PITT COUNTY FAIR

WILL BE HELD HERE NOVEMBER 6, 7, 8, 9

"LISTEN TO ME"

PLEASED THE LOCAL PEOPLE LAST NIGHT

Many Fairs and Attractions Represented at Yesterday's Meeting Held Here

The Pitt County Fair will be held this year from November 6th to 9th inclusive according to the ruling of the meeting held on yesterday in this city.

The meeting was presided over by the hosts, Mr. W. H. Dail who made a short address of welcome and following the meal short talks were made.

Every character taking part deserved their part of praise but those deserving special mention, were Miss Bettie Dawn Martin, who played opposite Ross Robertson, who took the part of Mr. J. Lucifer.

Those present at the luncheon were as follows: Tom Cannon, race starter, of Durham; Cy Becker, racer, of Wilson; R. J. Grantham, secretary of Wilson County Fair; A. E. Leatherman, secretary of the Union Trotting Association, New York; W. T. Kizer, secretary Kinston Fair Association; R. M. Jackson, secretary of Fayetteville fair; E. V. Walborn, of the State fair association; L. S. Hadley, president of Wilson county fair association; Frank West, representing West's Shows; F. L. Ryno, fireworks, Schenectady, N. Y.; Bob Klein, Charleston, W. Va.; Fred R. Hancock, programmer, Courtland, N. Y.; F. W. Arrowsmith, secretary of the Hillsboro fair; W. H. Gocher, secretary, National Trotting association, Hartford, Conn.; Walter Moore, secretary, Union Trotting association, New York; R. E. Biggs, Baltimore; W. S. Moye, Rocky Mount; W. M. Bott, secretary Norfolk fair; Walter Stanton, the "Giant Rooster"; Norman Chambliss, Rocky Mount; J. V. Lyles, Tarboro; John P. Flanagan, representing Austin C. Wilson's Auto Racers, of Youngstown, Ohio; R. A. Jozelyn, representing Greater Shesley Shows; W. H. Dail, R. L. Smith and S. T. White of this city.

Considered One of Best Musical Comedies Seen in Greenville This Season

"Listen to Me," the musical extravaganza which was presented in this city last night, in White's Theatre, was witnessed by a very appreciative audience.

The show was presented in a most attractive and unusual manner. First J. Lucifer Devil was seen on top of the Times Building in New York, overlooking the city and he calls upon the six temptations of man, Wine, Women, Song, Cards, Tobacco and Racing.

Almost in a second, the scene was shifted to Satan's palace in Hades, then to the North Pole and the last act was Candy Land. The scenic effects were beautiful and the costumes were as pretty as ever seen on the local stage.

Every character taking part deserved their part of praise but those deserving special mention, were Miss Bettie Dawn Martin, who played opposite Ross Robertson, who took the part of Mr. J. Lucifer.

The play was brought to a close with the finishing scene being Cupid's post office. Here all love affairs were properly straightened out, and the curtain fell on "Listen to Me," after it had afforded a most enjoyable evening.

BLAIR AND PACE SPEAK TO FARMERS ON BETTER SOILS

Splendid Meetings Held at Bethel and Stokes Were Largely Attended

Meetings were held yesterday in Bethel and Stokes, where E. C. Blair, assistant agronomist and W. B. Pace, county agent talked to more than a score of farmers at each place on the subject of better soils and diversification.

Mr. Blair told them that the soil was the most important factor in farming. He said: "You may farm without cotton, you may farm without tobacco, you could farm without corn, you could farm without cows or hogs or chickens, or even without horses in this day and time, but no man can farm without soil."

Washington, Feb. 14. — Attorney General Daugherty is confined to his apartment seriously ill and seeing no one. He is transacting no business and is under the care of Dr. Sawyer, according to word to his friends.

St. Valentine's Day

MRS. MCADAMS DELIVERS THE BEST SERMON REVIVAL

Spoke Most Interestingly on the Gospel Preacher and the Modern Preacher

The best service during the revival was held last night. The Bible text "Having a form of godliness, but denying the power thereof." We want to notice, what the Bible says about the gospel preacher and what the world says of the modern preacher.

