

GREENVILLE MAN ELECTED PRESIDENT OF NEXT INTER CITY MEETING DURING FINAL SESSION OF ROTARIANS HERE

R. H. Wright Succeeds Howard Hilley, of Wilson, Who Presided Yesterday

FARMVILLE AGAIN WINS LOVING CUP IN SONG CONTEST

Final Session at White's Theatre Featured by Many Interesting Things

The fourth East Carolina Inter-City Rotary meeting which convened at the beautiful Rotary building in this city yesterday morning was brought to end yesterday afternoon following a day filled with the most intense interest. The final session was held at White's theatre, at which time R. H. Wright, president of the East Carolina Teachers College, was elected president of the next Inter-City meeting, succeeding Howard W. Hilley, of Wilson, who presided over both sessions here.

Of the thirteen cities comprising this district only Fayetteville failed to have delegates in attendance. The other twelve towns had quite a number of members present and to say they enjoyed the occasion would be expressing the matter mildly. From the time they entered the city and registered at the Rotary home until they departed at four o'clock there was something doing every minute. The local club had prepared a splendid program and everything moved along as smoothly as clock work. The next inter-city meeting will be held at Raleigh.

After the morning session at which Roger Moore, of Wilmington, governor of the 27 district was principal speaker, the Rotarians went to the Teachers College where they were tendered a delightful luncheon. R. H. Wright was host and delivered an inspiring address on educational work in progress and a man's duty to his community and state.

After luncheon the visitors were taken on an automobile tour of the city. They visited all points of interest and then repaired to White's theatre for the concluding session.

The final session was opened by the singing "When You and I Were Young, Maggie." This was followed by a concert by the Greenville High School Glee Club, which was greatly enjoyed. Miss Moye and her Scotch Highlanders entertained for several minutes after which Gaskins and Porter presented a number of their stunts.

The most interesting feature of the afternoon session was the song contest in which Farmville won the loving cup given by Wilson to the club doing the best singing. Only Farmville, Durham and Washington participated in this feature, the other clubs offering some excuse for not joining. This was the second time Farmville won the loving cup and if they win the third time the cup will become their permanent property.

Clubs represented here were: Wilson, Washington, Goldsboro, Durham, Henderson, Raleigh, Wilson, Farmville, Kinston, New Bern, Elizabeth City and Greenville.

Some of the clubs had over twenty members present. It was expected there would be three or four hundred here, but for some unknown reason attendance fell off. There were slightly over a hundred and fifty members representing all clubs, including Greenville.

Every visitor was impressed with the thrifty spirit of the Greenville club evidenced by the beautiful Rotary home on Rotary avenue and extensive preparations made for the first inter-city meeting ever before entertained here. The day was a banner one for the Greenville club and they enjoyed the meeting as much as the visitors said they did.

WOMAN WHO SAW DOUBLE MURDER GIVEN HEARING

Mrs. Jane Gibson is Woman Who Witnessed Murder of Minister and Singer

New Brunswick, N. J., Oct. 25.—The name of the woman reputed to have witnessed the double murder of the Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor R. Mills, yesterday became known.

She is Mrs. Jane Gibson, a widow, who with her son conduct a sixty acre farm on Hamilton road in a sparsely settled section near here. Before harvest time her fields were frequently entered at night and robbed. Shortly before the double murder she decided to end this thievery by guarding the place.

On the night of the murder she was said to have told investigators she was riding down a lane through the Phillips farm when she saw the outline of two men and two women. She became curious, halted her mule and watched. There was a moment of talking, a shot, a streak of flame and one of the men fell down, then a moment later one of the women dropped.

The man and the woman stood over the slain couple, the story continues, and the name of the man was spoken in horror by the woman.

Gibson then was said to have become frightened and to have turned her mule toward home.

New Brunswick, N. J.—Deputy Attorney Wilbur A. Mott, draped himself in robes of silence today and plunged into the investigation of the Hall-Mills murder, to which he was assigned yesterday by Attorney General McCrane.

Mr. Mott spent the afternoon closeted with County Prosecutor Beekman of Somerset, learning what the county authorities have done, and learned since the bodies of the Rev. Hall and Mrs. Mills were found on September 16.

Yesterday afternoon Prosecutor Stricker of Middlesex county, joined the conference.

