HEAVY DOCKET IN TODAY'S SESSION OF POLICE COURT

Intoxicating Liquors Being Responsible for From 75 to 90 Per Cent of Offenses

There was nothing sensational especially featuring the usual array of defendants facing Mayor Clark this morning. Monday morning courts are generally quite heavy, due to Saturday night and Sunday's leisure of certain classes. Intoxicating liquors being either directly or indirectly responsible for from 75 to 90 per cent of the offenses.

H. N. Heifner, white, charged with being drunk and committing acts of disorderly conduct, also charged with carrying concealed weapon, to-wit: A black jack. The defendant is one of the workmen at the Teacher's College. The evidence in this case was that the defendant while in a drunken condition became very disorderly at the home of Mr. R. L. Moore and by language that could not be exactly termed courteous tried to entice Mr. Moore and Mr. Holland to enter into hostilities with him, but the two named gentlemen being sober and peace loving sent out an S. O. S. call for Chief Jones who arrived on the scene just as said defendant Heifner was in the act of feeding the fishes, had there been any fish there to feed. A preliminary investigation of said defendant's personal premises disclosed that he was armed with a heavily loaded black jack, also with knife open in his pocket. The chief promptly disarmed him and started for Hotel de Taver. But not having asked for free lodging the said defendant being charged on the same liquid that made the mouse defy the cat, proceeded to defy the chief and after a short display of arms, being rendered hors de combat proceeded without further ado, except to express his opinion of the chief along the route, in terms not at all endearing. The Mayor fined him \$10 and costs for being drunk and disorderly and \$25 and cost for carrying concealed weapon, to-wit: Black jack, making a total of about \$50.

Will Johnson, white, from Farmville section charged with being drunk and down. Fined \$10 and cost.

E. W. Clark, white, from Craven county, charged with being drunk and down, paid a fine of \$10 and cost.

A. T. Edwards, white, charged with disorderly conduct. Paid a fine of \$10 and cost.

James Sutton, white, charged with speeding auto on 10th street. Fined \$10 and cost.

Chas. White, white, charged with leaving auto parked on pavement between hours of 1 and 5 a. m. Allowed to pay the cost.

J. B. Thomas, white, charged with reckless driving auto truck. Evidence disclosed that Thomas while making a turn at 4th and Evans streets was forced to back slightly to complete same and in so doing struck the car of Jas. Elks, damaging same. The Mayor found Thomas was reckless only in not blowing horn and proper signalling when he backed and therefore allowed him to pay the cost.

Norman Arthur, colored, charged with assaulting Andrew Langley. Fined \$10 and cost.

Wm. Rice, colored, charged with allowing horse and buggy to wander loose about the streets. Allowed to pay \$8 for feeding horse and cost of action.

Retha Fields, colored, charged with disorderly conduct. There were several witnesses in this case both poor and con, but only witness that could testify directly as to disorderly acts of defendant, was one Louella Hemby, another lady of color, whom the police stated at the time of the complaint and arrest, was herself about 3 sheets in the wind on monkey rum. The mayor stated for that reason he discredited her statement and discharged the defendant.

FRANK ALFORD SHOT AND KILLED BY BEN WEBSTER

Waynesboro, Miss., Oct. 30—Frank Alford, age 27 years, a road contractor was shot and killed by Ben Webster, negro.

ABLE DIRECTOR IS SECURED FOR SALE OF CHRISTMAS SEALS

Mrs. J. K. Brown to Be Director of Sale of Tuberculosis Christmas Seals

The North Carolina Tuberculosis Association will place on sale this year ten million tuberculosis Christmas seals, which will sell for one cent each, the receipts to be used in providing funds for the care and prevention of tuberculosis. The seals will be on sale from Thanksgiving Day until Christmas.

In securing the services of Mrs. J. K. Brown, Greenville, has an able director for the local sale and funds are assured for the care of a number of needy cases of tuberculosis who would otherwise die.

Ten million is a large number of seals. Placed end to end they would reach from Asheville to Raleigh and the receipts from each half mile sold would provide four months' treatment in the best sanatorium in the state. This number is an allotment of five for each person in North Carolina, but we can't judge our interest in humanity by the number of yards we buy.

