SENATOR EVERETT'S ELECTROCUTION BILL KILLED YESTERDAY

Bill Was Presented by Pitt County Senator at Instance of Ficklen and Others

Raleigh, Feb. 28.—With Chairman Lindsay Warren announcing his purpose to oppose the measure on the floor, the House Judiciary Committee No. 1 yesterday ordered a favorable report on the Long bill permitting private corporations to sell their bonds at not to exceed eight per cent interest.

The bill, which was defeated by the Senate in its original form which prohibited corporations from pleading usury, was redrafted so as to apply only to bonds running for not less than two years and passed by the upper branch last Friday night. Saturday it got into some local bills in the House and was passed without the House knowing what it was voting upon and was ratified Monday.

Yesterday Senator Long was informed of this fact and immediately stated that he wished his bill to become law, but was unwilling to take advantage of the situation that had arisen. He at once introduced a bill repealing the law ratified Monday and after the repealing bill had been passed by both Houses, the bill as first passed by the Senate was reintroduced by Senator Long and again passed and sent to the House.

Following passage of the bill on its second reading in the Senate, Senator Long granted a request for a re-hearing and the matter was fought out before the Senate committee on Judiciary No. 2, the bill being again reported favorably but defeated on the floor.

Joseph Daniels, editor of the News and Observer, and other citizens appeared against the bill before the Senate committee, but the hearing yesterday was extremely brief. Senator Long merely stated that the present usury laws permit corporations to sell their bonds at less than par and his bill merely modernizes the law so as to meet changed business conditions and to enable industrial corporations to compete with government securities. The favorable report was then ordered and after the action had been taken, Judge J. Crawford Biggs, of Raleigh, addressed the committee in behalf of the bill at some length.

The committee yesterday cleared its calendar, reporting out a total of 35 bills, most of them of statewide scope, and several of which had been in the committee since early in the session.

Bill killed by the committee include the Vaughan bill to repeal the ten per cent limitation on crop liens; the Everett bill limiting attendance upon electrocutions; and the Ray bill repealing the Bellamy law requiring physical examination as a prerequisite to obtaining a marriage license. Bills reported favorably included the bill enlarging the law making it a misdemeanor for a person under 16 years of age to operate an automobile by extending the measure to owners of the cars, if they permit the same.

The Everett bill was originally introduced by Senator Everett at the instance of E. B. Ficklen, of Greenville, and other members of the board of the State Prison who fear that newspaper accounts of electrocutions will eventually cause a strong sentiment against capital punishment. The Senate struck out the main provision of the bill, which prohibited publication of deaths of electrocutions, but left a provision limiting attendance at such functions to twelve outsiders. Yesterday the House committee killed the entire proposition.

The Ray bill was one of the first introduced this session and was prompted by the fact that a large number of the people in the border counties of the State go to other states to be married because of the Bellamy law. It was abandoned by its author on account of overwhelming opposition.

Mr. Van Staton returned last night from Richmond where he spent several days with Mrs. Staton who is confined in a hospital of that city following operation.

PITT COUNTY POST AMERICAN LEGION INVITED TO WILSON

Robert B. Anderson Post to Give Luncheon in Honor of National Commander

The Adjutant of the Pitt County Post of the American Legion has received an invitation from the Robert B. Anderson Post at Wilson to attend the address and luncheon in honor of the National Commander Alvin Gwsley of Denton, Texas.

This is an opportunity that all ex-service men should take advantage of. It not only gives you an opportunity to see and hear the national commander of the American Legion but presents an opportunity to hear one of the best orators of the south today.

Commander Gwsley is a man well informed in matters of world wide interest as well as American Legion matter.

He is making stops in only four North Carolina cities these being Raleigh, Wilson, Wilmington and Fayetteville.

Commander Gwsley will make an address, which will be before the public at 11 o'clock in the Wilson Theatre Wednesday morning March 7th. At 12:30 a luncheon will be tendered him in the Cherry Hotel. The members of the Pitt County Post are invited to attend this luncheon but will be required to pay the sum of \$1.50 per plate for same.