Anna Case, the noted Soprano Singer, will appear at Wilson during the Eastern Carolina Exposition on Monday, March 19th. According to information received from N. G. Bartlett, secretary and manager, of Goldsboro a great deal of interest centers about this event.

PRESS COMMENTS SHOW CHARACTER OF GREAT SINGER

Anna Case Will Appear in Wilson During the Eastern Carolina Exposition

Anna Case, the noted Soprano Singer, will appear at Wilson during the Eastern Carolina Exposition on Monday, March 19th.

The following press comments show the character of the singer: "Anna Case has established claims for possessing a voice of great beauty, excellent technical skill and a finished style."

"One of the most luscious natural voices now to be heard in the world of song." —New York Tribune.

Several have already expressed themselves as to taking advantage of this unusual opportunity. It is now thought that Greenville and other Pitt county towns will avail themselves of the chance of hearing so noted a Soprano singer as Miss Case.

FRANCE MAY BLOCKADE GERMAN COAST IN ORDER TO ENFORCE OBEDIENCE

Berlin, Feb. 14.—France may blockade the German coast to enforce obedience in the Rhineland and Ruhr according to persistent reports.

FRENCH DESTROYER IS SUNK BY TURKS

London, Feb. 14.—A French destroyer is reported to have been sunk by gun-fire from the Turkish forts at Smyrna according to a dispatch from Constantinople to the Daily News this afternoon.

The Turkish government at Ankara has reaffirmed its decision to close the ports of Smyrna and Limid and renewed their demand that the foreign warships leave immediately.

CLEVELAND WATERS IS KILLED BY SAM STOCKS NEAR HUGO

Rich Farmer Shows Down Greene County Man on Farm Near Lenoir County Line

Kinston, Feb. 14.—Sam Stocks, 41, was lodged in jail here this morning in spite of the fact that he denied to a representative of this paper, Deputy Sheriff Conway and others that he killed Cleveland Waters.

Following the killing of Waters, Stocks talked to Johnnie Waters, brother of the dead man in the house. To the latter's question, "What were you shooting at just now?" Stocks replied, "Just for fun."

When seen this morning at 1:30 here he was still drunk and, although he talked, apparently did not have much sense. He didn't seem to realize the enormity of the crime he was charged with and pleaded his innocence.

Both Waters and Stocks had five or six young children. Stocks just finished a road sentence in December for making liquor.

Shotgun was used, the wound gone.

ONLY TWO CASES GIVEN HEARING IN CITY COURT TODAY

Both Cases, Result of Assault, Were Quickly Disposed of This Morning

Only two cases were tried before Mayor Clark in this morning's session of court.

The first case was that of Vernon Webb, colored boy, for assault on another negro Norman Spell. The defendant was found not guilty.

The other case heard was that of Morton Mills and David Johnson for mutual assault which was continued from Monday's session. Though Mills did not appear in court today the evidence gained from the witnesses was to the effect that it was Mills who agitated the row and the mayor placed a fine of \$40 and half the costs on Mills and \$10 and half the costs upon Johnson.

RECESS IS BEING CONSIDERED WHILE AUDITORS WORK

Promised Report of Treasury Investigating Committee is Deferred Until Tonight

Raleigh, Feb. 14.—With only 18 days remaining in the legal allotment of sixty, the General Assembly, faced by uncertainty as to the condition of the State's finances and the likelihood that a report of the investigating committee will be delayed pending full audit of the books of the State Treasury, is squarely faced with the question of a recess.

After an entire day spent in executive session with the chairman and several members dispensing with both lunch and dinner, the special committee now investigating the condition of the Treasury last night emerged with the statement that it had no report of any kind to make, but that a report of some nature will probably be forthcoming tonight.

The generally accepted impression is that the committee has reached the conclusion that no accurate report of the condition of the Treasury can be reached pending a complete audit of the Treasurer's books which will require two weeks or longer has put the General Assembly squarely up against the proposition of whether it shall recess pending the audit.

The General Assembly is practically a unit against a recess if it can possibly be avoided but it had been generally understood that the revenue and appropriation bills would await the report of the committee and a number of members are inclined to accept any recommendation the committee may see fit to make.

It was generally accepted yesterday afternoon by those on the "inside" that the committee would recommend a recess of the General Assembly until April 17, and members of the committee were quoted confidentially as authority for this.

