SALVATION ARMY DRIVE TO CLOSE HERE SATURDAY

Public Urged to Contribute Liberally So \$1,000 Quota May be Raised

GREENVILLE STILL FAR BEHIND IN ITS EFFORT TO GET \$700

Other Parts of County Showing Slightly More Interest Than Chief City

The Salvation Army campaign which has been in progress in this county the last several days will be brought to a close next Saturday, according to an announcement made this morning by Dr. W. P. Shamhart, chairman of the county campaign committee. Pitt county is far behind in its effort to raise the \$1,000 quota and unless some mighty diligent work is done within the next several hours the drive will be brought to an end without the entire amount being raised.

Greenville's part of the \$1,000 is approximately \$700. Only a small part of this sum has been raised up to the present time despite the fact that the city has been scoured from top to bottom by canvassers under the direction of A. B. Corey, chairman of the city.

Something must be done to remedy this situation, Dr. Shamhart stated, and it is hoped those who have failed to subscribe will get busy and give until they feel it. The part which the Salvation Army played in winning the world war has attracted attention of people in all parts of the world, and if this good work is to continue it is up to the public to subscribe, as liberally as possible to the campaign now in progress.

Greenville has never failed to raise its quota in its worthy cause of the kind, and it can't fail to do so in this case, Dr. Shamhart stated. Unless the committees are given more encouragement, however, there is nothing but failure staring them in the face. These committees will continue their work until Saturday and everyone desiring to do suffering humanity a good turn is urged to contribute as freely as possible.

Virtually all other towns in the state have reported favorable progress up to this time and it would be shameful indeed to have it said that a progressive, thriving city like Greenville failed to contribute \$1,000 when others have double the amount to raise. There are only two more days after today and then Saturday will tell the tale.

WATTS ADDED SWINE EXTENSION OFFICE

J. M. Watts, a native of Iredell county and a successful swine grower has been added to the swine office of the Agricultural Extension Service according to a recent announcement from W. W. Slay in charge of the work. Mr. Watts is a graduate of Davidson College and has had fifteen years experience in managing and handling a large farm of his own in Iredell county. He took complete charge of the farm at the death of his father several years ago and has improved his soil until it is now one of the most fertile farms in the county.

Mr. Shap states that in a field of about 21 acres of oats last year, Mr. Watts had about eight acres which yielded an average of 77 weighed bushels per acre and which the Division of Agronomy reported as being the best grown in the state. Mr. Watts has always made a good profit by correct feeding. Last spring he sold pork hogs on foot at \$1.00 per hundred at a feed cost of only \$4.78. Some idea as to the quality of hogs which he has produced may be gained from the fact that he sold an eight-week old boar weighing 52 lbs. at a public sale in Asheville for \$53.00, which was a fraction over \$1.00 per pound.

THREE DIVORCES GRANTED IN CIVIL COURT YESTERDAY

Judgments Also Rendered in Number of Cases of Minor Importance and Interest

The October term of Pitt county superior court for the trial of civil cases which convened in this city last Monday with Judge Brock, of western North Carolina, presiding, continued to make rapid progress yesterday and as a result ten or twelve cases of minor importance were completed. Three of these cases involved suits for divorce, and in each instance the bonds of matrimony were severed.

While argument of attorneys consumed considerable time in three or four issues the remainder were disposed of in comparatively short time. Judge Brock is exerting every effort to speed up and the outlook for the most successful term in several months was very bright today.

Absolute divorce was granted yesterday in the following cases: Charlie Gorham vs. Mary Gorham, Joseph Cox vs. Sarah Cox, Fred Short vs. Fannie Short.

Non-suit was ordered in the case of John Allen against Adrian Savage. Judgment for \$79.51 was rendered in the case of J. R. Bunting & Sons vs. W. R. Baker. Judgment for \$20 and interest was awarded M. L. Little against A. C. Monk, Joe Daniel vs. Burton, May was awarded judgment for \$45. The Greenville Supply was given judgment for \$25.91 against Nobles and Craft.

No judgment was returned in the case of the Greenville Fruit and Produce Company vs. J. D. Gaskins.

ENGINEERS MEET TO DISCUSS NEW HIGHWAY PROGRAM

Construction of a Hundred and Eighty Thousand Miles of Hard Roads to be Taken Up

(By International News) Washington, Oct. 26.—Leading highway engineers met here today to consider the government's road building program for the future which contemplates an expenditure of three billion dollars and the construction of a hundred and eighty thousand miles of highway in a period of twenty years and continuing the federal aid. The system will be connected with equal or greater mileage of state or local roads.

When completed the transportation facilities of the United States will exceed that of any nation, it was stated by those well acquainted with every detail of the ambitious program. Every phase of the campaign will be discussed during the session today and the public will be informed regarding each and every detail involved.

NO NEW ARRESTS ARE EXPECTED IN JERSEY MURDER

Woman Signs Statement Giving Name of Woman Connected With Slaying

New Brunswick, N. J., Oct. 25.—Mrs. Jane Gibson, alleged eye-witness of the Hill-Mills murder, signed a statement today giving the name of a woman who, she declared, was one of the slaying party, and report immediately were circulated that the arrest of the woman—prominent since the start among those under investigation—was imminent.

