CONSERVATIVES IN LEAD OF ALL OTHER PARTIES IN BRITAIN

Party Returns More Members to Parliament Than all Others Combined

LABOR PARTY COMES NEXT WITH GAIN OF NUMBER OF SEATS

Labrites Due for Congratulations in Splendid Showing in Election

London, Nov. 16.—The Conservative party had returned more members to Parliament than all the other parties combined, so far as returns completed Wednesday night show.

The Laborites come next and the Labor Party is considered due for congratulations, as it already has a gain of 28 seats. These are all in the congested industrial areas, notably in Glasgow, where the predictions that Labor would triumph have been fulfilled and the results of the last election overturned by a flood of Laborite votes, the Conservatives and George Liberal being ousted in several divisions.

This was the most striking feature of the returns, but may be balanced by later returns.

The Asquithian Liberals gained seven seats, the Conservatives 6, the Georgeites three and the Independents two, members of the government were defeated, Colonel Leslie Wilson, chief Conservative whip and Colonel Stanley Under-Secretary of Home Affairs.

Of all the women candidates Lady Astor is the only one returned thus far. The Prime Minister, Andrew Bonar Law, carried the central division of Glasgow by a comfortable margin, while former Prime Minister Asquith had a narrow escape in his Paisley constituency, where he just nosed out the Laborite.

Labor made a notable gain in the Farnworth division of Lancashire where T. Greenall, Labor was elected with a vote of 13,391. But this also was a return with a minority vote, he being opposed by Liberal and Conservative candidates. Labor's victory here was probably due to Lancashire's revolt against the safeguarding of the industries bill.

Lady Cooper, whose husband, Sir Richard Cooper, retired to make way for her and who had made a strong campaign as a conservative, was defeated in Walsall. Pat Collins, Liberal, polled 14,874; Lady Cooper, 14,349; Robert Dennison, Labor, 8,946.

CITY KIWANIS WILL ENTERTAIN LOCAL TEACHERS

Program for Friday Evening to be in Charge of J. F. Harrington

The regular meeting of the Greenville Kiwanis club will be held at the Rotary building Friday evening at 6:30 o'clock. The session promises to be one of the most interesting in something and it is hoped every member will be in his place.

The program of the evening will be in charge of J. F. Harrington and something interesting is assured.

Teachers of the Greenville public schools will be guests of the Kiwanis at this session and everything will be done to make the evening pass away pleasantly for them.

SATISFACTORY PROGRESS MADE ON ARRANGEMENTS FOR NEAR EAST CONFAB

London, Nov. 16.—Satisfactory progress has been made in arranging preliminaries for the Near East peace conference at Lausanne, it was reported by the foreign office here today.

The cabinet met to consider communication from France relative to the Near East parley.

BETHEL RED CROSS EXCEEDS QUOTA IN ROLL CALL DRIVE

One Hundred Members Have Already Been Secured by Progressive Organization

The Bethel Branch has gone way over its quota in the Red Cross Roll Call. Their report of one hundred members has just come. Rev. J. P. Harris as the Chairman for the Bethel Community has done splendid work in forming their plans and he was assisted by the following able committee, who Mr. Harris modestly said yesterday "did all the work." Mrs. J. T. Hooker, Miss Thelma Bunting, Miss Olive Jones, M. T. Acre, Mrs. F. L. Blount, Mrs. E. L. Hemingway, Mrs. T. L. Craft, Mrs. W. E. Anders, Mrs. W. O. Gimes, Mr. John Stanton, Dr. Cecil Garranton, Mr. J. D. Martin, Mrs. E. O. Burroughs, J. B. Bunting, J. P. Hooker, Misses Estelle Jones and Mabel Barnhill.

Rev. W. E. Trotman and Rev. J. P. Harris observed Red Cross Sunday by making splendid talks upon the international, national and local policies of the American Red Cross. Bethel is the first report received from the county and she has set a fine standard.

