MEMBERS OF BETHLEHEM COMMANDERY KNIGHTS TEMPLAR ARE ENTERTAINED AT DELIGHTFUL DINNER AT STOKES, N. C.

Messrs. J. L. Perkins, W. H. Woolard and W. S. Overton Are Hosts to Commandery

SEVERAL SPEAKERS TELL OF SPLENDID GROWTH OF COUNTY

Many Musical Numbers and Other Features Add to the Pleasure of Evening

Members of Bethlehem commandery Knights Templar were delightfully entertained at dinner in Stokes last night by J. L. Perkins, Walter H. Woolard and W. S. Overton. The affair was attended by eighty members, their wives and lady friends from all parts of the county. The evening was marked by a number of interesting talks expressing splendid sentiment.

Mr. Roy Flanagan, of Greenville acted as toastmaster, and called upon W. H. Woolard to extend the address of welcome. This was responded to in an appropriate way by W. H. Horne, of Greenville, eminent commander of Bethlehem commandery. During the response Mr. Horne read the Christmas observance toast, expressing the sentiment of the holiday season as sent out by the grand encampment of the United States.

The next speaker of the evening was Mr. H. E. Austin, of Greenville, who emphasized the growth and prosperity of the state. He especially pointed out the rapid development made in Pitt county and the many means open for further expansion. He showed where the public at large as well as the commandery could render invaluable service by its hearty co-operation with the department of welfare.

Several other members made short talks, among them being Mrs. H. S. Ragsdale, who spoke on the work accomplished by the Eastern Star. She brought out in an interesting way plans now under way and said the future is very bright for rapid development. Everyone expressed thanks to the hosts for the elaborate entertainment, which was one of the best of its kind tendered the commandery since its organization.

At the beginning there were two contests for the ladies. The contestants were given the word Bethlehem and commandery and asked to make as many words as possible, first out of Bethlehem and then commandery, the limit being five minutes.

The affair was entirely informal. Special musical numbers were rendered by Mrs. Whitehurst of Stokes and Miss Bert Moye of Greenville. Several songs were also sung by the entire gathering, greatly enlivening the occasion.

The spirit of fellowship in evidence was highly gratifying to those interested in the rapid growth and development of the Commandery in this section and this bespoke great things for the future.

MRS. SIDNEY LANIER TO FILE SUIT FOR \$50,000 DAMAGES

Atlanta, Dec. 13.—Attorneys for Mrs. Sidney Lanier whose secret marriage to Young Lanier, member of a prominent family, caused a sensation here today when it was learned that she would file suit for fifty thousand dollars for alienation of affections. The suit will be filed against Dr. J. Lanier, wealthy Macon physician. At the same time she will file suit for divorce from her husband in Fulton Superior court. The suit cannot be filed until the February term because Mrs. Lanier is a Virginian.

GERMAN PRICES SKYROCKET

Berlin, Dec. 13.—Present prices of commodities in Germany average 34 times those of eight years ago, according to a recent compilation of wholesale prices published in Frankfurt.

COLEMAN AGAIN PUT ON TRIAL IN THIS STATE

Captain of "Message of Peace" and Others Face Court at Raleigh

Raleigh, Dec. 12.—Arthur Coleman, captain and owner, and Claude Graham, super-cargo, of the British schooner, "Message of Peace" seized in Ocracoke Inlet a year ago when it was revealed that its cargo consisted of more than a thousand cases of Scotch whiskey, were placed on trial in the United States District court here today on the charge of conspiracy to violate the Volstead Act. Benjamin Thompson, named in the indictment, forfeited a bond of \$1,000 when he failed to appear for trial, while George Williams, mate, and Joseph Kemp, engineer, also defendants, have not been arrested.

With the forenoon consumed in the selection of a jury and a short delay for conferences between attorneys for the defense, the case got started in the afternoon, and when court recessed for the day four witnesses had been examined by the government. J. H. North and B. F. Greeley, of Boston, sportsmen, were the principal witnesses for the government. North testified that he approached Coleman at the Coast Guard station at Ocracoke, and stated that he would like to get some whiskey aboard the schooner.

In response to his inquiry, he said, Coleman invited him aboard the vessel Sunday night, January 1st, after the ship had been seized by the government authorities, with Captain Walter Yeomans, of the Coast Guard station, in charge.

