SHAMHART SPEAKS TO YOUNG WOMEN AT COLLEGE SUNDAY

Christian Pastor Delivers Inspiring Message at Y. W. C. A. Services

Dr. Shamhart conducted Y. W. C. A. services at the Teachers College Sunday and made an inspiring talk.

Dr. Shamhart read from the scriptures Romans 11:33-36 and 12:1-2. The leading thought for the evening was, "The finding of unsuspected treasures in our lives." He spoke of our lives as being minds of hidden opportunities. In each of our lives there may be hidden treasures which will unfold and show their richness in later years.

The speakers classed one of the greatest needs of the world as being "Love," which indirectly determines the success of all. He stated that leaders and teachers especially need love and willing minds as the world is waiting for minds of helpfulness and still so many of us never think of bearing one another's burdens.

He compared the hidden opportunities in our lives with the hidden treasures in the earth. "After All," he added, the most precious treasure is the soul of man with the riches and gatherings of ancestors thrown upon it.

This was a very appropriate message to give to a group of students in a teachers college and each one present seemed to enjoy it.

The special music for the evening was a vocal duet by Misses Pauline Humble and Rachel Lee.

NINE LOST WHEN BAL TIC LINER IS HIT BY HEAVY GALE

Stockholm, Oct. 23.—Nine persons were reported lost when a Baltic liner was driven ashore by a heavy gale. Several other ships foundered during the storm.

CHICAGO GIRL WANTED TO BE BANDIT; JAILED

Chicago, Oct. 23.—A desire to rival the picturesque character in ancient and modern fiction who lived by their wit and occasionally by the assistance of an ugly looking "gat"—landed pretty twenty year old Mildred Stahl in the police net.

"I wanted to be a bandit queen," Miss Stahl admitted to the police, when she was placed under arrest for having participated in the holding of a taxicab driver.

ONLY DRY SHIPS TO BE ALLOWED IN U. S. PORTS

Vessels Which Sailed for United States Yesterday Subject to "Dry Order"

NINE COMPANIES ARE TEMPORARILY EXEMPT AT TIME

Course of Nine Companies Free Hinges on Decision to be Handed Down by Judge

Washington, Oct. 23.—Ocean steamers which sailed from foreign ports today for the United States faced the necessity of carefully computing the amount of alcoholic beverages on board against the mileage shown by the ship's daily log. The last steam and denaer must be emptied before the ship crosses the three-mile limit marking the accepted line of American maritime jurisdiction, under an interpretation of the prohibition laws, which became effective at 12:01 o'clock this morning.

Fleets of nine companies are temporarily exempt from operation of the law by reason of injunction proceedings pending before Federal Judge Hand, in New York, and will be permitted to enter with their wet goods safely sealed under the system which prevailed before Attorney General Daugherty ruled that the 18th Amendment and the Volstead Act applied to American "territory" as a whole.

The nine "exempt" lines include two American companies—the International Mercantile Marine and the American Line—and seven registered under foreign flags—the Cunard, Anchor, White Star, French, International Navigation, Holland-American, Scandinavian-American and the Royal Steam Packet. They have sought permanent injunctions against the enforcement of the law on the ground that Mr. Daugherty went further than the authors of the authors of the statute and amendment intended, or if he did not err in this respect, then the act itself was illegal in scope.

All other ships come within the law's meaning set forth by the Attorney General and approved by President Wilson. The finding of unsuspected treasures in our lives. He spoke of our lives as being minds of hidden opportunities. In each of our lives there may be hidden treasures which will unfold and show their richness in later years.

GOVERNMENT CAN'T PROVE ANY FRAUD IN WAR CONTRACTS

Washington, Oct. 23.—Several billion dollars paid by the government on fraudulent war contracts will never be proved, the department of justice declared today.

Many cases involve the war department, shipping board contracts. The government's greatest losses, however, resulted from improperly made contracts.

GOVERNOR HARDING TO HELP CUBA STRAIGHTEN OUT TANGLED FINANCES

Washington, Oct. 23.—Governor Harding of the Federal Reserve board will go to Cuba as a representative of the administration to help the Cuban government to straighten out its tangled finances. This is accepted as confirmation of the president's decision not to reappoint an Alabamian as governor of the Reserve board.

THRILLING ACTS TO BE SEEN AT PITT'S THIRD ANNUAL FAIR

Automobile and Horse Races to be One of Principal Features of the Exposition

LIVE STOCK AND POULTRY SHOW TO BE BIGGEST YET

Free Attractions to Eclipse Anything Seen Here in History of the Fair

The advertising men have almost completed their campaign of plastering Pitt and surrounding counties with glaring posters announcing the date and attractions of the Pitt county fair, beginning Nov. 7. The program for this year will surpass anything in recent years and the public is assured of the best exhibits and other features of any fair in this part of the state.

The fair managers say that people who never before exhibited the slightest interest in fairs are doing their utmost for success of the Pitt county exposition. Demand for exhibits will tax the capacity of the main (Continued on page 4)

Mayor Clark Disposes of Number of Cases, But Gentlemen From Bear Grass Feature

Mayor Clark stated that while the docket of today and that of several previous courts indicated considerable violation of the law regarding drinking, fighting and driving autos while intoxicated, that it was gratifying to observe that practically all of the violators were from out of town and a good many of them from out of the county, and that in his opinion most of the liquor being drunk was brought into town by the people that were causing trouble and that so far as the town people were concerned there is very little disturbance or violation of the law. However, that there was one or two things that the public's attention needed to be directed to, such as driving insufficiently lighted autos, stopping and parking cars away from the curbing and stopping and turning corners with cars without properly observing traffic signals, such as putting out the hand to indicate stop or turn. Also there are too many driving with bright lights.

