## FIGHT IN BEHALF OF BONUS OPENED BY M'CUMBER

Cause of Former Soldiers Is  
Championed by Chairman of  
Finance Committee

**SPEAKER PAYS  
HIGH TRIBUTE TO  
MEN WHO FOUGHT**

House Amendments to Measure  
Are Adopted; Real Battle  
Begins Today

Washington, Aug. 23.—The fight for the passage of the bonus bill began today with the reconvening of the senate and in the course of the afternoon all the committee amendments of the House bill were adopted. Towards the shank of the day the bill was temporarily laid aside and other matters taken up, the amendments having been accepted in the committee of the whole, but in the morning the fight will start up in vigorous form. It is admitted even by the heavy artillery of the opponents of the measure, senators Borah, Underwood and Glass, that the bill will get through the Senate with a big majority, but hope continues to spring up that President Harding will veto it, and that enough Republican Senators will reverse themselves and cast their votes to sustain the veto and thus defeat the bill. The hope that this course will be followed is based upon the thought that the Republicans will not want to make an open break with the President.

On the outside the United States Chamber of Commerce continues to bombard the bonus bill and to present all kinds of arguments against it, that the economic condition of the country will not permit this inroad on the treasury, basing much of the figures given upon statements given out by secretary of the treasury Mellon, and upon investigations made by its officers.

In the Senate today Senator McCumber, in charge of the bill, took sharp exception to Secretary Mellon's statement of the several months ago that neither the country nor the treasury could afford to have so big a burden as the soldier bonus thrown on them at this time. He explained that the bill pending meant an expense of \$77,440,889 for 1923, of \$92,177,729 for 1924, of \$73,100,962 for 1925 and heaped ridicule upon the statement made that the bill would place a burden of \$5,000,000 on the country.

"The largest amount will be in 1926," declared Senator McCumber, "and by 1940 the cost will drop to \$21,000,000, and to only a very few millions thereafter until 1943."

In urging the passage of the bill, Senator McCumber declared that to deny to ex-service men "a few paltry dollars" of compensation for their sacrifices in the World War would be based ingratitude and would be turning against those upon whose loyalty and devotion the government must depend in the present industrial crisis. Among other things in opening the fight for the bill, a measure that is assured of the strongest Democratic support for its passage, he emphasized the present need of the services of the former soldiers.

## SEVENTY TWO NEW MEN BROUGHT INTO SPENCER SHOPS

Situation at Spencer Shops of  
the Southern Road Seems to  
be Quiet

Salisbury, Aug. 23.—The introduction of seventy-two new employes into the Southern Railway shops at Spencer without molestation, bringing the total number of new men there to five hundred and the issuance of a warrant charging James F. Barrett, of Charlotte, editor of the Charlotte Labor Herald and former president of the State Federation of Labor, with drunkenness and disorderly conduct were the outstanding events of the strike situation in Salisbury and Spencer today.

Absolute quiet is being maintained about the Spencer shops. The new men who arrived today walked into the enclosure without interference while a score of strikers looked on. They were from New York and were accompanied into the shops by a dozen guards.

The walk-out of the "Big Four" brotherhood men and the clerks, settled at noon Tuesday by the removal of troops from the shop premises, has been almost forgotten and train service has been restored. Col. Don Scott, in command of the National Guard troops encamped three miles from Spencer, today tendered the services of the guardsmen for guarding the home of Rev. Tom Jimison, Methodist minister, who was the victim of an alleged assault by John Sloop, postal employee Monday. The strikers, who are maintaining twenty-four hour guard over the minister's home following receipt of threatening letters by him, have not yet accepted the offer.

A warrant charging J. F. Barrett, with being drunk and disorderly while in Salisbury yesterday was issued by County Prosecuting Attorney, Ben D. McCubbin and sent to Charlotte for service. Mr. McCubbin stated he also was issuing a warrant charging Mr. Barrett with carrying a concealed weapon, to wit a pistol.

Mr. Barrett came to Salisbury to tender any assistance he could to his friend, Rev. Tom P. Jimison, following the assault on Mr. Jimison by John Sloop Monday. Mr. Barrett had already offered a reward of \$400 for the conviction of the author of an anonymous letter recently received by Mr. Jimison.

Monday night while three companies of troops were guarding Sloop Barrett came very near getting to him, it was stated here today. He got by the guard lines while old citizens here were being refused admittance into the area about the postoffice and succeeded in getting into the postoffice but here Postmaster A. H. Boyden stopped him. Later Barrett was escorted out of the building. Tuesday night, he was advertised to address an assembly meeting of citizens presumably in the interest of the strikers. The audience gathered in the court house and a guard or two of soldiers began marching in front of the building but Mr. Barrett did not show up. Another speaker announced that he was unable to get there. Later in the night he was said to have gone to Charlotte.

