## CIVIL WAR CLOUDS HANG THREATENINGLY OVER ITALY AS LEADERS CLAMOR FOR CONTROL OF THE LATE FACTA MINISTRY

City and Suburbs Entrenched and Thousands of Troops Are Massed for Action

### ALL ROADWAYS TO CITY UNDER HEAVY GUARD AT PRESENT

Light Artillery and Flame Throwers are Concentrated on Outskirts of City

(By International News)

Rome, Oct. 27.—War clouds hung threateningly over Italy today while leaders of the Fascist were clamoring for control of the new government.

Which will succeed the Facta ministry that resigned last night is problematical and leaders are watching the situation anxiously. Suburbs of the city are entrenched and thousands of troops have been massed in anticipation of an emergency.

All roadways to the city are under military guards and no one is allowed to enter unless the guards are assured of their missions. Light artillery and flame throwers have been concentrated at different points and the slightest commotion will throw the forces into immediate warfare.

## ADOPT PITT PLAN FOR PRODUCTS OF THE SMALL FARM

Schedule of Acres and Crops Endorsed by Eastern Chamber Last Night

The following report of the activity of the Pitt Chamber of Commerce, outlining the farm program for the proper planting of the small farm, was endorsed for further approval yesterday at a meeting of the East Carolina Chamber of Commerce at Kinston.

This program of crops is outlined with a one horse farm as a unit, with 25 acres to the plow:

1. Three acres to cotton.
  2. Four acres to tobacco
  3. Six acres to corn (Soy beans, velvet beans or running peanuts planted to every acre.)
  4. One acre to sweet potatoes.
  5. Two acres to oats. (Followed by peas, etc., for hay.)
  6. Two acres to permanent pasture.
  7. One-half acre to family garden.
  8. One-half acre to amber cane.
  9. One-half acre to melons.
  10. One-half acre to family orchard.
  11. One acre to peanuts.
  12. One acre to millet.
  13. One acre to wheat, to be ground into flour or crushed for chicken feed.
  14. All land should be stumped as soon as possible.
  15. Farmers should protect all grain from rat and weevil damages.
  16. Fences, by necessity, must begin at once to use all labor-saving machinery possible.
  17. From 50 to 100 standard-bred hens on every farm.
  18. A good milch cow on every farm.
  19. At least one good brood sow on every farm.
  20. Suitable fertilizers should be used. Farmers should consult their local demonstration agent as to amount and kind of fertilizers for each crop.
- The above or a similar program for Pitt county for 1923 is recommended by a committee of farmers, merchants, bankers and professional men.

Every man's objection to his quarter is he wishes they were halves.

## GREENVILLE MEN ATTEND CHAMBER MEET IN KINSTON

Program of Eastern Chamber Last Night Highly Gratifying, It Was Said

Secretary Smith of the Pitt county Chamber of Commerce reports a good meeting of the Eastern Carolina Chamber of Commerce at Kinston yesterday.

President Robt. H. Wright of the East Carolina Teachers College also made the trip and presided at both the morning and afternoon session.

The organization's secretary, N. G. Bartlett of Goldsboro, made a report of his activities for the past six months, after which several participated in discussing the report and the work that lies out before the Eastern Chamber.

One of the outstanding items on the day's program was the suggestion as to an Eastern Carolina Exposition. The Exposition, according to the views expressed by those present, would be one of the biggest advertising projects that could possibly be undertaken. It would necessarily go to some town that had ample hotel facilities and who could meet the financial requirements in the way of buildings. It would not only let the outside world know what Eastern North Carolina has, but would acquaint our own people with what we have.

The public will await with interest definite action as to the Exposition and will welcome the announcement of the movement being actually launched.

## NEGRO THIEF IS TAKEN IN CUSTODY BY CITY OFFICERS

Before Capture, However, the Negro Give Chief Jones Healthy Scrape for Freedom

David Doggell, negro, is confined in the city jail today awaiting trial charged with the larceny of goods from a box car in the yards of the Norfolk Southern railroad and also with attacking Chief of Police Jones when the officer attempted to place him under arrest last night about 8 o'clock. Doggell will be given a preliminary hearing before Mayor D. M. Clark tomorrow morning and it is likely he will find his way to a long term on the roads.

