ELECTIONS BOARD ENDS CANVASS OF RECENT ELECTION

Complete Vote of Fourteen Precincts is Made Public by Board Today

J. C. GASKINS LEADS ENTIRE TICKET WITH HARRINGTON SECOND

Democratic Candidates Win Over Republican by Decisive Majorities

The county board of elections today made public the abstract of votes of the election recently held in Pitt county. Considerable time was necessary in compiling the complete vote from each of the precincts of the county and it was impossible for this paper to give these figures because of this fact.

J. C. Gaskins, Democratic nominee for register of deeds, led the entire ticket with 1724 votes. J. F. Harrington, clerk of superior court brought up a close second place with 1722 votes.

There were four Republican candidates for the county board of commissioners; but the regular Democratic candidates led the race by a comfortable margin. Amos Jackson, Democratic nominee for sheriff, also defeated Marcellus Smith, Republican by a big majority.

The total vote of each candidate as compiled from the fourteen precincts of the county follows:

J. F. Harrington, 1722; J. C. Gaskins, 1724; W. C. Dressback, county surveyor, 1712; S. G. Wilkerson, coroner, 1714; Amos Jackson, sheriff, 1673; Marcellus Smith, sheriff, 105; A. T. Moore, treasurer, 1708.

County commissioners: W. J. Smith, Democrat, 1708; W. W. Dawson, Democrat, 1689; S. M. Crisp, Democrat 1694; John W. Holmes, Democrat, 1678; L. A. Stocks, Democrat, 1698; W. G. Chapman, Republican, 95; Luther Dail, Republican, 97; Lee H. Moore, Republican, 97; Theodore Carson, Republican, 93; W. E. Smith, Republican, 94.

A. G. Cox, board of education, 190; L. G. Cooper, judge of county court, 1000; J. C. Lanier, solicitor of county court, 1002.

Following is the vote of candidates for the advisory board of the county highway commission: Joseph McLawhorn, 1007; Earle Hembly, 1571; C. L. Parker, 1608; R. D. Whitehurst, 1675; K. C. Woolard, 1641; L. A. Arnold, 1680; K. R. Wooten, 1682; T. C. Turnage, 1677; S. R. Ross, 1675; J. G. Taylor, 1675; C. L. Stokes, 1664; R. L. Worthington, 1675; L. R. Bell, 1675; J. B. Bell, 106; J. F. Warren, 52; A. O. Meeks, 56; F. M. Kilpatrick, 111; R. E. Wiloughby, 133; J. H. Burney, 49.

GREENVILLE LEADS EASTERN CAROLINA IN TOBACCO PRICES

Report of Crop Reporting Service One of the Most Favorable in Months

According to a report issued today by the Crop Reporting Service of North Carolina the state up to October had sold approximately 69,000,000 pounds of bright leaf at an average price of \$29.48 per hundred pounds.

It will be particularly interesting to note that Greenville led the entire eastern part of the state in prices, making an average of \$32.19. This is about three cents above the average made by any other market and is considered remarkably fine by those who have watched the progress of the market in recent years.

Other markets of importance in this section that made splendid price averages are Kinston, Rocky Mount, Williamston, Farmville and Robersonville.

EASTERN CAROLINA EXPOSITION MEETS WITH MUCH FAVOR

Secretary Bartlett Doing Every thing Possible to Promote Mammoth Attraction

The Eastern Carolina Exposition that is to be held some where in eastern North Carolina in February or March of next year, is meeting with much enthusiasm in the towns where the plans have been presented to the local business men. It seems to be a certainty now, that it will actually be staged, but just what town will get it, will not be known until November 24th, the date set for opening the bids by the committee.

Two Things Necessary.

In discussing this big project with a reporter of this paper this morning, Secretary Bartlett, stated that four things are necessary for any town to qualify, first, Hotel facilities, second, railroad accommodations, third a place to hold it in and fourth local support. There are several towns in the eastern part of the state that can qualify under all four of these requirements and it goes without saying that it will be bid for by more than one town.

Means 10,000 Visitors.