It is hoped that as many as possible will attend this address and luncheon. If you plan on attending the luncheon please be sure and notify W.H. Rogers, Jr., Box 569 before Saturday night in order that the Wilson Legionnaires might prepared for you.

This is the only opportunity that Pitt County Legionnaires will have of hearing the national commander this year and it is urged that a large number attend.

Remember the address at 11:00 a. m. is public but the luncheon is for ex-service men and a charge of \$1.50 per plate is to be charged. Don't fail to notify the Adjutant before Saturday night as it will be, too late after this date.

It is hoped that the Pitt County delegation can go over in a body and show Wilson what we have and wake them up.

PITT COUNTY IS OFFERING PRIZES FOR PIED PIPER

Every Town Greatly Interested in Anti-Rat Campaign to be Staged Next Month

There has been such a great desire by every one to have all the rats in Pitt county exterminated that every community in Pitt is offering every inducement to help in getting this work done.

Bethel, Farmville, Ayden and Grifton are offering \$15 respectively and Grimesland is offering \$5. The prize given by the county will be for the highest number of rat and mouse tails over a hundred brought in by any individual school child in Pitt. In Winchester, Virginia one boy killed two hundred and fifty rats in one old granary that his father allowed him to tear down.

Who will be the "Pied Piper" in Pitt?

ONE MAN IS KILLED IN BUTCHERS' WAR

Chicago, Feb. 27.—William Kinsella, identified with Chicago labor organizations, was killed last night in what police described as a labor war between factions of the butchers' union. Kinsella was shot while at a meeting of the Hebrew Butchers. Police said more than fifty shots were fired. Paul Radin, a member of the Hebrew organization was wounded in the shoulder.

PRESIDENT HARDING EFFECTS A GREAT CABINET CHANGE

Work Named Secretary Interior and Senator New, Head of Postoffice Department

Washington, Feb. 27.—President Harding today effected the greatest change his cabinet has undergone since his administration began nearly two years ago by designating Dr. Hubert Work, of Colorado, now Postmaster General to be Secretary of the Interior, succeeding Albert B. Fall, of New Mexico, and Senator Harry S. New, of Indiana, to head the Postoffice Department in succession to Dr. Work.

The nominations of Dr. Work and Senator New were sent to the Senate and promptly confirmed, that of Senator New almost immediately in open session in accordance with the courtesy always extended sitting senators and that of Dr. Work late in the day it had been referred to committee in open session and reported back. The two will take up their new duties next Monday when the resignation of Secretary Fall announced several weeks ago becomes effective. Senator New retires from the senate with the adjournment of congress Sunday.

The selections made by the President were not unexpected as they were forecasted two weeks or more ago. The President upon receiving the resignation of Secretary Fall, who retires after two years in the cabinet to take care of his private business interests, tendered to Secretary Hoover the Interior portfolio but the Commerce secretary expressed a desire to continue at his present post in order to work out certain parts of the program of helpfulness to business that he has instituted.

The President it is understood then made up his mind to transfer Dr. Work who became Postmaster General last March 4th, after the retirement of Will H. Hayes of the Interior Department because of his often expressed desire to have a western man head of this department which deals so largely with western interests. Mr. Work furthermore is said to have impressed the President most favorably as an administrator since assuming the postoffice portfolio.

POULTRY MEETING TO BE HELD HERE THURSDAY 3 P. M.

Place for Meeting Changed From Rotary Building to Chamber Commerce Rooms

(Auspices Chamber of Commerce.) Those interested will note that a change has been made in the time and place of the Pitt County Poultry Association meeting for tomorrow. Instead of meeting at the Rotary Building at 12:30, it has been necessary to change the place to the Chamber of Commerce rooms for 3 o'clock in the afternoon.

The original program is expected to be carried out in the Chamber of Commerce rooms and a good attendance expected. Mr. Jno. T. Thorne of Farmville, in speaking of this meeting said: "These monthly meetings should prove of unusual interest and benefit to every man and woman in the county who is in any way interested in poultry. I am sure as they continue, they will be more largely attended."