The hearing in the case against John Sloop, postoffice clerk has been set for next Monday morning in county court before Judge Furr.

**Mrs. Bickett to Speak.**

New Bern, Aug. 23.—Mrs. T. W. Bickett, wife of the late ex-Governor of North Carolina, will speak in New Bern September 4 before the boys of the H-Y Club of the local Y M. C. A. Secretary Beemer Harrell stated today. Arrangements are being made to hold a general mass meeting of the boys for the occasion.

## FREIGHT TRAIN WRECK THAT KILLED NINE

Nine persons were killed and fifty injured in a wreck at Annandale, Minn., when a motor truck, struck by a fast passenger train at a crossing, was thrown against a switch, which it opened, with the result that the train was split in two parts and dashed into a freight train that had taken a siding to let the passenger train pass. Four cars were telescoped into the freight. The photograph shows the first day coach next to the smoker, in which all the deaths occurred.

## 172 CASES ON CALENDAR TO BE TRIED SEPTEMBER

Congested Calendar of Appeals From Justice of Peace to Superior Court

When the week of September 11th arrives a congested calendar of 172 cases all being appeals from justices of the peace to the superior court will be given a hearing in this city.

In a large number of the cases it appears that no lawyer has been secured to represent the parties concerned. These cases will be called and will either be tried, dismissed or otherwise finally disposed of according to a statement of Thomas H. Calvert the presiding judge.

This is an unusually large calendar and each and every case will be given the required time. The calendar appears in this paper today.

## Lee Nickles Will Not Hang on Friday For Recent Crime

(By International News.)

Dayton, Aug. 24.—Governor Hardee's interpretation of the law and subsequent instruction to the sheriff has served to stay the execution of Lee Nickles which has been set for tomorrow. It has been ruled that an application for a writ of error filed yesterday acts as a separate Nickles was convicted of criminal assault.

## KIWANIS WILL MEET ON FRIDAY

The semi-monthly meeting of the Kiwanis Club will be held Friday evening at 7 o'clock in the Rotary building. The program of the evening is in charge of Colonel Albion Dunn, and all look forward to a "big night" which has promise of being one of the most interesting for some months. And of course "Hebe" will have his usual good spread.

There are several important matters to come before the club for discussion. Among these will be many recommendations from the directors of the club which were unanimously passed at their meeting last week. It is the desire of President James that the percentage of attendance be the best of the summer season because the resolutions to be presented demand and deserve the attention of every Kiwanian.

## GAME TODAY MAY DETERMINE WINNER SECOND SERIES

If Greenville Takes Game Today It Will Be Winner of Second Half

**CHAMPIONSHIP GAMES  
TO BEGIN FRIDAY  
IN WASHINGTON**

Seven Games Included in  
Championship Games; Winner  
of Four Gets Pennant

The winner of the second half of the Eastern Carolina League may be determined this afternoon when Greenville, who now occupies top place, cross bats with Tarboro team in Tarboro. If Greenville wins the game it will be declared the winner of the second half and as a result the championship games will begin in Washington tomorrow afternoon at 4 o'clock.

In case Greenville loses the game today and Farmville wins, they will be tied and this will necessitate another game. If both teams win or if both lose then Greenville will still be the winner of the second half.

Washington was the winner of the first half and will play seven games in the championship series with the winner of the second half. The series will begin in that city and alternate between the two towns until one takes enough games to end the series.

The baseball season has been greatly enjoyed this season by a large number of fans and has helped in a wonderful way to keep times from becoming dull. The championship games promise to be full of interest as Washington has a strong team and is prepared as well as the winner of the second half to put up a hard fight.

## ONE CASE CONSUMES ENTIRE SESSION OF WEDNESDAY COURT

S. E. Hines vs. A. C. L. Railroad is Ended When Defendant Moves to Non Suit

The case of S. E. Hines of Oak City vs. Atlantic Coast Line railroad for personal injury received in 1916, consumed the entire session of yesterday's term of civil court, the case ending by the defendant moving to non suit.

The suit grew out of injuries which Mr. Hines stated that he received on the railroad. The case was given a complete hearing, every issue involved being given the most careful attention.

After the close of the plaintiff's testimony the defendant moved to non-suit, the motion being made on the ground that he injuries were not due to any contributory negligence on the part of the railroad company. The motion was sustained by the court.

## BETTER PRICES FOR GOLDEN WEED RECEIVED TODAY

200,000 Pounds Here; Co-operatives Opened Today With About 8,000 Pounds

The local tobacco market sold today about two hundred thousand pounds of the golden weed, and from what information that could be gathered from the growers and warehousemen practically every farmer was satisfied with the prices received. The prices today were the best since the opening, all of the grades showing a marked advance over the previous days. In fact each day since opening some of the grades have continued to show improvement in prices.