HARDING LETTER CAUSES TALK IN WASHINGTON CITY

Contents of Letter to Mrs. Robinson Causes Flurry of Excitement Among Politicians

(By International News.)
New York, Nov. 16.—Political circles are buzzing today over a letter President Harding is alleged to have written Mrs. Douglas Robinson, sister of the late Theodore Roosevelt, which stated that the public undoubtedly was shifting in regard to enforcement of prohibition. Mrs. Robinson refused to give the text of the letter which was read at a gathering of club women of this city.

While the House today declined to make public the letter from the president to Mrs. Robinson, it was stated that if Mrs. Robinson was privileged to read it to a gathering of women she was also privileged to make it public.

DUBLIN APPEALS FOR FREEDOM OF HUNGER STRIKER

City Asks Free State Government to Give Liberty to Miss McSweeney

(By International News.)
Dublin, Nov. 16.—The municipal government today appealed to the Free State government for freedom of Mary McSweeney who has been on a hunger strike since arrested November 4th. Doctors at Mount Joy prison refused to give out any information regarding the condition of the woman. Friends claim death is near, but prison authorities vigorously denied this report.

The hunger strike of the sister of the Lord Mayor of Cork who died over a year ago from the same cause has created considerable interest here and action of the government is awaited with interest.

HOUSE TO AUTHORIZE NINE MILLION DOLLARS FROM PROHIBITION WORK

Washington, Nov. 16.—Nine million dollars for enforcement of the Volstead law will be authorized by the House appropriations committee, it was decided today.

PLAN TO PRESENT MURDER MYSTERY TO GRAND JURY

Authorities Ready to Bring About Indictments in Hall-Mills Murder Case

New Brunswick, Nov. 15.—Cessation of all actual investigation of the Hall-Mills murder by the forces of the county and State prosecutors tonight indicated that the authorities were practically ready to present to the Somerset county grand jury Monday the full story of the slaying of the Rev. Edward Wheeler Hall and Mrs. Eleanor R. Mills.

James C. Dunham, a piano dealer, was questioned for a short time in regard to a statement which he made recently that "this murder case is coming to a startling conclusion." Special Detective Mason would make no comment on the result of his inquiry, but it was reported unofficially that the lead had proved of little value.

Detective Mason also questioned Mrs. Florence North, at one time attorney for Charlotte Mills, in regard to the letters and diary of the slain woman which she sold to a newspaper. It was said they arrived at "no satisfactory understanding."

Timothy N. Pfeiffer, attorney for neighbors of Mrs. Jane Gibson, the State's alleged eye-witness, in an effort to learn more fully her movements on the night of September 14. He took this step after it was reported that the authorities placed little value on the affidavit obtained by him from Nellie Lo Russell, negress, stating that Mrs. Gibson was at her home at the hour she claimed to have witnessed the murders.

LOCAL CHAMBER BOOSTING MORE COWS IN COUNTY

There Should be More Milk Cows on Every Farm, Chamber Members Believe

(Auspices Pitt County Chamber of Commerce.)

That there should be more milk cows in Pitt county is obvious. Recent scientific discoveries have shown that milk is the greatest of foods. It is the only indispensable article on the human bill of fare, and we have never thought of it in this light. Have we? It is the only food that is made to support animal life. We can dispense with meat or bread the scientists tell us, but we cannot dispense with milk. Indeed, we ought to use more of it. One food expert has said that no family of five should buy meat, until three quarters of milk have been provided for daily. They go on to say that whole milk contains all the essentials for the growth and maintenance of the human body, and yet many families of five are not using a pint a day.

With these wonderful possibilities as to the dairy industry, there is no fear as to the future. Right in our own Southland, where we raise dairy products, the consumption could be increased 100 per cent. The dairy industry has a future that will last. It matters not what may come and go, people will have to use dairy products. The prices will fluctuate, but the man who gets in and stays in will be the winner in Pitt county.

Yesterday is gone, forget it. Tomorrow isn't here, don't worry. Today is here, use it.

This kind of stuff injected into the minds of Pitt county will make them come into their own as nothing else will. Courage is the weapon that will master every difficulty and surmount every problem. Every man to his work, with his face toward the rising dawn, with the cow as his partner, and success is his.

