WELFARE OFFICER REPORTS SEVERAL PERSONS IN NEED

List of Most Needy Cases in City Compiled to Public May Help Them

It has been suggested by a number of interested citizens that some of the most needy cases in the community be brought to the attention of the public with the hope that individuals will take a case and provide the things needed. Following is a list of cases that have not been taken and anyone who can furnish things needed will phone 408 stating that they will provide these things and deliver them to the welfare office.

I. A man and his wife and five children, three children of school age. The man lost his crop and children have been unable to attend school to this date. Girl 13, boy 11, and girl 9. Children need sufficient clothes to enter school after Christmas.

II. A man and his wife and eight children. Man subject to asthma and is unable to work but very little, poor people too proud to beg but who are in need of anything for children between ages of 3-17, boys and girls. A box of anything sent to this family would be very greatly appreciated. Children have been attending school irregularly this fall because of inability to have sufficient clothes, etc.

Anyone who has mentioned to the welfare office that they would handle a case need not reply to this notice as their cases will be sent to them today to fill.

Underclothes for children up to sixteen years, both boys and girls, are the most needed things among the poor people in the county, and anyone wishing to give pieces of clothing could do no better thing than give garments that could be wrapped and sent people who are in need of them. Stockings and shoes and sweaters and all sorts of clothing can be put to a good use if it is in hand. Cases of this type are so numerous it is impossible to specify just the families to whom they should be sent. Anyone wishing to make a contribution by way of clothes send the garments to the welfare office, court house.

186 MEN KILLED IN OCTOBER, 1922

Washington, Dec. 21.—Accidents at the coal mines of the United States in October caused the death of 186 men, according to reports received by the federal Bureau of Mines from state mine inspectors. Twenty-five of the fatalities were at anthracite mines in Pennsylvania and 161 at bituminous mines in all states. In October a year ago, 180 miners were killed, including 42 at anthracite mines and 138 at bituminous mines. The death rate for October 1922 was 3.46 per million tons of coal produced; a year ago the October rate was 3.43. The average fatality rate for October during the past nine years (1913-21) as determined by the Bureau of Mines is 4.27 per million tons of coal mined, and the average number of lives lost during the same period is 238. The October 1922 rate is, therefore, much lower than during any previous year below the average rate for October for the nine year period.

A gas explosion on October 20, at No. 11 mine, McCurtain, Okla., resulted in the death of 8 men.

The loss of 186 lives in October 1922 brought the total number of deaths at coal mines during the first ten months of the present year to 1,378, as compared with 1,065 during the corresponding period of 1921. By a strange coincidence the fatality

SECOND PAYMENT BEING MADE TO LOCAL GROWERS

Second Advance of Co-operative Warehouse Brings Smiles to Farmer's Faces

The Tobacco Co-operative warehouse has paid out the second payment to those who delivered their tobacco to De Embor 1st, and their faces are covered with smiles. The second advance is larger than the first and the money comes at a time when it is greatly needed. The cotton manager from Raleigh wires that they are mailing out checks for the second advance on cotton. This payment has been delayed on account of the cloudy weather, which retarded grading, but all checks will go out this week to members and next week to holders of mortgages and assignments.

LOUISIANA TROOPS SENT TO MAINTAIN ORDER AT HERRIN

Trial of Five Men Charged With Kidnapping Creates Much Interest

Monroe, La., Dec. 20.—Company G, Louisiana National Guard, in charge of Captain A. V. Cooper, entrained this afternoon for Bastrop, Louisiana Parish seat, where the men are under orders to guard the court house for the next thirty days. The movement is believed to be in connection with the situation growing out of the kidnaping last summer of five Mer Rouge citizens, of whom two have disappeared completely.

The company, composed of sixty-three enlisted men and three officers, was suddenly ordered to mobilize enroute following a conference held today at Baton Rouge between Governor John M. Parker and other state officials. What was discussed at this conference was not divulged and the conference itself was closely guarded.

