NO MEETINGS HELD BY ROTARY HERE YESTERDAY

Mr. Moore Was Honor Guest at First Session at 1 O'clock Yesterday

LEGAL TEACHERS AND OFFICERS WERE GUESTS LAST NIGHT

Luncheon and Splendid Programs Featured Sessions of Afternoon and Night

Two sessions were held by the Rotary club yesterday afternoon and night and both occasions provided more than ordinary interest. The first session was held at 1 o'clock, being called for Roger Moore, of Wilmington, governor of the 7th district of International Rotary, who delivered an inspiring address in behalf of the principal features of Rotary. At six o'clock the entertained teachers and officers of the Eastern Carolina Teachers' Association at luncheon, the occasion being the regular semi-monthly meeting of the club.

The first session was called promptly at one o'clock and was featured by a luncheon and reports of several committees. After the reports had been heard J. L. Hassell was appointed chairman of the committee to hold the next annual meeting to be held in St. Louis, Missouri, early in the spring of next year.

Communication was read from the Rotary club at Petersburg, Va., showing good attendance at the district conference to be held in that city in the spring.

A. Harris, Suffolk, Va., Rotary member, was a guest of the club, and made a brief talk on Rotary which was timely in every sense of the word. At this juncture the session was turned over to Mr. Moore, who made an inspiring talk covering three of the principal features of Rotary; namely, attendance, business methods and the work of the club.

He brought out the necessity, as well as the value, of attendance and showed specific instances of the great good derived from attending Rotary meetings, as well as placing a man in position to do good on the outside. He showed how Rotary should be put in business methods and declared that attempted short cuts were downright dishonest.

He discussed the boy's work program at greater length, citing numerous instances of dependent children in our state in need of aid. He spoke of them as the "unprivileged" children and showed the necessity of extending help if we want them to grow up as good citizens.

He said there is to be a meeting of the Rotary club and fraternal organizations of the state today to form a bill to get through the legislature to provide a way for the children of North Carolina. Out of census taken in this state, he said, there is something like 25 and 35 hundred children who couldn't get in any kind of home. At all because they were all full. We have had over eight thousand cases to go to juvenile court and something must be done to remedy the situation, he declared.

EVANGELIST MAKES STIRRING APPEAL TO UNSAVED LAST NIGHT

Mrs. McAdams Last Night Delivered First Sermon to the Unsaved of Greenville

Last night was the first service at the court house and while the weather was very inclement this failed to cut down the attendance or to detract from the interest which centered around the campaign since it started at the text of the corner of Third and cotanche street slightly over two weeks ago.

Mr. McAdams last night delivered a stirring message to the unsaved for the first time. She will continue these messages until many are lined up on the side of the righteous.

The subject last night was "Prepare to Meet Thy God". It was an inspirational appeal in behalf of the unsaved of Greenville and a number of persons responded to the call.

Mrs. McAdams will tonight preach on the subject of "The Soul in the Palace of Sin". This will be one of the most forceful sermons of the entire series and those who fail to hear it will miss something indeed.

COUNTY POULTRY ASSOCIATION TO MEET THURSDAY

Session to be Held in Rooms of the County Chamber of Commerce

The monthly meeting of the Pitt County Poultry Association is scheduled to meet in the Chamber of Commerce rooms next Thursday afternoon at 3:00 o'clock.

The association is taking in new members at almost every meeting and at the present rate it should not be long before fully one hundred Pitt County men are linked up in this splendid piece of constructive work.

PREMIER URGES UNITED STATES TO HELP THE LEAGUE

Clemenceau Also Believes This Country Should Enter League of Nations

St. Louis, Dec. 4.—Re-entry of America into European affairs either as member of the League of Nations or on some other basis, was urged today by George Clemenceau, war premier of France, in the fourth of his series of addresses in this country Saturday, delivered at Odeon before a capacity audience that applauded him roundly at frequent intervals.

The Tiger, summarizing what he thought he had accomplished so far on his tour of America declared he believed he had convinced the country that France was not militaristic or imperialistic and that she had every intention of paying off her debt to the United States.

Just to make sure, however, he repeated arguments briefly of these points before he touched on the subject of American participation in Old World affairs—the point he said that he has been most frequently advised he will not be able to get across.

COMMISSION WORKING OUT FATE OF THRACE

This is the sub-commission of the Allied Commission that is working out the fate of Thrace to be submitted to the main body meeting in Lausanne, Switzerland. Seated, left to right: Colonel Caprivi, of Italy; General Fillionnet, of France, and Colonel Spence, of Great Britain. Standing, left to right: Machmut Bey, of Turkey; Lieutenant Wurtz, of France; Commandant Gray, of France, and Captain Gomar, of Italy.