So many fires are being reported all over the county that the fire department is keeping their lamps trimmed.

"BISHOP OF ALL OUTDOORS," CHURCH, HOME AND WOMAN WHO FIGURED IN SLAYING

(1) Mrs. Margaret Carlton, "Hardest Woman in Montana," who shot and killed Rev. Christler and then committed suicide, according to a coroner's verdict.

(2) Rev. Leonard J. Christler, slain clergyman of Havre, Montana, known as the "Bishop of All Outdoors."

(3) St. Mark's Church, of which the "Bishop of All Outdoors" was rector.

(4) Home of Rev. Leonard J. Christler, where double shooting occurred.

MANY ADVANTAGES ARE AFFORDED BY THE HARDEE FARM

Splendid Farm to be Sold at Auction Saturday Morning at Ten-thirty

With the proposed hard surfaced road running through the J. B. Hardee farm it will be almost the same as living in Greenville. This splendid farm will be sold at auction by the Atlantic Coast Realty Company Saturday, November 18th at 10:30 o'clock and those who fail to attend will be missing one of the greatest sales in history.

The advantage of buying a railway station within a half mile of the property is another thing the public will be interested in. In other words it would enable even a business man to come to Greenville every day, transact whatever business he might have and to return home in plenty time for supper.

The boll weevil will have little effect upon those living on one of the eight small farms to be cut from the Hardee land as it offers ideal advantages for producing all crops produced in this immediate territory.

A splendid barbecue dinner will be served by one of the Simpson churches to those attending the sale, and everyone may be assured of getting their share of this. A band will furnish music for the occasion. The Atlantic Coast Realty Company always does things on a big scale and this sale will be no exception.

In Paris, they are sewing on silk eyelashes. That's a new way of keeping their lamps trimmed.

PLAN TO DISCUSS ENLARGEMENT OF LOCAL LIBRARY

Meeting to be Held at Chamber of Commerce Friday Evening for this Purpose

There will be a meeting of the library commission in the library rooms of the chamber of commerce Friday evening at 7:30 o'clock. This meeting will be held for the purpose of discussing matters pertaining to enlargement of the library. The discussion will be open and every organization in Greenville is urged to send a representative.

Every individual feeling an interest in the library is also requested to be present and use their influence in enlarging the library.

Every effort is to be made to enlarge the library and it is very imperative that every institution and organization be represented at this meeting if this is to be accomplished.

DEVEREAUX WILL PLAY GREENVILLE MONDAY, DEC. 4TH

Company to Present Shakespeare's Romeo and Juliet and "Arms and the Man"

Clifford Devereaux and his Company of famous players including Zelta Gant, will open a one day engagement at the High School auditorium on Monday, December 4th. They will give Shakespeare's Romeo and Juliet and Bernard Shaw's play "Arms and the Man."

The Devereaux players are coming to Greenville under the auspices of Troop 1 of the Boy Scouts. They appeared at the East Carolina Teachers College in the past summer, and were very well received, indeed, with large audiences.

"Arms and the Man" is a comedy and one of the very best of George Bernard Shaw's.

In "Arms and the Man" Shaw provides a vehicle which contains an unusually unique and thought provoking story. It is replete with comedy situations and the lines scintillate with flashing wit.

The plot mainly concerns the love and war adventure of two distinct types of soldiers, the practical and the romantic, in which the practical wins the "girl," despite her romantic disposition.

George Bernard Shaw has come to mean much to the world, and in the folly of hiding realities behind the cloak of "romance." He strips the robes from the face of war, and presents it in all its ugliness, though with a smile of amusement to think that anybody could ever believe in its "heroic" mind you, not heroism, that he does not dispute.

The play is, as are all of his, well constructed and departing in his own inimitable fashion from well known rules, works through to a charming ending. From the moment Raina gives the starving soldier chocolate lereams in the first act, Shaw never lets you forget that chocolate may be of more help to a soldier under many conditions than a pistol, a fact which doubtless many of our own soldiers would gleefully confirm. His stripping of the guise of pretense from the various characters, should provide food for reflection, there being few dramatists who can so cleverly point a moral with the pen of comedy. It is a play for all classes of people.