A case has just been called to the attention of the association where the seals gave relief to a family in Beaufort county in a rather unique way.

The superintendent of public welfare, who is also Chairman for the sale of seals, was called in to see a boy who was undernourished and weakly and had been unable to keep up with his school classes. An allotment was made from the seal fund of \$5 for the purchase of milk but this amount was insufficient. The superintendent then made the suggestion that the father purchase a cow on the installment plan and she would continue the \$5 allowance to apply on the purchase price. The cow was paid for in this way in six months and the family given an adequate supply of milk. The boy is now properly nourished and making good progress in school. In this community the cow is known as the "Christmas Seal Cow."

THE PITT COUNTY POULTRY ASS'N. TO HOLD MEET HERE

Members to Hold Interesting Meeting in This City on Thursday, November 2nd.

The regular monthly meeting of the Pitt county poultry association will be held in the Chamber of Commerce rooms in Greenville on Thursday afternoon, November 2nd, at 3:00 o'clock. Every member of those interested in becoming members are urged to be present.

It is expected that very important announcement will be made at this meeting as to the development of the poultry industry in Pitt county.

A great opportunity lies out before the people of this section in this line of endeavor. It remains for some one with the vision of the bigness of the poultry movement to get in the game and get the profits that will surely come.

JUDGE TASTES BOOZE; DISMISSES PRISONER

(By International News.)
Cincinnati, O., Oct.—There was a dispute in Judge William Alexander's court the other morning as to whether some whiskey seized at the home of Mrs. Fannie Litz was illicit or the "real stuff." The Judge tasted it and decided that it was "the best whiskey he had sampled for a long time." He ordered the case dismissed and the whiskey returned to the woman.

One of the weirdest tales ever unfolded in an American court was told in Hammond, Ind., where Frank McNally, fifty-five, charged his twenty-six year old wife, Mrs. Hazel McNally, with the murder of her two "twins." Mrs. McNally declared in rebuttal that he was so anxious to be a father he made her "nurse" two dolls. In this she was supported by Mrs. Gertrude Azzato, who said she was a childhood friend of Mrs. McNally and that she did the same trick when she was sixteen. However, Mrs. Floyd McNally, daughter-in-law of McNally, testified the "dolls" were really babies, as did Katherine Griffiths, daughter of the nurse who attended Mrs. McNally. The Court, however, ruled the "babies" were dolls and freed her. She went immediately to a toy store and bought two more dolls, with which she is pictured here.

HALIFAX COUNTY WILL CELEBRATE AT SCOTLAND NECK COURT FOR THE TRIAL OF CRIMINAL CASES CONVENED TODAY BANKS TO PURCHASE CAR OF JERSEY COWS SELL TO FARMERS

City Will be Host to Service Men of Halifax and Adjoining Counties

Under an agreement between the American Legion Posts in Halifax county the various towns have agreed to alternate each year in holding the Armistice Day celebration. This year Scotland Neck will be host to the former service men of Halifax county and adjoining counties and a program for the day has been arranged which will be thoroughly interesting from the opening of the joint community fairs at 9:00 o'clock until the small hours of the following morning.

The parade will start promptly at eleven o'clock and will be made up of the band, members of the American Legion and other former service men, the members of the Woman's Auxiliary of the Legion, beautifully decorated floats, and of all the prize winning animals at the fair.

Hon. A. W. McLean, president of the Atlantic Joint Stock Land Bank, and former member of the war finance corporation, will be the speaker of the day and will be introduced by Mr. R. C. Dunn, of Enfield, prominent lawyer and Mason.

Two foot ball games will give the followers of that sport an opportunity to see a great aggregation of former college football stars in action against the United States Naval Base team. Dinner will be served to all former service men and a real hearty old time welcome awaits all ex-soldiers and other visitors.

The Atlantic Coast Line Railroad has promised special rates for the occasion, which will be the greatest event ever staged in this section of the state.

KNOXVILLE SECTION IS VISITED BY BIG FIRE

Knoxville, Tenn. Oct 30—What was first considered an ordinary woods fire and not believed menacing has grown into one of the most serious conflagration in the history of Knox county and today it is entirely unchecked having come within a mile of Knoxville. Many hundred acres of valuable timber land has been burned over. A score of houses are in the path of the flames. Hundreds of men are fighting desperately to save the property which appears doomed.