He testified that in a hired boat he and his fellow-sportsman, Greeley went aboard at nightfall and bought two cases of whiskey for \$50 the case, each case containing twelve quarts and the whiskey was brought out of the hold by Captain Coleman while Captain Yeomans held a lantern.

The testimony of Greeley was almost identical, except that his purchase was not in cases, but was of identical amount and identical price.

DECLARES EUROPE NOT IN NEED OF CANCELING DEBT

America Also Can't Expect Payment of Debt as Long as Germany Held in Serfdom

(By International News.)
Washington, Dec. 13.—America can't expect an early payment of foreign war debts while Germany, the key to the situation, is held in serfdom by unreasonable demands of the French and other allies, it was declared today by Representative Burton, member of the American debt commission in a speech before the Washington association of credit men who recently returned from a tour of Europe.

The Russian and Turkish situations are menacing and the only remedy for Europe is not in the cancellation of her debts to the United States, but more rational fiscal policies and abatement of military expenses.

WILSON TO QUIT LEGAL PRACTICE IN NEAR FUTURE

Former President Expected to Re-enter Politics Again Next Campaign

COBLY GIVES OUT ANNOUNCEMENT AS TO FUTURE PLANS

Former Secretary of State to Continue Practice of Law in New York

New York, Dec. 12.—Bainbridge Colby, Secretary of State in President Wilson's cabinet, announced today that his law partnership with the former President would terminate December 1, at the expiration of their co-partnership agreement. The announcement was made from the local offices of Wilson and Colby.

Beyond saying that the former President "is turning his energies once more to subjects which have long invited him," Mr. Colby made no statement as to Mr. Wilson's plans for the future.

It was announced that Mr. Colby would continue the practice of law in this city.

Expected to Take More Active Part in Politics

Washington, Dec. 12.—Bainbridge Colby's announcement of the termination of his law partnership with Woodrow Wilson is not a surprise to Washington and is regarded as an added evidence that the former President is again turning his attention to politics, particularly the fortunes of the Democratic party in 1924.

What degree of leadership Mr. Wilson may expect to assume in his party is probably known only to himself at this time, and it is doubtful if even the few who are numbered among his confidants can venture to speak with any authority on the subject.

Since the whole question of the former President's political activities depends largely upon the condition of his health, it may be said that his physical condition is virtually the same as it was a year ago and that recent callers report his mind as active as it ever was.

When he left the White House, in far worse physical condition than he is today, it was Mr. Wilson's intention to remain apart from politics. But as the recent campaign drew near he yielded to the suggestion of those close about him and took some part by way of writing letters which were introduced into the campaign in various states. At the same time Mr. Wilson renewed his activity in international affairs and began keeping himself closely advised on developments in Europe.

ANOTHER POWERFUL SERMON DELIVERED HERE LAST NIGHT

Mr. McAdams Tells of the Evils of the Modern Dance and of Joy Riding

A great message was delivered by Mr. McAdams at the court house last night. His text was taken from the sixteenth chapter of Matthew, which reads as follows: "For what is a man profited if he shall gain the whole world and lose his own soul?"

The speaker proved to his hearers that many were giving the foolish things of the world in exchange for their souls. He named the booze, dance, joy rides, love of money, and too, he mentioned how business would take people away from the Lord. The congregation felt the power of the Lord and two accepted Christ when the call came.

Mrs. McAdams tonight will preach on the subject of the "Prodigal Son and Elder Brother." This message will be one of the most forceful of the entire campaign and it is hoped a large crowd will be in attendance.

MAYOR CLARK IS ELECTED V-PRES. OF ASSOCIATION

T. B. Eldridge Elected President of North Carolina Municipal Association at Raleigh

Mayor D. M. Clark returned today from Raleigh where he attended a session of the North Carolina Municipal association. Mr. Clark was elected vice-president of the association with Mayor G. A. Roberts, of Asheville, being re-elected to the presidency. Mr. Clark says the session was one of the most interesting in years and resulted in discussion of plans that may mean much to the various cities of the state.

Among the matters discussed was a revival of the State Constitution to permit municipalities to retain fine and penalties assessed in municipal court, instead of paying them into the public school fund, the correction of alleged discriminations against municipalities contained in the revenue and machinery act and an amendment to the road law that will give towns and cities larger powers in taxing motor vehicles.

The legislative committee will work out a program for submission to the General Assembly.

Other officers elected were Mayor T. B. Eldridge, of Raleigh, second vice-president and W. L. McDowell, of Raleigh, secretary and treasurer.