Doggell was in the act of taking goods from a box car consigned to H. L. Hodges of this city when he was slipped up on by Chief Jones, and two other members of the department. Chief Jones was the first to reach the negro and no sooner than he grasped his prisoner and told him to consider himself under arrest than the negro pasted the chief a healthy blow on the cheek. A fight ensued, and Doggell, a powerfully built fellow, had almost overpowered the chief when the other officers reached the scene and intervened.

The negro fought until the bitter end but he was overpowered, carried to the city jail and locked up to await preliminary hearing.

## SPLENDID PICTURE TO BE SHOWN HERE MONDAY, OCT. 30

"Conquering Power," Rex Ingram Production, Booked for White's Theatre

The Rex Ingram production for Metro of "The Conquering Power," greeted in New York as one of the truly great motion pictures of the age, is announced by White's theatre for Monday next. It is an adaptation by June Mathis of Balzac's novel, "Eugenie Grandet," a powerful story of love and greed in a small French provincial town.

Alice Terry and Rudolph Valentino, who created such memorable successes as the lovers in Ingram's production of "The Four Horsemen of the Apocalypse," are cast in the leading roles of Eugenie and her Parisian suitor, Charles and Ralph Lewis plays the old miser, Grandet. Others in the cast are Edward Connelly, Edna Dumary, George Atkinson, Willard Lee Hall, Mary Hearne, Bridgetta Clark, Mark Penton, Eugene Pouyet and War Wing. The photography is by John F. Seitz and the technical directors are Ralph Barton and Amos Myers.

### LIQUOR SCHOONER WAS SEIZED WITHOUT ANY LEGAL AUTHORITY

## WIFE AND BROTHER ONLY FEW CASES SAID TO BE GUILTY OF KILLING RECTOR

WOMAN'S LEGAL REPRESENTATIVE DENIES CHARGE

Woman Witness Claims to Have Seen Four Persons Under the Tree

New Brunswick, N. J., Oct. 26.—Mrs. Frances Stephens Hall, widow of the slain rector of the Protestant Episcopal Church of St. John, the Evangelist, and her brother, Henry Stevens, are the man and woman named in the sworn statement of Mrs. June Gibson, self-styled eye-witness of the double slaying of Rev. Edward Wheeler Hall and Mrs. Eleanor Rhinehard Mills on the night of September 14th.

This announcement was not made by the authorities but it became known tonight through the issuance of a statement by Mrs. Hall's attorney, Timothy N. Phelan, denying the fact of Mrs. Gibson's account and declaring that neither the rector's widow nor her brother were on the Phillips farm on the night of the double slaying.

"Mrs. Gibson's statements are contrary to the facts," Mr. Phelan said. "Mrs. Hall was in her home all evening, Barbara Peab, one of the maids was out that night, and Louisa Geist, the other maid, was on the back stoop. There was no one else but a little seven-year-old niece in the house with Mrs. Hall but there may have been one visitor."

"Henry Stevens' identification as one of the party seen on the farm is also contrary to fact. Henry was at LaValette, N. J., at that time."

Mrs. Gibson, in her statement, it is known, declared that she had seen four persons on the night of the murder under the crab apple tree where two days later the bodies of the rector and the choir singer were found.

Mrs. Gibson also said in her statement that she heard the man, whom she alleges she saw fire a series of shots at the rector and the choir singer addressed by his companion.

The cries of Mrs. Mills, which Mrs. Gibson declared "still ring in my ears at night" had hardly echoed the woman farmer said, when the second woman in the quartette screamed in a terrified tone, "Oh, Henry!"

Mrs. Jane Gibson, a pig raiser, who claims to have witnessed the murder of the Rev. Edward Wheeler and Mrs. Eleanor R. Mills, today told a newspaper man that she had identified the man who she says shot the rector as well as identifying the woman who, she asserts, was with the murderer.

