## HARDING DELIVERS KEYNOTE ADDRESS FOR ROTARIANS

Speak on Individual Citizen's Responsibility for Administration of the Laws

Washington, D. C., Feb. 18.—That citizen who regards himself as a model of civic propriety because his present conduct is impeccable; but who does not co-operate with the civil authorities or exert his influence in behalf of the best possible administration of the laws, greatly overrates his usefulness as a citizen.

President Harding today thus summed up his idea of the responsibility of the individual citizen for the proper administration of the laws of his country and his city in a message addressed to the citizens of the United States through Rotary International, in connection with the eighteenth anniversary of the organization of the first Rotary Club.

Throughout the world the coming week Rotary International is broadcasting by radio and through speeches in schools, industrial plants, in civic societies and clubs, message on the obligations and responsibilities of the individual citizen from the heads of the various branches of government in twenty-seven countries. There are approximately fourteen hundred Rotary Clubs scattered over every continent with a total membership of more than 90,000. Practically every Rotarian will be engaged in this citizenship campaign during the course of the next week.

In the United States the messages that are being sent out include the one from President Harding on the individual citizen's responsibility for administration of the laws, Speaker Frederick Gillett of the House of Representatives on the citizen's responsibility for legislation and Attorney General Daugherty on the citizen's responsibility for the operation of the courts.

The full text of President Harding's message follows:  
The White House,  
Washington, D. C.

To the members, Rotary International: The individual citizen's responsibility for executive government begins with the selection of the executive. This implies the duty of every voter to vote; a duty that many millions of them regularly fail to perform. Before that, it implies the duty to vote intelligently, to make the vote represent a deliberate decision based on the claims of the opposing parties and candidates.

Finally, the executive being duly selected, it implies the obligation to give him the support of all good citizens in every effort of administration of the law. That citizen who regards himself as a model of the civic propriety, because his present conduct is impeccable; but who does not co-operate with the civil authorities or

## MRS. R. R. COTTON SUBMITS A NEW FEDERATION SONG

Prize Being Offered for Person Sending Most Fitting Music to Words of New Song

Mrs. Sallie Southall Cotten, of this county, honorary president of the State Federation of Woman's Clubs, has composed the club woman's hymn and all club women will be greatly interested in the inspiring words of the hymn.

A prize is being offered to the one sending in the most fitting music to the words of the new song. All North Carolina musicians may compete, whether they are members of a federated club or not.

Mrs. Kennichell, chairman of the music of the North Carolina Federated Clubs, is very anxious to have good music popular. Splendid work along this line is being done in many of the clubs.

It is hoped that many musicians of the state will enter the contest and send in music fitting to the federation song which is as follows:

The Clubwoman's Hymn.  
With joy we meet, each friend to greet,  
From mountain and from sea;  
Hand clasped in hand, as one we stand  
In faith and loyalty.

We love our work, no task we shirk,  
We serve where needs are found;  
A good deed done, is for each one,  
To make more joy abound.

Afire with zeal, we seek the weal,  
Of nation, state, and home;  
That all may share in our welfare,  
And none be forced to roam.  
Always we seek, to lift the weak,  
To help the strong grow wise;  
To fill our hearts with love and peace,  
That we, with them, may rise.

Let Carolina womanhood  
Arise in all its might;  
With purpose strong, to right the wrong,  
And make earth's pathways bright,  
God guide us in our work and play,  
God keep us brave and true;  
Our efforts bless, and bring success,  
To all we strive to do.

—Sallie Southall Cotten.

Any one desiring any information concerning the contest can write to Mrs. A. S. Kennichell, Winston-Salem. She will be glad to answer all questions. All manuscript must be in by March 15th.

Attorney L. E. Basset, of Rocky Mount, is here today on legal business.

## FIVE DIVORCES ARE GRANTED IN TODAY'S SESSION CIVIL COURT

Local Firm Suit Against Boyd, Higgins and Goforth, Consumes Most of Session

The regular February term of Pitt county Superior court, for the trial of civil cases convened in this city this morning with Judge Henry A. Grady presiding. The earlier part of the morning was taken up with the granting of divorces to five colored couples, while the remainder of the day was consumed with the suit of Porter and Peck against Boyd, Higgins and Goforth. The suit is a result of the failure of the defendants to pay plaintiffs rent for machinery which was furnished them by the plaintiffs. The case is probably the hardest fought of any that will come up during this term and it is probable that it will not go to the jury before some time during tomorrow.