PITT ALUMNI OF UNIVERSITY WILL TENDER BANQUET

Christmas Holidays to be Featured by Big Doings According to Information Today

The 125 University Alumni living in Pitt county will hold a big banquet during the Christmas holidays according to information reaching here. Professor W. S. Bernard of the Department of Greek of the University, a native of the county, and one of the finest speakers in the Faculty of the institution will deliver the principal address of the occasion. The Pitt association has a membership of about 125.

F. G. James is President of the local association and M. K. Blount is Secretary. A. B. Corey is chairman of a special program committee which is arranging for the big gathering, which will likely be held on the evening of the 25th of December.

The long dormant Pitt Alumni Association was started again at a meeting on October 12th as a result of the recent establishment of the Central Association's office, and plans to work in close cooperation and support of the Central Association and of the University.

Gatherings of University alumni will also be held in the other counties throughout North Carolina during the Christmas holidays. Arrangements have been made in the Eastern part of the state. The interest is equally as keen in the Western section and it is expected that equally as large a number of meetings will be held there, making a total of near seventy—with a total attendance of more than 3,000.

This activity among the University alumni comes in response to the establishment a few months ago of a Central Secretary's office for the General Association. This position is being filled by Daniel L. Grant, of Chapel Hill. The other officers of the Association are Walter Murphy, Salisbury, Charles L. Weil, of Greensboro and Robert M. Wright, Greenville.

The University has a total of more than 11,000 living alumni which have not formerly been knit closely together into an association. It is to foster this work, and to support the institution in its great work for the state that the great amount of interest is at present being manifested.

LEAGUE OF NATIONS DENOUNCES OPPOSITION TO THE AUSTRIAN LOAN

(By International News)

London, Dec. 5.—Exciting scenes occurred at the Commons when the League of Nations denounced the unsuccessful fight against the government's proposed thirty million dollar loan for Austrian relief. Member Newbold, the only common member of the house, launched the attack. Travelers returning from Austria reported the situation to be desperate.

NEW BERN MAYOR EXPRESSES THANKS TO CITY FOR OFFER

Says His People Will Be Glad to Accept Assistance as Offered in Telegram Saturday

Mayor D. M. Clark today received a telegram from Mayor Edward Clark of New Bern expressing the appreciation of the city of New Bern for the offer of assistance made by Greenville organizations in a telegram Saturday. It was first thought in New Bern people could provide for the situation themselves, but a check-up showed conditions to be so serious that outside help would have to be solicited.

As a result of this telegram every effort will be made by Greenville people to render every assistance possible. Mayor Clark stated today, and it is hoped the public will respond liberally.

Telegram To New Bern

Care of Mayor Clark, The Chamber of Commerce, the Merchants Association, The Rotary Club, The Kiwanis Club, The Woman's Club and the entire City of Greenville extends to the City of New Bern the deepest sympathy in this hour of trial and disaster, and offers to assist in any way possible.

P. L. Clodfelter, President Chamber of Commerce; R. L. Crow, President Merchants' Ass'n; J. E. Winslow, President Rotary Club; J. B. James, President Kiwanis Club; Mrs. H. S. Ragsdale, President Woman's Club; D. M. Clark, Mayor of the Town of Greenville.

NEW BERN'S REPLY

New Bern, N. C. Dec. 4, 1922. Hon. D. M. Clark, Mayor, Greenville, N. C.

Please accept our sincere thanks and convey to your several organizations our gratitude and appreciation for their expressions of sympathy and aid in the recent conflagration in our midst. Our people will be exceedingly grateful and will accept your offerings in any measure offered and tendered.

EDWARD CLARK, Mayor.

GOVERNOR MORRISON LEAVES FOR NEW BERN TO AID SUFFERERS

(By International News)

Charlotte, Dec. 5.—Answering personally New Bern's appeal for aid Governor Morrison left today for the town which was practically laid waste by the most disastrous fire in the history of North Carolina. His departure followed a telephone conversation with Adjutant General Meets at New Bern who said that relief measures are pitifully inadequate.

A thousand homes are in ashes and three thousand persons are without homes. The governor today issued an appeal for aid to the stricken people. A campaign to raise funds was under way here this morning.

THE FIRST YEAR SCORES HIT WITH LOCAL AUDIENCE

John Golden's Production Fairly Well Attended Despite Inclement Weather

"The First Year", John Golden's latest production, played to a fair size audience at White's theatre last night and scored a direct hit for the offer of assistance made by Greenville organizations in a telegram Saturday. It was first thought in New Bern people could provide for the situation themselves, but a check-up showed conditions to be so serious that outside help would have to be solicited.

The "First Year" was everything advance reports said of it, and even more. Costumes and scenery matched well with the different changes of the story, and brought out each part in a way that elicited the highest commendation.