When it was over Mr. Mott issued a signed statement saying that he had spent the day going over the case and that he was greatly puzzled to find the county authorities had found so much in their investigation. He declined to make any comment on any angle of the case.

NOT ROBBER, BUT BOOZE PEDDLER, STRANGE PLEA

Cincinnati, O., Oct.—Bernard Haberman twenty-five Brooklyn N. Y. made the unique plea when arraigned here recently as one of the principals in a pawn shop robbery that he was a bootlegger but not a hold-up man. He testified on the witness stand that he participated in illicit whiskey traffic but the jury decided after an hour's deliberation that the prisoner was guilty of robbery. A new trial was asked.

SEVERAL MINOR ACTIONS HEARD IN CITY COURT

Two Men Given Hearing Charged With Theft From Elizabeth Burnette

Herbert Harris, white, charged with assaulting Grover Mason, colored with fist, because Grover would not go back to work in warehouse when told to do so. Taxed with cost of action.

Beanie Godley, white, charged with leaving auto parked on paved street between the hours of 1 and 5 a. m. and thereby blocking efforts of street sweeper to maintain the streets in an immaculate and sanitary condition. Taxed with cost.

F. M. Shute, white, charged with leaving auto parked on paved streets, between the hours of 1 and 5 a. m. Same taxed with cost.

Chas. Laughinghouse, white, from Vanceboro, charged with improperly parking auto and thereby causing damage to auto of Sheriff Dudley, defendant produced strong evidence showing car had been properly parked and had been moved by some one unknown to the owner, therefore, the mayor dismissed the action.

Gus Cooper, Harry Peyton, Wade Boyd, colored, charged with playing a game of chance with cards, in which bottles of cold drinks were used as a commodity of exchange, said bottle drinks being actually exchanged from hand to hand according to the rise and fall of the fortunes of the players. The fact that among the 3 defendants there were only 12 bottles that it was the first offense of defendants who were 16 years of age and that the game of matching for drinks so commonly indulged in by all colors and classes, was not much more than on a par, therefore after giving defendants a lecture on the evils that such a beginning might lead to, and warning them not to let the offense occur again, allowed them to go upon the payment of cost.

S. H. Highway, Robt. Hill, white, Highway a transient collector for ranges and Hill a young man from Vanceboro section both charged with the larceny of a table spread from Elizabeth Burnette valued at \$18.50. The evidence was that Highway accompanied by three young men went down to pay Elizabeth a visit and that leaving two in the house to entertain Elizabeth, Highway and Hill went out to the car that Highway had hired and that immediately after their departure the table spread was missed and that when they returned the police were called, that police found Highway in a pretty drinky condition and also upon search found the table spread stored away in rear of the car. As Hill had accompanied Highway to and fro in and out of the house on all of his meanderings, the mayor bound both over for Judge Cooper's judgment under \$100 bond each.

The negro will be held in jail here until he is given preliminary hearing which will occur sometime soon.

SEVERAL ACTIONS DISPOSED OF IN COURT YESTERDAY

Prospect of Rapid Work the Remainder of the Week Very Bright Today

The civil term of Pitt county superior court which convened in this city Monday morning continued to make rapid progress yesterday and when the day's session was concluded several cases of minor importance had been disposed of. Judge Brock, of western North Carolina, is proving himself a great dispatcher of business and the prospect of clearing the calendar is very bright.

In the case of William Bagwell against R. A. Parker, judgment was returned for \$76.40. Mrs. R. W. Walston was awarded judgment of \$50 against the American Railway Express Company.

A compromise was effected in the case of L. A. Randolph, J. H. Randolph, and F. E. Randolph, trading as L. A. Randolph & Company against J. F. King.

Sudie Mayo was awarded judgment for \$3530 against Dixie Dunn and S. I. Dudley. The American Furniture Company was given judgment for \$125 against J. J. Lassiter.

The case of Isabel McIlwain vs. J. C. Davis, director general of railroads, was compromised upon payment of \$25.

Judgment was returned for \$10.63 in favor of G. G. Ward against Joe Smithwick.

If this rapid pace can be continued the remainder of the week court officials believe the calendar will be completely cleared. There were forty or fifty cases on the calendar when work started Monday but numbers of these have already been disposed of.