Mrs. Gibson, who was on the Phillips farm the night of the double murder looking for corn thieves and who claims to have heard the murderer's name called by his woman companion, says that she did not know the identity of the slayer at the time but had recognized him in the prosecutor's office.

### COMMITTEE WILL IN SAN FRANCISCO HOTEL

### COTTON PRICES DROP SLIGHTLY HERE TODAY

Cotton hit the toboggan today and dropped from 23 1/4 cents a pound to 22 3/4 cents. Buyers, however, do not believe there will be further decline because of the general shortage of the crop reported in various parts of the country. In fact, it is believed the market will undergo a favorable change between now and the holiday season.

## PROGRESS GREATLY RETARDED BY CASE OF BARFIELD AGAINST J. M. HINES

The civil term of Pitt county superior court which convened in city Monday failed to make as much progress yesterday as the day before because of the long drawn out controversy involved in the hearing of the case of Barfield vs. J. M. Hines. The case was taken up yesterday afternoon and will hardly be completed before sometime this afternoon.

The case involves suit over an automobile which the plaintiff claims to have purchased from the local concern and has been featured by lengthy legal battle on both sides. Cases disposed of yesterday are as follows:

J. Saied vs. Paul Solomon, judgment for \$37.65. Non suit was ordered in the case of N. W. Smith vs. H. C. Sugg, representing the Greenville Motor Company.

Compromise was effected in the case of Bethel Live Stock Company against United States railroad administration.

## SAYS AMERICA IS FAR FROM NORMAL AT THE PRESENT

Judge Gary Says Extraordinary Effort Will be Necessary to Return to Normal

(By International News)  
New York, Oct. 27.—Normal conditions have not been restored in the United States and it is not likely they will unless extraordinary efforts are made, declared Judge Gary, president of the American Iron and Steel Institute at a meeting here today.

The country is suffering from the high cost of living to which profiteering and labor disputes contribute their part in preventing a return to normalcy. The future is very bright, however, and American industry should go forward.

### SWISS INSURANCE CO. BANS LOW-CUT DRESS

London, Oct.—Henceforth in Switzerland the girl who wears a low-necked dress and wishes to insure herself will have to pay a much higher premium than the girl who wears a dress buttoned up to her throat.

Several Swiss insurance companies who accept illness risks have notified their women clients that premiums will be increased 15 per cent from November 1 to certain of their sex.

This action, they declare, has become necessary owing to losses resulting from the wearing of low-necked dresses, short skirts and sleeves and high heels, which have greatly increased the amount of illness.

### AIRPLANE DRIVER KILLED IN WRECK AT PALM BEACH

West Palm Beach, Fla., Oct. 27.—W. Rediga was instantly killed and Charles Douglas was injured when an airplane engine failed to operate while they were flying a thousand feet over Oksechobee and crashed to the street. Both men were overseas pilots and had borrowed the plane for a pleasure trip.

### FLIGHT OF PLANE TO SHIP'S RECK IS BIG SUCCESS

Norfolk, Va., Oct. 27.—The first attempt of a land type flying machine to land on the deck of a man-of-war in the United States navy, proved successful off the Virginia Capes this morning. Lt. Commander Godfrey DeC. Chevalier, flying the two-seater A-606 landed on the flight deck of the U. S. Langley while the vessel was proceeding at a rate of about 6 knots.

A 30 mile wind was blowing from the northwest at the time, and the plane, landing at a velocity of 45 knots, was stopped by the arresting gear within 25 feet.

## NEGRO ROBBER ARRESTED HERE THURSDAY NIGHT

Darkey Held Here Charged With Robbing Store at Grimesland Last Night

A negro, whose name could not be learned, is held in jail here today awaiting trial on a charge of robbing a store at Grimesland, getting away with a considerable amount of merchandise and quite a bit of small change. He was arrested here early this morning by members of the police department as he stepped from a N. S. passenger train. It is probable the darkey would be enjoying his freedom now had he not been drunk and started to raising a "rumpus" as he stepped off the train and began to use rather rough language. It was at this juncture that the cops took charge of him. So much change was found on the prisoner that the officers became suspicious, and when hearing of the robbery at Grimesland they carried the man ther this morning to let Grimesland folk take a peep at him.