Judge Brock of Western Circuit to Again Preside During Week

The regular October term of Pitt county superior court for the trial of criminal cases convened in Greenville this morning with Judge Brock presiding. The calendar for this term, although not containing any cases of special importance is very large and much interest is centered around the week's term. Judge Brock appeared in this city for the first time last week and by his ability and judgment won an enviable place in the hearts of Pitt county people. He has been on the western circuit and desiring to come east he exchanged places with Judge Calvert. He is a great dispatcher of business and is one of the state's ablest lawyers.

MOTORCYCLE BURGLAR FIQUES OHIO POLICE

(By International News.)
Cincinnati, O., Oct.—To match the enterprise of the police department there has appeared in Cincinnati the motorcycle burglar. In one night recently a robber was routed from three houses in various parts of the city only to elude pursuit by jumping astride his waiting motorcycle and dashing off into the night before the police could be summoned. So far the police have been unable to break up his thriving business.

BISHOP SCORNS CHARGES MADE AGAINST CHISTLER

Havre, Montana, Oct. 30—Scorning the theory that improper relations existed between Rev. Leonard Christler and his alleged slayer, Mrs. Margaret Carlton, Bishop Frederick Faber, of Montana district Episcopal church declared the charges to be a repetition of trumped up complaints brought against them a year ago.

GOV. MAY BE COMPELLED RELEASE SEIZED WHISKEY

Washington, D. C., Oct. 30—The government may be compelled to release the quarter of million gallons of whiskey seized from foreign ships outside three miles or diamas the cases pending against owners and operators as a result of the Emerald incident.

Banks Desiring to Help Develop Dairy Industry in Pitt County Will Sell Cows

Under the auspices of the Pitt county chamber of commerce and the county agent, a number of Pitt county banks have agreed to purchase, jointly, a car of high grade Jersey dairy cows to be sold to the farmers over the county. The car of Jerseys will be good producing cows and tuberculin tested. The banks desire to help develop the dairy industry in Pitt county, especially when it comes to assisting the people in getting a good family cow.

Inasmuch as the banks participating will only have two or three cows each, it would be a good idea to speak to your banker at once and ask him to reserve one for you.

Pitt county bankers are to be congratulated over this progressive step, which shows their willingness to help bring some first class dairy cattle to the county.

The names of the banks participating will be given in a subsequent issue. Watch the paper for further announcements.

SENATOR WATSON TO BE MEMORIALIZED BY COLLEGE IN GEORGIA

(By International News.)

Atlanta, Ga., Oct.—As a memorial to the life of the late United States Senator Thomas E. Watson, "Sage of Hickory Hill," Thomson, Ga., there will be established in this state a great college for the education of the sons and daughters of Georgians who otherwise could not be given the advantages of a college course.

This is the plan of the Watson Memorial Association formed at Macon, Ga., recently.

A committee of the former staunch Watson supporters representing every county in the state is being organized and this committee will have charge of the contributions to the memorial fund.

State Senator James Boykin, who is heading the movement, declared that in his opinion Senator Watson would have preferred such a memorial as a college rather than some massive piece of granite, marble, or a tomb towering above his last resting place.

PROF. J. L. LEGGETTE CONDUCTS SERVICES AT LOCAL COLLEGE

Delivered Splendid Talk to Young Women on "Need of Modern Church"

After reading a part of the second chapter of II Timothy as the scripture lesson, Mr. Leggette stated his topic for the evening as being, "Some Needs of the Modern Christian Church."

In the development of this topic he discussed first the problem of the lack of smiles and cheerfulness among the modern church members.

The next point was the need of more home-like life in the churches. This condition in the churches could be helped by words of greeting, love, friendship and kindness in his name of Christianity. This need must be met if the church affords for us what it should.

The next problem was that of reorganization in the churches.

Through this reorganization the young people in the community could be reached and brought up in the right. "If this was done," he added "there would not be any need of converting people."

