PRESIDENT PLANS STERNER POLICIES IN STRIKE ISSUES

His Return to Washington Will See Several Changes in Government's Position

PATIENCE OF CHIEF EXECUTIVE SAID TO BE ABOUT EXHAUSTED

Government Will Take Action if Labor Board Can't Cope With the Situation

(By International News.)
Marion, O., July 5.—A sterner policy than yet characterized by the government's attitude in the coal and rail strikes may follow the return of President Harding to Washington the last of this week, it was indicated this afternoon.
Indications that the President's patience is about exhausted over the present chaotic industrial situation is very evident and something out of the ordinary is expected. The President is not pleased at the adjournment of the mine conference to await his return.
It is not considered likely that the government will make any early move in the rail strike unless the railway labor board confesses its inability to cope with the situation.

SCOVILLE LEADS Y. W. C. A. SERVICE AT THE COLLEGE

Methodist Minister Delivered Splendid Address on the Teachers' Responsibility

Dr. Scoville, of the Methodist church, conducted the Y. W. C. A. services at the Teachers College Sunday July 2nd.
The teachers' responsibility, was the topic of theme of his lecture.
Home, school and the church, are the three pillars of civilization. There fore the teachers, parents, and the minister are responsible for the character of the citizens of the future. It takes character and love of God to be a teacher. The teacher and preacher are co-workers. The teacher is the living beauty of God; the preacher with her help moulds character. The teacher's life is not one of flowers and ease. She bears the responsibility of the child's future. She does not look for or expect any material gain; neither does she receive it. There are always those who appreciate, but there are more who criticize and find fault with her. But the way always be of good cheer and stand steadfast, for in serving the people she is serving God.
The greatest reward will not be given to the millionaire, the preacher nor the missionary, but to the teacher. She has been of the greatest service to the world. Probably she is the one who led the minister, millionaire, and missionary to the high places they hold. Earthly loss is heavenly gain. Look up not down, for your reward is in heaven.

SHOPMEN RETURN TO WORK IN TENNESSEE

(By International News.)
Nashville, July 5.—Shopmen of the Nashville, Chattanooga and St. Louis railway were beginning to return to work this afternoon. Four hundred and seventy out of fifteen hundred were on the job today it was stated by high officials of the company.

PARKER BOY WINS IN HEATED RACES AT CANTON, OHIO

Horse Owned by W. H. Dail of Greenville Also Wins Another \$1,000 Purse

Canton, O., June 30.—But for the 2:12 pace this afternoon's card would have proven a very ordinary one, as both of the other events were very devoid of contests, but that race brought the public to the highest pitch of excitement and caused the spectators to vent their feelings very emphatically and loudly during its progress.
Eleven pacers took the word in the 2:12 event, with Parker Boy favorite, and after a few false scores the bunch went away ying and in a dense mass. On the backstretch Nelly Bly and Princess M. loomed in front and Berry with Parker Boy dropped into the preferred trailing position. At the half, in 1:04 1-4, Celeste McKinney had moved up with the leaders and excitement was intense among the spectators, as it was evident that a great struggle was on. Down the backstretch and around the far turn the leaders began to show signs of tiring and the trailers commenced to move up. When the head of the stretch was reached the race seemed a very open one, but in a beautiful drive Berry worked his way to the front with Parker Boy and won by a half length from Jolly Girl, which Mallow had hustled fast from a back position, while Valentine with one of her characteristic drives kept Celeste McKinney on her toes long enough to land the show position from Nelly Bly, with Bennett up. The cheering was long and loud, emphasizing the pleasure and excitement of the spectators.

In the second trip Berry hurried Parker Boy away fast and then let Princess M. and Nelly Bly again go to the front and wage the battle. The clip was even faster than in the first heat, the quarter being in 31 seconds, and at the half in 1:03 1-3 it was difficult to separate crowd as a half-dozen were closely packed. Rounding the last turn into the stretch, Mallow, who had been sitting easy with Jolly Girl, brought that mare fact around the crowd and was streaking for home, with success seeming almost certain, when Berry got busy on Parker Boy and after a great stretch duel landed the gleading first at the wire in 2:10 1-4, with Princess M. and good third. The final trip was equally as interesting, with Parker Boy again victorious. The Greenville, N. C., gleading went a sparkling race, and it seemed to be the consensus of opinion that the exhibition of reinmanship displayed by Tommy Berry was one of the most brilliant ever witnessed.

