Thousands Menaced By Famine In Smyrna

PITT COUNTY MEDICAL SOCIETY PLANS TO ESTABLISH COUNTY CLINIC AND TO BEGIN HEALTH EDUCATION CAMPAIGN

Propositions Discussed From Every Angle at Session of Society in Ayden Last Night

DR. JIM PARROTT TELLS OF ACTIVITY IN LENOIR COUNTY

Committees Appointed to Plan for Lecture Course and Investigate Establishing Clinic

Discussion of an ambitious program for educating the people of Pitt county in public health work and plans looking to the establishment of a clinic or county laboratory were outstanding features of the regular monthly meeting of the Pitt county Medical Society which was entertained at a delightful supper at the Masonic Temple in Ayden last night by Drs. W. H. and Grady G. Dixon. The principal address of the evening was delivered by Dr. Jim Parrott, of Kinston, who gave a vivid and informative description of public health work now under way in Lenoir county.

The session was presided over by Dr. Grady Dixon, who at the outset explained the two important matters to come before the body, and urged lengthy, whole-souled discussion of the matter.

Drs. P. J. Chester and C. J. Ellen, committee appointed at a recent meeting of the society to sound public sentiment concerning the health education campaign, stated that they found everyone in favor of the work. Dr. Chester, who spoke first, declared he found people in practically all sections waiting to be informed more fully on questions of public health. He said they not only desired it, but were looking to the county for it.

Dr. Ellen, read letters of commendation from M. K. Bount, chairman of the Pitt county chapter of the American Red Cross, J. E. Sawyer, superintendent of Ayden schools, W. C. Stroud, head of Bethel schools, J. R. Carroll, superintendent of Winterville schools, G. W. Prescott, of Ayden and G. T. Gardner, prominent business man of Grifton. Each writer heartily endorsed the movement and said they would assist in every way. The Red Cross was particularly desirous of helping to educate the public how to have better health, and the letter asked that the campaign begin as early as possible.

Superintendent Wheeler, of Farmville public schools reiterated Farmville's desire for the course of lectures. He said he believed the step one of the most important proposed in many years, and said unspeakable benefits should be derived by every community.

Drs. K. B. Pace, L. C. Skinner and C. O. H. Laughinghouse, recently appointed a committee to prepare and submit proper material for the lecture course, submitted two splendid papers from Dr. Mitchell of the State Board of Health. Dr. Pace, who acted as spokesman for the committee, told of the subject matter of each lecture and they were unanimously adopted as the first two of the twelve to compose the entire course.

Dr. Frizzelle, chairman of the committee to investigate the proposed county laboratory or clinic, said he found considerable interest prevailing among the people and thought it an indispensable asset in public health work.

After considerable discussion of the matter Dr. James Parrott, of Kinston, was asked to explain what Lenoir county had accomplished through its clinic. This he did in a way that left no doubt as to the need of the proposition. He told of the great service the clinic had been to the poorer class of people for the city, and said it was the greatest thing for humanity they ever attempted. He said Lenoir county doctors had cooperated admirably in the clinic work and that it had assumed enormous proportions at this time.

After the matter was discussed from every angle by the various mem-

U. S. Physician Tried to Save Northcliffe

Dr. Emmanuel Libman, a noted New York physician and specialist, has just returned from Europe, where he was called in a vain effort to save the life of Lord Northcliffe, famous English publisher.

HOPE BONUS WILL PASS THE SENATE DURING AFTERNOON

Washington, Sept. 15 — The bonus measure reached the senate today for final action fresh final enactment by the house. Leaders hope for passage during the afternoon. It will pass on to the White House tomorrow.

Dr. Louis Skinner of Greenville, suggested that the president appoint a committee to investigate the feasibility of establishing the clinic. This met with favorable consideration on every side and Drs. Skinner, Frizzelle and Cecil Garrington were appointed as the committee, with Dr. Skinner as chairman.

While two lectures were adopted for the health campaign Drs. Chester, of Greenville, Sumrell, of Ayden and W. W. Dawson, of Grifton, were appointed a committee to procure suitable material for the remaining ten lectures and make tentative arrangements for the campaign.

