HEALTH CAMPAIGN TO BE OPENED IN THIS CITY FRIDAY

County Physicians to Deliver First Lectures of Campaign at 7:30 O'Clock

CAMPAIGN TO ALSO BEGIN AT BETHEL THE SAME EVENING

Dr. K. B. Pace and M. T. Frizzelle Will be the Speakers in Greenville

The first of the series of lectures to be given under auspices of the Pitt County Medical Society will be delivered at the high school auditorium in this city Friday night, October 13th at 7:30 o'clock. The speakers of the occasion will be Dr. K. B. Pace of Greenville and Dr. M. T. Frizzelle, of Ayden.

This will mark the beginning of the campaign of the Medical Society to educate the public in public health measure and it is hoped a large attendance will greet the speakers at every other party appear.

Dr. K. B. Pace of Greenville and Dr. M. T. Frizzelle of Farmville, will open the campaign at the high school auditorium in Bethel the same night of the Greenville opening, and as Bethel was one of the first towns to ask for the lectures it is expected the auditorium will be packed to its capacity.

The lectures to be delivered in Greenville and Bethel were prepared by Dr. Mitchell, of the State Board of Health. They were read and approved at the last meeting of the Medical Society, and it is believed they contain many things in which the public will exhibit more or less interest.

The first lecture of the entire campaign was delivered in Ayden Tuesday night by Dr. C. J. Ellen of Greenville and Dr. G. G. Dixon of Ayden.

The physicians are intensely interested in public health conditions of the county and believe many diseases may be prevented by the course of lectures. Quite a number of communicable diseases will be discussed in an intelligent and informative way, and those who attend may be assured of receiving great benefit.

HARDING IS WILLING TO CALL ECONOMIC CONFERENCE

Washington, Oct. 12.—President Harding is willing to call an international economic conference any time world conditions appear favorable for success of such a meeting, but not until his advisers are convinced conditions are such they will yield peaceful settlement of the conference.

HE CUTS OFF WIFE TO GIVE ESTATE TO LODGE

New York, Oct.—James Watkins, of Cornwall, N. Y., who died recently, left an estate of "upward of \$10,000" to Cornwall Lodge, No. 349, Independent Order of Odd Fellows. The will has just been filed in the office of the Surrogate of Orange County. Mrs. Watkins, the widow, threatened to contest it, maintaining that the law does not permit a testator with wife living to bequeath more than presented by Sir Charles Wakefield half of his estate to a fraternal order, through the Sulgrave Institute.

CONTINUES FIGHT TO GET NAME OF HER SLANDERERS

Mrs. DeBouchel to Return to New Orleans to Prepare for Legal Battle

Atlanta, Oct. 11.—Mrs. Onezma DeBouchel announced tonight that she would return to her home at New Orleans tomorrow and continue the fight to obtain the names of the persons whom she said Asa G. Candler, Sr., Atlanta capitalist, told her brought him reports reflecting on her and caused him to break his engagement to marry her.

Mrs. DeBouchel has "done all she could do here," said a formal statement issued tonight by her attorney Harry Gamble, of New Orleans, who stated that he would accompany his client back to New Orleans on an evening train tomorrow. "She has stated her case and we feel most grateful for the splendid response of the womanhood and manhood of Georgia," the statement read.

"The press has been four-square to this stranger within their gates," said the statement. "The old Anglo-Saxon spirit of aggressive sympathy for the under-dog has never more vigorously been displayed.

"The case is now in the hands of Mrs. DeBouchel's legal advisers. Vindication she will have. It is now for them to find the most effective way to accomplish it."

Mr. Gamble discounted a statement made in Los Angeles today by Wilbur Leggett relative to the case. "It may be added," his statement asserted, "that the dispatch from Los Angeles saying that a man there asserts that he is the traveling salesman claimed by the Candlers is not true—presents mere intrusion on his part however well intended. He has not named, and no person elsewhere than in Atlanta has been claimed to be making these infamous reflections on Mrs. DeBouchel."

