MONTHLY MEETING AMERICAN LEGION HELD LAST NIGHT

Present Activities Indicate a Banner Year for the Pitt County Post

The Pitt County Post of the American Legion held its regular monthly meeting last night at the Rotary building with about forty members present who thoroughly enjoyed the occasion.

After the completion of dinner the post adjutant read the minutes of the last meeting followed by a brief report of the activities of his office stating that eighteen renewals of membership had been received since that time.

Mr. O. T. Howard, of the United States Veterans' Bureau was a guest of the post and made a talk regarding War Risk Insurance which proved of no little value to those who heard him.

Realizing the need of permanent quarters the post decided unanimously that a committee be appointed to go into the propositions now pending and no doubt definite recommendations will be made to the post at the next meeting.

DAMAGES AWARDED PLAINTIFF IN SUIT AGAINST MANNING

After Day and Night of Deliberating Jury Returns Verdict in Favor of Rouse

A verdict awarding the plaintiff one hundred and twenty-five dollars damages was returned by the jury during yesterday in the case of Rouse against Manning, which consumed the entire Monday's session of Pitt county Superior court for the trial of civil cases, convening in this city this week.

Mr. Rouse was suing Mr. Manning for two hundred and fifty dollars damages for a horse killed by the defendant about three years ago.

Tuesday's session of court adjourned yesterday morning at eleven o'clock on account of the absence of witnesses due to the influenza epidemic. Several cases were on docket for the day and if these could have been tried the calendar would have been shortened considerably.

Court reconvened this morning and it is expected that with the exception of one or two cases—all cases on today's docket will be given a hearing.

Mr. K. T. Futrell, Welfare Officer, Greenville, N. Respectfully, M. M. McCARTY, General Delivery.

DEMONSTRATION OF HOG FEEDING TO BE GIVEN IN THE COUNTY

Field Agent to Visit This County During This Week to Give Demonstrations

Greenville, N. C., January 17, 1923.

Mr. J. M. Watts, field agent, of the office of Swine Extension, Raleigh, N. C., will spend Thursday, Friday and Saturday of this week with county agent, W. B. Pace. The object of Mr. Watts' visit is to accompany Mr. Pace to the homes of several Pitt county farmers for the purpose of starting some hog-feeding demonstrations.

The hogs will be put on a balanced ration and fed for sixty or ninety days, at the end of which time they will be shipped to some one of the large markets and sold. A number of the best farmers of the county are going to feed hogs for this shipment. No one farmer will likely have enough hogs to ship a car of his own, but that will not make any difference. They will be shipped co-operatively, each man will put his in the car, whether he has one or a dozen. They will be marked (by the use of clipper) and each man's hogs will be sold separately on the market.

This is a new field of work in Pitt county, but it is old and tried in other sections. It has proved the salvation of the farmers in sections south and west of us. Under this method pigs can be made to weigh two hundred pounds and ready for the market at six months of age. A great deal depends upon the feed and that is what this demonstration will prove. The spring pigs can be marketed in September and the fall pigs in March, and according to statistics covering a period of many years these are the best months to market hogs.

RECOMMENDS BIG APPROPRIATION TO PAMLICO AND TAR

Budget Committee Recommends Appropriation of \$12,000 for Local Rivers

Washington, Jan. 16.—According to the report of the Budget committee on "The maintenance and improvement of rivers and harbors," the appropriation recommended for North Carolina is as follows:

North Carolina: Pamlico and Tar rivers, \$12,000; Neuse river, \$12,000; Swift Creek, \$800; Contentnea Creek \$1,500; Trent river, \$15,000; Channel, Thoroughfare Bay to Cedar Bay, \$5,000; Beaufort Harbor, \$7,500; Waterway, Core Sound to Beaufort Harbor \$30,000; Waterway, Beaufort to Jacksonville, \$10,000; Harbor of Refuge, Cape Lookout, \$20,000; Cape Fear above Wilmington, \$12,000; at and below Wilmington, \$500,000; Northeast (Cape Fear) river \$4,000; Black river, \$2,000.

This apparently leaves out any work on the new canal, which is projected through Hyde county, as a part of the Inland Waterway System.

MAY BECOME SECRETARY OF THE INTERIOR

Dr. Hubert Work

Dr. Hubert Work, Postmaster-General, is mentioned in well-informed circles in Washington as the man President Harding will select to succeed Alfred B. Fall as Secretary of the Interior. In that event Harry S. New, defeated Senator from Indiana, would likely take the post office post.