AUTOMOBILE MECHANIC BURNED TO DEATH TODAY

Macon, Oct. 25.—William Dodd died today from burns received while working under an automobile attempt to stop a leak in a feed pipe. His clothing caught fire and by the time he crawled from under the machine he was a blazing torch. Wayne Chambliss, Boy Scout, extinguished the flames.

GOVERNMENT SIDETRACKS DAUGHERTY LIQUOR RULING

Washington, Oct. 25.—The government has sidetracked Attorney General Daugherty's ruling outlawing liquor on foreign ships in American waters. Until the supreme court decides the whole matter the enforcement ruling will be suspended as it affects foreign vessels.

BELIEVE HARDING WILL GIVE DAY'S JOB TO DEMOCRAT

Dry Turns in Resignation and Prominent Party Members Are Mentioned

RESIGNATION WILL BECOME EFFECTIVE ON NOVEMBER 14

Senator Shields, Walsh and Others Prominently Mentioned

Washington, Oct. 24.—Associate Justice William R. Day, of the supreme court, placed his resignation today in the hands of President Harding to take effect November 14, and it was accepted. By resigning, Justice Day will be able to devote his undivided attention to his duties as umpire of the American-German Claims Commission. His action will have the effect of placing him upon the retired list of the court on full pay.

By delaying the date on which his resignation will become operative, Justice Day will be eligible to participate with the other members of the court during the three week's recess preceding the next meeting of the court on November 13 in conferences for the decisions of cases which have been argued at this term. It is expected that he will make his last appearance on the bench of the highest tribunal on the day it reconvenes, remaining while the court delivers its opinions.

In official Democratic circles here there is a belief that the vacancy will be filled by the appointment of a Democrat. When Justice Clarke, who was a Democrat when appointed, recently resigned, he was succeeded by Justice Sutherland, a Republican. Among those named as possible selections in Democratic circles are Senators Shields of Tennessee; Walsh, of Montana; Pomerene, of Ohio, and Underwood, of Alabama. John W. Davis, of West Virginia, former ambassador to Great Britain, is also being mentioned for the vacancy.

Justice Day, who is 73 years of age, was introduced to national life by President McKinley, who brought him to Washington from Ohio in 1897 as Assistant Secretary of State. He soon succeeded to the post of Secretary of State, but in a few months resigned to become chairman of the American Peace Commission to Paris at the close of the war with Spain. He was appointed to the supreme court by President Roosevelt in 1903.

HARDING ABANDONS HOPE OF AID FROM FOREIGN COUNTRIES

Prospect of Getting World Powers to Reduce Standing Armies Not Bright

(By International News.) Washington, Oct. 25.—The Harding administration has abandoned for the time being any hope of persuading principal world powers to join America in a voluntary reduction of standing armies.

This interpretation has been placed by diplomatic and official circles on the administration step in calling for reduction of armament among five small central American republics.

WGGLY PILLOW FOUND TO CONTAIN BIG SNAKE

Pomeroy, Oct.—After filling a pillow from a box of old feathers in an outhouse, Mrs. Kindsey Durst, living near Letart, placed the pillow on her little son's bed.

For several days the child complained that his pillow was "wiggley." Finally his mother opened it. She found a big blacksnake among the feathers.

BONAR LAW GIVES THE NAMES OF HIS CABINET MEMBERS

Marquis Curzon to Retain His Post as Secretary of Foreign Affairs

EARL OF DERBY TO BE IN CHARGE OF WAR DEPARTMENT

Number of Appointments Are Yet to be Made, It Was Stated Early Today

London, Oct. 24.—Premier Bonar Law tonight issued a list of the principal members of his ministry. His own name is not mentioned in the official list, which leaves it to be inferred that he takes no other office than the Prime Minister and First Lord of the Treasury, the latter being a post without specified duties beyond those attaching to the Premiership.

Marquis Curzon retains his post as Secretary for Foreign Affairs and will be the leader of the House of Lords. Viscount Peel retains the Indian secretaryship. Stanley Baldwin, as expected, goes to the Exchequer, but it has not yet been announced whether he will be leader in the House of Commons.

The Earl of Derby at the war office resumes a post which he has held before. The Prime Minister had the greatest difficulty with the law officers. It is noticeable that Lord Curzon's name does not appear in the new ministry. Viscount Cave became Lord High Chancellor.