LONDON PAPERS PAY TRIBUTE TO BRITISH PREMIER

Observer Declares He is the Most Brilliant Leader in the World Today

TIMES DECLARES BRITAIN GREATLY INDEBTED TO HIM

Observer Says Greater Tenure of Office and Power Will Return to Him

London, Oct. 23.—With the departure of Mr. Lloyd George for his country residence and the secretariat at No. 10 Downing street busy preparing for renewal, political interests today shifted to Onslow Garden, where Andrew Bonar Law is giving the finishing touches to his Cabinet list for presentation to the King today.

Lord Cave, former Home Secretary, visited Mr. Bonar Law yesterday, but nothing developed to throw light on the future.

The Sunday papers were full of predictions regarding the program of the new government and the composition of the Cabinet. All give advice to the prospective Prime Minister on the necessity of settling foreign affairs, so that the country's trade may be carried on. The Sunday Observer appeals for fair play for Mr. Bonar Law and his colleagues and urges the immediate clearing up of foreign affairs. "For," it adds, "the Coalition has left behind it a far more serious situation than the country has yet begun to realize. The Chanak crisis, reacting far and wide on the rest of our external connections, has worked to the profound prejudice of our whole world policy and of our own most vital interests. After a disastrous six weeks, the general situation is no longer what it was before—it is deeply changed to our detriment."

Referring to Mr. Lloyd George, the Observer says:

"The retiring Prime Minister is by far and away the most brilliant popular leader in the world. His peace ministry was much below his war ministry in merit. A greater tenure of office and power will return to him in due season—but we hope, before he has had leisure enough to refresh and deepen his thought."

The Sunday Times, in an editorial says:

"For the time being the greatest personal force and the most fascinating figure in our politics is out of power."

The paper considers that it should be recorded that "there is one portion of his career that will always be blazed in letters of gold in British annals—his transcendent services in the war, first as Minister of Munitions and second in the Premiership, he brought about victory, on which alone his whole being was centered. Thrown into the scale every defect of personality that criticism may discover and every mistake in policy that may be imputed to him since the armistice, Mr. Lloyd George still remains of all living Britons, the one to whom the country and the empire are most indebted.

JUDGE BROCK TO HOLD COURT HERE DURING THE WEEK

Western North Carolina Jurist Exchanges Places With Judge Calvert of Raleigh

The regular October term of Pitt county superior court for the trial of civil cases convened in Greenville this morning with Judge Brock, of Western North Carolina, presiding. The calendar for this term contains a number of important cases and much interest is centered around the week's term.

This is Judge Brock's first appearance in Greenville, or this district for that matter. He has been on the Western circuit many years and desired a change so strongly that he requested Judge Calvert to exchange with him.

Judge Brock is considered one of the ablest jurists in the state and it is expected he will be instrumental in clearing the calendar of many cases. His work will be watched considerably interest from all parts of the county.

AKRON'S "WHITE WAY" WILL RIVAL BROADWAY

Akron, O., Oct. 23.—A "white way" extending five miles from Cuyahoga Falls over the new \$4,000,000 viaduct into Akron and to South Kenmore, is the dream of liberal council and business men. If carried out the illuminated street would rival Broadway of New York in its brilliance. It is to be paid for largely by private subscription as a means for advertising Akron and attracting trade.

NEGRO INJURED IN SHOOTING SCRAPE NEAR WINTERVILLE

Matthew Atkinson Shot by Elijah Cradle, Who Makes His Escape

WOMAN'S TONGUE SAID TO BE MAIN CAUSE OF AFFAIR

Atkinson Receives Double Load of No. 6 Shot in Leg and Upper Part of Body

Matthew Atkinson, colored man employed on the farm of Vante Corry, about 3 1-2 miles from Winterville, was shot and painfully injured yesterday morning about 11 o'clock by another colored man by the name of Elijah Cradle as result of Atkinson telling someone that Cradle's attention were being paid to some woman other than his wife.

Cradle immediately made his escape and so far nothing has been heard from him by his wife and family or Policeman Thomas, of Winterville, who took charge of the case a short time after the shooting occurred.

While Atkinson's injuries are painful and may result in several days' confinement, they are not serious enough to occasion alarm. Cradle is believed to have fired at him twice with a double barreled shot gun loaded with No. 6 shot, both loads taking effect in Atkinson's left leg, back and arms and a gun which he is supposed to have had with him at the time, although he claims the weapon was carried by a man with him when Cradle started to firing.

According to the story told by the wounded man himself, he was passing Cradle's house in company with another man when Cradle suddenly appeared at the front door and began firing. He started to run down the road at break neck speed, but when the gun cracked the second time practically the entire load took effect in the muscle of his left leg, making (Continued on page four.)

HARDING DEFERS TRIP TO FLORIDA UNTIL LATER DATE

Condition of Mrs. Harding Will Not Permit Removal, at This Time

Washington, Oct. 23.—President Harding, although wearied by continuous attention to executives of the past ten months has definitely abandoned his contemplated winter trip to Florida, it was learned today.

The slow convalescence of Mrs. Harding is said to have caused the decision. Her condition forbids removal from the White House before early spring, physicians stated, and the president will abide by what they say.

MISS LIBERTY, ATOP CAPITOL DOME, BATHED

Washington, Oct. 23.—Miss Liberty, atop the dome of the United States Capitol received her decennial bath this fall.