Signal Peter, the magnificent son of Peter the Great 2:07 1-4, displayed more of his capacity today, and by trotting his third heat in 2:09 1-4 he established a new track record. As he was barred in the betting, Lorena Watts ruled favorite over the field and there was considerable speculation. In the opener Signal Peter led off and Cegantle Boy tried to measure strides with him, but the clip was too much for the young gleading and he jumped the second round, Lorena Watts having things easy in placing to the Island Farm entrant. In the second Teddy Jay rushed away, secured the lead and held it until after passing the quarter. Then Erskine took command, winning comfortably, with Teddy Jay second and Lorena Watts third. The final and fastest heat—2:09 1-4—proved just as easy for Signal Peter as the previous ones, and Edman, by keeping Lorena Watts right at the wheel of the winner, was able to finish second in the last mile and thereby rewarded those who had supported her. She sent a splendid race, was nicely driven, and trotted her final heat as fast as the announced time.—American Sportman.

Since the above mentioned race Parker Boy started in another \$1000 stake last Friday, June 30th, winning same and taking a record of 2:09 1-4 defeating Walter McGeeon 2:08 1-4 a horse that had not been defeated this year.

FOURTH OF JULY WELL CELEBRATED IN THIS SECTION

Large Crowd Thronged City to Attend Ball Game Here Yesterday Morning

The Fourth of July was appropriately celebrated in Greenville yesterday. Practically all business houses closed and employees spent the day either at Amuzu Park or following up the baseball team. A heavy down-pour of rain interrupted activities a while in the afternoon, but this was only for a short time and those who failed to attend the ball game at Washington enjoyed themselves in other ways.
The principal feature of the morning was the annual Fourth of July game between Greenville and Washington. While the Blue Sox lost out to their more hefty opponents the game was largely attended and much interest was manifested. The usual large crowd congregated at the fair grounds long before the appointed hour and the main grandstand and bleachers were crowded to the capacities. In fact, a pretty fair crowd was forced to sit in the race grandstand, but this was acceptable owing to the fine breeze and splendid view of the diamond afforded in this particular location.
Immediately after the morning game was over the large crowd of visitors turned their faces either towards home or Washington. Greenville people also left for the Pamlico town in large numbers where they had the pleasure of seeing their idols defeat their victors of the morning. Many cars were overtaken by a virtual cloudburst while on the road, but curtains were put up and the trip made without anyone being the worse off by the experience.

Taking the day all in all it was probably one of the most satisfactory in years, probably because Greenville had the pleasure of breaking even instead of being defeated in both games by Washington. The fact is, Washington seemed to have a monopoly on Fourth of July games the past three years, but a young man by the name of Thompson broke their winning streak in the afternoon and saved Greenville the embarrassment of having Washington repeat the trick.

BEAUFORT COUNTY PROVIDES FOREST FIRE PROTECTION

County Appropriates Sum to Match Offer of Aid by State, It Was Said Today

Mr. Darrow Clark, chief forest fire warden of the State of North Carolina, who has been spending the last several days in Greenville and surrounding territory for the purpose of creating sentiment in combatting the forest fire menace, stated this morning that Beaufort county had appropriated the required sum to match the offer of the state. This news will be received with general interest, as loss by forest fires in past years has been enormous and the timber supply will be almost completely exhausted unless something is done.
The Pitt county commissioners have been asked to appropriate \$500 for the purpose of combatting the fire demon, and it is hoped some decision will be rendered within the next several days so that wardens may be employed and first work begun. Pitt county alone has lost a half million dollars the last year through burning forest. Mr. Clark stated, and unless something is done young forest will be so completely destroyed that the supply of merchantable timber will decrease at an alarming rate.
Beaufort county has taken a forward step in providing this appropriation and if Pitt does the same thing those adjoining counties will be able to do away with much of the loss this year.

TRIP TO GEORGIA TO BEGIN DURING 12TH SEPTEMBER

Pullman Car Load of Business Men Led By Eastern Chamber to Visit Section

Announcement was made this morning by the management of the Eastern Carolina Chamber of Commerce, that the trip that has been under consideration, to Georgia and Alabama to study diversified farming, will begin Sept. 12th and will take about ten days to get back home. This notice will be of unusual interest to this section, inasmuch as several persons from this immediate section are very much interested in making this trip.
The plans call for a Pullman car for the entire trip, and the party will live on the Pullman for the ten days, except when they are being entertained at various points on the trip. Nothing will be left off, to make the trip pleasant and interesting from beginning to end. In fact it promises to be the best ten day school ever held for the business men and farmers of Eastern Carolina. Those who go, are going to learn and will no doubt, learn something unless they already know it all.
The total cost to make the trip, including Pullman and hotel bills all the way through will be about \$125.00, maybe a little less but certainly not more. The Pullman will accommodate 25 passengers and will be at the service of the party day and night. The points that will be covered will be announced within the very near future, but it goes without saying that only those points will be visited that have really accomplished things along the line of diversified farming and marketing the crops from said farms. As many live stock sales as can, will be taken in, so that the people of this section may have an opportunity to see what a one crop section can become with intensive cash paying. We will show them counties that four years ago, were all cotton, but now are evenly divided between livestock poultry, dairy cattle etc." said Mr. Bartlett, the manager of the Eastern Carolina Chamber of Commerce, while discussing this matter this morning. "You will wonder how they did it," he continued, "in so short time." But the facts are there to show for themselves" he concluded.