It is conservatively estimated that it will bring at least 10,000 real out of the county visitors to the town that is fortunate enough to land it. This will mean that at least \$100,000.00 will be left for the local merchants, hotels etc to spend after the exposition is over. Besides this feature, the town that gets it will get a least some national advertising, because the advertising will not be restricted to eastern North Carolina by any means. A large budget is being laid aside for advertising.

Secretary Bartlett has visited Rocky Mount, Raleigh and Wilson this week and put the proposition up to the local business men in each of these towns. "The interest is very keen" said Mr. Bartlett when he commented on the outlook for the success of the venture. Any town that wishes to enter a bid should have this in the hands of the secretary manager at Goldsboro, not later than noon, November 24th. The committee at that time will open the bids and award the exposition for the first year to the town making the best showing.

Biggest Project Ever Held in Eastern Carolina.

One business man said this morning when asked what he thought of the project. "It is the biggest venture ever attempted for eastern North Carolina. It will bring people from other states to see what we have and then, too it will give our own people an opportunity to know "ourselves." This is the spirit that has been shown in every town where the matter has been discussed and the outcome of the bidding will be watched with a great deal of interest.

SMITH ATTENDS GREAT MEETING OF SECRETARIES

Secretary of Chamber of Commerce Returns, Reporting Splendid Trip to Raleigh

(Auspices Pitt County Chamber of Commerce.)

Secretary Smith of the Pitt County Chamber of Commerce, who attended a call meeting of the North Carolina Commercial Secretaries' Association in Raleigh on yesterday, reports a pleasant and profitable trip.

The object of this special session was to discuss the proposed North Carolina Port and Terminal facilities, which, according to those in position, is to speak with authority, would not only benefit the coastal points, but also reduce rates in interior towns.

A special committee was appointed in this to prepare a brief on the subject and send to the various Chambers of Commerce in the State for their consideration of their boards and for such action as they might deem advisable.

ANOTHER WITNESS COMES TO FRONT IN JERSEY MURDER

Unmentioned Man Will Testify He Saw Mrs. Hall Run to Home of Cousin Next Door

New Brunswick, N. J., Nov. 14.—Testimony that Mrs. Frances Stevens Hall left her home about 8 o'clock the night her husband, the Rev. Edward Wheeler Hall, and his choir singer, Mrs. Elinor R. Mills, were slain, will be given before the grand jury next week, it was learned tonight.

A hitherto unmentioned witness, a New Brunswick man, will tell the jurors that he saw Mrs. Hall run hurriedly from her home to the house next door, occupied by her cousin, Henry Carpenter, it was authoritatively announced. The name of the witness was not made known.

The testimony which Special Deputy Attorney General Mott hopes to place before the jurors through his witness is in direct conflict with the statement of Mrs. Hall as to her movements on the night of the tragedy December 14.

Timothy N. Pfeiffer, Mrs. Hall's attorney, said he was unimpressed by the reported new testimony, declaring that his client's recital of her actions the night of the murders, was the true one.

New Brunswick, N. J., Nov. 14.—An attempt to prove that Mrs. Frances Stevens Hall, knew of the relations between her husband, the Rev. Edward Wheeler Hall and his choir singer, Mrs. Elinor Mills for some time prior to their murder, will be made by special deputy attorney Mott before the Somerset county grand jury next week.

This was announced today by the special prosecutor during an interview in which he discussed in part his plans for the presentation of the case to the grand jury which will begin taking testimony Monday.

Gray Schneider and Pearl Bahmer, the couple who found the bodies of the two on the Phillips farm will be the first witnesses called.

FEW CASES GIVEN HEARING IN CITY COURT HERE TODAY

Mayor D. M. Clark Presides Over Session Following Return From Greensboro

Mayor's court was presided over by Mayor Clark this morning who returned yesterday from Greensboro where he had been for the past several days defending a civil action in superior court for a client from Williamston, N. C.

Court this morning was attended only by three defendants and their friends, there being several capias and continuances some of which were due to the fact that Joe Nobles a popular night police had in patrolling some of the back lots encounters the misfortune of stepping on an unturned rusty nail, thus emalling one of his pedal extremities, said misfortunes making it impossible for him to attend court this morning and testify against defendants whom he had brought to justice.

