## ABANDON PLAN TO BUILD PROPOSED MEMORIAL HOSPITAL IN COUNTY; PLEDGES AND CASH TO BE RETURNED

Financial Condition of County Given as Reason for Abandoning Project

COMPLETE LIST OF CONTRIBUTORS TO BE PRINTED TODAY

Contributors Asked to Confer With Committee in Charge of the Funds

Plans to build a Pitt county Memorial hospital have been abandoned on account of the financial condition of the county and all pledges and cash contributed will be returned to the various parties concerned, according to information made public following a meeting of promoters a few days ago. Anyone claiming to have contributed to this cause are requested to communicate with J. L. Perkins, Stokes, J. E. Winslow, Greenville, Frank Brown, Greenville, in order that the matter may be fully investigated.

All persons desiring cash donations heretofore made to be given to some charity are asked to advise members of the above committee in writing, directing to what form of charity they desire it to be donated. All claims must be filed before February 1st. The hospital was to have been erected as a memorial to those who gave their lives in the world war, and while considerable progress was made in raising funds for the purpose, depression set in and it was impossible to raise the amount required. The committees made a valiant effort to carry the issue to a successful conclusion, but conditions were such that further progress was found almost impossible.

Pitt county is probably in greater need of a hospital than any other county in the state and failure to make the Memorial Hospital an actuality will be received with regret throughout the county.

A complete list of contributors to the hospital fund is carried in the column of this paper today. The amount subscribed is also printed with the name in order that everyone may be fully informed.

## NEGOTIATIONS ON REPARATIONS MAY CONTINUE IN U. S.

Much Talk of Transferring Negotiations From Europe to America Today

(By International News.)

London, Dec. 16.—German reparations negotiations may be transferred from Europe to Washington it was revealed in an announcement from the foreign office of chancellor of Exchequer Baldwin, head of the dent funding commission, who has been empowered to discuss the indemnity and debt funding if President Harding so desires.

The foreign office said it would welcome American interest, but is inclined to view the American loan to Germany as a kite flying. If they are unable to agree on a loan by June conditions will be more unfavorable than they have been since the war, it was stated.

## ATTEMPT REPORTED TO ASSASSINATE THE BULGARIAN MINISTER

Sofia, Dec. 16.—An attempt to assassinate the Bulgarian minister of the Interior with a bomb was reported today. Macedonian insurgents are suspected of the plot.

Taken to Richmond. Miss Beattie Hayden, clerk at the Coast Line depot, has been taken to St. Luke's hospital in Richmond to undergo an operation for appendicitis.

## HOOVER DECLARES FARMER DEMANDS IMMEDIATE HELP

Secretary of Commerce Makes Declaration at Convention of Co-Operatives

SENATOR CAPPER ALSO EXPLAINS NEED OF GROWER

Washington, Dec. 15.—The National convention of Farmers' Co-operative Associations was told by Secretary Herbert Hoover today that the farmer had a right to demand relief from the financial troubles by which he is handicapped. The Secretary predicted that action soon would be taken to provide this relief in a substantial and satisfactory manner. Both Mr. Hoover and Senator Capper praised the work done by the co-operative associations, the farm bloc leader declaring that no agency had done more to pull the farmer out of the hole in which he found himself a year ago.

The Commerce Secretary asserted that the farmers had a special right to consideration because the index prices of all manufacturing and industrial groups show that none of them has suffered so heavily as the country's agricultural interests. The farmer's buying power, he said, had declined far beyond the point justified by the conditions in other industries.

He added that agriculture had suffered more from the lack of transportation facilities than from increased rates, and said it was necessary that the country should have more extensive railroad assistance but that the railroads also should be allowed sufficient returns on investments.

Senator Capper, during his short address, did not go into details regarding the various farmer relief proposals now pending in congress but he asserted that the real plight of the farmer was being brought home to Senators and Representatives and the time was not far distant when action would be taken commensurate with the needs of the situation.