District Attorney David I. Garrett said he had been informed by the Sheriff of Morehouse that all was quiet there and said he was without official information as to the reason for the movement of the troops.

The troops carried twenty days' rations.

Baton Rouge, La., Dec. 20.—Governor John M. Parker refused today to comment on the movement of the Monroe National Guard company to Bastrop, La.

Governor Parker and Attorney General Cooze at a recent conference here decided to conduct open hearings at Bastrop in connection with the disorders incident to the kidnaping of five Mer Rouge citizens by hooded men last August. Two of their number, Matt Daniels and Thomas F. Richards, have disappeared. Efforts by authorities to discover the perpetrators have failed and the open hearing course was determined upon.

The movement of the troops to guard the Bastrop Court House is considered here as signifying the immediate opening of the hearings.

rates for the two periods are identical, 3.92 per million tons. The output of coal this year has reached 325 million tons, while during the ten-month period last year the production was 425 million tons.

The year 1922 thus far has shown an unfortunate increase in explosions of gas and coal dust. This unfavorable record has been made notwithstanding the fact that a large part of the coal mining industry was shut down for five months in 1922 during the miners' strike.

Accidents due to causes other than explosions show no material change in frequency from those that occurred

WORLD FIGURES WHO MADE HISTORY

BEST SERVICE OF SERIES HELD HERE WEDNESDAY NIGHT

Mrs. McAdams Delivered Powerful Message on "Salvation Today, Tomorrow"

The message delivered last night was the best yet. The subject of the sermon was "Salvation Today or Death Tomorrow." This was used in such a soul stirring way that the large congregation was held spell-bound.

Mrs. McAdams said that just as David was warned of danger by one that loved him so we have been warned by the son of God and the many servants of God are still warning the lost.

She also stated that we could not count on waiting until tomorrow. We can't tell what will be two hours ahead. Men have planned so many things ahead that they never did. Evil is coming on the earth daily and we need to prepare for it and the only way is to get God into our lives. Today if you hear his voice harden not your hearts. The hard heart cry out in the hour of death for that place the world can't give.

How sweet it would be to every home if they had old fashioned family altar and the children were trained at the knees of father and mother. Then the cares and burdens of life wouldn't be so hard to face and early in life the children would accept Christ. Mrs. McAdams said.

The call was made and a number came forward for prayer and some were saved. The subject of the sermon tonight will be "Love."

AMERICA WILL NOT APPROVE COMMISSION

London, Dec. 21.—The foreign office announced today that it had no knowledge of the report that the American government would appoint a commission to fix a new basis for reparations payments.

TWO YOUNG MEN CHARGED WITH BEING SOCIETY BOOTLEGGERS AT CAPITAL

Washington, Dec. 21.—Police and government agents today arrested two young men whom they accuse of being bootleggers to a considerable number of society men here. Their names are Raymond Gray and Ronald Irving. Within a short time after arrest several Washington attorneys were endeavoring to secure their release.

last year, except in the case of deaths due to the use of powder and other explosives, for which the rate has declined from 0.615 to 0.187 per million tons.

LEGION AUXILIARY SENDS BOXES TO OTEEN HOSPITAL

Large Box Containing Sixteen Smaller One With Xmas Cheer Just Shipped

The auxiliary of the Pitt County Post of the American Legion has just shipped a box containing sixteen smaller boxes to Ward N-4 at Oteen hospital. The box was valued at \$100 and contained many things that will bring joy to the hearts of those who would see little of Christmas were it not for the thoughtful auxiliary members.

Members of the auxiliary put in many hours of work preparing the boxes for shipment and were highly elated at their splendid success. They are doing much to bring joy to the hearts of those who sacrificed so much in behalf of the world, and are to be congratulated upon what they have done for the ward at Oteen.