An army of workmen in order to reach the goddess who holds aloft her torch high above the Capitol dome, had to build a great series of scaffolds up the side of the building. They first washed her and then painted her, and the first snows of Winter will find her wearing a nice new gown.

HIGH COAL MINE WAGES ATTRACTING TEACHERS

Charleston, W. Va., Oct. 23.—High wages paid in the coal mines are drawing many away from the teaching profession throughout the state and the surplus of teachers existing early this year has been converted into a shortage, according to the State Department of Education.

Friends of Mrs. Felton are trying to arrange it so she may spend at least one day in congress. That would be consoling anyhow.

President Harding says he sees better things for the farmer in the future. But can the farmer truthfully say he sees better things for the president. Not hardly, unless he happens to be blind or cross-eyed.

After the American Legion resorted to such determined action against him, General Sawyer hereafter may find it advisable to preserve silence. He may never have heard of that old saying about silence being golden, but he might apply it to his case in a very profitable way.

One of the worst opponents of Lloyd George has come out and admitted the premier is the greatest statesman in England. Why couldn't he have said that at first and caused his influence to count for something. As it is it will have no more effect than escaping air.

The last several days has seen numbers of drunkards up before Mayor Clark, charged with driving automobiles while in an intoxicated condition. In many instances they were charged with running over and seriously injuring someone, an offense that should be punishable by confinement in prison. Mayor Clark should enforce the law to the fullest in such cases, as this is the only way this evil may be reduced.

The Salvation Army campaign will be brought to an end this week. If you haven't contributed, get busy at once and do so. The part which this organization has played in behalf of people unable to care for themselves is short of remarkable, and people who fail to support it are not doing as they should. Dr. W. P. Shamhart is chairman of the county campaign and urges his followers to do everything possible to raise the thousand dollar quota before the week ends.

The Red Cross roll call campaign begins Armistice Day and every American capable of doing so should give a dollar for membership in this great organization. The Red Cross has outlined an ambitious program for the future, but it cannot be completed unless the public gives liberally. Only one dollar is necessary to become a member of this great organization. No great sacrifice will be necessary in responding to the call for aid and it is hoped every American will do so.

There has been much common tobacco sold on the Greenville tobacco market the last few days and it has had much to do with reduction of prices. Numbers of farmers also failed to grade their offerings as they should and likewise received prices lower than under ordinary circumstances. This experience should show everyone the advisability of giving their crop more attention. In fact, the leaf should get minute attention from the time it leaves the field until it reaches the warehouse floors. If this is done good prices will be cer-

Buyers don't mind paying high prices for good grade tobacco, but none of them want common stuff and wouldn't give a snap of the finger for it. This fact should be remembered as it will mean hundreds of dollars in pockets of our growers.

The danger of unprotected railroad crossings is as great today as it has ever been before and unless something is done to protect the public the situation will become even more serious. We trust city authorities will compel railroads to provide protection at these crossings. There have already been many lives lost at these places and others have had narrow escape from death or serious injury. While a watchman in some protection, we would much rather see under ground or overhead passages. These could be provided at no great outlay of money and the public would be glad to pay the expense. The general increase of automobiles makes it very imperative to provide some means of protection and if the city doesn't feel it is responsible, then it is the duty of the railroads to do so.

Wilton Edwards, of Bladonboro, has more freckles than any other freckled faced lad that attended the state fair. He was awarded a prize by the Raleigh Times, and for one time in his life felt proud of the little

brown splotches which many times have caused him deep humiliation. The contest must have been a lively one, as freckles may be found by the thousand in every part of the state, and Bladonboro, home of the freckled faced king, is no exception.

OSTEOPATHS TO HOLD SESSIONS AT GREENSBORO

South to be Well Represented at Splendid Meeting at the O'Henry Hotel

Osteopathic Physicians from the entire South will assemble at the O'Henry Hotel, Greensboro, N. C., on October 27th and 28th for the third annual convention of the Middle Atlantic States Osteopathic Association. Although the Association is made up of Osteopathic Practitioners from North Carolina, Virginia and the District of Columbia, the splendid program of the annual convention attracts many from other states.

Dr. R. H. Nichols, the Diagnostic Specialist of Boston, will give two lectures on Diagnosis. Dr. Nichols' work before the convention last year was so satisfactory that the membership was unanimous in asking him to demonstrate more diagnostic methods this year.

Dr. Carl J. Johnson, of Louisville is down for two lectures of Technique. Dr. Johnson attracted a great deal of attention at the National Convention in Los Angeles this summer where he demonstrated his methods before Osteopaths from America, Canada and Europe.

Dr. Ira W. Drew, Professor in the Philadelphia College of Osteopathy, will also address the meeting twice, once on "Winter Diseases of Children" and next on "Practical Feeding of Infants." Dr. Drew is recognized as a leader in the field of Podiatry.

Mr. Walter A. Post will demonstrate the Post System of Correction for Weak and Broken Arches.

Dr. W. B. Meacham, of Asheville, N. C., will tell "My Experience in

351 Cases of Milk Diet." being a resume of the results secured by the Milk Treatment as given in his Sanitarium Ottawa.

Dr. M. L. Richardson, of Norfolk, Va., will speak on "A Useful Aid in the Treatment of Arteriosclerosis."

Dr. H. S. Becker, of Staunton, Va., has for his subject, "Dr. A. T. Still—a Virginian gave Osteopathy to the World."

Dr. C. D. Swope, of Washington, D. C., will make a plea for "Free Clinics" for crippled and deformed children.