MELLON STILL INTENDS TO OPPOSE BONUS BILL

Washington, Nov. 16.—Views of Secretary Mellon, opponent of the bonus bill, will not be changed by the election, it was learned today. The department and administration will staunchly oppose the bill at the next session of congress.

MUDANIA PACT TO BE RESPECTED BY TURK GOVERNMENT

Kemalist Note Fails to Make Any Reference to Mudros Agreement, However

BRITISH OPPOSED TO CLAIMS OF THE NATIONALIST PARTY

Ismet Pasha Hold Conference With Premier Poincare Regarding Issues at Hand

Constantinople, Nov. 16.—The Turkish Nationalist government has given formal assurance to the Allies that the stipulations of the Mudania armistice agreement will be respected. The Kemalists state that they accept the presence of Allied troops within the limits laid down by the Mudania convention and declare their readiness to discuss with the Allies measures for their security.

They reiterate, however, their demand that all interference in the form of control by Allied troops of the Turkish international administration shall cease.

The foregoing declarations are contained in a note which Rafet Pasha, the Turkish governor, will present to the Allies this afternoon.

It is regarded as significant that the note makes no reference to observance by the Ankara authorities of the Mudros armistice agreement of 1918 or the Paris note of the Allies sent on September 23, the attempted violations of which constitute the gravamen of the last Allied note.

Any immediate danger of a rupture between the Allies and the Kemalists authorities seems to have been dispelled by the note from the Ankara government declaring that the terms of the Mudania armistice compact will be respected by the Nationalists and that there will be no insistence on the withdrawal of Allied troops from the zones laid down in the Mudanian convention.

Allied note brought relief to Allied authorities, who had seriously doubted the good intentions of the Ankara government.

While all the clauses of the Nationalist note are not wholly acceptable or pleasing to the Allies, the document is considered to offer a reasonable basis for discussion and negotiation.

CROWDS CONTINUE TO INCREASE AT THE REVIVAL MEETING

Mrs. McAdams Again Thrills Large Crowd With Forceful Sermon

Considerable interest continues to center around the evangelistic campaign being conducted by Mr. and Mrs. McAdams under the tent at the corner of Third and Cotach streets. Although the meeting has only been in progress since Sunday attendance has increased to great proportions and the public is manifesting much interest in the splendid sermons delivered by Mrs. McAdams.

Mr. McAdams last night preached on the subject of "Getting a Shave in the Devil's Barber Shop." The sermon was one of the most forceful of the campaign and contained many facts vitally affecting those desiring to live better lives.

The theme Mrs. McAdams will use tonight will be "Faith." This will be even more forceful than last night's discourse and those attending may be assured of something inspirational. Several confessions marked the services last night, and the evangelists were highly gratified at the intense interest exhibited by their hearers.

At Creil, near Paris, there is a society of archers, with an annual competition for the original trophy given at the first meet of the society, more than a thousand years ago.

FARM CROPS IN FINE CONDITION IN THIS STATE

Even Tobacco and Cotton Have Brought Good Prices Despite Unfavorable Conditions

Raleigh, N. C., Nov. 15.—In view of the natural advantage which North Carolina has held in an agricultural way this year, it is interesting to get a glimpse of the prospective outcome. The boll weevil is just beginning to get a good hold on us, which means this is our last good cotton year, but it also means that the effects of diversified farming are showing effective results. The fruit crops have been extra good, as have most hay crops and early vegetables. Even tobacco and cotton, although heavily hit by unfavorable weather seasons in the east, have brought very good prices. The improved prices may have been aided by this year's competition in marketing advantages.

According to commercial traveling men, North Carolina was agriculturally and industrially in as favorable circumstances as any state in the Union. The effects of reaction and adverse agencies have been felt by the state as a whole, but lightly in comparison with other states. We are far better off than the middle western states where corn, hay and small grains are selling at destructively low prices. Being the last state to suffer from the boll weevil ravages, we have the advantage there.