SAYS WATT DANIEL AND T. F. RICHARD ARE STILL ALIVE

Dr. Burger Declares That Victims of Ku Klux Klan Are Alive and in New Orleans

Idaho Falls, Idaho, Feb. 13.—The two bodies found in Lake LaFourche near Bastrop, Louisiana, were placed there by medical students from a New Orleans college and were not those of Watt Daniel and T. F. Richard, as claimed, according to Dr. Lew Burger, of New York, who was spokesman at an open meeting of the local chapter of the Ku Klux Klan here last night.

Declaration that Daniel and Richard, whose supposed bodies were removed from the lake, are alive and at the present time are in New Orleans, was made by Dr. Burger. "Daniel and Richard are alive and well at New Orleans, where they are under daily observation by the Klan members," Dr. Burger said. He was introduced as "Official spokesman of the Invisible Empire, Knights of the Ku Klux Klan."

SCOTLAND NECK TO PLAY LOCAL QUINT HERE FRIDAY NIGHT

First Game of Elimination Series for the Championship of Eastern North Carolina

Mr. H. H. Duncan returned this morning from Raleigh where he attended last night in the capital city a meeting of basket ball coaches of the State, which was in session until after the midnight hour for the purpose of arranging the schedule for the championship elimination series which begins Friday night of this week.

Thirty-nine high school teams of Eastern North Carolina are divided into seven groups according to their records for the past season. Greenville has been placed in group one, and will play their first elimination game on Friday night on the local court with Scotland Neck. Should the locals win this game, which in all probability they will do, then either Bethaven or Elizabeth City will play here on Tuesday night of next week.

Greenville has made a good showing in past seasons during the championship elimination games, but unfortunately have failed to reach the coveted goal as victors of the eastern part of the State. This year they have an equal opportunity as with previous seasons to capture the honors and with a plenty of action of which they are capable of injecting into the game, Greenville should win in the final.

The teams are grouped as follows: Group One—Bethaven vs. Elizabeth City at Bethaven February 16; Washington vs. Aurora at Washington February 16; Rich Square vs. Abolite at Roanoke Rapids; Greenville vs. Scotland Neck at Greenville.

Group Two—Chapel Hill vs. Oxford at Chapel Hill February 16; Henderson vs. Stovall at Henderson February 16; Sanford vs. Dunn at Sanford; Fayetteville vs. Parkton at Fayetteville February 16.

Group Three—Trenton vs. Oriental at New Bern February 17; New Bern vs. Vanceboro at New Bern February 16; Doves vs. Jacksonville at Jacksonville February 16; Arapahoe vs. Stonewall at Stonewall February 16.

Group Four—Durham vs. Ellerbe at Chapel Hill February 21.

Group Five—Norlina vs. Rocky Mount at Rocky Mount February 16; Roanoke Rapids vs. Red Oak at Roanoke Rapids February 16.

Group Six—Wilson vs. Benson at Wilson February 17; Raleigh vs. Lucama at Raleigh February 17.

Group Seven—Smithfield vs. Pikeville at Smithfield February 18; Wilmington vs. Lumberton at Wilmington February 17; Fremont (bye)

**ROTARY AND HOSPITAL.**

The steps taken by the Rotary Club as regards a hospital are very commendable indeed and they cannot be given too much praise for their efforts in trying to establish a hospital—a thing which Pitt County needs and must have if it is to make the progress which it is destined to make. No matter how progressive a community may be, and how bright the future outlook, it can never reach the top round of success until its people realize and erect a hospital. Pitt County has been going forward by leaps and bounds. Organizations,

accord to none in the state, are to be found here and Rotary is one of them. Our Rotary Club is composed of men who have broad visions and are endeavoring to see that Greenville occupies an enviable niche in its educational, industrial and health activities. As to the first two, we already occupy the niche, but the third is still lacking and will be until the hospital movement becomes real and ceases to be a dream. With Rotary behind it, it is a settled fact that we will soon see the dream realized in a large, fully equipped hospital.