The last point that was brought out was the need of advertising religion and in this way of letting the people outside of the church know what the Christian people were doing.

He stated that the above were only a few of the needs of the modern Christian church, and that unless the churches keep pace with other social organizations along the lines mentioned, they will lose hold of many who should be attracted into the churches.

The special music of the evening was a piano solo by Miss Burton, one of the music teachers.

CHAIRMAN PREDICTS FOR DEMOCRATS

Says Voters Have Already Made up Their Minds to Re-buke Republican Party

Washington, Oct. 29.—Declaring that at this time he does not hesitate to assert that every indication points to a great Democratic victory, Chairman Cordell Hull, of the Democratic National Committee, says that this is now assured, the only question being the extent of the victory. His forecast of the Senatorial and congressional elections, given out tonight, says:

"A Democratic victory is now assured at the elections November 7. The only question remaining is the extent of the victory. During the campaign the speakers and the press of both parties have reported more or less apathy among the voters. This so-called 'apathy' is due to the fact that the great mass of voters have already made up their minds definitely and finally. They have decided to rebuke the Republican party for its failure to keep its election promises and for its failure to present any constructive program. They want a change and the only change possible at this time is to substitute a constructive, progressive Democratic congress for a reactionary, do-nothing Republican congress.

"The country is filled with disillusioned, disgruntled and disgusted Republicans including financial and business men, farmers, merchants, working men, ex-service men and men and women in every vocation. On the other hand the leading supporters of the Republican candidates are found only among the special beneficiaries of the outrageous tariff bill, the multi-millionaires and the profiteering class, who have profited through innumerable tax reductions, the special interests which are looking for full favors and the rank politicians who follow blindly the present reactionary leadership of the Republican party.

"It has been apparent for many months that the people were turning away from the Republican party, which has lost touch with the business interests, the industrial interests, and the common interests and welfare of the people.

The question has been whether or not these voters would stay away Democratic party. The trend has been for many weeks and is now toward active support of the Democratic party.

"If the stay-at-home Republicans vote should be larger than anticipated by Democrats, there will nevertheless be a very substantial Democratic victory. If, on the other hand, the present tendency of Republicans in revolt to actively support the Democratic ticket is general, as there is reason to believe it is, the Democratic party on Tuesday, November 7, will register one of the most sweeping victories it has had in any mid-election.

"At this time I do not hesitate to assert that every indication is the Democratic victory will be larger than the Republican leaders on the inside ready believe their victory may be."

KINSTON CHIEF MAKES BIGGEST GAMBLING RAID

Kinston, Oct. 30.—George A. Everington, police chief here, yesterday claimed the record for gambling raids netting both large and small amounts. Everington told of a raid at a plant in the outskirts of the city in which the following were netted:

Twenty-three negroes, penned in a windowless room with only one door, a large waste basket full of cards, uncounted dice, odds and ends of colored gamblers' paraphernalia, including "weapons," ninety cents.

Four policemen staged the raid. It was easy to corral the unwilling blacks, Everington said. It was a real job to collect the miscellaneous appurtenances. The "money involved" took up small space in the police car. The 23 prisoners were interested to an extent of less than four cents per capita in the game.

TOBACCO MARKET HAD HEAVY SALES DURING PAST WEEK

Market Disposes of 1,459,042 Pounds for a Total Sum of \$473,238.53

The Greenville tobacco market last week sold a total of 1,459,042 pounds of tobacco for \$473,238.53 at an average price of \$32.43 according to a report made public this morning by H. A. Bost, secretary of the Greenville Tobacco Board of Trade.

For the entire season the market has sold a total of 15,791,032 pounds for \$4,432,972.01 at an average price of \$28.07.

The price situation again showed strength on the local market last week and the planters returned home highly pleased at conditions as they existed on the floors each day. There were still a large number of growers from a distance who sold their offerings on the local market and who went home highly elated over the courteous treatment which they received while here.

Sales are expected to be lighter for the remainder of the season but prices are expected to remain as high as during any part of the season if not higher.