Dr. Lulu J. Waters, of Washington, will lend her support to the same subject of "Free Clinics"—and "How to Establish them."

Dr. N. C. Glover, of Washington, D. C., "The Association and the Practitioners"

Dr. F. R. Heine, of Greensboro, N. C.,—"Renouncing the Tired Business Man."

The officers are Dr. A. R. Tucker, of Richmond, Va., President; Dr. Harry Semones, of Roanoke, Va., Vice-President; Dr. F. R. Heine, of Greensboro, N. C., Treasurer; J. P. O'Connell, of Greensboro, N. C., Secretary.

Besides the general program open to the entire membership of the Association, each State and District represented in the Association will hold separate meetings for the purpose of discussing conditions and questions within its own boundaries.

Owing to a very full program of technical and professional papers, there will be little or no time given to social affairs or formal dinners.

PUBLIC INVITED TO VISIT FLORAL COMPANY

The formal opening of the Greenville Floral company will be held as soon as the streets leading to the hothouses have been completed, it was stated this morning by H. C. Shafer, manager. Despite the bad conditions of the street, however, numbers of people have visited the hothouses the last two Sundays.

At least fifty or sixty automobile loads of people visited the plant yesterday and were delighted with the hundreds of blooming flowers in evidence. Mr. Shafer and Dr. Spence cordially invites the public to visit the new enterprise at any time and not to wait on the opening.

THE ROYAL SERENADERS HAWAIIAN SINGERS, DANCERS AND PLAYERS

Will appear at White's Theatre Thursday night. This famous troupe of entertainers will please you, with their sweet, weird and scintillating music and songs of the Hawaiian Islands. The native Hawaiian is a musician. This goes without question. Never did a people lend itself to music more than does the native Kanaka. He has a style of music typically his own, and this style he has developed until the repertoire of native airs is most extensive. Among the best known of all Hawaiian music is "Aloha Oe," and because of its wondrous sweetness this air is familiar pretty much the world over. The native adopts any kind of musical instrument, and soon becomes adept on it. The guitar and his own "Ukelele" (which means dancing flea) has made the music of these islands familiar to all. For over 40 years the Royal Hawaiian Band has charmed the visitor to Honolulu, for they play concerts daily in various parts of the city. This band was a play-thing of royalty in the days before the Stars and Stripes were raised over the islands, but after the Islands came under the government of the United States America, the band was kept and today is one of the show things of Honolulu. The peculiar sliding tone of the ukulele has taken the world by storm, and you can hear almost any familiar rendered a la Hawaiian.

This is the Company that sets the standard for Hawaiian music in America. This company is an added attraction with the Romantic play "Under Hawaiian Skies," which comes to White's theater so highly recommended.

WOMAN'S CLUB ENTERTAINS TEACHERS AT RECEPTION

Given at Vines House Complimentary to Teachers of Graded Schools and E. C. T. C.

On Friday evening from 8:30 to 10 o'clock, at the Vines House the members of the Woman's Club delightfully entertained the faculty of the Greenville Graded Schools and the Eastern Carolina Teachers College at a beautiful reception.

The large rooms of the lower floor were artistically decorated with cut flowers and ferns. The color scheme of the hall being purple and gold, the drawing room and library yellow, with yellow dahlias being used in profusion, while the dining room carried out the pink color scheme. All the lights were shaded with the predominating colors and the columns in the hall were entwined with smilax. In all the decorations were most appropriate and added much to the occasion.

Upon arrival the guests were given a most cordial welcome by President and Mrs. R. H. Wright, Prof. J. H. Rose, Misses Keeter and McClellan. After exchanging a few words of greeting the guests passed to the drawing room and were received by Miss Doris Overton and Miss Goggin, assisted by other teachers.

The register was arranged in the drawing room and was presided over by Misses Phelps, Morgan and Prof. Mullerberger. Quite a large number of the club members and their husbands called during the evening.

After leaving the register, Misses Graham, Scoville, Burton and Harvey, welcomed the guests and in their usual charming manner invited them to the punch bowl. The bowl was arranged in a beautiful bower of pink roses and smilax and was presided over by Misses Estelle Greene, Christian Johnson, and Mae McCurry. They were assisted by a few other teachers.

The dining room was the next room entered. This room presented a beautiful scene with its decorations of pink roses and smilax. Misses Southall, Cousins, and Bertolet received the guests and Misses Purvis, Huggins, Bass and Williams, assisted by other teachers served an ice course which also carried out the color scheme of pink.

In the library, Misses Hathaway, Dwight, Lewis and Coates received. The guests lingered in this room a while before entering the reception hall where they were bid farewell by Prof. and Mrs. H. E. Austin, Misses Howell, Hatcher, and other teachers.

After the departure of the guests Mr. Pruntywell entertained the teachers with several guitar selections.

Needless to say these were enjoyed by all present.

The Woman's Club has always been interested in all the activities of the school and has been an inspiration and help to the teachers since its organization. The reception on Friday evening was a great success and thoroughly enjoyed by the guests and honorees.

COL-DAVIS.

Four Oaks, N. C., Oct. 23.—The Baptist church of Four Oaks was the scene of a beautiful wedding Thursday evening, Oct. 19th, at six o'clock when Miss Johnnie Lou Davis was united in marriage to Dr. Clinton C. Cox of Durham, N. C.