He was identified as the stranger seen prowling around that community yesterday afternoon and further investigation indicated that he was the man that committed the robbery. He will be given a preliminary hearing before Mayor Clark tomorrow morning and probably remanded to jail.

### PARIS, OCT.—SMALL CARS FOR ALL

Small cars for all pocketbooks stand out above all at the Seventeenth Annual Auto Show. The popular-priced American car has made its influence felt on the French manufacturers. If the number of small cars on exhibition is a criterion the French working man will soon ride to work in his own machine.

Round, comfortable looking bodies are disappearing. Speedy silhouettes with sharp angles and square-cut corners, are shown by most makes. Chassis are much lower than last year. Some models are so close to the ground they give the impression of being underslung.

Simplicity and practicability have taken the place of luxury. Space is at a premium in the small car, and luxury is sacrificed to that end. This is in marked contrast to the French cars of before the war, which, because of their unsurpassed elegance, were used extensively in the United States.

Minister of Commerce, M. Dior, opened the show at the Grand Palais. M. Dior arrived in a French-made car, in contrast to his predecessor of last year, who drove up in a snappy American limousine.

There are more than 300 makes on exhibition, including town cars, sport cars, touring cars, trucks, tractors and motorcycles. No absolute novelties are in evidence, although the body builders are showing some fantastic designs for fastidious buyers.

The majority of big cars are shown with brakes on front and rear wheels. French manufacturers feel that double brakes will soon be found on all good heavy cars. Nearly all makers of big cars have a "little brother" on exhibition at a price to suit the most modest income. Small horse power and small fuel consumption, but a big name is the specialty of these offerings of the mighty. Many new motors are shown; some are "valveless."

Dartmouth's president may be right about too many going to college. Out of thousands only eleven make a football team.

## COMMITTEES WILL BRING CANVASS TO AN END SATURDAY

Salvation Army Campaigners Believe Quota Will be Reached by Saturday

SUBSCRIPTION DRIVE CARRIED INTO AYDEN AND FARMVILLE

Final Effort to Raise \$1,000 Will be Made Today and Probably Saturday

Dr. W. P. Shamhart, of Greenville, chairman of the county Salvation Army campaign stated today that committees were conducting a vigorous subscription drive in Ayden and Farmville and that they hoped to raise the \$1,000 quota by Saturday when the campaign will be brought to a conclusion.

The Greenville committee, under direction of Chairman A. B. Corey, continued canvassing the city today and while no definite report has been made up to noon hour it is believed they are meeting with great success. The public is urged to subscribe as liberally as possible and help the committees raise the funds necessary to continue work of the army.

Dr. Shamhart is hopeful that the drive may be closed with the quota over subscribed. If this ambition is realized, however, it will be necessary for Greenville and Pitt county people to rally as they never rallied before. Little progress had been made up to yesterday, but committees started out with renewed vigor this morning determined to raise the quota if such a thing is possible, and it certainly is if people contribute as liberally as they should.

"Give until it hurts" is the plea the county chairman sent out to all parts of the county this morning in the last concerted effort to reach the goal set for the county.

Friday, October 27th, 1922

Armistice Day preparations in this county should be very elaborate. The occasion is one in which everyone should be more or less interested, as it is an observance of the day when nations of the world laid down their arms to return to peace. Greenville people heretofore have celebrated the occasion in an appropriate way and it is hoped they will leave nothing undone this year. The American

Legion will be in charge of the program in all parts of the county and it's a safe bet they will prepare something in which everyone will be interested. Pitt county can't afford to remain in the rear ranks when others are doing so much to commemorate the deeds of valor of the American soldier and it is up to us to get busy and see just how great we can make the day.