SLAYER OF POLISH PRESIDENT WILL BE TRIED DEC. 29TH

Warsaw, Dec. 20.—The trial of the Newiadomski for the assassination of President Narutowicz last Saturday has been set for December 29 before a civil tribunal. A six weeks period of mourning has been prescribed for the military while the civil authorities will be in mourning for two weeks.

The Polish National Assembly was called upon today to elect a new president. At an early hour no definite candidate had appeared. The Nationalists who since the assassination are unpopular in the diet as were the German conservatives after the killing of Rathenau, have again failed to form a bloc with the Witos party to elect a president by a purely Polish vote. It was believed they might advance Professor Morawski of Cracow University or support the most acceptable radical candidate.

The latter party was considering M. Volchekoski, General Sikorski, who took over the premiership, and General Zeligosvski.

MARY M'SWEENEY AGAIN ASKS GOVERNMENT TO STOP EXECUTIONS

Dublin, Dec. 21.—Feeble from her protracted hunger strike, Mary McSweeney appeared in the public yesterday and took part in a meeting to protect against further execution of irregulars.

GREAT WAVE OF CRIME SWEEPING THROUGH CHICAGO

Many Outrages Reported Among Lawless Element in Windy City Today

Chicago, Dec. 20.—Death, fire, and crime stalked with the cold wave which continued to hold Chicago in its grip today.

Zero temperature which prevailed over the city for the past three days caused five deaths, thousands of dollars damage from fire and hundreds of minor robberies.

With freezing weather coming just before the holidays the crime and fire wave was one of the worst in the history of the city, police declared. Acute suffering was reported among the poor in several sections of the city and relief societies were all rushed with work.

Four men were found frozen to death last night. Another man was killed when he slipped on the icy pavement and fell in the path of a skidding automobile.

The fire department has had hardly a moment's rest in the last three days. More than 200 alarms of fire were answered. Scores of families were forced to flee from their burning homes or apartments into the windswept streets, clad only in night clothes. Ninety per cent of the fires were caused by overheated furnaces, fire department officials said.

Pickpockets, shoplifters, secondary workers and hold-up men worked over time. Police headquarters was deluged with reports of robberies ranging from a few dollars to thousands.

"Cold weather always brings more crime," Police said.

"So does the holiday season. Combine them and we have a bad situation."

The bullet riddled body of "Craps shooter" Rosaria di Marco, was found in front of his home. Police believed the murder was the result of a crap game in which di Marco won \$30,000.

Policeman Ralph S. Sanders was shot when he attempted to arrest a lone bandit who was robbing a grocery store. The bandit escaped.

SENATE GRIND EXPECTED TO BECOME WORSE AFTER THE HOLIDAY SEASON

Washington, Dec. 21.—The legislative grind in the senate is expected to become worse after the holidays when the upper chamber is expected to plunge into a debate on proposal of another disarmament conference, which has been attached to the naval supply bill. The senate naval affairs committee expects to have the senate take up the bill after Christmas to exclude shipping and other legislation. It appeared that there was little chance of the Norris agriculture bill supplanting the ship subsidy.

SURVIVORS OF HERRIN KILLING TELL OF AFFAIR

Gripping Story Told of Massacre Occurring at Minca Sometime Ago

Marion, Ill., Dec. 20.—Peter Miller and Otis Clark, two of the five defendants on trial charged with murder in connection with the Herring riots, were pointed out as members of the mob by two of the four survivors who took the witness stand today.

The survivors, who occupied the stand most of the day, were William Cairns, P. J. O'Rourke, Bernard Jones and Robert Coffer, the latter a University of Pennsylvania graduate, was a bookkeeper at the strip mine where the riots started and which resulted in the death of twenty non union men. The first three were guards at the mine.

Cairns testified that the 48 men in the mine surrounded under a white flag between 5:30 and 6 o'clock the morning of June 22 and were marched out of the pit with their hands above their heads after being told that they would not be harmed. He said he had seen C. K. McDowell, the crippled superintendent of the mine, led away by Otis Clark, who had a gun, and another man.