Another important case on the calendar for this term is that of C. L. Tripp vs. Thad Little which is a suit over a division of land. It is thought this case will take up at least two days and will be hard fought.

The divorces granted today were John Floyd vs. Carrie Floyd; Susie Jenkins vs. John Jenkins; George Williams vs. Fannie Williams; Mamie Moore vs. Mack Moore and Addie Tyson vs. Paul Tyson.

## BELHAVEN QUINT TO MEET LOCAL HIGHS HERE ON TOMORROW

The First of Championship Games Will be Played on Local Court Tuesday Night

The first basket ball game in the championship series in which the Greenville High School quint is to take an "active" part, is the contest tomorrow night on the local court with Belhaven as their opponents.

The visitors by defeating Elizabeth City on Friday night of last week have gone on third of the way in the group championship, and Scotland Neck forfeiting their game of last week to Greenville gives the locals an equal standing. Belhaven has for several seasons sent out one of the strongest basket ball quints of this part of the state, and from all reports the team this year is as strong if not stronger than for many years. This of course means a real battle for tomorrow night.

Coach Duncan feels very optimistic as to the outcome of this game, because of the fact that he has confidence in the members of the local five to win if such a thing is possible. Each time this year when they entered a contest with the same pep and determination they possessed ordinarily at the closing, they have come out winners, and with the same kind of "stuff" at the beginning of tomorrow night's struggle we predict victory for Greenville.

If the local people will support their team with their presence during the championship series, we have an exceptionally fine chance for the honors of supremacy among the East Carolina teams.

In the event that Greenville are winners tomorrow night, then Washington will play here on Friday night.

## HALF OF NATIONAL WAR DEBT TO BE RETIRED OR REFUNDED WITHIN NEXT FIVE YEARS

Washington, Feb. 19.—Half of the national war debt, about \$2,000,000,000, it is predicted by treasury officials will be either retired or refunded within five years. The treasury program for handling the hord dated public obligations maturing to the amount of \$9,500,000,000 calls for gradual orderly retirement of liquidation. It is pointed out that the dates of maturity notes and of bonds maturing within five years fall due on dates for income tax payments.

## SIX CASES ARE GIVEN HEARING IN CITY COURT TODAY

Mayor Calls Attention to the Traffic Regulations in Order to Avoid Accidents

This morning's session of police court consisted of the hearing of six cases, all of a minor nature and which required only a short time for their disposal.

The cases were: Robert Elliott, white, charged with being drunk and committing acts of disorderly conduct to wit, cutting on the streets. Fined \$10.00 and the cost.

Albion Dunn, R. E. Harris, white, charged with mutually assaulting each other with their hands in the county court house. Both defendant's plead guilty and were fined \$10.00 a piece and one half the cost each. It seems that this affray grew out of some heated words between the participants following the trial of a case in magistrate court. Mr. Harris made some remark that offended Mr. Dunn and both entered into hostilities willingly, with Mr. Dunn striking the first blow.

Richard Harris, white, charged with assaulting Albion Dunn with a deadly weapon, to wit, a knife. The evidence disclosed that during the time the participants of the affray were locked in combat, Richard Harris, father of R. E. Harris, drew a large pocket knife and with same drawn back in a striking attitude was advancing on Mr. Dunn when intercepted by Mr. J. B. James, who was playing the part of the peaceful intervener. Mr. Richard Harris was bound over to county court for assault with deadly weapon, to be tried on March, 5th.

Charlie Wilson, colored, charged with driving insufficiently lighted auto. Allowed to pay the cost.

Carey Harris, colored, charged with driving insufficiently lighted auto. Allowed to pay the cost.

Ben Little, Aris Joyner, colored, charged with operating cafe in an unsanitary condition. Fined \$10.00 and cost and warned by the Mayor that if there was a second offense of this sort, their license to operate a cafe would be revoked.