Already several have made reservation for this trip. Those who expect to go, should make their reservation immediately, to N. G. Bartlett, vice president manager, Greenville, N. C. After twenty five shall have been secured for the trip, another twenty-five would have to be had before another pullman could be secured. It is necessary that, to be certain of getting in, to make your reservation at the very earliest possible date. The dates are given out this far in advance to enable the business men to arrange their affairs to be off at that time.

BEGIN PROBE OF K. K. K. ACTIVITIES

(By International News.)

Laurel, Miss., July 5.—Department of justice officials were this afternoon investigating an advertisement published in the Laurel Leader and signed by the "K. K. K." notifying the public plan to wait on persons convicted of selling liquor unless they leave the country in twenty-four hours.

MEN'S CLUB TO MEET AT IMMANUEL BAPTIST

The Men's club of the Immanuel Baptist church will meet Thursday evening at 7:30 o'clock. An interesting program has been arranged, but there will be no luncheon as customary.
Miss Una Lindsay of Rocky Mount is visiting Miss Nancy King.
Judge H. W. Whedbee and Miss Francis Whedbee left this morning for Richmond.

FOURTH OF JULY WELL OBSERVED AT THE COLLEGE

Hon. F. C. Harding Delivers Splendid Address to Young Women of Institution

Fourth of July and Founders Day were jointly celebrated yesterday at East Carolina Teachers College, Hon. F. C. Harding delivered an address which brought the two ideas into harmony in a most admirable manner. He developed the thought that to America belongs the leadership of the world because of the ideal to express Fourth of July 1776 and that this leadership and ideal are kept alive and will continue to grow so long as teachers pass on these ideals to their pupils.
Education, he said, is no longer as was in the past, for self alone, but was the individual's preparation to take his place in the community, society, and in the nation. He reviewed the great work done by this institution in the fourteen years since the first dirt was shoveled by Governor Jarvis when the first brick and mortar were cemented and the buildings came into being, and when the living spirit entered the institution and it began its great work, until it has a unique place in the south and the nation. He spoke of the 7500 students who have come and gone out into the field of life. He contrasted this building up process with the tearing down process of war. Twice as many were destroyed on the battlefield in fourteen minutes as were trained in fourteen years.

This comparison led to this central thought, the linking of the history of the institution with the history of the past of the world and the mission of the institution or of education as it affects the nation in the future. The most important question is, shall the stability of nations and civilization of mankind stand upon war, as in the past, or shall it be developed along the lines that are building up, constructive. Will the world solve the problem that it is never yet solved. Can the human solve the problem of races living together, side by side, in peace? America alone can find the solution, and it must come out of the schools the dreams and ideals in the hearts of teachers, getting into the hearts of the children, and later coming to realization through the people of America and their stand in international affairs. Not until the spirit of Justice and Truth are disseminated through the schools can they prevail in America, and not until then will God's purposes for the world be fulfilled.

The United States government is the greatest power in the world today, he asserted. He reviewed briefly the history of wars, that were not for conquest, following H. G. Wells, singling out for special mention all the wars that have been for freedom and for the protection of nations, giving as the climax America's fight for freedom of the world in the last war. He asked the pertinent question, "What have we gained from the great world war when monarchy was linked with democracy in the fight? The answer was that four of the kings, the Caesars, or Kaisers, or czars, were driven out of power, and only one who rules according to the old idea is left ruling, that the Sultan of Turkey. British rule in India, he admitted seems to be the same, but that is temporary, and as soon as the people are able to rule themselves, the type of ruler will be changed. A new standard of self-rule has been established, and men and women are ruling the nations of the earth. Turkey, he declares, will be a factor for the next thousand years, and Constantinople is the strategic point today.

He closed by showing how trained minds and hearts are needed to lead the world to the new day when military force will not rule the world. He traced rapidly the dream through history and showed how America is leading the way in making the dreams come true. His final word was a special appeal to the students to help to bring about the new day.
Patriotic songs were sung. Only one period was given to the celebration.