COLORED PEOPLE STILL GIVING TO NEW BERN FUND

Another Meeting Will be Held Tonight in Hope of Swelling Sum to \$250.00

Although the weather was very inclement Sunday afternoon a good number of white and colored people turned out to the court house to listen to a program given by the colored people for the benefit of the New Bern fire sufferers. After listening to a splendid program arranged by Dr. W. E. Taylor, assisted by Miss Nina Cherry, Methodist choir, Imperial quartet and H. T. Burleigh Glee club, a donation was called for. The people responded to the tune of \$74.00. This brings the amount up to \$116.00.

Tonight there will be a meeting under auspices of the Methodist people for this fund. It is asked that everybody be present. An effort will be made to bring the sum up to \$250.00. Everyone who has not contributed are asked to be present and give as liberally as possible.

LABORITES ACCUSES BONAR LAW FORCES OF SCANDALOUS INACTION

London, Dec. 13.—Laborites in the Commons, angered by the unemployment of Bonar Law government, yesterday began a noisy filibuster which kept the house in session throughout the night. Adjournment was taken this morning at an early hour after the Laborites accused the government of scandalous inaction.

TWELVE LIVES LOST WHEN TRAWLER SINKS

London, Dec. 13.—Twelve lives reported lost in the sinking of a steam trawler of the coast of Vardo, according to information received here today.

REPARATIONS IS STILL PRINCIPAL WORRY TO ALLIES

Break More Complete Than Was First Supposed, it is Said

BRITISH ARE NOT VERY INTERESTED IN CANCELING DEBT

United States Has Not Yet Been Approached by the Allied Powers

London, Dec. 12.—The collapse of the Allied Premiers' negotiations here, it is becoming evident, was even more complete than at first supposed, since the one outstanding development which had been seized upon by the optimists, namely, the scrapping of the Balfour note by Great Britain, is now said to have been acclaimed prematurely.

Prime Minister Bonar Law admitted as much in the House of Commons this afternoon and from other sources it is learned that the haste on the part of the continental press to consider Lord Balfour's utterance as a thing of the past is unwarranted.

It is stated that Mr. Bonar Law, in talking with other Allied Premiers, only indicated that Lord Balfour's principle (refusal to consider any remission of the war debts) could be superseded as Great Britain's contribution to a general European settlement of the war debts and reparations questions, but with a definite gain for Britain in view and not merely because she wished to be generous.

The British policy is said to be centered on re-establishment of trade and commerce, stabilization of exchange and bringing to an end the almost continuous Allied conferences and disputes over reparations and war debts.

The pessimists believe such stabilization of Europe's economic life would not be realized through Britain's cancellation of the debts due her if at the same time the French were permitted to carry out coercive measures to obtain their indemnity from Germany.

According to the official view, the British are willing to make great sacrifices, but the other Allies must also sacrifice some of their interests. Unless Great Britain sees some benefit toward settlement by debt cancellation, it is stated, the government could not carry out such a program for the British taxpayers would rebel at having to shoulder the debts without benefit.

LOCAL ROTARIANS PLAN DAUGHTERS' NIGHT PROGRAM

Interesting Affair to be Staged at Meeting Next Monday Night

Next Monday night has been designated as daughters' night by local Rotarians and one of the most interesting affairs of the year is being planned. Every Rotarian will be expected to bring a young girl under 13 years of age.

A special program has been arranged for the occasion and everything will be done to make the evening pass away pleasantly.

LORD CURZON WARNS TURKS OF ATTEMPT TO OBSTRUCT CONFERENCE

Lausanne, Dec. 13.—Lord Curzon, head of the British delegation to the Near East conference, in speaking for the allies, served an ultimatum on the Turks that unless they cease obstructing allied delegates efforts and progress towards settlements, there will be no use continuing the parley. Protection of Christians is a vital work question, he said, and denounced the massacre of Armenians.

DURHAM GROWER TO MAKE IT HOT FOR THE CO-OPS

Meynard Mangum Files the Charges That Association is Hoodwinking Its Members

Raleigh, Dec. 12.—Though losing the first round of his fight when Judge C. C. Lyon yesterday continued without argument the temporary restraining order forbidding him to sell any tobacco outside of the association, Meynard Mangum, large Durham tobacco man who was formerly employed by the Tobacco Growers' Association as supervisor of graders has filed an answer which indicates that he will make the hardest fight of any of the 125 members that have been cited by the association. Charges that the association has sold tobacco to "favorite" buyers at prices greatly below the market price feature the complaint.