Just before the entrance of the bridal party Miss Helen Williams of South Mills, N. C., rendered very beautifully "Believe Me If All Those Endearing Young Charms" and Gounod's "Entrate Me Not to Leave Thee." Mendelssohn's wedding march was rendered by Miss Esther Creech of Four Oaks. The first to enter were the brides maids, Misses Lou Davis Lyon of Creedmoor, cousin of the bride, and Leola Saunders of Four Oaks, both dressed in Nile green satin trimmed in silver, wearing bands of silver leaves in their hair, and carrying bouquets of pink roses tied with Nile green tulle. Following these came the groomsmen, E. E. Tracey of Raleigh and C. Bernice Mason of Durham. The maid of honor, Miss Margaret Lyon of Durham, cousin of the bride, in a beautiful creation of gold lace over pink satin, wearing a band of gold leaves in her hair and carrying a shower bouquet of pink roses, followed. Next came the flower girls, Lonnie Cox of Raleigh, niece of the groom, and Mabel Stanley of Four Oaks dressed in pink accordion plaited crepe de chine dresses, and carrying baskets of lovely pink roses, followed by Leroy Massingill of Four Oaks dressed in a lovely black velvet suit, carrying the ring in the heart of a pink rose.

The groom with his best man, Mr. Roxcoe Cox of Greenville, brother of the groom, met the bride at the right of the altar. The bride wore a lovely gown of lustrous satin with floating chiffon veil caught with orange blossoms, and carried a beautiful bouquet of lilies of the valley and white roses showered with sweet heart roses. Rev. M. P. Davis, father of the bride performed the ceremony. Traumer's was softly rendered during the ceremony and the recessional was from Lohengrin.

Mrs. Cox is the only child of Rev. and Mrs. M. P. Davis, Mr. Davis being a Baptist minister well known throughout the state. Mrs. Davis is the daughter of the late Dr. J. H. Kinyown of Centerville, Mo., and sister of the late Dr. J. J. Kinyown, Washington, D. C. Mrs. Cox was educated at Meredith College, Raleigh, and for the past three years has taught in the graded schools of Albemarle and Aulander. Dr. Cox received his education from Trinity College of Durham and the National College of Chiropractic of Chicago. He volunteered and served eighteen months in the world war, eleven months overseas.

Immediately after the ceremony Dr. and Mrs. Cox left for Washington and other northern points. After November 1st they will be at home at 120 S. Mangum street, Durham, N. C.

The out of town guests present for the wedding were: Misses Margaret and Lou Davis Lyon of Creedmoor, Miss Helen Williams of South Mills, Mr. R. T. Cox and Miss Celeste Duke of Greenville, Miss Louise Cox, Mr. and Mrs. C. T. Cox, Mr. E. E. Tracey and Mr. D. P. Modlin of Raleigh, Mr. and Mrs. W. H. Williams and C. B. Mason of Durham, Mrs. E. O. Dixon, Gilmer and Mary Lee Dixon of Ayden, N. C.

each other. From a tangled maze of evidence in this case it was finally developed that four young gentlemen from Bear Grass met four young gentlemen from the Grifton section and that after some diplomatic passages in which stern and threatening language was used, an ultimatum was issued, which resulted in the severance of peaceful relations and a declaration of war. After the league of nations in the form of the Police had intervened, it was found that a gentleman from Bear Grass had received a facial disfigurement in the form of a knife cut. It was hard to determine who wielded the cutlery but the evidence pointed to B. E. Pittman, altho there was some evidence that S. W. Whitaker also had a knife, however Whitaker fighting on the side of Taylor from Bear Grass could hardly be accredited with slicing his own buddy. On account of the nature of the proceedings, the equal division of evi-

dence, except as to Pittman using a knife, the Mayor fined four of the party \$10 and cost each, and allowed B. E. Pittman to pay Dr. Laughinghouse's bill amounting to \$15 and a fine of \$20 and cost making a total of about \$90.00.

THRILLING ACTS TO BE SEEN AT PITT'S THIRD ANNUAL FAIR

buildings and a large circus tent will be erected to accommodate as many as possible. The cattle show will be much larger than in previous years. The poultry show will also be staged upon a more extensive plan and numbers of coops have been purchased to take care of the fowls. Thoroughbred stock has already been received from some parts of the state and when the fair opens the live stock building will be crowded to its capacity. Charlie Callum, of Norfolk, has already entered his Duesenberg car for the automobile races. The noted driver won all the money at the Virginia state fair two weeks ago and with Fox, the well known driver of the Kline racer to come along with several other prominent drivers the auto races will be a feature of unusual note. Efforts are being made to get Mr. Daily of Wilson, driver of the high powered Kissel automobile, to take part in the races. He is one of the best known drivers in the state, having taken part in many during exhibitions at various fairs. Greenville is known all over the country as the home of several of the best race horses, and horsemen from other points will come here to see what these horses are capable of doing. There will be more horses on the local track than at any other fair in the state this year, and everyone is assured of an excellent program. Purses are more attractive than in years and will prove a big drawing card. The free attraction program has been completed and several thrilling acts will be pulled off every day while the fair is in progress. By Wednesday of this week a decorator will probably be here to spread bunting and flags all over town. The gates will be thrown open to school children of the county Tuesday morning, and they will be given the time of their lives. The fireworks program at night will eclipse anything in the state.