It is very gratifying to note that cotton is coming into its own again. The price situation today is more favorable than it has been in months, and indications point to still higher trend. The farmer who has been holding back his crop will realize handsome profits by doing so. A year or so ago he would have lost, but today he has a chance of coming out to the good.

The Salvation Army campaign will be brought to an end in Pitt county the last of this week and it is hoped everyone will get busy and contribute as liberally as possible. The Army has played a great part in the interest of American people in the past and it is the duty of those able to do so to help them continue their great work. Pitt county has been asked to subscribe exactly \$1,000. Greenville is asked to give \$700 of this amount, but so far the committees have met with little success. Dr.

## KEEP YOUR HOGS HEALTHY

Clean and Careful Feeding Essential in Successful Hog Raising

Here is a secret of successful hog raising practiced by many stock raisers and prosperous farmers. Don't feed your hogs sour or ill-smelling garbage.

The swill should first be sweetened with Red Seal Lye. Take one tablespoonful of Red Seal Lye and dissolve it in a pint of water. Mix this solution thoroughly with sufficient feed for 10 hogs. One-half a can of Red Seal Lye dissolved in one quart of water will sweeten a 50-gallon barrel of swill. Feed twice daily, night and morning.

Ordinary garbage ferments, forming an acid which is injurious to the hog. Red Seal Lye will remove this acid and make the feed more wholesome.

Swill which has been first sweetened with Red Seal Lye and fed to the hogs, will help make healthy, sturdy animals.

Make a strong solution of Red Seal Lye, sprinkle around your hog pens and wash out the feeding troughs. Use at least once a week.

Be sure and get the old original, highest test, granulated Red Seal Lye. Accept no substitute.

## CAN YOU NOMINATE THIS BOY?

We want to locate the most energetic boy in Greenville, N. C. We do not expect this boy to answer this advertisement himself; if may not even come to his attention. Besides the boy we are looking for is attending school regularly and, most likely hasn't the least idea of taking up spare time work. The boy we want is from 14 to 18 years of age, clean cut and aggressive. Of course, responsible parents who are interested in his future. The position we have for this boy is taking charge of the well-established sales agency for The Saturday Evening Post, The Ladies' Home Journal and The Country Gentleman—in Greenville, N. C., which requires but a few hours each week after school. An invaluable, practical business training in addition to a permanent weekly income will be his. You, who are reading this advertisement, may know such a boy. If so, you will do him a real service by advising him of the opportunity so that he and his parents may secure an appointment with our representative, Mr. Stackhouse, who will give full details. Apply room 321 Proctor Hotel, Oct. 27th and 28th.

## A REAL PITT COUNTY FAIR.

Pitt county people are urged to come together in one great effort to make the fair next month the greatest in Eastern Carolina. This can be done, but it requires the combined effort and co-operation of every one.

The exposition is entirely representative of Pitt county people and it is up to them to make it measure up to the true greatness of the locality. Farmers, raisers of live stock, poultry and thoroughbred cattle are especially urged to do their part in making the exhibits what they should be.

The first year of the fair saw these things represented on a very small scale. Last year there was a slight improvement but nothing like it should be. The time has come for concerted effort and it is hoped everyone will co-operate with the fair promoters in making the exposition the greatest in this part of the state.

Other sections have taken particular pride in their exhibits this year and we have heard much favorable comment. Suppose Pitt county should do likewise. Would we furnish any competition for honors? Certainly we would. Our resources are as great if not greater than most sections of the state and if we would exhibit them at the fair the world would have an opportunity of really seeing what we are capable of doing when we try.

So let's pull together in one great effort to make the fair truly representative of the great section in which we live.

Mr. Ross also renewed his subscription to The Reflector so he might keep up with what other followers of the plow are doing.

## LARGE AUDIENCE GREET'S "UNDER HAWAIIAN SKIES"

"Under Hawaiian Skies" played to a large audience at White's theatre last night, and while it wasn't the best play ever seen here it received liberal applause at times. One of the outstanding features of the attraction was the Hawaiian music rendered by a capable set of musicians. The cast is composed of a small number of characters, who played their parts remarkably well. With more comedy and music the play would be a far greater success.