Wilbur A. Mott, special prosecutor in charge of the case, was quoted to the effect that there might be an arrest within an hour. But tonight Mr. Mott added to his quoted utterance a phrase which he says he used in the first instance—"or in two weeks?"

He intimated, although he would not say definitely, that no arrest would be made until the case had been laid before the Somerset county grand jury and an indictment—or indictments—returned. He declined to say when he would go before that body.

While it was true, Mr. Mott said, that Mrs. Gibson, farmer and pig raiser, had signed a statement today, that document did not contain anything she had not already told the authorities and he could see no need at present for an immediate arrest. He declared, however, that he was ready to order one or several arrests without waiting for grand jury action if circumstances made haste advisable.

Mr. Mott expressed skepticism as to Mrs. Gibson's identification in her statement of the Edward Wheeler Hall—victim with Mrs. Eleanor R. Mills of the slaying—because that identification was made on the strength of a photograph. Mrs. Gibson never had seen the Rector before the night of the shooting, he said.

Asked whether Mrs. Gibson ever before had seen the woman she identified as being present at the shooting and who, she declared, had screamed the name of a man long under suspicion, he declined to answer.

FOREIGN SHIPPERS VICIOUSLY ATTACK AMERICAN ISSUE

Vicious Campaign of Propaganda Launched by Interests in America

(By International News)

New York, Oct. 26.—Great foreign shipping interests are engaged in a vicious campaign of propaganda in this country against the administration shipping bill, it was charged today by Edward Plummer, members of the United States shipping board in an address delivered before the Manufacturers Export association. He cited numerous parts by England to show discrimination and discouragement of American sea growth.

The campaign has assumed great magnitude in some sections of the county, it was declared, and it is up to the American people, or supporters of the bill, to get busy and offset the effects of the propaganda.

CONTRACTS LET FOR HARD ROADS IN CAPITAL CITY

Twenty-eight Miles of Hard Road Will Cost State \$24,602 Per Mile

Raleigh, Oct. 26.—Seventy-two miles of road and two large bridges were added to the lists of projects under construction by the State Highway Commission when bids were opened for ten projects yesterday morning, and a million and a half more of the State's fifty million dollar bond issue was obligated for construction.

Included in the list of projects is a stretch of road between Goldsboro and Warsaw, 28.75 miles in length and the longest single stretch of road yet let to contract by the Highway Commission. It went to the Union Paving Co., of Philadelphia, at the remarkable low price of \$24,602 per mile, or a total bid of \$708,911.10.

Bidding on the State's biggest project was keen. The public service Products Corporation of New Jersey, a newcomer into the North Carolina field, submitted a bid of \$716,017.25 for the job and the West Construction Company, which has recently completed 65 of work in Lenoir county, offered a bid of \$737,365.70. Bids on other projects were considered fairly satisfactory.

Contracts have not yet been awarded in any of the projects offered yesterday. Yesterday's letting included a total of 72.49 miles of roads, with 47.53 miles hard surface and 24.96 gravel. The aggregate of the low bids submitted on nine of the ten projects offered was \$1,625,918.25, bringing the total authorization for roads during the administration of Frank Page to approximately \$37,000,000, and the mileage of new construction to 2,600.

Low bids submitted were as follows:

Project 101, Beaufort—Washington to Pitt county line, 4.22 miles hard surface, by Public Service Products Corporation of New Jersey, for \$129,905.75.

Project 105-A, Beaufort—Two miles of Route No. 91, leading out of Belhaven, hard surfaced, J. L. McGhee Construction Co., for \$71,072.20.

Project 105-B, Beaufort—Belhaven to Bunyan, 5.04 miles, hard surface, by Public Service Products Corporation of New Jersey, for \$149,365.10.

Project 113-B, Chowan—Edenton to Center Hill, 9.89 miles, hard surface, no bids.

Project 220, Duplin-Wayne—Goldsboro-Warshaw link of Wilmington and Weldon highway, 28.75 miles in length, hard surface, by Union Paving Co., for \$708,011.90.

Project 254, Lenoir-Pitt—Bridge over Contentnea creek near Grifton, by Roanoke Bridge and Iron Co., for \$64,942.10.

Project 294, Wilson—Bridge over Black creek, near Black Creek station, by Stearns Bros., for \$14,343.45.

Project 901, Buncombe—Hickory Nut Gap to Mine Hole Gap, 7.52 Miles, hard surface, by A. J. Wardrup & Co., \$292,527.40.

WARSAW TO PLAY GREENVILLE CLUB FRIDAY AFTERNOON

Outlook for the Most Stubborn Clash of the Season Very Bright Indeed

What is generally conceded will be the best football game of the season will be played at the fair grounds in this city tomorrow afternoon at four o'clock between the Greenville Tigers and the Warsaw High school. Fans here have been looking forward to this exhibition several days and it is expected the largest crowd of the season will be in attendance.

That the Greenville club will put up an exceptionally fast game is assured. They have been going through strenuous practice the last few days and should be in perfect trim when they face the strong Warsaw team tomorrow. Warsaw also is in fighting form judging by recent clashes with other clubs and the prospect of a stubbornly fought battle is bright indeed.