Eugene Meyer, director of the war finance corporation, also told the convention that relief measures were necessary, and joined in paying tribute to the part the co-operative associations have played in restoring financial stability. No other factor, he said, had contributed so much toward the general financial recovery from the low point of a year ago, because the co-operative organizations had provided an element of stability of which the financial world at large was greatly in need.

## MARSDEN DEPOT AGENT IS HELD UP

A. Hodges Robbed Yesterday; Grants Depot Safe Was Blown Up a Few Days Ago

New Bern, Dec. 15.—A. Hodges, station agent for the Norfolk-Southern Railway at Marsden, N. C., 31 miles from here, was held up early today by two robbers who opened the station safe and escaped with Hodges' salary and \$150 in cash, according to an announcement by railway officials here tonight. The officials also made known a robbery at Grants, on the previous night, in which the station safe was carried some distance from the structure and blown up. The safe contained a small amount of cash.

## KIWANIANS PLAN TO HELP ENLARGE THE CITY LIBRARY

Proposal Presented by Dr. Shambhart at Meeting of Club Friday Evening

PLANS STILL UNDER WAY FOR PROVIDING CITY'S PLAYGROUND

Twelve Feet of Land in Ravine Only Thing Preventing the Work From Starting

The regular meeting of the Kiwanis club was held at the Rotary building last night and attendance was exceptionally good despite inclement weather and sickness. The few members absent were either sick themselves or had sickness in their homes. In the absence of Kiwanian E. E. Williams, who had charge of the program of this meeting, President J. B. James, presided. After invocation by H. L. Smith and appointment of Charlie Harvey as Sheriff 15 minutes of the last meeting were read and approved. The secretary acknowledged receipt of a letter from the King's Daughters for the luncheon served for their convention while in session here a few days ago. At this juncture visitors were introduced. These included Mr. Barnes, of Greensboro, Mr. Brill, of Ohio, Mr. Paul Clodfelter, J. N. Hart and Hon. F. C. Harding of Greenville. Each responded to the introduction with short and timely talks.

President James reported that the committee in charge of the playground project was still at work and the only thing that prevented it from materializing just now was a strip of twelve feet ground on the banks of the ravine which the property owners have not yet consented to give for this purpose. The prospects are that they will and when this is done a further meeting of the committee will be held with the aldermen, and in all probability, work on the playground will begin immediately.

Dr. W. P. Shambhart spoke briefly in behalf of Greenville's library, stressing the great need of a better library than we have at present, and suggested that the Kiwanis club, as a club or as individuals, contribute one or more books per member to the library, letting the library committee choose the books most needed.

At this point, P. L. Clodfelter, Rotarian, stated he thought this was a great move in the right direction and that he felt the Rotary club members would also be glad to contribute books to the library. He also mentioned that the Rotary club had taken up with Mr. Fitzgerald, superintendent of public instruction of Pitt county, the question of trying to interest the farmers throughout the county in giving to their boys and girls one half or more acres of land to be used in producing products for sale on the curb market in Greenville. The idea is to get the children interested as well as the grown people and it will mean a great thing to everyone.

Before closing the Kiwanis poet, C. S. Forbes, presented to Alfred Barnhill, chef and assistants a cash Christmas remembrance from the club in appreciation for their loyalty during the year. The secretary reported the condition of Kiwanian Ed. Griffin, who has been ill several days, as greatly improved according to a letter received from Mrs. Griffin.

Mistaking shaving cream for tooth paste is not as bad as mistaking washing powder for talcum.

## ONE KILLED AND TWO INJURED IN WRECK OF AUTO

Kinston People in Distressing Accident on Pink Hill Highway, Near Kinston

Kinston, Dec. 16.—J. Monroe Graves, aged about 26 years, was fatally injured last night about 10:30 o'clock and Mrs. Robin Hood and Jack Vause were painfully injured as a result of a distressing automobile accident near Albritton's on the Pink Hill Highway, six miles from the city. From all indications the car was going at a pretty rapid speed when it skidded from the slippery pavement, completed what apparently was a somersault and landed in a narrow ditch several yards away. Mrs. Hood and Vause were extricated from the wreckage without much trouble, but it was three o'clock this morning when the body of Mr. Graves was rescued.