**HOW CAROLINA RANKS**

North Carolina is attracting more attention throughout the nation than any other southern state. Few states are more in the limelight today than in the Tar Heel state. Newspapers everywhere are calling her the Empire state of the southeastern third of the United States. Like New York, the Empire State of the Union, North Carolina is a great agricultural state. Like New York she is a great manufacturing state. In almost every particular she is the leading manufacturing state of the south. Like New York she possesses an enormous amount of water power, both developed and undeveloped. In many respects she is more favored than the Empire state. In the variety of her soils and seasons, in the mildness of her climate, in the homogeneity of her population and the varied beauty of her landscape

North Carolina stands almost alone. The writer recently had occasion to take a three thousand mile trip, and everywhere, on the Pullman cars, in the hotels, at meetings of various national bodies, he heard the state of North Carolina discussed. The state has received an enormous amount of advertising from various sources. It is likely that our vast expenditures on good roads and schools have given us enough favorable publicity to repay the cost. One southern paper stated that North Carolina had spent fifty-five million dollars on roads and gotten seventy-five million dollars' worth of national publicity. Twenty years ago a Tar Heel went away from home and kept the state of his nativity a secret. Today he is proud of his homeland, and people who meet him are anxious to hear about the marvelous achievements of the southern giant that has awakened to his vast powers, has taken stock of himself and has decided to develop to full maturity his wonderful possibilities. Mr. Seavey in the New York Times says: If ever a commonwealth went head over heels, in wholesale and retail, latitudinally and longitudinally, to boom and develop itself, that commonwealth is the Old North State. It is impossible even to outline in one article half of what there is to say about this state.—University News Letter.

Prof. R. G. Fitzgerald spent yesterday in Raleigh.

**PATIENT CIRCLE KING'S DAUGHTERS HELD INTERESTING MEETING LAST NIGHT**

The Patient Circle of the King's Daughters held its usual monthly meeting last evening with Mrs. E. L. Baker. Seventeen members were present and much interest was manifested. After a short devotional period the business session was entered into. Many matters of vital interest were taken up and disposed of. At the conclusion of the meeting the hostess served hot chocolate and wafers.

**MRS. LEHUE ILL**

The friends of Mrs. B. M. Lehue will regret that she is confined to her home with influenza and hope for her a speedy recovery.

**YOUNG LADIES CLASS ENTERTAINS YOUNG MEN WITH VALENTINE PARTY**

The Loyal Daughters Class of the Christian church was hostess, on Monday evening, Feb. 12th at one of the most interesting and attractive parties of the Valentine season. The party, complimentary to the young men's class, was given at the home of Misses Wilda and Miriam Shamhart.

The spacious living room and dining room were decorated with hearts and cupid's showers of tiny hearts fell from each chandelier and across all the doorways. Trays of delicious home made candies were placed

on the tables and other accessible places.

As the guests arrived they were met at the door by Mrs. J. H. B. Moore, teacher of the class, and Mrs. Shamhart. Each one was tagged with a slip of paper on which they wrote the name they were to be called for the evening. They were then shown to a table and asked to guess the number of pieces of candy in a small candy jar. The lucky guesser was Mrs. L. W. Gaylord. Among the number of Valentine games played the one creating the most merriment was that of making valentines for their partners. Both the young ladies and young men were allowed twenty minutes for this and many unique creations were made. Some of the old time poetry came into use. Broken hearts were given to each one and they were called upon to mend their hearts. Partners were thus formed and delicious refresh-

ments were served. Misses Maude Johnston and Miriam Shamhart, as the Queen and Maid of hearts, entertained the guests with a Swedish folk dance accompanied on the piano by Miss Annie May Edwards as Madame Paderewski. About fifty young people enjoyed the pleasure of the evening.

President R. H. Wright, of East Carolina Teachers College, spent yesterday in Raleigh on business.

**MRS. McADAMS DELIVER THE BEST SERMON REVIVAL**

(Continued from page 1) would drop their books and lose the tune. May be they would faint like a woman did once where I was preaching. A shout was heard in the camp and she fell over and they had to work with her and get her straight

again. A few days later she was converted. The subject will be continued in tomorrow's paper. The call was made and the altar filled with souls. The 10 o'clock Thursday morning prayer meetings will be held with W. H. Allen, 818 Dickinson Avenue, Mrs. E. A. Moya, 611 Evans street and Mrs. Jacob Wilson 1112 Evans street.