MAYOR OF MERIDIAN DIED PASSENGER TRAIN TODAY

Meridian, Miss., Feb. 28.—Mayor John Parker died on a passenger train this morning. He was in good health when he started from the city this morning on a business trip. The cause of his death was supposed to have been due to heart failure.

WOMAN LAWYER 'SUBS' FOR DAUGHTERTY

Mrs. Mabel Williebrandt.

When Mrs. Mabel Williebrandt was named Assistant Attorney General of the United States, from California, there was keen resentment in the male personnel of the office, for she was the first woman named. This resentment vanished when she showed her tremendous ability. It was she upon whom Attorney General Daugherty called to write the famous opinion which ruled liquor off every ship entering an American port. Now, during the protracted illness of the Attorney General, she is practically running the department and is virtually Acting Attorney General.

MRS. MCADAMS WILL PREACH ON WICKED TONIGHT

Last Night's Service Proved Most Helpful and Inspiring to Large Crowd

The Bible text last night was taken from Job's writings and was just what the people needed. O, that one might plead for a man with God, as a man pleadeth for his neighbor. When a few years are come then I shall go the way whence I shall not return.

When we see the awful condition of sin and what it is doing for humanity, we need more people filled with the spirit of God, to plead the case of the sinner, with God. So many times we plead with the sinner to get right with God and we have failed to plead with God for the man or woman. Some times we go to an individual to say we have gone and get rid of the job and we go because some one has asked us, that we might plead with God for the lost and then go to them and let them see in our lives the love and spirit of Jesus. If we have a loved one in trouble, subject to the law of the country we plead for that one. We spend the last cent we have to keep them out of jail and if we would do as much for their souls a great revival would soon break out in Greenville. I remember last year in Beaufort, I received a call to go to the jail and pray for a business man, I had worked with about four years ago. I was in Morehead City closing out a revival and a man from Beaufort came up and said early tomorrow morning you are wanted at the Beaufort jail to pray for a certain man. Take as many christians as you can and I will take them on my boat free. So off we all went and in the jail found many heart-broken sinners. The mother-in-law, the mother, sisters and two little girls were there on their knees praying and pleading. "Oh, papa give your heart to God." But the sad fact was when we all went before the judge I was allowed to speak first, I didn't say much. But when the mother-in-law and the little girls stood and plead with the judge for the poor father it was so heart-breaking. The judge said "no, he has broken the law and he will pay the penalty." We must not wait too late to plead for souls, now is the time.

The call was made and one came for prayer. The subject tonight will be "The Wicked."

DR. CARROLL WILL DELIVER ADDRESS ON CITIZENSHIP

Will Speak Tomorrow Evening at 8 O'clock in the High School Auditorium

Dr. E. Delia Dixon Carroll will arrive in Greenville tomorrow and in the evening will speak in the High School auditorium on "Citizenship." Although Dr. Carroll comes to our city under the auspices of the Literary department of the Woman's Club, the speaking tomorrow evening will be for the public and every man and woman in the community is extended a most cordial invitation to hear this gifted speaker.

Dr. Carroll is well known throughout this and adjoining states and is considered one of the best posted women of our state on current topics. She possesses a wonderful personality and a great treat is in store for all who hear her.

FEDERAL RESERVE BOARD ENDORSES CO-OP. MARKETING

Washington, Feb. 28.—The Federal Reserve board in its annual report endorses the Co-operative marketing as one of the best methods of relieving the distress which has gripped agriculture the last two years. It urged the relaxation of banking laws and the government credit board declared that it had not been able to extend the measure of credit relief to farmers which they needed because of the ironclad restrictions of the Federal Reserve act. It also informed congress that the farmer suffered the greatest loss of all classes of the country's industrial structure and must have adequate share of credit possibilities.

London, Feb. 28.—DeValera narrowly escaped capture when the police raided his house where he was staying in Dublin. He jumped from a window and escaped capture.