GIANT PITCHER FINED FOR DRUNKENNESS AND BEATING HIS OTHER HALF

Birmingham, Oct. 12.—Phil Douglas, a member of the pitching staff of the New York Giants, pleaded guilty of being drunk and disorderly here today and was fined \$10 in police court. He was arrested on complaint of his wife. She said Douglas had beaten her, but failed to appear at the hearing.

ANNUAL MEETING OF EPISCOPALIANS TO BE HELD HERE

Rev. Thomas C. Darst to Deliver Sermon Before Colored Churches Here

The colored Episcopal churches in the East Carolina Diocese will hold their annual convocation in their Mission church here on Bonner's Lane commencing Saturday night to next Tuesday night.

The program for Sunday announces services 11 a. m. (Morning prayer, sermon and Holy Communion), 3 p. m. (Special service and awarding of medals to colored ex-service men by Bishop H. B. Delaney and Mrs. Louisa D. Hubbard executive secretary of the Red Cross) and 8 p. m. evening prayer and sermon by Bishop Delaney. The 3 and 8 p. m. services may be held in the court house to accommodate the extra large congregations expected.

Monday and Tuesday will be filled with busy session day and night, with the Rt. Rev. Thomas C. Darst, Bishop of the Diocese preaching Monday night, and Dr. G. W. Lay of Beaufort, a Diocesan leader on Tuesday night.

The public is cordially invited to all the sessions by the Rev. James E. Holder of Kinston, the minister in charge. A mass meeting to be detailed later will follow the convention on Wednesday.

NEBRASKANS QUIT BURNING UP CORN

Lincoln, Neb., Oct.—Even if the grain bears succeeded in chopping two or three more cents off the price of corn, Nebraska, farmers will continue to burn coal. The only corn that will go into fuel bins this year will be damaged goods, unfit for consumption as human or livestock food.

Nebraska had an epidemic of corn burning last year and found it didn't pay even with coal prices 10 to 20 per cent higher than they had ever been in this state.

To determine the relative merits of corn as a fuel in comparison with coal a series of experiments have just been completed at the University of Nebraska. The tests disclosed that it takes fifty bushels of corn on the cob or sixty-three bushels of shelled corn to produce as many heat units as one ton of bituminous coal. At present prices for corn in the crib the farmer who burned his grain would be paying at the rate of \$44 a ton for fuel.

Indications are the farmers who can't "feed out" their corn will market it at whatever price they can get, buy their winter fuel from the coal merchant and still be dollars ahead.

More corn will be turned into beef in Nebraska this year than at any time since the end of the war. At present prices a bushel of corn is worth approximately eighty cents when scientifically transformed into steak or pork chops.

BEGIN PLANS FOR DISCUSSING PEACE IN THE NEAR EAST

Beginning of Armistice Between Greeks and Turks Improves the Situation

PERMANENT PEACE IN NEAR EAST OBJECT OF THE COMING MEETING

Governments Concerned Will Welcome Participation of United States

London, Oct. 11.—With the armistice just signed at Mudania putting an end to the warfare between the Greeks and Turkish Nationalists, plans for the conference designed to bring about a definite peace in the Near East are proceeding in a less agitated atmosphere.

Two conferences to this end are being arranged for, one to fix the general Near East peace terms and another to provide for neutralization of the straits of the Dardanelles.

It is believed, according to expressions in authoritative quarters here, that all the governments would welcome the United States at both conferences, and it is considered probable that the Greeks and the Turks will make formal requests to this end.

One of the arguments advanced for the presence of the United States at the first conference is that the territorial limits to be fixed at that conference will involve the future arrangements with regard to the straits which are considered the key to any permanent peace in the Near East.

It is believed that the first conference will be arranged for early November, with the second general conference sitting early in December and possibly concluding the entire settlements by Christmas.