Lamb Tyson, colored, charged with being drunk and down and driving horse and buggy in a reckless manner, Lamb succeeded in proving that he was a good worker and industrious tenant farmer, and that prior to this offense he had the reputation of being sober. Mayor Clark fined him \$10 and cost.

C. J. Willford, white, charged with being drunk and down. As defendant was not bothering any one or committing any disturbance and was only making use of the streets because he had lost his sense of direction and locomotion, the Mayor allowed him to pay a fine of \$10 and cost.

Alonza Harris, white, charged with being drunk and down. This party broke jail and took leg bail. Capias was issued for him and case continued.

Sam Price, colored, capias issued and case continued.

Miss Novella Mobley, white, charged with exceeding the speed limit on Dickinson Avenue by some several miles. The Mayor allowed her to pay a fine of \$10 and cost.

TRAIN CREWS BLAMED FOR DISASTROUS WRECK

Washington, Nov. 15.—Blame for the disastrous collision between Missouri passenger trains at Sulphur Springs, Missouri, August 5th, which resulted in the death of 34 persons and injury of over a hundred has been placed on members of the train crews in a report submitted to the Interstate Commerce commission by W. Borland, chief of the bureau of safety.

OUTLAWS IN CHILE ADD TO SUFFERING OF PANIC STRICKEN

Bandits Reported Busy in Territory Devastated by Earth Shocks and Waves

CHILEAN GOVERNMENT TO SEND TROOPS TO IMPROVE SITUATION

Additional Reports Are Received of Loss of Life and Wrecked Towns and Cities

Santiago, Chile, Nov.—Reports of banditry and disorder in the earthquake district, together with news of additional earth shocks and indications that the calamity has reached appalling proportions, caused the Chilean government to consider the advisability of sending troops to Coquimbo and Atacama to reinforce the regular garrisons which are too small to cope with the situation and aid in relief work.

Outlawry broke out last night in the town of Vallear the chief sufferer from the earthquake, where it is estimated 1,000 inhabitants perished, while reports of robberies and holdups came from other places in the affected region.

The arrival of war vessels at the northern ports of Chile brought wireless reports of disaster from towns and villages not previously heard from, including the large town of Freirina, augmenting greatly the number of reported casualties which are now variously estimated at between 1,500 and 2,000 dead, with numberless injured and homeless.

Chile was again visited by earth shocks late last night. Severe tremors were felt at Lasserena, capital of the province of Coquimbo, at 11 o'clock and half an hour earlier the seaport Constitution, capital of the province of Maule, was shaken, according to advices received here by the National Telegraph.

Advices from Antofagasta filed at 9:30 last night said a strong earth shock had just been felt at Talta, a seaport of several thousand population. (Continued on page 4)

BAPTISTS PLAN SECOND CAMPAIGN DURING MONTH

To Raise Funds Not Provided in \$75,000,000 Campaign, According to Report

The Baptist 76 million campaign, launched three years ago, has marked an epoch in the progress of this denomination in the south. During the first half of the five-year period, ending May 1st, more than 35 million dollars had been raised for the different objects fostered by the campaign, including state, home and foreign missions, Christian education, orphanage, Ministerial Relief and hospitals. This was 18 millions more than was raised in the two and a half years prior to the campaign. Each department of the work at home and abroad has been greatly strengthened. A half million new members have been added.

Many who subscribed to the campaign three years ago have died. Many others have lost their health and earning capacity. Still others have fallen by the wayside for other reasons. So in order to reinforce the weak place, a whirlwind campaign is being put on in all the Baptist churches, not only in North Carolina, but throughout the South, during the month of November, the last week, from November 26th to December 3rd, being known as loyalty and victory week.

Each of the 65 district associations in the state and each of the local churches is being thoroughly organized with a view to collecting the unpaid pledges made in the original campaign, and also to secure a cash offering and a pledge for the next two years of the campaign from the large number of new members that have been received into the churches since 1919, and from those who did not make pledges during the other campaign.