N. & S. CURTAILS PASSENGER TRAIN SERVICE JULY 6TH

Trains Nos. 3 and 4, Between Greenville and Raleigh, to be Discontinued

According to advices received by agents of the Norfolk and Southern railroad in this city today passenger trains Nos. 3 and 4, operating between Norfolk and Raleigh will be discontinued Thurs. day, July 6th.
The announcement also stated that trains Nos. 15 and 16, operating between Goldsboro and Marsden and trains Nos. 17 and 18, operating between Belhaven and Washington would also be discontinued at the same time.
This information will be received with considerable interest in this part of the state as the traveling public is vitally affected. The trains operating between Norfolk and Raleigh are the ones that pass through Greenville at night, but which are used to no little extent by people desiring to make one day trips to other sections of the state.
Just how long the trains will remain out of service was not stated, but is believed they will again be placed in operation as soon as the strike situation becomes improved. This is the first time in several years that the Norfolk Southern has curtailed its service in this immediate section and it is hoped it will be in effect only a short time.

ROTARY CLUB IN REGULAR SESSION MONDAY EVENING

Fourth of July Appropriately Observed by Several Interesting Numbers

The Rotary club was in regular session Monday night and enjoyed the usual fine program. The beautiful building on Rotary Avenue was appropriately decorated for the Fourth of July and presented a splendid appearance. The meeting was presided over by S. T. White.
After the introduction of W. Z. Morton as a new member a hearty welcome was extended J. L. Perkins, Walter Woolard of Stokes, Collin Stokes of Ayden and Dr. W. I. Wooten of Greenville, the only visitors present during the evening.
Several appropriate song selections were sung during the evening at which time the regular luncheon was enjoyed.
Mr. L. A. Stroud, made up as Abraham Lincoln, was presented by Dr. C. J. Ellen and delivered Abraham Lincoln's Gettysburg speech. This was presented in fine style and proved a fitting feature to the evening's program.

TENNESSEE TRAIN SERVICE DELAYED IN RAIL STRIKES

(By International News.)

Chattanooga, July 5.—The strike situation is reported as serious to train movement here. Railroad officials are the only one working. Strikers claim passenger trains are running from one to three hours late, which makes conditions the most serious in years.
Misc: Mildred Morris, of Norfolk, is visiting Miss Hannah Dixon.
Dr. James Brown, of Baltimore, Md., is visiting relatives in this city.
Miss Alma Sykes of Enfield, N. C., is visiting her aunt, Mrs. T. T. Cox. Miss Ruth Sykes, of Wilson, N. C., is visiting Mrs. T. T. Cox.

CLASS DOMINATION IS DISCOURAGED BY PRESIDENT HARDING

Free American Has Right to Work and Do as He Pleases, President Tells Folks

RIGHT TO BARGAIN COLLECTIVELY NOT TO BE DENIED NOW

Greatest Traitor is Agitator Who Appeals Not Prejudice and Inflames Passion

Marion, O., July 4.—Governments can not tolerate any class or group domination through force, President Harding declared today in an address at a home-coming centennial celebration here.
Addressing thousands of "home folks" and out of town visitors who had gathered to welcome him back to Marion for his first visit since his inauguration, the executive told his audience he meant to "sound no note of pessimism."
"This republic is secure," he added, "menaces do arise but public opinion will efface them. Meanwhile government must repress them."
Commenting in a general way on the industrial situation, the President made this observation:
"A free American has the right to labor without any other's leave. It would be no less an abridgment to deny men to bargain collectively and governments can not tolerate any class or group domination through force. It will be a sorry day when group domination is reflected in our laws. Government and the laws which government is charged with enforcing, must be for all the people, ever aiming at the common good."
The President declared with emphasis that his "one outstanding conviction" after 16 months in the White House was that the "greatest traitor to his country is he who appeals to prejudice and inflames passion when sober judgment and honest speech are so necessary firmly to establish tranquility and security."

Referring briefly to international relations of the United States Mr. Harding said that "all is well."
"They are securer today, with more assuring prospects of peace than ever before in the history of the republic. New guarantees have recently been added by the very process of exchanging viewpoints and bringing the spokesmen of great nations to the conference table and for the exchange of views and to resolve to do together those fine and noble things which no one nation could do alone."
At the outset of his address the President told his fellow townsmen it was "exceedingly good to come home and meet with you again."

ONLY FEW CASES GIVEN HEARING IN CITY COURT TODAY

Few Minor Matters Received Consideration by Mayor D. M. Clark This Morning

Only a few minor matters were given hearing in this morning's session of police court, and work was completed long before the usual hour. Charges of disorderly conduct and dogs running at large constituted the majority of cases.
Jim McLawhorn, charged with being drunk and disorderly was fined \$10 and cost; Sheppard Andrews, charged with permitting dog to run at large, was released upon payment of cost.
Aron Wooten, charged with permitting dog to run at large was released upon payment of cost.
H. L. Mahl and Stanley Henson, charged with disorderly conduct, were released upon payment of a fine of \$1 and half of cost each.