The places for the two conferences have not yet been fixed. The Greeks have suggested Geneva for both conferences in view of its central situation and also because of the role the League of Nations is to play in the second conference.

The personnel of the plenipotentiaries has not been decided upon, except in the case of Greece, which has selected former Premier Venizelos to head its delegation. Neither Prime Minister Lloyd George nor Premier Poincare will attend, according to present expectations.

Among the matters to be brought up at the first conference if only as preliminaries are the expectation of the promise given Bulgaria under the treaty of Neuilly, of a commercial outlet to the Aegean and the protest already announced by the Greeks against Italy's resumption of title to the Dodecanese Island.

EVACUATION OF THRACE MAY SOW SEEDS FOR CONTINUED WARFARE

Athens, Oct. 12.—Evacuation of Thrace by the Greeks will probably sow seeds of the new war, perhaps not far in the future, the Greek foreign minister declared today. The republic of Greece has received news of the Near East armistice with the resignation and decree of martial law down up and submitted to King George not yet in effect.

ASKS HARDING TO SEE THAT MRS FELTON IS SWORN IN BY NOVEMBER

Washington, Oct. 12.—A personal appeal was made to President Harding today by Mrs. Helen Longstreet, widow of the Confederate general, to call an extra session of congress before Nov. 11th to enable Mrs. Felton to be sworn in the senate. Harding will take the suggestion under advisement.

STEAMER CITY HONOLULU IS AFIRE IN MID-OCEAN

San Francisco, Oct. 12.—The steamer City Honolulu, operated by the Los Angeles Steamship Company, is afire, according to a wireless report received today by the marine department. The vessel left Honolulu two days ago bound for Los Angeles, Cal.

SALVATION ARMY MUST LOOK OUT FOR THE KIDDIES

Thousands of Helpless Children in Near East to be Helped by Salvation Army Funds

Poor little kids: They must have a home somewhere. Just because their mothers are dead and their fathers have deserted them—leaving them out in the cold world—is no reason why we should permit them to go homeless. They must have homes, and all of Pitt county's homeless children must have a home.

To find homes for homeless children is one of the big tasks before the Salvation Army today. The calls are becoming more numerous every day. Financial depression and unemployment situation have contributed their full share of homeless kiddies, causing much actual suffering, other children are found without homes because of domestic trouble, desertion, poverty and other reasons. It is a condition that must be met by the good people of Greenville and the Salvation Army is the best equipped medium through which to come to the rescue.

The army never turns a deaf ear to a call to find a home for a homeless child, somehow, a home is found for each one of the little unfortunates, but the situation is getting more difficult to handle. The Salvation Army regular children's homes are filled to capacity, with a number on the waiting list at each home. When a child is left in the hands of the Army nowadays, if there is not room for one more in the army's home, and if the Army cannot get the child placed in one of the state or denominational institutions, then a home is found for it in some private family. The army has succeeded in placing a large number of children with good families. It doesn't matter why they are homeless if they are homeless, we must find homes for them.

BAHMER HELD IN CONNECTION WITH JERSEY MURDER

Father of Girl Questioned Because of Threats Made by Him

New Brunswick, N. J., Oct. 11.—Officials handling the Hall-Mills murder mystery drew a close veil of secrecy about themselves today, evading the army of newspapermen who camped on their trail.

Through the inevitable "leaks" however, came circumstantial reports that most of the day's activities tended to draw more sharply into the spotlight Nicholas Bahmer, saloon-keeper, who was jailed last night on statutory charge preferred by his daughter Pearl, 15, also in jail on a charge of incoercibility.

Bahmer's record was checked and re-checked and his story of his whereabouts on the night of the slaying of the Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor Reinhardt Mills, was gone over with a fine tooth comb. Attempts were made to question him further but jail attendants reported he was so badly shattered of nerve as a result of deprivation of alcoholic stimulant that he was unable to talk coherently.