## Unite To Save Future U. S. Citizens From Handicaps of Malnutrition and Ill Health

These four little United States citizens, ranging in age from babyhood to boyhood, illustrate graphically the indifferent nurture and care given to the great majority of our children.

America, the richest country on earth, today ranks last of the nations advanced enough to have statistics on maternal mortality, being sixteenth on the list. It ranks sixth in its infant mortality rate. Twenty thousand mothers and two hundred thousand babies, such as you see in this little boy's arms, died here in 1920. And of all the babies who survive birth, barely seventeen out of every hundred reach maturity in proper physical condition. Of twenty-two million school children in America now at least six million are suffering from serious malnutrition, and need medical attention, if they are not to grow up seriously handicapped.

It is to combat such a situation, to make America safe for its own future citizens, that the American Child Health Association has been formed. Herbert Hoover is its president, and it is a union of two great national organizations which have long been doing child health work in America. They are the Child Hygiene Association, whose president is Dr. L. Emmett Holt, and the American Child Hygiene Association which for thirteen years has been fighting for better conditions for mother and child under the presidency of such national figures as Dr. Samuel McClintock Hamill, of Philadelphia; Dr. Philip Van Ingen, of New York; Dr. Henry L. K. Shaw, of Albany, N. Y.; Dr. J. H. Mason Knox, Jr., of Baltimore; Mrs. Wm. Lowell Putnam, of Boston; Dr. S. Josephine Baker, of New York, and finally of Mr. Hoover himself. Its governing body will also include Dr. Livingston Farrand, President of

Cornell University, former chairman of the American Red Cross, and Dr. Thos. D. Wood, of Columbia University. Its ambition, briefly, is to give every American child a course for health beginning with the period preceding its birth and continuing until it reaches maturity.

Such a program is not possible without the cooperation of every interested individual and every active agency in the country. That is the American Child Health Association opens its doors to all. In Child Hygiene Association members into co-operation 22 affiliated organizations scattered throughout the United States and Canada. The aim will be to provide them and give such information and assistance as will help to spread the gospel of well children.

National headquarters are at 532 17th Street, Washington D. C. The treasurer is Dr. Corcoran Thom.

## IRISH FARMERS IN KU KLUX SOCIETY

By DANIEL O'CONNELL,  
International News Service Staff  
Correspondent.  
Dublin, Feb.—The Ku Klux Klan has arrived in Ireland, according to C. F. Ridgeway, organizer of the Irish Transport and General Workers' Union, the largest trade union in Ireland.

"All the farmers are now in dispute with their men," Ridgeway said, "and they have formed themselves into a flying column, even intimidating other farmers to force them to join the organization, lock out the farm hands and compel them to take a reduction in wages."

"In one case that I know of the Ku Klux Klan farmers imposed a fine of \$45 upon a farmer who refused to discharge his laborers. The marauders searched the farmer's home and, when he tendered a check in payment of the fine, refused to take it, demanding money."

"Since the Ku Klux Klan has been formed fires have been frequent

among the farmers' buildings, and the workers are being blamed for the work of the marauders."

### HORSE EXCELLED MULE IN ARMY, SAYS VETERINARY; MULE FLEES WAR PERILS

Boston, Feb.—The horse beats the mule in modern warfare. This was the declaration of Major A. E. Donovan, veterinary surgeon of the First Corps Area, who has lately been testing the endurance of the horse over the mule in certain critical situations.

"A mule runs away in warfare," Major Donovan said, "but a horse can be depended upon."

## Cheerful Spring Suits

### Child Health Experts Unite Forces Under Hoover To Give Youth of America Better Chance

DR. L. EMMETT HOLT DR. PHILIP VAN INGEN

For many years Dr. L. Emmett Holt and Dr. Philip Van Ingen have been active through the Child Health Organization of America and the American Child Hygiene Association, respectively, in grappling with different phases of child health work. The time has now come when they are convinced that a union of forces is desirable in the interest of efficiency and economy of time, effort and money. Therefore they and their co-directors have unanimously voted to merge activities under the presidency of Herbert Hoover in the American Child Health Association.