Wednesday, July 5, 1922

President Harding did the right thing when he informed the striking railroad men that rights of the public would be preserved and that no interruption of railway service would be put up with. That this will have much to do with preserving order is not to be doubted in the least, as it is certain the strikers will do nothing in opposition to the government. That this was the only course to pursue under the circumstances is very evident, and the president is to be commended in taking such prompt action.

Plans of the United States government for ending of the nationwide strike of miners has been formally presented to the conference considering the matter, but whether anything will be accomplished cannot be said. The secretary of labor has done everything possible to end the strike, but whether any agreement will be reached is very much in doubt. The nation is in a serious plight with two strikes on, but both clouds have a silvery lining and may show their bright sides at any moment now.

Greenville people observed the Fourth of July in an appropriate way yesterday by closing of stores and suspension of other forms of industries. That this was the right thing to do cannot be questioned. The Fourth of July is one of the most significant holidays the country has, and it is only proper people everywhere should stop work and honor the occasion as they should. Many cities of the country had more elaborate programs than this section probably, but no body enjoyed the day to greater extent. The observance should become more pronounced with each succeeding year.

Germany started out to recover, but we now informed that industry has been paralyzed by strikes in various branches of labor. That this it to be deplored cannot be doubted, but Germany should have been more straightforward with the allies, and they might receive greater sympathy in this moment of dire distress. She endeavored to hide her resources when the allies demanded the reparation, and in other ways tried to cheat them out of money which they should gladly pay for the great wrong done the world. Germany has suffered little as result of the war, but there is a time coming when she may suffer from other ways. And the strikes may now be a beginning of her internal disorders.

Greenville and Pitt county people will be gratified to learn of the victory of W. F. Evans for solicitorship of the Seventh district. This is an honor which the former Pitt county man has a right to be proud of, as he fought against opposition which resorted to many questionable things to defeat him, if reports are true. Mr. Evans is what might be termed as a self made man. While not graduating from the largest colleges of the country, he is a brilliant member of the bar and should be able to serve his district faithfully and efficiently. His knowledge of his profession was gleaned from the pages

From Ohio we hear:

"I decided to bake two cakes at the same time, using Royal Baking Powder in one, and another powder in the other. The cake made with Royal was so appetizing and delicious, so finely grained and wholesome that in comparison, the other cake was not a cake."

Mrs. G. P. Y.

of books at home. He mastered these and was able to pass the state bar with high honors. "Bill" Evans, as he is well known in this section, is a hard worker and faithful to his friends and that he will administer the duties of his office with credit to himself and native county is not to be doubted in the least. We reiterate—he has many friends who will be glad to learn of his victory and felicitate him in this realization of a great ambition.

While the Reflector stated last week that crop conditions were not so bad as at first expected, we did not mean to mislead anyone or to cause any confusion as to exact conditions prevailing. There is no denying the seriousness of the situation, but it is the duty of everyone to look on the bright side and to make the load of care as easy as possible. Thousands of acres of rich tobacco lands will yield small returns this season, but there is no use for us to put on long faces and bemoan the fact. The

thing to do is to brace up, face the future and thank God we are living and enjoying better times than any other locality on earth. This is a community wonderfully blessed in resources, and the present hard times will not continue any longer than we let them. That some farmers, however, will suffer to a greater extent than others can not be doubted. The entire section for that matter has suffered to a greater extent from the heavy rainfall than in years, but why yield to this moment of adversity. Why not put our hand to the wheel and keep it revolving. The shortage of tobacco will be very marked when the market opens this season, and this should have a tendency of improving prices. In fact, the improvement should be evident in all grades, and it is hoped the farmer that experienced the heaviest loss will be the one to receive the best price for what he has left. If in event he should have anything left.

To make shoe neatness an easy habit—get the SHINOLA Home Set.

A genuine bristle dauber which cleans the shoes, applies polish quickly and easily.

Large lamb's wool polisher brings the shine with a few strokes.

It's best to say "SHINOLA"

Perhaps you have heard this: "Gasoline is gasoline—they're all alike." One might as well say that shoes are shoes, soap is soap and cars are tires.

Just what drives that motor in your car?

A MIXTURE of from 12 to 15 parts of air and 1 part of gasoline vapor does it. Motor gasoline has to be volatile, so that it will vaporize readily, but that is not all. The composition of that one part of gasoline vapor largely determines how well the motor performs.