INSUFFICIENT RESURRE GETS TOWN IN TROUBLE

Scotland Neck, Oct. 30.—Summons have been issued by A. sul Kitchen in a damage suit against the town of Scotland Neck for alleged negligence in not turning on a sufficient supply of water to extinguish a fire several months ago which destroyed four barns of leaf tobacco. The complainant in the suit is E. W. Hyman, who contends that the loss of the four barns of tobacco was due to the failure and negligence on the part of the proper authorities to furnish sufficient water to extinguish the flames. The amount of damage asked could not be ascertained.

AMERICA'S IMMIGRATION PROBLEM

The immigration policy of the United States, now in the making may contain vital social and economic consequences for the future.

The foundations of this republic were laid by northwestern Europeans. They have constituted the preponderance of our immigration taken as a whole and, up to the last part of the nineteenth century, the major portion of the yearly influx.

In some of the older communities it has been found that after two or three generations in America a stock does little more than reproduce itself. Among the foreign born, birth rates are much higher.

Important though it looms in the history of the past, immigration is even more important as a vital problem of the future. In the postarmistice period millions of Europeans were making their plans to emigrate to America.

Because of the vast natural resources at hand for exploitation, increasing well-being long accompanied the rapid growth in population. Currently accepted figures for per capita income and wealth in terms of purchasing power show a startling growth since the middle of the last century.

EXHUME REMAINS OF MURDERED MAN

Coroner's Jury Finds That Albert Farmer Died From Shotgun Wound

Goldboro, Oct. 29.—The remains of Albert Farmer, merchant, slain near Mt. Olive last Sunday, were exhumed yesterday by three physicians to ascertain if Farmer came to his death by a load of buckshot or a bullet fired from a pistol.

This postmortem examination was demanded by relatives of Ed Edmondson who Friday was confined in the Wayne county jail on a charge of murder while Alonzo Greenfield and Jim Peterson, both colored, originally charged with the crime, were then held as material witnesses.

Charles Farmer, a brother of the slain man, is held with Ed Edmondson, charged with being an accomplice.

Evidence at the hearing before the coroner's jury Friday appeared to fasten the crime on the two men. The dead man's widow testified that shots were fired after the negroes left, and that the shots fired were pistol shots.

George Lena, father of Mrs. Farmer, testified that during the night after the crime was committed Farmer came to his window and passed him a heavy Colt Automatic of large calibre, and told him to put it in a drawer. During the night, he said, the gun disappeared.

Sheriff Grant states that the story of the two white men now differ materially from that told by them soon after the crime was committed. However, with the evidence that the men came to their death by a gunshot wound, the officers still have a great deal further to go before they have fastened the crime on anybody.

SPLENDID PLAY TO BE PRESENTED IN CITY NOVEMBER 7

'The Bat' Which Has a Record in Theatrical World to Visit This City

If you are one of those who like the stories of Conan Doyle, Anna Katherine Green, Wilkie Collins, Mary Roberts Rinehart—or the plays of Avery Hopwood, then you have one of the rarest of treats in store for you when Dagenhals and Kemper present their great dramatic Triumph, 'The Bat,' written by Mrs. Rinehart and Mr. Hopwood in collaboration, at White's theatre on Tuesday, Nov. 7th.

'The Bat's' record in the theatrical world is unique. It is unquestionably the greatest hit in years. It played for more than two years in New York while another company, played over a year in Chicago. This is absolutely without precedent in the theatre.

The success of 'The Bat' is undoubtedly due to the fact that it appeals to all classes of theatregoers. Its amazing success in London and Australia demonstrates this. It is thrilling and at the same time screamingly funny. Staged with all the skill of Wagenhals and Kemper, master hands at producing stage successes, the play, moreover, is acted with consummate skill by an exceptionally capable company.

GIRLS WHO WED AGE MUST TAKE CHANCES. JUDGE TELLS BRIDE

(By International News.) Detroit, Mich., Oct.—Young girls who marry old men "must take their chances," Judge Clayton C. Johnson, of Coldwater, declared in circuit court here, after listening to attorneys for Joseph A. Curtis, president of the Curtis Candy Company, and Mrs. Margaret Averil Curtis argue the latter's motion for \$75 a week alimony.