The Co-Operative warehouse, Gorman's opened today with approximately eight thousand pounds on the floor. Like the opening day on the auction floors, some were satisfied while others were displeased with the prices obtained through the co-operative plan.

## GEO. H. BELLAMY PRAISES BEAMAN NEAR EAST RELIEF

Pitt County Raised \$2,132.16 for Near East Relief This Year 54 Per Cent of Quota

**COUNTY STOOD TWENTY  
SEVENTH IN LIST  
IN AMOUNTS RAISED**

Rev. Thos. E. Beaman Chairman for Pitt County Commended by Bellamy

Raleigh, N. C., Aug. 24.—Pitt county raised \$2,132.16 for Near East Relief this year of 54 per cent of its quota, according to announcement today by Col. Geo. H. Bellamy, State Chairman. Pitt stood twenty-seventh in the list of counties in North Carolina in amounts raised.

Rev. Thomas E. Beaman of Ayden was chairman for Pitt county and his work was highly commended by Col. Bellamy in his annual report which has just been issued.

Pitt sent in \$693.16 in cash up to the close of the fiscal year on June 30. On that date there were \$953 in unpaid pledges not yet due. Clothing to the value of \$510 was sent in from Pitt county.

In thanking his chairmen and workers and the people who contributed this money, Col. Bellamy called attention to the fact that it will be necessary to put on a similar campaign this fiscal year, because the Great Powers of the World are allowing the Turks to continue their massacres in Armenia and destruction of all crops, homes and industries.

"There have been twenty-two separate massacres since the Armistice," declared Col. Bellamy, "which makes it impossible for these people to be self-supporting until France, England and Italy relinquish their protectorate over Turkey in their mad scramble for the Mohammedan calico trade."

"The recent British refusal to allow the Greek army to stop massacres of its own people was one of the most astounding and sordid chapters in history, and until such conditions as this disappear and England becomes a Christian nation, the American people are the only thing that stand between Armenia and the entire starvation of its out-standing population."

## GOLDSBORO GUARDSMAN IS SHOT IN CRAP GAME

Goldsboro, Aug. 23.—Sergeant R. P. Satterfield shot Private John Kannon through the abdomen at Camp Bragg last night during a crap game in the tent of Sergeant June Smith. Kannon is in hospital in Fayetteville in a serious condition, while Satterfield, who was ordered turned over to the civil authorities by Adjutant J. Van Metts, is out under a \$1,000 bond. His mother, Mrs. A. M. Pate, went the bail.

Battery A, of the 117th field artillery, of which the men are members, returned today from Camp Bragg.

Kannon would be dead today, it was said; if it had not been for Tom Griffin, who jerked up Satterfield's arm when he fired his .45, the shot going wild. Satterfield fired again, the shot passing through Kannon's side and within six inches of Sergeant Smith's head. Smith said he knew nothing about the shooting until today.

It is reported that the men were drinking, that Satterfield accused Kannon, who was winning, of stacking the dice, and the lie passed back and forth between them, Kannon rose and asked Satterfield to retract. Satterfield is said to have then pulled his gun, firing the two shots.

## THIRD OF SERIES AUTOMOBILE TOUR BY PITT CITIZENS

Morning of Aug. 5th Found Delegation on Farm of Capt. W. B. Rice Near Dublin

**VISITS LARGE HOG  
FARM BELONGING  
TO N. C. DOMINY**

Finds Mr. Dominy Specializing in Spotted Poland China Breed

(H. L. SMITH.)

The morning of August 5th, found the Pitt county delegation on the farm of Captain W. B. Rice. This farm, which is composed of hundreds of acres, is devoted primarily to grain crops, summer and winter grazing, hogs, beef and dairy cattle.

The method of farming as conducted on this place is making the land more fertile from year to year and thus reducing the fertilizer bill. It was a joy and pleasure for Mr. Rice to explain, in detail, the plan of farming as conducted on his plantations. "You cannot devote a large acreage to cotton under the boll weevil conditions, without going broke," said Captain Rice.

The running velvet beans plays a large part in furnishing winter feed for the live stock on this farm. Practically every acre of corn is planted to this most excellent bean. Not only is the land greatly enriched by its use, but it furnishes more feed to the acre than any other bean known.

M. C. Dominy's hog farm was the next place visited. Mr. Dominy lives 9 miles from Dublin. This place presented a practical study of hog raising and what can be accomplished in phases of farming.

When the boll weevil subject first claimed the attention of the folk in this section, Mr. Dominy was among the first to change his "All Cotton" plan of farming and began to think along other lines.

After working on his plan for some four years, one of the most complete hog farms in the State is to be found at this place operated under the name of "The Elmwood Stock Farm."

As a rule, Mr. Dominy conducts two sales a year, at which time he usually sells from 40 to 50 head of hogs for breeding purposes. When these sales were first started, the management had to do considerable advertising throughout the middle west in order to dispose of their hogs, but the place has become so favorably known, and the industry has grown so rapidly, until a large percent of the offerings, at each sale, are distributed among the farmers in the section of Dublin.

