to Mr. Robert Smithwick of Louisburg. The ceremony was performed at St. Luke's Episcopal church by Rev. Claudius Smith of Roanoke, Va., assisted by Rev. W. E. Cox of Richmond, Va., uncle and cousin of the bride.

Prior to the ceremony a quartette, "O Perfect Love" was sung by Miss Hulda Cox, Mrs. R. L. Cox, Mr. Walter J. Wyatt, Jr., and Rev. Harvey A. Cox, accompanied at the organ by Miss Venita Cox. At the close of the quartette the organ merged forth into Lohengrin's wedding march, and the ushers, Mr. Horace Butt, of Morganton, N. C., and Mr. J. R. Johnson, Jr., were first to enter, followed by Mrs. G. H. Cox, of Robersonville, sister of the bride, as matron of honor. She was beautifully dressed in grey organdy and black picture hat, and wore a corsage of roses.

Miss Lillie Mae Dawson of Kinston, as maid of honor, was next to enter, wearing a blue organdy dress with hat to match and carrying an arm bouquet of pink killarney roses.

She was followed by little Miss Geraldine Cox, as ring bearer, and Margaret McLean as flower girl. They were both daintily dressed in white or gaily dresses and were very charming little attendants.

The bride, who entered with her father, was handsomely dressed in a traveling suit of dark blue tulle with accessories to match carrying a beautiful bouquet of orchids and valley lilies. They were met at the altar by the groom and his best man, Mr. Wilson Macon, of Louisburg. The impressive ring ceremony of the Episcopal church was used. Mendelssohn's wedding march was used for the recessional.

Mrs. Smithwick has been a member of the faculty in Louisburg for the past year where she has won a host

of friends.

Mr. Smithwick is the son Dr. D. T. Smithwick and is prominent young business man of Louisburg.

Immediately after the rehearsal Tuesday evening, the members of the family and bridal party gathered at the bride's home to an informal reception given by her mother, Mrs. J. R. Johnson.

On Monday evening Miss Johnson was given a surprise shower. She was the recipient of many beautiful and useful gifts.

The out-of-town guests were: Rev. Claudius Smith, Roanoke, Va., Rev. W. E. Cox of Richmond, Va., Rev. Harvey A. Cox, Wilmington, N. C., Mr. J. F. Smith, Sanford, Fla., Mrs. R. E. Cox, Maxton, N. C., Mrs. Maggie Butt, Morganton, N. C., Miss Vida Butt, Morganton, N. C., Mr. Horace Butt, Morganton, N. C., Mr. Harding Butt, Chapel Hill, N. C., Mrs. M. W. Uzzell, Chapel Hill, N. C., Misses Pauline, Valerie, Elizabeth Uzzell, Chapel Hill, Mrs. Francis Uzzell, Chapel Hill, Mrs. Kate Smith, Jonesboro, N. C., Mr. Ashley Smith, Jonesboro, N. C., Mrs. Emma Culler, Washington, N. C., Mr. and Mrs. J. H. Cox and little daughter Geraldine, Robersonville, Mr. and Mrs. H. B. McGlohon, Kinston, N. C. Mr. and Mrs. Hardy Johnson, Fountain, N. C., Mr. Gordon Johnson, Kinston, N. C., Mr. Wilson Macon, Louisburg, N. C., Miss Lillie Mae Dawson, Kinston, N. C., Miss Elizabeth Stewart, Whitaker, N. C., Mrs. J. D. McLean and Margaret McLean, Cameron, N. C., Mr. and Mrs. C. L. Cox and daughter, Raleigh, N. C., Mr. and Mrs. Geo. Patrick and children, Goldsboro, N. C., Dr. and Mrs. W. W. Dawson, Grifton, Miss Raye Dawson, Grifton, Miss Bettie Uzzell, Seven Springs, N. C., Mr. and Mrs. Fred Von Eberstein, Greenville, N. C.; Mr. and Mrs. Wm. Von Eberstein, Greenville, N. C.; Miss Mabel Von Eberstein, Greenville, N. C.; Mrs. Julia Pysheau Wilmington, N. C.

Mrs. W. M. Moore, Miss Ward Moore and Master David Bland left this afternoon for Hildenite.

Miss Elizabeth Carr returned yesterday from Camp Leach.

Misses Hortense Higgs and Clara Louise Moye left today for Camp Junaluska.