According to Mr. Herbert Albritton, who lives nearby, and was one of the first on the scene, Mr. Graves died shortly after he arrived. He was apparently crushed to death, the back of the front seat resting on his chest. He retained consciousness for some little time, however, Mr. Albritton said Vause and Mrs. Hood told him, but it was impossible to get the heavy car—an Essex—off him.

Mr. Graves is said to have been driving the car. There were no eye witnesses but a colored man happened by and helped to rescue Vause and Mrs. Hood. The deceased was a buyer on the local market for Liggett & Myers Tobacco company, and had been a resident of Kinston for three years. His people live in Durham, to which place the body will be shipped for burial.

## SEVERAL MINOR CHARGES HEARD IN CITY COURT

Docket Largely Composed of Defendants Charged With Violating Speed Laws

Jim Elks, white, charged with attempting a crime against chemistry, to wit: The infusion of monkey rum and gasoline, otherwise known as driving auto while in an intoxicated condition. Allowed to pay a fine of \$50.00 and cost.

Willie Raven, colored, charged with riding bicycle on sidewalk. Taxed with cost.

Jack Atkinson, colored, charged with riding bicycle on sidewalk. Taxed with cost.

Carey Atkinson, colored, charged with riding bicycle on sidewalk. Taxed with cost.

Laxton Forbes, white, charged with driving auto faster than the legislature considers proper and safe for the public, commonly known as speeding. Allowed to pay a fine of \$10 and cost.

Jake McLawhorn, white, charged with driving an auto in excess of the speed limit. Fined \$10 and cost. Appealed to superior court.

Henry Shaw, colored, charged with vagrancy. Allowed to pay the cost of the action provided he leave town at once and stay left.

J. W. Bowen, white, charged with not having exhaust properly muffled on auto. Allowed to pay the cost. Geo. Holly, Willie Barnour, Elnora Roberts, Lucy Mayo, colored charged with gambling. Bound over to county court under \$10 bond each.

D. P. Evans, white, charged with driving an auto in excess of the speed limit. Being called and failed, capias issued and continued. In all of the speeding cases a speedometer reading was taken behind the defendants at 25 to 30 miles per hour, and so testified to in court.

Daniel Langley, colored, charged with driving horse and buggy in a reckless and careless manner. Allowed to pay the cost.

## GIVE COMMISSION POWER TO CUT OUT GRADE CROSSINGS

Amendments to State Road Law Worked Out at Meeting of Committee

EMPOWER TRAFFIC OFFICERS TO GO AFTER SPEEDERS

Fifteen Million Additional Bonds Needed to Complete Road Construction

Raleigh, Dec. 16.—Full power to eliminate grade crossings when in the judgment of the State Highway commission their continued use will increase the hazard of highway travel and police powers for highway patrol-traffic and road maintenance were written into the suggested amendments to the State road law by the legislative committee of the commission yesterday.

Decision to ask the General Assembly for an additional \$15,000,000 for road construction and the addition of two cents gallon tax on gasoline was announced informally by the Highway commission several weeks ago. The commission will ask the General Assembly to continue the present enactment as to the scale of fees imposed for motor licenses. Other changes in the present road law are of a minor nature.

Proposed changes in the road law were presented to the committee in the form of a statute drawn by Representative E. A. Doughton at its meeting yesterday morning. The entire measure, with minor changes, was adopted unanimously. Members of the committee are Chairman Frank Page and Commissioners Doughton, J. Elwood Cox, John Sprunt Hill, W. E. Wilkinson and William A. McGirt. Mr. Doughton will probably present the measure to the General Assembly.

Most drastic of the provisions of the suggested amendments of the road law is the authority for the Highway Commission, after full investigation, to order the construction of over head or underpass crossings of railroads where they are deemed necessary for safe use of the highways built by the State, with the provision that half the cost is to be borne by the railroads and half by the Highway Commission.