The farmers in that section are fast learning that it is foolishness to give their attention and feed to an inferior animal, when they can take a pure bred and grow a suitable hog for the market demands in a much shorter time.

Mr. Dominy specializes in the spotted Poland China breed.

colored.

## MOTION PICTURES CARRY MES- SAGE OF TICK ERADICATION

Carrying a message of better agri-  
culture and hopes of improved and  
more profitable livestock, a single  
motion-picture outfit of the depart-  
ment of agriculture is reaching thou-  
sands of people in the South. The  
meetings are held chiefly in school  
houses, but owing to the small size  
of many buildings the shows are of-  
ten put on out of doors. To many  
persons it is their first motion-picture  
entertainment. The project of which  
this outfit is a part is officially known  
as preliminary work in tick eradica-  
tion, and results have shown the prac-  
ticability of using the silent drama to  
suppress the serious livestock disease,  
Texas fever.

## OUR ICE BILL A MILLION DOL- LARS A DAY

The "ice bill" of the people of the  
United States approximates a million  
dollars a day. While it is not prac-  
ticable to work it out down to the last  
penny, says the Trade Record of the  
National City Bank of New York, the  
bare figures of the latest United  
States Census coupled with other well  
known facts make it appear that the  
ice bills of the country approximate  
\$365,000,000 a year.

The latest census figures says the  
Trade Record, show the factory value  
of the ice produced by the ice manu-  
facturing establishments of the United  
States in 1919 at 137 million dollars,  
and of ice produced by other indus-  
tries 12 1-2 million dollars, making  
a total, stated in round terms, of  
about 150 million dollars. Expert  
estimate that, although we have turned  
our backs on "Jack Frost" in our  
calls for his natural production of ice  
in the rivers and lakes, the total still  
obtained from that source is fully one-  
fourth as much as that of the man-  
ufactured ice produced by artificial meth-  
ods, or approximately 37 1-2 million  
dollars, bringing the grand total of  
marketable ice at the place of pro-  
duction up to \$187,000,000 in 1919,  
the latest year for which figures are  
available. Accepting again the esti-  
mate of experts that the "final con-  
sumer" pays at least double the price  
at the place of production, the total  
of the sums paid by the public would  
therefore aggregate about \$375,000,-  
000 per annum. Even this big total,  
adds the Trade Record, does not in-  
clude the enormous quantities of ice

made by certain great manufacturing  
establishments solely for their own  
use and not placed upon the markets  
of the country, or included in the  
census records.

### PUBLISHER TO PUT SHAKESPEARE INTO PAPER-BOOKS

Thinks Immortal Bard's Stuff  
Will be Popular—Is Made  
Available to Public

Girard, Kan., Aug.—Shakespeare's plays for a dime!

This idea, originated by Emanuel Haldeman-Julius and his wife, of this city, is responsible for the creation of a book business here that may grow into large proportions.

In spite of the apparent fondness of the American public for snappy readings, as evidenced by the numerous new and jazzy periodicals appearing on the news stands it is the belief of Mrs. Haldeman-Julius that back in the heads of the reading public there lurks a strong desire for more serious reading, particularly for Shakespeare.

And so, he is preparing to bet a million dollars on Shakespeare—and the American public!

It won't take a whole dime, at that, to get a copy of any of Shakespeare's works hereafter, if Haldeman-Julius's plans materialize.

Haldeman-Julius said recently that he intends to offer to the world during August thirty volumes of Shakespeare at less than eight cents apiece.

He can make a profit even at that price, he explained, as he buys paper in carload lots, prints a book of one size and style and operates in a small town.

The Kansas bookseller has converted a large two-story building into a publishing house, with its whirling presses and a busy aggregation of girl workers.

Everyone who reads at all, according to Haldeman-Julius, has read Shakespeare, whose philosophy is as good today as it was centuries ago when he wrote it.

"What I'm trying to do," he said, "is to get Shakespeare out of the handsome-bound volume class and into the paper-back periodical, so that every body may have an opportunity to read him."

Mrs. Haldeman-Julius, co-worker in the enterprise, is a Bryn Mawr graduate, a former actress and a writer, an editor on her own account.

Active Craters Have Independent  
Sources of Molten Lava,  
Scientist Maintains

Paris, Aug. 19.—If all the volcanoes in the world were to become active at the same hour the earth, or any large part of it, would be no nearer being "destroyed" than it is at this moment.

Professor Lacroix, of the French Museum, whose field is mineralogy and whose pet subject is volcanoes, made this astonishing statement in reply to the recent prophecy made by Dr. Milton Nobles, of Philadelphia, that volcanic action would wipe out the Continent of Europe within a month.