Motor gasoline must be more than just volatile; it should be properly balanced. It must contain the right proportion of light, intermediate and heavy constituents to afford instant ignition, abundant power and full mileage.

"Standard" is a carefully balanced gasoline, which accounts for the consistently good results it is giving in tens of thousands of motors today.

It pays to discriminate in buying gasoline, and oil too. Polarine oils are just as dependable as "Standard" Motor Gasoline. Don't take oil without knowing its name.

TOBACCO FLUES AND GRATES

I have on hand, ready for immediate delivery, plenty of Flues, and for best service, advise that you get your wants supplied NOW. The trade in Flues is the most erratic of anything that is generally used in our section, ranging as much as 1.2 times more, or less, in one season, than the one preceding or following. It is certain that the demand this year will be considerably larger than last, and while I have tried to anticipate this, it is by no means certain we will not be troubled by shortage of material before the season is over.

I also have in stock the Dewey Bros. grates and doors for barn furnaces which are the best on the market, and at a very reasonable price.

MISS HELEN WHITE ENTERTAINS Complimentary to House Guest, Miss Mamie Hines Laroque of Kinston

On Thursday afternoon at her home on Dickerson Avenue, little Miss Helen Forbes White delightfully entertained a large number of friends at a rook party complimentary to her house guest, Miss Mamie Hines Laroque of Kinston, and several visitors, Misses LuEllen Best, of Warsaw; Sallie Mooring, of Bethel, and Julia Boyd Smith, of Scotland Neck.

The home was decorated with the national colors, suggestive of the 4th, also with cut flowers and ferns.

During the games Mrs. White served lemonade and sandwiches and at the conclusion of the games an ice course was served.

Miss Cotton Skinner, making the top score, was presented a bottle of De Coty's perfume. Miss Hines and Misses Best, Mooring and Smith were presented bottles of perfume. After four progressions the little guests enjoyed an hour of story telling. Little Miss White's hospitality was greatly enjoyed.

KING'S DAUGHTERS HOLD INTERESTING MEETING

The patient circle of the King's Daughters held their regular monthly meeting on Tuesday evening with Mrs. N. S. Fulford.

On account of the inclement weather the attendance was small, but the meeting proved very enjoyable and interesting.

Mrs. Hortense Moye read a short piece from the Silver Cross. Mrs. Lizzie Griffin read the minutes of the last meeting.

Several important business matters

"111" Cigarettes

They are GOOD! 10¢

Buy this Cigarette and Save Money

were disposed of and many questions pertaining to the future work of the daughters were brought up and discussed.

At the conclusion of the meeting Mrs. Fulford served delightful refreshments.

Woman's Club to Meet
The Woman's Club will meet in the Memorial Baptist Baracca Class Room, Thursday afternoon at 4:30 o'clock.

Vestry Meeting
St. Paul's Vestry will meet tonight at the church at 8 p. m.

BEGINS LIFE ANEW

Hero in New Mayo Picture Tries to Forget Past

WIFE'S COOLNESS THE CAUSE

What man, unhappily married, would supposedly commit suicide to get out of it?

The man in "The Man Who Married His Own Wife," the Universal picture starring Frank Mayo at White's Theatre next Friday does it. His body, supposedly, is washed ashore. His clothes and papers on it are identified.

But how many husbands would even go to the length of faking suicide? How many would like to cut loose to begin life all over again? If they did—could they forget?

John Fleming Wilson was recognized as one of the foremost fiction writers in the world. When he died recently critics summed up his work and found "The Man Who Married His Own Wife," which he wrote with Mary Ashe Miller, to be one of the most notable contributions he made either to fiction or the literature of the screen. It was written for Frank Mayo's use and for publication in the Cosmopolitan magazine.

Stuart Paton gained fame when he directed "Condit," Priscilla Dean's Universal-Jewel success. He wrote one of Mayo's best pictures, "Dr. Jim." Hence unusual interest is aroused by the fact that he directed "The Man Who Married His Own Wife."

Sylvia Breamer, Francis MacDonald, Marie Crisp, Howard Crampton and Joseph Girard support Mayo.

PAMLIÇOS TAKE TWO OUT OF THREE FROM GREENVILLE

Thompson, However, Prevents Them From Taking Both Fourth of July Games

Washington succeeded in making it two out of three from Greenville by taking the exhibition here Monday afternoon and splitting even in the Fourth of July double header yesterday. The three games were probably the most exciting fans of the two towns have had an opportunity of witnessing the entire season as considerable interest was centered around them. Greenville broke Washington's Fourth of July winning streak by taking the final game of the double header with Thompson on the mound.