CANADIAN PRISONER TO RECEIVE FORTY LASHES

Detroit, June 28.—The ancient law of the whip has been imposed on Ernest Martin, who was sentenced at Sandwich, Ont., just across the border in Canada, to ten years in the penitentiary. Judge Conghlin decreed that in addition to his prison term Martin receive twenty lashes upon his arrival at the prison and twenty when he leaves. The punishment will be inflicted on the bare back, the instrument being a stout lash stick to which is appended twelve heavy leather thongs.

Martin, twenty-three years old, was convicted of brutally assaulting Henry Killie, sixty-five, a farmer.

CONTRACT OR BRIDGE OVER MOCCASIN RIVER

Kinston, June 29.—Letting of the contract this week will preface early construction of the bridge over Moccasin River between Lenoir and Pitt counties to connect two of the most important links in the new highway system in Eastern Carolina. Lenoir county has constructed a concrete-asphalt road to the river's edge, while Pitt has built the approach to the stream on its side, a high embankment thrown up from a swamp. Pitt will build a hard-surfaced link from Ayden to the river.

The bridge will be three-quarters of a mile removed from the present bridge at Grifton, and in re-locating it the highway commissioners lopped off exactly one mile of the distance between Kinston and Greenville. The new bridge will be several hundred yards in length exclusive of approaches, and will be completed within six months, it is believed by local road officials.

BRITISH AIRPLANES TO CARRY PARACHUTES FOR ALL TRAVELERS OF AIR

London, June 30.—Compulsory use of parachutes on all passenger-carrying aircraft is a decision of the Air Ministry which will shortly be made public.

At present the "airway companies"

Keep Your Sink Drains Clear

Here is the best insurance against clogged drains and stopped-up pipes.

If the sink drain becomes clogged or runs too slowly, sift a little Red Seal Lye down the pipe. The lye will immediately combine with the grease in the pipes. Then when water is added you will hear the cheerful "gurgle" in the trap and know that the drain is free and the pipes clean and sanitary.

Pure lye is the strongest and most effective disinfectant in the world. Red Seal Lye far exceeds cheap brands. Red Seal Lye is pure, unadulterated and high tested.

Red Seal Lye is also a wonderful water softener. Hard water means a great waste of soap and labor. Add one-half a teaspoonful of Red Seal Lye to every bucket of washing water and notice the snowy whiteness of your garments and how much less soap is used.

Save your meat fats and make your own soap with Red Seal Lye. One can of Red Seal Lye will make 20 cakes of pure soap. Easy directions are in the can.

Be sure and ask your dealer for the old reliable granulated Red Seal Lye and take no substitute. Send us a postal for the Red Seal Booklet which describes all the uses of this famous product. Write today.

carry lifebelts for their passengers when crossing the seas, but none has yet thought fit to equip its air "liners" with aerial life buoys.

Their argument against the practice is that such a step would militate against the use of aeroplanes for transport, since travelers would not care even to contemplate coming to earth in so thrilling a way.

JAP GIRLS ADOPT FAD OF BOBBING TRESSES

Detroit, Mich., June 30.—"They're bobbing their hair in Tokio" declares Dr. Yoichi Uyena, chief director of the Institute of Industrial Psychology of Tokio, who was a guest of the society of Industrial Engineers here.

"Certainly there are flappers in Japan," he asserts. He says that the men of Nippon accept the flapper philosophy and that there is no movement to regulate the dress of women. Bare knees have not yet reached the Japanese Empire, he says.

Born: Born to Mr. and Mrs. T. L. Little a ten and one half pound boy on Friday, June 23rd.

Reported.

GREEN OLIVE SALAD IN PIMENTO CUPS

Foods that require salt blend excellently in salads with salty Spanish green olives. The following combination is particularly tasteful.

Two chopped cucumbers, ¼ teaspoonful finely chopped onion, ½ cup minced celery, ½ cup pecan or walnut meats, 1 cup chopped Spanish green olives. Mix with salad dressing and place in pimento cups. Place a spoonful of whipped cream on top of each cup and serve on large platter covered with lettuce leaves.

In Thousands of Churches

—every Sunday men and women instruct the youth of the community in religious principles. No other institution in this town is making a business of teaching truth, honesty and square dealing.

Are Your Children in Sunday School?

There is no charge for religious instruction in any church in this community. Sacrificing teachers are ready to serve you and your family. Bring your children. Study the Bible systematically. It is the most popular book in the world.

The preaching services will interest you also.