Coach Duncan is confident his boys will come out victorious and urges the public to turn out in large numbers to give them the support which they so surely deserve. The strongest clubs in this section have fallen prey to the dauntless spirit of the locals this season and if Warsaw should come out victorious they will have to put up a decidedly faster game than seen here this season.

The Greenville club stands a mighty good showing of participating in the championship elimination series to begin immediately after the regular schedule of state clubs has been completed. If this great ambition is realized, however, it will be necessary for the public to turn out to the games in such numbers as to assure the boys of the undivided support of the city. The next two or three games will likely play a big part in deciding the winners and it is imperative that attendance measure up to expectations.

CONSTITUTION OF IRISH FREE STATE ADOPTED BY PARTY

Milroy Declares Document to be Greatest Triumph in History of Ireland

NEW AMENDMENTS FIND THEIR WAY INTO CONSTITUTION

All Essential Features of the New Government Said to be Covered Fully

Dublin, Oct. 25.—The Irish constitution passed its third and final reading in the Dail Eireann today.

Deputy John Milroy described the document as the greatest triumph for Ireland since the battle of Kinsale.

The Constitution of the New Irish Free State has now advanced to its final stage, and only a few formalities remain to put this notable document into complete effect in the administration of Ireland and of its relations with the British government.

The Constitution in its final form is substantially the same as originally framed, in accordance with the treaty negotiated between the Irish delegates headed by Arthur Griffith and Michael Collins, and the British Cabinet members, headed by Premier Lloyd George. The treaty provided for a Constitution and this was later drawn up in Dublin and given Cabinet approval in London.

A few minor amendments were made in the course of the discussion of the Constitution by the Irish Parliament, but all the essential features of the original pact remain, and particularly the creation of Ireland as the "Irish Free State," its establishment as one of the Dominions of the British Commonwealth, with its own Parliament and Executive organization; and with the oath of allegiance to the King, which still preserves the tie uniting Ireland with the rest of the British Commonwealth.

The Constitution has not yet received the final sanction of the British Parliament. But as the Irish treaty, on which the Constitution is based, was favorably acted upon by the British Parliament, the ratification of the Constitution is looked upon as a formality. Within the past week, however, a certain element of uncertainty has entered into the situation because of the fall of the Lloyd George government which negotiated the treaty and the fact that a new Parliament is to be chosen. Leaders of the new British government, however, have expressed themselves as favorable to the ratification of the constitution by the new Parliament, which is expected to be elected and brought into session in time to pass the ratifying act before December 6, when the year's time limit fixed by the Anglo-Irish treaty for completing the legislation under it, expires.

Bethel business men and farmers are to be congratulated on the erection of the potato storage warehouse now in operation. This was a much needed improvement in preserving the crop and the outlook for the future is very bright. Bethel can claim the honors of having the first warehouse of the kind established in the county. While a neat sum of money is involved in the venture it is very likely the growers will realize a saving of several hundred dollars the first year. It will be impossible for this warehouse to accommodate every farmer in Bethel, but it will be able to handle thousands of bushels of potatoes in one season. This will insure a saving that will mean much to the growers in every sense of the word.

The Salvation Army campaign is under way and will be brought to a close in Greenville the latter part of the week. If you haven't contributed, get busy and do so at once while you have the chance. Every cent contributed will be spent in the interest of humanity. The army has established an enviable reputation in the past, especially during its activity in Europe, and if it is to be of similar service in the future American people must provide the money to make this possible. Greenville people have never failed in any issue of such a worthy nature and we trust they won't go in this case.

Judge Brock, of Western North Carolina, is presiding over this term of civil court. This is the first time he has made his appearance in court circles of Greenville and he has made a very favorable impression upon the public as well as members of the bar. The civil calendar has been hopelessly congested several years, but the way Judge Brock has started out it begins to look like the present calendar will be completely disposed of. He has proven himself a great dispatcher of business and if everyone gives proper co-operation the term will be the most successful in months.

Governor Morrison wants a steamer line established in North Carolina and will present the matter at the next legislature. The need of steamers operating on regular schedule has been felt many years and the sooner it becomes an actuality the better everyone will feel. Business interests of the state are vitally concerned in this proposition and the governor should receive the hearty co-operation of every section when the matter is taken up.

That Democrats will gain an additional seat in the senate by the election of Governor Edwards of New Jersey seems certain at this time, and party members are awaiting the election with much interest. Flenghysen is the most determined opponent with which Governor Edwards has to contend, but the way sentiment is swinging around these days indicates that even this opposition will be definitely overcome by election day. Democratic victory appears almost certain by the way sentiment is swinging around in many states that went Republican two years ago, and if things remain as they are the change will be as sudden as it was before.

Something must be done to protect the dangerous railroad crossings in and around Greenville and it is up to those in charge of city and county government to get busy and remedy the situation. Unless an improvement occurs appalling loss of life may take place at any moment and then we will wish the places had been protected. There is only one way of providing proper protection and that is to build overhead or underground passages. This can be done at small cost. Other cities have done it and there is no reason in the world why the lives of Pitt county people should be jeopardized more than others. We trust some action will be taken, and that immediately.

The American Red Cross will be able to serve the people on a more extensive scale in the future if the public responds as it should to the Roll Call to begin Armistice Day. Everyone will be asked to pay one dollar as renewal of membership. This money will be used in carrying on the ambitious program of the organization. The cause is a worthy one and the public shouldn't fail to respond as liberally as possible.