The following physicians, which includes all present, unanimously supported the society's campaign:

Drs. W. H. and G. G. Dixon, of Ayden; Cecil Garrington, Bethel; W. I. Wooten, J. L. Nobles, C. O. H. Laughinghouse, K. B. Pace, L. C. Skinner, A. M. Schultz, P. J. Chester, C. J. Ellen, Greenville; Bruce Beasley, Fountain; M. T. Frizzelle, W. L. Riddick, Ayden and Morrill, Hemingway, Whitfield and Jones.

The plan of the society to educate the public and provide a county laboratory where the poor may receive treatment is one of the most ambitious programs probably ever before attempted by the society. Both propositions are to be worked together, and every community will receive direct benefit. Education in health is as important as training of the mind in other ways and with support of the public, the society will be able to accomplish something that will stand out as a perpetual monument to the thrifty, enterprising spirit of its membership.

The society will meet next time with Drs. A. M. Schultz and P. J. Chester in Greenville.

One Marriage License.
Only one marriage license has been issued by the register of deeds since the report of yesterday afternoon, that being to Frank Slaughter and Eula May Cannon, colored, of Greenville.

U. S. CITIZENS IN SMYRNA DISASTER DURING THE FIRE

Fourteen Americans Can't be Accounted for in Fire Swept City Today

DISASTROUS BLAZE STILL RAGING IN MANY PARTS CITY

Warships of Various Powers Crowded With Refugees Made Homeless

Washington, Sept. 14.—Fourteen Americans are missing in the fire-swept section of the city of Smyrna, the state department was advised tonight in a cablegram from Rear Admiral Bristol, Acting American Commissioner at Constantinople.

Admiral Bristol said the information came from Captain Arthur J. Hepburn, chief of staff of the American destroyer fleet at Smyrna, who reported that the first, starting about 1 o'clock Wednesday afternoon in the Armenian quarters, had practically obliterated the entire European quarter of the city and still was raging. The missing Americans were all naturalized citizens, the dispatch said, adding that all native Americans listed with the authorities had been accounted for.

All warships of the various powers in the port of Smyrna are crowded with refugees, Captain Hepburn reported, and ships were constantly leaving for nearby ports loaded with fugitives. The American destroyer flotilla was taking an active part in the work, he said, the Simpson having sailed with a large party for Athens, the Edsall with 600 for Saloniki and another for Pireaus with 400.

PITT COUNTY SING WILL BE HELD HERE SUNDAY, SEPT. 24

All Schools, Churches and Organization Asked to Cooperate With Woman's Club

The Pitt county community sing the last Sunday in the month, September for September will be held under auspices of the King's Daughters on September 24th.

The organization will ask all schools, churches, organizations and institutions to assist with the publicity and the September sing will be one of the best of the year. There is much more interest in united community work now than ever before and there seems to be a unusual demand for meetings in which the whole community can join together, and in a group of an informal and non-technical nature unite in singing old fashioned folk songs and universally known hymns.

The committee in charge feels very fortunate in having Mr. J. H. Rose as sing leader. New song sheets given by persons in Pitt county who are interested in seeing Pitt county work together as a whole.

The committee in charge of the sing this month is Mrs. W. R. Williams, Mrs. R. J. Cobb, Mrs. Ada Cherry, Mrs. Ray Tyson, Mrs. Joe Foley and Miss Louisa Hubbard.

TO CLEAR FEDERAL COURT DOCKETS OF JAMMED LIQUOR CASES

(By International News.)
Washington, Sept. 15.—An early clearing of federal court dockets and jam liquor cases was predicted today by the department of justice. Trial for some of the alleged twenty thousand violators of the Volstead law will be speeded up by assignment of 24 federal district judges. Some cases pending hearing have been on docket over two years.

SHOPMEN EXPECTED GREATER PROGRESS TO RETURN TO JOBS MADE IN SUPERIOR ON SEVERAL LINES COURT YESTERDAY

Peace Negotiations Under Way Today as Shopmen Return to Their Work

NORTHWESTERN AND CHICAGO RAILROADS LEAD WAY TO PEACE

Southern Railway to Meet With Many of Their Shopmen Saturday Morning

Chicago, Sept. 14.—With negotiations reported underway with several railways in an effort to obtain immediate ratification of the peace agreement adopted by the general policy committee of the striking shop crafts yesterday, the hope was expressed by union leaders tonight that the men would be back at work at several points tomorrow.