"This court is not going to lend itself to any scheme to make a profit from marriage," said the judge. Mrs. Curtis's attorneys, referring to Curtis as the "Candy King," declared his income \$18,000 a year. His counsel turned him a bankrupt and

HUDSON AND FORD COLLIDE ON HARD SURFACED ROAD

Yesterday afternoon about 4:30 o'clock a Hudson car driven by Mr. John Cox, of Kinston, collided with a Ford driven by Mr. Ray Stubbs, on the hard surfaced road just beyond the Serve-U filling station with the result that the Ford was completely wrecked. No one was seriously injured, but an occupant of the Hudson received a few cuts about the face.

From reports Mr. Stubbs saw Mr. Cox approaching and in order to avoid an accident took to the ditch, almost going in the field.

The accident was caused by a boy riding a bicycle turning too far to the left. Mr. Cox, in order to keep from hitting the bicycle, turned to his left and in so doing collided with the Ford which was already off the side of the road. It is quite remarkable that no one was seriously hurt.

The front right wheel of the Ford was completely wrecked while other parts of the car suffered considerable damage.

BOTH CITY AND FARM PROPERTY ARE SELLING FOR GOOD PRICES AT AUCTION

Mr. K. W. Cobb, local representative of the Atlantic Coast Realty Company, has just returned from Burlington where he conducted the auction sale of some farm and city property. The entire sale amounting to approximately \$40,000. Mr. Cobb stated that there were ready bidders on each piece of property offered.

Enroute here, Mr. Cobb spent Saturday in Rocky Mount where his company sold for Mr. Lee Bland, owner of the Ricks Hotel, a farm that brought \$67,000 after being subdivided into several small tracts.

Mr. Cobb further stated that the Atlantic Coast Realty Company was holding successful sales each day now of both city and farm properties, and that already sales were booked for every day between this and the Christmas holidays, and that from present outlook it would be necessary to add a second sales force within the next few days.

PROGENY OF WOMAN 97 YRS. OLD IS 184

Homedale, Idaho, Oct.—Celebrating ninety-seventh birthday anniversary here, Mrs. Elizabeth Freeburn received congratulations from her 184 children, grand children, great-grandchildren and great-great-grandchildren. The oldest of the great-great-grandchildren is twenty-six months old. Having seen the fourth generation of her family, Mrs. Freeburn is anxious to live long enough to see the fifth. And she has a good chance of having this wish materialize. For despite her active life and many hardships which she endured as a pioneer, she is unusually well and hardy for her years. She takes a keen interest in newspapers especially in political news.

Born in Indiana in 1825, Mrs. Freeburn had married and migrated to Illinois by 1852, this being the first journey of a series of moves westward. In 1862 she and her husband found life too tame in the rapidly-developing state of Illinois and moved on to Hardin County, Iowa, where she was one of a band of pioneers who planted the first corn in that state. When Iowa settled up she emigrated to the state of Washington, and came to Homedale after the death of her husband, twenty years ago.

BRITISH WOMEN ASK VOTE AT AGE OF 21

Oxford, Oct.—British women plan a new campaign to get the vote at the age of twenty-one. At present a woman has to wait until thirty before exercising the franchise. "This will not be a militant campaign, nor will it be as merry as the last," says Miss Ethel Beaumont, secretary of the Society for Equal Citizenship and leader of the movement. "We shall just quietly agitate until all persons at the age of twenty-one, get the vote."

"If we don't chain ourselves up against railings or smash windows or break through serried ranks of policemen and burst in upon Parliament, our agitation will be none the less effective."

"Young women of twenty-one are considered old enough to be married, manage homes and treat children. Why should they not be thought old enough to have the vote?"

Save Money—Be Comfortable
Think of actually saving money without having to make some sacrifice of pleasure or comfort. Have you ever been able to do it before? It not only can be done, but at the same time real and added comforts can be enjoyed.
COLE'S ORIGINAL HOT BLAST HEATER
saves 1/3 to 1/2 your fuel bill and at the same time gives you double heating capacity. Come in and let us explain the features and guarantee of this heater.