While we are raising money for the relief of suffering people in Europe we should also remember the number of helpless people in our own midst. The county welfare department daily comes in contact with people suffering from adversity and their heavy hearts could be made much lighter if the public would provide more funds for the department to carry on its work. Superintendent Fattrell has reported numbers of pathetic cases to this paper the last few months, and while he provided for them in every way possible he could have given greater relief if his resources had been greater. While it is true there is much suffering in Europe it is also true many of our own people need aid almost as badly as the foreigners.

Business is reported to be on an up-grade in the south. This is certainly encouraging and should mean much to the business man who has been looking blue and despondent. America is probably experiencing greater prosperity today than any other country in the world and the man who continues to bemoan his sad fate and to plead hard times should be jailed as a criminal or a menace to society. We have got to face the future with confidence in ourselves and our country. When that is done there is nothing in the world to down us. Even old man adversity will have to stand out on the side lines and wish us well.

## REAL CHAMPION POTATO GROWER COMES TO FRONT WITH A 6 1-2 POUNDER

The Reflector yesterday carried an article about a man in Belvoir township claiming to be champion potato grower of the county. Since that time, however, we have discovered one who has him outstripped considerably from the standpoint of size, and that's the way we judge 'em. The new champion is W. T. Lipscomb, Jr., of Greenville, who has one Nancy Hall that tips the scales at 6 1-2 pounds and four other members of the same family registering 22 pounds.

The six and a half pounder will be on display at this office a day or so, but certainly not much longer, as Mr. Lipscomb is determined to place his products on display at the Pitt county fair. Pitt county people attending the fair next month should not fail to see these potatoes. They go to show that we are capable of doing things in a big way, and potatoes are no exception either.

## DISTRICT RED MEN MEET AT AYDEN TODAY

An elaborate program was presented at the annual district meeting of Red Men in Ayden today. The session was attended by Red Men from many parts of the state who took an active part in success of the occasion. Members of the Greenville lodge left this morning at an early hour and were among the first responding to the roll call.

Among the principal speakers of the day were Mayor D. M. Clark of Greenville and J. B. Godwin. Several prominent members of the organization talked of fraternal activities and showed the growth and prosperity which had been enjoyed the past year.

One of the principal features of the day was the dinner served at the noon hour by the Ayden lodge.

## H. L. HODGES RECEIVES LARGE SHIPMENT OF FLOUR

The Reflector today carries a half page advertisement of H. L. Hodges & Company announcing the arrival of a large shipment of flour. This is probably the largest shipment ever before received by any individual concern in Greenville and indicates the extensive business connections of this firm. The flour received includes such famous brands as Oconeechee, Town Talk and Skylark. Mr. Hodges is probably the largest distributor of feed, seed and provisions in this part of the state and buys in such large quantities he is able to sell at close prices. Those desiring anything in this line will do well to read the advertisement carried today on the back page of The Reflector. The same ad appeared yesterday.

## OLD "KING COTTON" STILL HOLDING HIS OWN ON CITY MART

Old "king cotton" continued to hold his own on the Greenville market today. At three o'clock city buyers were still offering 23 1-4 cents a pound for middling. While it is difficult to determine the trend of the market, old heads are looking for further advance. In this case it is believed a considerable amount of the staple will be marketed here.

## "UNDER HIWAHAN SKIES" TO APPEAR HERE TONIGHT

Members of the troupe of "Under Hiwahan Skies" arrived in Greenville this morning on the Norfolk Southern shortly after ten o'clock and this afternoon went through a rehearsal in preparation for the show tonight. Press comments from other cities have been very favorable and it is probable a large crowd will greet the first appearance of the attraction at White's theatre tonight.

## LIGHT SALES OCCUR ON TOBACCO MARKET

Tobacco sales were comparatively light on the local market today and prices for good tobacco continued to hold their own. The price situation is not so favorable on common grades, however. Farmers are urged to grade their offerings carefully and rest assured of receiving prices in proportion to cost of production.

## EIGHTH BORN CHILD BEST PHYSICALLY, SAYS LONDON M. D.

London, Oct.—"The first child has the worst record for disease and the eighth child and upward the best." This is the result of an exhaustive inquiry made by Dr. R. H. Vercoe among the school children of Essex. "Eighth children," he says, "are inferior to none and superior to the eldest children in small families." In intelligence, weight, height, and other qualities the differences are slight, but the following are noted. Intelligence rises slightly from first child to third, then drops to the sixth, and rises again to the eighth child.

The tallest and heaviest children are the latest born, while the shortest and lightest are the second and sixth.

The eldest child, as a rule, has the lightest colored eye, while the eighth has the darkest. In defects of vision the first and second children are the worst, while the third child comes out best. In general defects the first child is lightly the worst and the eighth by far the best.

## BLIND MAN LOSES 'EYES,' FAITHFUL DOG GOES ASTRAY

(By International News.) Kansas City, Mo., Oct.—"Blackie" a dumb four-footed companion of William Kates, blind negro, has disappeared. For nearly seven years this black and brown spaniel dog has faithfully led his master through the maze of downtown traffic and solicitously watched over him at his bedside through many nights.