The story itself is one of the kind even the most severe critic would be bound to appreciate. It was that of a young married couple in their first year of supposedly matrimonial bliss, but which proved something else besides. The first scene showed the comfortable home environments of the girl. There were two lovers of course—one romantic and reckless, the other quiet and unobtrusive, in fact so much that way he didn't even have the nerve to court his girl. The young woman favored the romantic young fellow quite naturally. But mother and father and an uncle were heart and soul for the other. After several laughable situations including a side-splitting courtship the girl married the bashful unobtrusive young fellow. She wanted romance—the kind that causes people to leave home and seek their fortunes in some strange territory.

And they left home—ever crossed several states and began their first year of matrimony. Eventually the young husband had an opportunity of selling some property at an enormous sum of money. As the deal was about to be consummated the old rival stepped in and confusion reigned supreme. It began to look as if the property would not bring the high price because of superior knowledge of conditions by the rival.

At this juncture things became so exasperating the young wife left her husband and went back home. Hardly had she gone when the deal was pulled off and the husband found himself rich. He got drunk and after many amusing scenes the girl's uncle brought husband and wife together again. The rival was proven to be shiftless and unworthy of a true woman's devotion. Of course, after that the couple lived happily ever afterwards.

Those who failed to attend the show last night are unable to appreciate the effort Mr. White is making to give his patrons the best on the road. He is doing this and these who here did not attend missed the best seen here in many seasons.

SITUATION CALLS FOR HELP OF ALL PEOPLE OF STATE

New Bern People Look Over Situation and Admit Need is Greater Than Thought

NEW BERN, Dec. 4.—The situation resulting from Friday's great fire, may be briefly summarized as follows:

Last night passed without and disorders excepting for one case of drunkenness and one case of assault. Members of the local field artillery unit, soldiers from Camp Bragg and others did patrol duty in all sections of the city throughout the night.

The work of feeding the colored people at the West Street Graded School continues without and cessation. Approximately 200 slept in the school building last night.

General Van B. Metts, state adjutant general, arrived in the city this morning to view the local situation.

1,500 sweaters and 1,000 pairs of socks are on the way from Red Cross headquarters in Atlanta. 1,000 blankets and 1,000 mattresses have arrived from the coast guard station at Norfolk.

An accurate list, compiled by J. K. Willis, shows that 35 white families are homeless. They occupied 34 dwellings. Three stores, operated by whites, also were destroyed in addition to a number of other structures, including factory, warehouses and sheds.

A medical officer with two assistants have arrived from Camp Bragg to take charge of the sanitation situation. Miss McNeill, of the American Red Cross, also arrived this morning. For the first time since the disaster New Bern today is giving actual serious consideration to the problems which must be overcome. It is now realized that the temporary housing and feeding of the fire victims presents a small phase of the situation and that the relief work must be carried on in a far more extensive manner. As this fact is being drilled home in the minds of the people in charge of affairs they now are forced to admit that New Bern, of her own accord, cannot bear the entire burden and that help must be asked from neighboring towns and cities.

DUBLIN PAUPERS RULE WORKHOUSE

Dublin, Dec. 5.—The Board of Management of the Wexford Workhouse is in a peculiar crisis. The paupers have gone on strike because they don't get their breakfast served in bed.

The master of the workhouse informed the board that all the negro-wells, male and female, from all over Ireland are flocking into the institution. Their conduct is terrible; they refuse to obey the officials. They leave the house at any time of the day or night they like, returning often times the worse for liquor. They refuse to get up in the morning unless supplied with their breakfasts in bed. The officials had to make the beds, as the paupers refused to do so. The master said he had twenty men watching one of the inmates to stop him from stealing things from institutions, yet they were unable to detect him though he took tables, chairs and bedding out and sold them in the town.

MOONSHINER ESCAPES BY ROLLING DOWN AN INCLINE INTO RIVER

(By International News)

Anderson, S. C., Dec. 5.—State, federal and prohibition officers were today searching for Wood Simpson, alleged moonshiner, who escaped from them yesterday by rolling down the shoals several hundred feet in the Savannah river near the little Cuba island and disappeared in the bushes.

NEGRO JAILED IN CONNECTION WITH NEW BERN'S FIRE

Ernest Gibbs Charged With Setting Fire to Roper Lumber Company Friday

INVESTIGATION NOW UNDER WAY TO BRING ABOUT OTHER ARREST

Gibbs Charged With Incendiarism and Belt Cutting in Recent Years

NEW BERN, Dec. 4.—Ernest Gibbs, mentally defective negro, is in jail here today, after his arrest on a charge of incendiarism and in particular the setting on fire Friday morning early of the big Roper Lumber Company Mills, where the first fire in this city's \$2,000,000 conflagration burst out. Further investigation is proceeding as to the cause of the fire in a negro home at 30 Kilmarnock St., from which point the second fire swept to within a few blocks of the first fire and levelled 40 blocks of 1004 homes and left over 3,000 homeless.