The Durham man has retained Fuller and Fuller, Brawley and Gant and Brogden, Reade and Bryant, three prominent Durham law firms and has given notice of his intention to fight the case at every step. The prominence of the grower, who is alleged to have crop of 100,000 pounds of tobacco this season and array of counsel he has employed makes it probable that the case will become a test for the others that have been brought.

Jones Fuller, general counsel for the American Tobacco Co., and leading counsel for Mangum yesterday filed his answer to the complaint and gave notice that he would appeal to the Supreme Court from the action of Judge Lyon in continuing the restraining order to the hearing.

The Mangum case was one of 17 made returnable before Judge Lyon on November 27, when permanent injunctions were granted in fourteen of the cases after a hearing lasting for two days. Judge Lyon yesterday ruled that it was unnecessary to hear a repetition of the argument and continued the restraining orders against Mangum and Henry A. Mason, of Fuquay Springs, who was represented by R. N. Simms. This leaves the case of W. A. Fagg, of Stokes county, who is represented by W. M. Hendron, of Winston-Salem, the only one not disposed of. This case was yesterday continued for further investigation with a view to settlement out of court. In this action the defendant contends that he did not sign the marketing contract while the position of the plaintiff has been that the signature of Fagg was authorized by him.

The Mangum answer follows others filed in attacking the constitutionality of the North Carolina statute under which the association was chartered in this State and the general business practices of the association, charging that tobacco has been sold by it for prices ranging from \$4 to \$20 less than prices paid for the same grades upon auction floors and that the association has incurred unnecessary expense by employing too large a force and paying excessive salaries and that also extravagant sums have been expended in the purchase of warehouses that are not needed.

The plaintiff also charges that he knows of his own knowledge from information obtained while in the association's employ that certain buyers were favored in selling the association's product and that in some instances graders were instructed to grade certain tobacco for certain favorite buyers and mark such grades with an X so that the "Favorites" would be taken care of.

It is further charged that the Southern States Tobacco Co., (Successors to J. H. Taylor and Co.) obtained tobacco at such low prices that it was enabled to obtain a profit of \$80,000 off one lot of tobacco and it is further charged that one of the high officials in the leaf department of the association has a heavy financial interest in the Southern States Co.

Further charges against the association are to the effect that the association has lost much money for its members by employing incompetent graders and by selling tobacco

BEGINS HEARING OF CHARGES IN DAUGHERTY CASE

Frequent Clashes Occur Between Keller Counsel and Judiciary Committeemen

TAFT WILL NOT BE SUMMONED TO GIVE TESTIMONY

Letters Between Taft and Wickersham Among First Things Aired in Hearing

Washington, Dec. 12.—Hearings on impeachment proceedings brought against Attorney General Daugherty by Representatives Keler, Republican, Minnesota, were opened today before the House Judiciary Committee. They were marked by frequent clashes between members of the committee and Jackson H. Ralston, counsel for Mr. Keller, first as to the method of procedure and second as to the relevancy of testimony.

The Minnesota Representative won the first skirmish, the committee voting in executive session after an hour and a half of wrangling in the open to hear first evidence on three of the fourteen specifications designated by Mr. Keller instead of taking up the charges in the numerical order in which they were presented formally.

Another decision was against the summoning of Chief Justice Taft, whose presence had been requested by Mr. Ralston for the purpose of confirming a letter which Mr. Taft wrote in 1912 while President to the then Attorney General Wickersham, and which was read into the record during the day. The committee held that confirmation would be unnecessary.

This letter and one written by Mr. Taft by Mr. Wickersham constituted the principal evidence submitted today. They both dealt with a pardon for Willard N. Jones, convicted in Oregon in 1907 of alleged land frauds, and referred to alleged activities of William J. Burns, appointed last year by Mr. Daugherty as chief of the Bureau of Investigation of the Department of Justice, in connection with the drawing of the jury in the Jones case.

The purpose of their introduction into the record, Mr. Ralston explained, was to support the charge in the impeachment specifications that Mr. Daugherty had appointed to positions "of great importance and large financial and moral responsibility," men who "are untrustworthy, corrupt and dangerous to the liberties of the people of the United States."

MANY KILLED BY EARTHQUAKE ON ISLAND IN JAPAN

Eruption of Volcano Also Causes Inhabitants of Hysbu to Flee From Homes

(By International News.)
Tokio, Dec. 13.—Twenty-three persons were killed and from twenty to thirty injured in an earthquake occurring on the Island of Hysbu, said a dispatch received from there this morning.