The centre of destruction, according to the prophecy, was to be Budapest. So when, the very next day, reports came from Hungary that tremblings of the earth's surface had been felt, while simultaneously there were small earthquakes in France and in Spain, many good souls of Paris flocked to the churches to await the Last Judgment, and the witty paragraphs of the Paris dailies prepared their best barbs.

Professor Lacroix interviewed M. le

"Pessimists who have already permitted themselves to rejoice at the idea of the approaching end of the world, announced by an American geologist, will find in the words of this volcano authority new cause for lamentation," says that journal and quotes the professor:

"It is true that the region around Budapest is highly volcanic. Of course the volcanoes are old, dating from the tertiary period.

But supposing they start all at once to spit forth lava. Even supposing—you see I am generous with suppositions—that all the volcanoes of the world began to erupt at once. All that would not affect the solidarity of our planet."

M. Lacroix showed his interviewer a map of Europe.

"Those red spots indicate the regions where there are volcanoes, extinct or active. You see what a small area they cover in comparison with the stable regions of the continent.

# MOONSHINE QUALITY IS GETTING BETTER, DRY AGENTS ASSERT

Imported Liquor Abominable,  
Says Federal Enforcement  
Man in Portland

Portland, Ore., Aug. 16.—If you are going to drink bootleg whiskey you should get on the outside of the moonshiner's product rather than consume the contents of the imported bottle.

This advice comes from no less an authority than Jesse Flanders, Federal prohibition enforcement officer for the Portland district.

That moonshining is rapidly becoming an important industry in this state was admitted by the Federal official. He also admitted that the quality of moonshine liquor is growing better and that the possibilities of paralysis, blindness or instant death due to drinking moonshine, are decreasing.

A fair grade of "mountain dew" is now dripping from the illicit still, compared to the poisonous liquid that was manufactured two years ago, he said.

"We find that moonshiners are learning more about their business," the prohibition enforcement officer declared. "Chemical tests show that the poisonous liquors of a few years ago are disappearing, and a better grade of moonshine is being produced."

"But while moonshine is getting better the quality of imported liquor is growing more abominable. The man who buys Scotch whiskey is taking a big chance with his money. Most of the liquor being smuggled into Oregon is made in Scotch distilleries and then shipped to Japan. There it is adulterated, doped and doctored. One bottle of genuine liquor is made the base for about four bottles of inferior stuff. It is then shipped to Canada, sold to American run-runners and smuggled into this country."

# Sees Labor As Big Factor in Parliament

London, Aug. — When the Lloyd George government goes the country again, which it must do within a year when its five-year term ends, the controlling party in Parliament will be the British Labor Party, so says Miss Margaret Bondfield, secretary of the Women Workers' Section of the National Union of General Workers of England. Miss Bondfield, besides holding this important labor office, is a J. P., or justice of the peace, and is standing for Parliament herself in the by-election at Northampton.

What with doing the secretarial work for the Women Workers and filling her duties as J. P. and making election speeches in Northampton, it is difficult to find many minutes for interviews, but Miss Bondfield is an organizer of her own time as well as other peoples and met me one early morning in her office between the train that brought her into town and the one that would take her out again.

I found her not one of those "sprightly," "femininely charming" individuals that correspondents like to boast about as though they were in some secret way responsible for saving the old feminine spirit for humanity despite suffrage and the late war.

Margaret Bondfield is, in fact, a rather severe person, direct in her manner, cold in her judgments, and if she has a sense of humor she did not in any way show it to me. One might suspect from the shining of her very round, very small brown eyes that perhaps she laughs inside herself now and again. I fancy, however, that if Northampton sends her to Parliament it will be because of her sound judgment and her unquestioned work in the interest of working people.

"The whole country," she said, looking me over very solemnly while she talked, "is sick of the present government. The government does not dare to go to the country at this time. It sees as plainly as we do that labor is waiting its chance to elect labor representatives. The by-elections prove that."

Section 1. That negotiable coupon bonds of the Town of Fountain be issued in the maximum principal amount of \$15,000, to be known as "Electric Light Bonds" for the purpose of establishing a system of electric lights in and for the said town.

Sec. 2. That a tax sufficient to pay the principal of said bonds and the interest thereon, shall be annually levied and collected.

Sec. 3. That a statement of indebtedness of the said town has been filed with the clerk, pursuant to the Municipal Finance Act, and is open to public inspection.

Sec. 4. That this ordinance shall take effect thirty days after its first publication, unless, in the meantime, a petition for its submission to the voters is filed under the provisions of the Municipal Finance Act, and in that event, it shall take effect when approved by the voters of the said town at an election to be held, as provided in said act.

The foregoing ordinance was passed on the 7th day of August, 1922, and was first published on the 10th day of August, 1922. Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication. J. A. MERCER,  
18 25 Clerk.