NEGRO INJURED IN SHOOTING SCRAPE NEAR WINTERVILLE

further locomotion impossible. He dropped to the ground and persons who lived in nearby houses made their appearance and helped carry him to his home a short distance away. What became of the man with Atkinson when Cradle's gun begun barking could not be learned. Atkinson said he carried a gun, which was later found in the road where he fell with the stock pierced by several shots. Some thought Atkinson carried the gun himself, but this was vigorously denied. People who live near the scene of the shooting say three shots were fired but whether Cradle fired them all or the man with Atkinson fired in his excitement is still a mystery. Matthew's wife was seen going down the road with a gun a short time before the shooting. It was thought she gave this to her husband and that he had it when he passed Cradle's home. The gun was found at home, however, but Atkinson's wife had gone off visiting and no one could explain why she had the gun and how it got back home so quickly. Any-

SUITS ARE FILED BY CO-OPERATORS

Tobacco Growers Start Actions in Wake Superior Court. (News and Observer.) Following its legal victory on Wednesday when Superior Court Judge Frank Daniels declared its contracts with members were binding and enforceable by injunction, the Tobacco Growers' Co-operative Association yesterday instituted suits against fourteen members in eight counties, asking damages at the rate of five cents a pound for all tobacco sold in violation of the contract, plus attorneys' fees.

All of the suits were entered in Wake county superior court and in six of them Judge Thomas H. Calvert signed temporary restraining orders, enjoining the defendants from further violation of their contracts with the association. The defendants in the injunction suits were ordered to appear before Judge C. C. Lyon, in Raleigh, on October 30, and show cause why the restraining order should not be made permanent. Suits yesterday were brought principally against members in the "Old Belt," where a large percentage of the crop remains unmarketed. Attorneys for the association stated yesterday that the suits were brought on complaint of and for the protection of members in the "Old Belt." All of the suits brought yesterday were made out on printed forms covering every detail of the legal proceedings and it is expected that a number of similar suits will follow. Injunctions were secured against two growers in Wake county and one each in Granville, Green, Person and Warren counties, while suits without the injunction feature were brought against members in Beaufort, Martin, Johnston and Wake counties.

The largest grower named in the suits filed yesterday is W. J. Ball, of Wise, Warren county, who is alleged to have raised or acquired a crop of 100,000 pounds of tobacco, of which 50,000 pounds have been sold outside of the association with the remainder yet to be sold. Damages are asked for in the sum of \$2,500 in addition to an allowance of \$750 for attorneys' fees. Names of the six defendants enjoined with the amount of damages asked for at the rate of five cents a pound follow: Henry A. Mason, Wake, \$400 plus attorneys' fees; Al Walker, Wake, \$500, plus \$300 attorneys' fees; J. T. Daniel, Granville, \$150 plus \$100, attorneys' fees; David Gurganus, Greene, \$250 plus attorneys' fees; C. E. and M. T. Winstead, Person, \$1,000 plus \$500, attorneys' fees; W. J. Ball, Warren, \$2,500 plus \$750 attorneys' fees.

No complaints were filed in the other eight suits which were against the following members of the association: T. M. Conn, Wake; C. H. Branton, W. T. Denby, W. T. Ange, Thad Leggett and H. D. Woolard, all of Beaufort; James P. Barnes, Johnston; T. M. Bunting, Martin. The actions were brought by Burgess and Joyner and Aaron Sapiro, attorney for the association.

AUSTRALIA MAY RATIFY PEACE PACT NEXT, IT IS SAID

Big Reduction Made in Money for National Defense of Island Province

By HARRY L. ROGERS
International News Service Staff Correspondent.

Washington, D. C., Oct.—Of the several countries represented in the Washington Conference the United States has taken the lead in complying with the terms of the agreement reached there for the reduction of armaments.

Japan, however, has now ratified the treaties and official documents are en route to Washington from Tokyo, it has been stated officially. Charge d'Affairs Sabui, of the Japanese Embassy, is now authorized to exchange ratifications with the United States, thus completing Japan's obligation. Australia, also, seems to be inclined to comply with her agreements as soon as possible.

Drastic cuts in the Australian National Defense Budget are being put into effect and military personnel is being reduced all along the line. Considerations of the ten years peace in the Pacific guaranteed under the conference agreements apparently have been responsible for the adoption of this policy by the Australian government.

One training squadron and one flying school constitute the total aviation establishment of Australia under the plan just adopted. Here, the Washington Conference agreements had their effect, the Australian military experts having held it to be the part of wisdom to avoid building up a huge aviation personnel which probably would have lost its usefulness by the time the ten year peace provided for by the Washington treaty has passed.

WORLD'S BUSINESS BETTER THIS MONTH

Director Klein Outlines Present Conditions in Europe, the Far East, and Latin America

"Business is picking up and the outlook is betterer the world over with few exceptions" in the opinion of Uncle Sam's overseas trade experts. Manufacturers Export Association met called together by the American Manu- facturers Association at New York.

Heading a group of Commerce Department regional trade advisers, Dr. Julius Klein, Director of the U. S. Bureau of Foreign and Domestic Commerce voiced the opinion that "conditions almost everywhere show decided improvement."

"The Department of Commerce in Washington" he said, "is like the center of a huge spider web with threads reaching to all the worth-while markets of the globe. At the ends of these threads are trained experts who keep the Department constantly advised of conditions abroad and of opportunities to sell the products of American factories and farms." Discussing each section of the world separately Director Klein declared:

"Conditions in the Orient today are better than they have been at any time since 1920. Japan is steadily pulling herself out of the slough of economic despond into which she fell in May, 1920. Business in China is getting better and the recovery will be aided as the foreign demand for that country's products improves and the strain on Chinese purchasing power, due to the unusual drain of invisible exports experienced during 1921, is relaxed. British Indian trade has returned to its normal favorable balance and the collapse of the non-cooperative movement, has shown its effect in the increased demands for piece goods. Conditions in the Dutch East Indies and

Malaya are improving with increased shipment of tin and rubber even at greatly reduced prices. Australian and New Zealand wool and wheat accumulations are being gradually liquidated at favorable prices, and imports are increasing."