The final investigation which resulted in Gibbs' arrest by Chief of Police A. L. Bryan and others, was conducted by Fire Chief James S. Bryant and Deputy Insurance Commissioner W. A. Scott and E. A. Canady.

It seems that Gibbs was seen around the Roper Mills early Friday morning and that he acted suspiciously. On questioning before arrest, it was seen that he was evading his questioners and his answers attracted rather than assuaged further suspicion. Prior to this last attempt to Gibbs to damage property at the mill he had been caught cutting belts on some of the machines, so that he could sit down and rest.

Several times belting had been found cut but no one was able to catch the negro at it till a plan was set for him. This occurred some time ago. Gibbs' record also included a sentence for incendiarism in 1918, local police officers state.

He had worked for Roper for some time but was considered to be harmless. Meanwhile, till a full investigation can be made, he will be kept in jail here, while officers probe into other matters pertaining to the two great fires of which have been fought since Saturday morning.

Under the able care of Carter Taylor, of the Red Cross, things are working smoothly now as regards relief work. New Bern had a night's rest Sunday and work Monday went forward with more vim. Every one was entirely worked down and all fell till then when Mr. Taylor ordered them to bed.

Negro Caught.

PLANS UNDER WAY FOR RENEWING FIGHT FOR LEASE OF SHOALS

(By International News)

Washington, Dec. 5.—Plans for renewing the fight in congress to turn over the government's nitrate plant at Muscle Shoals to Henry Ford or some other private bidder were discussed at a conference between governor-elect Braddon, of Alabama, and the congressman of Alabama. The Muscle Shoals question will be brought up by Southern congressmen this session, but plans were set for staging the greatest offensive when the new congress convenes. It is expected then to have sufficient votes to put plans through for development of the site.

GREAT BRITAIN SUGGESTS CONFERENCE AT WASHINGTON TO DISCUSS RUSSIAN FLEET

(By International News)

London, Dec. 5.—Another Washington conference will be suggested by Great Britain to deal with Russia if it is proved that Russia is building a powerful Black Sea fleet. It was learned from the admiralty today. Paris dispatches said that it is proposed to hold a naval conference to deal solely with Russia.

A REAL KIWANIAN

The retirement of J. B. James as president of the Greenville Kiwanis Club will be received with genuine regret on all sides, although he is succeeded by one of the most capable men of the community.

Mr. Fitzgerald is not only superintendent of public instruction in Pitt county, but a very capable business man and his election no doubt will mean continued progress of the club over which Mr. James presided with such dignity and honor to the club and himself.

Bert James, as he is familiarly known, has been one of the most faithful presidents a club could possibly desire and this one fact has meant much to the many things the institution has accomplished.

LET US RESPOND TO THE CALL. The urgent request for aid in New Bern should receive immediate attention in all parts of the state.

It is true the mayor of New Bern has graciously declined the offer of financial aid, but they are ready to accept clothes such as people feel able to give.

New Bern business men have rallied in a commendable way to the call for funds, and have done everything possible to make things easy for the hundreds who lost all their worldly possessions in the fire.

Eastern North Carolina people have been fortunate in past years and should rally nobly behind New Bern people in this moment of supreme sacrifice.

Sheriff Ernest Dudley was yesterday succeeded by Amos C. Jackson, recently elected to the high office of sheriff after Mr. Dudley had served efficiently for two terms.

GREATEST MOTHER ON EARTH

The American Red Cross has brought its activities nearer home in caring for the fire-stricken, homeless people at New Bern. We have heard much of the excellent work of this great organization, but this is the first time we have had an opportunity of really observing the rapidly with which it responds to call for aid.

Hardly had the embers of the fire quit glowing before the field director with ear loads of food and other necessities was on his way from Fayetteville to New Bern to take charge of the situation.

Craven county is beginning to see material and very encouraging returns from the farm campaign recently conducted in that part of the state.

How much longer must the public be menaced by unprotected railroad crossings? This question has been asked repeatedly the last several months, but nothing more than interjections have materialized.

Tuberculosis Christmas seals will be on sale between now and the holiday season and we trust everyone will buy liberally as possible. Money spent in this direction is spent in one of the greatest causes for which it is possible to spend.

The government has filed suit for twenty million dollars against contractors and builders of cantonments. This amount, it is claimed, represents as a portion of what the contractors profited from the government in the rush and hurry to get everything in readiness for training the men for actively overseas.

Georges Clemenceau, former prime minister of France, after a speaking tour of the north will soon invade the West. His effort to solicit the sympathy of America for Europe has attracted world wide interest and it is certain his story will receive as much interest in the west as any were else.