Mount Unzen, volcano, was reported to be in violent eruption, causing inhabitants to flee from the city in every direction. It is believed the loss of life will be still greater when final reports are received. The eruption occurred so suddenly that inhabitants living nearby were not given an opportunity of reaching safety before flames and molten lava burst forth.

In the green state instead of redrying it. All of these charges have been denied in general by the association and the case will probably be hard fought when it reaches trial.

BAGGETT GETS BLANK

TO JOIN KU KLUX KLAN

(Raleigh Times.)
Numerous forms of reaction to the announcement that he would offer a bill to prevent the wearing of disguises, admittedly aimed at the Ku Klux Klan, have been received by Senator-elect J. R. Baggett at Lillington.

He has received, he said while in Raleigh, numerous anonymous communications, some of them threatening him with "political death," others warning him that he was fighting folks who have been friendly to him.

The Baggett man has also received numerous letters praising this stand and urging him to press for action on his bill. Most of these letters refer to the charge that Judge-elect Henry Grady is grand dragon in North Carolina and most of this kind insist that the legislature should institute impeachment proceedings.

Gets An Application Blank.
An application blank was also sent to Mr. Baggett from Raleigh and accompanying it was a letter signed "American Citizen" in which the anonymous writer tells that "Our fathers fought for these principles, and we are going to fight to keep this the greatest country in the world, regardless of your bills suppressing this organization."

The application blank gives the so-called principles of the order and makes the statement that it has "the approval of the Governor of your State and of the Federal authorities."

Following is the wording on the membership blanks:

"Non Silba Sed Anthon"
Your friends state you are a "native born" American Citizen, having the best interest of your community, city, state and nation at heart, owing no allegiance whatever to any for-

ign government, political party, sect, creed or ruler and engaged in a legitimate occupation and believe in

The Tenets of the Christian Religion.

White Supremacy.
Closer relationship between capital and American labor.
Protection of our Pure Womanhood.

Preventing the cause of mob violence and lynchings.
Preventing unwarranted strikes by foreign labor agitators.
Preventing destruction of property by lawless elements.

The limitation of foreign immigration.
The Upholding of the Constitution of these United States.

Closer relationship of Pure Americanism.

The sovereignty of our State Rights
The separation of Church and State.
Freedom of Speech and Press.
Real Men, Whose Oaths are inviolate are needed.

Upon these beliefs and the recommendations of your friends, you are given an opportunity to become a member of the most powerful, secret, non-political organization in existence one that has the approval of the governor of your state and of the federal authorities, and prominent men of the nation. An organization that has the "most sublime lineage in history"—one that was "Here yesterday," is "Here today," and will be "Here forever."

Discuss this with no one. If you wish to learn more, use the enclosed envelope and mail promptly.

DRUM LOST ITS HEAD

North Troy, Vt., Dec. 13.—Several members of Sawyer's orchestra were thrown out and the snare drum lost its head completely when the automobile in which the men were riding upset. The men were able to continue however, and the dancers at a nearby ball were not disappointed.

WILL THE BOYS GET IT?

Bonus forces are planning a new fight and will try to bring the measure up before the House this week.

The American legion is using every influence in this direction and it may be they will meet with some success. It is to be hoped so anyway. It is nothing but fair that a bonus should be granted those deserving of it and the government shouldn't be slow in providing it. There will be many amendments to the original measure of course, and quite naturally they may have some influence in the right direction.

Considerable opposition has developed to the bonus, but when considering all other countries have provided compensation for their soldiers it is difficult to understand why a prosperous nation like America should hesitate even for a second. It is true times are hard and all like that, but couldn't expenses be cut enough somewhere to provide the necessary funds.

There is every reason to believe this is possible and if the government would start out looking for something of the kind we are inclined to believe it would be easily found. There are many unnecessary offices functioning at this time that we could do without and never know the difference. We pay out enormous sums of money for their maintenance, and if this were applied to the bonus congress would not have to worry about where to find the rest.

Passage of the bonus means much to the prosperity and happiness of the men who fought that the world might be saved and the government would make no mistake in acting favorably upon the matter.