Kates told police he believed his "eyes" have been stolen. "Only thieves would make 'Blackie' leave me—that or death," the sightless negro explained. "He had never deserted me before."

Police told Kates they would make inquiries in an effort to locate "Blackie."

## JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Greenville man says:

E. M. McGowan, grocer, 110 1-2 5th street, says: "My back bothered me a few years ago. A cold settled on my kidneys and made the trouble worse. I felt stiff and lame when I got up in the morning and it was some little time before I felt fit to do anything. There was a steady ache across my kidneys and I usually felt tired before the day was over. At times when I did any bending and then tried to straighten a spell of dizziness came over me and objects seemed to be floating before my eyes. I saw Doan's Kidney Pills advertised and got some at the Greenville Drug Co. After I had taken the second box of Doan's I was rid of the trouble."

ATLANTA GIRL WANTS

TO KNOW IF MAN SHE

NURSED LEFT LEGACY

Atlanta, Ga., Oct.—Has "bread cast on the waters" returned, or is somebody playing a practical joke? That's what Jean Floyd, pretty nineteen year old Atlanta girl, would like to know about a legacy of \$25,000 she is said to have been left by an aged man named Binford, whom she once befriended while he was a patient in a hospital here.

When told about it Miss Floyd said she didn't know anything about it. According to her account, last winter, while visiting the hospital to see a sick friend, she became acquainted with Binford, who was there suffering with broken ribs, and for nearly three weeks visited him each day and performed many kindnesses for him. She called him "Daddy" Binford and doesn't know his first name she says. Binford, she said, told her she reminded him of his wife and for her kindnesses.

"I'd like to find out something about the \$25,000," she said. Hospital records fail to show any Binford as a patient during the winter of 1921-22.

TO TAKE CENSUS OF ALL DISABLED

OCTOBER 30 THROUGH NOVEMBER 4 TO BE CRIPPLE CENSUS WEEK IN THIS STATE.

GOVERNOR APPEALS IN BEHALF OF CRIPPLES

Department of Vocational Rehabilitation and Bureau of Child Welfare Wish to Get Names of All Physically Handicapped Persons in N. C. in Order That They May Be Rehabilitated; or, if Children, Receive Treatment.

Raleigh.—Every citizen should have his chance.

This is the basis upon which the Department of Vocational Rehabilitation of the State Department of Public Instruction and the Bureau of Child Welfare of the State Board of Public Welfare are proceeding in instituting Cripple Census Week which will be observed all over North Carolina from October 30 through November 4. The purpose of this state-wide census will be to obtain the names of all disabled persons, children and adults, in North Carolina who may be aided by training or treatment.

Governor Makes Appeal.

Governor Morrison has issued the following appeal to the people of North Carolina to aid these departments in taking this census:

"It is the inalienable right of every one of God's creatures to have the opportunity to live his or her life as usefully and as happily as possible; and since every person has that right, we, as citizens of a great and benevolent Commonwealth, owe it to those who are physically incapacitated to do all within our power to either eliminate or alleviate their disabilities. In the fulfillment of this obligation, we will not only be of real service to the maimed and crippled but will serve our State.

"In order that as many of such people as possible within the borders of our State may receive assistance that will aid them in rehabilitating themselves, I earnestly request the people of North Carolina to set aside the period of October 30th to November 4th, inclusive, as Cripple Census Week, and urge that during that time, especially, all our citizens who may know of crippled persons notify officials of the Department of Vocational Rehabilitation of the State Department of Public Instruction and Bureau of Child Welfare, who have these matters in charge.

"By thus taking a census of those of our people who are physically disabled or incapacitated because of some bodily impairment and whenever possible, securing treatment or vocational training for them, we will surely help to improve the usefulness and welfare of a portion of our population which merits aid from those of us who are more fortunate.

"Through a census, the Department of Vocational Rehabilitation may enlarge its work in helping the handicapped man or woman help himself or herself, and the Bureau of Child Welfare may widen its service by ascertaining the number of crippled children who need treatment and by aiding them to receive it.

"Your individual co-operation is earnestly sought. I feel that this appeal will meet with sympathetic approval. In seeking out the crippled of your community and giving their names to the superintendents of public welfare, superintendents of schools, health officers, nurses, farm and home demonstration agents, Red Cross and Y secretaries, you will help toward the rehabilitation of this unfortunate portion of our population and will increase the general welfare of North Carolina."

Those Eligible for Aid.

Those eligible for aid from the Vocational Rehabilitation Department are: All physically handicapped residents of North Carolina of any race and of either sex who are capable of being rendered fit to engage in an occupation, and have lived in the state one year or more. The assistance offered to these is vocational training for a suitable occupation, aid in securing necessary artificial appliances and help in finding suitable work. Those who are not eligible are aged or helpless persons requiring permanent custodial care, epileptic or feeble-minded, and others not susceptible of rehabilitation.

All applicants under sixteen years of age will be referred to the Bureau of Child Welfare. Those eligible for treatment, supervised by this Bureau, are all children, white or colored, under sixteen years of age who are lame, have defects in arm or leg, or deformity or disease of arm, leg, or spine.