How much longer must the public be menaced by unprotected railroad crossings? This question has been asked repeatedly the last several months, but nothing more than interjections have materialized.

Tuberculosis Christmas seals will be on sale between now and the holiday season and we trust everyone will buy liberally as possible. Money spent in this direction is spent in one of the greatest causes for which it is possible to spend.

very heavy sometime unless something is done to remedy the situation and action should be immediate. Hundreds of cities throughout the country maintain drop gates at railroad crossings and there is no reason on earth why the lives of Greenville people should be jeopardized by the carelessness of those responsible.

Greatest Merchandising Event in Our History—Its Reason

For a term of years this store has occupied a prominent place in the commercial life of Ayden and Eastern North Carolina, growing steadily with the community and serving the people to the best of its ability, always maintaining the principle of honor and fair dealing to everyone. In fact, it owes its rapid growth to the appreciation shown by its friends and customers.

had to contend with, we have decided to sell our \$20,000 surplus stocks to our customers at a saving from 20 to 60 cents on the dollar.

I have employed Mr. C. H. Schaut, of the Carolina Trade Bureau. He will conduct a clean-cut sale, beginning Friday, Dec. 8th, at nine-thirty a. m.

Every line in this statement is made with due respect to the intelligence of the people of Eastern North Carolina, and every word and price quoted in our advertising, regardless of how ridiculous it may look, is a cold blooded commercial truth.

To show OUR appreciation, to our friends and customers, and to make them realize that WE are conscious of the conditions, that the farmers have

A SALE That Is Positively In A Class To Itself

Don't confuse this undertaking with the ORDINARY, EVERYDAY, COMMON Mark-Up, Mark-Down, Close-Out Bankrupt Sale. You know the kind I mean. I tell you it's the Greatest Stock of Quality Merchandise and Farm Implements ever offered to the public in this part of the county under these unusual conditions. I want you to come and see for yourself. Take no one's word; the prices here will give you a vague idea of what real savings are being made possible. A visit will quickly prove to you that cold black type or pictures fail to describe this wanton sacrifice of merchandise and Farm Implements.

A FEW WORDS

From the Man in Charge

Ordered Sold

I have been engaged to dispose of \$20,000 surplus stock as soon as possible, commencing Friday, December 8th, and continuing through Tuesday, December 19th, consisting of Ready-to-Wear, Shoes, Hosiery, Hats and Caps, Dry Goods, Notions, Farming Implements, etc.

In fact, all kinds of necessities, in the quickest possible time. Frankly, folks, in my years of experience I have never seen a better and cleaner selected stock in a town of this size than you will find in this store. Here you will find standard goods made by the most reliable manufacturers. Nothing shoddy or out of date. Space will not allow me to go into detail. Only let me state every article is 100 per cent fine and **MUST BE SOLD** at some price. I don't care how much you have been fed up on so-called sales, or how disappointed you have been with some near bargains you have bought. I know I am going to make this one of the most interesting events that has happened in Ayden.

This stock has been arranged in such a way that you can almost wait on yourself. In fact, everything in the store is marked in plain figures so that you can make your own selection, comparisons and decisions. This without a doubt will be the most sensational selling event ever put on in this section. Come early, don't be among the disappointed ones.

C. H. SCHAUT, Man in Charge.

MR. CLARK ISSUED STATEMENT TO PEOPLE ASKING ALL TO HELP

The Good People of North Carolina and Other States: With more than one thousand homes destroyed, three thousand unemployed and hundreds with- out an income, our city today is lying under a burden which is but overwhelming.

For aid, as first prompted us to help ourselves for assistance to the people of New Bern who had been disaster. Now, however, we think that New Bern cannot stand in her efforts to care for the distressed. Therefore, if there are committees, organizations or individuals who desire to help us in this hour of need, I wish to assure you on behalf of our people that our challenge will not only be deeply appreciated but that it will be the means of alleviating much distress and suffering. I respectfully ask the various newspapers to give publicity to this statement.

EDWARD CLARK,
Mayor of New Bern

TWO DEEDS OF TRANSFER FILED SINCE YESTERDAY

The following deeds of transfer have been filed in the office of the clerk of the yesterday afternoon: B. R. Fladd to Mrs. A. H. Fladd, consideration \$6400; W. R. Fladd and wife to L. L. Whitehurst, consideration \$2100.

FIRST BASKET BALL GAME OF THE SEASON TO BE PLAYED HERE FRIDAY EVENING

The first basketball game of the season will be played at Foster & Morton's warehouse, Friday evening at eight o'clock between members of the Hertford High school and Greenville. Considerable interest is centered around the initial appearance of the local club and it is expected a large attendance will be present. It is urged that everyone support the basketball club as liberally as possible this season as the athletic association want in a hole during football season and must come out in basketball if possible, and it certainly needs proper support given.