## WHITE HELP EMPLOYED BY ADAMS TAILORING CO.

## FARMERS URGED TO SUPPORT THE FAIR

Farm exhibits of the Pitt county fair this year will be better than ever before and farmers are urged to bring as many products as possible to place on display. The weakest part of the fair in past years has been in the farm department. Our farmers should show more interest this year and exert every effort to show the world exactly what they are doing. Fair managers invite everyone to send all exhibits possible and help make the fair truly representative of Pitt county people.

## BATCHELOR BROTHERS INSTALL FIXTURES

**U. D. C. CHAPTER ELECTS OFFICERS IN FINE SESSION**

Yesterday afternoon from four to six o'clock Mrs. J. N. Gorman was hostess to the U. D. C. Chapter of Greenville. This being the regular meeting and election of officers the usual program was eliminated. After reading of the minutes Mrs. R. H. Wright gave a report of the convention recently held in Wilmington. This was interesting and inspiring and showed exactly what the Daughters are accomplishing in all parts of the state.

The following officers were elected for the coming year: Mrs. Luia Fleming, president, (re-elected); Mrs. R. H. Wright, first vice-president; Mrs. C. H. Forbes, second vice-president; Miss Ward Moore, recording secretary; Mrs. Jack Boyd, corresponding secretary; Mrs. P. L. Clodfelter, treasurer; Mrs. R. R. Cotten, historian; Mrs. J. L. Little, registrar; Mrs. S. E. Gates, reporter. A rising vote of thanks was extended to Mrs. C. T. Munford, retiring registrar.

After the business meeting the hostesses, Mrs. Gorman, served a tempting salad course, consisting of chicken salad, celery, pickles, sandwiches, hot rolls and tea.

The next meeting will be held at the home of Mrs. S. E. Gates.

**CHRISTIAN ENDEAVOR ORGANIZED AT ST. PAUL'S**

Through the kindness of Mr. J. A. Applewhite, and the Christian Endeavor societies of the Christian and the Free Will Baptist churches of this city a Christian Endeavor society was recently organized in St. Paul's Episcopal church in an effort to fill the long felt need for an organization to get and hold the young people of the church.

At the first meeting the following officers were elected: Mrs. E. G. Joyner, president; Miss Bessie Louise Albritton, recording secretary; Miss Pattie Wooten, secretary and Bill Ricks, treasurer.

On Sunday evening October 22nd from six-thirty to seven-thirty the following program arranged by Miss Pattie Wooten was most enthusiastically rendered:

Miss Eleanor Huske, gave us a most helpful and inspiring talk on Reverence which was the topic for discussion in the Christian Endeavor societies throughout America. So helpful was Miss Huske's talk that the suggestion of several members of the society the publicity committee has requested her permission to have it printed in the Mission Herald, the official publication of the Diocese of East Carolina.

Other members who helped to make the meeting both interesting and helpful by short talks on different phases of the subject were: Misses Ruth Edwards, Hulda Albritton, Pattie Wooten, Estelle Green, Elizabeth Andrews and Ada Jones, Mrs. W. R. Jones, and Masters J. Weston Hodges, James Albritton, and P. T. Anthony.

The meeting for Sunday evening October 29th will be in charge of Mrs. W. R. Jones. The subject: A Saloonless World. How to get it, will be handled by such able speakers as Mr. F. M. Wooten and Mrs. H. S. Ragsdale, assisted by the younger members of the society.

Remember that all members are urged to be present and all who are interested in the youth of our city are cordially invited to attend.

E. G. JOYNER, Chairman Publicity Committee.

**UNITED STATES TRADE WITH SOUTH AMERICA**

The United States is now in a more favorable position to hold and build up a large trade with South America than before the war, according to the National Bank of Commerce in New York. Especially is this true as regards Brazil and the northern and western republics whose tropical products are in demand in the United States and which, in turn, require this country's foodstuffs and manufactures.