MESSAGE ON HELL HEARD BY LARGE CROWD LAST NIGHT

Evangelist Reveals Fact That Hell is Place for Wicked and Not the Righteous

The message on Hell last night at the court house was not the modern theory it was the old fashion Bible "Hell," not for the righteous but the wicked. David said the wicked shall be turned into hell and all the nations that forget God. Isaiah tells us of a class that will help to enlarge hell and he doesn't mention the righteous either. The rich man and Lazarus didn't go to the same place after death, one went to hell, the other to rest. In fact you can't find a scripture where the righteous and wicked go to hell together. It seems that if the late hell theory meant only the grave, we would find at least one place in the Bible where some of the old prophets were buried in hell or some of the saints, but you can't find it. God's word teaches a hell for the wicked and a heaven for the righteous. Read Matthew twenty-fifth chapter and you will find the separation of the two classes. One goes to hell, the other to heaven. The message will be finished tonight under the head of "The Lake of Fire."

The prayer meetings yesterday went far beyond what the evangelist expected for the first day, and deep interest was shown in all the meetings. The prayer meetings for Thursday morning at 10 o'clock will be held in Mr. W. E. Warren's place of business near Coast Line depot on Dickinson avenue. The afternoon's meetings will be held at the following places: Mrs. J. M. Barnes, 1120 Reed Street. J. W. Hunning's, Paris avenue; and Miss Addie Congleton's, 205 Fourth street.

CONFERENCES BEARING ON DEMOCRATIC CAMPAIGN ARE NOW BEING HELD

CITY SCHOOLS ARE CROWDED TO LIMIT SAYS SUPT. ROSE

Daily Attendance This Session Has Been 95 Per Cent. of Total Enrollment

At the present time the enrollment of the Greenville public schools is 1866. Of this number 1113 are white, and 754 are colored. The enrollment at this time in the white schools of the town of Greenville is greater by 32 than it was last year, and this in spite of the fact that the Fleming School District did not come into the Greenville School this year. This serves to show how great has been the actual increase in enrollment this year of the town children alone. The High School has enrolled 35 more this year than it had last year. The building is absolutely full.

The Evans Street School has an enrollment now of 590. Last year at this time it had an enrollment of 551. The Evans Street School is crowded to its capacity. The school auditorium has been cut up into three small class rooms, and are now being used. What was formerly the library room is now a class room for the first grade. The Model School building is also full, and the Cotton Mill School has every square inch of space utilized.

The county board of education, at the beginning of the year, requested the Greenville Graded Schools to take care of certain children living just to the south of the town on a paved road. This request had to be denied by virtue of the fact that there was no room in the buildings in Greenville. Therefore the Winterville School truck is taking children on the edge of Greenville to the Winterville school.

The present Greenville Graded School District takes in the Town of Greenville, and then a very small strip of land just outside of the Town of Greenville. People outside of the Town of Greenville who are using the Greenville Graded Schools are therefore paying the same school tax as do the people inside the town of Greenville.

The attendance of the schools this year has been splendid. During the first three months of school this year the average daily attendance was nearly 95 per cent of the enrollment. There are some rooms in school this year who have gone the whole school year without a tardy. In the matter of attendance some rooms ran as high a percentage as 98.

In the colored schools the enrollment is 754, daily attendance around 520. The present colored school building has only eight rooms. At the present time it is necessary to have twelve teachers in order to take care of the tremendous attendance. Nine of these teachers teach in the eight rooms of the school building. One is teaching in a colored church about a block from the school building, and two others are teaching in the Odd Fellows Hall about two blocks from the school building. In one first grade in the colored school there are 95 on roll. In another first grade there are 101, and in another first grade there are 102 on roll.

From the school figures it would seem that a lot of people are moving into Greenville. Every day since about the middle of December there have been new pupils brought to the school building. Of course there has been some withdrawals on account of people moving away from town, but the people moving in have far outnumbered the people moving away. This is an indication of the growth of the Town of Greenville at the present time. If this keeps up the school authorities will be put to it to take care of the population.

It has been suggested that the oil needed for the troubled waters in the recent European crisis is the one with a "T" prefix.

Perhaps the \$2,000,000 bond issue or buying and operating ships might help to lower freight rates, but will there be any real "earnings" that seems to be the question in the majority of minds.

"Let your conscience be your guard" seems to have been followed recently by several people throughout the country who have confessed some crime or another.

According to statisticians an increase in the number of automobiles is a sign of prosperity.

The facts brought out in yesterday's article concerning imposters in our city are great truths.

It is regrettable that Raleigh is having such an epidemic of "flu".