## SPLENDID PROGRAM TO BE RENDERED AT CHRISTIAN CHURCH

Music Department Plans Something Out of Ordinary for Day Before Christmas

For several weeks the music department of the Christian church under the direction of Prof. Muilberger has been preparing a fine program for the evening before Christmas. One of the very finest selections that could be secured was purchased and made the basis of the evening's services. The music is choice and some of it new. The old numbers have a new setting that both enriches and beautifies. Some of the best talent in the city has been secured; and the special organ numbers have been chosen from the choicest of the season's special music.

Prof. Muilberger's experience in this line assures that every thing will be done that can be done to make this evening before Christmas one of the most delightful and instructive, as well as interesting and entertaining that the church has ever given.

Tokio, Dec. 16.—It was reported here today that Roscoe (Fatty) Arbuckle would open a large cafe here. Agents are enlisting capital for the purpose.

## TWO SERMONS TO BE PREACHED BY M'ADAMS SUNDAY

Interesting Subjects to be Discussed by Evangelist Afternoon and Night

Another great service was held at the court house last night by the McAdams Evangelistic party. Mrs. McAdams spoke on the subject of "Seeking the Lost," and succeeded in awakening those treading the broad road to destruction. Mrs. McAdams explained how people would seek after lost money, property, cattle, or anything valuable. Then she came down to the lost children that had strayed away from the home and how people would search until they were found.

All business will stop when one child gets out of place, but souls can be lost all around us and we don't get very much disturbed over that. We get so busy, she said, that we lose all sight of the souls Jesus died for. The social part of life is well cared for but the spiritual is always neglected.

Mr. McAdams will preach tonight on the subject of "Demon Possessed." Sunday afternoon Mrs. McAdams will preach on the "Ten Ways to Hell." The subject will be illustrated in an interesting way and those who fail to hear it will be missing something out of the ordinary. Sunday night the evangelist will preach on "What a Christian Ought to be."

## GREENVILLE FUND IS APPRECIATED BY NEW BERNIANS

Mayor Clark Send Letter of Appreciation to Mayor of Greenville

Mayor D. M. Clark yesterday received a letter from Mayor Edward Clark of New Bern, expressing the thanks of his people for the generous support given in the relief work made necessary by the recent fire. "Without your aid," the letter states "the task would have exceeded our ability to have fully accomplished the stupendous task confronting us in relieving the suffering in our midst." Greenville people, both white and colored, contributed seven or eight hundred dollars to the relief of the fire sufferers, and the expression of gratitude received by Mayor Clark is considered just reward for what they did.

The letter from the New Bern executive follows: New Bern, N. C., Dec. 9, 1922. Mr. D. M. Clark, Mayor, Greenville, N. C., Dear Sir:

On behalf of myself and of the people of this community I desire to sincerely thank you for the ready response and generous aid you have given us in the relief work, now being carried on, to relieve the fire sufferers in the recent fire disaster here, which is admitted to be the greatest conflagration in the history of the State.

Without your aid the task would have exceeded our ability to have fully accomplished the stupendous work confronting us in alleviating the suffering in our midst. Your generous contributions and the magnanimous spirit which you have shown has incurred a debt of gratitude and appreciation of our entire citizenship that will last for all time to come. Feeling deeply grateful in terms of unmeasured gratitude for your aid, loyalty, and patriotism, I have the honor to be, Sincerely yours, EDWARD CLARK, Mayor.

Mrs. Alex Viola and Mrs. W. C. Braswell will leave tomorrow for Asbury Park, N. J., to spend the holidays with relatives.

## SAYS GREENVILLE FIRE DEPARTMENT WAS NOT CALLED

New Bern Mayor Denies Report That Local Company Failed to Respond

NEW BERN PEOPLE KNOW AID WOULD HAVE BEEN GIVEN

They Are Satisfied Greenville Would Have Gone to Their Aid if Necessary

The report that the Greenville fire department failed to respond to a call for aid during the New Bern fire is declared to be without foundation in a letter written to Mayor D. M. Clark of Greenville by Mayor Edward Clark of New Bern. "There was absolutely no official request made of you for assistance, and we people know full well had there been that it would have been a pleasure for you and your people to have rendered all assistance possible," the letter declares.