An awakened public interest in maternity and child health is at last making possible the practical application on a large scale of the popular education in health done by Dr. Holt, Dr. Van Ingen and such other national figures as Dr. Wm. Palmer Lucas, of California; Dr. Borden S. Vender, of St. Louis; Dr. Clifford S. Grulee, of Chicago, and Dr. L. T. Royster, of Norfolk, Va.

The American Child Health Association will seek to guide this awakened interest. It will seek to see that the great activity in maternal and child health work throughout America is directed in the best manner by scientifically trained men and women; that the latest and best experience in this work is collected, codified and placed in the most practicable form at the disposal of the health workers; and the mother in the home. It will cover the whole period of child life, ensuring that the mother has care at

time of pregnancy and protection at time of birth; that parents may be helped to give the child throughout its life proper food and proper living conditions. It aims to secure regular medical examinations for the prevention of illness and physical defects, and also the correction of such defects, where they exist. Finally it will aim to have health taught in every school, not as a dead anatomical subject, but as a living, vital and interesting game.

To bring about the attainment of these objects, the American Child Health Association will act as a clearinghouse of information on all child-health activities, and also as a broadcasting station of the best technical information. It will maintain a practical field service composed of experts who will be ready to help solve local problems in any community.

National headquarters for the American Child Health Association are at 532 17th Street, Washington, D. C. The treasurer is Mr. Corcoran Thom, and among the professional men who will compose its advisory bodies are such other distinguished figures as Dr. Livingston Farrand, President of Cornell University, former Chairman of the American Red Cross; Dr. Thos. D. Wood, of Columbia University; Dr. J. H. Mason Knox, Jr., of Baltimore; Dr. Samuel McClintock Hamill, of Philadelphia; Dr. Wm. H. Welch, of Baltimore; Dr. Henry L. K. Shaw, of Albany, and Dr. C. E. A. Winslow, of New Haven.

**BLAIR AND PACE SPEAKS TO FARMERS ON BETTER SOILS**

(Continued from page 1)  
ing as large as one's fist and right under the heart on the left side. Clothing was wadded into the wound. Death was so sudden that Waters' body lay almost under the porch of the house, where he was shot. The body lay there till Mr. Wood came for it about 11 o'clock.

Sam Stocks, white farmer, who it crop of this kind every two years. He had figures to show where crimson clover was turned under on a farm in Jones county, it increased the yield of corn 15 bushels per acre the first year, and a great deal of the fertility was left in the soil for succeeding crops. He said a good crop of clover or vetch, cowpeas soy beans or velvet beans, turned into the soil was worth more than a ton of high grade fertilizer per acre.

He gave some results of fertilizer tests at Edgcombe test farm for cotton and corn. In both instances, over a period of ten years these tests showed that Potash seemed to be very deficient in the soils. He said that acid phosphate should be increased under cotton to hasten maturity, since earliness counts so much under boll weevil conditions.

Mr. Pace talked on the subject of permanent pastures, curb market and the anti-rat campaign which is to be vigorously waged in all parts of Pitt county during the week of March 5th to 10th. This anti-rat campaign is put on under the auspices of the Pitt county chapter of the American

**Frequent Headaches**

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. I heard of

**Theford's BLACK-DRAUGHT**

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, helps to drive many poisons out of your system. Biliouness, indigestion, headache, and similar troubles are often relieved in this way.

Try Black-Draught.

EX 91

Red Cross with Miss Louisa Hubbard and W. L. Hall in charge. At both places the people endorsed such a move 100 per cent and assured of their hearty support.

Meetings will be held today in Arthur and Grifton, Thursday in Grimesland and Ayden, and Friday in Fountain and Farmville.

### WARBLERS SING ON STREETS OF PARIS

By ALICE LANGELIER,  
International News Service Staff  
Correspondent.

Paris, Feb.—"The Warblers" are beginning their twenty-second year of singing in Paris.

These warblers are not song-birds, but song-women and young girls who prefer the airs of Dupont and Bersanger to "Mon Homme" and "J'en ai Marre," as sung by Mistinguett.

In 1904 there were about 120 of these songsters in the capital. Ten years later, in 1914, there were more than 400. Even during war days, under the menace of Gothas and Big Berthas, the "Fauvettes" kept on singing with hearts not always gay.