If you haven't given to the New Bern relief fund get busy and do so at once. Greenville people should give liberally to the fire stricken people of Craven county, but unless they do so now it will not be needed. The real test of resources is occurring now and if you desire to give mail your check to either of the banks here or Miss Maude Lee, chairman of the campaign committee of Greenville. While it is true several thousand dollars have been contributed to the fire stricken people there is some doubt whether this will be sufficient to provide for the emergency. For that reason it is imperative that funds continue to roll into New Bern for the next two or three weeks. With several hundred people unemployed and homeless an enormous sum of money will be necessary to provide for them. It is incumbent upon the more fortunate of the state to provide this money and they should do so more liberally than they have ever done before. In giving to New Bern we are giving to home people, to our own flesh and blood, and we should respond to the call for aid more freely than we have ever responded to any similar calamity.

There are too many coal mines in the United States. Imagine the coal commission making such an assertion as this when prices are clean out of reason and profiteering going on everywhere. If there are too many mines and too much coal why in the mischief is it so hard to get and why are prices so high? There is no use to try and discourage investors from embarking in the coal mining business. No one can blame them as long as there are such enormous profits in the business, and the commissions attempt to discourage the business is futile indeed. It is true high freight rates and other causes may be attributed for the situation now prevailing in the bituminous fields, but there is little chance of any over production of fuel in the next several months at the greatest. Production will be some time in reaching normal because of recent strike, when the output does become normal we may expect to see a change in the price situation. Everyone will be glad to see that day come. It will be hailed with gladness on all sides, especially by those who have suffered from excessive prices, and there are many who haven't.

A COMMUNITY CHRISTMAS TREE

Greenville people shouldn't forget those in need this Christmas. In fact, we should place a large community Christmas tree on the court house square and place presents on it for those in need.

There are hundreds of families in this county in hard luck and how much they would appreciate such thoughtfulness cannot be expressed in words. There are hundreds of families who will get anything they want this year and it is to these we make the appeal.

Let us make the community tree a reality this year. Get the largest tree possible and load it down with useful gifts for those who haven't been quite so fortunate during the year. The community tree should be made an annual occurrence. Other cities find them worthy of consideration and there is no reason on earth why Greenville should not.

The matter should be taken up by our civic organizations and carried through to completion.

AN UNFORTUNATE AFFAIR

Political feeling between the mayor and another town official of Astoria, Oregon caused disruption of relief work following the fire that did fifteen million dollars damage, it is stated by late reports.

The mayor approved one form of campaigning and an official another. They split and squabbled and while that was going on the fire sufferers were actually experiencing real hardship.

This was a most unfortunate situation and should not have occurred under any circumstances. It's a pity indeed people will let their feeling carry them to such extremities, but that's what these two men did, and we have press reports to vouch for it.

We are glad no such thing occurred recently when fire swept the city of New Bern. Officials of this old North Carolina town have too much common sense to let politics interfere when conditions are so serious, and it's a pity the Astoria men couldn't agree.

Eventually people will learn the value of going ahead and doing a thing without so much disagreement and when that time comes this old country will go forward faster than it ever has before. Our people have got to get together. They have got to stop differing so much on questions of public import and when this is done living will be better than it has ever been before.

LOOKING FOR GUIDANCE.

The Turks are looking to the United States for guidance, we are told by late press dispatches. In that case they can't possibly go wrong. However, before the American government can do anything for them they will have to stop fighting and get down to business.

The Turks, like many other nations, want too much and won't be able to accomplish anything in the slightest sense of the word until they go about it in the right way. They are willing to listen to the United States, but on the other hand believe Russia isn't what they might term the best of friend.

The thing to do is to take conditions on their face value and start out like they mean business. Waiting until things are clarified may be too late, so the thing to do is reach some decision and abide by it.

HOW ABOUT THE PLAYGROUND?

The public playground proposed for Greenville is the thing we have needed for many a day and the sooner it is established the better we will like it.

Many of our children are in need of more recreation and physical development such as a public playground affords and the sooner they get it the better off they will be. The matter was proposed several months ago, but nothing definite has ever been accomplished.

This is a matter in which every organization in the city should be interested and if all should take a part the playground could be made much larger than under ordinary circumstances. A considerable amount of money will be necessary in providing everything necessary for development of the children, but the great resources of our main civic organization should be able to provide for the situation in every respect.

Now the matter is before the public it should be rushed to completion.

Have you bought your share of the tuberculosis Christmas seals? If you haven't get busy today and do so. There is no way in the world you can render humanity such a great service as this, and every thoughtful person is appealed to. If you haven't bought, don't delay the matter any longer.