Bahmer's daughter has told the authorities in one of her many statements that Bahmer had threatened to cut both her own throat and that of Raymond Schneider, her sweetheart, on the night that the minister and his choir leader were slain. Bahmer denied this, but admitted he was looking for Schneider that night with a pistol. He said, however, that he was at home and in bed when the murders were committed. His pistol, he added, was of .45 calibre, while that with which the slayings were committed was a .32.

ROANOKE BAPTIST ASSOCIATION MEETS IN SCOTLAND NECK

Sermon by Dr. Mercer and Business Meeting Featured the Session Last Night

Scotland Neck, Oct. 11.—With Dr. C. J. Ellen of Greenville, Vice-Moderator, presiding, the first session of the Roanoke Baptist association, which meets with the Scotland Neck Baptist church this week, proceeded to carry out its program which was slightly changed for last night's meeting on account of the fact that Dr. I. M. Mercer, who was scheduled to speak was suddenly called back to his home at Wilson. This caused the sermon to come ahead of the business meeting.

After the sermon by Dr. Mercer, which was thoroughly enjoyed by all, the business of the association was taken up, beginning with the roll call to which forty-five of the sixty-six churches in the association responded. Then came the election of officers for the coming year, Dr. I. M. Mercer, of Wilson, being made moderator, C. F. Burroughs, of this place, Vice-Moderator and Rev. J. T. Harris, of Bethel, clerk and treasurer.

Two men were nominated for the office of moderator Dr. Mercer having as his opponent Mr. Leon T. Vaughan, chairman of the laymen's movement in the association. They were voted on by a rising vote, resulting in the election of Dr. Mercer by a majority of four, the vote being thirty-eight to thirty-four.

Numbers of Baptists of prominence throughout the State were present, including Dr. Kesler, of the Thomasville Orange; Dr. B. W. Spillman, of Kinston, field secretary of the Baptist Sunday School board; Dr. C. E. Maddy, of Raleigh, secretary of State Mission work; Dr. Chas. Anderson, chairman of the executive committee of the Roanoke association and others, perhaps, in addition to Dr. Mercer, the new Moderator.

SPLENDID SALES IN EVIDENCE ON TOBACCO MARKET

Nearly Three-quarter Million Pounds Sold Here Today at Splendid Prices

WEEK'S AVERAGE BETWEEN 28 AND 40 CENTS POUND

Sales Will be Completed During Afternoon Despite Great Amount of Leaf

One of the biggest breaks in many weeks occurred on the local market today, and tobacco town literally swarmed with farmers from the surrounding counties. It is estimated that three quarters of a million pounds were sold by all warehouses and this sold at prices that sent the growers home highly elated.

The price situation was one of the outstanding features of today's sales. Practically all grades brought prices in proportion to cost of production and farmers who had never sold here before were surprised at the splendid figures demanded by the offerings. The average price for the entire week is estimated at between 38 and 40 cents and this will play an important part in the entire season's average.

Good breaks have been in evidence the entire week despite inclemency of the weather, and farmers who braved the unfavorable condition of the elements were amply rewarded. Buying companies have vied with one another in the purchase of all grades this week and it is believed this fact played an important part in the strength of prices.

While the market handled one of the largest breaks of the season today floors were cleared early in the afternoon and planters from afar were able to reach home before nightfall. This has been one of the strongest things in favor of the market this season, and has caused farmers to come here in great numbers.

The Greenville market has established an enviable reputation this season through quick sales and high prices, and completion of averages at the end of the season will take first rank.

CLUB-FOOTED BOY WILL ENDURE LONG SUFFERING TO GAIN NORMAL LIMBS

Elyria, Oct.—Traveling 2600 miles from his home in the Southland, 11-year-old Richard Merrill has entered the Gates Hospital for Crippled Children here to face an agonizing ordeal during the next two years.