The letter in full follows: New Bern, N. C., Dec. 14, 1922. Hon. D. M. Clark, Greenville, N. C. My dear Mr. Mayor:

I am in receipt of your letter, relative to the rumors criticizing Greenville for refusing to render aid when requested to do so, in our recent fire disaster. I desire to advise you that the rumors are absolutely false and were circulated by some irresponsible person. There was absolutely no official request made of you for assistance. It is indeed unfortunate that any one could so far forget himself that he would even attempt to commit an act that would discredit the people of his own community by circulating such a baseless and false report without the slightest provocation. I can assure you that our people do not entertain anything but the best of feeling and friendship for Greenville, and we are fully cognizant of the fact that had we called upon you for your fire pumper you would have responded just as generously as you have in other ways in aiding the relief work being carried on here. With best assurances of our deep gratitude and appreciation for the generous and loyal spirit shown us by your people, I am, Sincerely, EDWARD CLARK, Mayor.

## GOVERNOR ALLEN BRANDS KLAN AS CURSE TO PUBLIC

Tells Convention of Governors of Dangers Hidden Behind Masks

(By International News.)

White Sulphur Springs, W. Va., Dec. 16.—Branding the Ku Klux Klan as an organized outlawry, Governor Allen, of Kansas, in a speech before the conference of governors in session here, denounced the klan as the greatest curse that can come to any civilized people and urged steps to eradicate it. "The organization is as dangerous to Protestant as Catholic, Jew or Negro, because it exists only when authority of the government has been broken down and destroyed," he declared.

The organization brings chaos, hatred and is a menace to every law abiding citizen who may fall victim of private quarrels and animosities of men who hide their identity behind masks of the klan, is stated.

The children like skates, but they are had on the feet of their pants.

WAREHOUSES NECESSARY.

Potato storage warehouses should receive considerable thought this winter by farmers who find time hanging heavily on their hands.

The old way of banking potatoes in hills is no longer considered right. In fact, it places the grower in a position where he doesn't know whether his crop will be preserved or whether it will rot.

They prevent thousands of dollars loss and eventually the community has paid for the building. Pitt county farmers must give the production of food crops more thought in the future and we know of nothing better to begin with than potatoes.

Do your Christmas shopping now and avoid the holiday rush. The stores will be crowded to capacity next week and those who fail to shop as early as possible will be greatly handicapped by the rush.

The re-election of Dr. B. W. Spilman as president of the Baptist State convention will be received with great interest in all parts of the state where he is well known and greatly beloved.

The advisability of placing a traffic cop on the hard surface roads is evident in the number of accidents occurring these days. The gradual increase in number of automobiles causes speeding to become of greater danger than ever before.

BONUS, OR NO BONUS.

Chairman Fordney, father of the soldiers bonus, has offered two new plans for the consideration of President Harding and if the chief executive really wants the soldiers to have compensation he can't pass up the plan and feel right about it.

Whether the new plans are the best yet offered cannot be said, but that doesn't mean the boys are not deserving of compensation of some kind. America is the only country that participated in the world war that has not provided some kind of bonus for her soldiers.

It can't be we are less appreciative of what the boys did. No it's not that. The present administration is making an effort to reduce expenses, and instead of cutting where needed, would deny a bonus to the boys that saved the world from German autocracy.

Tuberculosis Christmas seals have already been placed on sale, so don't forget the importance of buying your share. Money derived from sale of the seals will be used in checking the advance of tuberculosis.

Secretary Hughes has called Ambassador Harvey home to talk over foreign affairs. This action is believed to mean that America is planning to intervene in the reparations squabble, but whether this is correct or not cannot be said at this time.

Those railroad crossings in and around Greenville look as menacing today as they ever have before. And they are as dangerous, and increase with each succeeding day. Something must be done to bring about an important and the sooner it is the safer the public will feel.