GAINS 20 POUNDS FEELS LIKE A NEW WOMAN

"I have gained twenty pounds by taking Tanlac and feel like an entirely different person," declared Mrs. J. B. Bigger, highly esteemed resident of Lowell, N. C., R. F. D. No. 1.

"When I began taking Tanlac," she said, "I was so nervous and run-down I could hardly do a thing. My stomach was in wretched condition and everything I ate disagreed with me. Gas on my stomach gave me no ends of trouble, and I often had headaches and dizzy spells so bad I would have to stop whatever I was doing and sit down or lie down. My sleep was so badly broken I would get up mornings as worn out as when I went to bed, and it seemed I simply could not get any relief."

"But now I never feel a trace of my old troubles, or Tanlac has made an end of them. I can eat anything I want without having indigestion afterwards. My nerves are steady. I sleep soundly and feel full of energy all the time. Several of my friends have taken Tanlac, too, and we all think it is simply grand."

Tanlac is sold by all good druggists.

COURT PUTS G. K. ON MARRIAGE OF GIRL 13, BOY 21

(By International News.)

Kansas City, Mo., Oct.—Although obstacles of age, race, religion and parental anger presented themselves in the life of Gussie Simpkin Vagliardo, after her capture into matrimony with "Mike" Vagliardo as her "prize," Gussie now is happy. This miss of pigtail age, thirteen years, will not be denied the companionship of her husband through the pathway of life, as seemed probable for several weeks following the wedding.

Gussie's mother and father, of the Orthodox Jewish church, objected to her marriage to "Mike," an Italian, twenty-one years old. In spite of this Gussie ran away and, was maddled. The parents did not hesitate after the "newlyweds" returned to Kansas City in demanding that Judge E. E. Porterfield, of the juvenile court, have the marriage annulled.

Testimony was introduced by Mrs. Henry Cohen, a social worker, in which she testified Gussie had fallen

about her age when the license was procured. "Gussie, are you happy with 'Mike'?" the judge asked. "Oh, yes," replied the girl-wife. "He is good to me." "Case dismissed," declared the judge. The youthful lovers vanished from the screen with eyes only for themselves.

GAIN OF THE PACIFIC PORTS IN FOREIGN TRADE OF AMERICA

The Pacific coast ports continue to gain in their share of the foreign trade of the United States when compared with those of the Atlantic and Gulf frontage. To what extent this is due to the use of the Panama Canal, says the Trade Record of the National City Bank of New York, cannot be definitely determined, though when we compare the figures of the Pacific Coast ports with those of the Atlantic Coast the tremendous gains of the former since the opening of the Panama Canal are at least quite apparent.

Comparing the trade figures of the fiscal year 1922 with those of the year preceding the opening of the Panama Canal, the fiscal year 1914, the official figures show that the imports of the Pacific ports as a whole increase approximately 108 per cent, while those of the Atlantic Coast ports in the same period show a gain of but 28 per cent. On the export side, the Pacific ports show an increase of 132 per cent in the 1914-1922 period, while those of the Atlantic Coast ports show for the same term of years an increase of but 45 per cent. The total imports of the country as a whole increased slightly less than 40 per cent in the period of 1914-22, while those of the Pacific ports alone were increasing over 100 per cent. The exports of the country as a whole increased less than 60 per cent, while those of the Pacific frontage were increasing 132 per cent.

To what extent this big increase in the trade of the Pacific coast ports, when measured by percentages, is due to the use of the Panama Canal cannot of course, says the Trade Record, be accurately measured, though it is known that shipments of wheat, canned salmon, lumber and other products of the Pacific frontage now move directly by vessel from the Pacific coast ports to Europe and in a lesser degree to the eastern frontage of South America, while per contra European merchandise destined for the Pacific frontage now moves directly

Red Cross Gains Strength in All Foreign Fields

In insular possessions of the United States and in foreign lands the American Red Cross scored heavy gains during the last year, passing the previous membership high mark of 1918 by 4,281 and advancing the figure to 156,408. The Philippines take the lead, gaining nearly 100 per cent, now having 115,917 members. In Europe the 1921 Roll Call enrolled 11,125, with the Constantinople Chapter reporting 665, a gain of 33 members. China was 1,782 members, a gain of 506; the little Virgin Islands have 1,000, while the Dominican Republic with 2,927 advanced from its previous high mark by 1,423 new members. Haiti, organized in 1920, now has nearly 1,000 enrolled. Mexico reports 254, a gain of 327 in one year. The American Red Cross has spread its membership over some 70 foreign lands and its Junior membership outside of the United States is close to 700,000.

Red Cross Water First Aid Makes Life-Saving Gain

More than 325 Chapters engaged in life saving or water first aid last year with the result that the American Red Cross Life Saving Corps has set a new high mark for enrollment and the number of qualified life savers developed. The influence of "learn to swim week" in many localities is reducing the water fatalities through instruction and the wider dissemination of resuscitation methods demonstrated by the Red Cross representatives. Excellent work has been done in teaching a large part of the American population how to take care of itself in the water. Growing appreciation for this Red Cross Life-Saving Service is shown by the compulsory instruction adopted in many cities for members of the police and fire departments in the prone pressure method of resuscitation.

to the Pacific coast ports in some cases at least by the very ships which carried both wheat and lumber to Europe, thus making in each case an all water trip instead of trans-Atlantic and trans-continental trip as required prior to the opening of the Panama Canal.