### The Mayor Says Did You Know:

That in automobile driving the person on your right in approaching street intersections has the right of way, and that the law makes it your duty upon observing a car approaching from the right, to stop and let it pass, but this does not relieve the approaches from the right at an intersection he has right of way and you are in fault if you do not stop.

This is not a new law or ordinance but appears to be one with which the public is not well acquainted, therefore, this bit of information is given in the interest of better driving and less accidents.

## STEPHEN KELLIHER SHOT AND KILLED IN FIGHT IN CAFE

Chicago, Feb. 19.—Society slummers were frightened as they witnessed the killing of Stephen Kelliher, labor leader, in Al Tearney's cafe. Kelliher was shot dead after he fired at Daniel McCarthy, business agent for the plumbers union. The police believe the outbreak to be another of Chicago's labor wars.

## INMATES OF INSANE ASYLUM TERRIFIED BY GREAT EXPLOSION

Twenty-Two Maniacs and Three Attendants Burned to Death in Fierce Fire

New York, Feb. 19.—A bitter controversy is raging between Asylum officials and city officials in New York over responsibility for fire where twenty-five lives were lost on Ward Island. The city apparatus was unable to get to the fire over the ferry.

New York, Feb. 18.—A terrific blast, set by dredgers in Hell Gate last night rocked the buildings of the Manhattan State hospital for the insane on Ward's Island in the East river and set the 6,338 inmates covering and wailing with a sense of impending doom.

Attendants calmed them and got them to bed, but before morning the doom fantasied by the disordered brains had come true, for 22 of the maddest. They had been burned to death in a fierce fire that swept the west wing of the main building. Three heroic attendants died with them; striving to the last to rescue them.

Hospital authorities and City Medical Examiner Norris, who rushed to the scene, said that in all probability, the blast had been the immediate cause of the fire. According to their theory, it caused a break in the insulation of electric wires in the building. A short circuit, they think, did the rest.

The fire was discovered at 5:05 o'clock by Michael Campbell, an attendant.

## RAID YESTERDAY RESULTS IN ARREST ON LIQUOR CHARGE

Alf Tripp, White Man, Given Preliminary Hearing Before Magistrate This Morning

On yesterday morning, Alf Tripp, white man, residing about three miles from this city, near Red Oak vicinity, was arrested on the charge of receiving, possessing and having for the purpose of sale, intoxicating liquors. The arrest was the result of a raid made on his premises by deputies Whitehurst and Williams in which they found and confiscated three gallons of whiskey.

Following out a lead gained from information which had come to the attention on yesterday morning, deputies Whitehurst and Williams went to Tripp's place in search of the contraband. After a careful search of the premises three gallons were found in the smoke house and Tripp was immediately arrested and placed under a bond of \$250 for his appearance here this morning.

At the preliminary hearing this morning before Magistrate J. J. Harrington, the defendant waived examination and was bound over to county court under a bond of the same amount.

According to the officers a determined effort is being made to break up the liquor traffic in this section and this is the third arrest that has been made within a three quarter of a mile radius during the past three months.

AMERICAN AMBASSADOR QUILTS TOKIO

Charles B. Warren

Charles Beecher Warren, American Ambassador to Japan, is reported to have quit his post. Mr. Warren, who has just arrived in San Francisco, with Mrs. Warren and their four sons, declared that his work in Japan was completed and there was nothing left for him to do there. He went to Tokio in 1921, when Japan and the United States faced grave issues, and since all these have been amicably arranged Mr. Warren will resign and return to his home in Detroit. It is reported Secretary of the Navy Denby desires the post.

## MR. J. H. SMITH DIES AT HOME IN FALKLAND TODAY

Prominent Citizen Succumbs to Attack of Pneumonia; Will be Buried Tomorrow

Mr. J. H. Smith, aged 72 years, died at his home, in Falkland, this morning after a few days illness with pneumonia. The interment will take place tomorrow afternoon at 3 o'clock in the Presbyterian church yard in Falkland. The services will be conducted by Reverend C. A. Lawrence.

Mr. Smith was one of Pitt county's most prominent and influential citizens and farmers. For the past thirty years he has been mayor of his home town and also Justice of Peace for a long time. He was a member of the Presbyterian church and one of its most loyal and devoted members. He was a leader of his community and will be greatly missed by a host of friends who held him in the highest of esteem.