It is felt that this large number of new members and the others deserve to have an opportunity to share in the great forward movement of the denominations and in the victory that is expected to crown their efforts, November 26th to December 3rd.

State Secretary Chas. E. Maddry has called for a meeting of the preachers, directors and all the workers in this campaign of the Roanoke Association to be held with the First Baptist church of Rocky Mount, Nov. 23rd 10:30 a. m.

COMPLETE SURVEY OF HARDEE FARM TO BE SOLD SOON

Splendid Farm Near Simpson Subdivided Into Eight Small Farms Will Be Sold Saturday

Engineers have just completed the survey of the J. B. Hardee farm which is to be sold at public auction by the Atlantic Coast Realty Company, Saturday, November 18th, at ten-thirty o'clock. The farm has been subdivided into eight small farms, three of which already have buildings on them.

The Hardee farm is within five minutes' walk of the schools, churches and depot at Simpson. It will also be within ten minutes ride of Greenville as soon as the hard surfaced road from Greenville to Beaufort county is completed. The road will be one of the finest in this section of the state, and three-quarters of a mile of it will pass through the Hardee farm.

The advertising campaign for the sale is making considerable progress under the direction of K. W. Cobb, public manager for the Atlantic Coast Realty Company and indications are that hundreds will be attracted to the farm the day of the sale.

Mr. Cobb stated today that interest is increasing by leaps and bounds in all parts of the county. The farm is one of the best developed in this part of the state, the soil being well adapted to all crops produced in eastern North Carolina.

Arrangements have been made with one of the Simpson churches for serving a delightful barbecue dinner while the sale is in progress and every attending may be sure of getting their share of this. The Atlantic Coast Company never fails to make proper provisions for its crowds and this instance will be no exception.

MR. AND MRS. TICKK SCORE BIG HIT AT THE THEATRE LAST NIGHT

Play, Composed of Local Talent, Well Presented Here Last Evening

MISS CLEO WAILES PROVES HERSELF A SKILLED DIRECTOR

Woman's Club Heartily Congratulated at Success of the Performance

Greenville has always been famed for its local talent in the presentation of popular plays, but everything of former days was completely eclipsed last night in the presentation of "Mr. and Mrs. Polly Tickk," a three act musical comedy given under auspices of the Woman's club. The play was superior to anything presented in the local theatre this season and the splendid crowd in attendance liberally applauded the number of amusing scenes and clever song hits featuring the three acts.

It is considered really remarkable that the actors were able to play their part with such rare perfection when they were only in training one week. Miss Cleo J. Wailes, representing the Wayne P. Sewell Lyceum and Producing Company, of Atlanta, Ga., came to Greenville slightly over a week ago to direct the play and met such ready response on the part of local people that she was able to accomplish her seemingly impossible task by the date set for the attraction.

To give credit to those who played their parts in such fine form would be to mention the entire cast. Every actor and actress did more than measure up to expectation and the generous applause received from time to time was just recognition of their services.

But getting down to the play itself it may be said that it was one of the most delightful comedies presented in Greenville in many a day. Mr. and Mrs. Polly Tickk, played by Bill Lee and Miss Flora Bell Morgan represented the kind of husband and wife the world will witness in 1975 if the story should come true. Mrs. Tickk, a militant suffragette, played the part of a political leader with many business responsibilities and looked after these affairs while Mr. Tickk remained at home and cared for the Tickk children and did the house work. The lady was dressed in costume closely approaching that of a man, and Mr. Tickk and other members of his sex wore trousers with large fringes decorating the legs.

The men of Mr. Tickk's day were as effeminate as men could be. Bill Lee proved an ideal Mr. Tickk and Jimmie Barber, as Mr. Susan Johnson, Spruill Spain as Mr. Edna Ray, Richard Gorman as Mr. Mary Lamb, Mr. Davis as Mr. Bertie May Harris, Bernice Gardner as Eva Edwards, friends of Mr. Tickk well represented the men of their day.

Mrs. Tickk, of course, had her companions at the polls. They were wives of Mr. Tickk's friends and were militant enough to make the men stay at home and do their bidding.