"We were marched on until we came to a barbed wire fence," he said, "and some one shouted all men with guns line up to the right," and then come one else cried: "now you fellows run, then the firing started," he said. When he was wounded and lying beside the fence with two bullets in his body. Cairns said he saw Peter Miller come up to another wounded man who was leaning against a tree and fired into his body after shouting you great big can't we kill you?"

The witness said he saw another man approach John Shoemaker, assistant superintendent, at the mine, who was lying wounded in the field and say:

"Here's that machine gunner." Cairns cleared the speaker then drew a pistol and blew Shoemaker's head off.

The witness said he was picked up and taken to a hospital by Sheriff Thaxton about an hour later.

O'Rourke told of being shot twice at the force, of feeling through the woods until he was recaptured and marched with five other bleeding, pleading victims through Herring to a cemetery, outside the city where all six were shot down in the road. The witness said he remembered praying for any Christian in the crowd to bring him water and, in the name of his mother, for some one to notify her of his fate. He said some one knelt over him and slashed his throat with a pocket knife. O'Rourke was picked up with seven bullet wounds in his body.

HARDING REQUESTED TO STOP K. K. K. PAPER

New York, Dec. 21.—President Harding has been requested by Mayor Hylan to stop the publication of Colonel Mayfield's week K. K. K. paper in Texas. The request was made on the grounds that the paper is printing news tending to reduce race prejudice and attempting to destroy the peace and happiness of the nation. According to Mayor Hylan's letter the paper is published by Earl Mayfield, senator-elect. Advice from Houston state that Billie Mayfield is publisher of the paper. President Harding immediately conferred with department of justice and post-office officials regarding Hylan's request, but it was said by officials, that no action would be taken until after an investigation.

MAKE KNOWN NAME OF MYSTERIOUS WOMAN IN NORTHCLIFFE WILL CASE

London, Dec. 21.—The mysterious woman that appeared at the hearing of Lord Northcliffe's will and blocked immediate settlement, according to local police, is named Mrs. Thomas. She arose in the court and declared that she desired to enter a caveat against the will in respect to a prior claim. The judge immediately adjourned the hearing.

WAR FINANCE BOARD LOANS HALF BILLION TO AMERICAN FARMER

Washington, Dec. 21.—Nearly a half billion dollars was loaned to American agriculture by the War Finance corporation during the critical period of depression of the past year, it was made known in an annual report of the commission sent to congress today. The report also disclosed that the chief benefit derived from the commission's activities was a restoration of confidence in rural regions.

W. H. WOOLARD IS HOST TO DIRECTORS OF CITY KIWANIS

Regular Meeting Held Tuesday Evening at Wayside Tea Room and Gift Shop

Kiwanis directors met Tuesday night as the guests of W. H. Woolard at the Wayside Tea Room and Gift Shop. The occasion was the regular monthly meeting of the directors, eleven of the twelve being present.

Since the election of officers, which was held at the first meeting of the month, the various committees and their chairmen of the club were chosen at this session. They discussed at length accomplishments of the club during the past year, and perfected plans for the 1923 program.

There were several important projects the club anticipated putting over during the year with aid of the public at large.

One of the features of the evening was a musical program received by radio from Uittsburgh, Pa.

It was decided that Friday night, January 12th, would be ladies night with the club, at which time the wives and sweethearts of the members will be guests. It is planned to make this one of the greatest meetings in history of the club.

The supper served under direction of Mrs. Travis Hooker, manager of the Tea Room, was greatly enjoyed.

SPLENDID CANTATA WILL BE GIVEN AT CHRISTIAN CHURCH

"The Shepherd King" to be Rendered by Members From Various Choirs of City

The Christmas cantata, "The Shepherd King" will be rendered by the choir of the Christian church, assisted by some choir members of other churches of the city Sunday night, beginning at 7:30. The choir will also be assisted by Mrs. Harper Holliday of Dunn, who will sing several of the solo parts.