MR. B. S. WARREN SUFFERS ATTACK OF APPENDICITIS

The many friends of Mr. B. S. Warren will regret to learn that he was taken to the St. Luke's hospital yesterday afternoon having suffered a severe attack of appendicitis. He was accompanied by Dr. J. C. Greer.

GREENVILLE CHAPTER, U. D. ORDER OF EASTERN STAR MEETS TONIGHT AT 7:30

Regular meeting of Greenville Chapter, U. D. Order of the Eastern Star, will be held at Masonic Hall, 7:30 tonight. Members are urged to be present.

CUSTOM HATCHERY CREATING INTEREST

That the recently launched custom hatchery, is already creating interest in this section, is evidenced by the following letter from Habersville: Secretary Pitt County County Association, Greenville, N. C.

TWO MARRIAGE LICENSES ISSUED SINCE YESTERDAY

The following marriage licenses have been issued by the register of deeds since the report of yesterday afternoon, all applicants being colored: Willie Peyton to Zora Thompson, both of Chisolm township; William Henry McKinney to Carrie Hill, both of Ayden community.

NOTICE I. O. F.

All members are requested to be present tonight. Election of officers.

FIRE DEPARTMENT CALLED OUT TODAY

The fire department was this afternoon called out to extinguish a small blaze at the home of a colored person on "Fried Meat" street. The blaze was on the inside of the house and was extinguished with chemicals.

WALLACE REID WINS GREAT BATTLE WITH BLANK CARTRIDGES

His New Picture, "The Dictator", Proves That Morale is Everything

Can blank cartridges win a battle? They can if we are to take seriously one of the comedy scenes in "The Dictator", a new Paramount feature starring Wallace Reid. This scene seems to be convincing proof that morale and confidence more than bullets are the important factors in a war.

In this scene from the picture founded on the play by the late Richard Harding Davis, Mr. Reid and an army of rebels of a pseudo-South American country charge the loyal army, firing volleys of blank cartridges from their guns and turn a near defeat into victory. The government troops don't know the shells are blanks, and their own ammunition exhausted, they flee like rabbits through the dense smoke. Neither do the rebels know the shells they are firing are blanks, but, thinking them real bullets, they fire with courage and make a victorious charge.

This only one of the many big spectacular scenes in this new picture, which was filmed under the direction of James Cruze. More than 1,600 persons were used in this battle scene. Lila Lee is the heroine playing the daughter of the rebel leader, Dr. Rivas, portrayed by Theodore Kosloff. Others in the cast are Walter Long, Alan Hale and Kalla Pasha. "The Dictator" will be exhibited at White's Theater Thursday, Matinee and Night.

PARKS CAR ON RAILWAY TRACK; PAYS BIG FINE

Cincinnati, O., Dec. 5.—When the automobile he was driving stalled on a railroad crossing the other night, Joseph Busch left it parked there, with his friend, Herbert Allman, asleep beside the wheel, while he sought a mechanic to fix the engine. His testimony in police court to that effect evoked a lot of mirth, but failed to humor Judge William D. Alexander out of fining Allman \$10 and Busch for drunkenness and \$100 for illegal possession of whiskey.

WEST VIRGINIA IS RICH FRUIT REGION

MARTINSBURG, W. Va., Dec. 4th.—An example of the importance of West Virginia's famous Eastern statist's just compiled here of this season's yield from a single orchard. It is that of the Northern Virginia Orchard Company, near Arden, originally owned by John M. Miller, who made a fortune from it. Two hundred of the 300 acres of the orchard this year produced 31,406 barrels of apples, which if loaded into freight cars making up a single freight train, at 160 barrels to the car, would have made a solid train two miles in length. Of the total apple crop 26,368 barrels were number one and two, 5,100 barrels being culls, or cider apples. The crop comprised York Imperials, Ben Davises and Grimes Golden. The remaining 100 acres were hit by a frost, and part of the crop was ruined for the season. The entire crop was exported to England.

YOUNGSTERS WHO STAY OUT LATE TO BE FINED

Ellonville, O., Dec. 5.—Council has passed a curfew ordinance which provides that youngsters who are not off the streets by 8:30 p. m. may be fined from \$1 to \$10. The village fire department may install a siren to serve as a fire alarm and, also, as curfew.

CINCINNATI NOW HAS ORCHESTRA OF CO-EDS

Cincinnati, O., Dec. 5.—The University of Cincinnati now boasts an orchestra composed entirely of Co-Eds. The organization is one of the results of the "hobby hour" experiment which is being tried out at the university. Class schedules are so arranged that every student has one hour a day which must be devoted to some "hobby" of the peons in the rural districts schools," Miller added.