He is survived by three sons, Messrs. G. V. and O. H. Smith, of this city, and H. C. Smith, of Falkland, also one daughter, Mrs. Ada Marslender, of Falkland with whom he was residing at the time of his death.

## GERMANS BECOME MORE HOSTILE IN THE RUHR SECTION

Boycott by Stores and Restaurants in Essen Appears to be Losing Strength

Essen, Feb. 18.—The increased resistance of the German officials and a more hostile attitude generally by burgomasters and other municipal authorities throughout the Ruhr have been felt by the French during the past 24 hours.

On the other hand, the boycott by the stores and restaurants in Essen and elsewhere appears to be losing strength, apparently in consequence of the strong measures adopted by the French. On Saturday the French met the boycott in Essen by sending out two motor trucks in charge of officers with a detachment of men. These trucks started by making a round of the stores. At the first place entered a soldier tried to buy chocolate. The storekeepers refused to sell. An officer then had the proprietor arrested. The trucks moved on to two other places, where the same process was repeated.

These arrests were viewed by crowds of the townspeople and the news spread quickly. Consequently before the French expedition had proceeded much further the boycott seemed to have been suddenly called off, for stores resumed selling to the French.

The boycott in Recklinghausen also has been called off.

The French are beginning to reap a little harvest of German marks. Yesterday when troops entered Gelsenkirchen detachments occupied the Rathaus and railroad station, seizing a total of 110,000,000 paper marks, out of which sum the French paid the fine of 100,000,000 marks imposed upon the town by the French as a penalty for the recent wounding of two French gendarmes. In Trier the French seized the strike fund of 250,000,000 marks, supposedly sent by German government sources to aid the German railroad men who are refusing to work. This money will be applied to the expenses of the French and Belgians in the operation of the railroads in the Rhineland.

Two of the worst accidents since the French and Belgians undertook the operation of the railroads occurred early today. A locomotive at Dahlhausen crashed into a passenger coach carrying French civil railroad workers, killing two and injuring 11 of them. Three of those injured are in a serious condition. One Belgian railroad man was killed in a collision between Belgian and French trains at Crefeld.

The French authorities today denied a report of the Wolff Bureau, the semi-official German news agency, that the French troops fired on miners at the Prince Regent mine near Bochum. The French say the Germans locked out a guard of French troops sent to supervise the loading of coal cars. The French fired a few shots into the big wooden gates, which the Germans immediately opened.

## Last Chapter Grissom Tragedy at Greensboro

Greensboro, Feb. 18.—The last chapter of the Grissom tragedy was written here this afternoon, when Hyatt A. Grissom, grought back from Florida, after 27 days in the sluggish waters of Thomas Creek, 20 miles north of Jacksonville, was laid to rest in Green Hill cemetery here. The body was accompanied by his faithful friend and business associate, L. W. Jenkins, arrived late yesterday.

From the morning of January 19, when his automobile was found in the creek, where it had plunged off a road, bridgeless, a persistent search was made of the stream and the swamp on either side, lasting for 10 days, with a lavish use of dynamite, but the waters refused to disclose their secret until their own time, when on February 14 a farmer, making his semi-annual trip down Thomas Creek on a raft of logs found the body floating on the surface.

Mr. Grissom was on his way back to Greensboro from a short stay in Florida when he ran into the creek.

And still the wonder grows how one small head can carry all he knows—that is, how can the President carry all the foreign policy (if there is one) without letting the secret out of the bag.

Now one man wants to know when the European countries will have peace. It has always been said that one fool could ask more questions than three wise men could answer.

Pied Piper should have the encouragement of everybody when he comes to our country to lure the rats away. He will be a welcomed visitor and if given the proper support, rat tails will be in evidence everywhere.

The British funding debt passed the Senate by a vote of 70 to 13, with the amendment that Congress is to have its say in the settlement with all creditor nations. What more could they want than the last word? If it was like some people that would meet all requirements.

If people would observe the laws there would be less need of enforcement of the laws. The trouble, today, is that citizens violate laws, and then criticize the officers because they do that which is right by making them pay the penalty for their offense. Our officers will be exactly what we make them. No officer can be successful without the encouragement and support of the public.