The choir, under direction of Professor Mulberger, has spent several weeks perfecting this program, which is expected to be one of the best musical events ever heard in Greenville at the Christmas season.

The entire Sunday night program is given over to the cantata, which will require about an hour. Professor Mulberger will preside at the organ and Mrs. J. L. Carper at the piano.

### HELP UNCLE SAM.

The public should make an effort to co-operate with the post office department in every way possible during the holiday season and in this way expedite service in the handling of Uncle Sam's business.

Thousands of letters and packages will pass through the local office between now and Christmas. The clerks will make an effort to handle them with all dispatch possible, but this will be a matter of impossibility unless patrons be careful in directing letters and packages.

Plainly written addresses will speed up office work much more than the ordinary person would think. Instead of having to spend several minutes in trying to determine where and to whom the package or letter is to be sent, the clerks can read the address at a glance and pass on to other business.

This single factor will do much toward eliminating countless worries confronting the department during the holidays and every appreciative man and woman should use their influence in helping them handle the tremendous volume of business.

Be sure and let those last minute seals. They will convey a message of additional thoughtfulness.

Construction of hard surfaced roads is making rapid progress in Pitt county at the present time and in the course of two years will have one of the most complete systems in the state. That's what we get by taking advantage of the government and state offer of aid three or four years ago. Many counties failed to take advantage of the offer and they are the ones that will suffer when other counties are making good. Transportation will be carried on largely by trucks and automobiles in the future and the county without good roads will suffer severely, there is no doubt about that. Pitt county voted five hundred thousand dollars for this improvement and the government and state offered a similar amount. When this amount is tied up in roads conditions will be much better.

### DOWN WITH THE TURK.

Conditions are serious in the Near East and Christians have suffered intolerably at the hands of the ruthless Turk. Yet delegates of Turkey sit at the Lausanne conference and ask for concessions as if they represented the most enlightened nation on earth.

Something must be done to bring these ruthless people to their senses, and there is no better time to do it than at this conference where the allied governments hold the winning cards. They should deny the government of her most cherished possessions until its people refrain from murdering, pillaging and dragging the standard of civilization in the dust.

Thousands of defenseless men and women, representing christianity, have fallen victims before the ruthless sword of the Turk, and there is little hope of relief unless the Turks are downed and made to realize the seriousness of what they have done.

Civilization demands this much of the conference at Lausanne and the responsibility upon the delegates is great enough to cause them to act decisively and fearlessly.

Two more days in which to do that Christmas shopping. Get busy and avoid the last minute rush.

Clemenceau caused American people to believe he was pleased with the reception accorded him. But the way he acted following his return home indicates he isn't so well pleased after all. It's a pity he didn't express his sentiments while over here instead of waiting to get back home. If that's the way he feels about it his visit will mean little or nothing in the slightest sense of the word.

Turkish fears have almost downed purposes of the peace conference at Lausanne, but maybe after they are convinced that the rest of the world isn't looking for their scalp they will accept proposals before them. Turkey believes the rest of the world to be as its own people and is doing everything possible to get the best end of the bargain at the conference. If they would settle down to business the other countries wouldn't mind giving them desired concessions. But as long as they continue as shiftless and unreliable they can't expect anything more than what they already have.

Greenville people should make an effort to celebrate Christmas in an appropriate way this year. The day is of especial significance to the American people and every one should make an effort to forget the commercial side and celebrate in true spirit. The great occasion, as many others, has been commercialized to such an extent that people look forward to it more with dread than pleasure. The habit of exchanging presents, while very nice, has become a burden to many who look forward to the day with a feeling of uncertainty and insecurity, especially if they should happen to be slightly embarrassed in a financial way. We should remember why Christmas is celebrated, and for the moment forget gift giving to pay homage to the Babe of Bethlehem.