Special Agents Take Census

The census of the disabled in each county will be taken by the various social agents there, i. e., superintendents of public welfare, superintendents of schools, health officers and nurses, farm and home demonstration agents, Red Cross and Y. M. C. A. secretaries, The Rotary and Kiwanis Clubs of the State have already signified their interest and willingness to support the program. All citizens are requested to refer to some one of these agents the name, address and nature of disability of any physically handicapped person who it is thought will profit by training and, if a child, by treatment. At the end of the Census Week, the agents will forward these names to H. L. Stanton, Supervisor of Vocational Rehabilitation, who will refer all names under 16 to Miss Bracha Tuttle, Bureau of Child Welfare. The cooperation of all citizens is asked that accurate information in regard to the problems of North Carolina's disabled may be gained.

FATHER WITH PROSAIC COGNOMEN PICKS FINE MONICKERS FOR SONS

Poplar Bluff, Mo., Oct.—When "Bill" Steen, of Marshall, was very young the baptismal handicap his parents hung on him began to peel. There is no romance to a name like Bill; no suavity or uttlety, no glamor, clap, eclat or class. So after marriage when Bill's progeny began arriving singly and by platoons, Bill cast about for monickers of individuality and distinction. Bill succeeded. There are nine of the little Steens, all boys and Bill gave them a start in life that he never had. Bill's boys, reading from left to right, or other wise, are: Bosco, Tasco, Lasco, Cicero, Marvilo, Rosco, Otto, Woodrow and Vanzo.

# ORGANIZATION OF KLU KLUX KLAN IN PITT COUNTY, BY J. J. LAUGHINGHOUSE

At the request of the sons of old Klu Klux Klan of Pitt county, I have decided to give a short sketch of their organization, the great need of it and what it accomplished.

In January of 1909, I came back to Pitt county, the place of my birth to make it my permanent home. Charles Rountree, Blount Pearce, Rat Rountree, Ed Clarke and Henry Blow having found out what had been accomplished in Beaufort county, came to my home to talk about the advisability of organizing a Klu Klux Klan of Pitt county.

At this time we had a negro postmaster, two negro policemen, three negro aldermen, a negro town clerk, our county officers were all Carpet Baggers and Scallawags.

I was requested to go to Raleigh the next day and see the head of the Klan and get all necessary instructions and they were to get two dozen of our best Ex-Confederates to meet in Greenville on the following Saturday to organize. The following Ex-Confederates met: Maj. Gen. Grimes, Col. Yellowly, Dr. O'Hagan, Charles Rountree, Blount Pearce, Erastus Rountree, Mack Ernull, Henry Blow, Henry Conleton, Alex Pritchard, J. Clarke, Bill Smith, Tom Smith, Arellus Hearne, Ben Hearne, Lewis Wrence, Worster House, Joe Fleming, James Rives, Augustus Evans, L. Laughinghouse, E. S. Laughinghouse, J. J. Laughinghouse, J. H. H. Calvin Mills, S. L. Mills, E. S. Kon and Robert Dixon.

After organizing each member subscribed to a very drastic oath. The last clause of this oath was that any member that gave away any of our workings or secrets of the Klan would be put to death. A motion to appoint an honorary advisory committee was made and the motion was adopted. Maj. Gen. Bryan Grimes, E. C. Yellowly and Dr. C. J. Hagan were the selection made. We realized fully what we were up against and what we had to risk for the preservation of the Anglo-Saxon race against the cruelty of base laws and tyrannical legislation and infernal conditions created by this diabolical greed and lusty adventurers that swarmed in from the North to use the negro for their own selfish and damnable ends. These Carpet Baggers led by the native Scallawags poisoned the minds and brutalized the sensitive negro and converted many of them into human beasts by the bribes of rich rewards in lands and money and looted them armed and inned upon the sacred privileges of suffering Southern people.

In all history, no people ever suffered such tortuous humiliation and endured such woe as the people of South during this period of Reconstruction of 1866 to 1870. God knows what the result would have been, had the atrocious reconstruction schemes of these thieving politicians, who conceived it and entered it into a successful summation. The Klu Klux Klan about this time began to get active in their operations all over the State. It needed Gov. Holden so that his 1,000 messes cut-throats and North Carolina Scallawags got busy and arrested Judge Kerr, Dr. Roan and John Turner and others and placed them in jail, with a lot of criminals, all the Republican courts, superior and supreme, refused a writ habeas corpus. Gen. Ransom rode from Weldon to Elizabeth City, over miles to get Federal Judge to issue this writ and release him. Then they arrested Randolph Howell, tried him in the senate chamber before a negro jury and a Federal Judge from Baltimore and he was sent to the Albany penitentiary for ten years, President Grant soon found out that it was persecution and pardoned him.