The play was opened with an interesting prologue featuring Father Time, played by Junius Rose, superintendent of city schools, Dame Fashion and other characters whose parts opened the way to the play in a delightfully refreshing way. Costumes and scenery in this part as well as all others were bright and appropriate and did much to enhance the various parts.

Of course there was a delicate love story included in the general plot and this was brought out to perfection by Miss Cleo J. Wailes, director and Ed. Williams. Popular love songs were necessary to bring out this feature in the right way with their splendid voices and charming personalities. Miss Wailes was desirous of following the militant suffragist party and Mr. Williams stood for the rights of men. Love hung in the balance, but eventually the deep, passionate love of the woman broke under the charm of her lover and he won as did the rights of man. The chorus was well maintained by

Constantine, former king of Greece says he has retired from political life forever and will refuse to return to the throne despite pleadings of the people. He can very well say that, as it is hardly likely there will be any desire for his return.

Mary McSweeney, sister of the former Lord Mayor of Cork, who gained attention of the world sometime ago by staging a spectacular hunger strike is following in the footsteps of the brother. She has entered upon her tenth day and says she will not eat until liberated. How foolish. She had better eat everything she can get. If they continue fighting in Ireland something to eat will be scarce and she may "have" to starve then.

Rev. V. P. Seoville, pastor of Jarvis Memorial Methodist church of Greenville, will carry a splendid report to the Methodist conference which convenes in Raleigh this week. His report shows that his church has made exceptionally fine progress in every department. This is gratifying in every sense of the word. When churches are in a prosperous condition it is easy to guess the community is likewise. Mr. Seoville has done work during the two years he has been pastor of the local church and is to be commended for the excellent progress which he is able to report to the conference. His return will be received with general satisfaction on all sides.

So long as drunkards are permitted to drive automobiles, so long will the public be threatened by the serious situation which has been growing so rapidly the last several months. Thanks to the mayor this condition has been greatly improved in Greenville. Numbers of drivers have been arrested recently and heavy fines were imposed upon them. That this is the right course to pursue cannot be questioned. An automobile is dangerous enough when driven by a clear headed person, but it becomes a menace when in charge of a drunk. It is gratifying to note the city police department is on the alert for these violators of the law as in this way alone can the situation be relieved of its seriousness.

The Red Cross Roll Call has met with great success in Pitt county the last few years, but it seems it is destined to be even more successful this year. The record of the Red Cross is known by everyone who followed the course of the world war. In fact, its workers have been on the scene of every great disaster and to say they rendered great service would be expressing the matter in a mild way. The organization is in a flourishing condition in Pitt county, but how much greater it would be if everyone would rally behind it. The roll call campaign this time has resulted in a great enlargement of the membership, but it is not as large as it should be yet. It is to be hoped everyone will rally this week and see just how successful.

ful they can make the present campaign. Greenville alone is expected to give five hundred members. If other communities give in proportion, then Miss Hubbard will be able to send in an exceptionally fine report to headquarters.

The Supreme court has ruled that Japanese cannot become citizens of the United States, it matters not how excellent they may have been as citizens. This decision no doubt will be received with great interest on all sides as the question has been a much mooted one in past months. Japan, of course, is using every influence for its subjects but if the supreme court finds it advisable to sustain former rulings nothing can change it. Immigration should be restricted several years, as only in this way can conditions in this country every reach normal. North Carolina has the best record in the entire country, having the smallest percent of foreigners of any state in the Union. The supreme court has done much in interest of the nation in rendering this decision and we trust it will be as binding as it is possible for anything of the kind to be.

Bernard M. Baruch, one of the most prominent Democrats of the country, has declined to head a third great political party, declaring it is his intention to stand by the Democrats. This spirit of loyalty will be received with genuine satisfaction on all sides. Mr. Baruch realized like many others, that the Democrats are due to return to power and it would be foolish for him to forsake them for something that can be nothing more than indefinite and uncertain. He is on a firm foundation with the Democrats and by remaining with them may be rewarded for his loyalty in days to come when pie is dished out to others than Republicans.