### County Agent W. B. Pace is making an effort to improve agricultural conditions in Pitt county and if the growers will co-operate he will be able to accomplish much more.

The farm department has advocated many constructive measures during the administration of Mr. Pace. Many of them have become an actuality, and will mean much in the future development of the farming industry. There are many things yet to be put across if conditions are to be what they should, but this will be easy if everyone will fall in line as they should. In union there is strength, and when the farmer awakens to this great truth this will indeed be a great action.

## ONE DEED OF TRANSFER FILED SINCE YESTERDAY

The following deed of transfer has been filed in the office of the register of deeds for registration since the report of yesterday afternoon:

J. W. Tetterton to J. W. and W. A. Taylor, consideration \$8999.

## THE PRICE OF COWS IS GOING UP NOW

(Auspices of Pitt County Chamber of Commerce.)

We have watched the tide of low prices on milk cows and beef cattle sweep over our country for the past two years. This year these prices have been extremely low, as our farmers have forced them upon the market. We are glad to note a reaction within the last thirty days. This was brought about, not by any wise conservation on the part of our farmers, but rather because the supply had about given out. So it will be with beef cattle in the next three months. By March the scarcity here will also be felt. In Chicago and in all the packing centers the price of hogs and cattle have been forced down two cents per pound within the past thirty days, simply by the great run made to sell too rapidly. It is true that our farmers need ready cash, but they lose money whenever they attempt to press too much of any commodity upon the market. It is true that our farmers rushed their cattle upon the market to avoid the winter's feed bill. This should not be true. The one great lesson we need to learn is to grow more feed. With the numerous legume crops that we can grow in the South every farmer should need more cattle to eat up his surplus, instead of having to sell his cows for lack of feed. We hope to see this condition make marked improvement within the next few years.

## R. T. BURNETTE ACCEPTS AGENCY FOR DODGE CAR

Mr. R. T. Burnette has taken the agency for the Dodge Brothers automobile in Pitt county. This is the first time the Dodge has had a representative in this county, although it is one of the most popular cars on the market. Mr. Burnette is one of the best known business men in Greenville and his connection with this firm will be received with interest. A car load of these cars is now in transit and Mr. Burnette expects them to arrive at any time. Anyone desiring to confer with Mr. Burnette are requested to call telephone 361.

Mr. E. E. Rawls, now employed by the Denton Drug Company will be connected with Mr. Burnette as salesman.

## FOUR MARRIAGE LICENSES ISSUED SINCE YESTERDAY

The following marriage licenses have been issued by the register of deeds since the report of yesterday afternoon:

C. C. Harris to Miss Effie Cass, both of the Falkland community.

Colored Jarvis Burke to Mamie Edwards, both of the Chicod community; Lyman Dickens to Mandy Gorham, both of Fountain township; Lloyd Foreman of Greene county to Della May, of Farmville.

## STATE COLLEGE TO GIVE SHORT COURSE TO STATE FARMERS

Giant circulars, beautifully printed and copiously illustrated, are this week going out to all parts of North Carolina calling farmers and their sons to State College for the short course given by the institution from January 8 to 19th inclusive.

The course in agriculture designed for busy farmers has five major appeals. There is a special training for cotton, tobacco and small grain farmers; a second for fruit and vegetable growers; a third for farm dairymen; a fourth for poultry raising, and a final course in cotton classing. All are free.

The College is asking that all who expect to enter the short course come January 8 and be ready for classes the following day. In giving free tuition the institution makes the work the right of every person. The principal cost of attending will be board and room rent, which for the term will barely be \$10. The college has a limited number of rooms at \$3 a week and it supplies board at 15 cents a day. The visitors will have the special privilege of taking their meals in the dining hall. The college laundry will serve the visitors a \$2 to \$3 a month rate. Private families will furnish rooms in the college vicinity from \$4 to \$7 a week, two in a room.