Small grains in this state made low yields and are netting returns below cost. They make only a small part of the state's aggregate crop value.

With a prospective crop for this state of over 300,000,000 pounds and with 141,000,000 lb. sale to date by the independent warehouses, which is 41 per cent more than last year's auctions to the same day, it would seem that in spite of the cooperative deliveries that this year's crop will be more than 5,000,000 lbs. greater than a year ago. The average price for October warehouse sales was 20 cents, as compared with 31 last year and 27 cents in 1920.

The average crop yield this year, compared with the usual, shows that North Carolina is almost 7 per cent short. It is of interest to note that Virginia is over 5 per cent above the average, while South Carolina and Georgia have almost one-third shortage in their crop yields. The National average is three and four-tenths per cent below usual.

The prices of farm commodities for Nov. 1, 1922 are as follows: U. S. wheat 98 cts.—34 last year; potatoes 63 cts vs. \$1.25 last year; sweet potatoes 81 vs. 90; Hay \$11.00 vs. \$11.15 for the two years; fruits \$1.19 vs. \$2.20 per bu. last year; clover seed, \$9.66 compared to \$10.21 and peanuts 3.6 vs 4 cents a year ago.

WILL NOT FORCE ACTION ON MUSCLE SHOALS PROJECT

Washington, Nov. 16—Indication that no effort will be made by southern democrats to force action on Muscle Shoals at the special session of congress was contained in a statement from Congressman Huddleston of Alabama, who said that he doubted if the Republican machine would permit anything of the kind.

We regret to announce that our auction sale will be discontinued for at least one week, as our auctioneer is obliged to leave town for that length of time.

We will open our sale again next week, in order to dispose of the rest of our stock.

Watch for the opening, and remember that everything will go under the hammer. We will offer some very fine diamonds, watches, silverware, pearls, cameos, wrist watches, clocks, chains, rings, lavellieres, bracelets and other articles too numerous to mention.

Watch and wait for the reopening of our big auction sale.

In the meantime, we will do our regular retail business. Everything will be sold at auction prices.

Thursday, November 16, 1922

Greenville people have never failed to give liberally to the Red Cross and will not this time. The Roll Call now in progress will be as successful as any other in recent years because the people are rallying in a gratifying way. The Red Cross has done much in behalf of civilization and if this work is to continue it will be necessary for the public to give one dollar in membership when the Roll Calls are in progress. Chairman White has the county well organized and this will result in every community giving liberal and ready response to the call for funds.

Greenville has again taken first place in the sale of bright leaf tobacco. We have been boosting prices all the season, but never realized what a splendid record we were making until the October report of the State Crop Reporting service, showing that Greenville had outstripped all other Eastern Carolina cities in the way of prices. While Wilson of course took first place in number of pounds actually disposed of, it is gratifying to note the local market brought up a close second place. This is a record everyone will be more or less interested in as it shows the progress we have been making under conditions which have not been altogether favorable.

The farm department of Pitt county is ready and willing to render any assistance to the farmer and those desiring anything of the kind are urged to get in touch with the department at once. W. B. Pace, farm demonstration agent, has done much for development of the industry in past years, and his services will be even greater if he is given an opportunity to serve. Our growers are face to face with one of the most critical periods in history of the industry and their future largely depends upon what course is pursued within the next two years. It is hoped they will listen to advice of the farm departments. Their representatives have studied the problems and will be able to render great service to those not sure what course to pursue under present conditions.