The Chicago and Northwestern led the way in the peace talks which W. H. Finley, president of the road, said would be a "mere formality." He added that he expected his men to begin to return to work by tomorrow. Next in line was the Chicago, Milwaukee and St. Paul, B. B. Greer, vice-president, declaring at the close of a meeting with the system chairman that it was hoped that some 15,000 men would be back at their jobs by tomorrow night over the entire system.

In the case of the Rock Island, a committee of shopmen called upon J. E. Gorman, president of the road, in an effort to persuade him from the stand he had announced earlier in the day when he said it was unnecessary for his road to negotiate, as it had seventy-five per cent of its usual shop forces at work. The conference continued for four and a half hours, at the end of which time Mr. Gorman told the International News.

"I told them I could not accept. I think that covers it and there is nothing more that can be said at this time."

Meanwhile, the executive council of the crafts met at a North Side hotel to make arrangements for the separate negotiations. None of the leaders would discuss the situation in detail, the general opinion seeming to be voiced by B. M. Jewell, strike leader, who said: "There's been too much publicity already. We won't have anything more to say for several days."

COTTON WAREHOUSEMEN STRIKE AT NEW ORLEANS

New Orleans, Sept. 15.—A hundred and ten employees of the public cotton warehouse docks struck here today in response to a call of the Dock cotton council on account of dissatisfaction over a new wage scale.

HOUSES PASSES BILL TO PREVENT GOUGING IN THE COAL INDUSTRY

Washington, Sept. 15.—The administration bill to prevent profiteering in fuel prices this winter was passed by the House today.

TWO MILLION DERIVED FROM LIQUOR FINES (By International News.)

Washington, Sept. 15.—Volstead violators were penalized two million, two hundred and eighty dollars during the month of August through taxes and fines imposed by Prohibition commissioner Haynes.

ACTRESS FILES SUIT OF \$50,000 AGAINST WEALTHY BUSINESS MAN

(By International News.)
Rome, Ga., Sept. 15.—Sue for fifty thousand damages for breach of promise to marry, was filed in the federal court here today by Helen Coats formerly of Rome, but now of a musical comedy actress of New Jersey, against T. DeJournette, wealthy merchant of this city. It is alleged that he failed to marry her when she went on the stage.

TURKISH FORCES ADD TO TERRORS OF STARVING CHRISTIANS BY MURDERING THOUSANDS OF THE CITY

Son Slays Father Over Stenographer

COMPROMISES FAILED TO PLAY AS GREAT A PART AS OTHER DAYS

Judge Calvert Making Every Effort Possible to Clear Calendar This Week

Superior court continued its record breaking work yesterday and when the day's work was brought to a conclusion some twenty or thirty cases had been disposed of. Non-suits and compromises again played an important part in the day's hearing, and these of course opened way for the completion of several other cases demanding more time for consideration.

Judge Calvert continues to prove an indefatigable worker, and so successful has he been in his effort to speed up the wheel of justice that every day this week has seen record breaking accomplishments. With this rate the calendar will be completely finished and when the next term convenes it can begin work with a clean slate.

In the case of J. W. Higgs, et al, trading as Greenville Supply Co., against Fred Jenkins, et al, judgment was rendered for \$81.68.

Judgment for \$37 was awarded M. K. Bount trustee for R. Wingate and J. A. Wingate against J. W. Perkins.

Absolute divorce was granted in the case of Maude Sumrell against M. H. Sumrell.

No judgment was returned in the action of J. E. Harris against J. C. Savage.

The case of Perlin and Ordendorff Plow Company against J. P. Morris and J. P. Ford was dismissed.

Non-suit was ordered in the action of J. W. Bullock against R. H. Brady.

Judgment for the sum of \$162.37 and interest was returned in favor of Anthony and Thomas against Doremus Smith.

In the case of L. W. Tucker and G. A. Clark vs. Amos Blount, judgment was returned for the sum of \$13200.

C. C. Pierce was awarded \$75 against H. E. Foreman and J. H. Peel.

Mistrial was ordered in the action of R. W. Walston against American Railway Express Company.