Turkey has decided to join the league of nations, thereby preventing an impending break in the conference at Lausanne. Whether the Turk will be a desirable asset to the league is a question that cannot be answered just at this time.

Under and by virtue of authority conferred in Section 2587 of Consolidated Statutes of North Carolina, and a certain title retaining note executed by Major Buck to Adrian Savage, under date of March 18, 1922.

To the Subscribers to the Pitt County Memorial Hospital

At a meeting recently held of those interested in the erection of a Pitt County Memorial Hospital, it was decided on account of the financial condition of the country, not to attempt further to build said hospital, but that all pledges and cash contributed should be returned to the various parties.

## FT. BARNWELL-JASPER ROAD LET AS AID FOR NEW BERN SUFFERERS

Raleigh, N. C., Dec. 15.—North Carolina turned \$300,000 toward relieving conditions in New Bern today when the State Highway Commission awarded the contract for a 10-mile stretch of hard surfaced road from Fort Barnwell to Jasper, the end of the brick road leading westward out to New Bern.

The project was approved on the recommendation of Commissioner John E. Cameron, of Kinston, whose district includes New Bern. A majority of the commission here to confer about the legislative program unanimously approved the award.

Mr. Cameron said he did not know how many men will be put to work, but he thought probably 200 or 300. He said construction will get under way immediately.

The emergency award covers a stretch of road that has been surveyed and approved for some time, but was not on the list of projects for immediate construction.

## HARDING WARMLY ENDORSES CO-OPERATIVE MARKETING

Washington, Dec. 15.—President Harding in a letter read today at the opening session of the National Council of Farmers' Co-operative Marketing Association declared that he knew of "no single movement that promises more help towards the present relief and the permanent betterment of agricultural conditions" than the co-operative organization of farmers to market their products.

The President's letter was read by Senator Ernest, Republican, Kentucky, to whom it had been addressed as a greeting to the council. Declaring he wanted the government to do "everything within reason and sound procedure" for the aid of farmers, Mr. Harding said he was "still more anxious that the farmers shall themselves co-operate to make the movement's efforts doubly efficacious."

"I know no single movement that promises more help towards the present relief and the permanent betterment of agricultural conditions than this one," the letter added.

"Whoever has cared to read my recent message to the congress will understand the depth of my conviction about the necessity to do everything possible to help the farmer through his present era of depression.

"In the long run, government aid cannot be made effective unless the farmers shall be organized and alive to their own responsibility to establish and use practical instruments for the distribution of credits and the assurance of the most economical marketing methods. This association stands precisely for the best, most intelligent effort to establish such methods, and to teach the farmer and his friends to utilize them."—News and Observer.

**PRISONERS FROLIC IN ATHLETIC TESTS**

San Quentin, Cal., Dec. 16.—The monotony of prison life has returned, but the memory of Thanksgiving Day remains with the several thousand prisoners behind the gray walls of San Quentin.

For instance, there was the memory of the joy of a condemned man who will carry to the gallows the remembrance of having won in his last competition with his fellow men.

And the joyous Chorus of the "M a a a s!" that greeted the 73-year-old grand transplantee winner of the fifty-yard dash for men over 65.

Annually the Prison of San Quentin population "comes out" in the yard and enjoys a track meet. The meet this year was most successful.

Ordinarily condemned men don't compete. A negro won the baseball throw, setting a new record. The man doomed to die threw off his lethargy. He was given permission by Warden James Johnston to try. He did not equal the new record. The negro threw again. It fell short. The condemned man had won. He was happy. Perhaps the negro, who has but a few years to serve, did not try. Perhaps it was his way of making his unfortunate co-prisoner happy.

"I always win!" was the sprightly remark of John Ross, recent gland patient, who ran like a youth of 23 instead of one of more than three score and ten.

# DEMOCRATS DO NOT LIKE SUBSIDY

## Much Opposition Has Developed Against President Harding's Hobby

(By Richard Linticum, Special Correspondence)

Washington, Dec. 11.—"Lame Duck" Congressmen have long been a subject of national jest; in the opinion of all but the most hard-shelled reactionaries, they are becoming a national menace. As an illustration of this, Democrats and Progressives of other parties cite the passage of the Harding-Lasker Ship Bonus bill in the House by a majority of 24 with 60 "lame duck" votes cast in favor of the bill. The normal Republican majority in the House is 168, and if the "lame ducks" who favored the bill had been eliminated there would have been a large majority against it.