Working-women, most of them, with a natural French feeling for what is beautiful and in good taste, they are not only sensitive to melody but to fine verses. They are particularly fond of Lamartine and the old tunes of long ago.

"Sentimental songs are the favorites," says Mme. Raymond Barbaud, the director. "The women naturally do not care much for patriotic airs."

For those who wish to learn Paris' latest tunes there are always the free lessons on the street corners at luncheon-hour. Crowds gather around two or three musicians and a singer who starts the air and urges the public to join in. One of them passes about a pile of copies, sold at a franc apiece. The butcher's boy stops his peddling and buys a copy. The old market-woman puts her basket down long enough to sing a verse, and the little midinettes have time to learn the whole song before 2 o'clock sends them back humming to their work-rooms in the Rue de la Paix.

### FORM ANTI-GIMMIE CLUB

St. Louis, Feb.—An Anti-Gimmie League, designed to stop tipping, borrowing cigarettes, prevent wives borrowing from neighbors and discourage young women from having escorts call taxicabs, applied for a pro forma decree of incorporation in the Circuit Court here.

### RE-SALE OF LAND

By virtue of the power of sale contained in a certain mortgage executed and delivered by S. W. Erwin to John F. Crawford, on the 9th day of December, 1919, which mortgage was duly recorded in the office of the register of deeds of Pitt county in Book M-13, page 21, the undersigned will sell at public auction before

the court-house in Greenville on Saturday, February 24th, 1923, at noon, the following described lots in the town of Arthur, Pitt county: Being lots Nos. 4 and 5 in subdivision No. 2 of the Norman land contained six acres, and being the same land that was conveyed to John B. Crawford by L. C. Arthur and C. T. Munford. References to which deed is hereby made for an accurate description.

This is a re-sale of said land. This February 6th, 1923.  
J. F. CRAWFORD,  
Mortgagee.  
F. G. James & Son, Attys.

### CLEVELAND WATERS IS KILLED BY SAM STOCKS NEAR HUGO

(Continued from page 1)

is reported here has been trafficking in liquor and who was investigated here by officials in connection with the lynching of Joe Black, negro, several years ago when the colored man was taken from the Lenoir county jail here by a mob, shot and killed instantly Cleveland Waters, a white resident of Greene county, last night about nine o'clock on Stocks' farm about 3 miles from Hookerton, according to word received here at the sheriff's office last night. Deputy Sheriff Thomas A. Conway and Coroner Eugene Wood immediately left for Hugo, at which point the murder took place, and at mid night. Word received at the sheriff's office was meagre.

It seems that the murder took place in the very edge of Lenoir county. What Waters was doing on Stocks' farm is unknown. Both men are well known here, Stocks being considered well off and a rather large landowner. Both men are about 40 years of age, it is understood.

The roads last night, between Hookerton and Grifton and in the Hugo section were reported very bad, probably delaying the return of the officers and coroner.

### NOTICE OF PARDON.

Notice is herewith given that Warren Bell, sentenced at the November term, 1921, Superior Court Pitt county to five years in the penitentiary for robbery of Railroad car, will apply to His Excellency, Governor Cameron Morrison on or before March 8th, 1923, for a pardon.

Those having any objection to the same, please let it be known to the Governor stating their reasons so that time for hearing the same can be had before the Governor.  
S. J. EVERETT,  
14 1f 8 Attorney for Warren Bell.

### THE New Edison Phonograph

"The Phonograph of a Soul"

Thomas A. Edison's favorite invention is the phonograph. He says the achievement of which he is the proudest is his perfection of the Edison Phonograph to a point where its reproduction of music cannot be detected from the original music. The reality of this achievement has been established beyond all doubt or question by public test before more than five million people.

An artist stands beside the New Edison and sings—or play. Suddenly and without warning, the artist ceases and the New Edison continues alone. The test is whether the audience, with eyes closed, can tell when the living artist has ceased to sing—or play.

For your protection, in considering phonographs, may we suggest that you make mental note of the following fact:

The New Edison is the only phonograph that has ever dared the test of direct comparison with living artists.

We have four different styles in stock—Come in and select your choice.