Mr. Scallawag Unites Commission decided to put in his little help, he issued warrants for forty members of Pitt county Klan with the intention to hand them over to the Federal court to intimidate them. The notices were served on Friday, the following Tuesday. The Klan decided to meet the next day (Saturday) and the Commissioner was having on this Saturday a party of a Mr. Weathington, whose wife had paid a negro woman for a washing and at the negro's request, Mrs. Weathington had let her a plug of tobacco in part payment, which was a violation of the revenue law. A white Scallawag by name of Wilson had Weathington's wife arraigned for trial this Saturday. The Klan was holding a secret caucus, planning for the next Tuesday, but sent two of their men into Commissioner's office to witness the trial, the deputy marshal took me at a question Bill Smith, a member of the Klan, asked and drew a pistol. Bill Smith, being a quick

## WIFE'S BROTHER QUIZZED IN HALL KILLING

Henry Stevens

Henry Stevens, immensely wealthy brother of Mrs. Edward Wheeler Hall, of New Brunswick, N. J., has been quizzed again by the authorities in their investigation into the killing of Rev. E. W. Hall and Mrs. Eleanor Mills, his choir leader and "Wonder Woman," to whom he was "Gypsy King."

shot, shot the marshal and broke the arm holding the pistol. In another second someone shot Scallawag Wilson, who died that day. The marshal sent for Dr. O'Hagan, and the doctor went word to send him a fee of \$25 and that he would go and take off his head and arm both, if necessary, but that he did not go to such cattle as he was, without pay in advance. It is needless to say when this shooting began this Commissioner's office was never before emptied so quickly. The Commissioner, the worst frightened of all. The Marshal, after getting Dr. O'Hagan's message, hastened to New Bern to Dr. Hughes. The Klan while this was being looked after, was formulating a plan for the following Tuesday. It had just consummated its plans, when this shooting began in the Commissioner's office. The plan was to insist on trial to be had in the court room, that every Klansman was to be armed with a good navy pistol and to say to the Scallawag Deputy Marshal to "keep your rascals on your side, they will not be tolerated among us." That at a certain signal we were to kill the last one of them. The commissioner became so frightened at this trial on Saturday, that he sent two deputy Marshals on Monday to notify these forty men not to appear in Greenville on Tuesday, but to appear in Goldsboro before Commissioner Robinson on next Wednesday at 2:00 p. m.

On Tuesday our advisory committee, Gen. Grimes, Col. Yellowly and Dr. O'Hagan met and decided for the forty Klansmen to be in Greenville by sunrise Wednesday and leave for Goldsboro in a body, that Dr. O'Hagan being well acquainted with Commissioner Robinson would go up two hours ahead of the forty Klansmen and explain our troubles. Dr. O'Hagan said later that he had little trouble in satisfying Commissioner Robinson that it was an effort to get this crowd bound over to Federal court for the purpose of intimidating them.

Being the first Klu Klux trial east of Raleigh, brought all of the ex-soldiers from Wayne and Greene to Goldsboro, the court house would hold half of the crowd. All recollecting that the trial of Shotwell (an ex-Captain in the Confederate Army, a prominent editor in the Piedmont section) had been sent to the Penitentiary for ten years. While Dr. O'Hagan was having his conference with Commissioner Robinson, Pitt county commissioner, Calvin Cox appeared at this office, finding Dr. O'Hagan ahead of him, asked to see the commissioner in his backroom. This request was granted and the Pitt county commissioner asked for a warrant for Dr. O'Hagan. Commissioner Robinson asked for an affidavit covering the charges. Commissioner Cox wrote the affidavit and his main charges were that Dr. O'Hagan never made a speech in the county, that he did not denounce every Republican in the county as a—thieving bunmer and scoundrel. Commissioner Robinson told the commissioner from Pitt that he could not issue a warrant upon this, that there wasn't any statute to cover it, that it was no crime for one man to curse another. This gave Commissioner Cox great trouble. The trial was called promptly at 2:00 p. m. The court house was so densely filled that the commissioner had great

trouble in keeping the bar empty to make room for the witnesses. Dr. O'Hagan secured the services of Senator William Dortch. After all the evidence was in, the commissioner decided it was not sufficient to bind them over and the case was dismissed.

Dr. O'Hagan, at the top of his voice said, "Everybody please be quiet." The Doctor then asked the commissioner ten minutes to explain why forty of the best men in Pitt county, had been thus dragged from their homes. The commissioner granted the request and asked the Doctor to come up higher by him that the people could see him. Dr. O'Hagan after a minute's pushing got to the Judge's seat, and commenced as follows:

"My good friends from Wayne, Green and Pitt counties, it is a keen pleasure to me to be able to explain why these forty men have been brought forty miles from their homes. Calvin Cox, U. S. Commissioner from Pitt county, should have tried this case in Pitt county, and I denounce him as a cowardly villain and scoundrel, for not trying the warrant issued by him at their homes. (At this moment Commissioner Robinson rose and said "Dr. I must ask that you do not indulge in any personalities as we do not want any trouble.") "Dr. O'Hagan said, "Mr. Commissioner, you are unnecessarily alarmed. Every villain in that group is as familiar with being denounced as a thief, a villain and a scoundrel in his own county, as you can be with being called a gentleman in Goldsboro. When I want to compliment them, I call them thieves and scoundrels. See the glow upon their countenances, produced by this accusation. If every villain in that group was to be hung as they should be and I was called upon to offer up a prayer for them, I would pray God that they be hung with a grapevine, if it was not for the love and respect I have for the judge that we get from the fruit it bears." I can not follow him further, than to say it got hotter and stronger to the end.

Senator Dortch said to Col. D. M. Carter, "I have always enjoyed Jerry Black's speeches for the sarcasm and bitter, invectives that he injected in them; but Dr. O'Hagan got more in this fifteen minutes speech than Black ever got in an hour's. I'll give \$10 for a verbatim et literatum copy of it."