Fifty senators are ready to vote to displace the ship subsidy for agricultural relief measure. This is the best plan we have heard of in some time and if it should be put through the people should profit by it in many ways. The senators should remain in solid formation until they get what they want. After that they may deal with the subsidy like they desire and no one will be the stronger or the wiser.

Have you done that Christmas shopping? With only nine more days before you it begins to look like the time has come to get busy and avoid the final rush always evident the day before Christmas. So many people are forced to take what others have picked over because of procrastination. But they have no one to blame but themselves and for that reason should get busy and profit by the experience.

Unprotected railroad crossings are as great a menace in Greenville today as they have ever been before and unless something is done to improve the situation loss of life eventually will be terrific. These crossings could be protected at an insignificantly small sum of money compared to the value of one life, and the matter deserves immediate attention of those responsible for the condition. It is to be hoped something will be done and that immediately.

To Holders Of Liberty Bonds and War Savings Stamps

Victory Bonds with prefix letters A through F, have been called for redemption December 15. Unless the bond is presented promptly for redemption, the holder is likely to lose a considerable sum in interest, as the Government will not pay interest after that date. War Savings Stamps of 1918 will also mature January 1, and should be presented promptly for payment.

This Bank will be glad to accept bonds and stamps for redemption and credit the amount to your account.

This will relieve you of risk and worry. You are assured of prompt payment and interest will be continuous on your investment. Bring your stamps and bonds to us—where you get—

BOSTON CHURCH GIVEN ANCIENT GOLD FABRIC
Boston, Dec. 13.—A gold-embroidered cloth of unusual beauty, used for more than 250 years in the Unitarian Church at Kolozsar, Rumania, the oldest Unitarian church in the world, has been presented to King's Chapel, of the local church. The Rev. Dr. Harold E. B. Speight, assistant pastor of that church, brought it from Rumania this summer.

BLACK-DRAUGHT • OVER 30 YEARS
"Saved Me Many a Sick Spell," Says Texas Farmer, Who Has Long Known Usefulness of Black-Draught

Naples, Texas.—"I have used Theford's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out on Route 3 from here. "I am 43 years old, and when a small boy I had indigestion and was puny and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it. "I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble. "I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells." Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds. This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs. Black-Draught helps to keep the liver in trim, helping to prevent or relieve such troubles as constipation, biliousness, indigestion, sick headache. Be sure to get the genuine.—Adv.

WHAT TUBERCULOSIS ASS'N. HAS DONE

One of the large things accomplished by the North Carolina Tuberculosis Association with the 15 per cent of gross receipts of the Annual Christmas Seal Sale was to bring the first Public Health Nurse to North Carolina and develop Public Health Nursing in the state. The Raleigh Woman's Club through its Health Department which has always sponsored the Christmas Seal in Raleigh, put up its 75 per cent with sufficient additional funds from the State Association, and the State Association furnished Miss Rose M. Ehrenfeld to do Public Health Nursing in Raleigh. This developed very satisfactorily, and was the demonstration, backed up by the publicity of the North Carolina Tuberculosis Association, and the State Board of Health, that made it possible for the North Carolina Tuberculosis Association to create the position of State Director of Public Health Nursing, with headquarters at Sanatorium, Miss Ehrenfeld was called to this position and so far as we are informed was the first state director of public health nursing not only in North Carolina, but in the South. The war came on and the need for nurses was acute—Miss Ehrenfeld had qualified as a "Red Cross Nurse" and was subject to call at any moment, and volunteered her services, but those capable judging considered the work she was doing too important to be interfered with, and she was "assigned" to the important work in which she was engaged, to wit: State Director of Public Health Nursing for North Carolina. When the war was over the Red Cross found themselves with a large amount of money on hand they had collected, supposing that the war would continue much longer than it did. After much thought and study they decided to devote this money to the standardization and work of Public Health Nursing and they found in North Carolina the work already established and standardized and a going concern so far as the funds derived from the Seal Sale each year would allow. After a conference with the Secretary of the State Board of Health and the Managing Director of the North Carolina Tuberculosis Association it was agreed that the State Board of Health should establish a Bureau of Public Health Nursing, the Red Cross would furnish most of the money and the State Board of Health should handle Public Health Nursing in North Carolina through this Bureau. When this agreement was consummated, Miss Rose M. Ehrenfeld was made Director of the Bureau of Public Health Nursing of the State Board of Health and ably and wisely represented all concerned in building up Public Health Nursing in North Carolina. Incidentally, the designation or name for the particular kind of nursing referred to was defined by the Managing Director of the North Carolina Tuberculosis Association and representative of the National Nursing Organization, at a conference in the city of Raleigh, at the Yarrowborough Hotel—Public Health Nursing.