# Ex-Shop Apprentice Advises Harding

Brigadier-General W. W. Atterbury, born in New Albany, Ind., a Yale graduate, served his apprenticeship in the Altoona shops. Then he became assistant road foreman of engines with the Pennsylvania. In order, he was master mechanic, superintendent of motive power, general manager, brigadier-general directing construction and operation of U. S. military railways in France, and now vice-president of the Pennsylvania. He holds the distinguished Service Medal, Legion of Honor and countless foreign decorations for war services. He is President Harding's confidential adviser in efforts to settle the rail strike.

# ETHIOPIAN SPEECH CENSOR GETS BUSY

Kansas City, Mo., Aug. — "The Interstate Vocabulary of the Ethiopian Boy Scouts, Rosedale Troop," has been officially sanctioned as a law enforcement agency by the Kansas City Police Department.

Roy Slater, fifteen, decidedly brunette, went to the city market to make some purchases. Finding his way blocked by hundreds of curious persons, who were congregated around Kishimu Ikato, Nipponese truck gardener, and William A. Koons—the pair who were the center of attraction—the negro obeyed only long enough for a sudden spurt of profanity to cease before he elbowed his way thru the crowd.

"Here, here! I can't have this!" Slater shouted. "You are both under arrest!" With this the youngster flashed a badge. Ikato couldn't read it. Koons, who admitted to officers he had imbibed somewhat freely didn't try.

The youthful "arm" of the law conducted his "prisoners" to police headquarters.

"I'm a Boy Scout, and we have formed an Interstate Vocabulary of the Ethiopian Scouts," Slater informed Captain Frank H. Anderson. "It is our duty to arrest criminals." Captain Anderson complimented the youth.

After listening to Koons' and Ikato's stories about their difficulties, in which Koons alleged that he had been shortchanged by the gardener, Captain Anderson released Ikato, but detained Koons for "sobering purposes."

# BIRTH CONTROL IS BURNING QUESTION SAYS J. M. KEYNES

Noted Economist Takes Up  
Ideas of Mrs. Sanger and  
Seeks to Arouse Interest

London, Aug. 16.—Having thoroughly discussed and adequately disposed of every phrase of the Versailles Treaty, J. Maynard Keynes, economist, has turned to birth control as the all-absorbing topic of the day. At the Fifth International Conference on Birth Control Keynes, who presided at the economic and statistical section although refusing to discuss the question of birth control himself, stated that "the late war has brought all antagonism to the question to an end and has placed birth control before all nations as the most important economic question."

Keynes' remark followed the reading of a paper by Professor Edward Punke, of the University of Pennsylvania, who stated that since under the present economic system wages are at least partly dependent upon the relative supply and demand for labor, "judicious birth control offers one of the easiest, safest and racially most beneficial means for the diminution of the size of the manual working class."

"It is only a matter of a short time," he added "until American labor will assume the same attitude as English labor towards birth control. For it will avail organized labor little to attempt to unionize all the workers, limit the number of competitors

for a given job, to have helped in restricting immigration from abroad, if it does not aid in limiting 'immigration from heaven.'"

After the remarks of Professor Punke, the following resolution was introduced by Keynes and unanimously passed:

"The Fifth International Neo-Malthusian and Birth Control Conference desires to point out to all workers and employers the great economic advantage which will arise from the adoption of birth control by the wage earners. The prosperity of modern industry depends not on unlimited supplies of cheap, inefficient, discontented labor, but on the co-operation of intelligent, efficient and willing people aided by the machinery they are competent to use. Birth control enables the wage earners first to live decently and maintain and increase their efficiency on their present wages, and secondly to increase wages by resisting the supply of fresh labor to the moderate number of efficient workers, for whom adequate equipment is available and who can therefore command high wages by their superior productivity in the absence of undue competition."

The new Goodyear  
Cross-Rib Tread Cord

## A Remarkable New Cord Tire at a Popular Price

Here is a big, sturdy, long-wearing new tire built to satisfy the buyer on every point of mileage, quality and price.

It is designed especially for the man who wants the essential advantages of cord tire performance at the lowest possible price.

It is designed to offer the buyer a quality product at a price even lower than he has formerly paid for a "long discount" tire. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a clean, clean-cut, cog-like pattern—and its selling price is substantially less.

This new tire is the Goodyear Cross-Rib Tread Cord.

Like the All-Weather Tread Cord it is liberally oversize in all straight-side sizes, the

4 1/2-inch tire, for example, actually measuring nearly 5 inches.

Like the All-Weather Tread Cord, its foundation is genuine high-grade long-staple cotton.

Like the All-Weather Tread Cord, it has the efficient group construction, a Goodyear product.

Like the All-Weather Tread Cord, it is the product of an experienced company with a world-wide reputation to safeguard.

Look at the prices of the new Goodyear Cross-Rib Tread Cord, listed below.

Compare these prices with net prices you are asked to pay for "long discount" tires of unknown reputation and value.