Mrs. Carrie Chapman Catt, of America, speaking before women of Berlin, declared emancipation of women to be one of the greatest results of war. We won't argue with her whether recognition of the woman was a result of war, but we do agree that giving them the right to vote was one of the greatest things that could happen for the country. The women will do much towards cleaning up American politics and years to come will see a favorable change. The thing for them to do is to hold their frail craft in the center of the steam and rest assured they will steer in the right course.

ARMY OF 22,000,000 TO COMBAT FOREST FIRES.

An army in which every school child in the country has been asked to enlist to combat the national enemy—forest fire.

Chief Forester William B. Greeley of the Forest Service, United States Department of Agriculture, has just written the state superintendents of schools calling attention to the danger from the dry condition of the forest and woodlands at this time of year and seeking to bring before the children the need of care with fire.

According to estimate made by the Forest Service, 33,000 forest fires occur annually; over 60 per cent are caused by human carelessness. Each year these fires burn over 7,500,000 acres, an area greater than Massachusetts, Connecticut, New Hampshire, and Rhode Island combined. Seventeen million dollars of our country's wealth is each year reduced to smoke and gray ashes.

"Can we not," asks Colonel Greeley in his letter, "enlist the school children of the country—there are twenty-two million of them—in an effective army to fight a national foe that ravages the land before our eyes?"

"In your State, and in many others, forest fires are common in the fall. This year drought has made the danger unusually great. Already fires have dealt death and destruction widely in some regions. Your own state will not go unscathed. Rains may diminish the danger, but even with the most favorable conditions before a low flies thousands of fires will have run in the forests of the east and north.

"We give too little heed to small fires. They do a vast amount of harm. Our boys and girls should be taught this. They must be made to realize that good citizens are careful not to cause fires.

"The woods are royal playgrounds, for young and old. And they are never more so than in the fall. After school, and on holidays, our young people will have glorious times nutting, tramping, some of them hunting in the woods, and frolicking in the fallen leaves.

"The leaves are dry. Sun and wind and frost combine to cover the ground with potential tinder. It does not take long after a rain for the forest floor to become inflammable again. Then a little carelessness or thoughtlessness, and a fire is started.

"I wish I might tell every boy and girl in the United States of the

fires that I have seen, and the terrible results of forest fires when they become big, and the harm that even small fires do. I wish I might ask each one of them to promise me his or her help in keeping the forests green.

"I cannot do that, but with your permission, I can perhaps do something like it. I can ask the teachers in every school in your state who learn of this appeal to let their classes know that the Forester wants the help of all school children and their individual pledge to be careful and to try to get others to be careful to prevent forest fires."

Kinston people plan to vote on a \$300,000 bond issue for improvement of city schools. That the issue will

carry cannot be doubted in the slightest sense of the word. Lenoir county people know what they need and never stand back even though the sum involved may be large. Schools are one of the most necessary things of a community, and it is hardly probable Kinston will fail to put the thing across.

Pay up and Trade Weeks campaign was a great success in Greenville this year, and the merchants should do everything possible to hold another event of the kind next year.

FINAL FOOTBALL GAME TO BE PLAYED IN CITY NEXT FRIDAY AFTERNOON

Probably the final football game Greenville people will witness on the local gridiron will be played at the fair grounds here Friday afternoon at 3:30 o'clock when Tarboro and the Tigers clash. Much interest is centered around this contest as the two towns are ancient rivals and will do everything possible to carry off honors.

Coach Duncan stated today that he hoped a large crowd would turn out to this game, as the boys have established a splendid record this season and are deserving of recognition. They have one more game on schedule at the present, that being with Wilson sometime next week.

The Wilson club is one of the fastest in this part of the state and if the locals can capture this game and that with Tarboro they will indeed have a record to be proud of.

BANKS PLANNING TO PURCHASE CAR LOAD OF SPLENDID COWS

Chamber of Commerce Also Behind Movement to Furnish Farms With Good Cows

(Auspices Pitt County Chamber of Commerce.)

It was recently announced through the columns of this paper that the Chamber of Commerce had gotten the banks of the county to agree to purchase jointly a car of milk cows for the farmers. At the time this announcement was made, it was thought they would be in during the Pitt county fair, but on account of the fact that the quality desired could not be obtained, postponement was necessary.