Since the war ended the European belligerents have sought to regain markets in foreign countries which had been lost during the four years of conflict, the bank says in the November number of its magazine, Commerce Monthly. "In South America the United States had built up a vast foreign trade, supplying in large part the needs of the people there which had formerly been met by the United Kingdom, France, Germany, Italy and Belgium.

Up to the outbreak of the world-wide depression in 1920, the United States maintained its lead practically unimpeded, and in that year 42 per cent of South America's imports came from the United States, as against 15 per cent prior to the war and 46 per cent in 1917. The relative importance of the United States as a market for South American goods naturally declined in the face of Europe's extreme need of foodstuffs and raw materials. In 1920, 33 per cent of South American exports went to the United States, against 42 per cent in 1917 and 20 per cent before the war.

The only foodstuffs which this country needs to import in large quantities are the products of tropical climate, such as coffee, cacao and sugar. The industrial countries of Europe, which must import foodstuffs as well as industrial raw materials, are large buyers of Argentine and Uruguayan wheat, beef and mutton. Since there is a market in Europe for all their products instead of only part, as in the United States, it is natural that the European countries should have an advantage in selling to them. Moreover, Argentina and Uruguay are as near to European as to American ports, which is not true of most of the other countries of South America.

The situation in Brazil and the northern and western republics of Colombia, Venezuela, Ecuador, Peru and Chile is radically different. In Brazil, for instance, the important

foodstuffs exported is coffee, of which Brazil produces three-fourths of the world's supply. More than half of the entire crop is sent to the United States. The other major food products, cacao and sugar, are imported into the United States in large quantities. Brazil's principal industrial raw material, rubber, goes almost entirely to the United States. The same is true of the nitrate and hides of Chile, the coffee and cacao of Ecuador, Colombia and Venezuela, and the copper, vanadium, rubber and cotton of Peru. The United States took 35 per cent of the total exports from these countries in 1919 and 47 per cent in 1920.

**PARIS PEEVED OVER**

**"FRENCH GIRL" DOLL**

Paris, Oct.—Little dolls representing the Parisian girl and seen in the boulevard shop windows have caused a humpus. Representative Paris societies and clubs claim "she" is not the real Parisienne. Storms of protest issue from all sides because of the frivolity of these little alabaster folks, and Americans purchase them as souvenirs of Paris.

The dolls are little plaster ladies in red pajama coats. The coat is all—and it's a small coat—or at least it would seem that it is, as it doesn't quite meet across the chest.

Bonsold asks whether the sculptor, M. Maurice Millée, does right in representing the Parisienne in this manner.

"No," says Bonsold, "these are not the real Paris girls. If the American visitor seeks a real souvenir, a real memory of our girls, let them see them as they come from their offices and shops. Let them see them as they surround the pushcart at noon carefully selecting their midday meal. Then they will know the real Parisienne, and the plaster person, with the pajama coat will be but a fantasy in their memories of Paris.

"LEADERS IN POUNDS AND PRICES"

SOLD TUESDAY AND WEDNESDAY, OCTOBER 24TH and 25TH, 1922—212,982 POUNDS FOR \$75,760.67, AVERAGE \$35.56.

Sales this week have been lighter and prices right much stronger on all grades. Tobacco is now selling as high as it will this season and we would advise our friends to sell as soon as they can. The crop is two-thirds sold and will soon be gone. All our buyers are now on the market and want tobacco. But when sales become small they will not be so keen a competition. We have made some fine sales first part of week and everyone highly pleased. READ A FEW OF THEM:

Real estate is recognized the world over as the best, surest and safest investment.

More fortunes have been made from real estate than from any other one source. Real estate is the foundation of wealth.

Whether you realize it or not—the tenant pays for the house he lives in every years, in rent. Why not get the deed?

You cannot afford to live in a rented house. While you are paying for a home under our plan you are living in it and saving the rent money.

A plan has been devised which makes it not only possible, but easy, for every rent-payer to own his own home, even though his income is limited. In fact, this plan was devised to assist those of moderate means.