The Attorney General, Douglas McGreggor, is new to the office; he was formerly closely associated with Lord Curzon. His wife is the daughter of Judge William Brown of Nashville, Tennessee, and widow of the Honorable A. J. McLean.

Lord president of the council, Marquis of Salisbury.

Lord high chancellor, Viscount Cave.

Chancellor of the exchequer, Stanley Baldwin.

Secretary of home affairs, William C. Bridgeman.

Secretary of foreign affairs, Earl Curzon.

Minister of agriculture, Sir Robert A. Sanders.

Secretary for Scotland, Viscount Novar.

Attorney general, Douglas McGreggor.

Lord advocate, Hon. W. A. Watson.

Secretary for the colonies, the Duke of Devonshire.

Secretary for India, Viscount Peel.

Secretary for war, the Earl of Derby.

First lord of the admiralty, Lieut. Col. L. C. M. S. Amory.

President of the board of trade, Sir Phillip Lloyd Greame.

Minister of health, Sir Arthur Griffith-Boscawen.

President of the Board of Education, Edward F. Lood.

New Bern, N. C., Oct. 24.—Captain Arthur Coleman, owner of the British Schooner "Message of Peace," who recently completed serving a six months' sentence in Craven county jail after conviction in federal court for violation of the prohibition law, is expected to go on trial here tomorrow on a charge of perjury in connection with the same case.

"The Message of Peace," with 1,036 cases of whiskey seized by federal prohibition agents when the vessel put in at Ocracoke last December, is held at Wilmington, N. C.

THEY CAME—THEY CONQUERED

Greenville yesterday did herself
pride in entertaining Rotarians at-
tending the fourth Inter-City meet-
ing. Not only did members of the
local club give the visitors a royal
good time but everyone seemed to
take interest in the affair and en-
deavor to make the day one long
to be remembered.

The Rotarians had the opportunity
of entering the only Rotary building
in the country. In fact, Greenville
enjoys the distinction of owning the
only building of any club in America,
or the entire world so far as known.
Naturally the visitors watched the
activities of our members with in-
terest, and marveled at the thrift and
enterprise necessary to build a home
of their own when clubs several
times their size have failed to do so.
The program for the day was every-
thing to be expected. It was filled
with fun and enjoyment from the
first session after nine o'clock until
the concluding session at four.

Greenville people were glad to have
the visitors with them and hope they
will come again in the near future.
We realize the splendid influence of
Rotary and such sessions as that yester-
day not only helped the members
but the people in general.

Uncle Sam won his first battle in
the dry ocean case, and it begins to
look as if the big shipping companies
must stop bringing whiskey any
nearer the American shore than the
middle of the ocean. It is probably
well that Judge Hand upheld At-
torney General Daugherty's ruling. If
he had not supported it, foreign na-
tions would take advantage of the
situation and smuggle an amazing
amount of whiskey to our shores. If
prohibition is to be effective we must
to everything possible to keep it
away from our shores. It is all we
can do to apprehend makers of illi-
cit liquor in this county, and when
we have to combat the evil from
another direction the work becomes
greater than ever. It is hoped the
temporary stay may become a perma-
nency as in this way alone can
we combat an evil that demoralizes
our citizenship.

Closer financial relationship be-
tween the United States and Europe
is predicted by J. P. Morgan. We
don't mind being on friendly terms,
but if we must let them have further
financial assistance, then we step to
the side right now. We have given
Europe millions and millions of dol-
lars and thousands of lives in the last
few years, and it isn't fair for them
to expect more of us. The time has
come when America must be more
economical, and the sooner this is
started the earlier everyone will re-
cover from the period of inflation of
war time. After Europe pays up
some of those old debts it might be
advisable to lend them financial as-
sistance then—but not until she has
paid in full.

The Salvation Army campaign to
raise a thousand dollars in this coun-
ty will be brought to a close this
week and unless Greenville and Pitt
county people get busy and contrib-
ute as liberally as they should the
quota will not be raised. This would
be a stain which our people would
be long in living down. The great
part which the Salvation Army has
played in behalf of humanity has
won world wide recognition and it is
the duty of every appreciative per-
son to contribute freely that the work
may be continued. Think of what
the faithful workers did for the boys
while they were in the trenches of
Europe. It was their faithful fol-
lowers who went up on the front
lines and gave the boys every assis-
tance possible. While they were do-
ing this other organizations remained
in rear ranks where danger was not
so great. If they could do that can't
we give them a few cents to continue
their great work of saving wayward
men and women? We could do so
and never feel it and unless we do
we are not doing as appreciative
people should.