In order that he may be rendered capable of kicking a football and ultimately joining some eleven, young Merrill will submit to suffering involved in the strapping, weighting and straining of his limbs.

The lad, who has clubfeet, was sent here by the Mesa, Arizona, Rotary Club. E. F. A. Ioffe, chairman of the International Society for Crippled Children, is giving personal supervision to arrangements designed to transform this once hopeless youngster into a normal lad.

CUNARD OFFICIALS TO FIGHT DAUGHTERY RULING

Washington, Oct. Officials of the Cunard Steamship Company are expected to arrive here today to confer regarding Daugherty's efforts to bar liquor laden vessels from entering American ports. Daugherty is prepared to make a test case of the proceedings brought by the Cunard. The treasury department announced that no orders would be issued for the seizure of foreign ships. Officers will be instructed to take possession of all liquor, however.

Because raw material is scarce it is not expected that the cost of cotton cloth will undergo a decline any time soon. This fact will be received with pleasure, especially by cotton producers who have been waiting patiently for the market to show signs of returning strength.

Mayor D. M. Clark has announced his intention of pouring out all whiskey captured by members of the police department as has been customary since prohibition became effective. That he will receive the hearty support of the public in this direction cannot be questioned in the slightest sense of the word.

Herbert Hoover will start out next week to defend policies of the Republican party. No one will deny that Mr. Hoover has proven himself a very ingenious individual, but he will have to be something more than that to find the slightest defense for the Republicans.

The Republicans claim the honor of putting the tariff measure over. If this is an honor we would like to see what they would call a disgrace. The tariff will do more to burden the American public than any other bill passed in many a day.

The piece recently written for The Reflector by Mrs. Ray Stubbs, signing herself as plain country woman, has created considerable comment in all sections of the city and there have been many to commend the position she has taken against speed demons of hard surfaced road fame.

ter didn't have any idea speeding would assume such grave proportions, while it is also probable there may not have been sufficient financial consideration. The thing has gone far enough now and if something isn't done loss of life and destruction of property will become so grave that we will be glad to act.

Fake oil stock salesmen are again busy in North Carolina despite efforts of the insurance department to stop their operations. Last Sunday persuasive advertisements appeared in two state papers, and upon investigation it was learned that the companies doing the advertising were not licensed.

STOKES MAN SAYS GEORGIA TRIP WAS THE RIGHT THING

(Auspices Pitt County Chamber of Commerce.)

I have been asked to have a word to say about the Georgia tour. This trip, as the folk of Pitt county know, was made to get all the help possible on the boll weevil situation and diversified farming.

The trip was genuinely enjoyed by me and since having taken it, I would not be without the help received for any reasonable amount. From the standpoint of a merchant as well as that of a farming section, I feel that I have been greatly benefited.

The Pitt county chamber of commerce and the county demonstration agent are to be congratulated on getting up so important a trip.

AMUZU PARK PROPERTY TO BE SOLD AT AUCTION SATURDAY AT 11 O'CLOCK

Considerable interest is manifested in the sale of Amuzu Park property Saturday morning at 11 o'clock, and there is every indication many bidders will be present.

This property is considered some of the most valuable in this part of the state. It is ideally located for a pleasure resort, such as it was converted into two or three years ago, and affords many features for pleasure and recreation. The park has been conducted under splendid management the past two years, and was one of the most orderly places of its kind to be found in the state.

The pond and surrounding property afford splendid opportunity for development, and might easily be made one of the greatest resorts in this part of the state. Hundreds of people visited it the past two summers and were well entertained by splendid swimming, boat riding and many other attractions provided for public recreation.

Announcement of the sale of Amuzu Park has created widespread interest and it is believed hundreds of interested people will attend the sale Saturday morning. N. O. Warren, who has charge of the sale, has advertised extensively and this will bring many people from surrounding sections.