Monday's game went to the Pamlicoos by the score of 6 to 4 and the first yesterday morning 5 to 3. Yesterday afternoon, however, the Sox managed to come into their own and bludgeoned the hard hitting Pamlicoos with Thompson pitching invincible brand of ball. The visitors had their way with Beall Monday and Loach yesterday morning, but found "Tommy's" stuff of an entirely different brand and were able to connect for only four safeties, all of which were so well scattered that they could not possibly be converted into anything resembling runs.

The attendance at both games yesterday was probably great as any previous Fourth of July clash and interest ran out all the time. Supporters cheered as they probably never cheered before, but honors were so thoroughly divided that when the final ball had been tossed neither side had anything of particular importance to cheer over. The shut-out gave Thompson two such games within three days, a record which no other pitcher in the league has yet surpassed.

The Blue Sox gave Beall a three run lead in Monday's game and it looked like he intended to hold it until the Pamlicoos began a rally that netted them a total of five runs. When the cloud of willow work had cleared away fourteen safeties were chalked up against the Sox hurler, every one of them being singles. Beall was credited with a total of fourteen strikeouts, but these didn't come exactly at opportune time.

While "Lefty" Graham pitched a splendid game, he was hit freely by the Sox who several times threatened to send runners to the checking station. Two raw decisions of the umpire resulted in two of Washington's runs and lifted one out of Greenville's total. These incidents had a bad effect upon the crowd and players too and did more to take the spice out of the game than any other single feature.

Yesterday morning nothing but hard and timely hitting on the part of the Pamlicoos featured in their victory, although it is true Greenville had a total of three errors to Washington four. The disastrous work began in the second frame when Ketch, Hyde and Briggs tripped in succession following an error of Marlette's grounder by Doran. Betzell hit a fly to right field, and when the fielder dropped the ball the fourth runner of the inning romped home. The final score was made in the sixth on a single by Clark and Marlette.

Greenville scored one in the third, one in the fourth and one in the sixth on hits by Loach, Massey, Smith, Doran and Duncan, Massey, Smith and Carson secured two hits each.

In the afternoon game Greenville amazed a total of seven hits off Bond's delivery, three of which were doubles. The five runs were scored by Duncan, Smith, Keating and Thompson who did the principal part of the hitting. Greenville scored two in the third inning by a couple of hits and series of wild throws by the Pamlicoos infielders. Two more runs were sent home in the sixth and one in the eighth. Smith secured a total of three hits, Duncan two, and Carson and Keating one each.

The feature of the last game was the superb pitching of Thompson who held the heavy hitting Pamlicoos to

only four safeties. He struck out ten men. Smith's catch of a long drive in the ninth and a beautiful throw home prevented Washington from scoring in the final frame.

The box scores of yesterday's games follow:

Morning Game.		Afternoon Game.

BEARS TAKE BOTH GAMES HARD LUCK HIGHWAYMEN

The Bears hopped on Jack Frost in the seventh inning of the afternoon game here between Kinston and New Bern and sent him to the showers, then attacked Buck Edwards, who fared worse if anything, and finally were stopped by H. Rogers, who was recalled to twirl from the second station. The game finally ended to the tune of 12 to 4, the Highwaymen putting over a run in the ninth inning.

Up till the seventh inning the game was a pretty exhibition of the national past-time but here something went wrong and things blew up. New Bern hit at will then on, securing a total of 14 hits.

The feature of the game, in spite of the blow-ups in the seventh was the fielding of the Kinston outfit in the first six frames, two fast double plays, from Phillips to Webb putting pep in the game. Martin's homer with none on and Phillips double also were features. Martin was the only Highwaymen to get two hits in the game.

FARMERS HIT IN PINCHES AND PUT UP WINNING BALL

Tarboro, July 4.—Saxe Barnes was the feature in the game here this morning between the Tar Babies and the Farmers, twirling a beautiful game and not allowing the Babies to bunch their hits. The Farmers won 8 to 5. The Tarboro outfit hit the Farmers but they could not produce runs. At that Farmville made 9 hits to Tarboro's 10 and also made one bobble more than the Babies, get-

ting 4 to their discredit.

Snead's homer was a feature of the stick work for the day, while the only other extra base blow was obtained by McQuinn.

A large holiday crowd, estimated at 1000, turned out to see the game. A large number of Tarboro fans also motored to Farmville for the afternoon game, which was rained out, however.

DIAMOND DUST BY ZEKE

Well, the Pamlicoos managed to make it two out of three.

To the regret of Washington fans, however, they couldn't exactly capture both games on the Glorious Fourth of July.