However the Chamber of Commerce wishes to state that they are now working on the matter and believe that they can have a car of good jerseys spotted during the im-

mediate few days. The bankers continue to be interested in the movement and are eager for a car of good cows to arrive for distribution over the county.

number of young women of the city dressed in brilliant costumes representing the day. They played their parts in a way that time and again won the hearty applause of the audience.

To give deserving mention of all characters it would be necessary to dwell at length upon the part of all the young actors and actresses. While this is impossible, we give below the cast of characters.

The Woman's club was exceptionally fortunate in securing the services of such an expert director as Miss Wailles has proven herself to be and those who attended will be hearty in congratulations. The cast of characters follows:

Father Time, Junius Rose; Dame Fashion, Prologue, Louise Fleming; Girl of 1850, Mary Benton; Girl of 1975, Willie Skinner; The Girl who wants to vote, Laura Foley; Old Fashioned Girl, Mrs. Knott Proctor; Mrs. O'Brien, Hennie Long; Male Flapper, Richard Gorman; Bèruffled Dude, Zeb Waller; Mr. Polly Tickk, Bill Lee; Mrs. Polly Tickk, Floribell Morgan; Billy Lawson, Ed. J. B. Hardee Home Place

ON GREENVILLE-GRIMESLAND ROAD
Half Mile From Simpson, N. C., Subdivided Into Small Farms

AT AUCTION

Saturday, NOVEMBER 18th

10:30 A. M.

LOCATION:—The J. B. Hardee Home Place is located on the Greenville-Grimesland Road, one-half mile from Simpson, N. C., 4 miles from Grimesland, N. C., and 6 miles from Greenville, N. C. This property is located on the proposed hard surface road from Greenville to Grimesland, and already has been graded and bridges built.

DESCRIPTION:—This farm contains about 219 acres, with about 120 acres cleared, the balance in woods. The land is mostly gently rolling and well drained, being watered by wells. The cleared land is in a high state of cultivation and will produce equally as well as any other land in the section. Ample cord wood on the property for all farming purposes.

IMPROVEMENTS:—The main dwelling, being a 2-story home, equipped with gas lights and some other modern conveniences. Two tenant houses, six to bacco barns, pack houses, barns, stables, and other outbuildings. All of these buildings are in a fair state of repair.

TERMS:—One-fourth cash, the balance 1, 2, 3, 4, 5 and 6 years.

FACTS:—The J. B. Hardee Home Place is centrally located, being only one-half mile from the Railroad Station at Simpson, N. C., only 4 miles from Grimesland and only 6 miles from Greenville, N. C. The farm borders the proposed hard surface highway for a good distance and already this road has been graded and bridges built.

Greenville, N. C. furnishes the surrounding country with practically all facilities offered by any City in the State of North Carolina. Bear in mind that this City is only 6 miles from the property and railroad connections and many conveniences can be had at Simpson, only one-half mile from the property and at Grimesland, which is only 4 miles from the property.

The J. B. Hardee Home Place is well equipped with buildings, they are in a fair state of repair and the value of these buildings alone is estimated at \$10,000.

The J. B. Hardee Home Place is perhaps one of the best producing and most fertile farms in eastern North Carolina. At the present price of crops, it will most assuredly pay handsome returns to those who use their judgment and foresight and purchase the small farms into which it has been subdivided at this auction sale on Saturday, November 18th, at 10:30 A. M.

The terms could hardly be more liberal. We have endeavored to place the small tracts within the reach of all on the extremely liberal terms of one-fourth cash, the balance 1, 2, 3, 4, 5 and 6 years.

CONVENTION CALL

By invitation of the Parent Circle of Greenville the 33rd Annual Convention of the North Carolina Branch of the International Order of The Kings Daughters and Sons will be held December 6th and 7th in the Christian Church.

It is very much desired that every Circle in the state, be personally represented in the Convention, and it is very important, that all delegates reach Greenville Tuesday p. m., December 5th.

The Executive, Credential, and Auditing Committees will meet Tuesday evening at 8 o'clock in the Christian Church and the Convention proper convenes for business Wednesday a. m. at 10 o'clock.