LITTLE DAVID EVANS RUN DOWN BY CAR

Little David Evans, son of Mr. and Mrs. Guy Evan's was run down by a Ford car yesterday afternoon near the Coast Line depot. Mrs. J. E. Winslow, new president, presided over the meeting and made an interesting talk on the value of milk and the plan as inaugurated by surrounding cities. She said the campaign had been a great success every where and that everyone is in favor of it.

Mrs. Winslow will give the bottle to be used in the campaign. It has been ascertained that over fifty percent of children are under nourished. The teachers will have scales and will weigh the children every month to see just what success the campaign is meeting with.

REPORTER.

Mr. E. S. Temple, superintendent of schools at Shelburne, was in the city a short time today.

SUPERINTENDENTS OF PUBLIC WELFARE AND SCHOOL ATTENDANCE.

In enforcement of the Compulsory School Attendance Law in North Carolina, close co-operation between the agents of the boards of public welfare and education is necessary. Prosecution for violation of this law is one of the duties of the county superintendent of public welfare, but he cannot act until the teacher has determined whether or not a child's absence from school is covered by any of the legitimate excuses, i. e., illness of the child or in the home; death in the immediate family; quarantine; physical or mental incapacity; severe weather; distance from school; poverty and demands of work on the farm. Reports of unexcused absences made weekly by teachers furnish the county superintendent of public welfare with the necessary information on which to proceed in enforcement of the law. Success in applying the law with thoroughness depends about equally upon the teacher and the superintendent of public welfare. A tactful teacher may often adjust cases without reference to the superintendent of public welfare, as practically every absence, when investigated, discloses a family problem and in her visits to the home the teacher may be able to give advice that will improve conditions.

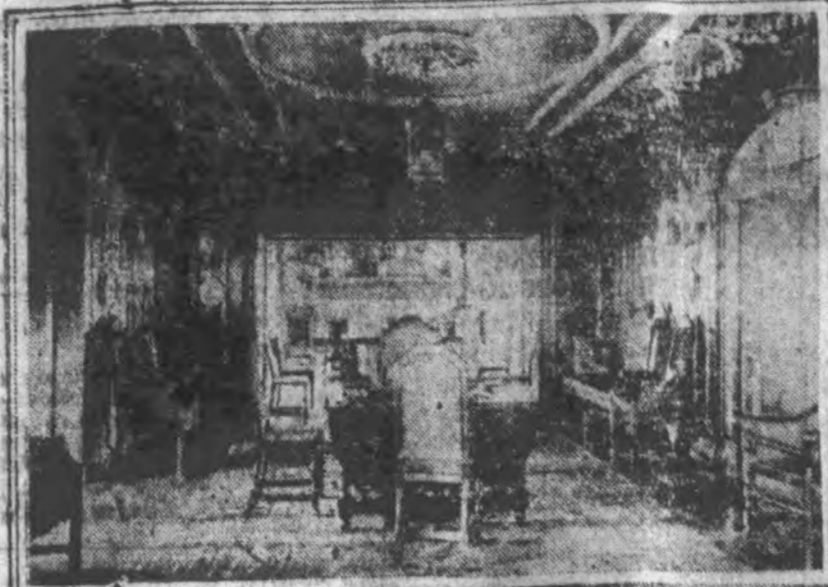

Parents who refuse to comply with the Compulsory School Attendance law are guilty of a misdemeanor and are subject to a fine of not more than \$25 or imprisonment not exceeding 30 days in jail. The reports from 50 counties sent in to the office of the commissioner of public welfare show that during the year ending July 31, 1922 there had been 248 negroes and 116 whites prosecuted by county superintendents of public welfare in North Carolina for violation of this law.

PRINCE OF WALES TO STUDY SOCIETY

London, Oct.—Putting aside foreign tours for the time being the Prince of Wales will devote the year 1923 to personal investigation of England social and industrial problems.