FRENCH SAY THAT RAILROAD TRAFFIC IN RUHR NORMAL

Many Return to Work and Accidents and Outbreaks are Being Handled

Dusseldorf, Feb. 27.—Railroad traffic in the Ruhr, according to the French, is normal. There have been several accidents, however, and five men were injured through the derailing of a train near Capellan. The Rhenish telephone cables have been cut again and communication between Essen and Duisburg is interrupted.

One Belgian and two French news vendors were assaulted outside of Bochum and a French officer and interpreter in civilian clothes were attacked in a restaurant. Penalties will be imposed.

At Verhall 200 workers have asked for employment; it is declared that 8,000 men are idle at Hagen. The German authorities are still sending orders from the German government aimed at encouraging passive resistance. The French and Belgian authorities met here today to settle immediate questions relating to the railroads, customs, imports, exports and coal.

The inter-allied Rhineland commission, at Coblenz, has decided that sentence of imprisonment for not exceeding five years passed by the military tribunals may be carried out in the French, British and Belgian prisons.

SCOTLAND NECK CAGERS ARE EASY FOR LOCAL QUINT

Locals Second Team With the Aid of Gaskins and Brown Win From the Visitors.

The Greenville High School basketball team were again victorious last night by defeating the quint of the Scotland Neck school by a score 28 to 11.

With the exception of Gaskins, the entire team pitted against the visitors were members of the second string, and once or twice during the contest third string men were used. Before the game had proceeded very far Coach Duncan realized that he had underestimated the strength of Scotland Neck because they were scoring as often as Greenville, and when the first half ended the locals were standing just one point in the lead. With ten minutes to play in the second period and the score then being 12 and 9 in the home boys favor, Hardee was replaced at center by Zeno Brown who apparently put renewed pep in the Greenville lineup, and as a consequence the field goals began to come thick and fast until the locals were safely out of their opponents' reach.

Roughness featured throughout the game, and especially during the latter half. Forbes, the locals right guard was taken out because of four fouls being called against him, and two or three other plyers from both teams barely escaped the four foul route.

While some of the first squad have not recovered from bruises and other minor injuries sustained in last week's game with Washington, Coach Duncan is planning to make a short tour at the close of this week to two or three towns, including Raleigh, which club the locals are due a return date. The second team of the local school will have as their guests on Saturday night of this week, the first team of the Tarboro school. The price of admission will be 15 and 25 cents.

NOMINATION OF D. CRISSENGER ORDERED FAVORABLY REPORT

Washington, Feb. 28.—The nomination of D. Crissenger, governor of the Federal Reserve Board has been ordered favorably reported to Senate by the banking currency committee.

MAYOR CLARK WILL ASK FOR EXTENSION OF OUR CITY'S LIMITS

Will Also Advocate Amendments to Other Important Measures

Mayor D. M. Clark left yesterday afternoon for Raleigh, with a petition from the citizens of Greenville in an effort to get through the proposed legislation to amend the town charter to extend the corporate limits of the city, also a measure to grant to the mayor the power and authority of Recorder with jurisdiction extending to the corporate limits of the city and one mile beyond. He will also advocate the amendment introduced by Senator Mendenhall to amend the constitution of the state of North Carolina, relative to the disposition of penalties, forfeitures, and fines of mayor's and municipal courts.

The new city limits, if the petition is granted will be as follows: The town line will begin at the Southern bank of Tar river extending south along Rotary Avenue in a direct line to the Norfolk Southern railroad at a point of three hundred feet east of the center of the New Bern road. It will extend west along the southern boundary of the right-of-way of the Norfolk Southern railway to the east side of Watauga Avenue. Thence along Watauga Avenue, to Farmville road, thence direct north in a straight line to the intersection of Hudson and Fifth streets, thence north, parallel with Tyson street to the southern bank of Tar river, thence east along the southern bank of Tar river to the point of the beginning.