Why take a chance on such tires?—you know it doesn't pay.

**A PRETTY HOME WEDDING**

Miss Ola Boyd is the bride of Mr. Norfleet Hart of Warrenton. Stateville, Aug. 23.—The home of Mr. and Mrs. J. E. Boyd, on east Broad street, was the scene of a pretty wedding this morning at 11:30, when their daughter, Miss Ola Boyd, was married to Mr. Norfleet Hart, of Warrenton.

The marriage was very quiet, only a few friends and relatives witnessing the ceremony. Before the marriage Miss Ruth Morrison sang until, with piano accompaniment by Miss Aileen Terry, and Miss Terry sang "Still as the Night."

The parlor where the ceremony was performed was decorated with potted plants, baskets of white jessamine, and emphasizing a color note of white and green. An improvised altar, formed of smilax and jessamine against a white background, was arranged in one corner of the parlor and it was here that the ceremony was performed. There were no attendants; the bride and groom entering together. The ceremony was performed by Rev. J. H. Pressly, the ring ceremony being used.

The bride wore a traveling suit of dark blue cloth, with hat of blue and tan duvetyne, and other accessories to match. Her corsage was of white roses and fern.

After the ceremony, a buffet luncheon was served.

Mrs. Hart is the attractive daughter of Mr. and Mrs. J. E. Boyd, of Stateville. Mr. Hart who is a son of Mr. J. N. Hart, a prominent business man of Greenville, is manager of the Pender stores at Warrenton. Mr. and Mrs. Hart will be at home at Warrenton during the next few days.

Out-of-town guests here for the marriage were: Miss Margaret McAuley, of Huntersville; Thos. Boyd, of Winston-Salem; Alston Boyd, of Raleigh; Miss Maggie Watts and Mr. Ras. Watts, of the county.

**BETHEL NEWS.**  
Bethel, N. C., Aug. 22.—The bread buying public of this community is rejoicing at the opening of an up-to-date bakery here by Mr. C. D. Carraway of Robinsonville. He has associated with him an experienced baker of more than twenty years experience and his first offering of hot rolls and hot loaf proves beyond a doubt that he knows his business. We are glad to welcome this new enterprise to our town.

At a meeting of farmers and business men of this community last Friday night, definite steps were taken to build a cotton storage warehouse here for this season. Messrs. E. O. Burroughs, E. A. Trip, W. W. Taylor, H. C. Lewis, J. B. Bunting, F. L. Blount and W. M. Pruitt were elected as directors of the corporation. The committees that had been previously appointed to solicit stock for the building of the warehouse reported a most heart response by the entire community for this worthy enterprise their report showed that more than three fourths of all the stock had been subscribed. It is the plan to build the warehouse on an adjacent lot to the Sweet Potato warehouse that will soon be completed so that both houses will have advantage of the same siding facilities.

Bethel is experiencing the greatest building boom it has had in years. We rejoice to see the growth of our town in this way. May the good work go on.

The Pitt Building & Loan association, of Bethel will open its second series the first Saturday in September. The worthy enterprise has done exceedingly well since its re-organization six months ago.

## MICHIGAN MAYOR LIFTS BATHING SUIT "LIMIT"

St. Joseph, Mich., Aug. 24.—The flapper vote is solidly behind Mayor A. R. Morford. Why? Because he has removed the limit of feminine bathing attire. By reason of Mayor Morford's benign attitude all of the neighboring beaches have broken into a violent rash of one-piece bathing suits.

"St. Joe isn't modest," says Mayor Morford, "but it champions sensible sex garb because it believes swimming is one of the greatest outdoor sports. Some bathing beaches are so strictly and prudishly regulated that they are coming to a slow death. Such a fate will not befall St. Joe if I can help it."

## MAY AMEND HAWAIIAN DIVORCE REGULATIONS

Sonolulu, Aug. 24.—Continued complaints of the looseness of divorce laws in the territory of Hawaii may lead to the adoption of the interlocutory decree system now in vogue in California, or of some other system which will prevent the immediate remarriage of divorced parties.

Under the present territorial law either party in divorce proceedings may remarry immediately upon receiving the decree. Judge John R. Desha, of the Soil of Domestic Relations, believes this tends to make divorce more prevalent.

## 13 YEAR OLD BOY GETS PRISON TERM

Jefferson City, Mo., Aug.—Only thirteen years old and an inmate of the state penitentiary!

This is the plight of Bruce Miller, of Kansas City. Bruce was received from Benton county, after having been sentenced to serve two years for robbery. Falsely stating that he was nineteen at the time of his arrest didn't cause the court to be any too lenient with him.

Mother love has since intervened in an effort to keep her son's record unspiced from the stain of a prison record. Mrs. Miller established the fact that Bruce is only thirteen and appealed to Judge C. A. Calverd, of Clinton, before whom the youngster was arraigned, for a revocation of sentence.