To achieve this he will make tours to many of the largest cities and manufacturing districts. His social engagements will be mainly fitted in with these trips. For instance, when he goes to stay with Lord Derby at Knowsley Hall next March in order to see the race for the Grand National, the visit will be so arranged that he will be able to inspect new dock extensions and other improvements at Liverpool and also the present circumstances of the city of Manchester.

Already he has received numerous invitations from towns throughout Britain to call and make their acquaintance, and so far as he is able he will do so.

While on his world cruise the Prince carefully studied an extensive library of books devoted to social conditions and reforms, and he intends to obtain further enlightenment by attending the weekly meetings of the London County Council, the body which is responsible for the welfare of the eight million inhabitants of Greater London.

The period until Christmas, 1922, will be devoted to the Prince's holiday, upon which the physicians have been insisting for the past three years. He will spend most of this time hunting and has taken Easton Grey House, Malmesbury, for six months, where he will hunt regularly with the Duke of Beaufort's pack.

Ironized Yeast Brings Marvelous Beauty to Skin

Science Now Proves How Complexion is Quickly Beautified Through the Blood

There is nothing in the world today which is producing such a sensation as this simple discovery! Pick out anyone who has healthy rosy cheeks and a ravishingly beautiful complexion, and you have picked out an individual whose blood

"Ironized Yeast Has Cleared My Skin Quickly and Gloriously!"

is rich with vitamins and iron. This recipe of Nature, "Ironized Yeast," is now being used by thousands of men and women with startling, yet perfectly natural, results. It gives you yeast-vitamins-ironized, containing iron in the form in which it exists in the human body. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Muddiness, that great beauty robber, gives way to a lily-purity which nothing else on earth can produce. Pimples, blackheads, spots, eruptions? They become practically an impossibility! Rosy cheeks, firmer and younger looking skin, rose-petal purity, velvety softness—all natural! Imagine such a skin further beautified by your favorite cream and powder. To think of it is lovely. To have it, a modern miracle! Begin taking Ironized Yeast today. There is only one Ironized Yeast in the world, sold by all druggists at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. They never lose their power. Mfg. only by Ironized Yeast Co., Atlanta, Ga. Get ready to be supremely happy.

\$1,441,486 A YEAR'S DISASTER RELIEF COST

Red Cross Aided 145,000 Victims in United States—Losses Total \$30,000,000.

Seventy-two disasters, with hundreds reported killed and injured, and more than 145,000 either homeless or requiring assistance, called for emergency relief measures and the expenditure of \$1,441,486.36 by the American Red Cross during the fiscal year ending June 30, 1922, according to a statement based on the forthcoming annual report of the Red Cross. The greatest toll of life was taken by hurricane and tornado, while the overflowing of rivers, the breaking of dams and torrential rains drove the greatest number of people from their homes. The property loss was estimated at more than \$30,000,000.
The year's disasters reported included twenty-six floods, nineteen tornadoes, fifteen fires, four epidemics, two theatre collapses, two shipwrecks (one an airship), and a bridge collapse, mine explosion, railway collision, and a drought. Of the floods in the United States that at San Antonio, Texas, caused the greatest property loss, \$6,000,000 and the high mark of fatalities, 100, while the flood in the vicinity of Vicksburg and Natchez, Miss., forced 31,000 persons from their homes.

A National Calamity
In the Red Cross disaster relief records there will probably remain for many years one calamity which touched nearly every state with a sense of horror and of loss. This was the distressing collapse of the roof of the Knickerbocker Theatre in Washington, D. C., resulting in ninety-six deaths and 125 persons injured. Situated in the center of the beautiful Northwest residential section, this motion picture theatre was patronized by many persons of prominence both in the official and civil life of the National Capital, whose family and personal connections radiated out over the entire country. The horror was intensified by a terrific snowstorm which, though it retarded, did not block Red Cross relief.