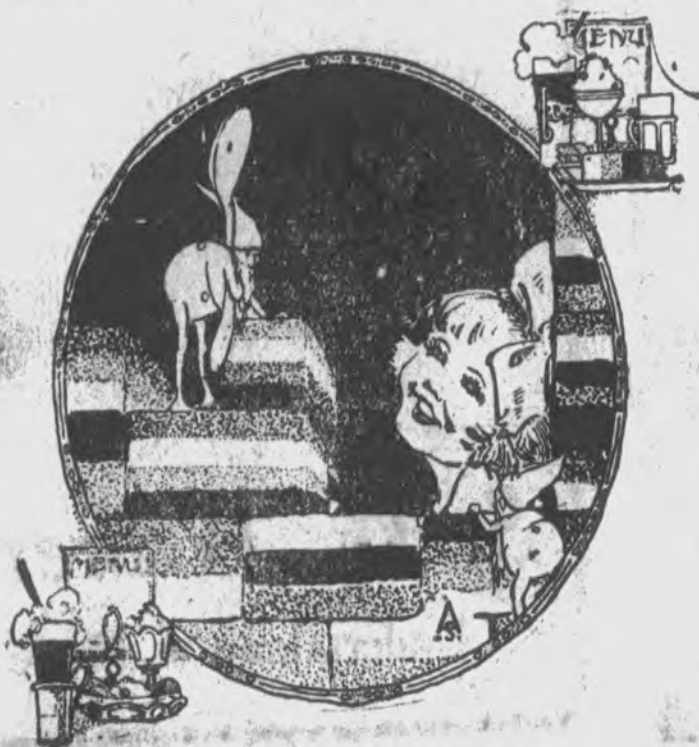

Woodrow Wilson has received much encouragement from the way people are supporting the Democratic party in different parts of the country, and if sentiment continues as it is he may be inspired to again assume the leadership of the party which he one time represented so faithfully and efficiently. That he is still capable of rendering the people great service cannot be doubted in the least and it is hoped his health may improve so rapidly that he will be able to head them by the time when this becomes necessary. The party is leaderless at this time and we know of no one who could carry the old craft to victory more surely than the former president. If evidence of public favor of the Democrats acts as a tonic to Mr. Wilson we predict that he will be a well man in less time than people expect.

Congressman Claude Kitchin has thrown a bombshell into ranks of the Republican party by his declaration that despite an apparent Republican majority the Democrats will be able to organize the next House of Representatives. That this must have proven disconcerting to Republicans who have held sway the past two years cannot be doubted, and the next several weeks should see one of the most bitter contests in history of the

House. Congressman Kitchin is one of those kind of fellows capable of facts with those of other cities being doing what he says without much fore going much further. Greenville bluster, and the Republicans from now on will be confused concerning future activities of the party. If the party is able to organize it will mean one of the greatest victories for them in the past two years. With the House in control they will be able to shape the destinies of state exactly as desired. This is exactly what they have been after for months and if they can put the thing over that's about as good as anyone would desire.

The Eastern Carolina chamber of commerce proposes an exposition for eastern North Carolina. While no location has been considered this important matter may be decided upon at a later date after the proposition has materialized. That an exposition of the kind would be of great value to this section cannot be doubted in the slightest sense of the word, and it is to be hoped the chamber will continue working away on the project until something definite has been accomplished. The town or city in which the exposition is to be located is one of the most important matters to be considered and we trust the chamber directors will not fail to give the matter the attention which it deserves. We know of no location that would be more suitable than Greenville. This city offers every advantage that could be desired. It has the railroad facilities and other necessary advantages and the chamber

The tent meeting now in progress at the corner of Third and Cotanch streets is commanding considerable attention among the church going people of Greenville and it is probable crowds will increase with each succeeding day. Mr. and Mrs. McAdams, the evangelists, have established very enviable reputations in their campaigns throughout the state. Their work has been a means of converting hundreds of people who otherwise would have remained in darkness and sin had the meetings not been held. Greenville was never in greater need of a religious revival such as the present campaign is beginning to shape itself and Mr. and Mrs. McAdams should be able to do a great work. It is true our Sunday schools have larger enrollments than other cities of this size, but there are numbers who do not attend church and it may be these will be reached by the evangelists. It is to be hoped so at least and Greenville people should unite and use their every influence in behalf of the meetings.

Misses Ruth Andrews, Hannah Dixon, Frances Bowen and W. L. Whichard attended the dance in Tarboro last night.

Attorney K. A. Pittman, of Ayden was numbered among business visitors in Greenville this morning.