The Klan had increased by this time to eighty members. They all attended this trial and came home happy. Pitt's U. S. Commissioner reminded the members of the Klan of an old male pea-fowl after his fine crop of tail feathers had been pulled out. Our U. S. Commissioner tendered his resignation and no one else could not be made to accept it, until after the Klan disbanded.

The Klan sent notices to General Byron Laffin Carpet Bagger and others of his kind than any place in this world would be healthier for him and his kind after ten days than Pitt

county. Gen. Laffin was our Carpet Bag Senator. In 1868, when called upon to list his taxes, he swore he was not worth a cent; but after serving one term in the legislature as chairman of the committee on Internal Improvements and he had to O. K. appropriations for many millions that was stolen. He wanted to go on the bond of Carpet Bag Sheriff, he swore he was worth \$75,000. When asked by Col. Yellowly what it consisted in, he said in North Carolina State bonds. He received this \$75,000 in payment for his help, to-wit: In seeing that these bonds were promptly O. K'd. Many orders were issued, Carpet Baggers left the State. Scallawags became very weak and quiet. Negro Union Leagues ceased to function and Carpet Bagism, Scallawagism and negro rule became a thing of the past.

The work of the Invisible Empire or Klu Klux Klan was well done. It met the combined force against it and through several years of dangerous strife it won, and in winning brought order out of chaos, replaced fanatical, pernicious persecution with peace and quiet. Through right triumphed over might. The Klan harbored no prejudice and perpetrated no injustices, committed no malicious wrongs; and accomplished its gigantic task; achieved its noble mission without fear and without reproach.

No greater achievement in all history was ever accomplished for civilization and humanity. A great courage, a dauntless spirit, a manly mission and high ideals were the actuating principles of those ex-Confeder-

# OIL ROYALTIES FAT REVENUE FOR U. S.

(By International News.)  
Washington, Oct. — In his role of millionaire oil producer, your Uncle Sam received in August the tidy sum of \$778,378.11 in royalties from the production of oil, natural gas and natural gas gasoline on government lands in the west, according to the Bureau of Mines.

Total net royalties accruing to the government to August 31 from these sources amounted to \$7,187,493.77. Of the August royalties \$388,819.46 is credited to Wyoming, \$354,751.40 to California and \$34,807.25 to Montana.

### Chief Revenue Source.

"Royalties on the production of oil," the Bureau stated, "constituted by far the largest portion of these Federal revenues and amounted to \$745,696.48; royalties on natural gas were \$28,760.20, and on natural gas gasoline \$3,921.43."

The bureau received from the General Land Office in August 271 oil and gas prospecting permits, bringing the total number of permits received to 8,538. Five leases were received, making a total of 307.

"The government's sliding royalty scale on oil produced from government leased lands, as provided by the leasing acts, is an important innovation for the petroleum industry," an official of the bureau said. "Under it the government's royalties vary from 12 1-2 to 33 1-3 per cent, according to the rates of production. \$4,000,000 income."

"During the fiscal year ended June 30, 1922, the total government royalty amounted to approximately \$4,000,000. Under the leasing acts this amount is divided—10 per cent to the United States Treasury, 37 1-2 per cent to the State in which the oil and gas are produced, and 52 1-2 per cent to the United States Reclamation Service."

The number of leases and prospecting permits issued up to the close of the fiscal year recently ended was as follows: Arizona, 269 permits; California, ninety-nine leases and 1,356 permits; Colorado, 348 permits; Idaho, seventy permits; Kansas, one permit; Louisiana, one lease and ten permits; Mississippi, eight permits; Montana, eleven leases

and 1,133 permits; Nebraska, six permits; Nevada, 614 permits; New Mexico, 452 permits; North Dakota, two permits; Oklahoma, two permits; Oregon, twenty-three permits; South Dakota, sixty-seven permits; Utah, 1,478 permits; Washington, eighteen permits, and Wyoming, 183 leases and 1,315 permits.

### ACTIVITY IN COTTON

#### SPINNING INDUSTRY

#### FOR SEPTEMBER, 1922

Washington, D. C., Oct. 24.—The department of commerce announced that, according to preliminary figures compiled by the Bureau of the census, there were 37,075,407 cotton spinning spindles in place in the United States on September 30, 1922, of which 33,296,513 were operated at some time during the month, compared with 32,499,324 for August, 31,975,269 for July, 31,975,269 for July, 31,877,015 for June, 31,653,061 for May, 31,389,266 for April, 31,874,496 for March, 33,797,380 for February, 34,457,509 for January, and 33,874,620 for September, 1921.

The aggregate number of active spindle hours reported for the month was 7,760,863,470. Based on an activity of 25 1-2 days, (allowance being made for the observance of Labor Day in some localities), for 8.74 hours per day, the average number of spindles operated during September was 34,822,378, or at 93.9 per cent capacity on a single shift basis. This number compared with an average of 34,041,029 for August, 32,242,369 for July, 33,803,293 for June, 32,502,574 for May, 30,921,094 for April, 33,117,840 for March

34,577,837 for February, 35,751,715 for January, 34,154,410 for December, and 36,074,401 for November. The average number of active spindle hours per spindle in place for the month was 209.