The second item included in the bill which Mayor Clark will propose will, if granted, give him authority and power to act as Recorder in the corporate limits of the city and one mile beyond. This will give him more territory over which to exert his influence.

The other measure which will be advocated, the amending introduced by Senator Mendenhall to amend the constitution of the State of North Carolina, relative to the disposition of penalties, forfeitures and fines of mayors and municipal courts, will if carried give the revenues from the mayor's court to the city to be used towards the maintenance of the city schools, instead of it going to the county board of education as heretofore.

VIRTUAL REIGN OF TERROR EXISTING IN BOCHUM

Berlin, Feb. 28.—A virtual reign of terror exists in Bochum, according to a word received from there. The population is bitterly resentful and serious out-breaks is expected. The French are said to be disarming German Green police in Bechlinghausen, Bochum.

Later reports said that the French were tearing the clothes from some of the German officers and horse whipping them. The trouble has been brewing since the French fired into the mob last week. The French are sending reinforcements.

No Police Court Today.

Mayor Clark being out of the city on business, cases calendared for hearing in police court this morning were continued until Saturday morning.

Justice is being weighed in the balance. Here's hoping that it will triumph in the taxation controversy. Justice to every man should be the motto of our government.

"When in doubt—table" which was taken as a slogan by the House yesterday can be applied to other things other than measures carried before the legislature. If people in every walk of life would be more careful of their words and actions when in doubt, this would be a better place in which to live and many people would be spared much suffering.

Now that Mr. Harding is seeing his pet, ship subsidy, sent to a slow, but sure death, his attention is turning to American participation in the international court of justice. That's right Mr. President, the water is fine. Join the League of Nations and help bring about world peace.

An appeal is being made for shoes for needy children throughout the country. This appeal should not go unheeded. There are numbers of children who deserve the very best, and yet conditions have made it such that they cannot have what many other children, even their neighbors, have. So many people have so much to spare and they can help a most worthy cause by giving to these children.

"To him that hath shall be given," seems to be the great idea of the Parker Amendment. Evidently he thinks that because men are already rich that the state should be so glad to have them that they would gladly give to them instead of taxing them.

Taxation, like the poor, is always with us. The Revolutionary War was caused over Taxation without representation. That was as far back as 1776. Now in 1923 we are still arguing over taxation. The only solution to the problem is justice and equality. Equal privileges should be the birthright of every man.

Reports that Germany is anxious to negotiate a settlement of the reparations issue does not seem to be received with much faith by Premier Poincare. He has heard of Germany's tactics before and is so well versed in them that he declares most emphatically that Germany must come out in the open and talk plainly and directly. It is a settled fact that France will hold her own (with Germany) places her cards on the table.

BOARD OF EDUCATION

The Pitt County Board of Education which is composed of three members, has been doing a splendid work, and the schools of the county have made wonderful progress under their administration. In fact, the work has increased to the extent that they petitioned the Legislature to increase the number from three to five members. The request was complied with and the bill has passed the House. It is not known who the new members will be, but they will be men who are thoroughly efficient and capable of looking after the interest of the students. This county can boast of

GENEROUS APPROPRIATION

The best always comes last. The appropriations, both for permanent improvements and maintenance for the Eastern Carolina Teachers College, will be received with the greatest of appreciation by the college and its friends. The money comes at a time when it is needed and Greenville joins with the trustees of the school, in thanking the Legislature for its most generous appropriation.

Three New Spring Styles Arrived Yesterday

This attractive style is shown in black satin, Junior Louis heel, trimmed in black kid. It's a beauty.

One of the prettiest shoe styles shown this Spring is this brown kid cuban heel tie, build over a combination last. It is constructed especially for comfort, as well as good looks. It is beauty number two.

This men's brown calf-skin with medium wide toe as illustrated in cut shown here. It fits every part of the foot. It is a Johnson and Murphy shoe which assures quality and lasting satisfaction.