Our Guarantee

1. We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal, lignite or slack.
 2. We guarantee that in homes using open fire places, Cole's Hot Blast Heater will mean a saving of one-half on the fuel bill.
 3. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with the same size first pot.
 4. We guarantee that the rooms can be heated from one to two hours each morning with the fuel put in the stove the evening before.
 5. We guarantee that the stove will hold fire with soft coal or hard coal from Saturday evening to Monday morning.
 6. We guarantee a uniform heat day and night with soft coal, hard coal or lignite.
 7. We guarantee every stove to remain absolutely air-tight as long as used.
 8. We guarantee the feed door to be smoke and dust proof.
 9. We guarantee the anti-puffing draft to prevent puffing.
- The above guarantee is made with the understanding that the stove be operated according to directions, and connected up with a good flue.

There being no further business, motion for adjournment was in order.

The meeting was then turned over to the entertainment committee.

The following program was rendered in a most pleasing manner.

Viol. solo—Miss Bert Moye. Mrs. Ray Tyson accompanist.

Vocal solo—"Spring is Coming"—Miss Helen Higgs.

Instrumental solo—Miss Bert Moye.

Reading—Mrs. Wiley Brown.

"Highland Fling"—Four little girls.

Vocal solo—Miss Helen Higgs—Piano and violin accompaniment.

A delicious ice course was served, after which the guests departed, each grateful to the hostesses for such a pleasant evening's entertainment.

MRS. W. C. HARRIS, Reporter.

Senior Party.

Miss Pauline Taylor delightfully entertained the High School Seniors and the Warsaw team at a Hallowe'en party at her home on Eighth street last Friday evening.

As the guests arrived they were met by two large ghost from the underworld, stationed on either side of the door who asked, in a very ghost-like manner, for the "password," and upon giving the answer, "Fern," were admitted. At the door,

near the hostess, has an old witch seated on her stool mumbling in some unknown language.

The house was very attractively decorated in full Hallowe'en design.

The reception hall, parlor and dining room were thrown into one large room. Ghosts wore here and there and Jack-o'-lanterns peeping around every corner.

An unusually old feature was a woods scene made of mass leaves and pine, which made the witches tent. All were requested to visit the fortune teller where each was told his or her doom by an old withered witch. As the last one was finished the hostess invited them into the dining room where two ugly, black witches served spiced tea and wafers from the r caidron.

Many games were enjoyed during the evening. One that was especially interesting was one in which a bag of peanuts was placed on a stool and the boys and girls lined up in two lines. Each one of them took as many as they could hold in one hand. A prize was offered to the one having the greatest number of peanuts which was Mr. Zeno Brown. He had one hundred and fifteen. Another prize was given Miss Bruce Tucker who was the winner of a game.

Music by the Victrola and dancing were enjoyed in between games.

An attractive ice course carrying out the color scheme with black cat favors, black and gold was served at a late hour and they all departed declaring Miss Taylor a gracious hostess.

Kewpie Twins

because they look well, fit properly, and feel comfortable.

There is more to these shoes than just leather, shape, fit and wear. There is care, thought, experience and science. Above all, the desire to start young feet right.

Plenty of room for growing toes—smooth inside, no wrinkled lining, tacks or seams to hurt tender feet or wear out stockings.

Flexible inner sole cushions the foot. Sturdy oak leather outer sole with extension edge wards off hard knocks from uppers.

You may have these shoes rebuilt at the factory by experts and returned, postage paid for \$

Any shoe with the above trademark will be rebuilt at the factory after the first period of wear is over.

For a little more than the first cost you get the wear from two pairs of shoes—an important item now days.

With each pair of school shoes we sell, we give absolutely free a combination pencil and pen box. Ask for yours.

VIOLIN CASE USED

T OCARRY BOOTLEG

Larberton, O., Oct.—Local police
claim to have caught "a musical boot-
legger."

When the officials placed Frank Bak-
er, auto salesman, under arrest one
night recently they saw a new violin
case in Baker's car.

Opening the lid, three gallons of
alleged hooch were found. The ar-
resting officers also found a two-gal-
lon oil can, believed to have served
as a receptacle for illicit liquor.

GARBAGE CANS HELD TO BE WEALTH BAROMETER

Akron, O., Oct.—K. Webb, secre-
tary of the Akron Bureau of Public
Work, claims garbage cans are the
best barometer of the social life of
a community.