The short course comes in the early days of the General Assembly which will be in session when the special students come to Raleigh. By attending this time many farmers who would hardly see the capital in a decade and perhaps the legislative body never, will have an opportunity to observe how the law-making branch of the government responds to the needs of those back home. No meeting could be of more interest to either. The people in whose interest State College was created, will have an opportunity to show the representatives what it is doing.

## LAND SALE

By virtue of the power of sale contained in a certain mortgage executed and delivered by J. A. Wingate and wife to M. D. Lassiter, on the 4th day of January, 1921, which mortgage was duly recorded in the office of the register of deeds of Pitt county in Book Y-13, page 51, the undersigned will sell at public auction, before the court house in Greenville

on Monday, January 22nd, 1923, the following described parcel or tract of land, to-wit:

That tract or parcel of land in Pitt county, in Ayden township, near the town of Ayden: Beginning at a stake on Juanita Avenue, 410 feet from R. L. Johnson's southeast corner, and running in a westerly direction 788 feet to Josephus Gaskins line; thence with his line a southerly direction 1112 feet to a ditch, J. McDixons line; thence in an easterly direction with his line 803 feet with a ditch to Juanita Avenue, thence in a northerly direction with said avenue 1105 feet to the beginning. Containing 21 acres, and known as the Race Tract lot.

Said land is sold to satisfy said indebtedness.

### ENTERTAIN END OF THE CENTURY CLUB

Mesdames Brown and Herring were hostesses to the End of the Century Club Tuesday afternoon, at the Wayside Tea Room.

Fifteen members responded to roll call. During the business session the advisability of the clubs joining the state federation was discussed, and decided, in the affirmative.

A legislation committee was appointed by the president, also a nominating committee as at our next meeting the election of officers is in order.

The program for the afternoon was the Civil War Poets.

First Paper, by Miss Maupin—Ticknor and Thompson.

Second Paper, by Miss Muffy—Timrod and Randall.

Third Paper, by Mrs. F. C. Harding—Ryan and McCarb.

The meeting adjourned to meet January 9th with Mrs. John Hassel. Each and every guest left with the consciousness of having enjoyed one of the most delightful afternoons of the season, and voting the Wayside Tea Room an ideal place for club meetings.

## SETTLEMENT OF TURKISH STRAITS CONTROL CERTAIN

Turkish and Allied Delegations Show Signs of Realization at Present

Lausanne, Dec. 20.—The Turkish and allied delegations relaxed in their attitude today and discussed control of the straits in such a conciliatory spirit that there is every indication some sort of straits convention may be signed in a very few days.

The note of the United States declaring that it does not regard an international commission as necessary undoubtedly bore fruit, as Lord Curzon gave careful consideration to Ismet Pasha's plea that Turkey would consider international interference with Turkey as "worse than death." An agreement likely will be reached exempting the Dardanelles zone along the straits control by the proposed international commission which will have jurisdiction only over navigation of the straits leaving even the passage to the Turks.

Ismet Pasha also pleaded for further guarantees for the safety of Constantinople than which would probably be offered by the League of Nations, and proposed additional guarantees similar to those given to the Aland Islands.