THRILLING ESCAPE OF TRAIN'S PASSENGERS
Orange, Mass., Feb. 27.—Passengers on a Boston and Maine railroad train had a thrilling experience and remarkable escape from serious injury today when two of the three coaches jumped the rails, plunged down a fifteen-foot embankment and slid out on the thick ice of Miller's River. The ice-supported the cars and the passengers scrambled to safety. Four of the train crew were slightly hurt. Spreading rails caused the accident, officials said.

JAIL FOR AGED MAN WHO STOLE TO EAT

(By International News.)
 Kansas City, Kan.—After having lived "straight" for more than four score years, Nelson Brady, octogenarian, stood before a bar of justice here recently, charged with a "minor" offense, for which the court ruled he must serve six months in jail.

Brady was a pathetic figure when he appeared before Judge George West, of the local police court. The aged offender, faying nervously with a battered, weather-beaten hat, pleaded guilty to the theft of nine chickens.

The aged man informed the court in hushed tones that hunger had forced him to adopt drastic methods for getting food.

His First Offense.
 "Judge," said Brady between sobs, "I have never been in this sort of trouble before. For some time I've been ill. I lost my only living relative, a brother, a short time ago. Some very kind people took me in and cared for me upon learning of my illness. My only food was milk and when their cow went dry—well, I couldn't force myself to ask them for money to purchase milk, so when I saw the chickens I stole them, thinking perhaps I could sell them and buy milk with the money."

After Judge West had pronounced his sentence Brady, with bowed head, was led from the courtroom. The usually phlegmatic court attaches were seemingly as much perturbed over the aged man's sentence as he was. Several were seen to dab at their eyes and rub their noses viciously with handkerchiefs occasionally during Brady's hearing.

Caught Stealing.
 Brady was caught in the act of loading chickens into a ramshackle old horse-drawn wagon which was "parked" in an alley at the rear of the home of O. Q. Claflin, United States Commissioner, arresting officers declared.

It was learned that the prisoner had eked out a meager existence up until a short time ago by truck gardening for a wealthy family.

Numerous petitions asking that the court extend clemency to Brady flooded Judge West's mail for several days after Brady was sentenced. A large number of the petitioners offered to provide a home for Brady, provided for the rest of his days.

MIDDLE CLASS HARDEST HIT BY MARK'S DECLINE

By KARL M. ELISH,
 International News Service Staff Correspondent.

Berlin, Feb.—The chief sufferer from the tremendous increase in the cost of living that has occurred in the last four years have been the middle-class people with fixed incomes. As prices advance they have been slowly but surely driven to the wall.

An elderly maiden lady of Hanover however, who inherited not only a modest competence but her father's business ability, has beaten the hordes so far by utilizing her last remaining piece of jewelry—a diamond and pearl necklace.

Finding herself at the end of her resources about a year and a half ago, she pawned the necklace for 30,000 marks. Three months later she borrowed 30,000 marks from a banker, redeemed the pledge and promptly pawned it again for 110,000 marks, repaid the bank loan and still had enough to live on for another six months, whereupon she borrowed 110,000 marks, got her necklace out of pawn and thereupon pawned it for 1,500,000 marks.