RED CROSS HEALS WOUNDS OF WAR

25,000 Disabled Ex-Service Men in Hospitals After Four Years of Peace.

CHAPTERS' FIELD OF SERVICE

Every Veteran Needing Help Gets Individual Attention of Sympathetic Workers.

When on November 11 the world halts to observe the fourth anniversary of Armistice Day, and the American Red Cross inaugurates its Annual Roll Call for the enrollment of the 1923 membership, the people of the United States may well pause to think of the unparalleled contribution to the cause of peace made by our Army and Navy in the World War. The glory of it is a common tradition; but the wounds of war remain. They are not healed in a day, in a year, nor in four years. And on Armistice Day there will be under treatment in Government hospitals over 25,000 ex-service men, broken physically by wounds, exposure, nervous strain and exhaustion incident to their service in the war.

The Government without stint is undertaking to furnish these disabled men with the compensation and medical care to which they are entitled, yet their especial care is a duty of the Red Cross. Why? Because the Government cannot handle the cases of ex-service men individually; it must handle these men in bulk under a standardized policy. The Government has neither the authority, the funds or the equipment for working out the problem of the individual man. There is where the American Red Cross finds its greatest field for service, aiding through its very active Chapters in reaching the disabled man with immediate practical help, assisting his family while his claim is emerging from the process of adjustment, furnishing articles of comfort, funds to tide over the difficult periods, the friendly touch of personal encouragement, helpful recreation and worry-dispelling amusement. It is the warm hand of sympathy and understanding which the American Red Cross extends to the majority of these disabled ex-service men, some of them friendless in the whirl of life, thousands of them with wives and children dependent upon them, and hundreds of them frequently helpless in the face of grim necessity.

2,679 Chapters Aiding Veterans

In this work, upon whose accomplishment the American Red Cross is urging a record-breaking enrollment in the Roll Call which opens on Armistice Day and closes with Thanksgiving Day, 2,679 Chapters in all parts of the country are engaged. This is 350 more than were working for ex-service men last year when approximately \$10,000,000 was expended by the National Organization and the Chapters working together in harmonious unity.

For the current fiscal year National Headquarters appropriated \$3,030,692.90, an increase of \$365,500.84 over the amount spent for the work among ex-service men in the year ended June 30 last. Since it is estimated that the Chapters will expend close to \$7,000,000 from their own funds, the grand total of Red Cross expenditures for this single work is expected again to reach the \$10,000,000 mark by June 30, 1923.

Hospital and District Office Work

During the fiscal year a total of over 1,000 persons, paid and volunteer, has been engaged in Red Cross duty in hospitals or district offices of the U. S. Veterans' Bureau. An average of 8,000 new cases requires definite and particular attention each month. The demand for Chapter-made articles for hospital patients is constant.

During last year Service Claims and Information Service at National Headquarters handled 37,200 compensation and insurance claims, 24,500 allotment and allowance cases, and 9,700 miscellaneous claims. Since February, 1919, it has disposed of 64,174 allotment checks payable to veterans which the Post Office Department reported undeliverable.

The Chapter is the unit of the Red Cross organization which is accessible to every disabled veteran or his family. Between July 1, 1921, and June 30, 1922, the Chapters had reported 1,805,079 instances of service to ex-service men and their dependents, at a cost estimated from reports now at hand of more than \$5,340,000.

The basis of this far-reaching work of the Red Cross is the individual needs of the disabled veteran to the end that he may obtain his rights under the law, that his especial wants may be immediately supplied, that his own and his family's situation may be rendered happy and cheerful, and that their outlook for the future may visualize incentives for independent and fruitful effort.

Spread Christmas Joy Abroad

More than 100,000 Christmas boxes for the children of Central Europe were packed by the Junior Red Cross last year. The spread of Christmas joy through these boxes will be largely increased this year because of the plans already under way.

MADAME RANDORA, RADIO WOMAN, BOWS AND ANSWERS QUESTIONS ASKED

"Madame Randora," life-sized automaton, who bows and talks in very human fashion. Her movements have their origin in radio impulses.

New York, Oct.—People's thoughts are now read by radio, which proves that Conan Doyle's theory has been put to a practical test by "Madame Randora," who is now located at one of our uptown hotels. "Madame Randora" is not a human being, but a life-sized automaton

whose movements and thoughts are carried to her on the wings of the electric wave. No wires of any kind are attached to the table upon which she rests. The person who wishes to ask "Madame Randora" questions stands before her and places his hands upon

a pedestal upon which there are ten contact points. "Madame Randora" then bends over a crystal and answers in a clear voice. The voice and mechanical motions are accomplished by radio.

Closed Car Comfort for Business and Pleasure
The 1923 Buick Four Coupe—\$1175

Combining the beauty and appointments of the costliest closed cars with modest proportions and every day utility, the Buick four-cylinder, three passenger coupe, meets the requirements of business and professional use, as well as those of the family.

Its smartness has been increased by the changes that have been made in body, radiator and cowl to lower and lengthen its appearance and at the same time add roominess inside the body. Heavy crown fenders, drum type head and cowl lamps are touches that enhance its outside attractiveness.

Wide doors swing open to reveal an interior trimmed and upholstered in fine plush and set off by distinctive fittings. A heater, cowl ventilator and disappearing door windows provide perfect all-weather driving comfort.

Improvements have been made too in the famous Buick Valve-in-Head engine, springs, frame and every important unit of the chassis to develop further the dependability and ruggedness that always is so marked in Buick cars.