The pendulum that swung Repub-
licans in two years ago will swing
back with such momentum this year
that they will be lucky if they get
bare control of congress after elec-
tion, according to Senator Walsh,
chairman of the Democratic senatorial
committee. While this is the opin-
ion of one man only, it is believed
he is telling the truth. The public
will repudiate the Republicans more
decisively than it did the Democrats
two years ago when a change was
desired. Many promises have been
made by leading members of the
party in the past, but so far only
very few of them have been fulfilled.
The public has tired of this and when
the day comes for an expression of
sentiment it will be something like
Senator Walsh has pictured.

Every day someone mentions the
general increase in speeding on the
hard surfaced roads of the county.
They ask us why we don't get busy
and ask someone to place traffic cops
along the roads to protect the public
from loss of life and property. What
could we say? Nothing—except that
we have been pleading with the com-
missioners for months get something
done. If the commissioners aren't
the right ones to take up this impor-
tant matter, then they should con-
sult with the right parties. They are
at the head of the county govern-
ment and the public naturally looks
to them when there is something to
be done. This violation of traffic or-
dinances should be stopped and the
sooner some action is taken the bet-
ter everyone will feel about it.

The annual Roll Call of the Ameri-
can Red Cross will begin Armistice
day and everybody will be asked to
renew their membership by contrib-
uting a dollar to the work of this
great organization. The work must
continue, but it cannot unless funds

are provided by that great mass of
people it is supposed to serve.
Greenville has never failed to do its
part by the roll call and it will not
this time. Let's be prepared when
the campaign opens and give as
liberally as we hope the organiza-
tion would give to us if we were in
trouble.

BELVOIR FARMER RAISES A FIVE POUND POTATO

There may be raisers of better potatoes but R. N. Simmons, residing a few miles from Bethel in Belvoir township claims to be the producer of the largest in the county, or entire section for that matter. He has one potato that will tip the scales at five pounds and five that will register 12 pounds. These potatoes are of the Porta Rican variety and live up to their "sweet" reputation.

10,000 BUSHELS OF POTATOES STORED IN BETHEL'S WAREHOUSE

According to reports reaching Greenville today there are over 10,000 bushels of potatoes stored in the Co-operative growers warehouse recently erected at Bethel. The curing process has been underway several days now and the potatoes will be ready for delivery within the next few weeks. Bethel is the first section of Pitt county to erect a warehouse for preservation of the potato crop, having followed in the footsteps of Rocky Mount, New Bern and other progressive farming communities. Mr. S. M. Jones is manager of the Bethel corporation and says the outlook for success of the industry this year is very bright at the present time.

Coach Duncan is optimistic over the future of his team and feels confident they will come out with colors flying.

PAY UP AND TRADE WEEK ATTRACTING ATTENTION

Pay Up and Trade Weeks campaign is attracting considerable attention among the buying public around Greenville and indications point towards competition next month when the campaign is brought to an end. Merchants report settlement of many accounts and active trading. People seldom fail to ask for a trade receipt, and if they fail to they are generally reminded of the fact. The more receipts a person has the greater his chance to win one of the beautiful prizes to be given away the closing day.

FIRE DEPARTMENT CALLED OUT THIS MORNING TO FIRE AT THE GARRIS RESTAURANT

The fire department was called out this morning about two o'clock by an alarm from box 23, corner Evans and Fifth street, to extinguish a blaze in the kitchen of the Garris barbecue stand. The blaze had made only slight progress when discovered by a night policeman and quick and effective work by other policeman and the fire department prevented it from gaining great headway. The kitchen ceiling and side of the wall where dishes and table clothes were stored was damaged to an extent of two or three hundred dollars. It is believed the fire was started by rats.

COTTON PRICES SHOW GREAT LIFE ON LOCAL MARKET DURING TODAY

The local cotton market showed greater life today than in several months. At the noon hour middling was selling for 23-1-4 cents a pound. The staple reached the 23 cent mark yesterday afternoon, a rise of a quarter a cent over the previous day. The increase in price will be received with interest in all parts of the county and it is probable a considerable amount of cotton will be marketed this week.