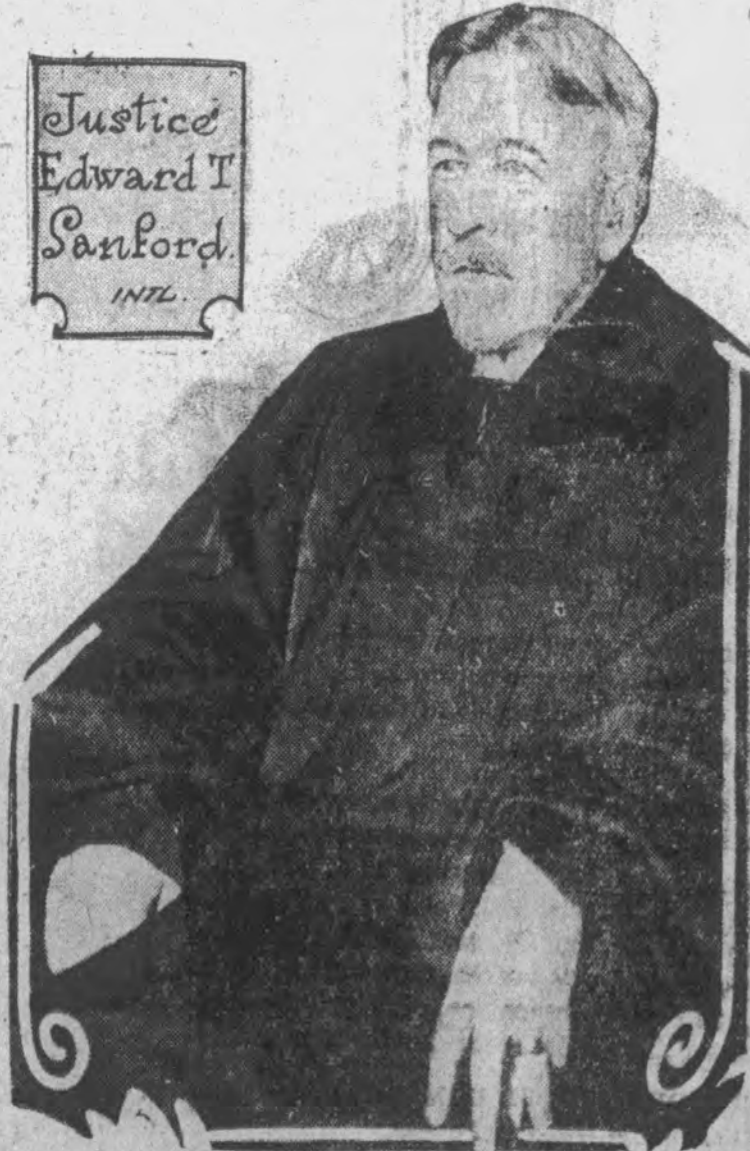

The explanation for this feat of financial wizardry is that the mark in the last year and a half has depreciated at a perfectly furious rate, with a corresponding increase in "money values." The elderly maiden lady only took a leaf out of the book of the speculators in foreign exchange who, confident that the mark will fall, secure bank loans buying dollars with the proceeds. Three months later, when the loan falls due, they sell enough dollars to repay the loan and still have a handsome profit left. It may have cost them 5,000 marks to buy a dollar, but when the loan falls due they can buy perhaps 8,000 marks with that dollar.

In the event that the court saw fit to be lenient with him, Judge West stated.

After serving ten days of his half year sentence Brady was paroled by Judge West with a warning. New found friends of the aged man promised to see that he was abundantly provided for for the rest of his days.

PUBLIC LINKS GOLF MATCH JUNE 26-29

(By International News.)
Washington Feb.—Public links golf players here are all set for the National Public Links Tournament, which the United States Golf Association has dated for June 26-29, at the East Potomac Golf Course here. Nearly three hundred players are expected to come for the event from all sections of the country.
The East Potomac Park Course has ready a big blue-and-white pennant, which will be presented to the public links course whose player can win the big event. This pennant will be flown here for the first time when the course is opened.

Lieutenant-Colonel C. O. Sherrill, in charge of the department of public buildings and grounds, has directed a lot of work this winter on the course where the public links championship will be decided. The new nine holes will be ready for the tournament when the championship pennant will be run up on the big sixty-foot flagpole, beneath the Stars and Stripes. The big American flag was raised last fall by Colonel Henry May and Major Edward Riggs, who organized the first golf in the District of Columbia more than thirty years ago. The flag was raised in honor of the awarding of the national tournament to the course.

Golfers who participated in last year's tournament at Toledo say Albach, of Boston, and Eddie Held, of St. Louis, are both out of the tournament next June one having joined a private club and the other having turned professional. As they fare both golfers of the first class their being out makes the picking of a winner the most open sort of a proposition. Play on the only golf course in the world, "while you can almost make the Lincoln Memorial or the Washington Monument in two" will be begun in March.