The following cases were dismissed: Farmville Auto Service Company vs. P. T. Atkinson, R. D. Dail vs. D. J. Johnson, Miller Lighting Rod Company against Joseph Daniels, Atlantic Marl Lime and Fertilizer Company against Jasper Manning, Atlantic Marl Lime and Fertilizer Company against M. L. Whitfield.

In the case of John Whichard vs. B. J. Wooten judgment was returned for the sum of \$80 and interest.

TWO NEGROES ARE ELECTROCUTED TODAY AT THE STATE PEN

Raleigh, Sept. 15.—Angus Murphy and Thomas Moore, negroes, convicted of criminally assaulting Mrs. A. Ketchen, of Miami, Florida, were electrocuted at the state penitentiary today.

BOMB WRECKS HOME OF BIRMINGHAM MAN

Birmingham, Sept. 15.—Police were today looking for a dynamite bomb which last night threw a bomb in the home of William Bradaban, assistant mill foreman, wrecking the front porch, and demolishing several windows of the home. None were injured.

Invading Turkish Troops Massacre Hundreds of Defenseless Men, Women and Children in Line of March

FOURTEEN AMERICAN CITIZENS REPORTED TO BE STILL MISSING

Pupils of American College Carried Off as Night of Terrorism is Increased by Fires Raging in Many Sections

London, Sept. 15.—A hundred thousand people are menaced by starvation in Smyrna, according to a dispatch received by the Evening News here today. More than a thousand Christians are reported to have been massacred by the ruthless Turks invading the city.

The fourteen American citizens reported to be missing had not been accounted for at an early hour this afternoon but a vigilant search is being made for them despite the danger on every side.

Turks carried off pupils of the American Girls college, but in what direction they went could not be learned from any source. Fire is still raging in many parts of the city and the situation is still accentuated.

Mrs. W. B. Pace and child who have been spending several weeks with relatives in Arkansas, Mississippi, returned home yesterday.

Rob B. Garvey shot and killed his father, J. W. Garvey, wealthy merchant, after the latter had discharged Mrs. Helen S. Grob, a young stenographer. Mrs. Grob, it is reported, had dropped out of sight, and efforts to locate her have been unavailing.

SPLENDID BREAK OCCURS ON LOCAL TOBACCO MARKET

Considerable Amount of the Bright Leaf Sold Here Today at Improved Prices

There was a good break on the local tobacco market today, but not as heavy as other days this week when more than a half million pounds was sold each day.

The bright leaf continues to pour in from a distance, much of it coming from the border counties of the eastern section of the state.

The opening of the four mile bridge over the Roanoke river at Williamsport has opened the gate to a large number of tobacco growers beyond the river who are glad of the opportunity to sell on the local market.

This fact is shown by the large number of growers appearing on the market each day.

These growers say they find conditions here much better than other places they have been selling in past years. They have been agreeably impressed by the splendid treatment accorded them by the warehousemen who are doing everything possible to make sales a pleasure as well as profitable.

The triple sale plan has enabled warehousemen to complete sales each day, despite large breaks and growers from a great distance are able to reach home the same day of the sale. This is a great advantage over previous years, and its meaning much towards development of the market this season.

Prices continued good yesterday and today the advance was very evident on several grades, especially the heavy bodied tobacco. Growers are urged to carefully prepare their crop before bringing it to market. If this is done they can rest assured of receiving prices in proportion to cost of production, and that's more than the best of them could do last season and season before.

The dairy cow brings in money all the year around. She brings in cash at the end of each month in the form of a check from the creamery and gives us additional profit each year in the form of a calf. What the cow produces today is sold tomorrow. If she produces when the market price of feed is high, her cream is sold when the market price of cream is high. There is small chance of having to sell dairy produce them.

DAIRY COW SAID TO BE GREATEST FOOD PRODUCER

Chamber of Commerce Boosts Cow as Need in All Homes in the County

(By EDGAR W. COOLEY.)

Agricultural Extension Department, International Harvester Company, (Auspices Pitt County Chamber of Commerce.)

The dairy cow is by far the most economical producer of human food. The food produced by her is the most nourishing and helpful of all foods.