Mr. and Mrs. C. M. Spencer, of Wilmington, spent several hours in Greenville yesterday.

Mr. D. D. Taylor, of Tarboro, was numbered among visitors in Greenville Wednesday.

Mr. C. D. Slocumb, of Goldsboro, was in the city a short while today.

Mr. L. L. Patterson, of Burlington, spent Wednesday afternoon in the city on business.

Mr. and Mrs. J. M. Farmer, of Wilson spent Wednesday in Greenville with friends.

Messrs. H. A. Underwood and J. E. Beaman, of Raleigh, were in the city Wednesday.

Mr. C. D. Glover, of Charlotte, spent the day in Greenville.

Mrs. C. H. Bascom and little daughter Sarah left yesterday afternoon for Jacksonville, Fla., where they will visit before going to Atlanta, Ga., their future home.

Mr. O. F. Clark has returned from South Boston, Va., where he has been conducting a sale.

Born: On Wednesday, Nov. 15th, 1922, to Mr. and Mrs. G. L. Allen, a daughter.

BOOZE FOUND IN BREAD; DEALER PAYS BIG FINE

(By International News.)
Akron, O., Nov.—Officer Howard Moody rolled his eyes about the crowd at a market-house jam. He saw two huge loaves of bread sticking over the end of Frank Caralea's provision basket. They were uncovered, and Moody lifted one out. It was heavy, but the other was heavier. Also, the crust was broken on the second. Moody thrust his finger through the fracture and felt something strange in a loaf of bread. It was a pint of moonshine.

Caralea affected great surprise, but he paid a fine, anyway, when he appeared before the police judge.

CHINESE RAIL MEN FORM UNIONS NOW

Workers Insist Roads Must Not Be Used for Troop Transportation

Peking, Nov.—China's railroad employes have become organized into a workers' syndicate and have tangereed the Government by their sudden policies. "Utilization of the Chinese railways, for purposes of civil war, must stop," they declare and give notice to the military leaders that the syndicate's consent must first be obtained before the troops can be transported. They have also attacked the employment of an American countant on one of the roads for the purpose of protecting the American creditors and they demand the discharge of certain other foreign officials, engineers and otherwise.

In view of the recent troop concentrations north of Eientsin and the possibility of another Putschist war with the usual injuries to the innocent bystander, the prospect of a general strike in opposition is a matter of some comfort. The first real strike in the history of the railroads began when the Peking-Kalgan workers walked out. They were followed by their Peking-Hankow brethren. Then the workers of the remaining roads threatened to join in and the high directors compromised in haste.

The recent advent of the Russian Mission, under the leadership of A. A. Joffe, the so-called Soviet "number one diplomat," has been an unpleasant coincidence, and there are rumors to the effect that the Soviet is taking active measures to organize the Chinese workers for support.

On the other hand, the activities of the strikers are completed by the efforts of certain officials to serve their ends and are political rather than economic. In each case the demands include the dismissal of high officials along with other items, including the refusal to move troops without the sanction of the union heads. The increase in wages asked is in no case more than 10 per cent and is one of the minor points.

The Peking-Kalgan line strikers directed their attack also to an American firm, W. W. Fowler & Co., which by virtue of a \$5,000,000 credit received the right to appoint its own accountant to supervise the receipts. The interest of the workers in such a matter is desired to be entirely artificial and it is believed to be the work of the officials interested in covering up the financial transactions of the road. It is also held to be one of the manoeuvres against the

consortium. As the need for a foreign loan becomes greater, the necessity of applying to the consortium becomes ever more apparent.

STOMACH PUMP IS USED ON CHILD TWO YEARS OLD

(By International News.)
Ashland, Ohio, Nov.—When it was found that little Marian Dannley, two year old daughter of Dr. and Mrs. G. R. Danley, had swallowed a large pill containing a small amount of arsenic a stomach pump was used. The child swallowed a fourteen inch rubber tube, the size of a lead pencil, used in connection with the stomach pump.