The report of the board of public welfare of Pitt county for the month of December shows that this organization's accomplishments are far reaching.

According to news reports Washington is getting disturbed over Boyden's activities in Europe.

A bridge and rook tournament, under the auspices of the Woman's club, was held yesterday afternoon and evening at the home of Mrs. E. B. Ferguson.

The house was decorated with red berries and potted plants. Fourteen tables were arranged for the afternoon games and five for the evening games.

The table prizes were attractive miniature ferns. After several interesting games Mrs. Ferguson, assisted by Mrs. P. T. Anthony and Mrs. J. B. Kittrell, served delightful refreshments consisting of frozen fruit salad and spiced tea.

**MAN IS KILLED AND WOMAN WOUNDED WHEN THEY ENTER INTO FIGHT**

Chicago, Jan. 17.—In a frenzied battle between a man and woman the man was killed and the woman seriously injured. The man was George Bach, a roomer, and the woman Mrs. Grace Green, was his landlady. The man's throat was cut apparently with a butcher knife. The woman head was lacerated, with what is believed to have been a hatch which was found by the police on the kitchen floor.

**DETROIT TO BAN BOYS AND GIRLS BOOZE PARTIES**

By W. R. STOKLEY,  
International News Service Staff Correspondent

Detroit, Jan. 17.—"Pitiless publicity" will be resorted to by Sheriff George A. Walters to stamp out wild drinking "parties" staged by boys and girls of high school age at roadhouses near Detroit. "Fatherly advice" having been met with a toss of a pretty bobbed head or a sardonic grin the sheriff announces that all persons caught in liquor raids will be subpoenaed to testify against proprietors of such places, where, he charges, shocking conditions exist. Parents of "youngsters" will also be notified of their children's actions, the sheriff asserts.

"One of the worst features of the roadhouse selling is that the young people flock there as much if not more than older people," says the sheriff. "This vicious practice must stop. We are going to take the names of every one found in the places we raid, and where the persons seen young we

are going to notify their parents. We shall not publish the names, but we will subpoena the guests to appear in court against the roadhouse keepers," the sheriff declares. "This would make the names public."

**Mostly Young People.**

"I am impressed by the youthfulness of the crowds we find at these places," says Walters. "At one roadhouse boys and girls of high school and college age, perhaps 200 of them sat at tables. Liquor was being poured, with no more attempt at privacy than if there was no law against it. So open was the violation that we seized 29 glasses of whiskey ready to be served before it could be thrown away."

"Young girls, startled by the raid, rose unsteadily to their feet, staggering around plainly intoxicated."

"One of the worst features of the whole thing is the way these kids increase the traffic accident toll. These boys drive their cars home while drunk and commit all sorts of reckless acts in that condition. It is a thing that must stop."

"Many girls found in another place were hardly 18 years of age, and one girl, who seemed about 17, was dining and drinking with a man at least 30. In the past we have let them off with a warning and a 'fatherly' talking to."

**'Advice' Spurned.**

"I told them they ought to be

ashamed to be in such places, but experience has convinced me 'advice' has no effect so their parents will hear about it."

"I don't know whether any of the girls were attending high school, but they all seemed of an age, and that would indicate they were not beyond high school."

In many cases the children come from families residing in the select north end residential sections, according to Walters.

I WANTED to see "THE OLD HOMESTEAD" because Theodore Roberts is in it and because I had read so much about the cyclonic storm. Well! I wasn't a bit disappointed. ## GREENVILLE HUNTING PARTY HAS MIRACULOUS ESCAPE

(Contributed to The Reflector.)

Early yesterday morning a hunting party composed of G. A. Justice, Major Mills, Luke Mills, Ed Bright, Mr. Braxton and a barbers' supplies salesman who went under the Moniker of Mr. Mahone, of Richmond, Va., left this city for Blount's Creek to spend the day. The hunt started at five thirty a. m. with the aforesaid parties hunting cigarettes on Eyans street. Their quarry was finally located in the Proctor Hotel News Stand at 6:15 with the able assistance of Mr. Johnson, night clerk at Hotel Proctor. The party then proceeded towards Blount's Creek amid a unison of dismal howls from the multitude of hounds. The hunting grounds were reached at about 8:35 a. m. and the party immediately proceeded to get down to business. Someone in the party insisted that a campfire be started and since here was lots of time, insisted on a shave. What could be more neutral under the circumstances since the proprietor of the barber shop led the hunt.

While one of the party was shaving a shout was suddenly heard and a unison of barks and growls from the hounds. The man, who was shav-