The farmer who has a few dairy cows, a few chickens and a garden will always have plenty of food for himself and family besides having a surplus of dairy and poultry products to sell at good prices.

For each 100 pounds of feed consumed the sheep produces only 2-1-2 pounds of edible food solids, a steer a trifle less than three pounds, a hen about five pounds, a hog about 5-1-2 pounds and the average dairy cow 18 pounds.

There are nearly 24 million dairy cows in the United States and the annual value of their product reaches the enormous figure of over one billion dollars. Only the corn crops exceeds dairy products as a source of income to the farmers of the nation.

The dairy cow brings in money all the year around. She brings in cash at the end of each month in the form of a check from the creamery and gives us additional profit each year in the form of a calf. What the cow produces today is sold tomorrow. If she produces when the market price of feed is high, her cream is sold when the market price of cream is high. There is small chance of having to sell dairy produce them.

STRIKERS COME TO TERMS.

The strike of railroad shopmen has come to an end. This announcement brought joy to thousands of people throughout the country yesterday morning, and today all branches of industry experienced a return of old time life as it was realized the transportation paralysis had ended.

The seriousness of the strike has been evident in all sections by the taking off of trains and the idleness of thousands of shop workers. Everywhere industry slowed up to such extent that the nation lost millions and millions of dollars.

While the strike has not been brought to a conclusion on all roads enough are affected by the order to relieve the transportation tieup to great proportions. In fact, trains may be restored within a compar-

tively short time and every branch of business will be experiencing old time life.

With the return of the strikers the public is ready to forget the differences involved. It is ready to forgive hardships endured, fortunes lost and disruption of business. The fact they have returned and that conditions will again be normal in the next few months causes everyone to forgive and forget.

The strikers have lost more than they will ever gain, and the thing for them to do is to return to their jobs and thank their stars the railroad owners came to terms as quickly as they did.

Automobile drivers who take so much pride in speeding on the hard surfaced roads of the county had better make good of their privilege. We don't believe the state highway commission will permit such criminal negligence to continue much longer. Certainly not if they have the community and the welfare of our forty odd thousand inhabitants at heart. The situation grows in seriousness with each succeeding day. It will not improve because those guilty of violating the law in the past certainly can't expect to gain respect for it overnight. They will continue speeding as long as there are no traffic officers to prevent them, and unless county commissioners confer with the state commission action will not occur as early as it should. Let's get busy, Mr. Commissioner, and see what can be done before lives and property are destroyed. The price will be small in comparison to the protection afforded.

OTHER ROADS TODAY

BEGIN PEACE PLANS

(By International News.)

Chicago, Sept. 15. — With shopmen on some of the roads that have made peace back at work and thousands of others preparing to return, dozens of railroads that stood out against the Willard peace plan were today negotiating for peace.

(By International News.)

Washington, Sept. 15.—Congress will turn a deaf ear to all pleas for cancellation or modification of America's eleven billion dollars worth of foreign debts, leaders of both parties stated today. It is maintained that it would be unfair to the public to cancel debts the other countries can pay they expect to hold them up to their obligations.

**DEVOTED WIFE MUST
RISS SPOUSE, EVEN IF
HE IS IN JAIL CELL**

Wichita, Kan., Sept. 15.—P. E. Hackett is married to the most devoted wife in Kansas. She simply must always kiss him good night.

Coming all the way from Arkansas City to see her husband, who was in jail, she started phlegmatic policemen by bestowing upon Hackett a kiss, similar to those he has received every night since their marriage two years ago.

When Mrs. Hackett arrived at the station she said: "I've kissed him good night every night since we were married, and if I do not kiss him tonight I will not sleep."

Hackett, district agent for an electric supply company, had been arrested and charged with embezzlement of collections.

KEEP YOUR HOGS HEALTHY

Clean and Careful Feeding Essential in Successful Hog Raising

Here is a secret of successful hog raising practiced by many stock raisers and prosperous farmers. Don't feed your hogs sour or ill-smelling garbage.

Ordinary garbage ferments, forming an acid which is injurious to the hog. Red Seal Lye will remove this acid and make the feed more wholesome.

The swill should first be sweetened with Red Seal Lye. Take one tablespoonful of Red Seal Lye and dissolve it in a pint of water. Mix this solution thoroughly with sufficient feed for 10 hogs.