Airship Crash Finds Aid at Hand
The crash and destruction of the U. S. Army's large airship Roma in Virginia last February with the loss of 34 officers and men and 11 injured was the first disaster of its kind to call for Red Cross relief in this country. The suddenness of the accident tested the preparedness of the organization and of the Chapter at Hampton, Va., but the response was immediate and relief furnished the survivors, also funds for the expenses of relatives of the dead, who came from long distances to claim their own.

In the year's overseas record for aid rendered by the Red Cross are two fires in the Philippines, one in Manila, which destroyed 1,000 homes, with a loss of \$1,500,000 and 5,000 persons made homeless, the other at Tonio, which drove 3,000 from their dwellings. In medical relief that was quick and effective the smallpox epidemic in San Domingo, which had a total of 22,000 cases with 225 deaths in a single day, tested the readiness of the Red Cross for action, and the same can be said of the San Domingo hurricane, which killed 12 persons and reduced the homes of 182 persons to wreckage. A flood in San Salvador, with a death toll of 50 and 2,000 refugees, was also effectively handled by the local Chapter of the American Red Cross.

Relief Machinery Perfected
The year has seen the further perfection of disaster relief administrative measures in every field of American Red Cross activity, and that the work may be carried on to still greater accomplishments the American Red Cross is appealing for widespread renewal of membership during the annual Roll Call, to be conducted this year from Armistice Day (November 11) to, and including, Thanksgiving Day (November 30).

Red Cross Roll Call Heard World Around

The Annual Roll Call of the American Red Cross for registration of the membership for 1923 will begin on Armistice Day, November 11, and close on Thanksgiving Day, November 30. The ground work for this stupendous task of re-enrolling the membership throughout the world has been laid in a plan for the first complete and comprehensive system of registration of the Red Cross membership in all its 3,300 active Chapters at home and abroad.

An important feature of the round-the-world Roll Call campaign will be a universal effort to re-enlist the service of war-time Red Cross workers in the peace program by their participation in the Roll Call. In this way the vast army of volunteers will once more affiliate with the work of the Red Cross in its manifold phases. Cooperation also has been assured by Government and private maritime interests in a deep-sea Roll Call that is designed to reach every member or potential member in every part of the world who may be en voyage or temporarily in any port.

Thousands of Chapters will adopt the home canvass plan of enrollment which originated in Pittsburgh, where last year it resulted in a membership increase of 50 per cent. All records in this year's campaign will be kept on standard size cards to be filed by each Chapter for future use.

Navy Point Twill is chosen to make this straight line frock which enlivened by a careful touch of silk embroidery at the sides. Broad panels of the twill start at the waistline under the narrow belt and extend to the lower edge of the looped up under the hem. The long flared sleeves are patterned after the Mandarin style enjoying so much favor just at present. The neck line prefers to be unadorned and is simply finished with a bias binding of the material. Can also be had in velvet.

Suits and Dresses arriving daily.

We Want You To Know

The science of Chiropractic distinguishes itself from every other method of curing disease by its recognition of the spine as the cause of diseases and by using entirely different methods of examination. This science has a new and more simple conception of the human body, based upon standard knowledge. Its principles are drawn from anatomy, physiology and pathology.

"THE SPINE is the keystone of the anatomical structure. Without a complete knowledge of the spine and that part of the nervous system contained therein, it is impossible for a physician to intelligently advise a patient, because the nerves that emerge through the lateral foramina control directly or indirectly every function of the body."

HEALTH FOLLOWS
CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING REMOVES THE PRESSURE. THE UPPER NERVE IS FREE AS NATURE INTENDS.

Bronchial Asthma

"I had been suffering with chronic Asthma all my life (am now 26 years old). I had tried everything for this awful disease without success. Finally I decided to try Chiropractic and went to see Dr. Ball of Greenville, N. C.

After taking twenty four adjustments I feel better than I ever felt before. I feel Chiropractic has made a cure of my case.

I want this published so that other sufferers may know what Chiropractic has done for me."