THE AMERICAN TOBACCO CO.

France was too poor to even pay the interest on her war debt to the United States, she needed money so badly that she invaded the Ruhr to collect reparations—and then made Poland a big loan. Strange things do happen. No wonder official Washington was surprised.

Greenville, with its educational, religious, social and industrial advantages, still lacks two things—hospital and play ground. Both are now receiving the attention of the people as never before, and with Rotary and Kiwanis behind them, they are destined to soon be realities. A hospital is needed badly. Every man has a right to live and if he isn't financially able to leave his home county for treatment when he is ill, he sometimes dies for lack of medical attention. Every county owes to its citizens a hospital. A hospital isn't a losing proposition, financially, but a saving one. The value of a life can't be estimated in dollars and cents. Our future generation depends upon good health conditions.

A play ground develops children both physically and mentally. All work and no play makes Jack a dull boy and in order for him to grow into a strong, healthy man, he must have exercise. A play ground is just as essential as a school room, because one is dependent upon the other. Recreation is all important in keeping a child from becoming tired of his books and thus stopping school before he finishes. The Rotary and Kiwanis Clubs cannot be commended too highly for their interest in these two undertakings.

which will mean so much to our community.

### SUGGESTIONS TO SPEED ARTISTS

The following extracts from suggestions to the "World-In-Minute-Man" as offered by the American Tribune, Newark, Ohio, will be found very useful to those in this community who seem to think that our hard surfaced roads were built for speedways for a few rather than for the service of all: "Every user of an automobile on the roads should remember that while the taxpayer has gone his limit in roads for you the law does not provide an open season for auto drivers.

"All are equally entitled to the free and limited use of the roads, such as they are. Whether you pay any attention to the laws governing the speed of the machine or, not, remember that the other fellow doesn't want his es-

tate in the hands of an administrator. He may not be a trusting sort of a fellow and has probably neglected to make a will and lean out on a possible executor.

"If the driver of an auto will not remember and observe the speed determined by state laws and city ordinances let him be sure that he gives the half of the road—and the proper half of it—to the fellow who pursues the safe plan of going at a fair rate of speed. Though Licking county is in advance of her neighboring counties in road improvement, yet there are only a small percentage of the roads which are in such a shape as to invite and cultivate that mile-a-minute feeling. No matter how good or bad the roads are, when you meet another sufferer from bad roads and speed mania, give him the half, even let the half you give be twice as wide as the half you take for yourself. It will give

you a chance to tell the exact truth in municipal court.

"In few words, go slow, look where you are driving, give half—the larger half—of the road and save your money to buy gas rather than pay it to the municipality or a county justice of the peace."

Oxford, Feb. 17. — The palatial home of Mrs. Robert G. Lassiter was the scene of a lovely bridge-luncheon when she entertained last Saturday morning in honor of her house guest, Mrs. Lewis Skinner, of Greenville. The library, drawing room and dining room were attractively decorated with beautiful cut flowers, freestanding daisies and hyacinths being used as centerpiece on the dining table. In the game of bridge, the top score was made by Mrs. T. M. Evins, who received two lovely handkerchiefs. The honor guest was presented two handkerchiefs. An elegant four course luncheon was served after the game. The guests then repaired to the attractive sun parlor, where coffee was served. Mrs. Lassiter was a charming hostess and the guests were delighted to meet again in her home town Mrs. Skinner, who is pleasantly remembered as Miss Daisy Minor. The following guests were present: Mesdames S. H. Pritchard, J. C. Robard, A. M. Woodall, A. H. Powell, D. G. Brummitt, W. Z. Mitchell, T. G. Stem, L. C. Taylor, J. W. Horner, R. H. Lewis, Jr., R. M. **Miss Elizabeth Austin Entertains.**

Saturday evening at six o'clock Miss Elizabeth Austin was hostess at her birthday dinner. Both living and dining rooms were artistically decorated with hearts and cupids, carrying out the color scheme of red and white. The place cards were dainty valentines. During the meal, toasts were given for the future happiness of the hostess.