FRENCH SHOPLIFTERS USE BUCKET BRIGADE TO CART OF THEFTS

Paris, Nov. 15.—The bucket brigade—not the old growler bucket, but the fire-line style—is the method used by a band of shoplifters in a large department store here. For a number of weeks goods have been missing. An investigation led one of the detectives to follow a woman to the door of the store where she was met by a man.

The man accepted articles and walked off. To in turn met the woman a few blocks from the store. This last woman, taking the goods from the man, entered a house still further along.

The police raided the house and found thousands of francs' worth of stolen goods and the queen of an apache band for whom they have been searching many months.

SAYS MEXICANS LIVE LIKE SAVAGES AGAIN

SAN FRANCISCO, Dec. 4th.—Inhabitants of the southern state in Mexico are refusing to pay rents to landlords—an ideal communistic system is being practiced which is spreading, because in that part of the world man's wants are few, fuel and other agricultural products growing wild, according to Lloyd Miller, mining engineer, just returned, after a thirteen-year residence there.

"The Mexicans in the States of Yucatan, Vera Cruz and Oaxaca have returned to the primal life. But for the fact that a few of them have guns they are in no whit different from unlettered savages. Fruit grows wild, and all one need do to secure a meal is reach for a banana or mango; and the pangs of hunger are satisfied," Miller said.

"When they need clothing, many

PIONCARE WILL OPPOSE GERMAN INDEMNITY

Pairs, Dec. 5—Premier Pioncare's program for the Brussels conference will oppose an indemnity for Germany unless France is given further guarantee by the Germans. The cabinet has approved the proposal.

Thousands Have Kidney Trouble And Never Suspect It

Applicants for Insurance Often Rejected

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent life insurance companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle. When writing be sure and mention this paper.

JAPANESE LOAFING AND SPENDING MONEY, SAYS HONOLULU NEWSPAPER

Honolulu, Dec. 5.—Japan is in the throes of a wild orgy of spending and loafing, according to S. Yamamoto, president of the Motoshinge Shoten, one of the largest Japanese wholesale establishments in Honolulu, who has just returned from a business trip to the Orient.

Commodities have reached the peak of high prices, and the laboring class of Japan is receiving exorbitant pay. Carpenters in Tokio, according to Yamamoto, receive from four to five yen (\$2 to \$2.50) a day and refuse to work over five hours. They start to work at 9 o'clock, rarely getting to the job before 10, and at 4 o'clock they quit.

MISS LOUISE JONES THANKS SCHOOL BOARD FOR RECENT TRIP TO RALEIGH

To the School Board: I want to thank the School Board of Greenville through the columns of the Daily Reflector for giving me the trip to Raleigh to represent the Greenville Schools in the State Spelling Contest. I am sorry, of course, that I did not win, but I want to tell you good people, that if you had heard some of the words given out you wouldn't have recognized them as the speaker's accent was different from what I have been accustomed.

Although I was not a state winner, I had a delightful trip and my Chaperone, Miss Huske, and her friend that we stopped with couldn't have been nicer to me. They did everything for my pleasure.

Evans Street School

CAR DOOR SLAMMED IN FACE; HE SMASHES IT

Cincinnati, O., Dec. 5.—Thousands of us have felt the same way about it, but Eugene Halmi, Norwood, O., "obeyed that impulse" the other night, when a street car conductor slammed the folding doors in his face and gave the bellcord two jerks, and smashed in the glass with his fist. He agreed in police court next morning to pay for a new glass, and the judge dismissed the case.

WANTS Don't forget the date, Saturday, December 9th. A good automobile

BIG GAINS IN OUR EXPORTS TO SOUTH AMERICA

By O. P. AUSTIN, STATISTICIAN

THE NATIONAL CITY BANK OF NEW YORK

(FROM THE WEEKLY TRADE RECORD ISSUED BY THE NATIONAL CITY BANK)

Exports from the United States to our neighbors in South America show remarkable gains in the new fiscal year which began with the month of July. This is the more remarkable because of the fact that the fiscal year ending with June had shown a reduction of more than 60% in our exports to that continent. Every month since the opening of the new fiscal year, according to the Trade Record of The National City Bank of New York, has shown big increases in the value of exports to South America despite the fact that most of the merchandise leaving the country is going at lower prices than a year ago. In fact, the value of the exports sent from the United States to South America in the 3 months of July, August and September, 1922, totals 36% more than in that same period of last year, while the total value of the exports to North America in the same period shows a decline of 11%; and to Asia and Oceania no change when compared with the same months of last year. The South American market therefore is the one in which our exports show big gains in the new fiscal year 1922-3.