Because 1,834 tons of garbage were
disposed of by the city in one month,
Webb believes the city is growing
more prosperous. The collection for
August exceeded by 135 tons of the
same month last year, and indicates
according to Webb's reasoning, that
the city socially is at least 10 per-
cent better off.

SALE OF REAL ESTATE.

By virtue of power of a sale, con-
tained in a certain real estate mort-
gage executed and delivered by J. H.
Hyde, dated December 15th, 1919,
and duly recorded in registered of-
fice of Pitt county, in Book C-13,
page 182.

The undersigned will on the 20th
day of November 1922, at 12 o'clock
noon, expose to public sale before the
court house door in Greenville, N.
C., to the highest bidder, the follow-
ing described real estate, to-wit:

Lying and being in the town of
Greenville, on the west side of Pitt
street, adjoining the lands of Mrs.
Maggie Hammon, E. M. McGowan
and others. Beginning at an iron
stake on Pitt street, Mrs. Hammons'
line, and runs south with said street
62 feet to a stake, thence west 21
feet to a stake, thence north 4 feet
to a stake even with E. M. McGowan's
line, thence north with his line 58
feet to Mrs. Maggie Hammons' line,
thence with her line to the beginning.

This sale will be made for the pur-
pose of satisfying the terms of a fore-
said mortgage.

This the 17th day of October, 1922.

Buick Service Protects Buick Owners Everywhere

Buick owners everywhere recognize this blue and white emblem of authorized service as further assurance of dependable Buick performance.

Experience has shown Buick owners that "authorized" service means a conscientious, helpful interest in the continued and perfect operation of their Buicks.

Authorized service is a guarantee of skilled labor from mechanics of long experience on Buick cars, and that every new part is genuine, factory-made of the same high quality as the original unit.

It is an assurance that the establishment is conducted to serve Buick owners first, last, and always in the way that will continue the dependable performance built into every Buick car.

Is There A Mortgage On Your Future?

Every day you let pass without providing something for the days to come is a mortgage on your future. There is no real success without thorough independence. There is no independence without thrift.

After a man has reached a certain age the mortgage on his future can never be lifted. He has let too many days go by without making a start. He has not formed the habit of thrift.

Look up one hundred successful men of middle age or older, and you will find that ninety-nine of them gained their independence by consistent saving in one way or another.

Take two young men of equal ability. One has the thrift habit; the other has not. Which one of them do you think most likely to land the big job when the boss is looking for the right man to fill it?

The greatest evidence of a steady character is the thrift habit. A man who earns and doesn't save is a waster—a slacker. For the practice of rigid economy will always allow something—be it ever so little—to help keep that mortgage off his future.

A father can lay the foundation of his child's future business success by teaching him the habit of thrift. Thrift and dissipation never go together. There can be no waste where thrift is.

Every stockholder who saves with us should strive to let his day's earnings contribute a little more to the security of the coming years.

Be Sure to Attend This Sale and Let Us Prove to You That We're Offering More Style---More Value---More Service and the Best Selection of New Fall and Winter Merchandise Than Any Other Store in North Carolina

Nothing So Vast Has Been Attempted Here Before

Here's advance notice of the most spectacular merchandising event ever attempted by this organization—an organization famous for its supremacy in value-giving. An event so great in size—involving thousands of dollars worth of new goods as will arouse the amazement of the public. An event establishing low price levels on new wanted merchandise beyond the dream of the buying public and such as the average merchant cannot hope to achieve.

Wednesday will mark the culmination of many weeks of intense effort by one of North Carolina's foremost organizations. All of our sources of supply have contributed their quotas. Everything that it is possible to do has been done to provide for the handling of vast throngs efficiently and courteously. The aim has been to achieve the presentation of the season's newest merchandise, running the entire list of requirements for men, women and children at extraordinary savings.

This Announcement is Put Forth So That All May Make Plans to be Here the First Day—Wednesday

Special purchases aggregating thousands of dollars worth of new merchandise have been made—obviously all cannot be offered at once. But Wednesday will mark a presentation of offerings the like of which New Bern has never seen. Day by day we shall offer additional attractions