Swill which has been first sweetened with Red Seal Lye and fed to the hogs, will help make healthy, sturdy animals.

Make a strong solution of Red Seal Lye, sprinkle around your hog pens and wash out the feeding troughs. Use at least once a week. Be sure and get the old original, highest test, granulated Red Seal Lye. Accept no substitute.

"THERE IS A REASON"

We passed the two million pound mark yesterday. Sales have been heavy all the week. Our house has been practically full every day. Prices on all grades of tobacco have taken a big rise the last day or so. Most especially the tobacco with body and character. Wrappers and good tips are bringing the highest prices yet, when they show up. We sold lots of piles yesterday from 50c to 85c per pound. Greenville is the highest market in the state and all who sold with us say that we are getting the highest prices to be had any where. Our buyers want all the tobacco they can get; no matter how heavy the sales, with three sales we can't possibly block. So bring on your tobacco. Get the cash and go home happy the same day.

WE GIVE SOME SALES MADE THE PAST DAY OR SO.

CO-ED STYLE NO. 361
Price \$35

Long slender lines are emphasized in this charming frock of navy Poiret Twill by a pleated panel that is placed at either side of the front and hangs below the skirt. Each panel is topped by a silk embroidered tab studded with silver nail head beads. The long tight-fitting sleeves are treated in a very ingenious way with pleated wing-like sections which are attached at the elbow and caught at the wrists. Two rows of silver buttons on the back and one on the front trim the waist. Many other new styles arriving daily. Come in, let us show you real values, in Coats, Suits and Dresses.

Victor Quality Means The Musical Standards

The supremacy of the Victrola among musical instruments is directly attributed to quality. The greatness of its artists, the perfection of its records, the faithfulness of its reproductions, the design and construction of the Victrola itself—all bespeak the highest quality and make the Victrola the supremely satisfying musical instrument.

Pianos and Player Pianos

Volumes could be written about the various makes of Pianos and Player Pianos that we are exhibiting in our show rooms, but with the endorsement of the world's greatest musical artists which accompanies each instrument we feel enough has been said.

We represent the world's best musical manufacturers and below give you a partial list of our showing of Pianos and Player Pianos:
Henry F. Miller, Ivers & Pond, Straube, Hammond, Haines Bros., Marshall & Wendell, Foster & Co. You should see the Wurlitzer Student Piano.

Parents Did You Know

There are thousands of young girls in our America far advanced in their general school work that have been deprived of the beginning of a musical education because of the neglect of their parents to give them what every young woman deserves—some knowledge of music. It is not too late. Visit our show rooms and select the Piano for that daughter now.

A complete line of Player Rolls and Victrola Records.

MORTGAGE SALE.
By virtue of the powers contained in a certain mortgage deed executed by Freeman Ellis and wife Lula Ellis to H. L. Humphrey on the 20th day of October, 1917, and recorded in book F-11, page 436, the undersigned, as executor of the late H. L. Humphrey, to satisfy the conditions of the said mortgage deed, will sell to the highest bidder, for cash, before the court-house door in Greenville on Monday the 16th, day of October, 1922, the following described lots of land, situate in the county of Pitt and the town of Farmville, described as follows:
"Beginning at a stake on the west side of William street, corner of lot No. 106 and runs with lot 106 westerly to a ditch; thence southerly with said ditch to a stake, corner of lot 108, thence with lot 108 easterly to William street; thence with William street northerly 50 feet to the beginning, being lot 107 of what is known as Lincoln Park and being the same lot this day conveyed to said Freeman and Lula Ellis, by H. L. Humphrey and wife and the mortgage being given for part of the purchase price thereof.
"Also one lot beginning at a stake on the west side of William street corner of lot 105 and runs with lot 105 westerly to a ditch, thence with said ditch southerly to lot 107, thence with lot 107 easterly to William street, thence with William street northerly 50 feet to the beginning, being lot No. 106 of what is known as Lincoln Park, Farmville, N. C."
This the 14th day of September, 1922.
H. M. HUMPHREY & JACK LANG,
Executors of H. L. Humphrey.