In fact, "Tommy" Thompson proved too much of a wizard for the hefty Pamlicoos yesterday afternoon and had them whiffing the breeze as if they had never had a bat in hand before.

In Monday's game two rotten decisions of the umpire prevented us from taking a well earned game. There is no doubt but the two decisions cost us the game. In fact, Washington people who were near enough to see the plays made, admitted it.

We are still in third place even after dropping two out of three to the league leaders. Kinston is on the bottom after a disastrous Fourth of July against the Bears.

With Saxe Barnes pitching winning ball the Farmers were able to take the July "disturbance" from Tarboro. The Farmers are coming into their own and may make a better showing after the second show starts.

We still stand a chance of coming out in the lead at the end of the first half, but the boys will have to do some exceptionally fine playing. And the Pams will have to do some terribly rotten playing.

There was so much disturbance among the spectators on the side lines in Washington yesterday that the game was interrupted to no little extent. Still, the boys continued to dig and old "Tommy" continued to hold 'em.

Smith's splendid catch and throw home in the ninth yesterday prevented the Pamlicoos from scoring one run. With that kind of support the Sox are due to make a much better showing in the remainder of the series.

Farmville certainly had the Tar Babies stopping this week. Three straight isn't bad at all, and indicates the Farmers are due to make a much better showing in the days to come.

Poor old Highwaymen. They were intending to beat Greenville to third place and now they are at the bottom of the ladder with Farmville one round ahead of them. If that isn't adversity then we don't know what to call it.

Joe and his little doggie Boll Weevil were at the game yesterday morning, but were unable to change the tide of victory. Three triples in a row by the Pamlicoos ruined the day for Loach, despite lucky Joeband Boll Weevil.

Smith hit the old apple so far in yesterday afternoon's game that it landed in a cotton field in rear of the left garden. If there had been a fence in this field as in right, the hard hitting lad would have had him a circuit drive, scoring one man ahead of him. As it was, the runner in the lead was tagged at the checking station by a beautiful relay throw home.

Johnny Honig was cited at his victory over "Tommy" Beall here Monday evening and of course thought he would be able to treat Thompson the same way. But, gracious, how luck and Johnny's batting eye did change.

"Lefty" Bond claims to be about the best thing the Pamlicoos have in the way of a firing line artist, but he certainly fared badly before the Blue Sox yesterday. While "Lefty" Graham came out better Monday, another day and he would have received the same kind of treatment, if we mistake not.

Buick
Popularity
ever soaring.

We can't have the exhilaration of July 4th of touring the sky aboard a skyrocket, but we can enjoy the exhilaration of a swift dash over the highways in the New Buick 4 or 6-cylinder model.

Declare your freedom from motoring trouble. Make Independence Day the beginning of your independence from motors that are extravagant users of gasoline and oil; of clutches that are stiff and grab; of rear shafts that clash and rattle; and of springs whose action is stiff and uncomfortable.

The New Buick does away with all of these bug-a-boos.

Hines Motor Co.

HOUSEKEEPER WAS IN MISERY

'Twas Hard For Her To Stop Work, but This Texas Lady Says She Had To Go to Bed—Helped by Cardui.

Salado, Tex.—"I suffered a great deal with womanly troubles," says Miss Ira Lillian Hart of Route 1, this place. "I would, for a day or two, feel drowsy, stupid and listless; didn't feel like doing my work."

"I would suffer pains in my sides and back, and have very severe headaches."

"I am the housekeeper, and it was very hard for me to stop, but I would get in such a misery I would have to go to bed."

"I heard of Cardui, and that it was good for this suffering."

"The very first bottle I took seemed to help me. I did not suffer near so much, so I sent for the second."

"It did so much good for me, I can't say enough for Cardui, for it certainly was a friend in need. I have recommended it to others, and gladly do so."

"I do not dread... time as I used to."

Women who feel the need of something to help relieve or prevent such troubles as Miss Hart mentions, should profit by the experience of thousands of other women who have taken Cardui, which relieves such troubles, and makes it possible for you to be a more efficient housekeeper. Write for literature, and we will tell you how we can help you.

The New & Better USCO Tire

with many improvements

The price remains the same

\$10.90

for the

30 x 3½

WHEN "USCO" announced its new low price of \$10.90 last Fall, the makers were already busy developing a still greater "Usco" value.

The new and better "Usco" as you see it today—with no change in price—and tax absorbed by the manufacturer.

You'll note in the new and better "Usco" these features—

Thicker tread, giving greater non-skid protection. Stouter sidewalls.

Altogether a handsomer tire that will take longer wear both inside and out.

The greatest money's worth of fabric tire in the history of pneumatics.