After dinner, rooms were arranged for dancing and cards. At 9 o'clock other guests began to arrive. The evening was filled with delightful entertainment and before they departed, the cake was cut. Miss Mary Wright was doomed to be the old maid, Mr. Marvin Sugg will be first to sail the sea of matrimony, and Mr. Luther Moore cut the dime. An ice course was then served. The guest departed at a late hour, wishing Miss Austin many more happy birthdays.

## EVANGELIST TELLS ABOUT HORRORS OF NOT SEEING HEAVEN

### Preached Wonderful Sermon on Subject, "In Sight of the Holy City"

The services all day yesterday were splendid. The message last night on the subject of "In Sight of the Holy City" was soul stirring the Bible text, I have caused thee to see it with thine eyes, but thou shalt not go over thither, God carried Moses up on Mt. Nebo and let him view the city of palms and see as far as the eye could reach. One disobedient act, kept him from reaching the promised land, and Oh, so many that have so many things keeping them out it is sad indeed. Only the soul that is washed in the blood of Jesus can see the eternal home by faith, men and women are not blinded to the extent that they can't read God's word and be saved. Then besides the word Jesus has sent his blessed spirit to trouble hearts that are lost and show them the awfulness of sin, numbers have almost been rich and had their hands right on the fortune and lost it. It will be awful for men and women to almost reach heaven and then miss it. Neglect will cause thousands to miss the place called heaven, the beautiful home of the soul, we men traveling once and passed through Norfolk, Va., and were to leave on a boat that night for Cape Charles but to our great surprise the gate was closed in our face along with numbers that couldn't get on the boat. It was full and sailors and soldiers hanging off and the captain said if another one got on it might sink the boat. We were delayed twelve hours we learned a great lesson. If the life boat is delayed throughout eternity for some that are playing with their souls what an awful thing. God wants you saved, lost souls come without delay. The call was made one came for prayer.

Hear the subject tonight. Ten o'clock Tuesday morning prayer meeting at the Hanes garage. Tuesday afternoon 3 o'clock. Mrs. A. L. Richardson 1304 Evans St., Mrs. Z. V. Murphrey, Dickinson Avenue.

### INMATES OF INSANE ASYLUM TERRIFIED BY EXPLOSION

(Continued from page 1)  
Inmate in ward 43, in which all the fatalities occurred. His calm heroic work, and that of James Hill, attendant in charge, and Patrick B. Ligan, of Hartford, Conn., George A. De Emo and George Freiss, the three attendants, who were burned to death prevented a far greater loss of life.

Part of the attendants brought those and fought back the flames, while the others, directed by Hill, ran up and down the 200 feet top floor corridor, rousing the patients with the cool order:  
"All up for breakfast."

As fast as the maniacs—declared Supt. Marcus B. Heyman to have been the most dangerous on the island—could be marshalled from their rooms, they were marched in orderly procession to the fire proof dining hall, far from the scene of the fire. Seventy of the 92 inmates in ward 43 had been lost or carried to safety when a huge water tank in the blazing attic crashed through the ceiling completely blocking the corridor that led to safety, and filling the hall with flames and smoke. City firemen, fighting their way past the blazing barrier, brought out several struggling, screaming maniacs, and several who had been overcome by smoke while dressing for the "breakfast." Most of the dead were found in the rooms and corridor beyond the fallen tank. Several were believed to have been buried beneath the debris when the floor gave way.

Seventeen bodies of inmates and one believed to be that of an attendant, had been recovered tonight. In addition, a few charred bones had been found, which were believed to be all that was left of some of those unaccounted for.

Ward's Island, a dot of land in the East river just opposite East 110th street, and just above its famous sister, Blackwell's Island, has a tiny fire department of its own. But the ferry

boats which ply to and from it are too small to bear heavy equipment from the efficient Manhattan force. Many forces forsaking its engines, towers, hook-ladder trucks, and hose wagons, went to the fray with no equipment but a few lines of hose which could be transported on the tiny ferry. Fire boats which responded to the alarm, had to lay hose lines nearly a half mile long before they could pump water on the fire. But despite their handicaps, the city force and the land force succeeded in confining the fire to the two upper floors of the west wing, when hospital officials were fearing the whole main building would go up in flames.