TO HEAR M'KELLER'S CHARGES AGAINST THE ATTORNEY GENERAL

(By International News.) Washington, Sept. 15.—Charges upon which Representative Keller, Republican of Minnesota, will base impeachment proceedings against Attorney General Daugherty for alleged violation of the constitutions will be heard tomorrow by the House judiciary committee, it was announced this afternoon.

TENNESSEE DRUGGIST FATALLY SHOT TODAY

(By International News.) Memphis, Tenn., Sept. 15.—Federal and state officers today began investigating the fatal shooting of Van Spring, wholesale drug clerk by Cecil Frazier, federal narcotic agent. The shooting is said to have occurred as he emerged from the drug store. A package was later found containing narcotics. Frazier claims that when he ordered Spring to throw up his hands he reached for his hip as if to pull a gun.

PENSACOLA JOURNAL SOLD TO NEW YORKER

(By International News.) Pensacola, Fla., Sept. 15.—Announcement was made today of the sale of the Pensacola Journal by Mrs. Lois Mayes to John Perry of New York. The Journal was started more than twenty years ago by John Mayes. When he died his widow assumed active management of the paper.

Rheumatism Makes an Invalid In Arms

If you are suffering from some ailment take Chiropractic spinal adjustments until it has restored your HEALTH.

Your morality and your business ability may be above reproach. You may be noted as having plenty of backbone, and yet your spine may be out of alignment, causing your physical disability

Your neighbor who used to be confined to her bed for a few weeks every year with sick-headache has not been troubled with this distressing ailment for some time, because she took Chiropractic Spinal Adjustments, which relieved the NERVE PRESSURE that was causing the trouble.

You say Chiropractic is not good for you; how do you know when you have not given it a trial? Nor can you say at any time that it is not good for you unless you have given it a reasonable trial.

Those who would criticize Chiropractic are the ones who know the least about its wonderful powers. Find out for yourself and then tell others about the benefits that you have received from it.

When rheumatism attacks a child it makes a temporary invalid in arms of its victim, and may result in a deformity, lasting a life time. Rheumatism is an acid poisoning of the body due to under elimination of wastes and poisons through the kidneys and bowels.

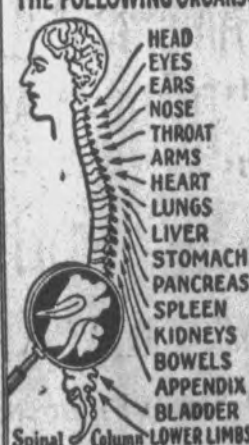

When kidneys and bowels fail to function normally for any period of time, long enough to result in rheumatism, the cause is found in the spinal condition. Due to displacement of spinal bones causing pressure on spinal nerves to liver and kidneys there is weakened functioning, and the poisons gradually accumulate. By Chiropractic spinal adjustments the nerve lines are freed and the kidneys and bowels are restored to normal vigor. The poisons gradually clear from the system and health returns. There is nothing that will remove the cause like Chiropractic.

WELL IN A WEEK

"On Sunday night our son, Bobby, was feeling badly. Monday—his legs were swollen and he could not walk. We carried him down stairs and called a doctor who said it was rheumatism.

He called another in on the case and both agreed it was rheumatism. This was on Wednesday and on Thursday we called the Chiropractor. On Friday the boy could move his feet and on Saturday he ventured out to play with other children." —Mr. and Mrs. Francis G Phillips, Chiropractic Research Bureau, Statement No. 1337-N.

HEALTH FOLLOWS
CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING REMOVES THE PRESSURE. THE UPPER NERVE IS FREE AS NATURE INTENDS.

UNCLE BEN SAYS: "Religion is more popular than ever, Nevvy. The feller who says its unpopular means the kind that is worn on Sunday only."

Nearly every patient who comes to the Chiropractor has tried every thing else. No wonder such cases are surprised and made happy with the fine results they get from Chiropractic after all other methods have failed.

Try Chiropractic for summer COLDS, HAY FEVER, Rheumatism, CONSTIPATION, COLITIS and KIDNEY TROUBLE. You cannot afford to go on suffering indefinitely.

No matter what your ailment may be do not fail to see your Chiropractor without delay. He adjusts the cause of your trouble and allows nature to get you well. Chiropractic is the simplest and most effective known method of getting the sick well.