It is understood the prison board is planning to recommend the parole of the boy, who had acted as a lookout for a man who robbed a store.

## SOX AND PAMS DIVIDE TWO BIG 7-INNING GAMES

Honig's Homer in 2nd and Wolford's and Smith's Hitting Are the Features

Washington, Aug. 23.—The Pams and the Blue Sox divided here today, the Sox taking the first of the two 7-innings affairs 4 to 2 and the second going to Washington by a 2 to 0 count when Graham shut out the Sox with only five hits. The first came near to being a Washington win also, as hits in the seventh put over two tallies and the Pams looked like they would put over some more when Greenville tightened and stopped the scoring. The second game was just too much Graham, for the Sox to do anything.

## GEORGIA PEACH MEN RECOVERING LOSSES

Macon, Ga. Aug.—Peach-growers of this section have realized approximately six million dollars during the season just passed. Prices have averaged one dollar and seventy-five cents a crate, which gave the growers an opportunity to recuperate from the two bad seasons prior to this one.

The largest bank in this section for peach men reported that deposits had increased twenty million dollars during the period and that most of the outstanding paper against peach men had been taken up.

The peach crop fell short of the first estimate by about three thousand cars, the first estimate being for ten thousand cars.

On the other hand watermelon men are discouraged over the outlook in their market, a number of buyers having withdrawn from the market in this section because of unfavorable conditions in New York and other eastern markets and because of the uncertainty in handling perishables.

### TWO SURRENDER AFTER SHOOTING

Smithfield, Aug. 23.—Martin Shepherd and his son, John Shepherd, charged with the killing of James O'Neal in the upper end of Johnston county, near Wendell, last night, surrendered to Deputy Sheriff Hinton, of Middle township, early this morning and were sent to the Wayne county jail in Goldsboro to be held without bail until they are arraigned for murder in December.

Shepherd made no denial of the fact that he shot O'Neal, and gave as his statement that he shot O'Neal because the latter had been boasting the jury would not convict him for shooting Shepherd several weeks ago as charged in an indictment. The case against O'Neal was continued at a recent term of superior court here.

### "FLYING PARSON" TIES COUPLE IN SEAPLANE

New York, Aug. 24.—Shouting over his shoulder "I will," as he drove his seaplane sixty miles an hour 1,600 feet above the Hudson River today, Lloyd Wilson Bertaud, of San Francisco, took as his bride Miss Helen Virginia Lent. The knot was tied by former Lieutenant Belvin W. Maynard, the "Flying Parson."

Twenty minutes after they were pronounced man and wife, the plane splashed down and taxied to its moorings, where Mr. and Mrs. Bertaud were greeted by a group of friends.

With Eddie Stinson, Mr. Bertaud won the world's endurance record at Mineola, N. Y., a freezing day last winter, remaining in the air 26 hours and 32 minutes.

### SALE OF REAL PROPERTY.

### NOTICE Sale of Valuable Farm Land Under Mortgage

Whereas, by virtue of the power of sale contained in that certain mortgage made and executed by R. A. Worthington and wife, Mollie Worthington to N. W. Outlaw on the 30th day of March, 1917, which said mortgage is of record in Book D-12, page 372 of the public registry of Pitt county, default having been made in the payment thereof according to its tenor, the lands hereinafter described were offered at public sale at the court house door in Greenville at twelve o'clock noon on Monday the 31st day of July, 1922; and whereas S. T. Hooker appeared and was the last and highest bidder in the sum of \$1600.00; and whereas, the said bid having been raised within the time prescribed by law, and the Clerk of Court having ordered resale of the said lands:

By virtue of the said order of resale, the undersigned will offer for sale at auction to the highest bidder for cash at the courthouse door in Greenville at twelve o'clock noon on Monday, the 28th day of August, 1922, the following described tracts or parcels of land:

First tract: Lying and being in Swift Creek township, Pitt county, on both sides of the road, adjoining the tract of land of R. H. Garris, Haywood Cox, another tract of the said W. L. F. Corey, and others, containing twelve acres, more or less, and being all of the land of the said W. L. F. Corey in Swift Creek township, save and except that tract of land this day conveyed by the said commissioners to the Greenville Cooperative and Lumber Co., and one other parcel not included in the mortgage.

Second tract: Lying in Chiefton township, in James Roccosin, containing one hundred and thirty-five (135) acres, more or less, and being the same land granted to the said W. L. F. Corey by the state of North Carolina by Grant which is of record in the office of the Register of Deeds of Pitt county in Book Y-3, page 186, and being all of the lands conveyed in said grant. And the same land as deeded to R. A. Worthington by L. G. Cooper and C. C. Pierce, Commissioners, on the 24th day of January, 1917. Terms of sale, cash.

This the 11th day of August, 1922.