This increase in our sales to our South American neighbors is especially interesting in view of the fact that manufactures form the bulk of the materials which they buy from us. And it is in the exportation of manufactures that we are most concerned in considering the future of our export trade. All the world comes clamoring to our doors for our foodstuffs and raw materials especially bread and meats and cotton, of which our surplus is constantly growing less with our increase of population, but it is in manufactures that we must make our fight in world markets. On the other hand, we clamor at the doors of other countries producing tropical foods such as manufacturing materials such as coffee, cacao, india rubber, wool, nitrates and other of the natural products of South America, and it happens that our South American neighbors have not yet become manufacturers in any large degree. The interchange between the two continents is a perfectly natural one, for we of the United States are now the largest manufacturing country in the world.

So it is interesting to see that the quantity of cotton cloths sent to South America in August, the latest month for which details are available, was 50% more than in the same month of last year; newsprint and book paper more than doubled that of the same month last year; galvanized iron sheets over 4,000,000 pounds against one-half million in August, 1921; tin plate three times as much in value as a year ago; wire over 13,000,000 pounds against less than 1,000,000 in August, 1921; and of automobiles sent to South America the value in August, 1922, was ten times as much as in August, 1921. And these are merely examples of the increasing popularity of American manufactures with our South American neighbors.

We are reciprocating too their generosity by taking increased quantities of their merchandise, for in July of the current year our imports from that continent showed an increase of over \$10,000,000 when compared with the same month of the preceding year. August a gain of \$5,000,000 and September a gain of \$10,000,000 over the same month of 1921, these increases in our purchases of their products including coffee, cacao, wool, hides and skins, india rubber, nitrates and many other articles of tropical and sub-tropical growth for which we are dependent upon other countries. And the increase in the exchange of the products of our factories for those of the fields and forests of our nearest neighbor, South America, is an encouraging feature of our after-the-war trade.

A Comparison of Facts

STATISTICS OF THE 1918 "FLU" EPIDEMIC
ONE of every 16 Patients Died Under Medical Treatment. ONE of every 886 Patients Died Under Chiropractic Adjustments.

Tarboro Man Rescued

TO WHOM IT MAY CONCERN:

For three months I had been suffering continuously with a bad kidney condition, also severe pains in side, right lower limb and headache. Some medical doctors said I had neuralgia and others were unable to determine what my trouble was. Finally I decided, after trying everything else, to see a Chiropractor. I went to see Dr. Ball, the Chiropractor, in Greenville, N. C., and placed myself in his care. After taking the third adjustment I noticed a decided improvement and after taking the fifth adjustment I felt entirely well. I only took seven adjustments altogether.

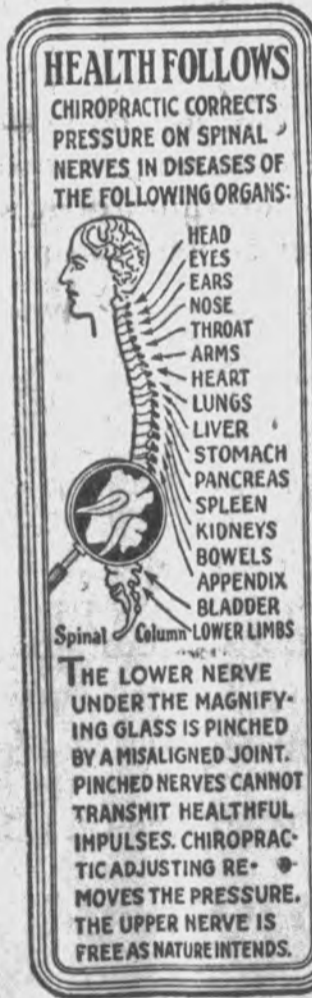

I am making this statement for the benefit of those who are suffering and have given up all hope of getting relief. I cannot speak too highly for what Chiropractic has done for me.

(Signed)

F. A. BALLANCE,
Tarboro, N. C.

October 11th, 1922.

READ WHAT WELL-KNOWN PHYSICIANS SAY OF CHIROPRACTIC

"Clinical records show that there is hardly a recognized form of disease that cannot successfully be 'treated' by Chiropractic adjustments."—D. T. KRUDROP, M. D.

"I am convinced of the superiority of the Chiropractic form of health practice."—WILLIAM VORE, M. D., City Point, Va.

"The Chiropractors are working marvels so wonderful that even members of the medical fraternity are taking notice of their great work."—JOHN A. FISHER, M. D., Philadelphia, Pa.

"Chiropractors are obtaining results that I could not have obtained with medicine or surgery."—E. G. RUTHERFORD, M. D.

"Under spinal adjustments acute diseases are cut short and aborted, and chronic diseases recover which have been believed to be incurable."—A. A. GREGORY M. D.

"The Chiropractor uses nothing but his hands to realign bones that are misplaced in the spine, thus releasing pressure of harder substances from the nerve trunk to restore normal tension to individual nerve fibres. The application of such an adjustment is practically painless and leaves no ill affect with the patient."—G. H. PATCHEN, M. D., New York City.