The family of the man who neglects Life Insurance too long may not have any money with which to buy coal if anything should happen to him.

MEN WHO ARE ARRESTED IN ENGLISH UPHEAVAL

The resignation of David Lloyd George as British Premier and the calling of Andrew Bonar Law to form a new cabinet brings these men into prominence.

PHILIPPINE BANK IN BETTER SHAPE

(By International News.) Manila, Oct.—The "liquidation of loans" policy instituted in the Philippine National Bank by its manager, E. W. Wilson, is believed to have made an exceedingly favorable impression on United States authorities.

The policy consists of these doctrines: Go slow; get potentially good enterprises on their feet instead of forcing failures; renew loans if payments have been made; get as large payments as possible, and increase the security when practicable, and working on this basis, depend upon time good crops and good volume of exports.

He has been working along these lines since January, 1921, and when the report of Harkins and Sells, made for the Wood-Forbes mission, reached Manila and was published, in extract, in the press, during the fourteen months the report had been in preparation much improvement in the bank's position had been made.

In both cases it is reorganization, curtailment of expense, reduced cost of operation and of manufacture, efficiency instead of careless methods and waste that "got by" during the war and the post-armistice boom.

Governor-General Wood has reorganized the directorate of the bank which is now in experienced American hands. The positions of some of its customers are better each day of these, one is the bank of the Philippine Island, also in competent American hands.

The Manila railroad is making money and paying off its debts. It, too, is in American hands.

BAPTISTS REPORT \$35,000,000 CASH

CAMPAIGN HAS MADE POSSIBLE VAST ENLARGEMENT OF EVERY PHASE OF GENERAL WORK

GAIN 500,000 NEW MEMBERS

Effort Will Be Made to Enlist These and All Other Baptists in Share in Forward Movement During November

Total cash collections on the Baptist 75 Million Campaign up to May 1, 1922, had reached the sum of \$35,152,211.69, according to the general Campaign headquarters. This represents an advance of nearly \$20,000,000 over what Southern Baptists did for their general missionary, educational

DR. L. R. SCARBOROUGH General Director Baptist 75 Million Campaign.

and benevolent work for the three years preceding the Campaign.

The contribution of larger gifts to religious work has been accompanied by larger spiritual results in the local churches, it is pointed out. For instance, Southern Baptists baptized 150,000 more converts during the first three years of the Campaign than they did in the three years before, gained 3,000 new Sunday schools and 400,000 new pupils, enhanced the value of their local church property by \$33,000,000, enlarged their contributions to local causes by \$22,750,000, and increased their contributions to all causes by \$43,480,490.

Baptist Institutions Grow Some other phases of denominational progress made possible by the Campaign include increasing the number of Baptist hospitals in the South from 12 to 19, with three others under construction and four more definitely planned, strengthening of 17 Baptist orphanages and the establishment of two new ones, lifting \$3,000,000 indebtedness on 119 Baptist schools, colleges and seminaries, completion and protection of permanent improvements there in the sum of \$4,000,000, and the addition of substantial sums to the endowment funds. Over 2,500 ministerial students are enrolled at Southern Baptist schools.

Church Loan Fund Raised

Among the outstanding accomplishments in the work of the Home Mission Board are the aiding of 1,900 churches in building new houses of worship, the completion of the million-dollar Church Building Loan Fund, strengthening the work among the foreigners and Indians and the 33 Mountain mission schools. The Board has employed an average of 1,405 workers during the Campaign and reports for that period 134,832 baptisms, 218,371 additions to churches, 2,276 Sunday schools and 759 churches organized, and 1,409 houses of worship built or repaired.

On the foreign fields the equipment for mission work has been practically doubled, more than 250 new foreign missionaries have been sent out, more than 400 new native workers have been employed, and the Board has entered the new fields of Spain, Jugoslavia, Hungary, Roumania, Southern Russia, Palestine and Siberia. The Board reports for the period of the Campaign 117 new churches on the foreign fields, 21,723 baptisms, 211 new Sunday schools, gain of 17,570 pupils, native contributions of \$1,002,390.83, and \$29,642 treatments administered by medical missionaries.