DAIRY SUED BECAUSE MILK HAD WORMS IN IT

(By International News.)
White Plains, Nov.—Mrs. Sophie Bliss has been appointed by the court as guardian of her one-year-old son to file suit against a milk company asking damages. It is alleged that the boy drank "milk obtained from the company which was unfit for use and contained worms and other foreign substances which caused him severe illness."

PRINCETON TO FILM ALL UNDERGRADUATE CLASSES

(By International News.)
Princeton, N. J., Nov.—A motion picture committee has been organized to keep a cinematic record of every class here from the time it enters the university. The committee will purchase its own camera for making the motion pictures.

WISE SON MAKETH MAD FATHER IN THIS CASE

Martin's Ferry, O., Nov.—A friend taught Victor Kehrer, Jr., two-year-old son of a prominent local Democrat, the following "speech," which the youngster gladly recites: "Ladies and Gentlemen—I believe in the Republican party."

GIGANTIC BEAN SLICED, FRIED LIKE EGG PLANT

(By International News.)
Wheeling, W. Va., Nov.—The championship bean raising laurels are claimed by Dr. W. H. Kerr, of Tyler county, who exhibited at Sistersville a variety of bean that was forty inches in length and weighed four and a half pounds. The variety is sliced and fringed like egg plant.

PAYING INDUSTRIAL WAR COST BY PUBLIC

Bill of Late Strikes Must Now be Liquidated by the Consumers; Coal at Root of Burden

By W. H. ATKINS,
International News Service Staff Correspondent.

Washington, Nov. — The public pocketbook nerve—most sensitive of all nerves in the body politic—is now feeling the effect of industrial war losses. These losses are huge. The public has begun liquidating the bill for the frays between capital and labor by paying higher prices on some of the chief necessities of life. Higher prices on articles that are indispensable in the households of the land may go through the entire winter and into next spring because of this year's periodical labor scrap.

High cost of coal will be at the root of most of the financial burden of the people. Everything that industry manufactures will take on an added cost, because the overhead charges of operation are thereby increased.

Only the coal barons will derive comfort from this new era of inflation. State price control, now relied upon by the Federal Government to hold prices of fuel in check, can be at best only a partial success in restraining extortion. The coal operators figure to win in any event. It is no secret that they have laid their plans to double their normal profits on all coal sold this winter. In the end they will lose nothing by the long tie-up in the mines.

First results of the industrial war which has embroiled both railroad and coal industries was recession in commercial and industrial activity. Industrial activity slowed down considerably because of scarcity of coal supplies. The difficulties of transportation have also been a retarding factor to business. As winter approaches these troubles probably will become aggravated.

Along with this slackening of industry there is a sudden shortage of some commodities and a sudden advance in prices. Official figures show the most notable increases in prices have occurred in coal, animal products, cotton and sugar. The increases have been general in the wholesale and retail trade.

When mid winter comes—four months hence—the country may witness not only high prices but widespread suffering, especially among the poor unable to pay extortionate prices for fuel needed to keep them warm. None of the responsible officials of the government, studying the coal situation, can see far enough ahead to predict that the country will escape a period of great distress during the cold months.

"WE KEEP YOUR FEET HAPPY"

:- WANTED :-

Dear Friend and Customer:--

You have no doubt seen our new home, we are building, just across the street from our present store, we are going to make this one of the most modern stores in Greenville.

With only seven weeks left in this year we find our store and warehouses filled to the brim, more stock than we can sell in the regular way. And we are forced to sell it quick. Better to sacrifice profit NOW than move it into the new store later.

Commencing Friday, November 17th, we open the Greatest Removal Sale this community has ever seen.

We have employed Mr. C. H. Schaut of Carolina Trade Bureau, he has gone through our stock making such reductions in price as he considers necessary to sell it, in the short time.

We want you to consider this a Personal invitation to come lay aside everything, and be here when the doors open, it will pay you.

Yours very truly,

THE BLOUNT-HARVEY CO

NOTE!

Don't confuse this UNDERTAKING with the ordinary, every day, common, Mark - up, mark-down, every week sale. You know the kind I mean.

C. H. SCHAUT,
Man in Charge.