How these "lame duck" votes are secured is shown by legislative history. Ordinarily the "lame duck" is regarded as a policy to administer first aid to them by giving them "bedducks" who voted for the Ship Subsidy bill may safely be designated as men who either seek appointments for themselves or for others, and largely for this reason, assuming that they had read the lesson from the late election, were forced to support this administration measure in order to get what they wanted. In stead of being a liability to the administration, they have thus become an administration asset.

Even a casual glance over the list of Congressmen who have been elected to succeed the "lame ducks" will show that they are practically all opposed to the Harding-Lasker Ship Subsidy bill. Many of them openly opposed it on the stump in the last election and with two or three exceptions no candidate who was known to favor it was elected.

Senator Borah's apt phrase characterizing the Ship Subsidy bill as "the second attempt of the Republican party to commit suicide," is scarcely sufficiently comprehensive to characterize the administration's general defiance of public sentiment. In all the history of legislation and administrative activity, there has never been an administration which has so generally flouted public sentiment as the Harding administration, which from its inception has had but the one policy of catering to the special interests represented by huge corporations whose representatives are the leading contributors to Republican campaign funds, national, state and local.

In view of the passage of the Harding-Lasker Ship Bonus bill by the slender majority of 24 out of 60 "lame ducks," the present would seem to be a good time for a brief retrospect of similar legislation in the interest of the special privileged class

Prayer service Wednesday 7:30 p. m.  
Christian Endeavor Thursday 7:30 p. m.

es and against the interests of the body of the people.

From the beginning the administration programme has had nothing for the benefit of the farmer, although his condition has been more serious than that of any other class. While the special interests and profiteering corporations has been paying dividends of 300 and 400 per cent, and sometimes higher, the farmer has been bankrupt, yet the administration has promoted and urged only legislation for the benefit of special privilege, and none in behalf of the farmer.

The only relief the farmers have received was through the revival of the War Finance Corporation, a Democratic creation, which Democrats and western progressive Republicans forced the administration to accept. During the campaign these same reactionary Republicans undertook to claim credit for the very measure they had opposed until they were forced to adopt it in order to save their faces.

The administration programme has had nothing for labor or for the solution of any industrial problem; it has offered no means of preventing or settling strikes or rather anticipating or solving industrial troubles of any kind.

On the other hand, when the coastwise shipping monopoly wanted from Panama tolls the bill was named thru the House.

When the railroads wanted access to the treasury in addition to the huge guarantee they are receiving under the Esch-Cummins Act, a reactionary Republican House at the bidding of the White House appropriated in effect

\$500,000,000 for the further relief of the railroads.

When the war profiteering corporations wanted to be relieved of excess profits taxes, the taxes were promptly removed, and a substantial reduction made in the higher surtaxes of individual millionaires.

When the always specially protected manufacturers wanted to build a Chinese tariff wall around the United States, the Fordney-McCumber Tariff bill, guaranteeing extortionate and profiteering prices, was promptly passed.

When the Wrigley chewing gum interests, a heavy contributor to Republican campaign funds, wanted the tax taken off chewing gum it was promptly removed.

When the Sinclair oil interests, a subsidiary of Standard Oil, wanted to exploit the Tea-Pot Dome naval reserve in Wyoming, secret lease of the property was immediately granted, thus robbing the conservation policies of both Democratic and Republican administrations of recent years, and adhering to the policy of promoting and fostering only private interests.

And now comes a shipping monopoly asking for a huge bonus, a huge loan, exemption from taxation and other special privileges, and the administration with the aid of a fleet of the lamest of lame ducks force the bill through the House under a special rule amounting to a gag.

From the beginning the Harding administration has been a lame administration; it has now degenerated into a "lame duck" administration.