Another result of the Campaign is that the Relief and Annuity Board, which is seeking to care for the aged dependent ministers and their families, has been enabled to double the number of such persons helped and the amount that is given these beneficiaries. Last year the Board was able to dispense \$128,968 among needy ministers. It has invested assets of \$1,149,038.

Receive 500,000 New Members More than 500,000 new members have been received into the local Baptist churches of the South since the Campaign began, and in the hope of enlisting all these in the Campaign, as well as reaching the older members of the churches who have not shared in the forward movement heretofore, the month of November 5-December 3 has been designated as Re-enforcement Month by the Campaign Conservator Commission. During this month it is planned that every Baptist church in the South will call upon all its members who are not already participating in the Campaign and secure subscriptions from them covering the two remaining years of the movement, and cash of forings to the Campaign from all the members. Dr. L. R. Scarborough, of Fort Worth, Texas, who was general director of the original Campaign, has been elected to serve in that capacity for the Re-enforcement program, although the details are being worked out in the various states under the leadership of the secretaries of the state mission boards. It is hoped to secure several million dollars in additional subscriptions and several million in cash as well by December 1.

BAPTISTS TO BEGIN ANOTHER CAMPAIGN

(By Walter M. Gilmore)

Raleigh, Oct.—Every Baptist in North Carolina is called to his knees in behalf of the Reinforcement campaign. A special day, Wednesday, November 22, has been set apart as a day of Prayer and Intercession throughout the state for the success of the effort to round up the third year of the 75 million campaign with the full amount pledged in hand. If the effort is successful, the Baptists of North Carolina will have raised for the objects of the campaign since it was launched three years ago \$4,250,000. At the end of the two, and a half years period last May, the 313,594 Baptists of North Carolina had raised \$2,821,125.33. Special prayer will also be offered in behalf of the approaching session of the Baptist State Convention at Winston-Salem, December 12-14, which promises to be one of unusual moment.

Sunday, November 5 to Sunday, November 12, has been designated by the directors of the Campaign for general observance as "Pay-Up and Pay-In week." It is expected that during that week that hundreds of delinquent subscribers will redeem their unpaid pledges to the original 75 million campaign.

Another special day has been named, November 22, as "Answering God's Call for Volunteers." On this day in every Baptist pulpit in the state

the pastor is asked to preach on the above theme, or some kindred subject, and make the call for volunteers for some definite, specific line of Christian work, for instance, the Gospel ministry at home or abroad, teaching or nursing in some distinctly Christian institution. Since the Campaign was launched three years ago some 16,000 volunteers have offered themselves for such services, many of whom are now in Christian institutions preparing themselves to answer God's call more effectively.

The last week of the campaign, November 26 to December 3, will be known as Loyalty week. It is expected to give to every member in every Baptist church in the state an opportunity to have some part in the great victory that will crown the end of that week. Already the tide is rising fast. Enthusiastic reports are coming in to headquarters from many sections of the battle field.

SIR HARRY LAUDER SQUELCHES HECKLER

Boston, Oct.—When Sir Harry Lauder, in his turn at the Boston Opera House, was speaking on the friendships of the two English-speaking nations a brother Scot, who evidently had been indulging freely in the intoxicating fluid made famous by his ancestors, interrupted the performance by asking Lauder how he would like to be back in the mines again. The Scotch comedian replied that he would be if he "hadn't any more intelligence" than the heckler. The audience broke into applause.

Greatest Mother Summons Her Children

An allegorical concept of the Red Cross as a peace-time ideal is employed by the American Red Cross in a new and striking poster for its Annual Red Cross Roll Call. Spread out before the heroic size figure is the outline of the United States with a Red Cross superimposed upon it while around its borders are sketched scenes depicting the chief activities of the Red Cross today—service to disabled veterans of the World War, disaster relief and promotion of the public health. The poster is the work of Lawrence Wilbur, a New York artist and will be displayed throughout the country during the enrollment of the Red Cross membership for 1923.

FIRE CHIEF ENDS FIRE BEFORE FORCE ARRIVES

Cincinnati, O., Oct.—Len Westcott quite appropriately has been awarded the tin derby as Cincinnati's most resourceful fire marshal. While passing a laundry building the other day he discovered a blaze on the roof, turned in a call for a fire company and then dashed up the stairs to the

roof and beat out the flames with a broom. "Fire's out," he shouted down to the firemen who had just arrived below. "Loss: One broom and a dozen shingles."