Every one is familiar at this time with the wonderful work being done by Public Health Nurses throughout our state today, but perhaps less than a dozen could tell you off-hand the beginning of Public Health Nursing in our state and elsewhere, hence this recital. We are again reminded that "Tall oaks from little acorns grow." Verily, the work of the little Tuberculosis Christmas Seals is mighty—more strength to it!

ANNUAL REPORT FOR END OF FISCAL YEAR

**Reclassification and Readjustment of
Salaries Are Given as the Practical
Remedy**

In his annual report for the fiscal
year 1922, the Chief of Appointment
Division, Department of Commerce,
expresses opinion that low salaries
of Government employees and the re-
striction placed on promotion by the
provisions of statutory positions are
largely responsible for the excessive
and therefore expensive turnover in
the service. Giving a practical com-
parison based upon purchasing power,
reference is made to the fact that
while between 1913 and 1921 the cost
of living had increased 58 per cent,
the purchasing power of the wages
of two large classes of industrial em-
ployees had increased 51 and 30 per
cent, respectively, whereas the sala-
ries of Government employees had
received no adjustment other than
that given by the bonus, which was
entirely inadequate, providing for a
maximum of 30 per cent increase
for the lowest paid employee to none
in the case of those receiving \$2,740
or more. Reclassification and read-
justment of salaries are given as the
practical remedy. The report also
confutes the idea generally prevailing
that the average Government em-
ployee takes 30 days annual and 30
days sick leave every year. During
the calendar year 1921, only 67 per
cent of the Department's employees
used their annual leave, and only 4
per cent used the maximum of annual
and sick leaves.

SOVIETS HELD US?

London, Dec. 12.—Russia is paying
very high for her German bought lo-
comotives, in the opinion of Curtis
Franklin, of the Yale Club. New
York, former American Relief Ad-
ministration port official at Petrograd.
The payment is made not in cash, but
in scrap iron from old battleships,
and the price is forty times the weight
in scrap for the new steel.

METZ BUYS TAPESTRIES

HOHENZOLLERN'S OWNED
New York, Dec. 12.—Four Gobelin
tapestries, once owned by a sister of
the former Kaiser, have been secured
by Herman A. Metz.

A rare table, gift of Emperor Fred-
erick by the Empress of China, has
also been added to the Metz collec-
tion. The tapestries measure seven
by eight feet. They were once a gift
from Emperor Frederick to Napoleon
III. Metz bought them recently in
Germany for a fraction of their real
value.

PREDICTS TRANSOCEAN TRIPS WILL BE BY AIR INSIDE OF TEN YEARS

London, Dec. 12.—In ten years' time
no one will think of crossing the At-
lantic by liner—everyone will use the
air dirigibles.

That is the considered opinion of
Captain "Eddie" Rickenbacker, fam-
ous American aviator, who is concluding
a honeymoon travel tour through
Europe by a visit to England.

Your Health Expert May be Prejudiced-

Your health expert may be prejudiced—then what?
The family advisor sometimes will try to prevent you
from giving any other method a trial.

Prejudice is natural and human, so why expect the
super-human. Chiropractic is so new that practition-
ers of other methods in many cases do not know what
it can do. Doctors seldom get the truth about chiro-
practic from their patients. The patient who got well
through chiropractic rather than hurt the family ad-
visor's feelings, will tell them that he did it.

Act on your own judgment. Chiropractic is the fast-
est growing healing profession in the world today, be-
cause it succeeds where other methods fail.

WELL OF SPINAL MENINGITIS AND CROSSED EYES

"Our baby, William Edward,
14 months, was not improving
and we asked our regular fam-
ily physician, to consult with a
Chiropractor. This he did not
care to do and a medical con-
sultation was held. The diag-
nosis was spinal meningitis. I
then told the doctor that I was
satisfied with his effort but not
with the way the child was get-
ting on, and wanted a Chiro-
practor. He told me that there
was still hope but that the child
was mine and to do as I chose.
Under chiropractic spinal ad-
justments the fever disappear-
ed in five days, the child's eyes,
which were crossed, became
normal and he became entire-
ly well and has remained so
ever since."—William Devaney