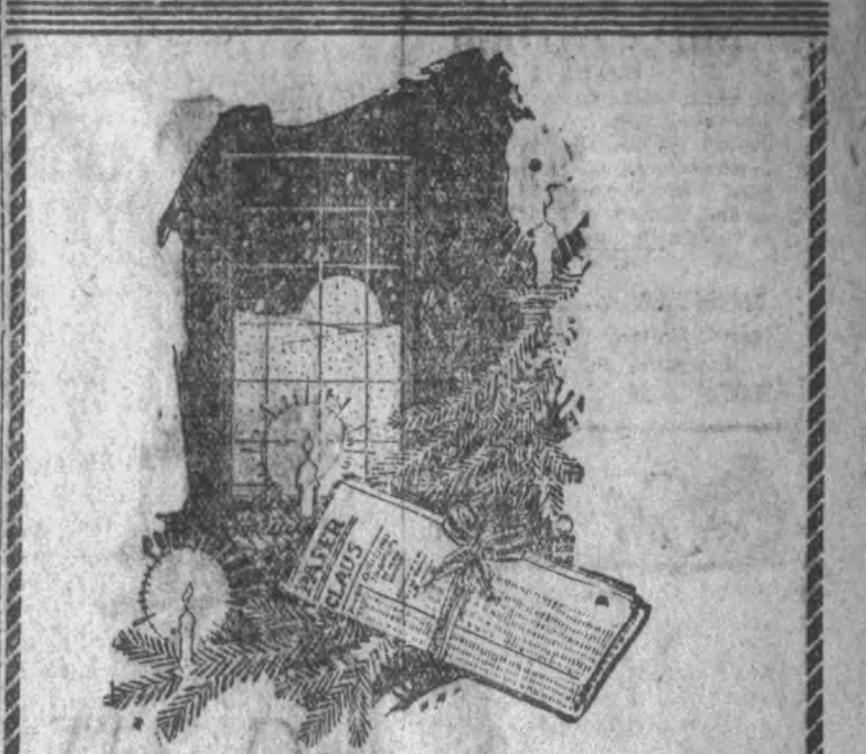

Lord Curzon, M. Barrera, Baron Hayashi, M. Spalikovitch and other speakers expressed great satisfaction over Turkey's conciliatory attitude. Baron Hayashi said he was especially gratified to see the conference, which had almost reached the stage of ultimatums, settle down into such calm and reasonable consideration of the straits problems.

Lord Curzon after hearing Ismet's statement of the Turkish position said that Ismet Pasha's acceptance of the general principles of free passage as outlined by the allies now made it possible to discuss details of the practical application of those principles.

As it is clear that the United States will accept no seat on a straits control commission, regardless of how much the powers of this proposed international body are limited, the members of the American delegation were asked tonight whether the United States would in any way be bound to respect the regulations imposed by this body, and if the

United States would negotiate a treaty immediately with Turkey. To this Ambassador Child made no answer.

The age-old struggle between Ireland and England has ended, again. In some cases suitcases will suit as gifts. 21 1f

### OIL-SHALE STANDS OUT PROMINENTLY

Washington, Dec. 21.—When the flow of that liquid gold known as petroleum gives sign of slackening, and as a consequence the whir and hum of the country's millions of flivvers and motor buses and tractors seem likely to desert for lack of fuel the far-reaching reserves of oil shale in the United States stand out as the most important resources of substitutes for petroleum oils, states the Bureau of Mines. These shales, veritable untapped reservoirs of oil, under enormous areas of the country. Those of the most economic importance occur in Colorado, Nevada, Utah and Wyoming. Great areas of black shale occur, however, in various eastern states, notably, Kentucky, Indiana and Ohio. The great economic importance of oil shales is that, when the industry is properly developed, the United States will have a new domestic supply of mineral oils, which cannot be cut off in time of war, and which, come what may, will always be ready to help meet the nation's demand for oil, no matter what the world's petroleum situation may be. The future of the oil shale industry in this country, the Bureau of Mines considers, will depend primarily upon the relative supply of oil, and demand for, petroleum products, particularly in the regions remote from seaboard. There is good reason to believe that in the next several years the domestic production of petroleum will decrease, while the demand for its products will increase, and oil shales can well make up for the deficiency of crude petroleum as a source of refined mineral oil products. Even under the most favorable conditions development of an American oil-shale must be slow, although this can be hastened by the employment of highly trained specialists, the proper kind of experimental work, and sincere cooperation and mutual helpfulness among the oil-shale operators.