Circle Presidents are requested to send as soon as possible names of delegates and time of arrival to Mrs. N. S. Fulford, Chairman of Entertainment Committee, also by December 1st, to Mrs. Joseph Foley, Chairman of Credential Committee, the credentials of delegates, and have duplicates carried to Convention, to be used in case of loss or accident to those sent by mail.

International and States dues and Convention fees, if not already paid, should be sent at once to the State Treasurer, Miss Margaret McEachern, so the accounts may be closed and each Circle entitled to its full vote at Convention.

Typewritten reports of the year's work are requested. Circles that can not send delegates should send their reports to the Recording Secretary so they may be read at the Convention.

Our program will be much enriched

by talks from several of the most prominent men and women speakers of the state.

A silver offering for State Work at the Stonewall Jackson School will be received at the close of the Convention.

May we make this the biggest and best Convention ever, and may we gather renewed strength to continue our work "in His Name."

BESSIE J. WILLIAMS,
State Recording Secretary.
MARGARET C. D. BURGWIN,
State President.

STATE BOARD OF HEALTH WARNS PUBLIC OF IMPOSTER

Raleigh, Nov. 14.—For the past several weeks a man claiming to be an eye specialist sent out by the State board of health has been operating in and around Wilson. He has given the name of Martin in some places, is about thirty years of age, and is traveling in a Chevrolet coupe.

The activities of this man have just been reported to the State board of Health, and Dr. W. S. Rankin today declared him an imposter and fraud in that the State Board of Health does not now have, and has had, no such field worker.

Apparently this man is working the same sort of fraud that has been practiced before in this state, particularly last year in some of the western counties. The more illiterate people are usually chosen as victims, and confidence is gained by the claim of being a representative of the State board of health, sent out to make free examinations. Then usually some medicine for the eyes and cheap glasses are prescribed, and as much

charged as can be obtained. In one case reported this was \$25.

"In nearly every town and city of the state," said Dr. Rankin in discussing this fraud, "there are competent and reputable specialists who will give adequate service to those needing it and at reasonable fees. The public should beware of traveling eye specialists who are nearly always impostors and quacks, and should be sedulously avoided. Sales of glasses or alleged treatment made on the basis of claims to be a representative of the State board of health is obtaining money under false pretense, and the state board of health will prosecute such frauds whenever sufficient evidence is furnished."

DO WE INHABIT OTHER WORLD'S WHILE ASLEEP?

Columbus, O., Nov. 14.—That there is a shifting of the consciousness of every human being during sleep, from the objective world to the subjective realms of thought and feeling, is the claim made here in an address by L. W. Rogers, president of the American Theosophical society.

Citations were made by President Rogers in support of his declaration that during sleep living persons who had died.

Psychology, he asserted, cannot explain the considerable amount of evidence of consciousness after death.

GREAT BRITAIN IN MIDST OF BITTER ELECTION TODAY

London, Nov. 15.—Great Britain, with exception of Ireland, is electing a new commons today following the most bitter and spectacular campaign in a decade. Upon the outcome depends whether England will have a story or liberal form of government. It is generally conceded that the socialist and laborites have little chance. Lloyd George has returned to his seat without opposition. He has a small number of followers standing for reelection and the only chance of his party returning to power is in coalition to win a dissatisfied group of others.

NEWBERRY AT LAST DECIDES TO RESIGN

Washington, Nov. 15.—Senator Newberry has virtually decided to resign rather than subject the Republicans to the embarrassment of his ousting by Democrats, according to political headquarters here today.

READ!! A FEW WORDS From The Man in Charge

This is positively the greatest buying chance that has ever been my good fortune to offer. A person needs judgment to discriminate against high prices. One also needs judgment to choose between low ones. It's just as necessary to pick the right store for merchandise at sale prices as it is at regular prices. Quality is just as important when prices are reduced as when they are not. This stock of goods is in a class by itself. Everything is marked in plain figures.

The regular price as well as the Sale Price, and when you compare the quality with the price you can hardly believe it possible. "Come let your eyes be the judge."
